

# KENDRICK GAZETTE

VOLUME XXXV

KENDRICK, LATAH COUNTY, IDAHO, FRIDAY, AUGUST 14, 1936

NO. 33

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Washington.—A report indicating that more needy unemployed were receiving help from the federal, state and local governments in March this year than in March, 1935, was made public by the works progress administration. The WPA estimated that 1,930,000 families and single persons—in addition to the 3,751,000 who had federal work relief jobs last March—were on direct relief in that month. The combined total is 5,681,000 cases, while previous FERA reports showed 5,463,690 received relief of some kind in March, 1935. The nearly 2,000,000 families and single persons on direct relief were largely being handled by states and local committees this year, whereas a year ago they were under the FERA program. The WPA report said employment by all work relief agencies declined to 3,303,599 on June 27, 1936, this figure including 2,255,989 WPA jobs.

St. Louis.—In its battered instruments and retracted landing gear, investigators sought the cause of the crash which killed all eight persons aboard Chicago and Southern's airliner, "The City of Memphis." Why Pilot Carl Zier turned and started back for Lambert-St. Louis municipal airport within a few minutes after he had taken off for Chicago, was a mystery the investigators hoped to dispel. Declining to speculate, bureau of air commerce inspectors studied the wreckage and considered the stories of several eye witnesses. From Pilot James Benedict, who brought the plane to St. Louis from New Orleans, they learned it was in perfect mechanical order when he landed.

San Francisco.—Alvin Karpis, last of the so-called "big shot" kidnapers to go through the government's new crime-smashing machine, was put away in Alcatraz prison last week with two of his pals and 17 other federal convicts. An iron-barred railway coach brought the 20 convicts into Oakland after a three-day journey from Leavenworth penitentiary in Kansas. Armed guards surrounded the prisoners. A waiting launch took them to the grim rock in San Francisco bay which offers no hope of escape.

Seattle.—Rep. Marion A. Zioncheck (D-Wash.), Seattle's playboy congressman, fell hatless and coatless to his death last Friday night from a fifth-story window of his campaign headquarters in the Arctic building here. Coroner Otto H. Mittelstadt said "all indications pointed to Zioncheck's death being suicide." The congressman's body struck the pavement a few feet from where his bride, the former Rubye Louise Nix of Texarkana, Tex., was waiting in an automobile for her husband to come from the office. She became hysterical, collapsed and was taken to a hospital. Zioncheck had announced his withdrawal from the congressional race Saturday and on Tuesday had filed his declaration of candidacy for nomination on the democratic ticket. He said he had decided to run only after his mother said she wanted him to prove to the people that he was "neither crazy nor foolish."

Washington.—An official forecast that this year's domestic corn crop will be the smallest in 50 years was coupled with a prediction that much livestock will have to be marketed and grain rations reduced for stock kept over the winter. Based on August 1 conditions, the prospective 1936 corn harvest was estimated at 1,439,135,000 bushels by the crop reporting board of the department of agriculture. The July 1 estimate—before the drought took its heaviest toll—was 2,244,834,000 bushels. The 1935 production was 2,291,629,000. "Irrespective of weather conditions during the remainder of the season," the board reported, "there will be a shortage of grain that will necessitate rather heavy marketing of grain-consuming livestock and a reduction in the grain rations of livestock wintered."

Chicago.—A pork shortage in the United States is threatened as western farmers hold their corn for fancy drought prices. Hogs have been hurried to market in "much larger numbers than usual for the last month, shippers reported, and higher prices this winter or next year foreseen as a result. "There is no longer any question that drought damage to the corn crop will be very severe," J. Edward Wynne, one of the leading provisions specialists on the board of trade, explained. "Confident that prices will rise to fancy heights (September futures were quoted at \$1.07½ a bushel on Saturday) the farmers are holding back their corn to sell rather than use it as feed. They know they will get a good price without running feeding risks." Pork prices were firm, Wynne continued, and in the rush to cash in on the drought from both ends, hog growers were getting rid of sows which had not been farrowed. The specialist said this trend would create a pig shortage next year similar to the one the new deal's crop control program brought in 1935. Five million pigs were killed then. Wynne asserted he "don't see how you can stop" a rise in prices of not only pork but beef and lamb, although it might not come for "6, 7 or 8 months." He pointed out that Uncle Sam was already importing hams from Poland and beef from the Argentine.

Spent Week-End Camping  
Mr. and Mrs. Harold Thomas and family and G. W. Phillips of Lewiston spent the week-end camping at the Weitas meadows. Harold said the fishing would have been all right had there been any time to drop a hook, but that by the place he had walked several miles between "places" he found a brand-new sign—"This stream is closed."

## Bowlings Have Fire

A mysterious fire broke out in the home of Mr. and Mrs. Paul Bowling last Thursday night about 12 o'clock. R. L. Blewett, who lives nearby, had just arrived home from butchering and noticed a rather bright light and within a few minutes discovered that there was something wrong and upon investigation it was disclosed that an unused bed was on fire. Mr. and Mrs. Bowling were aroused and the fire was soon under control, but a mattress, bedding and several dresses that were on the bed were burned, as was a good leather jacket. The cause of the fire is unknown.

## COMMERCIAL CLUB HOLDS REGULAR MONTHLY MEET

The Kendrick Commercial club held their regular monthly meeting in the basement of the Community church Monday night, dinner being served by Mrs. Paul Lind, assisted by Mrs. Edgar Long, at 6:30.

After the reading of the minutes of the previous meeting a communication from Gov. C. Ben Ross was read regarding the state furnishing more money for the completion of the Cedar creek road, stating that he would use his influence to that end—and we sincerely hope his influence has not dimmed.

In this same connection N. E. Walker, chairman of the Highway committee, made a statement bearing out the foregoing, stating that the program could be finished as the officials at Coeur d'Alene were very much in favor of completing the project and that they would use their best efforts to that end. They thought they could guarantee some \$8,000 additional for the buying of supplies, but that insofar as salaries were concerned, the promise was vague. However, he stated that on the Cedar Creek highway everything is going forward in good shape, although at times their hours of work get somewhat jumbled.

Report was also made that the grading of the Arrow link of the Arrow-Deary highway had been finished and that later a gravel surface will be spread. It is understood the contractors have until November 15 to finish the surfacing.

The Wauncher gulch road is going forward as fast as possible—and the people of the upper Potlatch ridge will be mighty glad when this is finished.

Marvin Long reported that 100 Chinese pheasants had been released in this section and that in all probability there would be more later.

Supt. James M. Lyle stated that it is only four weeks from last Monday until school will again be in session. There have been several improvements made at the school house and it is expected that everything will be in tip-top shape for the opening.

There will be a meeting of the Executive committee of the Commercial club next Monday evening to complete arrangements for some sort of celebration this fall—mostly, of course, to celebrate the fact that the road program for this section has been brought to fruition.

Robt. Lightfield, from Cottonwood, now employed as assistant in the Farmers Bank, was introduced and made a few appropriate remarks.

There were 19 in attendance at the meeting, but there should have been many more. It is impossible to keep a live commercial club unless the business men of the town are interested—and if it hadn't been for our small, but live, commercial club, there would have been many things left undone that have been accomplished for the town and community as a whole. We urge, therefore, every man who is a resident of the town to take more interest in what is being done—not only for the good of the town and country as a whole, but for the individual who reaps much benefit from the accomplishments of this organization.

The Commercial club is under obligations to the Community church for the use of that edifice as a meeting place.

Wheat Yielding Good

A round of the warehouses indicates that there is a splendid wheat crop being delivered at the local warehouses and at the Farmers Union warehouse at Juliaetta. While no names were obtained as to spectacular yields, warehousemen estimated that the crop will average from 35 to 45 bushels per acre, with some as high as 55 and one small field of four acres yielded 60 bushels per acre, on 240 bushels for the small patch. Trucks are lined up at both warehouses in Kendrick all day and until late at night in many instances.

Herb Millard, manager of the Farmers Union Warehouse at Juliaetta said he knew of one instance in particular where the wheat had yielded 55 bushels per acre for a large field and that the grade was No. 1.

## Return From Trip To Coast

A party made up of Mrs. L. J. Herres and daughter Miss Eleanor, Miss Rilla Davidson and Mrs. Georgia Rowe, now residing at Great Falls, Montana, returned to Kendrick Monday evening from a few days' trip to Portland, Oregon and Yakima, Wash. They first went to Portland, where they spent a day or two, then crossing to the Washington side, drove to Yakima, where they visited a brother of Mrs. Herres, R. C. Kirby, and family, whom many residents of Kendrick know, as they were former residents here.

The women report a splendid time, stating that they did not have to be bothered with a man hanging around, always wanting to do something they didn't care about.

## HOW KENDRICK PRECINCT VOTED TUESDAY PRIMARY

The following tabulation shows how Kendrick precinct voted in Tuesday's primary election. Walter Driscoll, for county commissioner in the third district (unopposed democratic candidate) received the largest number of votes on that ticket (57), while Walter Q. Taylor, for assessor, on the republican ticket, was high man with 51 votes.

As will be noted, Borah lead Ross for the U. S. Senate by only three votes. The entire vote, as tabulated, is as follows:

Democratic Ticket	
For United States Senator:	
C. Ben Ross	46
John A. Carver	8
For Rep. in Congress, First District:	
Compton I. White	51
For Governor:	
Gainford P. Mix	20
W. P. Whitaker	18
Asher B. Wilson	1
Bazilla W. Clark	1
Franklin Girard	1
Frank Martin	2
George A. Meffan	3
Bert Miller	21
For Lieutenant Governor:	
Charles C. Gossett	12
Lorenzo Jensen	1
Perry W. Mitchell	21
Geo. F. Rudd	6
Harry W. Barry	20
For Secretary of State:	
Frank H. Lafrenz	5
Wm. Lemon	13
Ira H. Masters	9
Lewis Williams	19
Virgil C. Goodwin	10
For State Auditor:	
Calvin E. Wright	17
Harry C. Parsons	38
For State Treasurer:	
Ruth Moon	17
Myrtle P. Enking	40
For Attorney General:	
Paris Martin	18
Andrew G. Sathre	3
J. W. Taylor	29
Leo M. Bresnahan	3
For Supt. of Public Instruction:	
John W. Condie	49
For State Mine Inspector:	
Arthur Campbell	35
Philip Ryan	23
For State Senator:	
C. H. Friend	53
For State Representatives (two):	
Walter P. Kleweno	17
R. W. Morris	26
William Smith	31
John Hordemann	3
County Commissioner (First Dist.):	
James H. Blane	23
Walter A. Ficus	34
County Commissioner (Sec. Dist.):	
E. E. Snow	50
County Commissioner (Third Dist.):	
Walter Driscoll	57
Prosecuting Attorney:	
J. H. Felton	19
For Sheriff:	
Carl J. Berry	42
County Treasurer, Tax Collector:	
Annie Ozland	18
For Probate Judge:	
E. L. Kuykendall	21
L. G. Peterson	2
County Supt. of Public Instruction:	
David Ross	49
For County Assessor:	
Elwood L. Pearson	43
Fred J. Leonard	13
For Coroner:	
J. Arvid Anderson	40
For Justices of the Peace (Two):	
E. L. Kuykendall	56
For Constable:	
Emulus R. Brown	51
Precinct Committeeman:	
M. O. Raby	24
J. F. Brown	46
Republican Party	
United States Senator:	
William E. Borah	49
Byron Defenbach	5
Rep. in Congress (First Dist.):	
Rex T. Henson	13
John S. Heckathorn	26
For Governor:	
L. V. Patch	10
Frank L. Stephan	32
Tamerlane B. Chapman	2
For Lieutenant Governor:	
R. H. Young	22
Lloyd A. Fenn	15
For Secretary of State:	
R. E. Thomas	39
For State Auditor:	
P. C. Winter	36
For State Treasurer:	
Thomas F. Rodgers	22
James W. Keating	14
For Attorney General:	
Grant W. Soule	25
Tom Feeney	18
For Supt. of Public Instruction:	
E. S. Suenkel	19
Charles Wesley Tenny	19
For State Senator:	
Ben E. Bush	39
For State Representatives (Two):	
Milburn Kenworthy	23
A. P. Lewis	27
County Commissioner (First Dist.):	
Victor T. Morris	20
E. W. Travis	6
Henry L. Hanson	13
County Commissioner (Sec. Dist.):	
Rudolph E. Nordby	42
County Commissioner (Third Dist.):	
N. E. Walker	45
For Prosecuting Attorney:	
Murray Estes	44
For Sheriff:	
Charlie Summerfield	47
County Treasurer and Tax Collector:	
Leola R. King	44
For Probate Judge:	
L. G. Peterson	50
For County Assessor:	
Walter Q. Taylor	51
For Coroner:	
H. R. Short	41
For Precinct Committeeman:	
Roy Ramey	9
N. E. Walker	2

(Continued on Inside)

## FOUR WALLA WALLANS DIE—HAD BEEN DRINKING

Death was following when five Walla Walla men left there Saturday evening bound for a fishing trip in the vicinity of Troy, Ore. in the Umatilla national forest and overtook the party about a mile and a half southeast of the Saddle springs guard station on a winding mountain road approximately 45 miles from Lewiston and revealed four bodies sprawled in grotesque array along a rock-studded, precipitous slope when the accident was discovered Sunday about noon, said the Lewiston Tribune. The fifth member of the party, Lester Harmon, 19, son of Charles Harmon, one of the victims, miraculously escaped the fate which overtook the others.

The dead, all residents of Walla Walla, are: Charles Harmon, 50; W. H. Berry, 60; John Milton, 35; Pierre Dube, 41.

Charles Harmon, whose parents were early pioneer farmers of the Walla Walla section, was superintendent of the state game farm at the Walla Walla penitentiary and some years ago was a star outfielder of the Walla Walla ball club.

A wrist watch on the rigid arm of John Milton, owner of the car, had stopped at 6:53, believed to have been the time of the accident Saturday evening. Milton's lifeless body was found draped over a log about 150 feet below the spot where the heavy, high-powered car in which the men were riding left the road. Nearby, a half-empty whiskey bottle, without so much as a scratch on the label, completed the gruesome picture. Fifty feet above, the body of Berry was halted by a protruding log, his head horribly bruised. A short distance below the body of Milton was that of Harmon. The fourth victim was discovered about 150 feet below what remained of the ill-fated automobile which had lodged about 200 yards down the canyon.

Harmon was not certain what had caused the accident or who had been driving at the time. He said they had been drinking. The driver of the car had discovered, apparently too late, the curve in the road and had skidded the rear tires about 30 feet from the spot where the machine plunged downward.

Officials who investigated the accident assumed that Harmon had probably leaped clear of the car just before it went over and had rolled almost to it when he attempted to find his way out. He was suffering from a bruised back and arms and had a severe cut over his left eye. Dr. McElvain said that a preliminary investigation did not show a skull fracture or any broken bones and that barring internal injuries, the youth would probably recover. He was taken to Pomeroy for treatment and then to Walla Walla.

## F. B. Robinson Faces Deportation

Moscow.—The arrest of Frank B. Robinson of Moscow, July 19, on a deportation warrant was revealed by the Spokesman-Review Sunday morning, together with the fact that Robinson has been ordered to appear before United States immigration officers for a private hearing on Thursday, August 13.

Robinson, founder of "Phychiana" and publisher of the News-Review, was arrested in Spokane by Immigration Officer Frank S. Mooney. He was charged with violation of the United States immigration laws and released on \$2,000 bond. The hearing Thursday will be before Immigration Inspector S. H. Stewart, in the Columbia building, at Spokane.

He is at liberty on \$2,000 bond. Robinson was taken to Spokane, it was said, by his attorneys, A. L. Morgan of Moscow and Edward Robertson of Spokane, who knew the charge was pending.

Immigration officers said the charge had no connection with his federal jury trial here in May for allegedly falsifying statements to obtain a passport. He was acquitted by the jury on this charge.

## 1936 Idaho Wool Clip

The Idaho wool clip for 1936 is estimated at 17,000,000 pounds. This compares with the 1935 clip of 18,567,000 pounds and the 1934 clip of 18,445,000 pounds.

According to preliminary estimates the number of sheep shorn was about three percent smaller than last year. The average weight per fleece was also lighter than last year, being indicated to be about 8.8 pounds per fleece, compared with the 1935 average of 9.0 pounds.

## Archie May Has Good Crop

In a talk with Archie May Tuesday evening he let it slip that he had had a very fair crop of wheat himself, he having threshed 3410 sacks from 180 acres, making in the neighborhood of 44 bushels per acre. The wheat graded No. 1 and was almost smutless. All of which goes to show that there are a lot worse places to live and farm than the Potlatch section.

## Helped Celebrate Birthday

Mr. and Mrs. Wade Keene and Miss Maxine, Mr. and Mrs. F. H. Rider and Miss Allene and Mr. and Mrs. Jones and family took a pick-up supper and went to the home of Mr. and Mrs. Thorvald Nelson Sunday evening to help Mr. Nelson celebrate his birthday anniversary.

## Is Improving

Mrs. J. B. Helpman, who has been confined to her bed for the past two weeks, is slowly improving.

## Visitors From Montana

Mrs. Frank Reeder and Mrs. Maude Russell and daughter, from northeast Montana, visited at the G. A. Wayland home on Little Bear ridge from Thursday of last week until Monday. C. A. Squire of Pierce was also a week-end visitor at the Wayland home. Mrs. Reeder and Mr. Squire are brother and sister of Mrs. Wayland.

Alonso Squire, who is working in the blitzer rust near Clarkia came out Tuesday for a visit with his sister, Mrs. Reeder, but she had returned home before his arrival.

## JEFFERSONIAN DEMOS AFTER ROOSEVELT SCALP

St. Louis.—The national Jeffersonian Democrats will set up headquarters here this week and thereafter will wage a vigorous nation-wide campaign to defeat President Roosevelt and the "New Deal."

Former Gov. Alfred E. Smith may speak under the auspices of the new organization of determined Democrats at a great mass meeting to be held in the Boston Arena, scene of the most dramatic ovations accorded Smith.

Former United States Senator Jas. A. Reed and Bainbridge Colby, two of the foremost orators in the American political arena, have signified their willingness to join with Smith in the historic New England battleground.

Commanded by Reed, who was elected president of the National Jeffersonian Democrats at the momentous Detroit convocation, the organization will immediately be extended along national lines under the immediate direction of Sterling E. Edmunds of St. Louis.

Edmunds was unanimously elected secretary at the Detroit meeting. The fifty important Democrats from 22 states who called upon "sincere and loyal democrats" everywhere to unite with them in the campaign to wrest the traditional Democratic Party "from the blend of Socialism and Communism" allegedly prevailing at Washington under the New Deal, were constituted the temporary national committee of the new organization.

State organizations will be effected at once and each state will elect two national committeemen to serve upon the permanent central organization. Each state organization will be free to adopt the course best suited to local conditions in the campaign against Roosevelt and the "New Deal." Several of the state organizations will probably make forthright declarations for Governor Landon, as was done by more than a majority of the Detroit conferees as individuals.

## HOLC Loans In Laath County

Residents of Latah County received a total of \$133,185 from the Home Owners' Loan Corporation during the three-year period of refinancing operations which terminated June 13, 1936, according to the final figures furnished W. T. Lockwood, state director for the National Emergency council. This sum represented 83 individual loans.

A total of 4,692 distressed home owners in Idaho were extended aid in the sum of \$8,183,627. Of this money it is estimated that \$845,000 went toward payment of taxes and assessments, the estimated average of tax and assessments payments per loan in Idaho being \$180.

According to the 1930 United States census reports there were 32,095 owned non-farms in Idaho. The Home Owners' Loan corporation refinanced mortgages on 14.6 per cent of this number. The census reports 1,348 number of non-farm home owners in Latah county, 6.2 per cent of which obtained HOLC loans.

More than 98 per cent of all money involved went to the refinancing of distressed homes by means of long-term replacement mortgages, which are to be amortized fully over the term of the loan in small monthly payments. The balance of the money advanced went for the restoration and conditioning of properties.

It is estimated that \$228,453,000 of the Home Owners' Loan corporation advances went to the tax offices of the nation, with the national average tax payment per loan being \$224.

## Should Buy Small Quantities

During the present summer, with the increased interest in weed eradication work, a number of new chemicals have appeared on the market, highly advertised as to their efficiency for weed killing purposes. The Idaho Experiment station and extension division are giving each of these chemicals a fair trial in their experimental plots and to date cannot recommend them as efficient eradication materials.

Farmers who plan to use any weed killer other than chlorates and carbon bisulphide, the two which are recommended by the experiment station, should purchase only a small amount and apply it in an experimental way. Many of these new chemicals produce kills on weeds and top growth but will not kill the deep-rooted perennial plants. It is always a good practice to thoroughly test these highly advertised weed killers before investing any large sum of money in them.

## Entertained At Dinner

Miss Selma Hartung had as dinner guests on Wednesday, Miss Selma Wegner and Miss Wilma Schultz. The latter is spending a few days visiting in the Hartung home.

## Parents of Daughter

Mr. and Mrs. Walter Sillow are the parents of a 7½-pound baby girl, born Saturday, Aug. 8. The little visitor has been named Marlene Joanne. All concerned are doing nicely.

## GRAIN MARKETS CONTINUE ADVANCE—DEMAND SLOW

Grain markets continued to advance during the week ending August 7, influenced principally by the poor prospects for spring wheat and corn, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Demand tended to slacken, however, at the higher levels and toward the close of the period prices lost some of their earlier gains. Further deterioration in the Canadian crop and unfavorable harvesting weather in some European countries, contributed strength to the wheat situation, but this was partly offset by favorable conditions in the southern hemisphere and offerings of new Argentine wheat for January shipment at prices well below current market values of old crop wheat from Canada and Australia. Corn was firm to higher in cash markets with a good inquiry for the smaller offerings, but new crop deliveries in futures markets declined slightly as scattered showers improved crops in some parts of the belt. Oats were firmer, with a broadened demand reflecting their relative cheapness. Barley was independently firm with both malting and feed types in active request.

Poor spring wheat prospects in North America and unfavorable harvesting weather in parts of Europe continued to be the outstanding features of the wheat situation. Private agencies forecast a domestic spring wheat crop from August 1, conditions, at only about 20,000,000 bushels over the 1934 harvest. Prospects in Canada are for the smallest harvest since 1919, with trade agencies placing the return at a slightly over 200,000,000 bushels. The drought and heat has caused premature ripening and reduced both the quantity and grade. Considerable threshing has already been done in the driest sections.

European crop conditions show but little change although further rains delayed harvesting in western Europe and lowered the quality of the grain. In southern Europe, harvesting is nearing completion, but in northern parts of France and in Germany, harvesting has been interrupted by wet weather. High temperatures have reduced corn crop prospects in Russia and trade advices indicate little or no wheat for export this season.

Domestic cash wheat markets were strengthened along with futures, but were also influenced by a continued active inquiry for the reduced marketings of winter wheat and relatively light receipts of spring wheat. Arrivals at the principal winter wheat markets dropped to 4,769 cars compared with 6,565 cars last week and 7,074 cars a year ago.

Premiums on hard winter wheat were advanced about 2c per bushel at Chicago, with a good inquiry from shippers and outside mills. No. 2 hard winter was quoted in that market at \$1.19 to \$1.22 and at St. Louis at \$1.20 per bushel. At the latter market, elevator interests were the main buyers, although good quality also moved to mills. Soft winter wheat moved readily at slightly higher prices with No. 2 quoted at St. Louis at \$1.18 to \$1.20, at Chicago at \$1.14 to \$1.17 and at Kansas City at \$1.14 to \$1.18 per bushel.

Marketings of spring wheat were relatively light with arrivals at Minneapolis totaling 1,587 cars and at Duluth 226 cars. Of the total inspections at Minneapolis, 380 cars were winter wheat and 63 cars durum. The protein is running high with an average of 15 per cent for the week. Test weight and type of wheat was a more important factor in cash premiums than protein.

Intermountain and Pacific Coast markets were slightly firmer but gains were less than in the central west. At Denver local mills were offering \$1.08½ for 15 per cent protein No. 1 hard winter and No. 2 northern spring FOB Colorado points. At Ogden, No. 2 soft white and No. 2 hard white were quoted at 91c and No. 2 hard winter and No. 2 northern spring at 96c per bushel, FOB Utah-Idaho common points. New crop shipments were nearing the peak of the season.

Marketings increased materially in the Pacific Northwest with a total of 1,061 cars received at Puget Sound and Columbia river terminals. Harvesting is progressing rapidly in eastern Washington and Oregon with the quality generally up to expectations. Milling inquiry was quite active, reflecting the improved flour business, particularly to southeastern areas. Sales under the indemnity plan also increased sharply, totaling around 68,000 barrels and bringing the total since July 1, to about 125,000 barrels. A feature of the market was reported export sales of around 1,000 tons to Liverpool. Some hard winter and soft white wheats were sold to California were light. At the close of the week hard white (Big Bend blastend or baart) was quoted at \$1.16½, soft white and western white at 97½c, hard winter at \$1.00½ and western red at 98c, with 12 per cent protein dark hard winter at \$1.11½ per bushel, all basis No. 1, sacked.

California markets strengthened materially influenced by an improved demand for both milling and feed wheats. Recent sharp advances in corn and barley prices have increased the utilization of feed wheat and industries in both central and southern California were purchasing heavily. Purchases of northwestern wheat remained light and receipts at San Francisco during June and July amounted to only 6,425 tons against 9,265 tons for the corresponding months last year.

# A Cordial Invitation to THE FARMERS of This District . . .

The business and professional interests of Kendrick extend a cordial invitation to the farmers of this District to make Kendrick their trading headquarters.

It is our earnest wish to serve you.

You will find in the stocks of your home town stores practically everything needed for the home and family. Prices here are as low as possible, consistent with good business.

Your best interests and ours are mutual --- let's pull together for a more prosperous Potlatch region. Buy it in Kendrick!

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

Evangelistic services at 8:00 p. m.  
Prayer meet, Wed. evening, 8 p. m.

**Is Improving**  
D. L. Tout, who recently underwent an operation for appendicitis at St. Joseph's hospital, Lewiston, is getting along nicely.

**PERSONALS**

Mr. and Mrs. Hugh Helpman and son Hugh of Lewiston were Sunday visitors at the J. B. Helpman home.  
Mrs. John Roos and daughter, Miss Caroline Roos, of Lewiston, were Kendrick callers Tuesday.  
Mr. and Mrs. W. B. Deobald and family were Lewiston callers Tuesday.  
Mr. and Mrs. J. H. Cairns and little son, and Mrs. Richle, were in Lewiston Tuesday.  
Mrs. Walter Thomas and children of Spokane came Monday to spend the week with Mrs. Lucy Thomas. Mr. Thomas plans to join them this week-end.  
Mrs. Philip Dresser spent the week-end in Lewiston visiting her father.  
May Tweedy of Los Angeles is here visiting her uncle and family, Mr. and Mrs. James Emmett.  
Barbara Jeanne Long went to Troy Tuesday to visit relatives.  
Mr. and Mrs. Arthur Dawald and children spent the week-end in Lewiston visiting relatives.  
Mr. and Mrs. Allan Sather and little son of Genesee spent Sunday here with Mr. and Mrs. W. B. Deobald and family.  
Mr. and Mrs. Arthur Dawald and children left Thursday morning for the coast, where they will spend a couple of weeks visiting Mr. Dawald's parents.  
Early Romans raised asparagus for food and medicine centuries before the birth of Christ.  
The first executive mansion was the home of Robert Morris in Philadelphia.

**Must Have More Food**  
"Need More Food," says a newspaper headline. Must have 3,000,000 acres of produce added by 1961, says J. W. Hay, railroad agricultural director of St. Paul, Minn.  
There is just one question we would like to ask the gentleman: "What is the use of bringing that

many additional acres under cultivation?" One third that amount would be plenty. It would save plowing under every third row—a heap of labor and much grain seed.  
Every politician knows that it is impossible to please everybody; what he seeks is the favor of a majority.

## Field Grain Insurance

Now is the time your field grain insurance should have attention.

Get in touch with us and we will immediately protect your growing crops against FIRE or HAIL at the lowest rates.

The Insurance Companies represented by us are the best, affording prompt and satisfactory settlements.

Crops are promising. You can't afford to risk loss by fire when you can get protection at such a small cost.

The cost of field grain insurance will be the same regardless of when it is written—so do not wait until your grain ripens—as you might have an unexpected loss.

Do not delay. See us NOW for any and all of your insurance problems.

**NOTICE!**

By order of the Board of Trustees of the Village of Kendrick, Latah County, Idaho, all water users who are in arrears with their water rentals are hereby notified that unless all back rentals are paid in full by August 28, 1936, water will be shut off until such back rentals are paid.

L. D. CROCKER,  
Clerk of Board of Trustees of the Village of Kendrick. 32-2

**ORDINANCE NO. 227**

Entitled an Ordinance to Repeal Ordinance No. 222 of the Village of Kendrick, Latah County, Idaho.

BE IT ORDAINED by the Board of Trustees of the Village of Kendrick, Latah County, Idaho, Section No. 1. That Ordinance No. 222 entitled an Ordinance to provide the license fee for selling alcoholic beverages, and defining an intoxicating liquor, is hereby repealed.

Section No. 2. This ordinance shall be in full force and effect from and after its passage, approval and publication.

E. A. DEOBALD, Chairman.  
Attest: L. D. CROCKER, Clerk.  
Read the first time Aug. 4, 1936.  
Read the second time Aug. 4, 1936.  
Read the third time and passed Aug. 4, 1936.  
Approved by the Chairman, Aug. 4, 1936. 32-3

**ORDINANCE NO. 228**

An Ordinance to provide the license fee for selling alcoholic beverages and defining intoxicating liquor.

BE IT ORDAINED by the Board of Trustees of the Village of Kendrick, Latah County, Idaho, Section No. 1. Any license covering the sale of liquors, shall be revoked whenever it appears that intoxicating liquors are kept for sale and disposal at the place of business of such licensee.

Section No. 2. The word intoxicating liquors as used in this ordinance shall be deemed and construed to include spirituous, vinous, malt and fermented liquors, and all mixtures and preparations thereof, including bitters, and other drinks that may be used as a beverage and produce intoxication, provided, however, that to bring such drinks used as a beverage within the meaning of this section that such beverage must contain more than 4% alcohol by weight.

Section No. 3. Licenses for the sale of such beverages in the Village of Kendrick, Latah County, Idaho, as defined under section No. 2, shall be Twenty-five Dollars (\$25.00) per year, beginning July 1st, and expiring June 30th of each year.

Section No. 4. That no beverage as defined under this ordinance shall be sold between the hours of 12:00 o'clock p. m. and 6:00 o'clock a. m.

Section No. 5. That the penalty upon conviction of violation thereof, under ordinance No. 228 of the Village of Kendrick, Latah County, Idaho, shall be Fifty Dollars (\$50.00).

Section No. 6. This ordinance shall be in full force and effect from and after its passage, approval, and publication.

E. A. DEOBALD, Chairman.  
Attest: L. D. CROCKER, Clerk.  
Read the first time Aug. 4, 1936.  
Read the second time Aug. 4, 1936.  
Read the third time and passed Aug. 4, 1936.  
Approved by the Chairman, Aug. 4, 1936. 32-3

Lutheran Service Well Attended

Rev. J. F. Swenson of Wisconsin, formerly pastor here, preached at the Lutheran church Sunday morning. Following this service a picnic dinner was served in Slind's grove. In the afternoon Rev. Arthur L. Swenson of Moscow spoke, and musical numbers were rendered by Rev. and Mrs. A. L. Swenson of Moscow, Mr. and Mrs. Fred Schmidt of Wisconsin and Henry Hanson of Avon.

Those attending from a distance were Mr. and Mrs. Thomas Westby, Potlatch; Mrs. H. Olson and Mrs. D. Ellison of Bovill; Mr. and Mrs. Rudolph Nordby, Pete Norli, Miss Helen Flamoe, Genesee; A. Arntzen, Mr. Hauskins, Mr. and Mrs. B. Louvaas, Mrs. Bue, Moscow; Mr. and Mrs. Joe Bowers, Lewiston; Mr. and Mrs. Ralph Kaye, Asotin; Mrs. E. Bruseth and children, Clarkston.

Miss Margaret Leland of Spokane is visiting her sister, Mrs. Oscar Slind.

Miss Doris Halseth of Spokane is visiting her uncle, Ed. Halseth and family.

Mrs. Ralph McGraw and little daughter, Rhoda Phyllis, are spending the week with her parents in Lewiston.

Miss Dorothy Downing of Post Falls, Wn., was the guest of her cousin, Miss Betty Ingie, last week.

Berlin is going to mark traffic violators with a yellow cross. Why not give 'em a swastika on the swastika?

**GRAIN MARKETS CONTINUE ADVANCE—DEMAND SLOW**

Foreign wheat prices remained firm but large purchases of Danubian and offerings of new crop Argentine grain and prices well below current values of old wheat were weakening influences at Liverpool. Canadian markets advanced about 2 1/2c net for the week, with No. 3 Manitoba northern quoted at Winnipeg at \$1.00.

Pacific Northwestern barley markets developed a firmer tone reflecting strength in California and light local offerings. Trading and movement at Portland, however, increased with receipts for the week totaling 20 cars. No. 2 bright western testing 45 pounds was quoted at Portland August 6 at \$1.47 1/2 per 100, sacked, with eastern Washington white barley quoted at Seattle at \$1.62 1/2 per 100, sacked basis.

The San Francisco barley market developed further strength during the week, influenced by sharp advances in other grains and with a good export and domestic demand for the lighter offerings. Prices advanced 5c to 10c per 100 and at the close of the week all grades with the exception of choice malting grades were selling at the highest points since January of 1930. Top malting grades were still quoted at somewhat lower prices than early in the 1931-32 crop year.

Oats markets were very firm, reflecting light supplies and a good demand for current offerings. Pacific Northwestern oats markets strengthened in sympathy with gains in other areas and light offerings from growers an additional strengthening factor. Quotations on white oats at Portland advanced around 7 1/2c per 100 during the week with No. 2 white oats quoted at \$1.37 1/2 per 100, sacked, with No. 2 gray oats at \$1.32 1/2 per 100. An unusual price relationship, since gray oats are usually quoted above white oats. Eastern Washington white oats were quoted at Seattle at \$1.62 1/2 and Puget Sound oats at \$1.60 per 100, sacked basis.

**Quintuplets Be Here**

The famous Dionne babies (quintuplets) will be seen at the Kendrick Theatre this Thursday, Friday and Saturday nights. You will thrill at the wonderful innocent acting of these young actresses — of which they realize nothing. You never dreamed that babies could be so sweet, or a picture so good. A dramatic story as extraordinary as the quints themselves — an unforgettable entertainment experience — a lifetime of excitement crowded into 90 glorious minutes.

Jean Hersholt, beloved character star, takes the place of Dr. Dafoe in the filming of the picture, which was made under the personal direction of Dr. Dafoe. Other stars having a part in this picture are June Lang, Slim Summerville, Michael Whalen and Dorothy Peterson.

Other regular weekly features will also be shown.

Annapolis naval academy accepts John Paul Jones, Welshman, as the father of the American navy; others claim the honor belongs to John Barry, Irishman.

WE NEED MORE CONTENTED COWS  
HAROLD THOMAS, Editor

### EDITORIAL

Well, folks, now that the political pot has stopped boiling for a time at least, let's consider your income. We want that income to be the biggest possible—and we help by buying your cream. Old bossy is a faithful worker and you in turn may reap the benefit by just bringing the cream to us. We do the rest.

Be sure our cottage cheese and butter appears on your table. You are sure to approve of their delicious sweet smell and true taste. Only the finest ingredients are used in their production.

Advice to politicians: "To get more out of life never shift your mouth into gear until you are sure your brains are turning over."

The collegian drove a good-looking roadster and the co-ed knew it. "I love cars," she said soulfully. "I learn all I can about them."

"Fine," he said. "Just for fun, tell me how to cool an engine."

She thought a moment. "Oh, by stripping the gears, of course."

For that little evening gathering or dessert at any time—serve our ice cream. You are sure to like its real ice cream flavor.

### FIX RIDGE NEWS

home Sunday. Mrs. Denner's sister, Pearl, returned with them for a visit. Sunday dinner guests at the Ira Fix home were Mr. and Mrs. Frank Fix and daughter and Mr. and Mrs. Alvin Nye and children.

Mr. and Mrs. John Frisbee and daughter, Rev. Leland Skinner and Golan Calvert were dinner guests at the S. S. Taber home Sunday.

Geraldine Clark was an over-night guest at the Taber home Sunday. Eddy and Pearl Richardson were in Kendrick Monday.

Mrs. George Hutchison and daughter of Pullman, are visiting at the Robert Hall home.

Most all the ridge families were represented at the polls Tuesday.

### FAIRVIEW ITEMS

Mr. and Mrs. Edgar Carlson, Miss Audrey Carlson, Mrs. Carlson and Mrs. John Glenn called at the Fred Glenn home Friday evening.

Mrs. Albert Glenn spent Friday and Saturday with Mrs. Fred Glenn.

Richard Woody of Sweetwater is visiting at the Fred Glenn home. He plans to remain the rest of the summer.

Mrs. Bertha Towler visited from Thursday until Saturday in the R. E. Woody home.

Mr. and Mrs. Clifford Davidson and daughter, Miss Mary, were Lewiston visitors Monday.

Warren Walker visited several days this week in the Oney Walker home.

Mrs. R. B. Parks visited in the home of her son, Harold Parks, on Monday.

Miss Pearl Morgan of Tacoma is visiting in the home of her niece, Mrs. Fred Glenn.

Clifford Woodward visited Roy Long in Kendrick Sunday afternoon. J. M. Woodward spent several days last week in Lewiston.

Mr. and Mrs. R. E. Woody were Lewiston visitors Wednesday.

The original constitution is kept in a glass case in the Library of Congress—but seems to have fallen into disuse.

### HOW KENDRICK PRECINCT VOTED TUESDAY PRIMARY

Judicial Ticket	
Justice of Supreme Court (Two):	
Raymond L. Givens	59
Alfred Budge	42
Alfred A. Fraser	46

A total of 129 ballots of both parties were called for. A judicial ballot was given each voter regardless of the ticket called for.

### In The State

The Lewiston Morning Tribune gave the following as leading on the democratic ticket for the office of governor, one of the hottest contested offices on that ticket: Mix, 9,179; Clark, 9,029; Miller, 9,009.

The U. S. senatorial race will be staged between Gov. Ross and Bill Borah, Defenbach being a poor second to Borah, with 8,727 votes to Borah's 29,390, with 200 precincts in the state yet to be heard from at the time the Tribune went to press this (Thursday) morning.

Little further information is obtainable at the time of going to press. Frank L. Stephan of Twin Falls, who went down before Ross as the republican gubernatorial nominee in 1934, was assured the republican nomination again with an overwhelming lead.

### Had Tonsils Removed

Dorothy and Donald Dammarell, children of Mr. and Mrs. Edgar Dammarell had their tonsils removed the forepart of last week. On Friday, Frank, Max and Maxine, the other children in the family, had theirs removed. All were taken out in the office of Dr. Christensen, and all are getting along nicely.

### Truly A Modern Girl

Miss Persis Farr of Arimo, Idaho, looked up from a greasy automobile motor and assailed those who would discriminate against feminine machinists.

The only girl mechanic to register at Utah State Agricultural college for many years, Miss Farr said her reason is a "simple one." She added:

"I will never walk home from a modern buggy ride now, because I can tell if a car is out of gasoline, or if the engine is purring properly, when the boy friend says 'the car won't go any farther,' I can show him where he is wrong and fix the car if it needs repairing."

### Might Start Nudist Colony There

Title to the last bit of unpossessed land on the earth's surface formally was claimed by Lincoln Ellsworth, back from the antarctic.

Speaking before the National Geographic society, the explorer of both polar regions said that under state department permission he and his pilot, Herbert Hollick-Kenyon, had planted the American flag on an area of about 350,000 square miles, larger than Texas and Oklahoma combined, between the 80th and 120th meridians west longitude.

Compliments usually make people feel good and think well of the speaker, be he truthful or not.

It is hard to visualize the horror of hurricanes and floods, unless you have been in the midst of one.
