NO. 37

HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Los Angeles.—Endorsing the union party presidential candidacy of Rep. William Lemke, Dr. Francis E. Townsend said that a new, more definite bill will be introduced at the next session of congress embodying the Townsend plan for pensions of \$200 a month for persons over 60 years of age. In an interview, Dr. Townsend assailed the democratic administration and the republican party as "do-nothings" in the unemployment situation. He described Rep. Lemke as the logical candidate for those who believe, as he does, that the Townsend plan would create purchasing power and thus stimulate employment. Lemke, he said, "has endorsed our program 100 per cent." One feature of the new bill, Dr. Townsend said, will make \$200 a month the minimum instead of the maximum pension, as the McGroarty bill did. Another will call for pension payments to start immediately from the first collections of a proposed 2 per cent transactions tax, without waiting for the tax collections to accumulate enough to pay all eligible for the pension. Dr. Townsend said he figured official registration of all the approximately 8,000,000 eligibles would require some time, but the first registered should begin receiving the first tax proceeds as they come in. "The transactions tax also must be more clearly defined and made to mean definitely a universal sales tax," Dr. Townsend said. "We must provide, too, that pension checks be deposited in banks and the money be made available to the channels of trade by being checked out each month."

London.—Japan served notice to the world that she will maintain at full force her mighty submarine armada—another step in the world's race for strong armament. Japan's decision, to retain submarines originally scheduled for destruction under the London naval treaty, was made known in a formal note. She would, the Pacific power signified, keep in service, with 52,700 tons allowed, an additional 15,598 tons of submarine craft—the tonnage scheduled for scrapping before expiration of the London treaty, January 1, 1937.

Des Moines, Ia.—President Roosevelt and Governor Landon, who greeted each other with "How do you do Mr. President?" and a "How are you, governor?" talked over the Kansas drought for 40 minutes at Iowa's state house last Thursday afternoon. The conference followed a luncheon at which the president and the man who seeks to oust him from the White House sat at the same luncheon table, ate fried chicken and corn-on-the-cob, and talked about fishing. After the luncheon and the drought discussion between the opposing presidential candidates, an event unparalleled in recent political history, Governor Landon told newsmen: "President Roosevelt is a very fine, charming gentleman."

Washington.—Coupling both rural and urban relief problems, President Roosevelt has allocated \$2,500,000 to stimulate absorption of relief workers by private industry, and turning to the drought-burned regions, asserted "we are going to conserve soil, conserve water and conserve life." In a radio address, reporting on his 5,000 miles personal survey of the arid west, the president spoke first of providing work for drought-stricken farmers. The government, he asserted, would provide both work-relief and a longer-time plan of aid. Then, into a microphone in the first floor oval room of the White House, he appealed to "employers, large and small," to use the help of the federal and state employment services "whenever in the general pick-up of business they require more workers." He announced that the United States employment service would receive \$2,500,000 "to make an even more intensive search than it has yet been equipped to make, to find opportunities in private employment for workers registered with it." The sum will be in addition to \$1,500,000 allocated to the same agency on August 25. "This does not mean," the president said, "that there will be any lessening of our efforts under our WPA and PWA and other work relief programs until all workers have decent jobs in private employment at decent wages." Reemployment in industry "is proceeding rapidly," he said, adding that government spending "was in large part responsible for keeping industry going and putting it in a position to make this reemployment possible."

"You know the more I drink the more carefully I drive."

Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial club will be held next Monday evening, September 14, in the Fraternal Temple. Dinner will be served at 6:30 by Mrs. Paul Lind.

This meeting is a postponed one of the regular schedule, which should have been held Sept. 7.

If you are interested in what is going on in and around Kendrick, it is your duty to be there.

ROBERTSON OUTLINES SPECIAL KILL PERMITS

Jess Robertson of Kamiah, deputy state game warden, was in town Sunday morning investigating licenses, checking on the plentifulness of grouse and outlining the rules and regulations of the special elk hunt permits being sold for use on the Lochsa game preserve elk hunt, and issued the Gazette the following information: To date, 209 permits have been sold permitting elk kill on the preserve by the State Game Department at Boise, and will continue to be sold until the season opens, September 15th. This season closes October 4th. For those wishing to go in on the chance of buying a permit after the season opens, permits will be sold at the Moose creek ranger station, Bear Creek ranger station and Fish Lake ranger station after the season opens until sold out.

Mr. Robertson said packers will be located as follows:

L. V. Mattoon of Kamiah at Coolwater; Chet Wilson of Lenore and Bolick of Lewiston at No-See-Em Meadows; Bailey of Pierce at Indian Post Office; Mackey Williams of Grandeville at Running Creek (via Red River); Paul Blum at Moose Creek; John Hazelbaker of Kooskia at Fish Lake; Andy Erickson at Powell; Alvin Renshaw at Bear Creek.

Planes, for those wishing to fly in, can land at Bear Creek, Moose Creek and Fish Lake. When 400 permits are sold, no more will be issued.

Mr. Robertson reported an almost universal sentiment in favor of the closing of the grouse season in both Nez Perce and Latah counties, for from all reports available to him, the birds are very scarce, and the season should be closed as a matter of conservation, since grouse cannot be successfully propagated on game farms.

He said that at this time he could not definitely state just what action would be taken, but should the season close, notices would be sent to all papers throughout these counties. It might be well to watch for just such a notice.

Two roads in the Clearwater forest will be kept clear of early snow during the special elk hunt in the Selway game preserve region, according to announcement received at Lewiston from forest headquarters at Orofino. Because of the danger of early snowfall these mountain roads often become impassable. During the special hunt, however, snowplows of the forest service will be in readiness to keep the routes clear.

The road to NoSeeEm meadows by way of Musselshell ranger station and the road up Sutter creek from Kooskia and connecting with the Lolo trail will be kept open. Crews will plow through to Powell ranger station on the last day of the season. All side roads leading from these will be closed.

To War On Speakeasies

Boise.—The Idaho liquor control commission and department of law enforcement launched a drive against speakeasies this week.

Under the Idaho law, state liquor stores and dispensaries have a monopoly on the sale of alcoholic beverages with the exception of beer.

Law Enforcement Commissioner Emmett Pfost explained:

"Unless the open and notorious sale of liquor across the bar in Idaho is stopped, the people will take the situation in hand and there may not be any state liquor commission after the next legislature meets."

A warning has been sent by registered mail to all known operators of speakeasies and owners of buildings in which they are located, Pfost said.

Parents Of Son

Mr. and Mrs. Jerry Ingie, Big Bear ridge, are the parents of a bouncing baby boy. The young gentleman arrived Friday evening and tipped the scales at 9½ pounds. Both mother and babe are said to be doing nicely.

Kendrick Commercial club meets Monday evening in Fraternal Temple.

THIS, THAT AND THE OTHER ABOUT YOUR FRIENDS

Sam Crandall of Coeur d'Alene is here visiting a few days in the Harold Thomas home.

Mrs. Eva Thompson of Orofino was a Sunday and Labor Day guest at the E. A. Deobald home.

Mr. and Mrs. J. H. Cairns and son, Mrs. Richli and Mrs. Lester Crocker were Lewiston visitors Saturday.

Mrs. Richli left Wednesday afternoon for a visit of several weeks with relatives in Oregon and California.

Mr. and Mrs. Silvie Cook motored to Leland Sunday and spent the day with Mr. Cook's mother, Mrs. Emma Cook.

Miss Marjorie Griffith of Spokane spent the week-end at the McCreary home. Miss Griffith and Mrs. W. L. McCreary are sisters.

Mrs. Jennie Plummer returned on Thursday from Fairfield, Wash., where she spent several weeks with her daughter, Mrs. Muriel Steed and family.

Miss Allene Rider, who has been employed at the Farmers Bank for past two years, left Monday for Spokane, where she will attend Kinman Business College.

Miss Kathryn Emery returned Sunday evening from Boise, where she has been working and visiting her sister, Miss Doris Emery, this summer.

John Becker of Nampa, Idaho, a nephew of Mrs. E. A. Deobald, was a Tuesday dinner guest at their home. He was enroute to his work at Priest River.

Mrs. Frank Curtiss and Beatrice returned home Sunday from a two-weeks visit with relatives in Spokane. Betty remained for a longer visit with her grandmother.

Miss Elaine Brown arrived Saturday from Pocatello to spend several weeks visiting Miss Maxine Keene. The girls are classmates and plan to return to school together.

Dr. and Mrs. Frank Phillips and children, and Dr. Phillips father, G. W. Phillips, drove up from Lewiston Sunday to spend the day with Mr. and Mrs. Harold Thomas.

A. Daubenberg, formerly of Kendrick, was in town Thursday visiting old friends and acquaintances. He spent the night with Mr. and Mrs. Geo. Leith before leaving for Seattle.

Mrs. Joe Ebbson and baby of Rogersburg, Wash., are visiting her parents, Mr. and Mrs. John L. Woody, on American ridge. Mr. Ebbson and his father were also guests at the Woody home recently.

Mr. and Mrs. W. B. Deobald and family returned home Thursday after a couple of week's trip to Corvallis and Newport, Oregon, and southern Idaho.

Mr. and Mrs. Ralph Woody and family of Pomeroy returned home Tuesday after a visit with Mr. Woody's parents, Mr. and Mrs. J. L. Woody, and with Mrs. Woody's parents at Troy.

Mr. and Mrs. Walter Thomas and family of Spokane were week-end guests of relatives here. Saturday they motored to Lewiston, accompanied by Mrs. Lucy Thomas and Mrs. Martha Thomas.

Rev. and Mrs. Claude W. Groth and three little daughters of Culesac were guests of Mr. and Mrs. N. E. Walker on Tuesday and Thursday of last week. Rev. Groth was formerly pastor of the local M. E. church.

Mr. and Mrs. Ward Howell and family of Craigmont were callers Saturday evening at the home of Mrs. Liddie Ameling. Their son, Jimmy, who has been visiting his grandmother a couple of weeks, returned home with them.

Mrs. Otto Bliensner and daughter Wilma of Waverly, Wash., returned home Sunday after a week's visit here with the Dorendorf families on Cedar ridge. Mr. and Mrs. Henry Dorendorf of Kellogg were also guests of the Dorendorf families at the same time.

Mr. and Mrs. Allen Hudson of Seattle, Ersle Hudson of Goldendale, Oregon and Phyllis Skofstad were guests for a few days in the Elmer Hudson home near Southwick. They came here to attend the funeral of Mr. Hudson's mother, the late Mrs. Amanda E. Fisher. Mr. and Mrs. Al Hudson and Mr. and Mrs. Elmer Hudson motored to Lewiston Saturday.

Has Moved To Lewiston

Wm. F. Davis, who has been farming near Leland for the past several years, last week moved his family to Lewiston, where they will make their home. Mr. Davis has purchased residence property there. He is now engaged in the insurance business.

SCHOOLS OPENED MONDAY WITH HEAVY ENROLLMENT

The Kendrick schools opened Monday morning with registration of high school and grade pupils. The enrollment in both departments was high. There are 90 at present enrolled in high school. The grade enrollment totaled 108 which is divided as follows: First and second, 25; third and fourth, 27; fifth and sixth, 33; seventh and eighth, 23.

After registration Monday, short classes were held in order that the students might find out what materials were needed. Effort is being made to help the students find second-hand books, both in high school and grades. It is expected that there will be more registrations as soon as the fall work is completed.

Six new typewriters have been installed, and typewriting is proving, as it has in the past, to be a very popular course. Other courses being offered in high school are algebra, biology, geometry, four years of English, world history and American history, latin, business science and business principles, beginning and advanced typewriting, chemistry, and beginning and advanced agriculture classes.

It has been arranged so that all the above mentioned classes are large enough to make it advisable to have classes in the particular work.

In the Grade work Mr. Dawald will handle the 7th-8th, 4th grade arithmetic and 6th grade history. Miss Roos will teach 5th-6th and all high school and grade music. Mrs. Cook will teach 3rd-4th grades and penmanship in all grades. Miss Hockaday 1st-2nd, art work in all the grades and high school girls athletics. The majority of books have been secured and all school work is going along very nicely with all students, both new and old, settling down for the year's work.

An invitation is extended to all parents or patrons of the school to visit any department at any time and see the work being done.

Towel Shower

Friday afternoon of last week Miss Maxine Keene and Miss Allene Rider entertained with a towel shower in honor of Miss Phyllis Cummings, in the Rider home. Tea was served after the many lovely gifts were opened.

Those present were the Misses Elma Jones, Rowena and Jean Ramey, Erna Wegner, Berneda, Phyllis and Jewell Cummings, Phyllis Thomas, Mary Elizabeth Thompson and the hostesses.

School Bus In Operation

The big new school bus is in operation with Robert Clemenhagen at the controls, the route being 2½ miles beyond the Steele school to Kendrick, representing Districts Nos. 32 and 38. There are at present 24 pupils being brought to Kendrick each morning and returned to their homes in the evening. Those making use of the bus range from the first grade to the high school.

Family To Spokane

Mrs. Clyde Daugherty and Miss Margaret and Junior have gone to Spokane to make their home during the present school term, at least. Miss Margaret is attending Northwestern Business University and Junior will enter the public schools there.

Parents Of Daughter

Mr. and Mrs. Wm. Heimgartner, residing on Fix ridge, are the parents of a fine baby daughter, weight 6½ pounds, who arrived at their home on Tuesday afternoon, September 8. Mother and babe are doing nicely.

Delegates Elected

Mrs. Mae Ramey has been elected delegate No. 1 and Mrs. Pearl Long delegate No. 2 to represent the local lodge at the Rebekah State Assembly at Burley, October 19.

Wauncher Road Be Graveled

Last week a paper was circulated asking for donations to help finish the Wauncher gulch road and it is understood that some \$1,400 was raised in Kendrick and on Potlatch ridge, but instead of grading a half-mile of road at the top, it was decided to use the money for graveling the two miles already built, which will guarantee a good road over the worst part of the gulch.

It is stated that graveling will be started soon and is to be done by the Potlatch Highway district.

Will Move To Kendrick

Mr. and Mrs. Cecil Emmett have purchased the C. C. Blackburn house and expect to move to Kendrick as soon as it is vacated.

Another Black Widow Spider

Donald Dammarell, son of Mr. and Mrs. Edgar Dammarell, brought to this office the other day a very nice specimen of the deadly black widow spider, which we will keep on display for a time at least. There seems to be quite a few people who have not yet seen one of these venomous insects and it might be a good idea for those who have never seen, or at least recognized one, to stop at the Gazette office and take a look at it. They are easily recognized by their long legs, shiny black body and the bright red "hour-glass" beneath.

AMANDA E. FISHER DIES AT GLENDALE, OREGON

Mrs. Amanda Elizabeth Fisher, age 70, resident of Glendale, Oregon, passed away at her home, September 1, 1936, at 2:15 a. m., after an illness of six months. Mrs. Fisher was born in Illinois, Feb. 9, 1866. At the age of nine she left Illinois with her parents and took up residence in Barton County, Missouri, where she lived until she married Maurice David Hudson, June 3, 1887. To this union were born seven children, four of whom survive.

They spent 40 years of their married life in Vernon County, Missouri, and in 1927 moved to Southwick, Idaho, where they lived until March 15, 1928, when Mr. Hudson passed away.

She was remarried September 14, 1930, to W. L. Fisher. Since then they have made their home in the coast states.

Mrs. Fisher is survived by her husband and four children, Elmer Hudson of Southwick, Alfred and Ersle Hudson, both of Goldendale, Oregon, and Allen Hudson of Seattle. She also leaves a sister, Ella Hudson, of Pocatello, Idaho, and several grandchildren.

Deceased had been a member of the Freewill Baptist church for the past 15 years and was faithful to its teachings until the end.

Funeral services were held at the Gold Hill church on Friday, September 4, at 11 a. m., with Rev. Geo. H. Calvert officiating. Interment was made in the Gold Hill cemetery.

Singing was by a community choir, accompanied at the organ by Miss Ruth Frisbee.

We wish to extend our sincere thanks and appreciation to the many kind friends and neighbors who aided us in our late bereavement in the death of our beloved wife and mother.

W. L. Fisher, Elmer Hudson, Alfred Hudson, Ersle Hudson, Allen Hudson.

Had Car Accident

When returning to Kendrick last Sunday evening from Orofino, where they had gone with their daughter, Miss Eleanor, who had made them a visit during the day, Mr. and Mrs. L. J. Herres met with an automobile accident that might have proven much worse than it really was.

Mr. Herres was driving and in meeting another car, the bright lights blinded him, and perhaps the other driver too, and the cars side-swiped, throwing the Herres car over an embankment, where it traveled right-side-up, for some 40 or 50 feet. One front wheel was smashed and the car turned completely around, but did not turn over, as was reported in a message from Orofino to the Lewiston Tribune. While both Mr. and Mrs. Herres were pretty badly shaken up, neither one was seriously hurt and not a glass was broken in the car, with the exception of the rear vision mirror. The left front fender was torn from the machine but no other serious damage was done, aside from a broken wheel.

It was indeed a lucky accident—if any accident can be called that.

Southwick News Notes

Those calling at the Ross Armitage home sometime during Sunday included Mr. and Mrs. Dahlberg, Miss Nice and her parents, Miss Helen Williams and Leonard Gaffney, Miss Doris Armitage and Carl Mustoe.

Mrs. Roger Shenenon and Jerry Harris visited with Mrs. Oscar Holmes Saturday afternoon.

Mrs. Mattie Hayward and son Rupert are moving this week to Moscow, where Rupert is going to attend the University. Their sale Tuesday drew a fair crowd and most items brought a fair price.

School started off quite smoothly Tuesday morning, with the largest enrollment in high school that there has been for some time.

Mr. and Mrs. Ben Pressnall and family spent Labor Day in Clarkston.

WHEAT MARKET FIRMER — CASH GRAIN FLUCUATING

Grain futures prices strengthened materially at most markets during the week ended September 4, but cash grain values fluctuated with the varying local supplies, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Wheat gained moderately at most points, influenced by lighter offerings, a fairly active demand and advances in Canadian markets.

No outstanding changes occurred in the general wheat situation during the week. Private estimates of September 1, placed North American spring wheat crops at from 330,000,000 to 340,000,000 bushels, or 60,000,000 to 70,000,000 bushels below the 1935 harvest. European returns are still uncertain but weather was generally favorable for harvesting. European millers were more active buyers of foreign wheat and prices advanced 2c to 3c per bushel at Winnipeg and were slightly firmer at Liverpool.

Durum prices advanced about 2c and premiums for good milling durum were firm. Milling operations were restricted by labor difficulties but No. 2 hard amber of good milling quality was quoted nominally at \$1.99 to \$2.03. Good quality Canadian No. 1 durum sold as high as \$1.12 per bushel.

Cash grain at Portland advanced about 1c per bushel despite a slight decline in the futures market. Receipts at Puget Sound and Columbia River terminals remained large, totaling 1,419 cars and reflected the heavy buying of the previous weeks. Current offerings were light and were the principal strengthening influence. Demand was somewhat less active, reflecting unsettled conditions at Minneapolis and more limited inquiry from central western markets. Local mill demand was only moderate and takings by California buyers were limited to small quantities of high protein wheat. Sale of 1,500 tons of western white to Japan was a feature of the market during the week.

At the close of the week, hard white (Big Bend bluestem or baart) was quoted at Portland at \$1.09, soft white and western white at 95c, hard winter at \$1.00 and western red at 96c per bushel, all basis No. 1 grade, sacked. At Seattle, western white was quoted at 94c, western red at 95c, hard white (baart) at \$1.07, all No. 1 sacked basis.

Oats markets declined following the trend in other grains and also with a lighter inquiry for current offerings. Inquiry in Pacific Northwest areas was quite active for oats testing 38 to 40 pounds per bushel for shipment to Atlantic Seaboard markets, but offerings of this variety were relatively scarce with a large part of the Willamette valley white oats testing only 35 to 36 pounds per bushel. Trading and movement were quite active in Portland with No. 2 white oats quoted at \$1.55 and No. 2 gray oats \$1.50 per 100, both sacked basis.

Pacific Northwestern barley markets held about steady with local and nearby mixed feed manufacturers providing the principal outlet for feeding types and some slackening in demand for malting barley in middle-western areas. No. 2 bright western barley testing 45 pounds per bushel was quoted at Portland Sept. 3 at \$1.75 per 100, sacked basis.

Personal Mention

Mrs. J. M. Lyle and children returned Sunday from Boise, where she has been visiting her mother and relatives the past week.

W. O. Orr, Smith-Hughes teacher in the Kendrick school, arrived Saturday from Fort Collins, Colo., and is on the job with the farmer boys.

Mr. and Mrs. Roy Bacharach and baby drove to Orofino Saturday, where they spent Labor day week-end with their parents, Mr. and Mrs. A. Shaw.

Mrs. Geo. Leith was a passenger for Lewiston Tuesday.

Tom Lukens of Lewiston visited his sister, Mrs. Frank Crocker, Monday afternoon.

Too Much Speed

There has been considerable complaint that Kendrick's streets are being made speedways and now that school children are on the streets, a stop should be put to such reckless driving.

There are also many young children who wander into the streets to play, which makes it doubly dangerous.

Have Moved To Wenatchee

Mr. and Mrs. Paul Bowling left Sunday for Wenatchee, where they will pick apples.

PAY... BY THE 10TH

Credit in the business world is based on the prompt payment of bills. "Pay by the 10th of the month following purchase," is the rule wholesalers and jobbers expect retailers to live up to.

And in turn your home town merchant asks you to pay for the goods or services which you purchase from him "by the 10th" so it will be possible for him to keep his credit good.

Credit is an endless chain of good faith. Don't be the "weak link."

Pay by the 10th, whenever possible.

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

Plane Picture Be Shown
"Thirteen Hours by Air," will be the offering at the Kendrick Theatre this Friday and Saturday nights, with Fred MacMurray and Joan Bennett in the leading roles. Then there's ZaSu Pitts, who is also one of the leading actresses, whom everybody knows for her droll way of doing things.

Zooming through skies at three hundred miles an hour, eight people, passengers on a giant transcontinental airliner, live thirteen dangerous, unforgettable hours. "Thirteen Hours by Air" is thrill-a-minute drama — the passengers include a runaway heiress, a fortune-hunting adventurer, a murderer, a mysterious doctor, a spoiled little rich boy, and his nervous governess. And the plane in charge of a wise-cracking pilot who thinks he can rise to any emergency—even love. Also, exclusive pictures of the Joe Louis-Max Schmeling fight will be shown.

Community Ladies Aid
The Ladies Aid of the Community church met with Mrs. Poindexter Friday afternoon. Mrs. L. J. Herres was elected president. Quite an inter-

Beans Are Moving
The new crop of beans has been coming in to the local warehouses in pretty good shape, and several cars have been shipped by the Kendrick Rochdale company and by the Kendrick Bean Growers' association, the latter having shipped some six cars during the past two weeks and the former has sent our 12 cars since the threshing season began.
The bean crop is reported as being of splendid quality and the yield will average from 2½ to 3 sacks per acre. Some fields have yielded more and some less. Some kidney beans being reported as high as six sacks per acre.

EDITORIAL

Well, folks, here it is nice harvest weather again, and the beans are just rolling through the old machines. But how about your cream check, your "year-round" harvest? You need the money—we need the cream! Can't we get together on the proposition? Cottage cheese—made only from the finest of ingredients—have you tried it? We're sure it will please you. Ice cream? Yes, you bet. We make our own. Come in and see it made if you like. We've nothing to hide—in fact we're proud of our product.

"My wife always gets historical when I stay out late at night."
"Hysterical, you mean."
"No, historical. She digs up all my past history."
"Hey, what are you doing?"
"I'm just sharpening my pencil," called back a bricklayer.
"Well, be quick about it, and don't let anybody see you. That's a carpenter's job, you know."
Boss: "When will your father's leg be well so he can come to work?"
Son: "It will be a long time, I think."
Boss: "Why?"
Son: "Caus' compensation's set in."
