INTERESTING NEWS NOTES FROM OUR PUBLIC SCHOOLS

The Junior play, held last Wednesday, proved to be a huge success financially as well as otherwise. The large crowd that packed the theatre roared with laughter at the funny antics of the boys dressed as chorus girls and the poor lovelorn young man who had to resort to caveman tactics to win his girl.

The Business principles class gave a debate last Friday on the question, "Resolved That The Law Pertaining To Frauds Should Apply To Government Officials Who Are Elected To Office." The debaters were: Negative—Jean Fry, Joe Cardinal and Leasel Havens; Affirmative—Tom Keene, Margaret Halseh and Lawrence Kuykendall. The affirmative side won.

The U. S. History class is preparing a debate to be given before the assembly this Friday. The question will be: "Resolved That The Policy of Internal Improvement At The Expense Of The National Government Is Wrong." Those on the negative are Jean Bigelow, Helen Farrington, Leasel Havens and Willard Schoeffler. Those on the affirmative are Harry Wegner, Emil Silflow, Marvin Silflow and Lawrence Kuykendall.

Armistice Day At The School
In the high school department observance was made of Armistice Day by having a special talk by Mr. Orr. The talk was very instructive and interesting on the "Meaning of Armistice Day." In the talk it was brought out that it would be largely up to the young people today to determine whether or not the United States would engage in another war. School was dismissed in both the high school and grades during the afternoon in observance of this day.

Grade News
Miss Hockaday is planning to have her pupils make booklets containing the names of all the books they read this year. The first and second grades are planning a Thanksgiving party to be given Wednesday, Nov. 25. We have another new pupil this week. Leon Wolff of Leland entered the second grade.

The third and fourth grades give Maurice Long a belated birthday party Tuesday morning. This is the last week of the health contest between the two grades. The losers will entertain the winners.

The fifth and sixth grades have been making posters pertaining to the National Book Week. Miss Roos is giving a prize for the best poster. A book club was organized last week, electing the following officers: Paula McKeever, president; Bobby Lind, vice-president; Jerry Ingle, secretary-treasurer; Oswald Kanikbeberg, librarian. Projects such as mending library books, keeping scrap books on news articles, and trying to encourage reading are getting a start.

The seventh and eighth grades are working with poster paint and India ink in art class. Some of their designs are quite original. Maycella Porter has been absent for the past week, it has been reported that she has pneumonia.

Surprise Party
On Saturday evening Mrs. D. A. Christensen surprised her husband on his birthday anniversary by inviting in a number of friends to play bridge.

Those present were Mr. and Mrs. W. A. Watts, Mr. and Mrs. E. A. Deobald, Mr. and Mrs. R. L. Blewett, Mr. and Mrs. Lester Crocker, Mr. and Mrs. H. B. Thompson and Rilla Davidson.

High scores for the evening were awarded to H. B. Thompson and Mrs. E. A. Deobald, while low went to Lester Crocker.

Miss Thompson Stands High
Mary Elizabeth Thompson of Kendrick placed seventh in English placement examination given to all freshmen at Whitman college this fall, according to results of the tests recently released. Miss Thompson scored 346 out of a maximum of 400 points for a percentage rating of .865.

Nearly 200 first year students participated in the tests.

Had Tonsils Removed
Waldo Smith of Southwick had his tonsils removed last Friday morning in the office of Dr. D. A. Christensen.

Ill With Flu
Mrs. Geo. Leith has been confined to her bed with flu this week.

169 Auto Fatalities

A second extra large week-end toll of death was taken by auto wrecks last week, the total reaching 169. This is the second largest toll within the past several months, the other being something more than 185 lives lost in auto accidents less than a month ago.

Seattle chalked up the 145th death in King county over the week-end.

MISS PHYLLIS CUMMINGS BRIDE OF GEO. DENNLER

The home of Mr. and Mrs. Ben Cummings was the scene of a pretty wedding Sunday, Nov. 15, when their daughter, Miss Phyllis Cummings, became the bride of George F. Dennler of Juliaetta. The ceremony was performed by the Rev. E. E. Krebs of the Lutheran church of Lewiston, in the presence of about 40 relatives and friends.

The bride was dressed in pale blue and carried a bouquet of pink and white flowers. She was attended by her sister, Ethel Cummings. The bridegroom wore the customary dark blue and was attended by his brother, Thomas Dennler.

The bride is a popular member of the younger set in Kendrick, having graduated from the local high school, and for the past three years has been employed by the Potlatch Telephone Company.

Mr. Dennler is a prominent farmer of the Juliaetta region and is well and favorably known in this community.

Mr. and Mrs. Dennler will live on Fix ridge, where they will engage in farming.

The best wishes of this community and of the Juliaetta section go with the young couple on their journey through life.

Death Of Mrs. John Florence

Mrs. Melinda Florence, 74, Clarkston Heights, died Monday morning at St. Joseph's hospital, Lewiston, following an illness of less than a week. She had resided in Clarkston since 1901.

Mrs. Florence first settled with her family at Cloverland where they engaged in the apple industry. In 1917 she and the family settled in Clarkston Heights.

Funeral services were held Wednesday afternoon at 2:30 o'clock from Merchant's chapel, Clarkston, with the Rev. Hedley Vicker officiating. Interment was made in Vine-land cemetery.

Mr. and Mrs. Florence were one-time residents of Kendrick, where Mr. Florence was associated in the mercantile business with E. H. Dammarell, now residing in Walla Walla. Mrs. Florence will be remembered by the older residents.

Mrs. Emma Havens

Mrs. Emma Havens, 77, died Sunday morning, Nov. 15, at a Moscow hospital, the contributing cause of death being cancer. Funeral services were held Tuesday afternoon at 2 o'clock from the Short chapel, Moscow, the Rev. C. D. Bell officiating. The body will be sent to Iowa for interment.

Survivors are six sons and two daughters, O. E. and Ira W. Havens, Kendrick; Vern G. Havens, Fairfield; John Havens, Moscow; George Havens, Masonville, Iowa; Clinton Havens, Canada; Mrs. Daisy Anderson, Moscow, and Mrs. Olive Fisk, Blackfoot.

Ira Havens and O. E. Havens left Tuesday morning for Moscow to attend the funeral of their mother. Ira will accompany the body to their old home at Masonville, Iowa, where interment will be made.

Owl Puts Out Lights

Monday morning the "juice" was off in the Kendrick section for about two hours, commencing at 3 a. m. However, this did not materially inconvenience anyone with the exception of those who had refrigeration plants going. When the cause was found Monday morning, it was discovered that a large hoot owl, carrying a big rat in its talons, had flown against the power line near the Pete Benscoter place on American ridge, causing a short circuit, which had not only blown fuses and caused the lights to go off, but the owl and rat met a fate that could not be mistaken as both were found dead at the foot of the pole. It indicated that owls are good for something besides just to "hoot."

TWO PIONEERS PASS TO THE GREAT BEYOND

Mrs. Frank Roberts
Olive Edith Callison was born on March 2, 1874, in Lynn County, Kansas. Her parents, Mr. and Mrs. S. P. Callison moved to Kendrick when she was 14 years of age, and located on American ridge, where she was raised and married to Frank W. Roberts in 1892.

Mrs. Roberts passed away Wednesday morning, November 11, 1936, at the age of 62 years, at the home of her daughter, Mrs. Mamie Siedel, Spalding, Idaho.

Deceased is survived by her widower; a brother, Ben E. Callison; and five children: Leslie E., Moscow; Ernest P., Kendrick; Mrs. Josephine Manley, Troy; Mrs. Edith White, Kennewick; and Mrs. Mamie Siedel, Spalding; and seven grandchildren.

Funeral services were held Friday at 11 a. m. at the American Ridge church, with Rev. T. E. Poindexter in charge. Music was furnished by Mrs. William Watts, Mrs. Harold Thomas, James Lyle, Jr., and N. E. Walker, with Mrs. Herman Schupfer at the organ. Pall bearers were George Davidson, Daniel C. Helm, Harry Benscoter, John L. Woody, Warney May and Clarence Dougherty. Interment was made in the Moscow cemetery.

Mrs. H. H. Sparber

Mrs. H. H. Sparber, another long-time resident of the Kendrick section, passed away Thursday morning, November 12, at 1:35 o'clock, the immediate cause of death being the infirmities of old age, although she had not been in good health for some time.

Pauline Oehler was born at McGregor, Iowa, May 6, 1858. After some years the family moved to Fairport, Minn., where she lived until her marriage to Herman H. Sparber, October 25, 1879, at Mason City, Iowa. To this union four sons were born, three of whom survive the death of their parents; Charles of Centralia, George of Glasco, Mont., and Harry of Kendrick.

During the years the family moved to the Dakotas, thence back to Minnesota, to Florida, to Missouri, to Alberta, Canada, and on to Anacostone, Washington. In 1923 they came to Kendrick, where Mr. Sparber died, March 28, 1934.

Through a long and active life Mrs. Sparber lived enthusiastically, not alone raising her own children, but her son's children as well, and these rise up to call her blessed. Her death came quietly, November 12, 1936.

There remain to mourn their loss, three sons: Charles of Centralia, Wash.; George of Glasco, Mont.; and Harry of Kennewick, Wash.; and six grandchildren. Of the grandchildren, Walter, Orval and Irma, have made their home with their grandmother since childhood.

Funeral services were held in the Kendrick Community church, conducted by Rev. T. E. Poindexter, with burial in the Kendrick cemetery. Funeral arrangements were in charge of the Short Funeral Parlors. Pallbearers were B. F. Nesbit, H. B. Thompson, Ernest Davis, Wm. Mattoon, C. G. Compton and R. H. Ramey.

Card of Thanks

We wish to extend our sincere thanks and appreciation to the many kind friends and neighbors who so willingly aided us during our late bereavement. Especially do we wish to express our gratitude to the musicians and those who gave the beautiful floral offerings.

Walter Sparber,
Orval Sparber,
Mrs. Irma Heinricher.

Mr. and Mrs. Hiram Galloway and family are now living in their new home, the former Pearson residence.

EDUCATION DEPARTMENT TO SPONSOR PROGRAMS

The following, along the lines talked last week by Miss Wiswall, a state representative, before the Kendrick Commercial club, has been received by the Gazette and may be of interest to those who are interested in recreational and playground work. The letter is self-explanatory. Further information may be had from the State Department of Education:

The Idaho joint recreation program, sponsored by the State Department of Education, using Works Progress Administration and National Youth Administration leadership and money in cooperation with the various communities of Idaho in which it serves, is now carrying on a winter program.

The winter recreation program is not as spectacular as the summer program with its playgrounds, hob-bies, clubs, parades, festivals and camps, because it has become merged with numerous other agencies already in the field. The winter program is serving as many people as did the summer recreation plan.

Our leaders are cooperating with the schools in an effort to broaden the educational program with more leadership in organized play, by supervising the play of children before school, noon hours, after school, recess periods and Saturday activities. Many clubs of interest to children are being directed by recreation leaders under the supervision of the school.

Another phase of the program in certain communities is a recreational center which has been organized to carry on a wide range of activities—clubs and leagues for people who are not in school. In other communities, evening programs are being organized with the cooperation of churches, lodges or some other group which has available facilities to offer the recreation movement.

A third phase of our program deals with the planning and organizing of facilities for winter outdoor sports program of skating, skiing and tobogganing.

Parties, socials, dances, art, music, handicraft, drama, minstrel shows and vaudeville acts for groups of people, is all a definite part of our winter program.

Children are bound to play, and adults have more and more leisure. Under good leadership and with the use of a small amount of equipment and facilities used in connection with other organizations, we are attempting to guide people into worthwhile recreational activities which will give them physical development, stamina, and a sound social, mental and emotional outlook on life.

The Idaho Recreation Project wishes to help build a happier, healthier Idaho citizen.

P-T. A. Meeting Interesting

The monthly P-T. A. meeting was held Monday night in the school auditorium. In the absence of chairman T. E. Poindexter, the vice-chairman, Mrs. Everett Fraser, presided.

The business meeting opened with singing by the group. It was decided to hold an entertainment to raise money for playground equipment in the near future, and also to have appointed for each room a delegate to get in touch with the parents of the pupils and urge them to attend the P-T. A. meetings.

The program chairman, Mrs. E. A. Deobald, then took charge. The topic, "Friendliness," was discussed by Mrs. H. B. Thompson, Mrs. R. L. Blewett and Mrs. Silvie Cook.

Mrs. W. B. Deobald had as her topic "Camp Fire Girls"; Wm. Van Kleek gave a talk on "Boy Scouts"; Mrs. Everett Fraser explained the 4-H club work. The new school nurse, Miss Ione Rieman, explained her Health Work in the schools.

The hostesses for the evening, Mrs. Herman Schupfer, Mrs. Harold Thomas and Mrs. Silvie Cook served coffee and sandwiches in the Domestic Science room.

Parents are urged to attend these meetings, which are very instructive and pleasant socially.

Latah Expects Checks

County Agent G. T. McAlexander said Monday that \$200,000 in Latah county wheat allotment checks are expected this week. He said the payments are for farmers' fulfillment of contracts under the invalidated AAA.

An Apology

We are indeed sorry, but for some unknown reason our story installment for this week failed to make its appearance. We are indeed sorry and will try in next week's issue, to make it all the better by giving a double installment. Some things are beyond the publishers control—and we hope you'll bear with us.

WHEAT MARKETS REMAIN FIRM — FEED GRAINS RISE

Domestic grain markets continued to strengthen during the week ended November 14, with bread grains firm and feed grains making further gains, according to the Weekly Grain Market Review of the Bureau of Agricultural Economics. Marketings of wheat continued to decrease, reflecting light remaining supplies, particularly of spring wheat, and labor difficulties at Pacific Coast markets. Milling inquiry was fairly active, but was confined principally to the more desirable milling types and lower grades were taken mostly by storage interests. Oats and feed barley strengthened.

No important changes occurred in the general wheat situation. Foreign markets were slightly weaker influenced by continued liberal offerings of both new and old crop grain from southern hemisphere countries and some pressure from exporters of Canadian wheat, of which around 170,000,000 bushels are still available for export or carryover. Revised and corrected figures indicate that North American wheat stocks at the first of November were around 175,000,000 bushels under those of a year ago. United States stocks were apparently about 35,000,000 bushels below those of a year earlier and Canadian stocks, including bonded grain in the United States, about 140,000,000 bushels less than on November 1 a year ago. Competition from Argentine offerings in Europe was a weakening influence in Canadian markets and prices at Winnipeg declined about 1c per bushel, with No. 1 Manitoba quoted November 13, at \$1.07 and No. 3 Manitoba northern at \$1.04 per bushel.

Domestic cash wheat markets were mostly firm, with a good milling inquiry for suitable grades. Marketings of winter wheat were about equal to those of the previous week and receipts at the principal terminals totaled 1,117 cars. A good part of the Kansas City receipts went direct to mills "leaving" only small quantities for open market trading. Light wheat sold slowly and went mostly to storage interests. No. 2 hard winter was quoted at Kansas City at the close of the week at \$1.20 to \$1.23. At Fort Worth No. 1 hard winter was quoted at \$1.38 per bushel delivered Texas common points. Reductions in premiums about offset the advance in the basic future at Chicago, where No. 2 hard winter was quoted at \$1.19 to \$1.22. Milling demand was fairly active and daily sales totaled around 50,000 bushels. Offerings were very light at St. Louis and prices held steady with inquiry from mills and shippers sufficiently active to absorb the light receipts.

Soft winter wheat was also firm with No. 2 soft red winter quoted at St. Louis at \$1.23, No. 2 at Chicago at \$1.18 to \$1.20 and at Kansas City at \$1.18 to \$1.20 per bushel. Marketings of spring wheat remained light with receipts totaling 413 cars at Minneapolis and 239 cars at Duluth. Of the Minneapolis receipts 52 cars were winter wheat and 28 cars durum. Milling inquiry was somewhat restricted by labor difficulties but demand for good milling wheat was fairly active.

Durum markets were rather unsettled with offerings very light. Premiums were somewhat easier but mostly nominal, with No. 2 amber quoted at Duluth at \$1.33. Choice milling quality brought 23c to 25c more, but only 2 or 3 cars of this were received.

Intermountain markets held about unchanged, while trading on the Pacific Coast remained mostly at a standstill because of labor difficulties. At the close of the week Denver mills were bidding \$1.09 for No. 2 northern spring and No. 2 hard winter. Mills at Ogden were offering 82c for No. 2 soft white, 88c for No. 2 hard white and 92c for No. 2 northern spring. Local elevators were well supplied with wheat and the larger mills at that market were operating on a 24 hour schedule.

Trading at Portland remained at a standstill because of labor difficulties. Receipts of wheat at Puget Sound and Columbia river terminals dropped to 190 cars which went principally to mills on earlier sales. Several mills have closed because of inability to make flour shipments. In the absence of cash transactions No. 1 soft and western white were nominally quoted at around 99c to \$1.01 per bushel, sacked.

WHEAT MARKETS REMAIN FIRM — FEED GRAINS RISE
California markets maintained a firm tone although labor difficulties continued to restrict operations of mills and feed manufacturing plants in the Bay Region. Local inquiry at San Francisco were therefore slow and sales were principally to interior mills or for rail shipment to eastern points. Sales of No. 2 soft white wheat, testing 60 pounds per bushel were reported at around 90c per bushel FOB interior shipping points. At San Francisco No. 1 hard white wheat was nominally quoted at 97 $\frac{1}{2}$ c to 99c and No. 1 soft white wheat at 90c per bushel.
Pacific Northwestern barley markets were inactive as labor difficulties restricted trading and movement. Occasional cars were moving to local mixed feed manufacturers but only eight cars arrived in Portland during the week. No official barley quotations were available but trade reports indicate the price basis unchanged from those prevailing at the beginning of the strike, when No. 2 bright western barley, testing 45 pounds per bushel was quoted at \$1.70 per 100 pounds, sacked.
Oats markets tended upward, influenced by the good demand for the light current offerings. Pacific Northwestern markets were inactive, reflecting the restricted trading and movement. Only six cars of oats arrived at Portland during the week and these moved mostly to local mixed feed manufacturers who were able to unload at their mills. Prices were nominally unchanged with No. 2 white oats at \$1.50 and No. 2 gray oats at \$1.45 per 100, sacked basis.

A. J. Mouton, head of the local office, said that the establishment of this unit is not for the purpose of decentralization but merely to expedite payments to northwest farmers who have applied for grants under the agricultural and range programs.
He said that the vouchers will be audited here and sent to Portland where the checks will be mailed out. Formerly, the vouchers had to be sent to Washington, D. C.
The office personnel now consists of Mr. Mouton, J. J. Dougherty, assistant; L. E. Hunter, auditor; and J. C. Montgomery, chief computer. The four men arrived here recently from Washington, D. C. Mr. Mouton expects to increase the staff to about 25 at the peak of the season, about the first of the year.

Answered Same Purpose
Friends often asked Marie Corelli why she never married. "There is no need," she would reply, "for I have three pets at home which together answer the same purpose as a husband. I have a dog which growls all morning, a parrot which swears all the afternoon, and a cat which comes home late at night."

Well, folks, the echos of the late political campaign are growing fainter and fainter—and with the passing of C. Ben's pet—the sales tax, all will be quiet on the political front—and what a relief. Then it'll be time to think even more seriously about the income old bossy can produce for you. It's easy. Just bring the cream to us. We'll do the rest while you go about your business—even to steam sterilizing the old cream can.

Have you tried our ice cream or cottage cheese lately? You'll find it tastes just as good

W. C. Fields In "Poppy"

A carnival of the 80's, with a background of callope music, animals, snake charmers, barkers and concession operators, is the setting for the W. C. Fields picture, "Poppy," which will be shown at the Kendrick Theatre this Friday and Saturday nights.

Fields appears as a patent-medicine vendor and shell game worker, who finds "separating a yokel from his financial burden" a pastime without equal. In his custody he has "Poppy," 18-year-old girl who has grown up as a carnival follower, played by Rochelle Hudson. They arrive in a small village as a carnival opens. Fields manages to arrange for space for his medicine concession—and then the fun starts. In the meanwhile Poppy falls in love with the Mayor's son and they plan to marry. It's one of Field's most rollicking pictures and if you enjoy good clean comedy fun, you will have an opportunity to satisfy that want.

There will be the other regular features to round out the evening.
