

KENDRICK GAZETTE

VOLUME XXXVII

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, AUGUST 19, 1937

NO. 34

TAYLOR WRITES OF INCREASED LAW DEMANDS

I recently received a letter calling attention in general terms to the numerous violations of criminal law occurring in one of Idaho's counties. The name of no offenders were given, no specific instances were mentioned, nothing definite was stated—just the conclusion that there was a lot of law violation. No names were signed to the communication, but it was closed with the expression "Signed by a Dozen". Letters of this kind are by no means infrequent.

The spirit of such missives may be a pretty good explanation of the failure of the law enforcement in this state. It is well recognized among those who have had experience in trying to enforce the criminal laws that law observance will not rise above the level of the community attitude. If the citizens are indifferent or timorous, the criminals quickly take advantage of the situation to carry on depredations of various kinds with the assurance that nobody cares enough about good government to take the initiative.

The Attorney General's office has a contingent fund of one thousand dollars, to be used each biennium if necessary for the purpose of enforcing criminal laws. The Prosecuting Attorney of every county in the state has a contingent fund of the same amount for use within his county.

An additional sum of \$3500 was requested for the Attorney General's office last December, but was not allowed.

It is hardly necessary to say that the sum of one thousand dollars is utterly inadequate for the purpose intended. One or two criminal cases in remote parts of the State would use up the total sum.

The meager allowance of one thousand dollars is probably based upon the fact that the enforcement of the criminal law is, under our system, vested in the individual counties. Each county has its sheriff and prosecutor and it was the intention of the founders of this state that they should take care of local criminal offenses. A healthy attitude among the residents of any locality is the best means for securing proper respect for law.

The letter mentioned above is an indication of the fact that such spirit seems to have fallen away. The writers of such letters without giving the attorney general any facts without revealing their names, apparently without sufficient courage to take their part in obtaining the facts of criminal violation or at least revealing the facts which they claim to have, would ask the attorney general to come to their county and incur the necessary expense and assume all the responsibility of local self-government. If all citizens in the county were equally indifferent or timid, there would probably be great difficulty in impaneling a jury that would convict anybody of crime. I have generally found that the local prosecutors and sheriffs are willing to perform their duties but that they frequently receive no more cooperation or assistance than the letter above mentioned offered to the Attorney General.

Distribute Chinks

F. M. Long and Supt. Crawford of the state game farm at Lapwai put in a busy day about Kendrick Monday, when they distributed 175 Chinese pheasant cocks in the hills about town. These birds were distributed at strategic point and a nearby resident has expressed a willingness to keep on the look-out for pre-season violators of the game laws on these birds.

Marvin Long further serves notice that the Fish and Game committee of the Commercial club, of which he is chairman, will prosecute to the limit any violators of the game laws when it may come within their power to do so.

Mr. Long has been highly successful in obtaining birds for this section, and is indeed to be commended on the splendid work he has done. He has also secured and caused to be planted many trout in streams of the Potlatch country.

On Fishing Trip

H. B. Thompson and family were Saturday evening and Sunday fishermen in the Marble creek section of the Little North Fork.

They report both fish and huckleberries as mighty scarce articles.

Tall Corn

Iowa has nothing on Idaho when it comes to raising corn, even if the Governor of Iowa and the Governor of North Carolina are arguing which of their respective states grows the tallest corn, Iowa claiming corn growing 7 feet and 11 inches high.

O. H. Forest on Big Bear ridge can match Iowa corn. As proof, he brought in some stalks Monday that measured the same as the Iowa corn. It is on display in the window at the W. J. Carroll office.

STATE FINANCES REPORTED IN SPLENDID CONDITION

Idaho's state government is operating on a balanced budget and "with a margin to spare," says the biennium's first quarterly report of Harry C. Parsons, State Auditor, to Governor Barzilla W. Clark. The State's cash receipts for the first quarter of the 1937-1938 biennium (from January 1 to June 30, 1937) was \$12,790,801.00, which was \$3,740,000.00 more than collected in the same period in 1935-1936.

The increase, the Governor was informed, was due to four taxes: Motor Fuels (gasoline) tax produced \$1,563,263.00 during the quarter an increase of \$482,859.00 over the quarter of the 1935-1936 biennium insurance premium tax, \$307,607.00, a gain of \$68,059.00; income tax, \$1,214,163.00, an increase of \$792,351.00; liquor receipts of \$1,825,001.00, a gain of \$1,586,248.00 due to organization of the liquor control commission late in the spring of 1936.

The grand total expenditures for the first six months of this year was reported as \$11,984,759.00, which was about \$800,000.00 less than the cash receipts for the same period. With a quarter of the biennium passed, only 22.30 per cent of the total general fund appropriation of \$9,452,089.00 has been reported as expended.

With only six months to go of the two year period elapsed, only 21.43 per cent of \$5,026,091.00, the special fund appropriations, was expended, says the report of Parsons, who said: "A few of the revenues fell short of the estimated amount, but in most cases they were in excess. The state obligation, in unregistered warrants and bonds on July 1, 1937, was \$2,083,458.00. This reduction since December 31, 1930, of \$6,173,458.00 or 75.18 per cent."

The report shows that on July 31 of this year, the balance of the 1937 ad valorem tax due the state from the counties was \$31,174.00 or 2.56 per cent of the total charge.

Early Frost Damage

The mercury took a nose-dive on Saturday night, dropping from 98 in the shade Thursday afternoon to below freezing Sunday morning. Many on the ridges reported frost in the low places Sunday morning. It was not heavy enough, however, to cause much damage except in some low spots around Cavendish and Southwick, where beans were slightly nipped.

The biggest damage, from all reports, was in the Cedar creek section, where some farmers think it damaged beans from 25 to 40 per cent.

Waterfowl Crop Abundant

Plenty of waterfowl for American nimrods to shoot at this fall was forecast Friday by observers in Canada's far flung duck and goose incubator.

Game guardians, woodsmen and other observers reported the waterfowl crop probably would be fully as big as in 1936 when it exceeded that of the previous year by an estimated 20 percent.

Canadians generally attributed maintenance of production to a game protection campaign, stringent shooting regulations and expansion of the game sanctuary movement.

Some Hall Damage

The electric storm which passed over Kendrick and most of the Inland Empire last Friday night did not do a great deal of damage, although several forest fires were reported from lightning in the forest areas, and a dwelling was hit near Lapwai.

Some hall, accompanied the storm, but was of short duration and little damage was done, Nels Longeteig seemingly being the only one hit, with beans and wheat damaged. The loss was covered by hall insurance. W. J. Carroll was the adjuster.

PLANS COMPLETE FOR THE OPENING OF SCHOOL SEPT. 6

With the employment of Don Lyle, Lewiston, to teach the Vocational Agriculture course for the coming year the staff for the Kendrick schools is complete, and plans are progressing nicely for the opening of the school term on Monday, September 6.

The staff for the coming school term is as follows: J. M. Lyle, Jr., Supt., who will also teach mathematics; Miss Jean Graham, Peck, Idaho, Home Economics and history; Miss Kathryn Lane, Boise, Idaho, English and commercial subjects; Emil Levi, Kendrick, Idaho, Science and Typing; Don Lyle, Lewiston, Idaho, Smith-Hughes agriculture and part time and evening schools in Agriculture in the surrounding territory.

In the grades: A. L. Dawald, seventh and eighth and high school athletics coach; Mrs. W. B. Deobald, fifth and sixth; Mrs. Silvie Cook, third and fourth; Miss Elma Jones, first and second.

Courses will be offered in shorthand, bookkeeping and typing for the major commercial subjects. Physics and General Science will be the major sciences. Mathematics, four years of English, History and the new course in Home Economics will be the most of the other courses offered. There will also be a few more elective courses offered, these to be determined at a later date.

Mr. Lyle may be reached at either 462 or 422 after next week to answer any questions or help fill out any schedule or talk over courses for next year with anyone interested. Personal appointments may be made by calling either of the above numbers after August 23.

It is hoped that a full schedule of athletics may be worked out and the prospects for basketball appear to be somewhat above average at this time for the coming year.

Many improvements have been made in the school house this year. At the present time the boys' and girls' lavatories are being repainted and modern concrete steps are being installed in the building. Everything will be in readiness for the opening of the term by the end of next week.

If there are any families in Kendrick who wish to keep students for the coming year it is asked that they get in touch with Mr. Lyle, or if any students wish places to stay, please notify him.

Business At Standstill

Business at Idaho's statehouse was near a standstill Saturday with seven of the state's eight elective officials away from their desks.

Only State Superintendent of Public Instruction, John Condie, who returned Friday night from an inspection of the state school at Gooding, was in his office.

Governor Barzilla W. Clark was at Sun Valley, attending a rodeo.

Lieut. Gov. Gossett, Secretary of State Masters, Attorney General Taylor, Auditor Parsons and Mines Inspector Campbell were all at McCall, attending the young democrats convention.

Treasurer Enking was in Duluth, Minn., attending the convention of the national association of auditors, comptrollers and treasurers.

Whooping Good Time Had By All

Amarillo, Tex.—Edna Blanchard, six, wanted a big birthday party but an objection was raised—she and "Torney," her little brother, had whooping cough.

The Blanchards took a census of the neighborhood and solved the problem when they found seven other children suffering from the same trouble.

All were invited and had a whooping good time!

Bovill To Have Modern Lockup

Steel jail cells, a council chamber and municipal pumping plant will be installed in a brick building at Bovill which formerly housed an electric power plant. The building will have a new cement floor, new plaster and modern plumbing. Steel jail cells have arrived there from Moscow. The jail will replace one in use for 30 years.

Picnic At Atwater Lake

Mr. and Mrs. Frank Crocker, Mr. and Mrs. Lester Crocker and family and Mr. and Mrs. Don Miller and family were picnic visitors at Atwater lake Sunday.

THIS AND THAT ABOUT FRIENDS AND NEIGHBORS

L. S. Thurber was a Spokane business visitor Tuesday, returning Wednesday.

Mr. and Mrs. Nat Harris of Oakesdale, Wash., were Sunday visitors at the O. E. Havens home. They are old-time friends.

Mr. and Mrs. Ira Havens and daughter Marie were Lewiston business visitors Friday afternoon.

Mr. and Mrs. R. L. Blewett were Sunday visitors at the home of his mother, Mrs. Lilly Blewett, at Culdesac.

Mr. and Mrs. Harley Perryman were Lewiston visitors Monday afternoon.

Mr. and Mrs. Silvie Cook and daughter Margaret were Sunday visitors at the M. Granquist home in Lenore.

Mrs. F. S. Curtiss and daughters Beatrice and Betty, accompanied by Mrs. Curtiss mother, Mrs. Ethel Coyle of Spokane, left Tuesday morning for a ten-day vacation trip on the coast.

Mr. and Mrs. Frank Nesbit were Sunday visitors at the James Nesbit home in Avon.

Mr. and Mrs. Darrell Waide of Deary were Sunday guests at the home of his parents, Mr. and Mrs. John Waide.

Mr. and Mrs. F. B. Higley were Sunday visitors in Cheney, Wash., at the Everett Baer home. From there they went to Spokane where they met Mr. Higley's sister, Miss Ella Higley of that place, who accompanied them home for a visit.

Mr. and Mrs. H. B. Thompson were Lewiston business visitors on Tuesday afternoon.

Grant Hobbs and Mr. and Mrs. Leon Hobbs of near Omaha, Neb., were house guests of Mr. and Mrs. M. O. Raby Monday and Monday night. They left Tuesday morning for Grand Coulee Dam, and other interesting western points. They expect to start home in about two weeks. Mr. Hobbs, Sr., and Jr., were former residents of this section, having left here some twenty years ago.

E. A. Deobald and W. L. McCreary were Lewiston visitors Friday evening, where they attended a Goodyear tire sales meeting.

Mr. and Mrs. E. A. Deobald were Orofino visitors Friday morning, when they drove over to get their daughters Arlene and Annabel and Mary Havens, who had been visiting at the Eva Thompson home there.

Mr. and Mrs. Roy Bacharach and daughter Susan drove to Orofino on Sunday, taking Mrs. Bacharach's niece, Jill O'Brien, back to her home there. Jill had been visiting with her aunt for a week.

Lida Jane Carroll spent the weekend at the Denner Bros. home.

Bert Farley, Spokane, is visiting at the J. E. Dunton home for a few days.

Mrs. Warren Wagner and son David of Pasadena, Calif., are visiting her parents, Mr. and Mrs. J. E. Dunton. They will remain until the forepart of September.

Earl Dunton was a Lewiston business visitor Wednesday.

Mrs. L. S. LaHatt left Thursday for Sumner, Wash., to visit her mother Mrs. H. M. Crawford. She will be joined there by her sister, Dr. M. M. Bundy of Corpus Christie, Texas, whom she has not seen for 21 years. This will be their first family reunion in 34 years. She will visit relatives in Mt. Vernon and Tacoma before returning.

Surprise Birthday Party

Mrs. L. Keene was very pleasantly surprised on her eighty-first birthday anniversary when three old-time friends from Moscow, Mrs. Harry Faulkins, Mrs. George Thorp and Mrs. George Smith, drove down from that place to spend the day with her at the Ira Havens home.

A sumptuous birthday dinner was served the guests by Mrs. Havens. In the afternoon Mrs. O. E. Havens, Mrs. Wade Keepe and Rilla Davidson were also guests.

The Moscow ladies, all members of the Christian church of which Mrs. Keene is a member, presented her with a beautiful Friendship quilt, as a token of esteem from that organization.

The guests departed wishing her many more happy birthdays.

On Sunday a birthday picnic dinner was held in her honor in the city park. Present were the Wade Keene, Ira Havens and O. E. Havens families.

It doesn't take much of a car at that to last some drivers a lifetime.

Celebrate Forty-Fifth Anniversary

Mr. and Mrs. Ira Foster celebrated their 45th wedding anniversary at their home near Kendrick on Friday, August 13, with a quiet anniversary dinner.

Mr. and Mrs. Henry Jones and two sons, daughter and son-in-law, of Bend, Oregon, were present, arriving that morning.

Mr. Jones returned to his work Sunday, Mrs. Jones and two sons staying for a longer visit.

LONG AWAITED ROAD CONTRACT FINALLY LET

The long awaited badly needed road on Bear Ridge, a link of the Arrow-Deary highway contract has finally been let, and road construction apparatus will soon arrive.

The contract for the construction of 6.086 miles of the Arrow-Deary highway, beginning at the end of the present Arrow-Deary highway, or Wild Rose cemetery, and extending toward Deary, was awarded on Friday, August 13, to the Peter Carbon & Sons Company of Spokane.

Beginning at the Wild Rose cemetery, road work will proceed toward Deary for a distance of three miles, one and one-half miles of which will be reshaping, ditching, grading and graveling of the old road, and one and one-half miles of which will be the construction of new road.

At the end of this three miles will be a blank or unimproved section of approximately three miles, and then three miles more of highway are to be constructed, which will tie in with the new gravel road from Texas ridge.

This route will give Texas ridge folks an all-year gravel road to Deary, but, unfortunately for the Kendrick merchants, not to Kendrick, some three miles being unimproved.

According to word from the local engineers office the road is to have a 20 foot roadbed, a base surfacing 12 feet in width and a final gravel topping 14 feet in width.

This road will indeed be a real help to Kendrick, since it will provide an all-gravel surfacing for the year-round operation of the Big Bear school bus and add that many more miles of gravel to the mail route. It is only to be regretted that the gravel could not have been completed all the way through. It would have been a real help to both Deary and Kendrick. But perhaps that will come within the next year or two. We can only wait and hope.

Wheat Rolling In

Harvest is now in full blast in this section of the country, and a steady stream of trucks may now be seen coming and going to the local warehouses.

The wheat this year is said to be of splendid quality, although is perhaps a bit more foul than usual, due to the unusually wet spring boosting the weeds as well as the grain. It is, however, said to be almost smut free, and that will help a lot. Contrary to most expectations, but little barley is coming in and oats are also said to be quite slow.

But all in all, this crop promises to be a splendid one.

Stewart-Brocke Nuptials

Miss Lucille Stewart of Juliaetta and Kenneth Brocke, Kendrick, were married Saturday morning at Lewiston by Probate Judge John L. Phillips. The young couple were accompanied to Lewiston by Mrs. Geo. Brocke.

They will make their home in the Brocke residence in the west part of town. Both young people were well known in the section and the best wishes of all go to them for a long and happy married life.

Suffers Broken Arm

Barbara Stedman, daughter of Mr. and Mrs. Fred Stedman of Bear Ridge, suffered a broken arm last Friday while swinging. She was pushing her small brother, Sammy, in a swing. In some manner the swing hit her, knocking her down. As she fell her arm struck a rock and was broken.

Mendenhall-Larnc Nuptials

Word has come to Kendrick of the marriage of Mrs. Nellie Mendenhall to Clifford Larnc at Enterprise, Oregon, Friday, August 6. Mrs. Larnc will be remembered here as Nellie Crocker.

Mr. Larnc is manager of the new Shell station at Lewiston, where they will make their home.

WHEAT MARKET UNSETTLED UNCERTAINTY OF SUPPLIES

Wheat markets remained unsettled during the second week in August with uncertainty as to final crop outturns still the dominant influence, according to the Weekly Grain Market Review of the Bureau of Agricultural Economics. Continued good prospects in most areas for corn and liberal offerings of oats and barley were principally responsible for the market weakness.

Wheat: Concern as to the quality of wheat that will be available for world needs during the 1937-38 season, remains the outstanding feature of the general wheat market situation. From present indications, world wheat supplies, outside of Russia and China, will be about the same as last year, with the reduction of about 245,000,000 bushels in the carry-over of old wheat about offset by increased production, which is estimated around 3,775,000,000 bushels. The crop in the Northern Hemisphere, not including Russia and China, is forecast at approximately 3,360,000,000 bushels, or about 295,000,000 bushels more than last year, with smaller crops in India and Asia more than offset by increases in the United States, Europe and Africa. A United States crop of approximately 890,000,000 bushels was forecast from August 1 conditions and with a carry-over of about 91,000,000 bushels, of old wheat, gives a total supply of 981,000,000 bushels, or about 200,000,000 bushels more than domestic utilization in recent years, after allowing for about normal carry-over. The Canadian crop, based on weather conditions, is estimated at around 165,000,000 bushels and European production about 1,483,000,000 bushels.

Domestic cash wheat markets declined 2c to 3c per bushel, influenced by continued liberal offerings of winter wheat, increased marketings of spring wheat, a relatively slow milling demand and practically no export inquiry. Receipts of winter wheat at the principal markets totaled 6,487 cars compared with 2,334 cars a year ago. The quality of the market receipts continued low with a large percentage grading No. 3 or lower, principally as a result of light test weight. Discounts have widened particularly on the lower weight grain, and prices of this quality have dropped to a feed grain basis. Demand for good milling wheat was fairly active but lower grades moved slowly and were taken principally by elevator interests.

At the close of the week, No. 2 hard winter, was quoted at \$1.08 1/2 to \$1.13 1/2. Sample grades of hard wheat testing 50 pounds sold at around 95c per bushel. No. 2 soft red winter was quoted nominally at \$1.09 1/2 to \$1.13 1/2 with No. 4 at \$1.01 1/2, No. 5 at 89 1/2c and sample grades as low as 75c per bushel. At St. Louis, No. 2 red winter was quoted at \$1.13 to \$1.15, No. 4 at \$1.02 to \$1.08 and No. 5 at 91c to \$1.00 1/2 per bushel. No. 2 hard winter was quoted at \$1.17 1/2 to \$1.18. Receipts dropped off sharply at Chicago and premiums on cash grain increased 1/2c to 2c per bushel. No. 2 soft red winter was quoted at \$1.16 to \$1.18 1/2 and No. 2 hard winter at \$1.17 to \$1.20 1/2 per bushel.

Marketings of spring wheat increased, with 1,447 cars of all classes received at Minneapolis and 389 cars at Duluth. Test weight continued to range from 44 to 57 1/2 pounds with only a few cars of heavier weights. Of the 1,053 cars inspected from August 1 to 10th inclusive, all but 31 cars were classed as Dark Northern Spring, but less than 25 percent graded No. 2 or better. Premiums on good milling wheat held firm but were narrowed on lighter weights. No. 1 dark northern was quoted at 11c to 17c over the September price which closed August 13, at \$1.24. 56 pound wheat sold at 3c to 10c over, while 50 pound wheat brought 16c to 12c under the September price.

Durum declined more than bread wheats with the September future at Duluth down 3 1/4c. Old wheat continued to bring substantial premiums over the new wheat since offerings were mostly of imported grain of good quality. Cash premiums were mostly nominal, but No. 1 amber was quoted at Minneapolis at 1c to 3c over the Duluth September, which closed August 13, at \$1.05 1/2.

Intermountain and Pacific Coast markets also turned somewhat weaker with increased offerings. Denver mills were bidding 95c per bushel

Arrives To Start Work
Don Lyle, new Smith-Hughes agriculture instructor in the Kendrick schools is now here, working with W. O. Orr, present instructor, to acquaint himself with all projects before the opening of school.

Read the ads.—keep posted.

FAIRVIEW ITEMS

James Helton of Kimberly visited several days last week in the Oney Walker home.
Miss Nellie Woodward of Moscow is home on a vacation.
Mr. and Mrs. R. E. Woody were Lewiston visitors Friday.

Miss Mary Davidson spent Saturday in Lewiston.
Mr. and Mrs. Bruce Glenn called at the John Glenn and Fred Glenn homes Sunday afternoon.
Mrs. Harold Parks and children spent Sunday afternoon with Mrs. R. E. Woody.

Mr. and Mrs. Roy Morgan and Lois called in the John Glenn home Sunday afternoon.
Mrs. Roy Craig spent Tuesday with her parents, Mr. and Mrs. Stewart Heffel.

Mrs. Fred Glenn and Mary Ann spent Tuesday afternoon with Mrs. Edgar Carlson in Juliaetta.
Mrs. R. E. Woody spent Tuesday afternoon with her sister, Mrs. Roy Morgan.
Mr. and Mrs. Paul Dagefoerde and baby were Lewiston visitors Wednesday.

Home On Furlough
Frank Castor who has been confined to the Veteran's Hospital in Walla Walla with arthritis for the past sixteen months, returned to his home in Kendrick, Saturday evening. He is now able to get about with the aid of his crutches. His many friends are all glad to hear of his recovery. He is home on a fifteen day furlough and will have to return about the 28th of August.

Three Sets Tonsils Removed
Dr. D. A. Christensen reports the removal of three pairs of tonsils. On Tuesday, August 17 Miss Emma Denner, Juliaetta, had hers removed, as did Herbert Harrison, son of Mr. and Mrs. Lyle Harrison, Cameron.

On Wednesday, August 18, Janice DePeel, daughter of Mr. and Mrs. Robt. DePeel, Kendrick, had hers removed.
All concerned are getting along nicely.

Has Narrow Escape
Parker McCreary, three-year-old son of Mr. and Mrs. W. L. McCreary had a miraculous escape from serious injury or possible death Wednesday morning when he opened a rear door of the sedan driven by his mother, and fell out on the grass at the edge of the pavement. He was quite badly shaken up and bruised but no bones were broken, nor were there any serious cuts.

New Arrivals
Mr. and Mrs. Roy Osborn of Texas ridge are the proud parents of a 6-pound baby girl, born to them Saturday, August 14.
Mr. and Mrs. Elmer Lohman, Cameron, are entertaining a 7½-pound baby boy at their home, born on Tuesday, August 17.
All concerned are doing nicely.

Suffers Injury In Fall
Patty Harrison, daughter of Mr. and Mrs. Lyle Harrison, Cameron, fell from an apple tree Sunday at her home. A limb snag caught under her left arm, tearing the flesh quite badly. Six stitches were required to close the tear.

Bitten By Dog
Betty Davidson, daughter of Mr. and Mrs. George Davidson, suffered a severe laceration on her upper lip Tuesday, August 17, when that member was bitten through by a dog. Three stitches were required to close the wound.

A Yakima Indian tribe demands a \$2 a day minimum wage and two hamburgers three times a day. Even the Indians seem to be going New Deal.

KENDRICK, IDAHO

"The Holy Terror"

This week's offering at the Kendrick Theatre will be that lovable little imp of mischief, Jane Withers, in "The Holy Terror". Jane is the pet of a government naval air base, and gets into so much trouble that a sailor is assigned to look after her, but is so in love with the pretty girl who runs the "Golden Anchorage", a sailors hangout, that he spends almost all of his time there. The story goes on, replete with Jane's antics, until the gods stage a musical show which ends in a riot when strangers are discovered in the audience. All are jailed and then the fun starts.

It's really worth your while to see the hilarity and action that take place in this story. Of course there is a love theme too.

Mrs. Brown gave a kettle to the local tinner to mend. Here is the conversation; try to read it aloud: "Are you copper bottoming 'em?" "No, I'm alumining 'em, mum."

4-H Membership Grows
One of the most hopeful signs for the future of agriculture, the Michigan Farmer points out, is that the enrollment in 4-H clubs passed the million mark for the first time, in 1936. Membership continues to increase.
The young men and women who join the 4-H will be the producers of tomorrow. In their club work, they are instructed in new methods and techniques that make it possible for the farmer to raise larger crops and earn a greater return. They are given an opportunity to develop qualities of leadership that will prove invaluable to them in the future—for example, in the agricultural cooperative movement which is constantly growing in size and economic and social significance. In brief, they are wisely making careers of farming.

A big bull down in New Mexico the other day charged headlong into a Santa Fe railway engine. He evidently didn't have any more sense than a lot of automobile drivers.

NOTICE OF APPLICATION FOR PATENT

NOTICE IS HEREBY GIVEN, that COLUMBIA MINES CORPORATION, an Idaho corporation with registered office in the city of Coeur d'Alene, Idaho, and the post office address care, W. F. McNaughton, Coeur d'Alene, Idaho, has made application for United States Patent for Calcite, Teddy, Chancellor and Easton Lode Mining claims situated in Hoodoo Mining District, Latah County, Idaho, with lineal feet of each lode and the respective distances and directions from the respective discovery shafts thereof, and with surface ground on each side of said respective lodes, as follows, to-wit:

On CALCITE lode 1500 ft., being 340 feet easterly and 1160 feet westerly from the discovery cut with surface ground 300 feet in width on each side of the center line of said lode.

On TEDDY Lode, 1500 feet, being 323 feet northerly and 1177 feet southerly from the discovery cut with surface ground 300 feet in width on each side of the center line of said lode.

On CHANCELOR Lode, 1500 feet, being 105 feet northerly and 1395 feet southerly from the discovery cut with surface ground 300 feet in width on each side of the center line of said lode.

On EASTON Lode, 1500 feet, being 1386 feet easterly and 114 feet westerly from the discovery cut with surface ground 300 feet in width on each side of the center line of said lode.

All of said claims bearing and being valuable for the zinc, lead, copper, gold and silver, and other valuable minerals contained therein, and all being in Hoodoo Mining District, Latah County, Idaho, being designated by field notes and official plat on file in the office of the Register of the Coeur d'Alene District United States Land Office, Coeur d'Alene, Idaho, as Mineral Survey No. 231 in Sections 7 and 8, Township 42 North, Range 1, West E. M. Hoodoo Mining District, Latah County, Idaho, known as and called Calcite, Teddy, Chancellor and Easton Lode Mining Claims and which are more fully described as to metes and bounds by said official plat and field notes of survey now on file in said land office and which by reference are made part hereof and being bounded and described as follows:

CALCITE LODE
Beginning at Cor. No. 1 of the Calcite Lode, The ¼ Sec. cor. on the boundary between Secs. 7 & 8, T. 42 N., R. 1, W. B. M., bears S. 88 degrees 29 minutes W., 525.3 ft. dist. Thence S. 25 degrees 19 minutes E. 600 ft. to Cor. No. 2. Thence S. 64 degrees 41 minutes W. 1500 ft. to Cor. No. 3. Thence N. 25 degrees 19 minutes W. 600 ft. to Cor. No. 4. Thence N. 64 degrees 41 minutes E. 1500 ft. to Cor. No. 1 and place of beginning.

TEDDY LODE
Beginning at Cor. No. 1 on Line 4-1 Calcite Lode of this survey, the ¼ cor. between Secs. 7 and 8 bears N. 32 degrees 2 minutes W., 213.4 ft. dist., previously described; Thence S. 64 degrees 41 minutes W., along line 1-4 Calcite lode of this survey, 600 ft. to Cor. No. 2. Thence N. 25 degrees 12 minutes W., 1500 ft. to Cor. No. 3. Thence N. 64 degrees 41 minutes E., 600 ft. to Cor. No. 4. Thence S. 25 degrees 12 minutes E., 1500 ft. to Cor. No. 1 and place of beginning.

CHANCELOR LODE
Beginning at Cor. No. 1 of the Chancellor Lode, which is identical with Cor. No. 1 Teddy Lode of this survey Thence N. 25 degrees 12 minutes W. along line 1-4 Teddy Lode of this survey, 1500 ft. to Cor. No. 2, which is identical with Cor. No. 4 Teddy Lode of this survey Thence N. 64 degrees 41 minutes E. 600 ft. to Cor. No. 3. Thence S. 19 degrees 42 minutes E. 1507.2 ft. to Cor. No. 4, identical with Cor. No. 1 Calcite Lode of this survey Thence S. 64 degrees 41 minutes W., 455.7 ft. to Cor. No. 1 and place of beginning.

EASTON LODE
Beginning at Cor. No. 1 of the Easton Lode, on line 3-4 Chancellor Lode of this survey, the ¼ cor. between Secs. 7 and 8 bears S. 67 degrees and 25 minutes W., 499.72 ft. dist., previously described. Thence N. 25 degrees 12 minutes W., 600 ft. to Cor. No. 2. Thence N. 60 degrees 21 minutes E., 1500 ft. to Cor. No. 3. Thence S. 25 degrees 12 minutes E., 600 ft. to Cor. No. 4. Thence S. 50 degrees 21 minutes W., 1500 ft. to Cor. No. 1 and place of beginning.

The magnetic variation observed at each corner of the survey gave a uniform value of 21 degrees 45 minutes E.

Total area of Calcite Lode	20.661
Total area of Teddy Lode	20.661
Total area of Chancellor Lode	18.175
Total area of Easton Lode	20.007

Area in conflict with... 0.408
The original notices of location and amended locations of said claims are recorded in the office of the Recorder of Mining Locations of Latah County, Idaho, in Mining Location record books of said County in book and page respectively as follows:

Name	Book	Page
CALCITE	Original...5	52
	Amended...5	237
TEDDY	Original...4	71
	Amended...4	226
CHANCELOR	Original...4	93
	Amended...4	227
EASTON	Original...5	51
	Amended...5	238

and to which reference is made for the particulars therein contained and which by reference are made part hereof.

Said area and claims sought to be patented is and are for the most part, or substantially, bounded by other unpatented lode mining claims owned by applicant, as follows: Northerly side—Hecla, Inevitable, Paul and Red Metals; easterly side—Paul, Star, and Sunshine; southerly side—Sunshine, Ernest R., and Eleanor Jean; and westerly side—Jay D., and Merger.

All persons claiming adversely the mineral ground, veins, lodes and premises covered by patent application, or any portion thereof or interest therein, are hereby notified that unless their adverse claims are duly filed according to law with the Register of the United States Land Office at Coeur d'Alene, Idaho, they will be barred by virtue of the statutes and laws of the United States.

Last pub. Sept. 9, 1937.

WHEAT MARKET UNSETTLED
UNCERTAINTY OF SUPPLIES
for 12 percent protein No. 2 hard winter and No. 2 northern spring, FOB Colorado shipping points. Receipts at Ogden increased to 212 cars with ideal weather for harvesting and local mills lowered quotations on No. 2 soft and hard white wheat to 79c and on No. 2 northern spring and hard winter to 80c per bushel FOB Utah-Idaho common points.

Prices at Portland declined around 1½c per bushel, hard white (Big Bend bluestem or baart) quoted at \$1.02½, soft white and western white at \$1.01½, hard winter and western red at \$1.02½, and local northern spring, at \$1.27 per bushel all basis No. 1 grade, sacked. Receipts at Puget Sound and Columbia river terminals increased to 1,163 cars, but consisted principally of old wheat. The few cars of new wheat included in the arrivals were mostly consigned for storage.

Foreign markets were rather unsettled. Prices at Winnipeg advanced nearly 6c per bushel, influenced principally by the short crop and small stocks of old wheat. Stocks of old wheat in Canada at the close of July totaled 32,739,852 bushels, compared with over 108,000,000 bushels on hand a year ago. Condition of spring wheat in Canada July 31, was only 35 percent of the long time average yield per acre, the lowest in the 30 years of continuous records. No. 1 Manitoba northern was quoted at Winnipeg August 13, at \$1.33½ and No. 2 Canadian western durum at \$1.05½ per bushel.

The San Francisco wheat market was dull and somewhat weaker during the week largely influenced by declines in other markets and the larger California outturn than anticipated earlier in the season.

Pacific Northwestern barley markets were quiet with no carlot receipts reported at Portland and demand slow from all classes of trade. Both growers and dealers were inclined to await further market developments before contracting supplies. Some inquiry from Middlewestern industries for malting types was in evidence but prices were below current local values in Pacific northwestern areas. At the close of the week, prices at Portland were around 5c per 100 below a week ago with No. 2 bright western, testing 45 pounds per bushel was quoted at \$1.45 per 100, sacked basis.

Domestic oats markets were unsettled with prices fluctuating with other grains but with markets displaying an easier tone in sympathy with the prospective large seasonal supplies and some pressure from new crop offerings. The Portland market tended downward influenced by the approaching heavier movement of new grain. Harvesting has begun in the Willamette Valley area but no new oats have yet arrived at Portland. Offerings of oats from Middlewestern areas were around the same level as local values. No. 2 white oats were quoted at Portland about 5c under a week ago at \$1.30 per 100, sacked basis.

Idaho Farmers Harvest Bumper Crop
Idaho's potato crop—with harvesting under way in some sections—was forecast at 26,775,000 bushels, fifth larger than last year and 28 percent greater than the 1928-1932 average.

The above-normal crop will be realized, predicted Agricultural Statistician Richard C. Ross, despite "thin or spotted stands of potatoes in some sections."

Growing conditions during July, Ross said, resulted in August 1 predictions of better yields of potatoes, grains and sugar beets than a month earlier, but brought declines in harvest forecasts for dry beans, prunes, cherries, pears, and grapes.

Condition of other crops was unchanged. "Good July rains improved grain prospects, particularly in the non-irrigated areas," Ross said.

"Yields of winter wheat are higher than average and production is indicated to be 14,196,000 bushels. Non-irrigated spring wheat also was benefited by the rains and this improvement, with good irrigated yields, has resulted in an indicated crop of 12,312,000 bushels."

Indicated 1937 production, compared with actual 1936 yield of principal Idaho crops:

Corn, 1,120,000 bushels and 957,000 bushels; fall wheat, 26,508,000 and 26,096,000; oats, 4,536,000 and 4,716,000; barley, 3,640,000 and 3,432,000; alfalfa hay, 1,953,000 tons and 2,130,000 tons; potatoes, 26,775,000

We Want Grain!

WE'RE IN THE MARKET FOR YOUR WHEAT, OATS, BARLEY AND BEANS!

Having bought and sold over 2,000,000 bushels of grain last year, we believe we are the largest dealers of grain in Idaho.

Naturally, handling grain in such volume, we are able to find the best markets available — and this enables us to pay the highest market prices at all times!

bushels and 22,260,000 bushels; apples, 4,880,000 and 2,900,000; peaches, 12,000 and 175,000; pears, 50,000 and 60,000; cherries, 500 tons and 619,000 tons; dry beans, 1,391,000 bags and 1,248,000 bags.

Spent Billion Last Year On Roads
State highway departments received and expended more than a billion dollars in the last year, the bureau of public roads reported Saturday.

Reports to the federal agency listed revenue of \$1,145,590,000 for 1936 and expenditures of \$1,131,151,000. Officials here said these totals were only a few million dollars short of the all time records in 1932.

Biggest source of income was payments by highway users in gasoline taxes and tolls from state operated bridges and ferries. These amounted to \$663,886,000.

Federal funds provided \$346,281,000 and other income included \$106,235,000 from sales of bonds and notes; \$14,741,000 received from general funds of states or similar sources, and \$14,447,000 from counties and other local sources.

The expenditures included \$607,284,000 for maintenance. State police, interest on highway debt and costs of equipment and administration boosted the total for state-administered highways to \$947,085,000. Bond retirement during 1936 took \$79,171,000 and \$104,895,000 was transferred for use on local and park roads or non-highway purposes.

Pennsylvania topped all states by spending more than \$80,000,000 on highways last year.

The income for highway purposes and total expenditures by states (in thousands of dollars) included: California, \$52,822 and \$58,668; Idaho, \$9,446 and \$9,115; Montana, \$12,250 and \$12,939; Oregon, \$19,583 and \$21,833; Utah, \$7,899 and \$7,481; Washington, \$24,049 and \$23,858; and Wyoming, \$6,338 and \$6,545.

"Pickup" Paper For 1938 Walls
Now we have cocktail wallpaper—a pickup for the morning after the night before.

Cigarettes, hors d'oeuvres and cocktail glasses are bestrewn in a new pattern at the wallpaper show being held in New York.

"For a breakfast room," murmured a bystander.
"It could also be used in a bar," said a show attendant, brightly.
Hideous wallpaper is "out," and harmonious colors and patterns are in, said attendants summarizing 1938 styles.

Eighteenth century flowers and birds outnumber "modernistic" patterns. Stylists think it's partly because regency fashions are returning in women's dress.

There are ocean liners, whaling ships, airplanes and a horse and buggy on some of the papers, hunting and fishing scenes and one pattern

HAROLD THOMAS, Editor

EDITORIAL

Well, Folks—Here it is just past the middle of August—and on some of the ridges bad frost has already hit. But this day and age no farmer is carry all his eggs in one basket—for regardless, he always has old bossy and the cream check! And that cream check means right-now cash if he brings it to us. No waiting, no fuss, no bother. Bring in the can—take out the cash!

By the way—what about butter? Why churn at home these busy days? Let us do it! Try our butter. It is really good

Then there was the absent-minded motorist who changed his oil every day—and his shirt every 500 miles.

Mother (at 2:00): "You needn't have waited up for me, Ruth."
"I know, mother, but some one has to let Grannie in."

"What is your son in college?"
"Halfback."
"No—I mean in his studies."
"Oh—Way back!"

Here lies the body of Jim McGain, Who didn't get the hall of fame For he stepped on the gas to beat —A train.

ed at the Glen Betts home Wednesday evening.

Mrs. Jennings and daughter spent the past week with her daughter, Mrs. Abner Cowger.

Mr. and Mrs. Clarence Bell were Genesee visitors Sunday.

Holly, a sister of the Martin brothers, Missouri, came up from Lewiston Sunday to make them an indefinite visit.

Lloyd McKinney, Welppe, spent Saturday night and Sunday at the Glen Betts home. Mr. and Mrs. Carl Finke and George Finke spent the day there. Mr. and Mrs. Robert Hydrons and daughters were callers in the afternoon.

We had a killing frost Saturday night. It damaged some of the gardens and field beans.

We understand John Lind has the contract for reshingling the school house and adding an entrance room.

Mrs. G. Lasier spent Sunday at the W. A. Cowger home.

Mr. and Mrs. Steigers of Lenore were callers at the Cowger home Sunday afternoon.

Milton Benjamin has been hauling weed to the school house.

Mrs. Abner Cowger and son spent Monday with her mother, Mrs. Jennings.

Mrs. Emma Betts and Russell visited with Mr. and Mrs. Homer Betts and Mrs. Gilman Sunday. Mr. and Mrs. Dick Winegardner and sons were also guests.

Mr. and Mrs. W. A. Cowger and son Abner were Orofino visitors on Monday.

Mr. and Mrs. Fred Cowger spent Sunday at the W. A. Cowger home.

Alvin Starr was home over the week-end.

Clayton and Ishmael Martin spent from Wednesday until Monday in Peck with Walter Nead and family.

TEAKEAN GOSSIP

We had a heavy frost Sunday morning, which damaged some gardens. It also was hard on the bean crop and killed most of the potatoes and some sweet corn.

A birthday dinner was enjoyed at the home of Mr. and Mrs. L. Clanin Sunday. Those present were Mrs. Carrie Herring and son Elbert and daughter Stella, Mr. and Mrs. John Lind and grandsons, Leon, Eugene and Wayne, Mr. and Mrs. Merton Preussler and Marie and Mrs. Lottie Brock and children. The dinner was in honor of Mrs. John Lind and Marie Preussler.

Mr. and Mrs. Wm. Groseclose and Carroll and Mrs. Anna Harless and Ethel drove to Cavendish Sunday afternoon to hear Rev. Metcalf deliver a sermon.

The Huffman threshing machine closed down for a few days because of grain not being ripe enough to thresh.

Earl Schliefer is binding the grain on the Brock place this week.

Mr. and Mrs. E. M. Harrington are visiting in Lewiston this week.

Mrs. Olive Preussler and Marie visited with Mrs. Wm. Groseclose Tuesday afternoon.

Mr. and Mrs. Martin and family of Clarkston are visiting at the Gifford Brown home. Mrs. Brown is their daughter.

Rev. and Mrs. Carl Posey of Ah-sahka called at the Wm. Groseclose home last week. They will not hold services here during the harvest season.

BIG BEAR BREVITIES

The G. Forest family of Deary visited recently at the Albert Nelson home.

David Ross, County Superintendent, was on the ridge last week on official business.

Mrs. Kate Galloway visited Sunday at the Bower home.

Herman Sneve was a Moscow visitor one day last week.

Glatha Comstock of Deary helped Mrs. Roy Emmett last week.

Mr. and Mrs. Marvin Blenden of Greer were recent ridge visitors.

Alice Gustafson visited relatives in Spokane last week.

Miss Betty Ingle spent last week visiting with friends near Twin Falls.

Miss Helen Flamoe of Genesee was on the ridge Sunday.

The Hilding Swan family of Fernwood and the Ralph McGraw family of Moscow were Sunday visitors at the Lester McGraw home.

Miss Betty Morey and Eula Huffman, accompanied by Newt. Morey and Henry Galloway, spent a few days near Whitebird, visiting the Maynard family there.

A heavy frost Saturday night did considerable damage to gardens and beanfields in the low sections.

Robert Clemenhagen was a Moscow visitor one day last week.

Albert Nelson and family drove to Spokane last week.

Mrs. Lucille Gentry of Lewiston was on the ridge last week visiting friends.

Miss Alcie Ingle is on an Oregon trip with friends.

Mr. and Mrs. Halvor Lien were recent visitors with relatives in Deary.

SOUTHWICK NEWS NOTES

Mrs. Ross Armitage and daughter spent from Friday until Tuesday at Kamiah with Ross.

Mr. and Mrs. Sherman Ward and Mrs. Minnie Bunger of Tacoma arrived last Friday to visit a few days at the Delbert Hayward home. Dorothy and Melvin Hayward returned home with them having spent the summer in Tacoma.

Mrs. J. G. Travis of Chester, Wash., Miss Thelma Bakken and Miss Hazel Jacobs of Billings, Montana, arrived last Thursday night to visit a few days at the Herman Travis home.

Lewiston visitors last Friday included Mrs. Mabel Hayward, John Stalnaker and T. J. Armitage.

Mr. and Mrs. Theo. Tuning and children, and Jesse Tuning of Greenleaf, Idaho, arrived here last week to look for work. They have a trailer house, so parked by their uncle, Ben Pressnall.

Mrs. Harp Fackenthal and boys visited with Phoebe last Wednesday afternoon.

Mr. and Mrs. Tom Weatherby and family of Dayton, Wash., visited at the Ben Pressnall home Monday.

Mrs. J. E. Long spent a few days last week with Mrs. Wm. Kauder.

Mr. and Mrs. Arnold Cuddy and family spent Sunday at the Ray Cuddy home at Gold Hill.

Dan Ziemann and Mr. and Mrs. O. P. Divil spent Saturday and Sunday at McCall, Idaho, where Dan attended a convention.

Miss Roxanna Stump spent a few days the first of this week with relatives in Pullman.

When the government checks stop floating around like confetti maybe we will have a real political snow storm.

During the World War we had government officials who drew only a dollar a year. Now we have government officials who can spend a billion dollars a year.

Dr. Simmons Visits
Dr. Charles Simmons, Eye-sight Specialist of Lewiston spent his usual busy day at the Raby Hotel, taking care of the optical needs of his patients. He will return in September. In the meantime, those desiring to consult him may call at the Lewiston office, located over Schiffer's store. 34-1

Why You Should Choose the NORTH COAST LIMITED

ROLLER-BEARINGS for smoothness in its swift flights across the continent.

AIR-CONDITIONED for comfortable temperature, no matter what the weather — cleaned, pure air that keeps you refreshed and invigorated.

"FAMOUSLY GOOD" Northern Pacific meals, 50c up; also tray service in reclining chair coaches and Tourist sleepers — pie 10c; sandwiches, 10c; coffee 5c.

PRIVATE BEDROOMS if desired.

RADIO, baths, barber and valet services, buffet, coil spring mattresses — in fact all the comforts and conveniences of club or finest hotel.

THE COST? — no more than on an ordinary train. Direct to Yellowstone Park, Kansas City, Twin Cities, Chicago and intermediate points.

Let us quote you the surprisingly low fares East, now in effect. Ask your local Northern Pacific agent, or write —

C. L. TOWNSEND, Gen. Passenger Agent, Smith Tower, Seattle, Wash.
