VOLUME XXXXVII

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, OCTOBER 7, 1937

NO. 41

## ATTY. GENERAL TAYLOR WRITES OF STATE PROBLEMS

The public lands of the state are entrusted for direct control and disposition to the State Land Board, consisting of the Governor, Secretary of State, Attorney General, State Auditor and State Superintendent of Public Instruction. The Governor is president of the board, but in his absence one of the members presides. A majority of the board constitutes a quorum to transact business. Regular meetings must be held not less frequently than quarterly and adjourned or special meetings may be held at any time on call of the president or majority of the board. Complete records of the proceedings are kept.

The duties of the Land Board are as follows:

1. To exercise the general direction, control and disposition of the public lands of the state.
2. To appoint its executive officer, the land commissioner.
3. To perform legislative functions not inconsistent with law and to delegate to its executive officer and his assistants the execution of all policies adopted by it.
4. To review upon appeal all decisions of the land commissioner in contested matters.
5. To determine the policy, direct the work to be undertaken and appropriate from its funds the money necessary to carry out such work.
6. To prescribe regulations, not inconsistent with the law, for the government of the department, the conduct of its employees and clerks, the distribution and performance of its business and the custody, use and preservation of the records, papers, books, documents, and property pertaining thereto.

The management and disposition of the public lands of the state involves also the management and control of the state timber lands.

The forest lands of Idaho cover approximately 1,500,000 acres, on which there is the largest stand of white pine timber in the world. Besides this there are large amounts of cedar, Douglas fir, white fir, spruce and larch. As a matter of interest I mention the following, which was handed me by the state forester: One white pine tree was recently cut which was 425 years old. It was 207 feet high, 6 feet in diameter and sawed out 28,900 board feet, which was sold at \$7 per thousand. These forests are a source of great wealth to the state and their proper management is a matter of extreme importance. It is the practice when any person or company desires to purchase timber from the state, for them to submit a bid offering a stated price per thousand for the amount of timber on certain specified land, basing the figures upon the estimate of a cruiser. The board generally refers the matter to the state forester for his expert consideration and after such investigation as they have time and opportunity to make, decide for or against the bid. This bid, however, is not final for the timber is up for sale and the original bid is only fixed as the minimum price.

Frequently the timber is sold for more than the initial bid. At the present time timber is being cut on 104 pieces of land which were thus sold at separate sale, covering a total of 80,000 acres, the timber on which was sold for a total of \$2,885,585.70.

**Ever Hear Of Mount Ebert?**  
What mountain do tourists want to see first of all when they journey to Colorado? That's simple, isn't it? There's only one answer—Pike's Peak. Impressed on the mind of almost every one is the idea that Pike's Peak is the highest mountain in Colorado.

The facts, however, tell us that Mount Ebert is 14,420 feet high—311 feet higher than Pike's Peak. And there are at least a half dozen other mountains in Colorado that tower over Pike's Peak. So here is another victory for advertising! Since we were little children we have heard about this famous mountain. We've seen pictures of automobiles racing to its summit. It has become a familiar landmark to our minds, while Mount Ebert about which we have never heard, goes unmentioned and unsung.

A product may be superior, but unless the fact is advertised, few know anything about it, or buy it.

## Rev. Pryor Returns

Rev. and Mrs. T. J. Pryor arrived Saturday evening about 5 o'clock from Lincoln, Nebraska, and are located in the M. E. parsonage. Rev. Pryor left some two weeks before for Lincoln to bring Mrs. Pryor and their household goods to Kendrick. On their return trip they left Lincoln Monday morning in their car, with a heavily loaded trailer containing their household effects, and arrived in Kendrick Saturday evening. The trip was made without incident or accident, with the exception of a tire puncture shortly before arriving in Kendrick. The weather was good and roads excellent to within a few miles of Kendrick.

## U. S. BEAN ACREAGE BELOW AVERAGE—YIELDS LARGER

The United States bean acreage is below average this year, according to reports. However, September 1 conditions indicated that the average yield per acre will be about 795 pounds, the highest ever secured. This would make the total production of beans 14,272,000 bags. Only in 1935 were more beans than this produced. The production that year was 14,323,000 bags. The Idaho farm price for the 1935 crop of dry beans varied between \$2.05 and \$2.90 per 100 pounds. Prices were low enough during this period that bean imports were discouraged and bean exports and consumption in this country reached such high levels that on September 1, 1936, the carryover of old beans was actually smaller than it had been a year earlier.

A higher price level and stronger consumer demand should keep bean prices during the coming marketing season somewhat above the level of prices paid for the 1935 crop, unless the crop proves to be substantially larger than the September 1 estimate indicated.

Indicated bean production in Idaho is slightly below the 1928-32 average but well above that of 1935 and 1936. For the Great Northern area as a whole, production of all kinds of beans is a little above average.

## Jap Generals Are Cheap

The current Chinese quotation on a live Japanese general is 14.50, Japanese military authorities report.

They said their information came from a Chinese government "price-list" found on a prisoner taken in the Shanghai fighting. It purportedly itemized the price to be paid for the capture of everything from a Japanese rifle to a Japanese warship. The quotations in United States currency:

For capturing a private, \$5.80; an officer, \$8.70; a general, \$14.50; rifle, or pistol, \$1.45; a tank, \$145; an airplane, \$290; a heavy machine gun, \$23.20, and a destroyer, \$2,900.

The biggest catch in all is a major warship, with \$14,500 to the men who capture one, the Japanese said.

## Road Work Slowed By Rain

Work on the Deary-Big Bear road has been slowed down by recent rains and is practically at a standstill for the present. The Deary end of the work is rough-graded and will be ready for the surfacing as soon as weather conditions will permit. The crusher is in place and ready for work.

Some two and one half miles of rough grade has been finished on this end of the project and will be ready for gravel as soon as weather conditions will permit. There is still some grading yet to be done.

## Ranch Changes Hands

Pete Stump has bought the Rachel Daugherty place, at the head of Sperry grade, which has been farmed by Mr. and Mrs. Clifford Davidson for the past ten years, and Mr. Stump will make it his home as soon as it is vacated.

Mr. and Mrs. Davidson have rented the lower part of the west McDowell brick house and will move to town as soon as they hold a sale, which will be within the next week.

## Surprise Party

A number of friends gathered at the home of Mr. and Mrs. O. E. Havens Thursday evening to surprise them on their twenty-second wedding anniversary. Bringing well-filled baskets with them, the self-invited guests served a sumptuous supper, after which all enjoyed a game of bridge.

Wade Keene, Mr. and Mrs. Geo. Havens, Mr. and Mrs. Ira Havens and Mr. and Mrs. H. B. Thompson.

## IDAHO TO RECEIVE \$50,000 PER YEAR FOR WILD LIFE

Idaho will receive each year federal funds in excess of fifty thousand dollars for wildlife restoration, according to the provisions of the act signed by President Roosevelt on September 2. The act becomes effective July 1, 1938, W. R. McIntyre, State Fish and Game Warden said. The state's wildlife portion of the first project expenditure will be \$52,105.25, and to this the state will add \$17,368.41, which is to be expended in the improvement of the state's wildlife conditions in accordance with a carefully planned program.

The new law authorizes appropriations equal to a revenue derived from Federal taxes on firearms, shells, and cartridges for a Federal-State wildlife program. Subsequent receipts from this tax may total \$3,000,000 yearly. This is the first time these funds have been available for this purpose. The projects will include the selection, acquisition, and development of areas for wildlife and also research on wildlife management problems.

Idaho will receive \$38,247.83 on its area, which represents about 46 cents for each square mile, and \$13,857.42, which is 23 cents for each hunting license sold. These figures are based upon the 1935 reports. The total from the government will be \$52,105.25 to which will be added \$17,368.41, representing the state's contribution to wildlife restoration.

States sharing in the fund will provide funds equal to one-third of the Federal allotment. Idaho's participation will follow its assent to the provisions of the act and enactment of wildlife conservation laws, "which shall include a prohibition against the diversion of license fees paid by hunters," for any other purpose than the administration of the state fish and game department.

The enlarged Federal wildlife program has been laid out in a manner similar to that provided by the Federal-State Highway act, and the process of administering the new act will be similar.

With the added funds, which will be effective next year, Idaho will be able to carry on the extensive fish and game program which has been planned by Game Warden McIntyre. This will put more fish in the streams and more game birds throughout the state which is the policy of Governor Barzilla W. Clark.

## May Be Extra Session

Both President Roosevelt and Secretary of Agriculture Wallace have indicated that a special session of congress may be called to try and iron out some of the wrinkles that have been put in the President's program during the past several months.

President Roosevelt has said that the method used is not of so much consequence as the accomplishing of his purposes, one of which is to secure a firmer grip on the farming situation in the U. S. A.

## A Freak Pumpkin

G. A. Wayland brought to town Wednesday afternoon a freak cow pumpkin that weighed 20½ pounds. The freak was composed of two perfectly formed pumpkins, grown together in "Siamese Twin" formation. It is on display in the window of the office of W. J. Carroll.

## Breaks Hip In Fall

W. I. Combs, 82, residing at Juliaetta, had the misfortune to fall and break his right hip on Friday of last week. The fracture was reduced by Dr. D. A. Christensen, who said his patient is doing as well as could be expected. Mr. Combs is in his home at Juliaetta.

## Streets Bladed

Monday morning the Kendrick streets received a much-needed smoothing-down. It had been so dry during the past three months that it was impossible to do anything to them and they were becoming somewhat worn and rutty.

## Have Gone Hunting

Vester and David Daniels of Lenore and Silvie Cook left Sunday on a big game hunting trip that will take them into the Sherman Saddle section.

## Tonsils Removed

Vernon Fairley of Peck had his tonsils removed at the office of Dr. Christensen Wednesday morning.

## ONLY ONE DEER AND ONE ELK MAY BE KILLED IN YEAR

Idaho hunters can take only one deer and one elk per year either in special hunts or in the open season. This is the opinion rendered by Attorney General J. W. Taylor at the request of W. R. McIntyre, game warden. The impression of many hunters was that they could kill big game under the special permit on the open areas, in addition to being permitted to kill extra deer or elk during the regular open seasons. The opinion of the Attorney General says that only one animal of the species in which the law permitted could be killed in the year.

The opinion of the Attorney General follows:

"The provisions of chapter 96, 1935 Session Laws authorizing special hunting areas intended to permit the opening of otherwise closed areas for a specified fee and under limited conditions. That act expressly makes the right to take deer or elk subject to the general game laws of the state. It follows that chapter 96 does not grant the right to take additional deer or elk, and the right to take deer or elk is limited to one deer per year under the general game laws."

Persons who receive permits for the special deer or elk hunts, and who transfer them to other hunters, will still be eligible to participate in the other special or regular hunts and can receive their tags for the animals killed, Warden McIntyre said. This order was issued when it was found that many hunters who had secured permits were unable to go on the hunt when they had planned.

Checkers for the game department on duty in the Selway game preserve have given many valuable reports upon the game and feed conditions in the district, according to McIntyre. Salt for the game on the preserves is being hauled to many of the points for the game through the cooperation of the United States forest service and the state game department. The salt will be put out this winter wherever there are sheds of shelter to protect it from the fall rains and snow. If the salt cannot be placed in protection on the preserves, it will not be put out until late spring and summer for the large game animals.

## Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial club will be held in the Fraternal Temple Monday evening, October 11. Dinner will be served at 6:30 and every one interested in our little city is asked to attend—and please be on time.

The Kendrick Commercial Club has accomplished more, by their deliberations and recommendations, than has any agency and every one interested in the town or surrounding country should take enough interest in what is being done to attend and lend a hand.

There will be a special program—R. K. Bonnet of Moscow will deliver an address, which will be illustrated with moving pictures. The wives of members are cordially invited to attend.

Don't forget the date—October 11. The time—6:30 p. m.

## Snow On Ridges

Reports reached town Tuesday that snow had fallen at Cameron and other points on higher ground that morning. Of course the fall was light, but it is a gentle reminder that old man Winter is "just around the corner" and that coal bins and woodpiles will soon be receiving regular visits from the householders.

## Ladies Work at Parsonage

Three members of the M. E. Ladies Aid last week "broke into" the parsonage and proceeded to paper two rooms before the return to Rev. and Mrs. T. J. Pryor with their household goods from Lincoln, Nebraska.

## Infantile Paralysis

There is one mild case of infantile paralysis in the Jesse Thornton home, Leland. The attending physician says he does not expect any more cases to develop.

## After Big Game

Walt Bigham and W. L. McCreary left Sunday morning on a big game hunt which will take them into the Chimney creek section.

## Truck Sent Over Grade

A hunting party made up of C. G. Compton, Stewart Compton and son Dean left Monday for a big game hunt, but had their trip cut short when they met a truck on the Greer grade, which side-swiped them and sent their truck over the grade, it turned over three times in the descent down some 500 feet. C. G. Compton was knocked unconscious, in which condition he remained for several hours, but after regaining consciousness he was seemingly unhurt with the exception of being badly shaken up and bruised. The other members of the party were unhurt.

## IDAHO LEADS STATES IN PERCENTAGE AUTO DEATHS

Death continues to reign supreme upon the nation's streets and highways with what will probably be a toll of more than forty thousand lives sacrificed during 1937. The first eight months of this year records a toll of 24,250 American citizens who have been taken in the traffic slaughter in the "pace that kills." This is an alarming and startling increase of eleven per cent over the same period in 1936—the year in which the all-time high mark of 26,500 was established, according to the announcement of the National Safety Council.

Deaths in the nation during August numbered 3,850 compared with 3,740 in the same month last year. Regarding this increase of three per cent, council statisticians pointed out the August increase of three per cent was more than matched by the fourteen per cent rise in automobile travel as gauged by gasoline consumption figures, while the eleven per cent increase since the first of this year was equalized by an identical up-swing in motor mileage.

It is expected by the council that the deaths-for-mile ratio will be lower than 1936 if the current trend holds.

New York led the cities with 528 deaths in the eight months and Chicago was second with 511.

Twelve states reduced their traffic fatalities in comparison with 1936. They were: Kansas, leading with 20 per cent decrease, Maine, Arizona, Washington, Oklahoma, West Virginia, South Carolina, Virginia, Florida, Nevada, Georgia and Iowa.

According to the figures announced by the National Safety Council, Idaho still leads the states showing the greatest increase in the percentage of automobile deaths for this year. Idaho has 69 per cent with New Hampshire 68 per cent and Delaware 59 per cent for the other low states.

The automobile fatalities in Idaho for the first eight months were 125 as compared to 90 for the same period last year. The accidents in August were 23 against 29 for the same month a year ago.

## Northern Lights Display

For the third time this year, according to the Lewiston Tribune, an unusual display of northern lights was to be seen from that city Sunday night beginning at 9:42 and lasting for 33 minutes.

The display was also visible from Kendrick on that evening and was unusually beautiful, the colors varying from silver to a deep pink, the phenomena resembling a rainstorm with the sun shining behind. It was indeed a gorgeous and unusual sight.

## Many Killed Over Week-End

According to news dispatches 147 persons lost their lives in auto accidents over the week-end. High-powered cars, too much speed, and other reasons are causing the death toll to mount much higher than that of last year. A little less speed, more caution and a due regard for the rights of others might lessen the terrible toll being taken each week-end.

## New Section Foreman Here

Arthur Stauffer, formerly of Ritzville, Wash., arrived here to take charge as section foreman the first of the month.

His wife and two daughters will remain in Ritzville this winter to finish school there.

## Fine Rain Falls Here

Kendrick, like many other sections of the country, received a much needed rain Saturday, Saturday night and Sunday forenoon, which was appreciated. However, more can be used to good advantage.

## MARKETS STRENGTHEN.— DUE TO EXPORT DEMAND

Domestic wheat markets turned firmer during the week ending October 1, according to the Weekly Grain Market Review of the Bureau of Agricultural Economics, with the broadening of export demand for American wheat the principal strengthening influence. Oats and barley held about steady.

While European buyers have recently increased purchases of Canadian and United States wheat, world trade continues at a relatively low level despite short supplies in important deficit areas. World shipments of wheat and flour, July through September, amounted to only 92,548,000 bushels, compared with 111,569,000 bushels for the corresponding period last season. The smaller imports this season are attributed largely to heavier utilization of domestic grain, relatively high wheat prices and scarcity of shipping space with high ocean freight rates. An outstanding feature of the world wheat trade this season has been the re-entry of the United States, India and Russia into the ranks of exporting countries. United States overseas shipments of wheat and flour July through September totaled around 12,000,000 bushels, while about 8,000,000 bushels cleared from south Russian ports and 500,000 bushels from India, in contrast to last season when the United States was a net importer and very light shipments were reported from south Russia and India.

Surplus stocks in Canada, Argentina and Australia, which in recent years have provided more than three-fourths of the world trade, are materially smaller than a year ago. The Canadian surplus for export is less than 100,000,000 bushels, while supplies in the Southern Hemisphere are also abnormally low. The remaining surplus in Argentina is placed at 12,000,000 bushels, or only about enough for the Brazilian trade, while around 18,000,000 bushels remained for export in Australia. European takings of wheat have decreased slightly from those of a year ago and less has gone to other countries. Northwestern European countries, including Scandinavia, Belgium, Netherlands and Germany, have increased their imports of foreign wheat. Clearances to the United Kingdom on "orders" have shown a slight decline from those of a year ago, while recent reductions are also in evidence in shipments to Italy and central European countries.

## Fix Ridge News Items

Mrs. Augusta Hain and Mrs. Williams of Pomeroy visited with Mrs. Martha Fleiger Wednesday of last week.

Mr. and Mrs. George Giese entertained at an aluminum dinner Wednesday night. The guests were: Mr. and Mrs. Alvin Nye, Mr. and Mrs. Caus Clark, Mr. and Mrs. Adolph Dennler, Martha Freida, and George Dennler.

Mr. and Mrs. A. R. Lougee and family of Gifford called on Mrs. Kuni Dennler Wednesday evening.

Mr. and Mrs. Bert Sherman spent Thursday with Mr. and Mrs. Carl Fleiger.

Moscow visitors Thursday were: Oliver Clark, Jim Whalen, and Walter and George Dennler.

Mr. and Mrs. Roy Glenn and family were overnight guests of Mr. and Mrs. E. M. Richardson Thursday.

Mrs. Adolph Dennler and son and Miss Freida Dennler spent Friday afternoon with Mrs. G. F. Dennler.

Mrs. Dave Dennler was a Juliaetta visitor Thursday.

Lewiston visitors Friday were: Mrs. Walter Dennler and Mrs. Kuni Dennler and sons, George, Martin, Thomas and Herman.

Mr. and Mrs. Carl Fleiger and Mrs. Martha Fleiger were Juliaetta visitors Sunday.

Lewiston visitors Saturday were: Mr. and Mrs. Ralph Richardson and daughters, Mr. and Mrs. George Giese and children, Walter and Tom Dennler.

Mr. and Mrs. Caus Clark and children were Kendrick visitors Monday evening.

Carl Fleiger called on George Giese Tuesday afternoon.

William Carlton of Juliaetta spent Tuesday with his parents, Mr. and Mrs. Marsh Carlton.

Mr. and Mrs. Ralph Richardson and daughter were Moscow visitors Tuesday.

Lot of fellows who used to pray for their daily bread now vote for it.

You are cordially invited to attend.

**Will Rogers in "David Harum"**  
Everyone will be pleased to learn that Will Rogers, that beloved actor, will again be seen in "David Harum" at the Kendrick Theatre this Friday and Saturday nights. It is hardly necessary to go into length about this splendid picture and there is little doubt that the Theatre will be overflowing.  
There will be the usual run of comedy and short subjects to fill out the evening's entertainment.

### PERSONAL MENTION

Mrs. S. Cook and Margaret spent the week-end in Spokane.

Mr. and Mrs. Roy Backarach and Susan were Lewiston visitors Saturday.

Mr. and Mrs. J. M. Lyle Jr., and children were Lewiston visitors Saturday.

Attorney J. H. Felton of Moscow was a Kendrick business visitor on Tuesday.

Wayne and Leon Lind spent the week-end with their grandparents in Teakean.

Dr. and Mrs. D. A. Christensen and children were Lewiston visitors Tuesday afternoon.

Mr. and Mrs. O. E. Havens, accompanied Herman Long to Moscow on business Saturday.

Mr. and Mrs. Don Miller, Mrs. Frank Crocker and Jean Crocker spent Sunday in Lewiston visiting relatives.

Mrs. L. S. LaHatt, who has been visiting on the coast for the past six weeks, returned home Friday afternoon.

Mr. and Mrs. Herman Schupfer drove to Moscow last Thursday evening to attend a Washington Water Power company meeting.

Mr. and Mrs. Harold Thomas left Thursday morning for Spokane, where they will spend several days on business and visiting.

Mrs. L. S. La Hatt left Tuesday for Lewiston where she will be employed in the home of Mr. and Mrs. Paul Griffith as a nurse.

Mrs. Laura Schooley, who has been visiting the past three weeks in the home of her nephew, W. L. McCreary and family, returned to her home in Seattle Thursday.

Mrs. Lucy Thomas and her brother, Louie Lemons, returned Saturday from a trip to Calgary, Can., where they were visiting a brother they had not seen for many years.

Miss Nettie Mae McDowell left Sunday morning for Spokane, where she will visit her sister, Mrs. Allan Zell, and family. Mr. Zell is now running the Rex theatre there.

C. A. Squires, a brother of Mrs. G. A. Wayland, who has spent the past few months working in the blister rust camp near Avery, left Wednesday afternoon for Omaha, Nebr.

Donald Lyle, agriculture teacher, and Charles Bowers, Rex Blewett, Nolan Weeks and Donald Jones, who left last Friday morning for Portland to attend the annual stock show, returned Monday night, reporting a very interesting trip.

### Eastern Star Card Party

Canyon Chapter No. 67, O. E. S. will have a card party at the Fraternal Temple, Tuesday evening, Oct. 12th, at 7:30 o'clock. Both bridge and pinochle will be played and prizes will be awarded to the winners of high and low scores. Refreshments consisting of apple pie a la mode and coffee will be served at 7:30 o'clock before play. Admission 25c each. Everkone is cordially invited.

### No School Thursday and Friday

There will be no school Thursday and Friday as all teachers will attend the teachers' meeting in Lewiston on those days.

### Card Of Thanks

We wish to express our sincere appreciation and thanks to the many kind friends and neighbors who so willingly aided us during the illness and after the death of our father, Herman Wilken.

The Wilken Family.

HAROLD THOMAS, Editor

### EDITORIAL

Well, Folks—It begins to look like that long-looked-for moisture is going to come along in good shape and then old Bossy will have a new supply of fine pasture for some time yet, which should increase the amount of cream she will produce—and we are right now paying the top market price for cream. We also steam sterilize your cans and return them to you as sweet and fresh as the day they were first made. Then, too, we give you a right-now check. You don't have to wait several days for it to come through the mail. You can pay

cash for your groceries instead of having them charged.

Him: "Why did you divorce your husband?"

Her: "Incompatibility."

Him: "Incompatibility?"

Her: "Yes. He always woke up about 2:00 a. m. and wanted to go home."

She doesn't paint,  
She doesn't smoke,  
She doesn't booze,  
She doesn't kiss,  
She doesn't pet—  
She's 55 and single yet!

Mr. and Mrs. R. E. Woody called in the J. M. Woodward home Monday afternoon.

### PARK ITEMS

Mr. Dahl was injured Friday when a horse kicked him in the head. He is making a satisfactory recovery. Threshing has been brought to a halt here by the rain. The roads are soft and slick.

Sunday an unknown gentleman driving a Studebaker coach, lost a tire chain in the mud. If he passes this way again he will find his chain hanging on the cattle guard of the railroad crossing in front of the school house, on the north side of the road.

Residents of Park were treated to a rare sight Sunday night when the Northern Lights showed with unusual brilliance, painting the sky a bright crimson. Several said that they had never seen the Aurora Borealis so bright.

Miss Iome Rieman, the nurse for this district of Latah county, visited here last Thursday, Sept. 30th. She examined the school children and gave small-pox vaccination to those who wanted it. Mrs. Goldie Helle-rude Mrs. Stiner Ringsage, Mrs. Ben Smith, Mrs. Harold Mael, Mrs. Williams, and Mrs. Charles Enger also visited the school while Miss Rieman was there.

Mr. and Mrs. Mark Merrell and Mr. Camel visited in the Davis and Rist homes Sunday.

Mr. and Mrs. Charles Enger were visitors in Deary Monday.

Mr. and Mrs. Harold Mael went to Moscow Monday.

Another Hunter Leaves  
Tommy Keene left Wednesday afternoon for the wilds of the upper country in quest of big game.

Reports leaking out are to the effect that some of the would-be hunters are not doing so good.

# BIG GAME SEASON IS ALMOST HERE
