**Building New Home**  
A. A. May, Leland, well-known pioneer resident of this section, is building a new colonial type residence on Prospect avenue, Lewiston, with construction being completed by Contractor Howard Baker.

## Visit At T. O. Greene Home

J. W. Winnigham and wife of Puyallup, Wash., and Mrs. L. S. Keeton of Edmunds, Wash., spent a few days last week visiting the T. O. Greene family at Juliaetta, returning to their home Sunday.

Mr. Winningham and Mrs. Keeton are brother and sister of Mrs. T. O. Greene. They reported that in all of their 380 mile drive, the worst road (including detours) was that between Arrow and Juliaetta. They were very pleasantly surprised to find honey dew and ice cream melons served in the middle of October, and to find roses blooming, as well.

## IMPORTANT ITEMS IN THE NEWS THIS WEEK

Washington, Oct. 18 — Maximum benefits will be paid to farmers under the 1936 agricultural conservation program, the agricultural adjustment administration announced today.

Because not as many farmers complied with the program as had been anticipated and because administrative expenses were less than expected, farmers who complied will receive the maximum amount possible under the \$500,000,000 program, the AAA said.

The AAA said payments to be made for this year corresponds with those made in three regions last year. In 1936 rates of payment to farmers were increased 7 per cent over the first estimates in the north central and western regions and 5 per cent in the east central region. No increase was made last year in the southern and northwestern regions.

Washington, Oct. 18 — President Roosevelt hiked his estimate of the federal deficit for this fiscal year by \$277,000,000 today, forecasting the treasury would run \$895,245,000 into the red by June 30.

Revamping the budget issued last April, the president whittled his estimate of revenues by \$256,000,000 bringing the figure down to \$6,550,410,000. He said spending would be \$21,000,000 greater than anticipated and would total \$7,345,655,000 exclusive of \$200,000,000 for debt retirement.

The estimated gross deficit of \$895,245,000 included the \$200,000,000 to be spent paying off debt. Exclusive of this, the net deficit was forecast at \$695,245,000 compared with a forecast of \$418,000,000 last April and a net deficit of \$2,707,347,000 in the fiscal year ended June 30.

New York, Oct. 18 — Weakened by a steady retreat since mid-August, the stock market went down before a selling whirlwind today into the worst crash in more than four years. Losses in some leading industrial issues mounted to \$10 a share and more before the closing gong interrupted the destruction of quoted values. Prices were beaten down to the lowest since July 6, 1935, measured by the Associated Press average price of 60 stocks.

The average of 60 dropped \$3.80 to \$45.10 in the sharpest decline since July 20, 1933, when the first big up-swing in speculative markets under new deal price-raising moves culminated in a thumping fall.

**Idaho Bean Forecast Unchanged**  
Preliminary estimates of yields per acre made as of October 1, indicate that the Idaho dry bean crop will be 1,464,000 bags, the same as was forecast on September 1.

Yields are now expected to average 1,200 pounds per acre. This average would be the same as the 1936 average and would be somewhat higher than the ten-year (1923-32) average. Yields vary widely between varieties and localities. Great Northers, which comprise an unusually large proportion of the crop this year are producing about the same yields per acre as last year, though many exceptional yields have been reported. Small whites, grown principally in northern Idaho, are yielding better than last year. Yields of small reds, other edible and seed varieties, are expected to average lower than last year.

The United States crop of 14,340,000 bags indicated on October 1, is little changed from the September 1 estimate, and the 1937 crop promises to be the largest dry bean crop on record. The preliminary yield per acre of 799 pounds sets a new record in comparison with 712 pounds in 1936; 666 pounds, the ten-year (1923-32) average, and the previous high yield of 780 pounds in 1934. In Michigan, prospects improved during September; harvesting of pea beans in the state is well advanced and quality of the crop is high. In the pinto area of the southwest, yield prospects declined.

**Public Sale**  
Joe Nilson, residing 8 miles southeast of Troy, on Little Bear ridge, will hold a public sale on the Nils Nilson place, on Wednesday, Oct. 27, commencing at 1 p. m. sharp, when he will sell several head of horses, cattle, farm machinery and many other articles too numerous to mention.

**Teachers Hold Bacon Fry**  
Last Friday evening the teachers, their wives and husbands, took their lunch to Byrns' flat, where they enjoyed a bacon fry and general good time.

Most men usually outgrow their bad habits when such habits aren't fun any longer.

## DIMMING CAR LIGHTS STATE REQUIREMENT

"Make the other fellow dim." This is the new game being played by motor vehicle drivers to secure cooperation and courtesy from other drivers who fail to dim their headlights when approaching oncoming pedestrians or cars. The game is found to be working satisfactorily and bringing a decrease in the number of drivers who do not dim.

Drivers traveling over the highways at night, who dim their lights and signal the driver of the approaching car to dim, makes note of the responding reaction and courtesy. The driver dims for every car he meets and notes the number who act favorably and those who don't over the route of travel. This has been tried upon some of the main highways of the state recently and it has been found that as many as two out of ten drivers have failed to dim their lights.

It has been suggested that drivers keep track of the number of cars that dim and those that do not and send a card to the Law Enforcement Department at Boise telling of the points of travel and the number who dim and those who do not. Traffic officers can then be detailed to the district where there have been frequent violations of the state dimming law, and the violators can be apprehended.

Idaho's new dimming law in part says: "Whenever a motor vehicle meets another vehicle on any highway the driver is required to tilt the beams of the headlights downward or substitute therefor the light from an auxiliary driving lamp or pair of lamps with sufficient illumination under normal atmospheric conditions and on a level with the road to render clearly discernible a person seventy-five feet ahead, but shall not project a glaring or dazzling light to persons in front of the vehicle."

Mrs. Geo. F. Denmler spent Monday with Mrs. David Denmler.

Miss Mary Fix assisted her sister, Mrs. Alvin Nye, with her work on Tuesday.

Walter Denmler accompanied Geo. Brocke and Clarence Morey to Moscow Tuesday.

**Have Mean Rattles In Canada**  
Up in Cambrey, Alta., Canada, the other day, a news item from that place says a girl was chased down the road to her home by an angry rattlesnake. Her mother, hearing her cries, ran to her assistance and helped kill the snake. Idaho rattlesnakes are sometimes rather mean, but we have the first one to hear of running people to their homes.

**T. B. Hospital Row**  
From the way things have started out regarding the building of the new Idaho "T. B." hospital, all those who are now afflicted with that dread malady will have little use for it because they will all have passed on before the row as to where it is to be located has been settled. The site has been selected to place the hospital at Lava Hot Springs, but Boise wants it—and the row is on.

## MANY ATTEND P-T. A. MEETING MONDAY NIGHT

The P-T. A. held their October meeting Monday night in the H. S. auditorium, with a good crowd in attendance. There were a number of visiting parents from outlying districts, which was very gratifying.

A short business meeting was held in the which the securing of playground equipment again came up for discussion. Mr. Lyle made the announcement that two "giant strides" and several teeter boards will be loaned the school from the Bear Ridge districts—Steele and Taney, the only cost being that of installation, which the Parent-Teachers association and the Kendrick school district appreciate very much.

The Association is very anxious to secure a slide, but nothing definite has been done as yet. It was hoped to secure a second-hand one, as new ones are priced quite high.

The Membership committee made a report of twenty-six paid members, which exceeds that of last year.

There was a very interesting program, in which several students from the U. of I. appeared, as follows: Flute—Miriam Kennard, accompanied by Marian Dwight; Agda Walden, contralto, accompanied by Miriam Kennard; Raymonc Vaughn, violin, accompanied by Betty Smith.

Mrs. H. B. Thompson and Mrs. R. L. Blewett gave reports on their visit to Troy last week, where they attended the second district meeting of the National P-T. A.

There were several interesting and instructive talks given as follows: "Family Cooperation in Health," Miss Reiman; "School Centered Community Recreation," Mr. Dawald; "Value of Recreation in Community Life," Mrs. J. M. Lyle, Jr.; "The Place of Play in Maintaining the Integrity of Family Life," Mrs. W. B. Deobald. And special music by Mr. and Mrs. Harold Thomas.

In his talk Mr. Dawald stated he hoped to be able to discontinue girls' basketball, as he felt it was too strenuous exercise for girls, as well as having other drawbacks. He gave a list of other games he felt the girls would enjoy more and which would take the place of athletics—listed were the archery set, shuffle board, badminton and paddle tennis. These would be played in the gym. He extended a special invitation to all to attend the school carnival Friday, Oct. 22, as part of the proceeds from the carnival would be used in paying for the new equipment for girls' games.

As for the boys' athletics, he said there was a fine set-up for basketball and hoped for a successful season.

At the close of the meeting everyone adjourned to the Domestic Science room, where refreshments were served by the hospitality committee.

**FAIRVIEW ITEMS**

## No Killing Frost

A killing frost has not as yet hit the Potlatch valley. Local tomatoes are still on the market, as are honey dew and ice cream melons. Roses are in bloom, as are many other flowers and shrubs.

California hasn't a mortgage on all the fine climate, for the cool nights and warm days are hard to beat.

**Gone On Hunting Trip**  
Otto Rauschke, Edgar Dammarell and Fred Schoeffler left Tuesday morning for the wilds of the Lolo section on a big game hunting trip.

**INTERESTING NEWS NOTES FROM OUR PUBLIC SCHOOLS**

The report cards for the first six-week period were handed out Wednesday. The grades in general were reported very good, although there is still room for lots of improvement. The honor rolls will be printed next week.

The second National Assembly program was held Thursday morning.

Once more we students are proud to present to you our annual carnival, which will be held in the High School gym, Friday, October 22, starting at 7:30. An admission fee of 5 cents will be charged each one.

Among the different kinds of booths will be included a hot-dog and hamburger stand, confetti, bingo, a spinning wheel, chamber of horrors, and many others. At 9:00 o'clock the Carnival Queen will be crowned and the big dance will start off in full swing. Music will be furnished by Frank Fix and his Lewiston Troubadors. A good time is assured all who are there. Come and bring your friends.

The following girls have been chosen to represent their classes as candidates for queen of the carnival: Eleanor Hill—senior; Myrtle Schmidt—Junior; Myra Kanikkeberg—Sophomore; Betty Boyd—Freshman; Lois Deobald—7th and 8th; Jean Crocker—5th and 6th; Gay Deobald—3rd and 4th; Doris Clemenhagen—1st and 2nd.

Mrs. R. L. Blewett is substituting for Mrs. Cook as third and fourth grade teacher.

**Death Of Mrs. Alice Perryman**  
Mrs. Alice Perryman, mother of W. A. Perryman, passed away in Kendrick, Saturday, October 16, at the age of 81 years, the immediate cause of death being paralysis and the infirmities of old age.

Mrs. Perryman was born in Louisville, Ky., December 29, 1856. She came to Idaho in 1883, locating on Fix ridge, where they resided for about five years, when she and her husband moved to Juliaetta, he passing away in 1907. Mrs. Perryman continued to live there until some three years ago, when she was brought to Kendrick to be cared for after having suffered a paralytic stroke.

The Perrymans came west by ox team across the plains and suffered considerable hardship, as most pioneers did, but out of this came an understanding of life and Mrs. Perryman had always been loved and revered by all who knew her for her many kindly qualities. She was a good neighbor and her friends were numbered by her acquaintances.

Funeral services were held in the United Brethren church in Juliaetta, with Rev. Geo. Calvert in charge of the services. Music was furnished by the ladies' choir, accompanied at the piano by Mrs. S. S. Taber. Interment was made in the Fix ridge cemetery. Pallbearers were C. W. Jessup, Chas. Noble, H. Millard, Jas. Hall, Chas. Snyder and Ira Fix. The arrangements were in charge of Short Funeral Parlors.

She is survived by a son, W. A. Perryman of Kendrick, four grandchildren, a sister, Mrs. A. Normoye of Nezperce, and two brothers, E. V. Nichols of San Diego, Calif., and J. C. Nichols of Seattle.

**Card Of Thanks**  
We wish to extend our sincere thanks to all who so willingly aided us in our bereavement in the death of our mother and grandmother, Mrs. Alice Perryman. Especially do we wish to extend appreciation to the Juliaetta choir; to Mr. and Mrs. Harley Perryman and Mr. and Mrs. Walter Wagner and others who gave the beautiful floral offerings.

Mr. and Mrs. W. A. Perryman and Family.

**Horrible Airplane Wreck**  
One of the worst airplane wrecks ever to occur in the United States took place Monday night in northern Utah, when a 21-passenger transcontinental airliner crashed into a peak of the high Unitahs, when all 19 passengers, including 15 men and four women, were instantly killed.

The bodies were brought out over trail, rough wagon road and by car to Evanston, Wyoming, where the coroner took charge. An investigation will be made into the cause of the crash, but that will not bring back to life the 19 unfortunates aboard the plane, including the pilot, co-pilot and a stewardess and 16 passengers.

**Install Furnace In Theatre**  
A new furnace has been installed at the Kendrick Theatre which will heat the entire building to an even temperature. The furnace is back of the theatre building and the heat is conducted by suction fans, which can be controlled at will, thus assuring comfort to those inside the building in the coldest weather.

## GRAIN MARKETS FIRMER FOLLOWING SEASON LOWS

Grain markets turned firmer near the close of the week ended October 15, following early declines that carried prices of most grains to the lowest point of the season, according to the Weekly Grain Market Review of the Bureau of Agricultural Economics. Weakness in stocks, unsettled commodity markets and lower prices of wheat at Liverpool, with continued liberal offerings of Russian wheat, were the principal weakening influences in the domestic situation. Both domestic and export inquiry broadened, however, at the lower prices and the market turned upward and closed but little lower than a week ago. Oats and barley markets also gained following earlier declines and closed about the same as a week earlier.

Domestic cash wheat markets were relatively firmer than futures as a result of smaller marketings and some broadening in demand from millers and export trade. Cash premiums advanced on most varieties and tended to offset the weakness in futures. An active demand for grain at diversion points for water shipment eastward via Duluth was a feature of the spring wheat situation. This was reflected in the market receipts which totaled 757 cars at Duluth compared with only 678 cars at Minneapolis. Eastern mills were competing for desirable qualities and cash premiums at Minneapolis were advanced about 1c per bushel with an increased quantity selling higher within the quoted ranges. At the close of the week 58 pound No. 1 dark northern was quoted at Minneapolis at \$1.17 to \$1.26 per bushel. Fifty-four pound wheat sold at \$1.10 to \$1.17.

Cash prices at Portland gained 3c to 4c, influenced by an active export inquiry and continued light offerings by growers. Receipts at Puget Sound and Columbia river terminals totaled 670 cars but consisted very largely of deliveries on previous sales. Ocean freights were slightly easier and export sales totaling several thousand tons were made to the United Kingdom, Continental and Mediterranean markets. Substantial sales of flour were reported to Hong Kong and the Philippine Islands. Shipments to the central west and to California mills, however, were relatively small. At the close of the week hard white (Big Bend bluestem or baart) was quoted at Portland at 93 to 96c, dark hard winter at \$1.04 and northern spring at \$1.12, with soft white and western white at 82c, hard winter at 95c and western red at 90c per bushel, all basis No. 1 grade, sacked.

Pacific Northwestern barley markets held steady with feeding tapers in fairly good request, although demand from middlewestern dealers slackened. Arrivals of barley at Portland totaled 45 cars. Growers in the Willamette valley, however, were displaying a firm holding tendency which was a strengthening influence in the market situation. No. 2 bright western, testing 45 pounds was quoted at Portland at \$1.37 1/2 per 100, sacked basis.

Pacific Northwestern oats markets held steady despite increased arrivals and reflected the firm holding tendency of growers. Market offerings were only about sufficient for current requirements, with most of the receipts at Portland comprising white oats and trade advices indicated only limited amounts of gray oats in the area. No. 2 white oats were quoted at Portland October 14 at \$1.20 per 100, sacked.

**American Ridge News**  
Mr. and Mrs. George Almonds, Clarkston, spent the week-end at the Frank Bescocker home.

Ernest and Werner Brammer, with their newly purchased car, called at the home of their sister, Mrs. Geo. Havens, Sunday afternoon. They also visited in Orofino that day.

Walter Bigham has been ill with a cold.

Mr. and Mrs. Ira Havens and daughter Marie and Mary Havens were Sunday visitors of Mr. and Mrs. George Havens and Mrs. Sam Bigham.

Glen Hanson is shingling the Ira Havens ranch house, home of Mr. and Mrs. George Havens.

Mr. and Mrs. George Davidson and family spent Sunday in Genesee at the Sam Lang home.

Mrs. Frieda Weyen and Archie May spent Sunday at the Warney May home.

Mr. and Mrs. Warney May and Clyde Coon drove to a sale near Moscow Monday.

Mr. and Mrs. Harley Eichner and Mrs. Stanton went to Lewiston on Wednesday.

Mr. and Mrs. Andrew Cox and family visited Mr. and Mrs. John Glen of Potlatch Sunday.

**Surprised Friends**  
Andy Wilmot surprised his friends when he dropped into Kendrick last Friday and introduced his wife.

Mr. and Mrs. Wilmot were married at Tempe, Arizona, October 1st, and have been touring the northwest on their honeymoon. They left Saturday for Pullman after an overnight visit at the H. C. Schupfer home. They are returning home via California.

Their many friends here wish them lots of luck and happiness.

**Parents Of Daughter**  
Mr. and Mrs. Ivan Craig are the proud parents of a fine seven-pound, six-ounce daughter, who arrived Sunday for an extended stay. The little Miss has been named Jacklyn Lavene.

# HARVEST IS OVER

And It's Time To

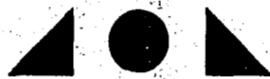

## Think About Winter Necessities

Like the squirrel, human beings are required by nature to lay in certain supplies of food not produceable on local farms — and unlike the squirrel, they must have warm clothing for cold weather, shoes, bedding, fuel, lights, and many other items too numerous to mention.

When this need arises, together with many other needs, you, Mr. Farmer, are going to seek a trading center — a place where you may exchange the fruits of your toil for the necessities of life required by our climatic and business conditions — and we want you to make Kendrick that trading center.

Kendrick business and professional men are eager to serve you in any way possible — and to serve you at prices you can afford to pay. Kendrick merchants carry nationally advertised brands of goods — your guarantee of quality, at reasonable prices.

Many services obtainable can not be purchased at any price — but are given to those who trade in Kendrick by the loyal business and professional men of the town as a gift of friendship — and friendship greases the axis on which this old World turns. Try trading in Kendrick. We believe you'll like it.

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

"Swing High, Swing Low"  
"Swing High, Swing Low," a dramatic romance which will appear at the Kendrick Theatre this coming Friday and Saturday nights. The picture is essentially a brilliant love story, beautifully told. It is highlighted with good music, dancing and gorgeous settings. There are many pleasant surprises for moviegoers. Beautiful Carole Lombard, who is co-starred with Fred MacMurray, sings and dances in this picture for the first time. But even though it is well garnished with music and dancing, it is essentially a love story. It deals with a night club entertainer in Panama, who falls in love with a happy-go-lucky

adventurer, played by MacMurray. Through her insistence that he attend to business she develops him from a mediocre trumpeter to an international sensation. Fame goes to the man's head and he forgets Miss Lombard—then the fun starts. Other features will be shown during the evening.

### BIG BEAR RIDGE

The H. Dalberg family and Milo Slind of Lewiston were Sunday visitors at the Oscar Slind home.

Mrs. E. Patterson left Friday for a visit with her children in California, enroute to her home in Iowa. She was accompanied as far as Spokane by her sister, Miss Minnie Jones.

Mrs. A. Kleth and Ingvald spent Monday with relatives in Lewiston. Ed. Halseth and sons Ervin and Arnold and Mr. and Mrs. Pete Halseth of Deary drove to Spokane to visit at the John Halseth and Lewis Pearson homes over the week-end.

Rev. Peter Hesby, Marie and Paul, of Deary, Mr. and Mrs. Kanikkeberg and family of Kendrick and Mrs. D. J. Ingle were Sunday dinner guests at the Halvor Lien home.

Mrs. O. H. Forest, Edwin and Miss Bertina visited at the Adolph Forest home Sunday.  
Miss Leora Smith of Orofino is visiting her grandparents, Mr. and Mrs. A. Kleth.  
Mrs. Marvin Redington and two children have returned to their home at Salmon, Idaho, after visiting her parents, Mr. and Mrs. A. W. Jones. John and Ronald Jones took her home by car.  
Mr. and Mrs. L. Waite departed Friday for their home at Belling-

ham, Wash., having visited with their daughter, Mrs. Henry Kortemeler.

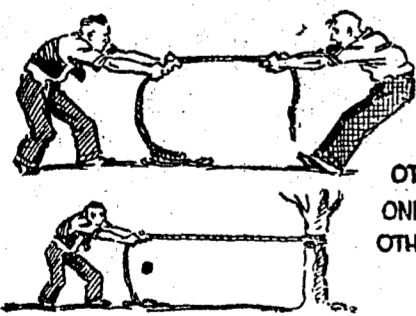

**Are Your Auto Lights Good**  
Too few persons pay any attention to the lights and brakes on their cars and as a result many accidents have happened. If your lights have not been tested recently, you had better have them looked over. Down at Lewiston and Orofino the latter

part of last week 26 persons were ordered by Traffic Officer Harry Clark to appear in court and show cause why they should not have their lights and brakes looked after.

The Deobald garage, right here in Kendrick, is a licensed testing station, and it might save you much time and some expense if Officer Clark happens to overtake you with bad lights.

**ATTY. GENERAL TAYLOR WRITES OF STATE PROBLEMS**

Besides the forest lands, amounting to 1,500,000 acres, the Land Board has control of 3,650,763 acres of grant land, as follows:

Agricultural College, 90,000 acres; Charitable Institutions, 150,000 acres; State Hospital, south, 50,000 acres; Normal School, 100,000 acres; Penitentiary, 50,000 acres; Public Buildings, 32,000 acres; School of Science, 100,000 acres; University, 98,080 acres; Public Schools (estimated but not surveyed) 2,982,683 acres.

In addition the Land Board has control of 106,086 acres of land which was received through foreclosure of mortgages given to secure loans made by the Department of Public Investments from endowment funds. The control and management of this plan have been placed in the hands of the Land Commissioner under the supervision of the Land Board. Besides an overworked office force, the Commissioner has a force of four men who do their best to cope with conditions that really would require the work of eight men.

Grazing land is leased for as low as seven cents per acre and agricultural land rents from fifty cents to eight dollars per acre. The rented agricultural land comprises both dry and irrigated farming districts. During the depression the renters, particularly on the dry lands became, at least some of them, very seriously in arrears in their rent, and this brought about a condition which called for hard work and much tact on the part of the Land Commissioner and his assistants. Howsoever the deficits have been materially reduced and the state is rapidly collecting the back rental, so that the leasing operations will soon again be on the cash basis which is contemplated by law.

A considerable number of purchasers were compelled by the financial stringency to submit to a cancellation of their contracts to purchase. These persons, however, were permitted to lease the same land from the state, and in many instances have been able to reinstate their contracts, the state crediting their rental payments upon interest accruing on the purchase price of the original contract, as permitted by statute. On the other hand, a number of purchasers and renters seem to have prospered financially and weathered the storm of depression with little difficulty.

**TEAKEAN GOSSIP**

The weather is getting colder and we can now begin to think of winter being "just around the corner." Folks are gathering their winter apples, digging spuds and those last minute things so that Jack Frost doesn't get his icy fingers on them.

The Choate Bros., Joe, Asa and Cecil, are all busy plowing with their tractors this week.

Mrs. L. Clavin took care of the Brock children while their parents were out hunting. Mrs. Anna Harless took care of the chores.

Mr. and Mrs. Wm. Groseclose and Carroll, Mrs. Anna Harless and daughters Ethel and Marie went to Cavendish Sunday afternoon to hear the new minister, Rev. Hall, preach. He will also preach here at our school house on the second and third Sundays in the afternoon.

An evangelistic meeting is being held at the Bretheran church. Rev. Stutzman and Rev. Moritz, from the southern part of the state conducting the meetings.

### EDITORIAL

Well, Folks—We're not going to devote a lot of our space this week talking about our desire for cream and the goodness of our products, or the desirability of your having a locker box—for I guess you know what we think about all of it—so we're just going to devote the balance of this space to laugh provokers—

A good way for a married man to hide his money is to put a button in the same pocket.

The first knock may be Opportunity, but the second may be the house detective!

"Pa, what does it mean here by 'Diplomatic Phraseology?'"

"My son, if you tell a girl that time stands still while you gaze into her eyes, that's diplomacy. But if you tell her that her face would stop a clock, you're in for it!"

Two old women were having a heart-to-heart talk. One said to the other: "So you're troubled with constipation, too, are you? What do you take?"

"Well," answered the other, "I just takes me knitting."

For delicious butter—try ours! We believe it the best!
