NO. 44

ATTY. GENERAL TAYLOR WRITES OF STATE PROBLEMS

The department of Public Investments, under the supervision and control of the Land Board, has charge of the educational funds of the state. These funds, as provided in Section 3, Article 9 of the Constitution, "shall forever remain inviolate and intact; the interest thereon only shall be expended in the maintenance of the schools of the state, and shall be distributed among the several counties and school districts of the state in such manner as may be prescribed by law. No part of this fund, principal or interest, shall ever be transferred to any other fund or used or appropriated except as herein provided. The state treasurer shall be the custodian of this fund, and the same shall be securely and profitably invested as may be directed. The state shall supply all losses thereof that may in any manner occur."

This public school fund, as provided by the Constitution, shall consist of the proceeds of such lands as had at the time the constitution was adopted or that may thereafter be granted to the state by the general government, known as school lands, and those granted in lieu of such; lands acquired by gift or grant from any person or corporation under any law or grant of the general government; and of all other grants of land or money made to the state from the general government for general educational purposes, or where no other special purpose is indicated in such grant; all estates or distributive shares of estates that may escheat to the state; all unclaimed shares and dividends of any corporation incorporated under the laws of the state; and all other grants, gifts, devises, or bequests made to the state for general educational purposes.

The permanent educational funds (other than funds arising from the disposition of university lands belonging to the state) shall be loaned on first mortgage on improved farm lands within the state, United States, county, city, village or school district bonds, or state warrants, under such regulations as the legislature may provide; provided that no loan shall be made on any amount of money exceeding one-third of the market value of the lands at the time of the loan, exclusive of buildings.

These funds have been loaned continuously for a number of years, but not always has a careful appraisal been made; in a number of cases the loan, instead of amounting to not more than one third of the value of the land, has been nearer three times such value and the state has, by such practices, lost large sums of money out of its educational funds. Appraisers with little apparent respect for the rights of the state have been too willing to help their friends obtain excessive lands. Moreover, top-heavy appraisements were made of land when the going value was clearly inflated almost beyond reason, and with a return of normal times the actual amount of the loan was far in advance, not only of one-third of the value, but of the entire value.

In some instances there were no buildings on the mortgaged land and in others buildings were removed after the mortgage was executed. The number of field men available for the purpose of keeping in contact with such lands is too small for efficiency; and in some cases the state has, for years, paid taxes, water maintenance, and insurance upon some of these mortgaged lands without in fact knowing whether there were any buildings on the land to be insured. In some instances the borrower moved off the land, rented it, and kept all of the rent without paying any of the principal, interest, taxes or other obligations running against the place. In fact, the operation of these loans and the management of the mortgaged lands has not been conducted upon a very efficient basis, so that the state has been the loser thereby.

Large Gourd

One of the largest gourds have been seen in many a day in on display in the office window of W. J. Carroll. The specimen was raised by Mrs. Sam Bigham and measures 29 inches in length. It is hardly suited for the old-time gourd dipper, but it is some gourd just the same.

Snares Black Bear

Mrs. Carl England, cook at the John Darby logging camp, near Elk River, got even with a black bear that had been fooling around the camp for some time, getting into things that he was not supposed to know anything about, so the other night Mrs. England took down her quarter-inch clothes line and set a snare for Mr. Bruin—and sure enough, the next morning Mr. Bruin was fastened to the loose end of the rope with the other end tied to a tree. The rope held the animal until one of the men came with a gun and finished Mr. Bear off.

Mrs. England can easily be put in a class by herself—when it comes to taming a bear.

MANY HUNTERS STILL GOING IN AND COMING OUT

Everett Fraser and three sons, who departed Oct. 18 for the big game country, have not yet returned but a report has come out that they have bagged an elk.

Dr. D. A. Christensen returned home Tuesday afternoon from the big game country, bringing out a deer, all the game bagged that far by his party, which consisted of Lawrence Bartlett, Harold Thomas, Lester Crocker and himself. They will undoubtedly bring out more when they return at a later date.

Ed. Dammarell, Fred Schoeffel, Otto Rauschke and George Peek returned Monday from a big game hunt in the Castle Butte section with four elk and a deer. George Peek crippled a big bull elk, got close enough to grab it by the horns and rode it some 150 yards, before it fell. He was out of shells and whooped it up until another hunter came to the rescue and shot the animal while he sat astride its neck. All we can say is that he is lucky to be alive. Otto Rauschke, also out of shells, met a big brown bear in the trail, and was forced to take to the brush around the bear, leaving him in undisputed possession of the trail. Otto says shells would have been worth \$5 each to him right then.

About Hallowe'en

We'll bet every youngster in the country remembers that Hallowe'en is next Sunday night and it has been suggested to us to call the attention of "Young America" to the fact that there are more pleasant ways of celebrating the occasion than by tearing down wood-piles, smearing windows and doing other things, and that is the holding of parties, or even dances, which custom is followed in many communities, even on Sunday night.

We have been requested to ask the youngsters to not resort to vandalism of any kind—that is the destruction of property or doing other expensive pranks.

Heretofore the youngsters of Kendrick have done very little else than "smear" windows, and while it always causes much washing, most of them need it anyway.

Double-Eight Bridge Party

The Double-Eight Bridge club was entertained by Mr. and Mrs. O. E. Havens on Thursday night of last week with a "pot-luck" supper, followed by four tables of bridge. F. B. Higley won high honors for the men and Miss Kathryn Lane was high for the ladies, with Mrs. S. Cook and E. P. Roberts low.

Miss Lane and Mr. and Mrs. Ira Havens were invited guests.

Entertain Pinochle Club

Mr. and Mrs. Ira Havens entertained a newly-organized pinochle club in their home Tuesday night, when a very delightful time was had. Delicious refreshments were served by the hostess at the close of play. Mr. and Mrs. O. E. Havens were invited guests.

Miss Elma Jones and Louis Lunders received first prizes, while O. E. Havens and Miss Jean Graham were awarded low prizes.

Fine Weather Still Here

The Potlatch country is still enjoying as fine weather as anyone could wish for. Cool nights, warm days. Tomatoes still growing in the gardens, roses blooming in flower beds. Many trees still with green leaves. What more could anyone ask for the last week in October?

California may brag about her climate—but they can't produce a finer brand of fall weather than we are enjoying right now.

INTERESTING NEWS BITS FROM OUR PUBLIC SCHOOL

The following people made the high honor roll this six weeks. The boys claim it must be because the girls work harder, but the girls claim it is superior intelligence. What do you think? Lorraine Woody, Mary Davidson, Arlene Deobald, Myrtle Schmidt and Mary Havens were the girls.

Those making the honor roll were Jean Fry, Phyllis Thomas, Larry Langdon, Nolan Weeks, Wayne Thornton, Leon Lind, Erma Jones, Vern Wegner, Helen Newman, Barbara Long, Myra Kannikeberg, Wallace Fraser, Maxine Bigelow, Viola McCoy, Harold Brammer, Betty Boyd, Theo Sheppard, Harry Newman, Dick Reid, Herman Renfrow, Ernestine Kuykendall, Elsie Knutson.

We have several new students in school this week. Vernon Snyder, Ralph Snyder and Dixie Stump have entered the first and second grades. Vernon Henry and Pete Stump, Jr., have entered high school.

The boys' and girls' glee clubs have started practicing together. They are preparing a number of old melodies.

The Father, Mother and Son banquet, sponsored by the F. F. A. will be held on Wednesday of next week. This is an annual affair for the F. F. A. boys and their parents.

The Junior Class play, "Wedding Spells," will be held Wednesday, November 17.

A Girls' League was organized last week by Miss Graham, girls' advisor. The following officers were elected: President, Jean Fry; vice-president, Eleanor Hill; secretary, Mary Davidson; treasurer, Margaret Halseth. A meeting of all the Girls' Leagues in this district will be held in Asotin in the near future. The following girls were elected to attend: Seniors, Jean Fry and Eleanor Hill; Juniors, Myrtle Schmidt and Arlene Deobald; Sophomores, Marie Havens and Myra Kanikkeberg; Freshmen, Annabel Deobald and Maxine Bigelow.

The Carnival, held last Friday evening, was a decided success—financially and from the fun standpoint. The doors opened at 7:30 p. m. and a crowd was on hand to "rush the gate." It was thought that there would be an abundance of materials on hand to last the evening, but many of the booths were sold out within a half hour after the opening.

The queen contest, though not as spirited as last year, kept up lively interest until 9 p. m., when Betty Boyd, Freshman class candidate, was declared winner. From the apparent activity of the F. F. A. group and from "her" Royal appearance, it looked early in the evening as if Quentin Perryman might be the "Queen" for the Carnival. After the crowning ceremonies were over, awards were made on the articles donated by various firms in town.

We had the best support from the business firms that has ever been shown, and we wish to take this opportunity to extend to the people our sincere thanks.

The following firms contributed to the carnival: Lewiston Grain Growers, sack of flour; Mrs. L. Keene, 1 sack of potatoes; Kendrick Garage, flashlight; Moderne Beauty Parlor, finger wave; Stout's Service Station, can tire patching material and dust cloth; Kendrick Bean Growers, sack of beans; Blewett's Grocery, broom and gallon can of fruit; Washington Water Power, large box of candy; Kendrick Theatre, 2 passes to show; Morgan's Grocery, kodak; Thomas Creamery, quart of cream, quart of ice cream and pound of butter; Kendrick Gazette, ream of typing paper; Red Cross Pharmacy, 2 boxes of candy; Kendrick Auto Freight, 100 pounds Presto-Logs; L. S. LaHatt, materials for fish pond; Longs Store, materials for fish pond; Thurber's Store, materials for fish pond; Kendrick Rochdale Co., sack of salt; Curtiss Hardware, materials for fish pond.

The above items made an excellent collection of materials and lots of pleasure was given with them.

Several new pieces of athletic equipment has been ordered for the students, with special emphasis being placed on sports equipment for the girls.

Liquor Dispensary At Troy

Troy has finally gone democratic and put in a liquor dispensary to serve that section of the country. It is operated by Grant Robbins, formerly of Moscow.

THIS AND THAT ABOUT FRIENDS AND NEIGHBORS

Roy Ramey, Jr., spent Sunday at home.

Miss Kathryn Lane spent the week-end in Moscow.

Earl Hund was a Moscow business visitor Saturday.

Mrs. Everett Fraser was a Moscow visitor Monday.

Mr. and Mrs. S. Cook and Margaret motored to Fir Bluff and Lewiston Sunday for a short visit with relatives.

Bonnie Daniels came up from Lewiston Friday for a visit with her cousin, Margaret Cook, and attended the school carnival.

Mr. and Mrs. B. F. Nesbit drove to Moscow Sunday for a visit with their son James and family and witnessed the "destruction" of that city by airplanes.

Mr. and Mrs. Jerry Simpson of Craigmont were Kendrick visitors Saturday. Mr. Simpson is publisher of the Lewis County Register.

Mrs. Arthur Stauffer and daughter Evelyn of Sprague, Wash., spent last week-end with Mr. Stauffer at the section house. They returned home on Monday.

Claude Woody, Elmer Emery, Leasel Havens and Aaron Blewett were down from Moscow Friday night for the carnival. They are attending the U. of I.

Mr. and Mrs. Joe Gross of Portland were visitors in the home of Mr. and Mrs. R. L. Blewett for a short time Saturday. Mrs. Gross and Mr. Blewett are cousins.

Mr. and Mrs. E. H. Dammarell of Walla Walla were Kendrick visitors for a short time Sunday, making minute calls on old-time friends and neighbors.

Mr. and Mrs. Wade T. Keene and Tommy motored to Melrose Sunday to attend a family reunion, held at the home of Mrs. Keene's brother, Orval Hunter, and family.

Aaron Blewett came over from the U. of I. to spend the week-end with his brother, R. L. Blewett, and wife. Elmer Emery also came over to attend the school carnival and dance.

James Fisk and daughter Sally returned to their home in Spokane Monday after a visit in the homes of Mr. and Mrs. Harley ePryman and Mrs. O. V. Moreey and family on Big Bear ridge.

Visitors At James Home

J. C. James of Portola, Calif., and L. L. Cranney of the same city, were visitors in the home of Mr. and Mrs. A. E. James for a few days the latter part of last week, having arrived Friday after a visit in the southern part of the state with relatives of Mr. Clanney. J. C. and A. E. James are brothers and had not seen each other for 25 years.

The three men went to Spokane Saturday for a short visit with Mr. James' three daughters living there.

Another Airplane Crash

Four persons were killed and seven seriously injured when a plane crashed to the ground just after leaving the Tacoma airport last Saturday.

Entertain At Cards

The ladies of the Afternoon Bridge club entertained their husbands and six guests at an evening party at the home of Mr. and Mrs. A. L. Dawald Monday evening, with Mr. and Mrs. A. L. Dawald, Mr. and Mrs. R. L. Blewett, Mr. and Mrs. F. H. Rider and Mr. and Mrs. W. L. McCreary as hosts and hostesses for the evening.

High scores for the evening were won by Mr. and Mrs. R. H. Ramey, Mrs. Harold Thomas was awarded low for the women and Edgar Long low for the men.

Invited guests for the evening were Mr. and Mrs. J. M. Lyle, Jr., Miss Reiman, Miss Lane, Don Lyle and Emil Levi.

In honor of her birthday anniversary the club members presented Mrs. R. L. Blewett with a gift.

BIG FAMILY REUNION HELD AT MCCOY HOME

The McCoy families held a big family reunion at Gold Hill on October 13 and 14 at the Austin McCoy home. Mr. McCoy was not surprised to have his son, Ralph McCoy, his wife and son and his sisters, Susie Ode, Ora Gratzler and baby and Beulah Miller come, but was much surprised when he saw his only sister, Mrs. Susie Chandler, was with them.

He was even more surprised the next day when his son, Alden McCoy and wife, his brother, Verl and sister, Mrs. Robertson, also drove up to the gate.

A delightful three-day visit was enjoyed with them, and then all met with their grandmother, Mrs. Eliza Triplett of Southwick on Sunday. All took lunch and enjoyed a splendid time. The McCoy children were all present but one daughter, Mrs. Hunter.

The following were present: Grandma Eliza Triplett, Southwick; Mr. and Mrs. Austin McCoy, Southwick; Mrs. Susie Chandler, Notis, Ida.; Mrs. Ella Robertson, Shelton, Wn.; Mrs. Susie Ode, Caldwell, Ida.; Mr. and Mrs. Elmer McCoy, Southwick; Mrs. Beulah Miller, Jerome, Ida.; Mrs. Ora Gratzler, Snowqualmie Falls, Wn.; Mr. and Mrs. Alden McCoy, Marshfield, Oregon; Mr. and Mrs. Denzil Hunt and daughters, Southwick; Mr. and Mrs. Harve Triplett, Southwick, Ida.; Mrs. Eva Wright, Southwick; Mr. and Mrs. Ralph Wright, Lewiston; Mr. and Mrs. Leslie Triplett and sons, Southwick; Mr. and Mrs. Walter Triplett, Lewiston; Mr. and Mrs. Clarence Henderson, Southwick; Mr. and Mrs. Will Estes, Southwick; Mrs. Claud King and son, Southwick; Mrs. Anna Cunningham, Lewiston; Floyd Carlton, Seattle and Everett Triplett, Southwick.

Afternoon visitors were Mrs. Lena McCoy, Mrs. Nadine Hanks and sons, Mr. and Mrs. Freeland Whybark, Mrs. Elton McCoy, Mr. and Mrs. Chester McIver and sons and Mr. and Mrs. Arnold Cuddy, all of Southwick.

Don't See Signs

It is very evident that there are quite a few people who travel Kendrick's Main street that do not pay any attention to the 20-miles per hour speed signs at either end of the street for almost every day cars go through town at a speed that is unwarrantable and dangerous. Of course it isn't always the fellow who doesn't live, in this section that breaks the speed law—but that doesn't lessen the danger to small children who might be crossing the street—or grownups, for that matter. There should be a way to put a stop to it. It's a very dangerous practice.

Afternoon Bridge Club

The Afternoon Bridge club met at the home of Mrs. Wade Keene Wednesday afternoon. Bridge was played at four tables. Mrs. Edgar Long won high score for the afternoon and Mrs. Harold Thomas was low. Delicious refreshments were served by the hostess at the close of play.

Ladies Aid

The Ladies Aid of the M. E. church will give a cafeteria supper in the basement of the church this (Thursday) evening, commencing at 6:30. The general public is invited.

You, of course, don't play "Run, Sheep, Run,"—but you do act childish when you ignore friend and neighbor—the local merchant, to spend your money out of town—never to return.

GRAIN MARKETS IRREGULAR DESPITE FAIR DEMAND

Domestic grain markets were irregular during the week ended October 22, despite a fair inquiry for the moderate cash offerings, according to the Weekly Grain Market Review of the Bureau of Agricultural Economics. Grain futures reflected fluctuations in securities and moved over a relatively wide price range. European markets were unsettled as sales of new southern hemisphere wheat for shipment at the last of November with changing crop prospects and continued liberal clearances from Black Sea ports largely counterbalanced strength at Winnipeg.

Domestic cash wheat markets fluctuated over relatively wide price ranges but displayed a slightly firmer tone at the close of the week as domestic and export inquiry broadened with closing prices slightly higher than a week ago. Feed grains were irregularly lower, reflecting the generally unsettled situation and with demand only fair.

World wheat markets have become increasingly sensitive to southern hemisphere prospects with approaching maturity of small grain crops while continued scarcity of shipping space, relatively high ocean freights and uncertainty as to possible Russian shipments have been additional unsettling influences. The Australian crop has deteriorated due to drought. Russian charterings for grain shipments were reported on a slightly smaller scale although Russian bookings for November clearances are reported fairly large. The re-entrance of Russia and the United States into the grain export trade has been an important factor in the upward trend in ocean freight rates to the highest level in recent years.

On October 21, rates for grain over the principal shipping routes were nearly double those quoted at the corresponding dates last year with most of the advance occurring since July 1. Grain space from Montreal to Liverpool on October 21 was quoted at 14c per bushel, compared with 8c at the corresponding date last year. Berth parcels from New York were quoted at 10c against 7c a year earlier. Space from Galveston was quoted at 17c compared with nominal quotations of 8c last year and North Pacific steamers to the United Kingdom or Continental ports 28½c against 15½c a year ago.

Domestic cash wheat markets were dominated by the unsettled situation abroad and fluctuations in securities which largely offset the continued good demand for milling wheat. Spring wheat markets declined early in the week but an upward reaction towards the close offered some broadening in both export and mill inquiry and prices showed little change from a week ago. Inquiry at Minneapolis was active for grain for shipment eastward via the lakes before the close of navigation. Duluth unloadings again exceeded the Minneapolis receipts and totaled 665 cars, practically all spring wheat, while Minneapolis receipts of all classes totaled only 599 cars. Cash premiums were around 1c higher for the week but comprised a larger proportion of medium grades which sold upwards towards the top of the range.

Durum futures fluctuated with bread wheats but cash premiums basis advances have been offset in declines in the basic futures.

Canadian spring wheat prices showed independent strength as the country marketings slackened very materially and arrivals at Winnipeg totaled only 2,735 cars. Premiums on cash grains were sharply higher with No. 1 Manitoba northern quoted at Winnipeg at \$1.50 and No. 3 Manitoba northern at \$1.19.

Winter wheat markets were moderately active with only a fair local inquiry and outside mills buying sparingly. Receipts at the nine winter wheat markets totaled 1,501 cars compared with 1,844 a year ago. No. 2 hard winter was quoted at Kansas City at \$1.02 to \$1.05 per bushel. Soft red winter was in fair demand with local mills and outside interests providing a ready outlet for the Kansas City offerings, where No. 2 soft red was nominally quoted at \$1.00 to \$1.02½ per bushel. Trading at St. Louis was quiet with a lighter inquiry from elevator interests and millers and No. 2 soft red winter was quoted at \$1.02½. A good shipping business at Chicago held prices firm and No. 2 red was quoted at \$1.01 to \$1.05 per bushel.

Straw Stops Erosion

Filling small field gullies with straw has been found to be a practical and economical method of stopping these soil-losing hazards to cultivation, according to the experience of a number of farmers.

Ray Held, who farms north of Moscow says, "I believe that any small field gully can be controlled by the use of straw. I am now farming over a gully that, before filling it with straw, was two and a half feet deep and impossible to cross with farm machinery."

Pea straw has effectively stopped a gully on a farm southeast of Moscow. Where it was filled with straw the gully is practically non-existent, while the same drainage on the other side of the property fence is three feet deep.

A farm owner in the Viola district checks gullies with straw when they first appear. Instead of filling the whole length of the gully, straw is deposited at intervals in the form of small checks. These have been successful in silting the channel and preventing further cutting.

Officials of the Soil Conservation Service point out the importance of controlling gullies when they first appear and before they become too wide and deep to crop with farm implements.

Jim Hughes, one of the first farmers to cooperate with the Service in the Moscow district, says: "Field gullies on my farm are a thing of the past. A little straw placed here and there has done the trick."

Week-End Death Toll Heavy

One hundred forty-four persons lost their lives in auto wrecks over the week-end, Pennsylvania accounting for 25 of that number; Ohio 14 and Illinois for 12.

Fifteen thousand persons killed annually are pedestrians and the blame for their deaths may be placed largely upon the victims themselves, the greater New York safety council declared. The council's report showed 67 per cent of fatal motor vehicle accidents in cities were collisions with pedestrians and that 43 per cent of these occur at street intersections.

SOUTHWICK NEWS NOTES

Mr. and Mrs. Herman Travis and Mrs. Eva Wright were Lewiston visitors last Saturday.

Mr. and Mrs. Earl King and daughter, Mrs. Earl Smerud and Otis King returned to their home in Seattle, after visiting relatives here for a week.

Mr. and Mrs. Delbert Hayward came down from Elk River Saturday. Delbert and Doyle left that evening on a hunting trip.

Russell Baker, Elton McCoy, Wilmer Hanks and Erwin Freudenthaler returned from a hunting trip last week with a deer apeece and two mountain goats.

Services were held at the Catholic church Saturday morning for Mrs. Mary Pribyl. The body was taken on to Moscow with interment in a Moscow cemetery.

Mr. and Mrs. L. J. Southwick left last week for a few weeks visit with their daughter, Mrs. Wm. Winters, at Camas, Wash.

Quarterly meeting services were held at the U. B. church last Friday, Saturday and Sunday nights, with the Rev. C. E. Lichty of Twin Falls in charge. He was a guest at the B. W. Pressnall home during his stay.

Mrs. Herman Smith and baby spent Friday visiting at the George Wells home at Cavendish.

Mr. and Mrs. Arnold Cuddy and family were Sunday guests at the Gordon Harris home.

Mr. and Mrs. Fred Jennings and family of Moscow visited Mr. and Mrs. Raymond Rodgers Sunday.

R. T. Blewett and son Nelson of Sities visited at the Ross Armitage home Sunday.

Miss Aletha Blewett of Gifford was a dinner guest at the John Stalaker home last Wednesday evening. She came down to have a short visit with Mrs. Earl King.

Pete Stump finished moving to his recently purchased home at the head of Sperry grade.

Mr. and Mrs. Matt Peckenpaugh and daughters June and Juanita of Portersville, Calif., visited her father, John Mabry, last week. They called on all their old friends and neighbors while in the community.

Dolph Shoemaker of Sweetwater ate dinner at the Herman Smith home Tuesday. Mrs. Claude Kime and children returned home with him for a few days visit.

Mrs. A. H. Woody of Boise, Ida., is visiting at the home of her brother, Nels Longetelg.

A Correction

In writing up the card of thanks for the Perryman family last week there was somewhat of a mixup in the proper placing of names. The names of Mr. and Mrs. Harley Perryman and Mr. and Mrs. Walter Wagner appeared in the card of thanks, when they should have been among the signers.

Another Double Bill

Picture fans will have an opportunity to get a full evening of real western thrillers this Friday and Saturday nights at the Kendrick Theatre, when one of Harold Bell Wright's thrillers, "Secret Valley," will be the first offering. This picture abounds in slashing fist fights, dare-devil action, blazing gun duels, reckless escapes, furious fighting—in fact it has everything that a real "western" should have. Richard Arlen and Virginia Grey carry the leading roles.

The next (on the same program) will be "The Country Beyond," an adaptation from the novel by James Oliver Curwood of the same name. This picture is essentially a Northwest Mounted picture, but has all the thrills that go with life in the far northwestern country. It's a Hopalong Cassidy picture, which needs no further introduction to western fans.

U. S. Court Jurors

The United States District court has been called to meet in Moscow November 1, instead of the 8th, as previously announced. The list of trial jurors contains the names of W. A. Perryman, Kendrick; Bert Goudzward, Leland; and R. C. Heimgartner, Juliaetta.

Why is it when you ask the average man for information he would rather lie than say "I don't know."

NOTICE OF SALE OF REAL ESTATE

In The Probate Court of Latah County, State of Idaho

In the Matter of the Estate and Guardianship of John B. Moran, Incompetent.

NOTICE is hereby given that the undersigned, N. E. Walker, guardian of the estate of John B. Moran, incompetent, will on or after the 8th day of November, 1937, sell at private sale, to the highest and best bidder, upon terms and conditions hereinafter set forth, and subject to the confirmation of the said Probate Court, all the right, title, interest and estate of the above named incompetent, in and to the following described real property, situated in Latah county, State of Idaho, to-wit: Approximately eight and one-half acres in the Southwest quarter of the Southwest quarter, Section 25, Township 38 North, of Range 3, West Boise Meridian,

GRAIN MARKETS IRREGULAR DESPITE FAIR DEMAND

A fairly good export demand was reported at Gulf ports where hard winter, No. 1, delivered Texas common points, was quoted at \$1.16 and soft red winter at \$1.13 per bushel.

Intermountain and Pacific Coast markets reflected the generally unsettled situation but were also somewhat weaker with liberal offerings meeting only fair demand. A dull milling inquiry at Portland reflected the slackening in flour business and sales comprised principally special lots to complete milling mixtures. Some export business was reported to the United Kingdom comprising mostly hard winters. On October 22 hard white (Big Bend bluestem or baart) was quoted at Portland at 91c, dark hard winter at \$1.02 and northern spring at \$1.10, soft white and western white at 90c, hard winter at 89c and western red at 91c per bushel, all basis No. 1 grade, sacked.

Mills at Ogden were operating to capacity with No. 1 soft white, No. 2 hard white and No. 2 northern spring quoted at 72c and No. 2 dark hard winter and No. 2 dark northern spring at 76c FOB Utah-Idaho common points.

California markets were dull with a slow local inquiry and little interest apparent in outside offerings. Export purchases to complete a cargo for shipment from Stockton to United Kingdom ports were a firming factor.

Pacific Northwest barley markets held about steady with a fair demand for the moderate to light country offerings. Receipts at Portland dropped to only eight cars. Middlewestern inquiry slackened and 45 pound No. 2 bright western barley, sacked, was quoted at \$1.37½ per 100 pounds.

Pacific Northwestern oats markets reflected fairly good demand for the current offerings at steady prices. The firm holding tendency among growers was a sustaining influence in the market. Receipts at Portland during the week totaled 24 cars, mostly white oats. Supplies of gray oats are reported very light and only slightly in excess of seed requirements for the next crop. No. 2 white oats were quoted at Portland October 21 at \$1.22½ per 100, sacked basis, with No. 2 gray oats at \$1.45 per 100 at some country points.

Mr. and Mrs. Ray Cuddy and Mr. and Mrs. F. C. Lyons and family were Lewiston visitors Saturday.

Mr. and Mrs. Earl Gaskell drove to Lewiston Saturday. Mrs. Gaskell remained for the week and Miss Elsie Whybark came home for a visit.

Cedar Ridge is having a Halloween program and pie supper on Saturday evening, October 30. Everyone is cordially invited.

Saturday Mrs. Stewart Wilson took her pick-up full of vegetables and fruits to a widow and her daughter in Lewiston. The groceries were donated by the school children and the people in the Gold Hill community. The gifts brought much happiness and comfort to the little home and were much appreciated.

All are invited to attend a Halloween program and party to be given Friday evening, October 29, by the Gold Hill school in the Community hall, at 8 o'clock. There will be a covered dish supper.

A correction: It was Clarence Wilson instead of Clarence Weaver who made the greatest improvement in school last month.

CARBON MONOXIDE DANGERS DURING WINTER MONTHS

Dangers of carbon monoxide gas from car exhausts increase greatly during the winter months and motorists should be constantly on guard against this type of poisoning.

Particular caution should be exercised in small garages. If the motor is running with the garage doors closed, a lethal amount of gas may be absorbed within a very few minutes.

Motorists should also avoid driving their cars for any great distance with all the windows tightly closed as a small amount of the gas may leak through the floorboards. A recent survey showed that more than 60 per cent of all cars had at least a measurable portion of carbon monoxide in the passenger compartments, while approximately 7 per cent had quantities sufficient to cause collapse and death if inhaled for a sufficiently long time.

Even if not bringing about actual collapse, inhalation of even minor amounts of the gas can cause headaches, dizziness, drowsiness and other minor symptoms that rob the motorist of complete driving efficiency. It is more likely that many of the accidents caused by drivers falling asleep at the wheel could be charged to the account of monoxide gas.

In preparing the car for winter the motorist would do well to have the muffler and connections checked for leaks and he should keep at least one window of the car partly open at all times.

Avoid running the engine if it is necessary to remain in the car while parked or in a closed garage. And when driving, the driver who feels any of the symptoms of monoxide poisoning, should immediately stop his car and get out into the fresh air, says the Inter-Mountain Motorist.

Why Not Turn Them All Out?

Boise, Idaho, Oct. 22—Gov. Barzilla W. Clark said in his weekly radio address that the state pardon board "must release 200 convicts a year or enlarge the penitentiary."

"The applications for pardons run into many hundreds every year, which is evitable under our plan of indeterminate sentences," he said.

"You can easily see that if all minor offenders served their maximum sentence of 14 years, we would need a big building at the penitentiary, and a speedy building program."

"Now, if maximum sentences of young convicts are carried out, * * the youngsters will be approaching middle age when they are released, and they will find themselves in a world which has changed so much that it will be most difficult for them to adjust themselves to social and economic conditions," Governor Clark, an advocate of liberal pardons, said.

U. S. Partner In Night Club

The federal government was disclosed this week to be acting as a silent and somewhat unwilling partner in the operations of a girls' dormitory at Mansfield, La., and a night club at Mahoney, Pa.

Through its efforts to liquidate assets of closed banks, the federal deposit insurance corporation has come into possession of a wide assortment of property which had been pledged as collateral for loans.

If it finds itself unable to sell its varied holdings the FDIC will find itself in virtually every type of business enterprise.

Among its "live" assets are herds of mules and horses in Missouri. Dairy cows are owned in Brillion and Cambria, Wis.

If necessary the government could supply its night club with part of its 3,300 barrels and 7,000 cases of whiskey which are part of the "liquid" assets of the Fort Greene National Bank of Brooklyn, N. Y.

Other properties held are an opera house at Ismay, Mont.; a stamp collection at Mansfield, La.; a summer resort at Cape Charles, Va.; coal lands in Kentucky; timber reserves in Louisiana, and oil fields in Illinois.

Figures Can't Lie?

"Figures can't lie," said the professor earnestly. "For instance, if one man can build a house in 12 days, 12 men can build it in one." "Yes?" interrupted a student. "Then 288 will build it in one hour, 17,280 in one minute and 1,036,809 in one second. And I don't believe they could lay one brick in that time."

While the professor was still gasping, the smart "ready reckoner" went on:

"And again, if one ship can cross the Atlantic in six days, six ships can cross in one day. I don't believe that either; so where's the truth in arithmetic?"

Then he sat down.—Whitewright Sun, Vernon, Texas.

Times certainly do change. A Democratic negro congressman is suing the Pullman Company and two railroads for forcing him into a Jim Crow car while he was on his way to Hot Springs.

New Farm Taxes Loom

Washington, Oct. 24—The new farm program, part of which congress must finance from new taxes, may cost one billion dollars its first year, says F. D. R.

Agricultural department experts and others have estimated a probable cost of \$700,000,000 for surplus crop control. President Roosevelt said in his revised budget estimate that 1937 cotton loans would cost \$130,000,000. Some believe that proposed corn loans, (if granted) easily would cost \$170,000,000 considering that this year's crop forecast runs 1,000,000-000 bushels above the 1936 yield and that approximately \$150,000,000 was lent on the 1934 corn loan program.

The cotton loans have been shouldered by the treasury, but Mr. Roosevelt has made it plain congress must find a way to pay for the new farm act to be asked of the special session convening on November 15.
