MRS. S. S. TABER DIES WHILE VISITING DAUGHTER

Mrs. S. S. Taber, a resident of Fix Ridge for many years, died in an American Falls hospital December 29, following an operation of a few days previous.

Mrs. Taber had gone to American Falls to spend the holidays with her daughter, Miss Thelma Davis, who is taking nurses training at the hospital there. On December 23 Mrs. Taber was taken ill and was removed to the hospital, where a few days later she underwent a major operation. While the operation was said to have been a success, death was due to a blood-clot around the

Evelyn Ruth Davies was born in England, October 19, 1887. She came to Canada in 1917, where she met and married a Mr. Davis. To this union one daughter, Thelma, was born. Mr. and Mrs. Davis came to Spokane, where Mr. Davis died during the flu epidemic of 1918. Later Mrs. Davis and young daughter came to Juliaetta and was employed by Mr. Taber to take care of his first wife and his mother, both of whom later passed away, after which she continued to be employed by Mr. Taber as housekeeper and in 1923 they were united in marriage. To this union one son, Rex, was born, who, with her daughter Thelma, survives, as does her widower, S. S. Taber. Aside from her two children she had no blood relatives in America, but leaves many in Eng-

land, including her father. Mrs. Taber was a woman beloved by everyone who knew her. She was a loving wife and a good mother, in fact a desired resident for any com-

munity. Funeral services were held in the United Bretheran church at Juliaetta on Sunday, January 9, the sermon being delivered by Rev. George Calvert. Burial was made in the Fix Ridge cemetery

Brookshaw-Corkill

The following was taken from the Advocate, Swift Current, Saskatchewan, Canada:

A pretty wedding was held on Tuesday afternoon, Dec. 14, at the farm home of Mr. and Mrs. Edwin Brookshaw, southeast of Swift Current, when their only daughter, Margaret Amelia, became the bride of Louis Wilbur Corkill, Leland, Idaho, eldest son of Abner Corkill, Troy, Idaho. The marriage ceremony was performed by Rev. C. Younger-Lewis of St. Andrew's church. The bride was becomingly attired in a gown of lace over ivory satin with matching veil and carried a bouquet of pink carnations. She was given in marriage by her father and was attended by Miss Edna Quirk, Braddock, who wore a gown of peach floral silk and carried white carnations. The groom was attended by George Bannerman, of Neville,

The ceremony was performed in front of a beautiful bower of fern and roses. Miss Hazel Anrdews and Mr. Steinborn played the bridal chorus and during the signing of the register Mr. Boardman sang "I Love You Truly," the accompaniment being rendered by Miss Andrews.

Following the ceremony some fifty guests enjoyed the wedding luncheon, the bride's table being covered with a lace cloth and being decorated with streamers while a threetiered wedding cake centered the table. The couple received many beautiful gifts from a host of friends They will make their home at the farm of the groom at Leland, Idaho.

TWENTY-SIX ATTEND COM-MERCIAL CLUB MEETING

The regular monthly meeting on Monday night of the Kendrick Commercial club was one of the bestfrom a fraternizing standpoint—that has been held for many months. Dinner was served at 6:30 by Mrs. Paul Lind and Mrs. Edgar Long, which seemed to put everyone in an exceptionally good humor and while there was not a great deal of busithe evening was ness transacted, pleasantly spent in discussing dif-ferent ideas and subjects brought up and one of the very gratifying parts of the meeting was the attendance of 26 people who were sufficiently interested in the town and community in general to be

N. E. Walker reported a small crew is working on the Cedar creek road, putting it in shape for the balance of the winter and it is hoped to complete the project as far as the survey has, been made during the life of the present WPA set-up. He stated that there might be further reports on road work at the next

meeting. Marvin Long of the Fish and Game committee stated that he had attended a meeting of the Wild Life Game association at both Moscow and Lewiston and that reports were to the effect that when a new fish Lewiston dam there would be much hope of obtaining a fish hatchery was quoted at Kansas City at \$1.01 for the Clearwater section. It was indeed a very happy occasion and it was very gratifying to see so many people from the rural districts

Mr. Lyle also spoke of the splendid record made thus far by the High School Basketball team and said he thought they had a very good chance of going to the Class B

tournament at Burley.
H. B. Thompson of the Civic Improvement committee revived the subject of a tennis court and perhaps a swimming pool for Kendrick -neither of which is impossible. There was much discussion and a committee composed of E. A. Deobald, J. M. Lyle, Jr., Harold Thomas and H. B. Thompson was appointed by President Christensen to look into the feasibility of obtaining either or both and report at the next meeting.

Rev. T. J. Pryor, pastor of the M. E. church, was present and being called upon made a few appropriate remarks, among other things complimenting the Kendrick Commercial club on its ability to "sticktogether" and accomplish the many as expressing his pleasure at being in attendance.

GRAIN MARKETS FIRMER WITH MORE ACTIVE DEMAND

Grain markets strengthened materially during the first week in 1938 with a more active domestic and export demand, according to the Weekly Grain Market Review of the U... S. Bureau of Agricultural Economics. Wheat advanced 6c to 8c per bushel? with a revival of export trade and a good domestic milling demand.

A material strengthening took place in the general wheat situation.

with the advent of the new year... Demand for both wheat and flour improved while offerings of grain by the principal exporting countries remained relatively light. Australian shippers were selling less freely and offerings of Russian and Argentine grain were not large. Small remaining stocks in Canada restricted sales from that country while uncertainty regarding the new winter wheat crop in the United States tended to strengthen quotations on American wheat. firming influences were reflected in higher prices of foreign wheats at Liverpool where U.S. No. 2 hard winter from gulf ports was quoted on January 7 at \$1.28, white wheat from the Pacific Coast at \$1.14, Australian wheat at \$1.16, Argentine Rosafe for January and February shipment at \$1.30 and No. 3 Canadian Manitoba northern at \$1.54 per bushel World shipments during the week were only moderate with Argentine exports placed at 1,048,000 bushels, Australian shipments at 802,000 and Black Sea shipments at 1,784,000. United States exports during the last week in December totaled 1,645,000 bushels. North American overseas shipments during the same period totaled approximately

3,000,000 bushels. Domestic cash wheat markets advanced rather sharply during the first week in January, influenced by an active milling inquiry and a continued good export trade. Marketings fell off and receipts of winter wheat at the principal terminals dropped to 1,000 cars compared with 1,165 during the previous week and 1,098 cars for the corresponding week last year. Local millers, shippers, exporters and storage interests were all active buyers at Kansas City and current sales exceeded receipts so that terminal stocks were reduced ladder had been constructed at the nearly 1,000,000 bushels. At the close of the week No. 2 hard winter there and are doing well and that delivered gulf ports, while 20c over last week 17 more were brought up the Chicago May was bid for wheat, hat would test 62 pounds per bush el. At the close of the market Jan. these bids were equivalent to spectively. Export trade was also

> and soft red winter at \$1.131/2 delivered Galveston on domestic rate. Canadian spring wheat markets advanced more than domestic markets, reflecting rapidly diminishing supplies and light current offerings. Receipts at Winnipeg dropped to 437 cars. At the close of the week No. 1 Manitoba northern was quoted at \$1.52. No. 3 Manitoba northern

active at Fort Worth where No. 1

was quoted at \$1.251/2. Intermountain and Pacific Coast markets strengthened along with eastern markets. Mills at Denver were bidding 87c per bushel FOB Colorado shipping points for No. 2 hard winter and No. 2 northern spring, while mills at Ogden were offering 73c per bushel for No. 2 soft and hard white, northern spring and hard winter FOB Utah-Idaho

common points. At Portland cash prices advanced 5½c to 6c per bushel, with a good export demand, but only moderate inquiry from local mills. Export sales of around 15,000 tons, principally to Europe, were reported during the week. Receipts at Puget Sound and Columbia river terminals were only moderate at 475 cars. At the close of the week, No. 1 soft white was quoted at Portland at 90½c, western white or western club at 90c, western red at 90½c with hard white (baart) at 91c things that have been done, as well per bushel, all basis No. 1 grade sacked, these prices being bid prices on the Portland Grain Exchange. A. After adjournment of the meeting feature of the market was the ingeneral round of visiting took creased indemnity payment on flour place among those present, getting sales to the Philippines, which was announced at 10c per barrel on sales up to February 15 and 20c per barrel on sales after that date. Philippine buyers were reported replenishing flour stocks prior to the increase of \$1.00 per ton in freight rates effective February 15. At Seattle western white was quoted at 90c, western red and hard winter at 91c, hard white (baart) at 91c per bushel, all basis No. 1 grade

California wheat markets strengthened principally as a result of advances in eastern and northern markets but a continued strong holding tendency on the part of California growers was also a strengthening influence. Mills and feeds were somewhat more active buyers.

Pacific Northwestern barley markets held steady although inquiry for feeding types was fairly active along with other feed grains. Trading was somewhat restricted by the light movement to market but prices held firm with No. 2 bright western barley at Portland at \$1.35 per 100,

sacked basis. Pacific Northwestern oats markets were firm with a good current inquiry for white oats from local mixed feed manufacturers and some
