RD TERM TALK — DOES IT MEAN ANYTHING?

he swing of President Roosevelt aries has served to revive third city of which we are all proud, or talk in the newspapers of the should be. n. Some of the political wiseld not be so interested in who did not have ambitions to run another term. Other political ny in Washington who believe, ever, that if Mr. Roosevelt wisho perpetuate the New Deal he have to stand as a candidate THIS AND THAT ABOUT in in 1940. They predict that the ht in the Democratic ranks will so bitter, it will become apparent re the convention that only sevelt himself has a chance to the election that year.

that as it may there is little estion that the idea of a third will be discussed with increasduring the next few ths, inside congress and out. It expected that, unless President sevelt makes a definite statet in the meantime that he does choose to run, the discussion debate will be started by another olution in congress against the ird term practice. It has been ten ers or more since the question was bated in congress and that was rough a Senate resolution introed to head off third term talk the friends of President Coolidge. iously enough it was Senator Laette who introduced the resoon against the third term idea. nator LaFolette was opposed to a rd term for President Coolidge. he is known as one of Presi-Roosevelt's warmest personal ends and it will be interesting to what stand he will take if the ird term matter comes up again. LaFollette resolution declared: It is the sense of the Senate that precedent established by Washton and other Presidents of the ited States in retiring from the esidential office after a second rm has become, by universal conirrence, a part of our republican stem of government, and that any parture from this time-honored stom would be unwise, unpatriotic, fraught with peril to our free

The resolution was adopted by a ote of 56 to 26. Among the Sendon Mr. and Mrs. Geo. Wilken Sunday afternoon.

Miss Maying Bischen of Translation and American Discher Sunday afternoon. the resolution and against the term idea were Barkley, Ashrst, McKellar, Hayden, Neely, Pittan, Shepard, Thomas and Wagner, now known as New Dealers, and ho have not seen eye to eye with ne New Deal on all occasions: erry, Glass, Harrison, King, Smith nd Tydings. Senators Norris and aFolette, now close friends of Mr. coosevelt, also went on record gainst the third term idea. If and when the third term debate

ets hot again it is likely that some these Senators may be embarrased their record of ten years ago. enunciations of the third term prinpal, and derided the idea that any resident could conscientiously exect more terms as President than vere accorded Washington and Jeffrson. If there is a third term debate in the next Senate, it ought to be exceedingly interesting.

Crop Insurance Applications

Approximately five applications Crop Insurance are being issued daily at the County Agent's office, according to Lowell Isaksen, crop insurance supervisor. Any person filling out an appli-

cation is not necessarily obligated to complete the policy by paying the premium. Upon receipt of the premium notice, if circumstances should arise which make it inadvisable for the applicant to accept the policy. the application may be cancelled without cost.

After signing an application, period of from four to five weeks is necessary before the applicant will receive his premium notice from the branch office at Minnapolis, notifying him of the amount of his premium, either in bushels of wheat or equivalent. All applications be made previous to seeding of winter wheat.

No insurance policies will be issued by the Federal Crop Insurance Corporation until the premium has been paid in advance.

Any individual is eligible to make application for crop insurance for the 1939 crop even though he does not comply with the 1938 wheat program. For the 1940 wheat crop the applicant must comply in 1939 with the Agricultural Conservation program, in order to be eligible on the 1940 crop. The final date for accepting ap

plications for 1939 wheat crop insurance has been officially set as August 30, 1938.

Went Fishing

E .A. Deobald, Clayton Deobald, Charles and Teddy Deobald and W. L. McCreary went fishing at Obia and Fish creek in the Lolo country last Thursday afternoon and Friday, They reported the fishing as good "doggone" scare articles. A good time was had, however.

Wants Potato On License Plate

A short time ago E. G. Harlan secretary of the Boise Chamber of Commerce, suggested that an emblem depicting the Idaho potato be placed on the 1939 motor vehicle license plates. He said that the resultant publicity would be valuable

to the Idaho potato industry.

It was back in 1926 that a supposed facsimile of the Idaho potato was placed on the Idaho license plate. And it so happened that an Idaho car parked in the City of Manitou, Colo.—at the foot of Pike's peak—bearing one of the "Idaho Potato" licenes plates, attracted the atention

an Eastern motorist who asked the driver of that car if that was the best-looking potato that could be raised in Idaho; and intimated that if it was, they had bettre leave it

1938 off the plate. There was no way of terring whether the potato on the license plate the church building inside and out was supposed to represent a north The secretary was authorized to Idaho non-irrigated potato or one purchase additional hymnals to supof the southern part of the state, where they are all irrigated. Anyway, there are a few potatoes raised in Idaho that do not have the flavor of the Eastern potato beat 100-ways. The north Idaho pototo is the best that can be had because they are all dry-land potatoes—and the "best

GRAIN MARKETS WEAK

PLENTIFUL SUPPLIES CAUSE

Grain markets continued to cline during the second week in August, with prospects for abunall the latest devices for comfort for the passengers. This bus will be dant supplies, together with only a afternoon for Lewiston and Clarks- from the Pine creek and Texas ridge moderate inquiry the principal weakcorn declined to new seasonal lows. Oats and barley were also slightly lower despite a good demand and

fairly steady cash premiums.

Large world supplies continued to be the dominant influence in the wheat situation. Harvesting is nearing completion in the northern hemisphere under generally favor-able conditions and production estimates are being revised upward as: threshings show yields above earlier forecasts. Prospects for spring wheat in the United States improved during July and conditions at the Warden Jess Robertson, Kamiah, distributed about ten tons by that method in the Selway region last the cards concerned orders for shoes on 1000 bushels including 41,148,—method in the Selway region last ly reduced to 688,458,000 bushels. "Communication with the company brought out that the man to 989,000 bushels compared with 873; whom the letters had come had 933,000 bushels in 1937. The Cana-

dian crop promises to be about double last year's harvest of 182,-000,000 bushels. Winter wheat production in Canada is estimated was estimated at 82 per cent of the long-time average yield which on the 24,946,000 acres for the prairie prov-(7010) was in Kendrick last Satur- inces indicated in the June survey

Conditions in Europe improved considerably during July and a total European harvest of 1,633,000,000 bushels is indicated, compared with 1,556,000,000 bushels last season and the record of 1,745,000,000 bushels by W. R. Rogers, Agent, P. O. Box in 1933. A record outturn of 404 million bushels is now in prospect with excellent yields of winter wheat in the important exporting areas along the Black Sea. Russian spring wheat, however, has suffered severe drought damage, particularly in eastern sections and Volga regions. Estimates of the Indian crop have

Cash wheat markets mostly followed the decline in futures but steadied toward the close of the week when offerings fell off with growers and shippers placing larger quantities in storage. Marketings of spring wheat increased materially with 2,638 cars received at Minneapolis and 1,951 cars at Duluth. The quality was quite variable but mostly satisfactory for milling. The test weights of the Minneapolis receipts ranged from 49 to 62 pounds and averaged around 57 pounds. Premiums for test weight became rather well defined, with 60-pound No. 1 dark northern selling at 5c to 7c, over and 56 pound wheat at the September price to 2c over. The September delivery at Minneapolis

declined 1½c and closed Aug. 12 Durum wheat was independently firm and the September delivery at Duluth advanced 11/2c and closed on August 12 at 611/2c. Premiums for cash durum at Minneapolis ranged mostly from 8c to 12c over

Duluth September price. Marketings of winter wheat decreased with a total of 5,304 cars received at the principal terminals. Milling inquiry was only moderate and a good proportion of the current arrivals were ordered to storage for the account of growers since current prices were below federal loan values. At the close of the week No. 2 hard winter was quoted at Kansas City at 611/2c to No. 2 soft red winter sold at 581/40 per bushel. At Fort Worth No. 1 hard winter was quoted at 73c and No. 1 soft red winter at 721/2c delivered Texas common points or Galveston export rate. At Chicago No. 2 hard winter was quoted at 63c to 66c and No. 2 soft red winter at 62½c to 64½c per bushel. No. 2 soft red winter sold at St. Louis at 654c per bushel with a fairly active inquiry from southern Illinois and southeastern Missouri. Local elevators, however, remained the principal outlet for current of-

Intermountain and Pacific Coast markets followed declines at eastern points. At the close of the week Denver mills were bidding 47c per bushel FOB Colorado shipping points for No. 2 hard winter and No. 2 northern spring, while Ogden mills were offering 39c for No. white and 37c per bushel FOB Utah-Idaho common points for No. 2 hard winter wheat, northern spring and hard white wheats.

Marketings in the Pacific Northwest continued large with a total of 3,049 cars received at Puget Sound and Columbia river terminals. Current offerings, however, were light wringer last week while washing export trade was light. At the close quoted at Portland at 60c, western white at 59c, western red at 57c hard white (baart) at 61c and hard red winter at 62c per bushel, all basis No. 1, sacked. At Seattle, western white was quoted at 57c, western red and hard winter at 55c hard white (baart) at 594c and dark northern spring from Montana

California markets remained weak

rmitage home Sunday. on Jack took Mr. and Mrs. Gordon Harris and grandchildren to Pull-man Sunday to visit Mr. and Mrs. Charley Harris. They are moving to Oregon this week.

Marion McClelland of Lewiston is visiting his parents, Mr. and Mrs. Wm. McClelland this week.

Mrs. Herman Travis spent last week with Aletha and Nellie Israel at their camp on Breakfast creek, above Elk River. Mrs. Willard Turner and daughter

visited at Mrs. Julius Hoppe's the first of the week, while Rev. Turner took a group of junior boys down on the river on a camping trip. Margaret Jennings is visiting her ister, Mrs. Abner Cowger this sister.

GOLDEN RULE ITEMS

Beatrice Martin visited Bessie Smith Tuesday. Jessie Martin spent Tuesday night with her.

Mrs. John Starr helped Mrs. Jack Kelsie cook for threshers Friday.

Mrs. W. A. Cowger visited Mrs. Roy Wallace Thursday afternoon. Mr. and Mrs. Glen Betts and children called on Mr. and Mrs. Jack

Kelsie Friday afternoon. Mrs. Roy Martin accompanied Roy Southwick to Lewiston Satur-

Mrs. W. A. Cowger and sons and Mr. and Mrs. Roy Wallace were among the Orofino visitors Monday. Earl Hammer is sawing logs with Alvin Starr for Johnson's mill. They are boarding with Mrs. Jack Kelsie. Mr. and Mrs. Floyd Johnson, Geo. Finke, Odetta and Donna Jean Betts ate dinner at the Glen Betts home

Mr. and Mrs. Lewis Pischel were Sunday dinner guests of Mr. and Mrs. Frank Dryden.

Carrol Wells went to Orofino Saturday to have the cast taken off his leg, in which he received an accidental gun-shot wound some time TRUCKS AND WAGONS MUST CARRY RED TAIL SIGNALS

Two of Idaho's seasonal highway menaces are wood hauling from the hills in the north and beet and potato hauling from the fields in the south. Horsedrawn and motor vehicles with their heavy loads can be found upon the roads after dusk in the late summer and fall, and, in many instances, these loads are unprotected at the rear, not having visible redlights or reflectors. These conditions have caused traffic accidents that have had their fatalities, according to the Safety Eduction bureau of the Law Enforcement department at Boise.

Gathering of wood for the winter has started throughout the state, and many reports have been received of near-fatal accidents where automobiles have come upon the rear end of a heavily laden wagon or truck full of wood that has been unprotected with a warning light or signal of any kind. Last year during the time of harvesting sugar beets and potatoes and hauling them to the factories or railroad cars for loading and during wood hauling sea-son, three lives were sacrificed. In the late summer, wood has been gathered on Sundays or holi-

days by persons who have been otherwise busy with their work during week days. After the dry poles are loaded, it is after dusk, in many instances, when the drivers reach the heavily traveled highways with loads. These loads are not protected with warning lights nor have the jagged or extended ends of poles been sawed off or evened up, and it. Even sure-enough corn was this is the menace to life and to property that awaits the motorist. It has been the jagged ends or extending poles of loads that have caused some of the worst tragedles in the past upon Idaho highways, many of which are fresh in the minds of drivers.

law all trucks having a bed of 80 inches or more in width must carry clearance lights of red and amber color. Wagons are to carry a lantern and be equipped with red reflectors.

Roosevelt Says "SOS"

Ever since FDR started out on his recent fishing trip—overland and otherwise, he has been keeping "hands off" the political situation, for he stayed in the first place that he was going to let each state run its own affairs.

Well, he went down on the other side of the equator and caught some pretty nice fish, then he came back on this side and has been telling many of the good people—especially democrats, how they should cast their ballot in the coming November election, and especially does he ask the election of Lawrence Camp as U. S. senator.

"Barnsville, Ga.,—President Roosevelt for the first time called vigorously today for the defeat of a democratic senator he feels does not meet the tests of liberalism—and his chalaccepted.

"Mr. Roosevelt told perspiring and cheering thousands assembled here for a rural electrification celebration he felt Sen. Walter F. George should not be returned to the seat he has occupied 16 years and added firmly "I most assuredly would vote for Lawrence Camp" in Georgia's September 14 primary.

"Senator George sat impassively on the platform through the president's hard-hitting speech and at its conclusion walked across to the party chief, shook hands with him and said: "Mr. Roosevelt, I regret that you

have taken this occasion to question my democracy and to attack my public record. I want you to know that I accept the challenge."
In making the young federal dis-

trict attorney from Atlanta his choice for the office, the chief executive frowned also on the candidacy of former Gov. Eugene Talmadge. He did not mention the fourth man in the race, William G. McRae, At lanta attorney and Townsend plan advocate. It was the second Georgia speech

of the day for the Washington-bound president who is returning from a cross-country vacation and a Pacific fishing cruise."

A marriage license was issued on Thursday of last week at Lewiston to James Henderson and Nancy Riley, both of Kendrick.

VANILLA

"Rebecca of Sunnybrook Farm" And now it's Shirley Temple gain, this Friday and Saturday nights at the Kendrick Theatre. The old farm goes streamlined, along with almost everything that is on transplanted to the studio lot to

make it appear more realistic.
It's about the "musicalist" farm one ever saw, too, for there are some of the latest songs by Shirley herself, and others ,as well as much many of which are fresh in the minds of drivers.

Drivers of motor vehicles upon the highways, as well as those driving heavily laden vehicles, must observe courtesy and caution for the prevention of accidents, whether it is fatal or non-fatal. Under state law all trucks having a bed of Farm" and volv will have a hard Farm", and you will have a hard time keeping your own feet on the

floor when you hear some of those foot-wriggling songs.

There will also be plenty of other features that will repay you for the time and money spent.

A woman applying for citizenship papers in Ohio was asked: "How is the Constitution changed in a re-publican form of government?" "By the Democrats," she said, and was given 100 on that one

"At the very top of the credit structure of the country, surpass-ing all other groups in moral and material importance, stand the obligations of the Federal Government. These are paramount because government is essential to all ordered economic life. When they go, everything goes. Happily, these obligations are secure. They suffer only to the extent that Government is permitted to be extravagant, wasteful or ill-managed. They suffer if the Fed-eral budget is not balanced, and particularly where the deficit of one year is not cleared up the succeeding year.

"It is my pledge and promise that this dangerous kind of financing shall be stopped and that rigid governmental economy shall be forced by a stern and unremitting administration policy of living within our income. living within our income.
"Franklin. D. Roosevelt."

(at St. Louis, Oct. 21, 1932.) An estimated deficit of \$3,984, 887,600 will stare the New Deal in the face this year. This makes the sixth successive deficit for Franklin, and they grow bigger every year.

Yours truly HAROLD THOMAS.

Mr. and Mrs. Halvor Lien and Mr. and Mrs. Stanley Sneeve drove to Coeur d'Alene and Spokane Sun-

The Agricultural Adjustment Administration has advised Governor Barzilla W. Clark that the Federal mail out, probably within the next few days, new forms on which millers may make offers to sell up to 1,000,000 barrels of wheat flour for distribution to the states for relief

The corporation has already purchased 2,902,225 barrels of wheat products, including 2,429,640 barrels of wheat flour; 268,975 barrels of graham flour; and 203,610 barrels of whole wheat flour, at a total cost of \$11,751,000 for these commodities. These wheat products, purchased within a period of two months, represent nearly 13,000,000 bushels of wheat. Additional purchases may be made from time to time during

the year.

The wheat products purchased by the corporation are being allocated to state relief agencies for distribution to persons on relief rolls. These wheat products are distributed carefully to prevent them from being resold. State agencies are required to distribute the products to relief families in addition to, and not in substitution for, commodities which they already buy or receive locally. Thus, those without purchasing power receive added food, and at the same time some of the surplus wheat is utilized

The program for using surplus wheat through purchases of wheat products for relief distribution sup-plements the general AAA wheat program which includes: acreage allotments; loans to wheat producers; crop insurance; and other items.

Lamps Changing White lamp shades are going out and a warmer, more mellow color is coming in. It seems that the pure white shades when lighted, GS OF LELAND out a somewhat grey tone, while FRIENDS AND NEIGHBORS many homes are enhanced by a warmer glow and need something cheerier than white. The newest colors in silk shades, as their names indicate, send out a warmer and richer light. They are—sand, gold,

bananna heart and chapagne. These come in various materials —shantung, plain silk, coarse linen, satin, crepe. Manufacturers have looked everywhere for their fabrics -to womens dress departments, draperies, upholstery materials, and even the clothing industry, it was learned at the lamp show at the Merchandise Mart and American Funriture Mart. Much stress has been layed on washable fabrics for lamp shades and it is claimed that many of the new ones can be washed satisfactorily in soap and water. However, for the first few times at least, dry cleaning would probobly be easier.

Floor lamps which usually measure about 63 inches from the floor are made in shorter heights for certain purposes in the home. Some of these are called "juniors" and stand about 54 inches high. Others introduced Southwick are visiting at the home this year are called "companion" lamps, are sold in pairs for the two ends of the davenport, and are from

> The old bridge lamp is pretty well replaced by the arm study model. This has an adjustable arm which slides up or down on the standard and also swings around. Bases of floor lamps in bronze and gold finishes are more populer this season than last. Others are finished in Sweedish silver, copper and various other metals.

Had Tonsils Removed

Mrs. Chas. Dissmore, a sister of Mrs. R. L. Blewett, who is visiting at the Blewett home, had her tonsils removed at the office of Dr. D. A. Christensen, August 9.

Marjorie Johns, daughter of Mr. and Mrs. Phil Johns, also had her tonsils removed the same day. Mrs. Ronald Wolfe, Little Bear ridge, had her tonsils extracted on Thursday, August 11. Betty Parks, daughter of Mr. and

Mrs. Harold Parks, Leland, underwent the same operation on Wednesday, August 17.
All concerned are doing nicely.

Weather Chilly

The weather the past few days is not at all what one might expect for the middle of August. Wednesday being decidedly cool and several

showers fell.

Following our long hot spell, which was broken with a shower, the weather until Wednesday has been all that anyone could ask, nice warm sunshiny days and cool nights.

Not Yet Solved

If placed end to end, the hairs grown by the average man in one year would equal 7,604 feet, we learn. The trick, of course, is to get them to grow end to end.

fashioned man who prided himself on raising a big family and marrying off each of the girls to a good, thrifty husband?

Barzilla W. Clark that the Federal Surplus Commodities has been authorized to make additional purchases, which will envolve the equivalent of approximately 4,500,000 bushels of wheat. The Federal Surplus Commodities Corporation will put probably within the next

Right Road, But What State? So indefinite is the Virginia-North

Carolina boundary line that the Virginia State Highway department, be-fore building a road in its vicinity, has to ask property owners in which state they pay taxes, says Henry G. Shirley, State Highway commissioner

for Virginia.

The line was run many years ago on what was supposed to be 36 degrees, but was not at all, says Mr. Shirley. Since then it has been resurveyed by three Commissions without fixing a line suitable to both legislatures.

tucky-Virginia line and the West Virginia-Virginia line are fairly well defined. He has suggested that a workable boundary be established by running a line between Virginia and North Carolina connection points, but nothing has ever come of the suggestion.
