INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

On Monday of last week H. B. Thompson of the Kendrick State Bank addressed the Business Principles class on "Investments." It is planned to have other men in various lines of work address this group on the activities that may be found within their particular field.

Names will probably be drawn for an exchange of Christmas gifts, as has been done in the past.

Don Benscoter visited school on Tuesday of this week.

New material has been received relative to the NYA school at Weiser. This school is to be enlarged and will give a number of new courses. There are three boys from this region attending and more contemplate entering at a date in the near future. This school will be built up to correspond to two years of Junior college work.

The grades are working on a program to be given at the joint school and Commercial club program on Thursday evening, December 22, at 7 p. m. Invitations are being sent to all schools in this region as was done last year, and it is expected that the attendance will exceed that of last year, which was well over 200. This is particularly an event for the youngsters. Treats will be furnished for all young people not over the eighth grade and down to as young as are able to attend. Plan to come and bring the youngsters.

An F. F. A. bulletin board has been placed in one of the local hardware stores. The bulletin has things posted which are of interest to farmers. It will be changed every two weeks.

Dean Broadhead, trainee from the U. of I., is here to instruct the Ag. classes in poultry judging.

The Kendrick Tigers won over the Troy Trojans in a game here last Tuesday night. The score at the half was 14 to 7 in favor of Kendrick and the final score was 26 to 17. The boys kept ahead of their opponents from the very start. In the second game, which was between the Troy and Kendrick second strings, something happened and we came out the losers, the final score being 15-12, but the boys put up a swell fight, anyhow. Kendrick will play a double header with the Lapwal boys at Lapwal on Friday evening of this week. This will be the first conference game of the season.

In Business Science the class is studying "Incomes and Budgeting."

The Biology class has taken up the study of birds.

In the American History and World History classes, the students have been discussing the types of defenses and how to improve them.

Grade News
The second grade is making a play toy shop.

The third grade spelling averages for the week are: Olive Kayler, Doris Clemenhagen and John Deobald, 100; Buford Fairfield and Sammy Stedman, 97.

The fourth grade spelling averages are: Barbara Stedman and Beverly Schupfer, 100; Patty McCreary 97; Connie Crocker, 95.

The fifth grade is studying the south central and south Atlantic states in geography. They are going to make booklets on the "Cotton Belt."

The sixth grade is studying the manufacture of iron and steel and the U. S. A. as a manufacturing country.

Election Of Officers

Tuesday evening, Dec. 13, Canyon Chapter O. E. S. elected officers to serve for the ensuing year, as follows: Mrs. Grace Thomas, worthy patron; H. B. Thompson, worthy matron; Mrs. Ella Benscoter, associate patron; John L. Woody, associate patron; Mrs. Anne Deobald, secretary; Mrs. Ruby McKeever, treasurer; Mrs. Ertie Thompson, conductress; Mrs. Mabel Callison, associate conductress.

Appointive officers were: Mrs. Bina Raby, chaplain; Mrs. Ruby McKeever, marshal; Mrs. Grace Thomas, organist; Mrs. Mary Otterson, Adah; Mrs. Janice Jones, Ruth; Mrs. Eva Keene, Esther; Mrs. Martha Woody, Martha; Mrs. Fannie B. Greene, Electa; Mrs. Anna Long, warder; John L. Woody, sentinel.

The foregoing officers were installed by Mrs. Eva Keene, W. M., acting as installing officer. Mrs. Keene was assisted by past matrons and patrons of the Chapter.

Refreshments were served at the close of the session.

Another Community Sing

Another Community sing is now scheduled for 7:45 p. m. Wednesday, December 21. Come and sing the Christmas songs.

Special numbers have been prepared by Mr. and Mrs. Harold Thomas, the Girls' Glee club, and the church choir.

Remember, these are not religious meetings, but a community get-together. Come out and sing!

ACTING GOV. C. C. GOSSETT APPOINTS GAME BOARD

On December 9, Acting Governor Charles C. Gossett, took the "Old Bull" by the horns and appointed a five man game commission, says a letter received by Marvin Long, from the Idaho State Wild Life Federation, consisting of the following: Stanley Easton, Kellogg, Republican. Unanimously endorsed by the affiliated clubs in District No. 1.

Has been strong supporter of the Shoshone County Sportsmen's Association and other north Idaho sportsmen's activities.

Walter Fiscus, Potlatch, Democrat. Chosen by Gossett, probably on recommendation of the Grange. Former president of sportsmen's organization at Potlatch and said to be active in sportsmen's affairs. Deputy State Grange Master, either past or present.

B. W. Hawley, Melba. (Canyon County) Republican. Farmer, graduate of Oregon State College and a specialist in animal husbandry, and probably chosen by Gossett because of personal reasons.

George Booth, Burley, Democrat. Endorsed and included in recommendations of Dist. No. 4, at meeting held in Shoshone on November 30, at which over 100 sportsmen were in attendance. Has been active in the promotion of game commission affairs and other sportsmen's activities.

Alvin R. Howell, Idaho Falls, Democrat. Unanimously endorsed by our affiliated clubs in District No. 5, at a meeting in Pocatello, Thursday, December 8. Has been active in affairs of Bonneville County Sportsmen's association, and his name was put forward by them.

Governor Clark happened to be out of the state attending a meeting in New York, and it developed that the State of Idaho was without a game department, owing to an error on the part of Mr. Clark in issuing a proclamation upon completion of the official count. This matter was brought to the attention of the Acting Governor, which, together with other reasons, caused him to take action. The Attorney General, J. W. Taylor, stated in a meeting in the Governor's office that the present game department was probably without authority to act and that the appointments should be made. What other motives prompted Gossett to act, we are unable to say.

Card Party Series Over

The final card party in the series given by members of the Rebekah lodge, was held Wednesday evening, with 21 tables in play. Dessert was served early in the evening.

High scores for pinocle were received by Mrs. Otto Schupfer, Bernard Jones, Marie Havens and Sidney Clemenhagen, while low went to Mrs. E. T. Long, A. G. Wilson, Barbara Long and Kenneth Woody. Bridge honors went to Mrs. E. P. Roberts and J. P. Henry, and low to Mrs. F. H. Rider and E. T. Long.

The Door prize was awarded A. G. Wilson.

Highest scores for the series of the three parties were awarded Mrs. M. C. Halliday, Juliaetta, J. P. Henry and Barbara Long.

The Cedar chest award went to Walt Dorendorf, Southwick; Walt Bigham, Kendrick and Bill Stickler, Lewiston.

Celebrated Christmas Early

Perhaps the first Christmas dinner in the community was served last Sunday at the home of Mr. and Mrs. R. H. Ramey.

The occasion was a double affair, being the first wedding anniversary of Mr. and Mrs. Walter Koepf and Christmas for Roy, Jr., who left on Tuesday evening for a trip to California, which will take them to Los Angeles, San Francisco, and back through southern Idaho, where they will play at Twin Falls. They will not return home until December 29. Just the immediate family were present.

COMMERCIAL CLUB ENTERTAINS WIVES AND VISITORS

One of the very interesting meetings held by the Kendrick Commercial club thus far this season was last Monday night, when the club entertained their wives and a few visitors, and a splendid program was given. It consisted of two numbers by Mr. and Mrs. Raymond Vaught on the violin and cello; two numbers by a quartet composed of A. O. Kanikkeberg, Roy Ramey, John Lind and N. E. Walker, and a splendid talk by Dr. C. W. Chenoweth of the University of Idaho. While these were all much enjoyed, the splendid chicken dinner served by Mrs. Paul Lind and Mrs. Edgar Long, assisted by the Home Ec. class of the Kendrick schools, was also very much enjoyed, as shown by the little wastage left on the plates at the conclusion of the meal. There were more than 50 present to enjoy the evening.

Dr. Chenoweth's talk on "What Comes Next," was the highlight of the evening. Assuming an easy grace and taking a well-balanced subject, he was listened to with close attention by those present. He compared the past with the present, but said we are making progress in the face of the difficulties encountered in these strenuous times. He said man is now undertaking to make two blades of grass grow where only one grew before—and forests likewise by using selective logging by the large timber companies. Progress is distance gained by man toward maturity, he becoming more capable. He said that you couldn't change human policy all at once, and quoted from an old-time humorist who said: "git a plenty while you're gittin'."

He said that Idaho, with her natural resources, is "sitting pretty," and someday will be the playground of America, as we have all the natural settings for sport, especially winter sports, such as Sun Valley, and many other places of lesser note that will naturally develop.

Dr. Chenoweth defined nazism, facism and communism, saying all were the totalitarian political theory, and amounted to one and the same thing for a practical definition. It was indeed a splendid talk and it is hoped that more such information can be had by the club at no distant date.

After Dr. Chenoweth's talk the minutes of the previous meeting were read and approved.

N. E. Walker, chairman of the Highway committee, reported that letting of the contract for the link of road to be built from the end of the oil near Arrow to Juliaetta, was being held up by lack of right-of-way through Indian land, but it was hoped that it could be secured within a short time. Delegates from here had attended a road meeting at Deary recently, but little progress was made.

Chairman Christensen reported that a census of ducks being sponsored by the Commercial club, showed 72 still hanging around the feeding ground.

It was announced that there would be the annual Christmas tree and treats for the youngsters of the entire countryside, carried out the same as last year by the Commercial club and the Parent-Teachers association on Thursday evening, December 22, in the H. S. gym.

Geo. P. Barnum reported that he had attended a meeting of the North Idaho Chamber of Commerce at Moscow, and that it was a very profitable and interesting meeting.

J. M. Lyle, Jr., reported that some people who had purchased season tickets for the athletic activities this winter were afraid they would not get the worth of their money, especially in basketball games. Mr. Lyle stated that there would be plenty of these games and at the rate the team was starting out, they should all be good ones.

There being no further business to come before the meeting, adjournment was taken until January 9, 1939, when it is hoped—and expected—that another interesting meeting will be held.

A Really Good Idea

According to Harold Denny in the New York Times, Soviet teachers are being urged to combat religion in the Russian schools because of its revival among children. Pink ministers of the United States please copy.

With things changing so rapidly in Asia and Europe, this ought to be a banner year for the map-makers—and a headache for the school child!

ORIEL DUMBAULD, POTLATCH PIONEER, PASSES

Oriel Dumbauld, pioneer resident of the Potlatch section, passed away Friday morning, December 9, at St. Joseph's hospital, Lewiston, after an illness of some three weeks. Mr. Dumbauld was born in Jackson County, Iowa, February 16, 1856, and was 82 years, nine months and 23 days old at the time of his passing.

Mr. Dumbauld and Sarah Louise Laws were married at Jacksonvill, Kansas, December 11, 1879, it being just 59 years ago at the day of his funeral.

In 1887 the family came to Idaho, and settled on the lower Big Potlatch ridge, near Juliaetta. There he purchased a farm on which they resided for 32 years. Mr. Dumbauld became one of the successful farmers of the ridge. He retired from farming in 1919, he and his wife moving to Juliaetta to make their home, residing there for 19 years.

He is survived by his widow, Sarah Louise Dumbauld; two daughters, Mrs. Bertha Beard, Moscow; Mrs. W. A. Perryman, Kendrick; and one son, Jesse Dumbauld, Cui-desac; a sister living in Kansas; five grandchildren and three great-grandchildren.

Mr. Dumbauld was an affiliate of the Methodist church, a man of sterling character, highly respected and liked by all who knew him.

Funeral services were held Sunday morning, December 11, from the Juliaetta United Bretheran church, with Rev. C. D. Bell, Moscow, officiating. Mr. Bell and Mr. Dumbauld had been friends for more than 40 years, dating back to the time Mr. Bell was pastor of the Leland M. E. church, of which Mr. Dumbauld was a member.

Hymns were sung by N. E. Walker, R. H. Ramey, Myra Kanikkeberg and Mrs. D. A. Christensen, accompanied at the piano by Mrs. Herman Schupfer. Interment was in the Juliaetta cemetery. Pallbearers were C. W. Jessup, Ira Fix, Benjamin Weatherby, Frank Spray, H. Millard and Fred Nye.

We wish to express our deepest appreciation to the many kind friends and neighbors for their help and sympathy during our late bereavement. Also do we wish to extend our thanks to the singers and organist, and to those who gave the many beautiful floral offerings.

Mrs. O. Dumbauld, Mr. and Mrs. W. A. Perryman, Mr. and Mrs. Jesse Dumbauld, Mrs. Bertha Beard.

Collecting Toys Now

At the last meeting of the Kendrick Commercial club, following a round-table discussion, it was decided to collect at this time all the old toys possible, to be given out to others at Christmas time.

The Commercial Club, the Ladies Aid and the Vocational Agriculture boys are all behind this movement, and it is indeed a worthy one — so if you have at hand any old toys that may be repaired and passed on, please call the schoolhouse, phone 422, and they will be called for by the boys or some member of the Ladies Aid.

These toys will be taken to the school workshop, and a smarmy as possible put in repair and repainted for use by other children in needy families. If they are beyond repair they will be discarded — at least they won't clutter up your basement or garage again.

Help a worthy cause. See how many you can find.

Ira Foster Surprised

Thirty-two friends and relatives surprised Ira Foster by coming en masse with well-filled baskets Sunday to help him celebrate his seventieth birthday anniversary. While his birthday anniversary did not arrive until Monday, Sunday was taken advantage of as a day when all could be free from work and worry and allow themselves to enjoy to the full the good things to eat.

It was a great day for Ira, and on Monday, his day of birth seventy years ago, he seemed to step just a little bit lighter because of the good eats and the splendid time enjoyed.

Ladies Aid Meeting

The Ladies Aid will meet with Miss Higley on Friday afternoon at 2 p. m. Mrs. Elwood Pearson is the assistant hostess.

Load Of Christmas Trees

Bob Weyen and Homer Jones left Tuesday morning of this week for Pocatello, Idaho, with a big load of Christmas trees for that market. The load, contracted for before they were cut, consisted of 233 fine trees, all hand picked and carefully loaded. Trees of this kind are said to bring a fine price in that southern market. They expect to make the round-trip in four days.

F. F. A. BANQUET REAL TRIUMPH FOR MEMBERS

The annual F. F. A. banquet, in which the members of this organization entertain their fathers and mothers, the school faculty and their husbands and wives, the members of the Kendrick Commercial Club and their wives, and various other specially invited guests, was held in the Kendrick High school gymnasium last Friday evening, with some 170 present, was a real success in every sense of the word, and the boys, their instructor, Don Lyle, the Domestic Science girls who did the serving under the direction of their instructor, are to be highly congratulated.

Serving this number of people entails a tremendous amount of careful planning and work to insure its success. During the course of the meal Mrs. Rose Farrington, Mrs. Louis Lunders, Mrs. Walter McCall and Mrs. Hiram Galloway supervised the work, and as there was no stove in the gym, their efforts are all the more deserving of praise.

Following the delicious chicken dinner with all that goes with it, Toastmaster Kenneth Wolff took charge. The first number was the singing of "Idaho," led by Mr. and Mrs. Raymond Vaught, followed by the Address of Welcome by Wm. Cox, and a response for the guests by W. A. Watts.

Following this came the Invocation by Rev. Wm. Gray.

Don Jones, Deryl Ingle and Quentin Perryman next entertained with a popular melody, on the saxophone, cornet and piano.

The girls' trio, Betty Boyd, Annabel Deobald and Mary Havens then sang two popular songs.

Ag. Instructor Don Lyle then gave a brief talk on the "Aims of Vocational Agriculture in Project Work." Mr. Lyle's talk was followed by an address on "Farming" by Dr. W. M. Beeson, U. of I., which was much enjoyed by everyone, as all technicalities were avoided, and the real pith of the statements made plain to all.

Following the main address of the evening, Bud Magee, with the aid of a large chart, explained the work and aims of the F. F. A., both in the past, the present and future.

The evening closed with a brief talk by Supt. J. M. Lyle, and everyone left, thanking the boys for a very fine meal and well-planned and delightful entertainment.

United In Marriage

Bianche L. Hollingsworth and Lyle D. Hosterman were united in marriage on December 11, in Clarksston, at the U. B. church, with Rev. Geo. Calvert performing the ceremony.

The young couple were attended by Mr. and Mrs. Oscar Raby, Mrs. Hosterman and Mrs. O. Raby are sisters.

Mr. Hosterman comes from Kallspeil, Montana, and is employed here as maintenance man for the R. E. A. He has been living in the Paul Lind home.

Mrs. Hosterman is well known here, her home being at Lenore.

The young couple plan to make their home here, and will be at home after the first of the year.

New Arrivals

Mr. and Mrs. Frank Miller, living in Kendrick, are the parents of a fine baby daughter, who came to their home to make an indefinite stay on Saturday, December 10.

Mr. and Mrs. Edwin Mielke are the parents of a bounding baby son, weight 7½ pounds, who arrived at their home on Monday, December 12, for an indefinite stay.

Mothers and babes are said to be getting along nicely.

Big Crowd At Church Supper

A large crowd attended the church supper, given in the basement of the building last Thursday evening by the Ladies Aid.

Money taken in from the supper amounted to \$47.35, and the sale of fancy work brought an additional \$43.50.

WHEAT CONTINUES TO ADVANCE—FEED GRAINS UP

Domestic wheat markets made further gains during the week ended on December 9, and feed grains were strengthened, states the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics. Strength in foreign markets and a continued unfavorable condition for winter wheat largely accounted for the advance in wheat prices. Lighter market receipts, together with a good demand from feeders and industrial buyers and a more active export inquiry were strengthening influences in the barley and oat markets.

Some strengthening was apparent in the general wheat situation and this was reflected in higher quotations on foreign wheats at Liverpool. Offerings of new wheat from the southern hemisphere were light, with sales in Argentina practically all to governmental agencies at the fixed minimum prices, which are above present world levels. Argentine shipments for the week totaled less than 600,000 bushels, while Australian exports were only 1,644,000 bushels. The Australian law establishing a price equivalent of approximately 96c for wheat for domestic consumption (instead of \$1.21 as originally reported by the trade) became effective December 5. Germany and Italy purchased several million bushels of wheat from the Danubian countries, according to trade reports, and this was a further strengthening factor. France imposed a tax equivalent to 16c in addition to the regular customs duty on durum wheat imported for home consumption. India also imposed an import duty equivalent to about 21¼c per bushel on wheat and flour, which will tend to restrict further imports of Australian and Canadian wheat purchases, of which the total is about 10,000,000 bushels, according to the trade.

At the close of the week United States No. 1 dark hard winter wheat was quoted at Liverpool at 66c, white wheat from the Pacific northwest at 64¼c, Argentine Rosaf at 66¼c, new Australian wheat at 69¼c and Canadian No. 3 Manitoba, from Atlantic ports at 76¼c per bushel. Rumanian wheat advanced nearly 5c per bushel, but was still relatively low compared with grain from other exporting areas. At the close of the week, Rumanian wheat was quoted at 55c per bushel.

Domestic cash wheat advanced 1c to 2c per bushel, influenced by a firmer situation abroad and also by continued unfavorable conditions for winter wheat. Melting snow and rain, together with mild temperatures were favorable for winter wheat in the eastern part of the belt, where this crop is in fair to good condition. In western portions of the belt, however, further deterioration occurred, especially in the western half of Kansas and in Oklahoma and Texas. In some southern and western counties of Oklahoma, wheat is reported the poorest in many years, while in Texas, except in northwestern sections, much of the wheat seeded has not germinated.

Marketings of winter wheat increased with a total of about 3,911,000 bushels received at the principal terminals. Stocks at the markets have begun to decrease and a total of about 135 million bushels was reported in commercial stocks on December 4, compared with about 138 million bushels a week earlier. Included in stocks on hand at the first of December were 3,069,451 bushels held by the Federal Crop Insurance Corporation in premiums. Storage space for about 8,000,000 bushels in 57 bonded warehouses has been contracted for by the Corporation for storing its reserves in winter wheat.

Cash wheat at Kansas City failed to show the full advance in futures, due to some uneasiness in premiums. Arrivals were larger, totaling 795 cars at Kansas City and 2,310 cars at nine winter wheat markets, including Kansas City, as compared with 1,576 cars a week ago and 1,472 cars a year ago. At the close of the week, No. 2 hard winter was quoted at Kansas City at 64c to 67c.

Although receipts of cash wheat at Minneapolis were slightly larger during the week, demand averaged good and firm premiums were quite readily maintained. Minneapolis receipts totaled 648 cars of wheat of all classes, while Duluth unloaded 169.

The San Francisco wheat market registered further moderate advance.

"Boo-oo" Friday and Saturday

"Boo-oo" is the story of a bold young adventurer, who penetrates the jungles of the steaming Maylay peninsula in search of a mysterious white tiger. "Boo-oo" is said to be no studio piece. It was filmed in the heart of the Maylay jungle, about 400 miles north of Singapore, and took more than a year to make. Nowhere but in the north Maylayan jungle could the rites seen in "Boo-oo" be filmed. They are said to make up the religion of the wild Sakai natives, among the oldest of all tribes in Asia.

There is also another picture of Hopalong Cassidy and his pals — "Texas Trail." The picture is set in the period of the Spanish-American war and deals with the efforts of Hopalong and his trusty side-kicks, Windy and Lucky to round up a huge herd of wild horses for the U. S. army.

Can't Sleep, Gas Presses on Heart

Mr. Woodrow Lowry says: "Stomach GAS bothered my heart so I couldn't sleep. The first dose of ADLEREKA relieved the stomach GAS. Now I can eat such things as beans, onions or tomatoes without distress. When clogged bowels cause nerve pressure, gas bloating, stomach pain, indigestion, bad headaches or sleepless nights, get ADLEREKA. The first dose usually relieves stomach GAS and constipation. Thorough action, yet does not gripe. Red Cross Pharmacy. 40-1

WHEAT CONTINUES TO ADVANCE—FEED GRAINS UP

Prices during the week, influenced chiefly by strength at northern and eastern markets and continued light central California marketings. The prices were mostly 2½c per 100 higher, compared with a week ago.

Pacific Northwestern cash wheat markets advanced 1½c to 2c per bushel during the past week as compared with a week ago. On December 9, ordinary protein hard white (baart) was quoted at Portland at 65c, with western white at 64½c, soft white 65c, western red 62½c and hard red winter at 62c per bushel, all basis No. 1 grade, in bulk. Wheat receipts at Puget Sound and Columbia river terminals during the week totaled 548 cars. Flour sales under the indemnity plan during the week totaled 9,639 barrels to the Philippines, 5,174 barrels under the general indemnity and 39,375 barrels to China. At the close of the period, indemnity payments were 80c per barrel to the Philippines, 95c general and \$1.05 per barrel to China. Demand for cash wheat from all classes of buyers was only moderate during the week, but with rather light offerings by growers in the open market, the market tone was fully steady to firm as the period closed at current higher prices. At Seattle, western white was quoted at 65½c, western red at 64c, hard winter at 63c and hard white (baart) at 66c.

Pacific Northwestern barley markets were fully steady during the period, with both feeding and malting types showing unchanged from the previous week at Portland. Trading was of only moderate volume with receipts of eight carlots at Portland during the week and five cars at Seattle. The light barley crop in the Willamette valley area this season has resulted in a steady inquiry from this section for feeding quality barley. No. 2 bright western barley weighing 45 pounds per bushel was quoted at Portland December 8 at \$1.15 per 100, sacked.

Oats markets in the Pacific Northwest were very firm and higher with advances of 5c per 100 reported in Portland during the week on No. 2 white oats, which were quoted Dec. 8 at \$1.35 per 100, sacked basis. Heavy white oats from eastern Washington were quoted at Seattle at \$1.37½ per 100, sacked. Gray oats at Portland remained nominal. Receipts of 16 carlots at Portland reflected the fairly active trading.

HAROLD THOMAS, Editor

EDITORIAL

Well, Well, Folks — Santa Claus time is coming closer, and closer and closer, and as it approaches, so comes the need for Christmas shopping money—and that is where we come in. We need cream for butter, ice cream, sweet cream, etc., and you need cash—let's get together. You have what we want, we have what you want. A fair exchange is no robbery.

We note in the papers that Bott is commencing to make his appointments. Boy, are we glad we don't have to do that job. Just think of it—some 2,000 offices (estimated) come under his appointive power. Looks to us like a good way to make both

friends and bitter enemies. Oh well, the job is his, not ours!

First Crook: "How did Jim die, anyway?"

Second Crook: "He fell through some scaffolding."

First Crook: "What was he doin' up there?"

Second Crook: "Bein' 'anged!"

Vanda: "There's father's ashes in the jar on the mantelpiece!"

Ray: "So your father is with the angels?"

Vanda: "No indeed; he's just too lazy to look for an ash tray."

Son: "Dad, what part of speech is woman?"

Dad: "Woman is not a part of speech; she's the whole thing."

In Oven Glass and Aluminum

On display in our windows you will see the very latest in oven glassware — round dishes, square dishes, oblong dishes, of all sizes and descriptions —with and without lids — and all are very necessary items in anyone's kitchen. Glassware is easy to clean, sanitary and economical, for it gives an even distribution of heat throughout the whole dish.

On display, also, are many of the very latest types of aluminum cooking utensils, both in oven and atop-the-stove types. You are cordially invited to see them.

Both kinds are modestly priced.

Stoves for Winter

We are today displaying a number of the newest models in heating stoves. The parlor furnace, in its new styles, makes a real addition to anyone's home. Prices are within the real of everyone. Come in and see them.
