

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

Senior exams were given all of a week, and they weren't half bad. Report cards were handed out the second time this year on Wednesday. A list of those making honor roll for this last nine days will be given next week. Since the beginning of the new year, many changes have been made in our schedule. A new subject has been added, a class in bookkeeping, and in order to get all the classes in, school now starts at 8:15 in the morning instead of 8:45. Those who will be dismissed at 3:15 instead of 4 o'clock as it has been, all those taking Glee club will be dismissed at 4:00 on the days in which practice is held. Those who are being made to start a Glee club, if enough are interested. However, this is not definite. Starting at 8:30 will give time to the band to meet every day instead of the old schedule of three times a week.

The new subject, called "The History of the Pacific Northwest," is one of the Sophomores, Juniors and Seniors. This is a course which will probably prove to be intensely interesting because it deals with the history, products, conditions, etc., of the section in which we live. And another reason we students will like it is that there are no horrible dates or other dry material to learn, but usually in history classes, we must remember.

Athletics
The Kendrick Tigers took another win last Friday night from the Royal Wildcats. It was a fast one, and Lapwai isn't exactly what one would call an easy team to beat. The final score was 20-0 Kendrick. This makes the eighth game, out of 11 played, in which the Tigers have emerged victorious. They were beaten by Lewiston and Clarkston.

The Tigerettes also played the Royal girls Friday night. They won not lost—the score ended in a tie 14-14.

We forgot to mention last week at the Kendrick school band play at the game Tuesday night, January 10, in which Kendrick was victorious over Winchester. All the little items we used to put in our band "progressing nicely" really meant something. It was certainly proven the other night in a game. We can think of no better way to tell you how good they really were but to say: "It was well." Mr. Vaught says they plan to play again soon at games, possibly at the one here Friday night, January 20, when the Tigers will play against Southwick. Everyone is sure to come, and cheer for the team.

The team went to Winchester on Tuesday night to play the Loggers return game. Minus the aid of Lewett, who was ill, and minus a time, through error, of the services of John Wallace, the Tigers took the short end of the score, 19-19.

Grade News
The fifth and sixth graders have some very special people in their class. For the past semester, the following have been neither tardy nor absent: Leida Riley, Walter McCall, Velma Hacht, Donald Riley, Deobald, Deobald, and Margaret Sorenson. This is indeed quite a record, and one of which all these pupils should be proud.

Pioneers To Meet
There will be a meeting of the Pioneer Association of Latah County and adjacent Washington, at Moscow, Friday, January 27, at the O. O. F. hall. This meeting is to be an all-day session, with a covered luncheon at 12 noon. All pioneers and their friends are invited. There will be a program and an exhibit of relics and photographs. Photos of pioneers are desired for the pioneer album. Bring covered lunch and sandwiches, and a plate if you can.

E. C. Peterson is president of the association and Clara Ransom Davis, secretary.

Bank Officers-Directors Elected
At a meeting of the stockholders of the Kendrick State Bank, held on Tuesday, January 17, the following officers and directors were elected for the coming year: Officers: Amos Moore, president; H. B. Thompson, vice-president and cashier; L. D. Crocker, assistant cashier. Directors elected were: Amos Moore, C. W. Moore, John Schwarz, W. W. McAllister and H. B. Thompson.

Mr. Thompson stated that the bank had enjoyed a very prosperous year during 1938.

Kendrick Old-Timer Ill
Robert Newton, an old-time resident and former druggist of Kendrick, who now resides at Cheney, Wash., is said to be seriously ill at his home in that city after having suffered a stroke on Monday. He is a member of the Masonic lodge and always took an active part in the work. His many friends here will be saddened by his misfortune.

Sister of Mrs. Long Dies
Mrs. N. B. Long last week received word of the death of her sister, Mrs. A. B. Clements, at Cornelia, Georgia, who passed away on January 2, 1939.

Mr. and Mrs. Clements will be remembered by the older residents as being among the first homesteaders on Cedar creek.

Your trade is appreciated by Kendrick merchants.

Snow Falls Tuesday

Tuesday morning about 7 o'clock snow started falling in Kendrick, but about a half hour later turned to rain, and how it rained. But according to reports while it rained here snow fell in the high sections. Percy Marker reported he plowed five inches off the Bear Ridge road, and W. E. Smith reports about two inches at Southwick and four at Teakean and Cavendish on his mail route.

Tuesday night the thermometer hit a low of 28 degrees above.

P.-T. A. ENTERTAINMENT PROVIDES LOTS OF FUN

The regular monthly meeting of the Kendrick P.-T. A. was held Monday evening in the High School auditorium. After the reading of the minutes of the previous meeting and hearing the treasurer's report, the executive committee reported they had met and discussed ways and means of raising money, and to what use to put it.

The session voted to set our year goal as the purchasing of another piano for the school and the furnishing of the nurse's room. It was voted to give a card party in the near future as one way of making money.

The summer health Round-Up was talked of, but it was decided not to carry that project through the coming year.

This concluded the business in the auditorium, after which all adjourned to the gymnasium for the evening's entertainment put on by the men of the Kendrick Commercial club, and was, not only for the patrons of the school, but for the public in general. It seemingly provided lots of fun for the audience, and it certainly did for the members of the cast, who consisted of "Tim-Can" Thomas, "Big" Jump, "Mallor" Miller, "Red" Johnson, "Spud" Hund, "Slug" Rider, "Teach'um" Lyle, "Doc" Lyle, "Two-bit" Thompson, "Cupid" Long, "Spike" Lind, "Sky Pilot" Gray, "Depot" Ramey, "Dandy" Kamikberg, "Shylock" Havens, "Short Change" Crocker, "Flat Tire" Deobald, "Inky Willie" McCreary, "DeDucts" Watts, "Pink Pill" Christensen, and "Dude" Barnum, the announcer.

The stage was set to resemble a real hobo camp, with its fire, straggly trees, smoky tin cans, and all the other accessories, including a big "mulligan" stew, presided over by chief cook "Cupid" Long. The members of the cast were dressed as "bos" and a tougher looking gang never piled off a train than took possession of the stage. We believe the first prize should be split between "Shylock" Havens, "Short Change" Crocker and "Slug" Rider for the best (toughest) outfits.

Songs and instrumental numbers and dialogue provided the entertainment, announced by "Dude" Barnum.

At the close of the entertainment all adjourned to the school house for refreshments provided by the committee in charge. At this time Hank Emery hurt the feelings of every member of the cast, including "Cupid's" by announcing that he had thrown out the stew left on the gym. stage by the bums, as he considered it too vile to even offer "Cynthia" (his black cat) as he thought more of the cat than he did of the smell of that stew, which contained some very choice "hand-outs" from local stores.

J. M. Lyle Receives Appointment
J. M. Lyle attended a meeting in Spokane last Saturday, held for school men of North Idaho and eastern Washington who are members of the Northwest Association of Secondary and Higher schools.

The meeting was called for the purpose of evaluating the work being done in these schools and accrediting all these schools that come under this method at a later date.

Mr. Lyle was selected as one of 20 men in the schools of north Idaho and eastern Washington to attend a training school and study methods used in the new system of accrediting.

Twenty Years Ago

This week we are starting a "20 years ago this week" column, which we sincerely hope will be of interest to many who have lived here that length of time. Some have requested that we go back still farther, but we feel that those who have lived here for 20 years will enjoy it just as much as those who have lived here a much longer time. However, each week we will endeavor to get in something that happened here 20 years ago that will bring back memories of a pleasant nature. At least we are going to give it a try. You will find the items in another column.

WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

On turning to the first page of the Gazette, dated January 17, 1919, we find there were still quite a number of the local boys overseas, and others who had just returned home.

A letter from Louie Rogstad, dated Nonsard, France, Nov. 26, 1918, in which he stated: "We are just straight out from Metz, not so far from Verdun." Another article stated that Fred Bolon had just returned home after having spent a year in France.

A letter from Corp. Fred Wilken from Commercy, France, dated Nov. 26, 1918, told what he had been doing since he had been overseas, since the ban on censorship had been lifted, saying he expected to be sent to Germany as an interpreter soon, but did not know at that time where he would be sent. I have been at Toul, France, since last May, except when I was at the front. I am sending home a few souvenirs which should reach you about the time this letter does.

Corporal "Buck" Browning had just arrived home a few days previous from across the waters, where he had been for over a year. Corp. Browning was among the first to go across. He considers it a misfortune, however, that he was not allowed to get in the thick of the fray. His company was stationed at an aviation center in England. He was mixed up in several air raids, but came out of them uninjured.

Along with the army news, it might not be amiss to say that the paper bearing a date of 20 years ago this week carries a list of the Leland Red Cross Roll, which really should make any town, or part of the country feel proud—it bearing 193 names.

Mrs. Elizabeth Roberts, familiarly known as Grandma Roberts, died at the home of her son, Cyrus Roberts, on American ridge, December 23, 1918.

At a regular meeting of the village council, the final ordinance creating Improvement Dist. No. 2, was passed. This ordinance calls for the paving of Main street and several side streets. The specifications called for the paving from curb to curb in the business part of town and a 16-foot strip through the residence district.

The Potlatch Lumber company has installed a loading crew at Anderson crossing on Bear creek—Harsh's upper camp. Fifteen or 20 men will be employed there.

The cold days and nights for the past two weeks have been very favorable for the ice harvest. The local men are putting up 10-inch ice this week.

Kendrick has but very few cases of flu at this time. It seems that the ridges tributary to Kendrick are having a rather severe epidemic of the disease at this time.

A. K. Carlson received several souvenirs from his brother, Sarg. Geo. Carlson, who is still in France. Among the articles was a German gas mask, several pieces of shells and a first-aid box which was picked up at Chateau Thery.

Big Bear Ridge—Private Isaac Lien returned home Friday from Camp Lewis, where he was honorably discharged.

The Red Cross roll call of the Big Bear district consisted of 162 members. Mrs. N. E. Ware was treasurer and Johanna Hooker was secretary.

(There is much more news of interest to old-timers, but to print it all would require a special edition.)

V. F. W. Meeting Attended By 70

About 70 people attended the second open entertainment meeting of Hawley-Jameson post of the Veterans of Foreign Wars in the Fraternal Temple at Kendrick Sunday.

The program opened with several war-time songs by the group, and, according to Commander Leonard Hooper, was followed by Arvella Meneely. A short skit was presented by Miss Nola Wilson and her pupils of Olsson school on Driscoll ridge. Miss Wilson also read a poem entitled "The Boy in Blue," written by Leo Smith during the Spanish-American war.

Charles Laherty, past commander of the post, administered obligations to Edgar Estes, M. L. Rathbun, W. B. Deobald and A. C. Wilson, all of Kendrick.

The Auxillary prepared lunch and officers were introduced to new members. — Star-Mirror, Moscow.

DOINGS OF LELAND FRIENDS AND NEIGHBORS

Vivian Draper has been home from the hospital two weeks. Although she is still in bed, she is slowly improving and we are all happy to hear that she is well enough to be at home.

Mrs. D. M. Hepler has spent the past two weeks in Juliaetta helping care for Mr. Hepler's mother, who has been very ill.

Mrs. B. F. Flesham has been quite ill since Friday. The latest report is that she is somewhat better. Mr. and Mrs. George Flesham of Lewiston came up Friday. Mr. and Mrs. Ed. Flesham and Mrs. Yenni are helping care for Mrs. Flesham.

The Leland Homemakers' club met at the home of Mrs. A. R. Locke Monday. Eighteen members and two visitors were present. An enjoyable time was reported.

Loses Ends Of Fingers

Charles, the five-year-old son of Mr. and Mrs. Harry Ameling, now residing at Tucson, Arizona, lost the ends of his third and fourth fingers on his right hand when they were caught in a car door as his father was driving into the garage. The little fellow opened the door just as his father went to drive in, with the result that he lost the ends of the two fingers by the door striking the garage wall.

Denner Bros. Bean Cutter

Owing to an unexpected lack of space, we are unable to give an adequate description of the new bean cutter and cultivator, which has recently been patented by the Denner Brothers of Fix ridge but will be able to handle the article next week. From the description the machine looks like a "sure-fire" affair and will, if it proves to be all the tests have indicated, be to the bean raiser what the new cotton-picker is to the cotton-raiser of the south.

THIS AND THAT ABOUT FOLKS AT CAMERON

Mr. and Mrs. Otto Schoeffler and Herbert Brunsek entertained at a pinocle party Thursday evening, the game being played at nine tables. A delicious lunch was served at the close of play. High score for the ladies was awarded Mrs. Gus Kruger and second high Mrs. F. W. Newman. High score for the men was won by Lyle Harrison and second high by Otto Silflow. Old Gun Shoots Again

Last Friday afternoon Frank Crocker was cleaning up the action on an old ten-gauge, double-barreled muzzle loading keebsake shotgun brought in by Harold Thomas, and after finishing this work, measured the barrel depth, and decided that perhaps one barrel was loaded.

Mr. Crocker fitted a percussion cap on the right-hand barrel, took careful aim at a block of wood and pulled the trigger. The cap spit fire out the muzzle, that barrel was empty. He repeated the performance with the left barrel, but results were different! The gun went off with a roar heard all over that end of town, and a cloud of smoke that made it look for a few minutes like the blacksmith shop was on fire. Net results—a bruised shoulder for Frank, and a bunch of shot in the block of wood.

The last one to load the gun had used paper wads from an old book or magazine, which lessened the recoil a lot. The wads did not burn and were carefully inspected by Mr. Crocker in the hope that somewhere a date might be found—but that hope had to be abandoned when it was found that they were torn from the pages of a story.

GRAIN MARKETS LOWER WITH TRADING SLOW

Domestic grain markets turned slightly weaker during the second week in January, states the Bureau of Agricultural Economics in the Weekly Grain Market Review. Beneficial moisture in the winter wheat belt, lack of export business and the slow disappearance of this season's large supplies, were weakening influences in wheat. A moderate inquiry and a fairly steady feeder and industrial demand held oats fairly steady, while barley held firm for best quality feeding types.

Little change occurred in the general wheat situation. Beneficial rains were received in the domestic winter wheat belt but more moisture was still needed in western Iowa, parts of Missouri and considerable portions of Kansas. Winter wheat prospects continued generally favorable in Europe but dryness still prevailed in important producing areas of India.

Stocks of wheat on farms in the United States January 1 were the largest in 10 years and were estimated at 281,190,000 bushels compared with 208,510,000 bushels a year ago. Farm disappearance during the quarter—October through December—was slightly larger than last season and amounted to just over 120,000,000 bushels. The decrease in market stocks, however, was only about a fourth as large as last season during the October-December quarter, so that farm and market disappearance of wheat during the quarter was about 36 million bushels, smaller than last season. Farm and market stocks at the first of January totaled approximately 410 million bushels compared with 303 million bushels in these positions a year ago.

Foreign wheat markets were dull but price changes were unimportant. The Winnipeg market declined nearly 1/4c and No. 1 Manitoba Northern was quoted in that market on January 13 at 59 1/2c. Prices of foreign wheat at Liverpool showed slight fluctuations with quotations slightly higher on some offerings and slightly lower on others. United States No. 1 dark hard winter was quoted at 68 1/2c, No. 1 hard at 62 1/2c and No. 2 dark hard winter at 64 1/2c per bushel. No. 3 Canadian Manitoba was offered at 75 1/2c, Australian wheat at 67c, Argentine Rosaf for January-February shipment at 62 1/2c and Rumanian at 55 1/2c per bushel. Southern hemisphere shipments increased very materially with 1,644,000 bushels from Argentina and 2,175,000 bushels from Australia. Black Sea shipments totaled over 2,250,000 bushels but included no Russian wheat. No Indian shipments were reported but a cargo of Australian wheat was resold to the Indian trade.

Pacific Northwestern cash wheat markets reflected light offerings and fair to good demand and registered advances of 1c to 2 1/2c per bushel during the week, with variations as to classes of wheat according to needs of millers and exporters. On January 13, soft white was quoted at Portland at 69c, western white at 69c, western red at 68c and hard red winter at 65c, all basis No. 1 grade in bulk.

Wheat receipts at Puget Sound and Columbia river terminals totaled 758 cars for the week. Indemnity payments on flour for export were slightly lower at 80c to the Philippines, 85c general from Pacific Coast ports and 95c per barrel to China. The Northwest cash wheat market situation was featured by light offerings from growers and demand from millers and exporters sufficient to absorb market supplies readily at the higher prices. Trade reports indicated that Northwest wheat crop conditions continue good although snow covering would be welcome in principal producing areas. At Seattle western white wheat was quoted at 71c, western red at 70c, hard winter at 66c and hard white (baart) at 72c per bushel.

Receipts of cash wheat at Minneapolis increased considerably during the week as the country was inclined to sell more freely at the moderate advances which took place late in December and the early days in January. Arrivals of all classes of wheat at Minneapolis for the week totaled 754 cars, or more than double the receipts of the week before. Duluth unloaded 100 cars. A good steady demand continued for cash wheat, however, and firm premiums were readily maintained.

INTERESTING PLANETS By Wickliffe R. Smith

Planets are large bodies moving around the sun in circular or elliptical orbits. The earth is a planet, though we seldom speak of it as such. There are nine principal planets. Besides these there are hundreds of smaller bodies moving around the sun, but we call them planetoids, meteors or comets.

Now the brightest and prettiest planet we see in the sky is Venus—the brilliant star we see early in the morning. It lights up the southeastern sky just before daylight. It is very close to the earth now—though not as near us as it was a few weeks ago. The orbit of Venus is very much smaller than the earth's orbit, therefore Venus sometimes comes between the sun and the earth. At such times it is only about 25,000,000 miles away.

Now to most of us it seems hard to think of Venus as a world similar to the earth, and of almost the same size, with mountains, oceans, lakes, rivers and cities. It is probably twice as hot there as it is here, as Venus is much nearer the sun. The people on Venus may point their telescopes toward the earth and wonder whether there are people living on that bright star. It may be that they have better and larger telescopes than we have and can see our cities and towns.

Venus will continue to be very bright for several months. But it is gradually moving away from us, and after a while it will go down on the other side of the sun and will then be more than six times as far from us as it is when closest to the earth.

You have, perhaps, noticed a big, bright star in the west early in the evening about dark. That giant world is Jupiter—the largest of all the planets and second only to Venus in brilliance. It is about 1,400 times as large as the earth. The reason it is not any brighter is its great distance from us—never much less than 300,000,000 miles.

The moons of Jupiter are exceedingly interesting. With a small telescope you can see them easily. Some of these moons are believed to be inhabited.

The clouds surrounding Jupiter are quite thick, with only a few breaks in them. However, as time rolls on, the sky will clear, the climate will become cooler, and that giant of the solar system will be ready for habitation.

Appointed On Committee

Mrs. LaMoine Simons and J. M. Lyle, Jr., have been appointed by the State Department of Education as a committee on curriculum development.

This will take in better methods of teaching and the spreading out of new courses of study as well as many other details that come under curricular development.

Afternoon Bridge Club

Mrs. Edgar Long entertained the ladies of the Afternoon Bridge club last Wednesday afternoon in her home. Delicious refreshments were served at the close of play.

Mrs. O. E. Havens was an invited guest and held high score for the afternoon.

Surprise Mrs. Lucy Thomas

The Rebekahs surprised Mrs. Lucy Thomas when they called at her home last Saturday afternoon to help her celebrate her birthday anniversary.

The group presented Mrs. Thomas with a gift.

P.-T. A. Sponsor Card Party

The P.-T. A. will give a benefit card party Thursday evening, Jan. 21, at 7:30 p. m. in the High School building, to raise money to purchase a piano for the school. Tickets are on sale at 25c per person. Both bridge and pinochle will be played.

DOINGS OF KENDRICK FRIENDS AND NEIGHBORS

Mr. and Mrs. J. M. Lyle, Jr., and Don Lyle drove to Spokane Saturday morning, returning that evening.

Mr. and Mrs. Wade Keene, accompanied by Annabel Deobald, Mary Havens and Rex Blewett drove to Moscow Saturday to attend the basketball game.

O. E. Havens was a passenger for Moscow last Thursday.

Mr. and Mrs. L. Lundens and sons visited in Moscow Sunday.

Mr. and Mrs. H. B. Thompson and John Brewster drove to Moscow Sunday where they attended church and spent the day visiting with Miss Mary Elizabeth Thompson.

Mr. and Mrs. J. M. Lyle and children drove to Grangeville Sunday, where Mr. Lyle attended to some tournament arrangements.

Mr. and Mrs. E. A. Deobald and family were Pullman and Lewiston visitors Sunday.

Mr. and Mrs. A. Aitkin of Glenburn, S. D., arrived Sunday for a few days' visit with Mr. and Mrs. W. J. Carroll. Mr. Carroll and Mrs. Aitken are brother and sister. They will go from here to Long Beach, Calif., and expect to spend some two or three months away from home.

Mrs. L. S. Thurber left on Thursday of last week for a business and pleasure trip to Spokane and Colville. At the latter place she will visit with her daughter and family.

Where Is Our Health Nurse?

Residents of this section are getting very curious regarding the absence of our Public Health Nurse—supposed to be stationed at Kendrick, with Juliaetta, Deary, Bovill, and surrounding ridge schools as part of her territory.

Not long after school started our last nurse, Miss Mary McIntosh, left for other fields, and we have had no nurse stationed here.

We have seen one of the Nez Perce county nurses going through town frequently on her way to the Leland, Cameron, Southwick section, but in Kendrick they have been conspicuous by their complete absence.

Moscow papers recently carried news items of a scarlet fever outbreak in the Deary schools, a section formerly served by the nurse located here, and we presume, still, like ourselves, without this service. It may have been that had a nurse been on duty, this epidemic could have been prevented.

According to the best information available, the sections mentioned before (Kendrick, Juliaetta, etc.) are paying taxes for this service—and we believe we are entitled to have it. Everyone is entitled to value received for payments of any kind—and this, even though it may be tangled in political red tape, is not giving this section its due.

Will Assist Taxpayers

C. W. Palmer of the state Department of Income Tax, will be at the Kendrick State Bank on Friday, January 27, and at the Farmers Bank on Saturday, January 28, at Kendrick, for the purpose of assisting taxpayers in making out the State Income Tax returns. This is a service furnished the taxpayers by the Department of Income Tax.

Word was received Wednesday morning by Mr. and Mrs. Ira Foster of the birth of a new grandson, Robert Michael Foster, on January 12, to Mr. and Mrs. Frank R. Foster of Coronado, Calif.; weight five pounds and 10 ounces. This is their first grandson to carry the name of Foster.

Rebekahs Entertain Husbands

The members of the Rebekah lodge entertained their husbands at a 6:30 dinner Wednesday evening in the Fraternal Temple.

Following dinner all adjourned to hold their regular business session.

Employed At Owl Drug

Miss Maxine Keene, daughter of Mr. and Mrs. Wade Keene, has accepted a position in Moscow in the Owl Drug store as a pharmacist.

Entertained At Dinner

Mr. and Mrs. W. B. Deobald and family were dinner guests in the home of Mrs. Mary A. Deobald on Saturday of last week.

U. S. Gets Four Millions In Idaho
The Internal Revenue bureau reports collections during the fiscal year of 1938 totaled \$4,262,441.74 in Idaho.

The Idaho collections represented .08 per cent of the \$3,658,765,314.33 national total. According to the last census Idaho's population was 493,000 or .38 of the national total of 129,744,400.

Of the total Idaho collections, \$2,589,500.15 came from income and excess profits taxes; \$656,213.69 from miscellaneous sources and \$1,116,727.90 from payroll taxes levied under the social security and carriers acts.

Caravan Coming

The McDonald Chevrolet Co., of Lewiston, in an ad. found elsewhere in this issue, announces to dates for caravans of used cars to come to Kendrick—Saturday, January 21 and Saturday, January 28.

This is a new idea in the selling of used cars, in that a postcard to the company will bring to Kendrick the make and model of used car you wish to see if contained in their stock.

Entertainment will be furnished those in attendance by a sound car.

Now that we have a minimum wage and a maximum hour law, all that we need is 11,000,000 more jobs!

Holding Revival Meetings
 Rev. Perry McArthur is now en-
 gaged in holding revival meetings in
 the Methodist church at Juliaetta,
 this being his 166th revival meeting.
 Rev. McArthur is a resident of
 Walla Walla. He gives a 15-minute
 concert on a \$750.00 piano accom-
 paniment, a gift from a convict in the
 Oklahoma penitentiary while he was
 chaplain of that institution.
 He gives his recital, or concert, at
 7:30, followed by preaching services
 at 7:30.
 He will give a lecture Sunday
 afternoon on "The Horrors of Prison
 Life."

Another Double Bill
 The Jones Family will appear in
 the Kendrick Theatre this coming
 Friday and Saturday nights in
 "Safety in Numbers." The story gets
 off to a flying start with Mr. Jones
 being voted the "World's Best
 Mother" in a radio contest, going on
 the air with a weekly broadcast, ad-
 vising her listeners about domestic
 problems. The program is a huge
 success, but in the meantime the
 Joneses get tangled up in some pretty
 serious domestic problems of their
 own—with Jack planning to elope
 and Dad plunging his own and the
 whole town's savings into a mineral
 water investment scheme which
 turns out to be phoney.
 The second picture will be Gene
 Autrey in "Springtime in The
 Rockies." We have no information on
 this play and are therefore un-
 able to give a synopsis.

Community Ladies Aid
 The Community Ladies Aid will meet
 this Friday afternoon with Mrs. J. M.
 Lyle, Jr. Everybody welcome.

Lower visibility is claimed for the
 Army's new slate blue attire. In
 fact, in the next great conflict over-
 seas it may not be seen at all.

GRAIN MARKETS LOWER
WITH TRADING SLOW
 The larger offerings.
 At Kansas City, cash hard and
 red wheat followed closely the action
 of futures and finished 1/4c to 1/2c
 per bushel lower for the week,
 with little change in the premium
 basis. Marketings at Kansas City
 were moderate at 490 cars for the
 week, while the total at nine winter
 wheat markets, including Omaha,
 Wichita, Salina, St. Joseph, Kansas
 City, Enid, St. Louis and Fort Worth
 amounted to 1,517 cars compared
 with 1,156 cars a week ago and
 1,810 a year ago. On January 13
 No. 2 hard was quoted at Kansas
 City at 68 1/2c to 71c, No. 2 red
 sold at 68 1/2c to 70 per bushel.
 The San Francisco wheat market
 was independently firm during the
 week ending January 13, reflecting
 light local offerings and fairly active
 demand. Prices were mostly 2 1/2c
 per 100 higher compared with a
 week ago. Increased uncertainty as
 to new crop prospects in nearby
 producing areas contributed to the
 stronger market tone. With central
 California rainfall under normal,
 some deterioration in early seeded
 areas was reported, particularly in
 the interior valleys. On January 13
 California grown No. 1 hard white
 wheat was quoted at San Francisco
 at \$1.30 to \$1.32 1/2, No. 1 soft white
 at \$1.30, and No. 1 white club at
 \$1.27 to \$1.30 per 100, all sacked.

Pacific Northwest barley markets
 continued steady during the period
 with prices at Portland unchanged
 from a week ago. Receipts at Port-
 land totaled five cars for the week
 with the same number received at
 Seattle, mostly feeding types, and
 going to local mixed feed manu-
 facturers. At the close of the week
 No. 2 bright western barley weigh-
 ing 45 pounds was quoted at Port-
 land at \$1.15 per 100, sacked.
 Oats markets in the Pacific North-
 west were fully steady to firm at
 unchanged prices. No. 2 white oats
 were quoted at Portland, January
 12 at \$1.37 1/2 per 100 sacked, with
 No. 2 gray oats nominal. At Seattle,
 eastern Washington white oats were
 quoted at \$1.40 per 100, sacked. Four
 carlots were received at Portland
 and seven cars at Seattle during
 the week.

 cast removed from his leg.

Boys Will Be Boys
 The following description of a boy
 was read to the school by Supt. J.
 M. Lyle, Jr., and it fits so well we
 thought it worthy of reproduction:
 "After a baby has grown out of
 long clothes and has acquired pants
 and freckles and so much dirt that
 well-meaning relatives do not dare
 to kiss it between meals, it be-
 comes a boy.
 "A boy is nature's answer to the
 claim that there is no perpetual
 motion. He is a man, minus pride,
 ambition, pretense, greed and about
 110 pounds. When he grows up he
 will trade romance, energy, bashful-
 ness, warts and a sn-g-proof stom-
 ach for these other possession. A
 boy is always getting the worst of
 it in some trade or another.
 "The world is so full of boys that
 it is impossible to touch off a band-
 or a ball game without collecting a
 thousand of them. If it were not for
 the boys the newspapers of the
 country would go undelivered and
 unread, and a thousand circus ele-
 phants would die of thirst. Boys are
 also useful in running errands. The
 zest with which a boy does an er-
 rand is only equalled by the eager-
 ness with which an old-fashioned
 minister approaches the conclusion
 of his sermon. With the aid of five
 or six adults a boy can readily do
 all the errands for a family of two.
 "The boy is a natural spectator;
 spectating is his passion. He watches
 parades, fires, fights, ball games,
 dogs, ice wagons, mud turtles, bum-
 ble bees, automobiles, presidents,
 plain drunks, hand organs and aer-
 oplanes with equal fervor—but he will
 not watch the clock.
 "Boys are not popular except with
 their parents, but they have many
 fine points. One of them is the fact
 that they will grow up to be men
 some day. Another is their entire
 trustworthiness. You can rely ab-
 solutely on a boy if you know what
 to rely on. Trust him to get into
 trouble every day and he will never
 disappoint you.
 "Boys are amebulous, seldom eat-
 ing except when awake. They are
 also very durable. A boy, if not
 washed too much, and if kept in a
 cool, dry place for a while after
 each accident, will survive fireworks,
 broken bones, swimming holes, hor-
 nets, runaways, fist fights, pirate
 bands, Indian massacres, and nine
 pieces of pie at a sitting. If only
 some method of making boy's clothes
 as durable as he could be discov-
 ered, life would become more
 attractive for boy growers."

EDITORIAL

Well, Folks—We see by the papers that Gov. Bottolfsen is greasing the skids for a few more of "Vanilla" Clark's political appointees. Looks like the Governor is going to get the scalp of the last one, Tom Boise, of Lewiston, who "Vanilla" appointed to a nice, soft \$4,000 a year job for six years — 24,000 nice big round American "plunks." Really, it's just too, too, bad for Mr. Boise. Well, the wheels of progress turn, and turn again.

By the way, have you tried our butter? We believe that if you do so just once, you will become a steady user. You will like its fine, sweet flavor, for it is made only from specially selected cream.

Then there was the dog that investigated the third rail. Then he was chockful of information.

A pastor was giving a funeral oration. He began his address: "Friends, what you see lying here is only the shell; the nut has departed."

A man whose demise was in the morning paper, called up a friend on the telephone to ask him if he had seen that ridiculous report.

"Wait a minute!" the man at the other end of the line yelled. "Just where are you calling from?"

Experience is what you get while you are looking for something else.

MISCELLANEOUS HARDWARE NEEDS

TOOLS —

It's wood cutting time now! You will need a new "pop" saw, a saw blade, an axe, a wedge, a saw file, a cant hook, a splitting maul, or perhaps just repairs for your present outfit —so see us. We want to supply you.

MECHANICS SUPPLIES —

With the coming of spring machinery must be prepared for a season's work. We have a good selection of socket wrenches, Crescent's, screw drivers, pliers, pipe wrenches, drill bits, taps and dies, files, and lots of other items.

UNPAINTED FURNITURE —

During these slack days you'll have lots of time to paint and varnish furniture. Come in and let us supply you with unfinished furniture items. It's fun to fix them as you wish. We also have a large selection of paints and varnishes.
