

KENDRICK GAZETTE

VOLUME XXXIX

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, FEBRUARY 2, 1939

NO. 5

WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

Letter from Harvel O. Wood to the Gazette was very much in favor of good roads in the Cedar district.

Letter from Laurel Boyd from Hospital 54, P. O. 798, France, tells that he had been in the hospital for 90 days with a bullet through one of his hips, but was ready to leave at that time.

Both the Methodist and Presbyterian churches have decided to hold services Sunday, the danger of coming from flu having greatly subsided.

Good Roads Election—The county commissioners last week granted an order for the formation of the Cedar Creek ridge Good Roads district. The election to be held on Tuesday, March 1. If this district is formed, it will be the first one in the county, although there are several highway districts in the proposed formation, one for Blaine and the other for Genesee.

Jack Bailey started something when he brought a sample of his corn to be put on display at the Gazette office. Ye editor has purchased several ears of corn to each several dozen farmer friends for display, and as there are only a dozen ears of so, all told, it is a matter of taking on serious proportions. Alec Galloway has "first hold" however, as he staked out the field first.

The new cement sidewalks are at last proving a blessing to the kids. There is hardly a youngster in town who hasn't a pair of roller skates. They all seem to know how to skate.

Editorial—The very atmosphere is charged with the spirit of good roads construction. All conditions are ripe for development, and 1919 will see the entire country busy at providing highways over which the wheel may burn gasoline with maximum satisfaction—so far as roads are concerned.

Ed Fauschke purchased a fine team of mules last week, paying \$150.00 for them.

The open winter has been a blessing to the stockmen of this vicinity. Cattle pastured on the hillsides of the canyon have fared well so far this winter, as feed has been abundant, there being no snow to prevent stock from feeding on the rich grass. Just another little instance of where the Golden Potatoes look after its own.

Kendrick is now devoid of a lawyer since L. G. Peterson became a deputy sheriff.

Halvor Nelson closed a deal last week with Hiram Alber for his farm in Bear ridge. It is now as the old Hanson place and consists of 160 acres of fine land. It is one of the best improved places in the ridge. The price paid was reported to be \$20,500. Taking everything into consideration, this is one of the biggest prices ever paid for land in the Potlatch.

Iron Chamberlain, who had been in the army the past year, arrived Wednesday from Camp Meade, Maryland, to visit friends.

Big Bear Ridge—As a result of the mild weather and no snow, buckbrush are found on the hillsides. How is this for January weather in Idaho?

Entertain Friends
On Thursday evening, January 20, friends and Annabel Deobald entertained a group of their friends at their home, five tables of pinochle and other games being in play. Delicious refreshments were served before the start of play.

Guests present were Frank Rider, Kenneth Woody, Rex Blewett, Bob Watts, Dean Compton, Mary Davidson, Emma Lou Vincent, Eileen Benjamin, Myra Kanikkeberg, Erma Jones, Chester Vincent, Teddy Weyman, John Wallace, John Thompson, Dick Fry, Myrtle Schmidt, Mary Havens, Barbara Long and Marie Havens.

High scores for the boys were won by Dick Fry; low by John Thompson. High for girls by Barbara Long, low by Mary Havens.

Dimes Sent to President
C. H. Daugherty, postmaster, reports that the savings banks put in the postoffice and at Perryman's to receive dimes for the President's fund to fight infantile paralysis, received a total of \$4.85, a cashier's check for which was sent Mr. Roosevelt. Many letters containing dimes are also reported to have gone through the mails, direct.

Celebrated Wedding Anniversary
Mr. and Mrs. Stewart Heffel celebrated their forty-first wedding anniversary at their home in Kendrick, on Saturday, January 28.

A delicious dinner, including a large cake especially decorated for the occasion, was served to the following guests: Mr. and Mrs. Jesse Heffel and son Gerald and Mr. and Mrs. Roy Craig of Leland, and the host and hostess, Mr. and Mrs. Stewart Heffel.

Mr. and Mrs. Heffel received a number of lovely gifts.

KENDRICK TOPS LIST IN VALLEY CONFERENCE PLAY

In Valley Conference play the Kendrick High school Tigers are topping the conference by virtue of a win from Southwick last Friday evening with the score 29-19, and Genesee dropping a game to Lapwai the same evening. The standing of the teams is as follows:

	W.	L.	Pct.
Kendrick	7	1	.875
Genesee	5	2	.714
Culdesac	4	3	.571
Lapwai	2	4	.333
Southwick	2	4	.333
Juliaetta	1	6	.143

Several of the teams in this conference have several games yet to play, and this week will see the following floor battles:

Southwick at Genesee.
Juliaetta at Lapwai.
Kendrick at Culdesac.

Any one of these games, all to be played next Friday evening, can affect the conference standing, but just who will be eliminated from the sub-conference play, remains to be seen.

On Tuesday, Thursday, and possibly Saturday, February 14, 16 and 18, the sub-district tournament will be held at the Kendrick gymnasium, with the four high teams of the Valley Conference battling it out to see who shall go to the District Tournament at Grangeville. Present indications seem to point to Kendrick, Genesee and Culdesac, with the fourth place to be decided between Lapwai and Southwick, both with two wins and four losses at the time of going to press, however, as stated before, this dope bucket could easily be upset, as yet.

In preparation for the sub-district tournament, the Kendrick gym has been equipped with a brand new balcony, which was completed Wednesday evening of this week, and which is capable of seating from 150 to 180 people.

Whybark-Johns
Miss Viola B. Whybark of Lapwai and Adrian Carl Johns of Kendrick were united in marriage by Rev. A. E. Jones at his residence last Monday evening at 9:30 o'clock. Mrs. Jones and Miss Wanda Johnson were witnesses. The bride and groom will reside in the cottage on the Dr. Christensen place (formerly known as Byrne's flat) and have taken up their residence there.

A large crowd went to the newly-weds home Tuesday evening and gave them an old-fashioned tin-can serenade. Mr. and Mrs. Johns finally came out and passed around a delicious plate of onions, but the music makers did not take to them very well, so the bill of fare was changed to treats that pleased everyone.

Party At Deobald Home
On Monday evening, January 30, Ariene and Annabel Deobald entertained for Beatrice LaHatt, Laurene Craig, Bernadine Peters, Helen Newman, Lois Deobald, Irvin Draper, Jimmy Kuykendall, Glenn Newman, Everett Farrington, Billy Deobald, Alma Cox, Avia Craig, Maxine Bigelow, Beulah Draper, Betty Boyd, Lloyd Farrington, Billy Weyen, Harry Newman, Harvey Thornton and Bill Cox.

Dessert was served before the start of play at five tables of pinochle and other games.

High scores were won by Everett Farrington and Maxine Bigelow; low by Harry Newman and Lois Deobald.

Returned From Trip
Some three weeks ago Mr. and Mrs. Willard Bartlett, Miss Joy Johnson, Mrs. English and a couple of eastern friends, left for Memphis, Tenn., on a trip. They visited many relatives and friends in Nebraska, Missouri and Tennessee. They returned home via Los Angeles, Calif., and Crater Lake, Oregon. They report a very educational and interesting as well as pleasant trip. Mrs. Bartlett was formerly Miss Mary Johnson.

THIS AND THAT ABOUT FOLKS AT CAMERON

Mr. and Mrs. Otto Silflow entertained at dinner Sunday for Rev. and Mrs. Theo. Meske, Mr. and Mrs. Jesse Heffel and Mr. and Mrs. Herman Meyer and family.

Marvin and Erml Silflow returned from Pullman Sunday, where they attended a tractor school the past month.

Mrs. Lyle Harrison and Mrs. F. W. Newman spent Friday with Mrs. Harl Whittinger.

Miss Emma Hartung, Herbert and Ernest Schwarz and Ted Mielke visited with relatives in Spokane on Wednesday and Thursday.

Mr. and Mrs. Carl Koepf spent Sunday afternoon with Mr. and Mrs. August Brammer.

Mr. and Mrs. Gus Kruger entertained at a pinochle party Monday evening in honor of Mrs. A. O. Wegner's and Herman Silflow's birthday anniversaries. A delicious lunch, including two beautifully decorated birthday cakes, was served at the close of the evening. Prizes for the ladies were won by Miss Emma Hartung and Mrs. Walter Koepf, and for the men by Rev. Meske and Fred Schoeffler. George Wilken was the winner of the "galloping goose."

Mr. and Mrs. Henry Wendt were host and hostess at a pinochle party Thursday evening, with 12 tables in play. Refreshments were served at the close of play. High scores were won by Mrs. Ida Stoneburner for the ladies; and by Carl Kruger for the men. Consolation prizes were awarded Mrs. F. W. Silflow and F. W. Newman. The "galloping goose" went to Mrs. Walter Silflow.

Among those who attended the tractor school at Lewiston Saturday were George Wilken, Edwin Mielke, Fred and Otto Silflow and Charley Schultz.

Mrs. Kennedy and Miss Lilly Henningsen called on Miss Hartung and Mrs. Stoneburner Sunday evening.

Mrs. Edwin Mielke called on Mrs. Glen Wegner Thursday afternoon.

Mr. and Mrs. F. W. Silflow and daughter Ida and Otto Silflow were visitors in Lewiston Saturday.

Mrs. Walter Koepf returned from Colfax Saturday, where she spent several days with her mother, Mrs. R. H. Ramey, who is a patient in the St. Ignatius hospital there.

Herbert and Ernest Schwarz were Orofino visitors Saturday.

Mr. and Mrs. Otto Schoeffler, Herbert Brunseik and Ted Mielke were Sunday dinner guests of Mr. and Mrs. Given Mustoe at Southwick.

Mr. and Mrs. F. W. Newman called on Mr. and Mrs. Charley Hoffman Sunday afternoon.

Mrs. Stoneburner, Miss Emma Hartung, Mrs. Kennedy, Miss Lilly Henningsen, Ted Mielke and Mr. and Mrs. G. F. Cridebaugh were Tuesday dinner guests of Mr. and Mrs. John Schwarz, the occasion being Ernest Schwarz' birthday anniversary.

Mrs. Flomer of Genesee arrived Thursday for a visit with her sister, Mrs. A. H. Blum.

Miss Emma Hartung and Mrs. Ida Stoneburner accompanied Mr. and Mrs. G. F. Cridebaugh to Lewiston Saturday.

Mrs. Henry Wendt, Mrs. Kennedy, Mrs. F. W. Silflow, Mrs. Walter Silflow, Mrs. Otto Silflow, Mrs. A. H. Blum and Mrs. Wilbert Brunseik helped Mrs. Gus Kruger quilt on Tuesday.

New Arrivals
Mr. and Mrs. L. E. Stephens of Lenore are the parents of a 6½-pound baby daughter, who arrived Saturday, January 28. Mrs. Stephens is at the home of Mrs. C. H. Davidson, in Kendrick.

Mr. and Mrs. Albert Westendahl, residing on Little Bear ridge, are the parents of a bouncing baby boy (weight 11 pounds) who arrived on Monday, January 29.

Mr. and Mrs. Albert Jones of Lewiston are the parents of a 6½-pound son, born to them on Tuesday, January 31, at the home of Mrs. Jones' parents, Mr. and Mrs. Pete Stump.

Mothers and babes in all instances are said to be doing nicely.

Mrs. Ramey Convalescing
Mrs. R. H. Ramey was operated on in a Colfax hospital last Thursday for the removal of gallstones. At last report she was getting along splendidly and is well on the road to recovery.

Ill With Flu
J. M. Lyle, Jr., has been confined to his bed this week with flu. He is recovering nicely.

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

Wednesday, January 25, the Kendrick Tigers defeated the Juliaetta team at Juliaetta, the final score being 21 to 10 in favor of the Tigers. This was the end of our conference games with Juliaetta, and also our sixth conference win.

Friday, January 27, our boys met the Southwick team on our own floor. At the half the score was 5 to 14 in favor of Kendrick, but in the third quarter Southwick really went to town, raising the score to 15 to 16, with Kendrick 1 point in the lead. At the close of the game, however, the score was 29-19, with Kendrick claiming the long end of it. This marked our seventh conference win.

Friday, February 3, we will battle Culdesac in their own gym. This is a conference game and will probably be plenty fast and exciting.

Mr. Shipley of Lewiston conducted the Senior Science class on Thursday of last week. He talked on "Rock Formation of the Mississippi Valley." The class is finishing the unit on "Textiles" and will take up the study of building materials next week.

The shorthand class is now taking dictation at the rate of 50 words per minute.

Some excellent poems were written by the Freshmen in English I, and in English 2 the class has finished the reading of Oliver Goldsmith's play, "She Stoops To Conquer."

The band has a new alto horn player, Roy Johnson, and Mr. Vaught says that three new members are expected in the beginners' class. The band played at the Southwick-Kendrick game last Friday evening, with very pleasing results. No kidding, they're really swell and certainly do pep up the games.

The boys' glee club has started practice, and there are more members than were expected. The girls' glee club is working on "At Evening" by Claude Debussy.

The F. F. A. party for the girls who served at the F. F. A. banquet has been postponed until after the basketball season is over, so that the basketball boys can attend.

Grade News
In the first and second grades the girls are making a grocery sign for the store the boys are building. The grades are keeping a weather report. The first grade is making booklets with pictures of their pets in them. Rosemary Blum, a second grade pupil, who has been absent from school for two weeks, has returned. We are all glad to see her again.

The fifth grade are making booklets on cotton, and the sixth grade is finishing booklets on transportation.

Birds Unharmed By Poison
Roy Tumelson, junior biological survey agent for this district, returned to Lewiston Monday night from the northern part of the state where he conferred with game organizations and investigated without success, reports of marauding cougars in the Priest lake and Pack river regions.

The St. Joe Valley Fish & Game association sought information relative to the possibility of poison grain put out by the biological survey in rodent control work doing harm to game birds.

Members were told by Tumelson, he said, that experiments conducted at the state game farm at Lapwai and at Idaho Falls have shown that grain used in rodent control is not harmful to game birds. Several mixtures have been fed to a number of varieties of birds without harmful results, he said.—Lewiston Tribune.

Ed. Note: Far be it from us to say that this poison grain is harmful to the birds, but we do know that in the past three years that this grain has been put out, game birds are the scarcest they have ever been.

Slight Operation
Dickie, little son of Mr. and Mrs. Gus Blum, was relieved of an abscess on his neck, which developed following tonsillitis, on Monday of this week. The little fellow is getting along nicely, according to reports.

Visiting Thurburs
Mr. and Mrs. E. L. Knox of Mason City, Wn., arrived Monday morning for a visit with Mr. and Mrs. L. S. Thurber. Mr. Knox is a son of Mrs. Thurber.

First Big Egg Of Season

K. D. Ingle brought to the Gazette office last Saturday an egg that is rather rushing the season—or the old hen was—to enter for the big egg contest the Gazette always puts on each year. We don't know just what to make of such a thing this early in the season. However, K. D. says "the hen is of the Barred Rock variety and is very industrious and wanted to get a head start on some of the others."

BALCONY INSTALLED IN KENDRICK GYMNASIUM

Wednesday evening of this week saw the completion of the latest improvement to the Kendrick gymnasium, when a crew of carpenters finished the installation of a big balcony along the west wall of the building, capable of seating an estimated 150 to 180 people. The balcony is suspended from the big "A" frames of the roof trusses, and is said to be capable of holding up a load many times over its seating capacity. Two tiers of banked seats are provided, with steel cables being used as a front guard, to permit an unobstructed view of the playing floor at all times. The passageway is at the back, rather than in the front, thus providing more seats and clearer vision.

The rapid growth of basketball interest in this section has necessitated this improvement. A few years ago a short section of "bleacher" seats were all that were required to care for the audience, and at many games these were not filled. However, some four years ago more seats were added, completely filling the west side, then some two years ago more seats were built, completely filling the east side, and as time rolled on these proved inadequate. Last year at the sub-district tournament, many were turned away at the doors, for the gym seats were filled an it would not do to have spectators crowding the playing floor. At the same time, "bleacher" seats were borrowed from Lewiston and completely filled the stage—and still people were turned away.

This year, however, with the big new balcony, and the seating possibilities of the stage, it is believed that the crowds can be accommodated, and everyone made happy.

P.-T. A. Card Party Success
The local P.-T. A. card party, held Tuesday evening in the basement of the school house, was a real success, with 29 pinochle and bridge tables in play.

Before the start of play dessert of pie and coffee were served the players by the women members.

At pinochle Mrs. Paul Dagefoerde was awarded high for the ladies and Mrs. Pete Benscoter low. For the men Carroll Cox won high and Paul Lind the consolation. For the high school students in pinochle Wayland Davis won high and Lawrence Bartlett low; Barbara Long high for the girls and Evelyn Farrington, low.

At bridge Mrs. W. B. Deobald won high for the ladies and Mrs. John Walde, low; for the men E. P. Roberts won high and Silvie Cook low.

Hospital Patients Convalescing
Word from St. Joseph's hospital on Wednesday noon stated that Roy Thomas, who has been seriously ill in that institution for the past two weeks, is improving gradually. He is suffering with emphyema, following a severe case of pneumonia.

Word from the same institution at the same time is to the effect that George Leith, who suffered an almost unbelievable fall, and live, last week, when he fell through the ceiling of the high school gymnasium to the floor, 21 feet below, was getting along satisfactorily. It was stated that his broken left forearm, which has been badly swollen, would be set tomorrow, Friday, and that barring unforeseen complications, he will make rapid recovery.

Mild Winter Weather
Thus far this season the weather has been about a smild as last winter—an unusual thing for this part of the country—to have two really warm winters in succession. However, there are a few weeks to go yet and if the groundhog on the hillside across from the office has anything to do with it, there will be plenty of winter yet—for he can be heard almost every day calling to the weather man to bring on the winter—and today is groundhog day.

A good fall of snow (some four inches) was on the ground Tuesday morning, but it was well on the way to oblivion by evening.

WHEAT MARKETS FIRMER; FEEDS BARELY STEADY

The wheat market strengthened slightly during the week ending on January 27, but feed grains were barely steady, states the Bureau of Agricultural Economics in the Weekly Grain Market Review. Firmness at Liverpool resulting from increased purchases by English millers and lack of selling pressure from the southern hemisphere were the principal strengthening factors in the wheat market. A dull demand from feeders and industrial buyers was mainly responsible for the feed market weakness. Oats were slightly lower, influenced by some slackening in demand and fairly liberal offerings. Barley held fairly steady.

Large purchases of foreign wheat by Great Britain, apparently to replenish reserve stocks, were the main features in the wheat situation. Around eight cargoes of Argentine wheat were reported purchased from the Argentine at firm prices. Several lots were also bought from Australia. These purchases were a strengthening influence at Liverpool and price gains there were reflected in firmer markets in exporting countries. While southern hemisphere wheat was not pressed upon the market, shipments from both Argentina and Australia were about equal to those for the corresponding date last season. Argentine shipments totaled a little over two million bushels and Australian shipments over 2,750,000 bushels. Oriental inquiry for flour remained active and this was a further strengthening factor in the Australian market. Black Sea shipments totaled nearly 1,500,000 bushels, including some Russian wheat.

At the close of the week, United States No. 1 dark hard winter was quoted at Liverpool at 67½c, No. 1 hard winter at 64½c and No. 2 dark hard winter at 68½c per bushel. Australian wheat was offered at 68½c and No. 3 Manitoba, from Atlantic ports at 76½c.

Domestic wheat markets strengthened slightly, influenced principally by the firmer situation abroad. Domestic demand was only moderately active and export trade continued slow. Prospects for winter wheat improved somewhat as a result of additional moisture. The condition of the crop is especially favorable in the panhandle of Texas, but much of the crop is in poor condition in Oklahoma. Snows during the week were beneficial in the eastern two-thirds of Kansas, Nebraska and in the upper Mississippi valley, but conditions remained poor in western Kansas and western Nebraska. East of the river, the crop continued in satisfactory condition, although some local heaving was reported and the crop had little snow protection in much of the Ohio valley.

Stocks of wheat in interior mills, elevators and warehouses on January 1, were larger than in any of the previous years for which comparable data are available and totaled 138,678,000 bushels. This compared with 114,825,000 bushels in these positions January 1, 1938. Combining these stocks with those on farms and in terminal positions at the first of January gives a total supply outside of merchant mills of 548,616,000 bushels, compared with 417,855,000 in these positions a year ago. Of the nearly 420,000,000 bushels remaining on farms and in country mills and elevators at the first of January, about 146,000,000 bushels was hard red winter wheat, 87,000,000 bushels soft red winter and 95,000,000 bushels hard red spring, 28,000,000 bushels durum and 67,000,000 bushels of white wheat.

Cash wheat markets in the Pacific Northwest registered declines of 1½c to 2c per bushel during the week, reflecting principally slow demand from mills during most of the period. The principal market feature in northwest areas was continued buying by FSCC at premiums of about 2c per bushel over loan value. Wheat receipts of 938 cars at Puget Sound and Columbia River terminals during the week reflected considerable movement of wheat to coast terminals on those purchases. Average grade constituted the larger percentage of the purchases.

Indemnity payments on flour for export at the close of the week were 70c to the Philippines, 75c general from Pacific Coast ports and 85c per barrel to China. Sale of around 1,000 tons of No. 1 wheats were reported to California during the previous week. Pacific Northwest wheat growers were not offering wheat

Bob Burns In "Arkansas Traveler"

It's hardly necessary to introduce Bob Burns to anyone for nearly all have heard about his kinfolk down in Van Buren. But Bob has started out on a bran-new trek, and he says: "You gotta stop off some place, so you can have the fun o' startin' out again!" With these words of wisdom, Bob Burns, playing the part of a wandering printer and nobleman of the road, pauses a moment in a small town to help a lady in distress, remains to take

over the editorship of a country newspaper, and ends up by captivating the entire community with his homely wit, and overturning a corrupt political machine.

All this and more, happens in Burns' latest picture, "The Arkansas Traveler," which will be shown at the Kendrick Theatre this coming Friday and Saturday nights.

Established Commissary

"United we stand; divided we fall." How true this old adage holds in the work of the commissary. How often some of us let some garment that we are not likely to wear again hang in the closet until old and out of style. We then send it to the dump or put it in the stove, when, not many doors from us is a neighbor who is going hatless, shirtless, without the needed underclothing, or with holes in his shoes, which he cannot afford to have mended.

Friends, this is why the Full Gospel Church of Kendrick has established a commissary, so that you may bring in any or all your surplus clothing, food, etc. We will either take these things to those who need them, or give them out at the church to those who come for help.

Perhaps you can save someone from serious illness by just sending that old pair of shoes or other article of clothing, that we may pass it on to someone who needs it.

Let us all work together. People are constantly calling for clothes that you may supply. May God bless you in your effort to help in this work. "Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me."

If you would like us to call for things, let us know by leaving word with Nina Slead at the telephone office. — C. W. Guler, Pastor.

Try trading at home. It's good to know the man you trade with.

Change Bark Flavor

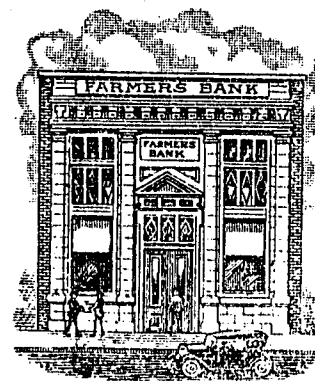

The flavor of the bark on seedling trees in Powers county, Colorado, has been changed from "vanilla" to "almond bitter" to thwart jack rabbits.

The rabbits liked the "vanilla" flavor; the "almond bitter" repels

and nauseates them. Thus than 4,000 young trees planted the county by farmers last year have a chance to thrive after threatened with death because rabbits gnawed the bark.

The Colorado State College Agriculture's forest experts took up the idea of changing the bark flavor. They concocted a liquid is sprayed on the bark, and changes the odor and taste of it.

WHEAT MARKETS FIRMER; FEEDS BARELY STEADY

freely during recent weeks. On January 27, soft and western white wheat were quoted at Portland at 67c, western red at 66c, ordinary hard red winter at 64½c and hard white (baart) at 68c per bushel, all basis No. 1 grade in bulk. At Seattle western white was quoted at 68c, western red at 67c, hard winter at 64½c, all bulk basis. Mild weather generally continued to prevail over the Pacific Northwest during the week. Snow covering was reported in some wheat producing areas of eastern Washington and Oregon, but was lacking in others. Wheat mill feeds continued steady to firm.

The San Francisco wheat market was quiet but steady during the week ending January 27, with all prices holding practically unchanged from a week ago. Offerings were light and growers inclined to hold old crop supplies.

At Minneapolis cash grain markets ruled steady and quiet during the past week. In the case of wheat, prices again held within a very narrow range with firmness in futures markets about offsetting the depressing weakness in securities markets and receipt of further precipitation in the way of snow or rain in domestic grain growing sections. The Minneapolis wheat market was altogether dull and featureless.

At Kansas City cash wheat prices and premiums remained about unchanged with a fair to active demand for the moderate daily open market offerings. Arrivals at Kansas City amounted to 452 cars for the week and marketings at nine winter wheat points amounted to 1,457 cars compared with 1,363 cars for the previous week and 1,418 cars a year ago.

Pacific Northwestern barley markets developed some additional strength during the past week, reflecting fair to good local demand and light offerings from growers. No. 2 bright western barley weighing 45 pounds per bushel advanced 2½c per 100 at Portland and was quoted at \$1.17½ per 100, sacked basis on January 26. Heavy white barley from eastern Washington was quoted at Seattle at \$1.20 per 100, sacked. Receipts of only one car at Seattle and three at Portland reflected the light market offerings.

Oats markets in the Pacific Northwest were also firm and higher. Demand remained good, both in the Portland and Seattle trade areas with carlot receipts of seven cars at Portland and ten cars at Seattle during the period. Most of the current receipts of these markets were coming from eastern Oregon and Washington and from Montana. On January 26, No. 2 white oats weighing 38 pounds per bushel were quoted at Portland at \$1.40 to \$1.42 per 100, sacked basis. No. 2 gray oats remained nominal. At Seattle eastern Washington white oats were quoted at \$1.40 per 100, sacked.

TEAKEAN GOSSIP

We've had a wonderful winter so far, and hope the ground hog will not bring bad weather for February. The snow is just right now for sledding and sleigh riding.
 We are getting more of our roads graveled right along, for which we are very thankful.
