WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

A very interesting letter from A. Longfellow, whose address at that time was Hqs. Troops, First Army, P. O. 759, was printed in the Gazette March 7, 1919, giving me some of his experiences in France before the close of the war. He mentioned (certain classes) tried to get the Americans up for everything they could get. Continuing, he said: "I believe I sure had some of the front. When I was transferred out of the 116th supply train for the front, but didn't get to hear that Langres. Was in a trench while at a French mortar battery below Chateau Thiery, near Belleau Woods that I saw the first time. Then I moved towards the St. Michael mortar, on September 12, we were in the thick of things there." Mr. Longfellow had varied experiences.

An interesting letter from Jack Scholten from Fort Kamekameha, Honolulu, which says, in part: "I was surprised at being sent overseas to try to transfer back to the States to go to France, but I didn't want anything doing. This was a very pretty place, but Honolulu is the melting pot of the world. There are 30 or more nationalities mixed up together, of which a large percentage is Japs and Chinese. As far as soldiering is concerned, I would rather be in jail at home."

A meeting of the commissioners of the Potlatch Highway district was held in Leland last Saturday afternoon and it was decided to hold a mass meeting on March 10 for the purpose of determining whether to take bonds at this time and also to let the general sentiment of the people regarding the matter.

In the school notes in this issue of the Gazette under date of March 7, 1919, "The Senior class elected the following officers at their meeting last week: Lester Crocker, president; Phyllis Cain, secretary."

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

Because of the Basketball tournament March 1, 2, 3 and 4, at Grangeville, school didn't amount to much last week. Half of the pupils would perhaps find a way to Grangeville, be excused in the morning—and not get back to school until the next day. Friday it was the same thing again. But it was sure a swell tournament, anyway, and we're mighty proud of our good old Kendrick Tigers.

The Swiss Yodelers, you were told about last week, proved to be quite an attraction. Many townspeople came up to the gym to hear them, making one of the largest crowds ever to attend any of our Assembly programs. Why, they were so good some of our very best citizens of Kendrick went all the way to Southwick to hear them again.

Ralph Romig of Boise is instructing a first-aid class, open to adults, Juniors, Seniors, and, in fact, any one over 17 years of age. There is no expense attached to the course which lasts for two weeks, except the price of a text book, which is 60 cents. The class for adults began Tuesday night at 7 o'clock. Everyone is invited to attend these very worthwhile classes. The High School period is from 1:45 to 3:15 each day. School time was given for this instruction because it is so valuable.

Clifford Ball, a student from the University of Idaho, is doing practice teaching here in the high school for the next two weeks in mathematics and science.

The nine weeks' period ends next week and exams will be given, as usual. Of course that means that we students need not start cramming till Sunday night. But then book reports are due this Friday, so many of us will also be burning the midnight oil Thursday night.

The Seniors have begun work in their new Civics workbooks.

The Home Ec. girls plan to have their aprons finished by the end of this quarter.

We're going to have something new this week. We thought you might be interested in some of the things that go on around here. This week we are going to give you a brief account of the English II class Tuesday morning. But from this, we do not wish you to get the idea that this class is always like that. Mr. Vaughn, who has been teaching the first and second grades for an hour each morning, while Mrs. Simons is practicing with the seniors on their play, decided to teach the pupils in this class the same way as he does the kiddies down stairs. So he began:

"What month is this, Bobbie?"

"This is March, teacher, Bobbie replied.

"Yes, this is March. Now what happy day comes in November?"

All began talking at once.

"That's right, Thanksgiving."

"Last month was January," said little Betty.

Mr. Vaughn said, "Yes, and what happy day comes in January?"

Some smart little girl in the back of the room just "bellered" out, "New Years!"

"What do you do on New Years," he asked the little girl.

"Get drunk," was the reply—and with that the class ended.

The Seniors are really practicing on their play. From the sounds that come out of the English room, this play sounds like a take-off or preview of "Dracula." Next week the cast of characters will be given.

Grade News

Jeanne Flaig has entered the fifth grade.

The first and second grades have finished their new individual health charts. They also have finished the grocery store, which they have been working on for a while.

Supt. Lyle To Leave

J. M. Lyle, Jr., for six years superintendent of the Kendrick schools, announced Monday his appointment as superintendent of the public schools at Grangeville, where he will assume his new duties in September.

It is with real regret that the residents of this community learn of Mr. Lyle's decision to go, but we must say that we do not blame him, since it is both a definite advancement in salary and in the size of the school.

During the six years Mr. and Mrs. Lyle have resided here they have made a host of friends, both in the school circles and socially. In addition the Kendrick schools have enjoyed smooth and efficient operation, and a very definite growth in size, as well as improvement in the state school standing.

We definitely dislike seeing them leave us, but progress must be the definite goal of everyone. We predict they will make a success of their undertaking in their new location.

In addition to his splendid work in the Kendrick public schools, Mr. Lyle has always taken an active part in all civic affairs of the town, especially in P. T. A. work and the Kendrick Commercial club.

Mrs. Lyle also, has contributed a good share of her time and talents toward the betterment of the town, being also prominent in the P. T. A. and church and Sunday school work.

Taken To Sanitarium

Mrs. Tom Barnett was taken to the tuberculosis sanitarium at Coeur d'Alene last week. The Barnett children will finish the school year in Asotin, where they are being cared for by Mr. Barnett's mother.

KENDRICK TIGERS MAKE FINE TOURNAMENT RECORD

The Kendrick Tigers, despite their final elimination by Ferdinand in a Saturday evening game, hung up a play record at the Grangeville "B" basketball tournament, of which any team may well be proud, even though handicapped by an ankle injury to John Wallace in a tournament game.

The boys left here Wednesday morning by car, arrived at Grangeville in ample time to rest and get a "warm-up" session on the floor before being called to play.

We list the complete tournament games and their scores below:

Wednesday Games

Game 1—Grangeville vs. Genesee, Genesee winning 41 to 29.

Game 2—Kendrick vs. Ferdinand, Ferdinand winning 56 to 43.

Thursday Games

Game 3—Cottonwood vs. Welpe, Welpe winning 32 to 25.

Game 4—Elk River vs. Winchester, Winchester winning 30 to 23.

Game 5—Kendrick vs. Grangeville, Kendrick winning 56 to 39.

Game 6—Genesee vs. Ferdinand, Ferdinand winning 50 to 29.

Game 7—Elk River vs. Cottonwood, Elk River winning 41 to 39.

Game 8—Weppe vs. Winchester, Weppe the winner 28 to 27.

Friday Games

Game 9—Weppe vs. Ferdinand, Weppe the winner, 38 to 33.

Game 10—Kendrick vs. Elk River, Kendrick the winner, 40 to 18.

Game 11—Genesee vs. Weppe, Weppe the winner 30 to 25.

Game 12—Kendrick vs. Weppe, Kendrick the winner 39 to 34.

Saturday Games

Game 13—Winchester vs. Ferdinand, Ferdinand the winner, 39 to 34.

Game 14—Kendrick vs. Ferdinand, Ferdinand the winner 37 to 35.

Monday's Game

Game 15—Weppe vs. Ferdinand, Ferdinand the winner 37 to 35.

Each team losing two games was automatically out of the tournament. Kendrick and Weppe had the same number of games played, and the same number of wins, but in as much as Weppe had drawn in play nothing but winners, it was decided that Ferdinand and Kendrick should play to see which team should go to the runner-up to the State B Tournament at Lewiston later this month. Ferdinand won by only two points, with Wallace out of the game due to an injured ankle sustained in Friday's play. Wallace attempted a part of the game, but ankle and all—and was cheered by the audience for his gameness.

Kendrick is proud of its boys and the record they hung up—and to be a good loser is almost as fine a record as to be the winner.

The Kendrick boys making the trip were: John Wallace, Rex Blewett, Glen Newman, James Kuykendall, Harvey Thornton, Chester Vincent, Irvin Draper and John Thompson, Frank Arnett, team manager, and Coach A. L. Dawald.

Half Million Forest Visitors

During the 6-month period between July 1 and December 31, 1938, the 17 national forests in the northern Rocky Mountain region played host to approximately 579,400 visitors.

As shown by a report compiled by the Forest Service at Missoula, the average length of stay for each of those seeking outdoor recreation in the forests was two days.

Thirty-one percent of all visitors went to the national forests to fish. Sixteen percent were hunters; six percent engaged in winter sports and the remaining 47 percent sought the forests for picnicking, swimming, camping, boating, nature study and miscellaneous other recreational pursuits.

The report shows that although the largest percentage of visitors brought their own camping equipment and used the regular forest campgrounds, approximately 70,400 guests were accommodated at hotels and resorts inside and adjacent to the national forest boundaries.

Leading in popularity among the 17 national forests in the region was the Deerlodge Forest, with headquarters at Butte, Montana. Following the Deerlodge in the order of the number of visitors entertained were the Beaverhead, Gallatin, Lewis & Clark, Kaniksu, Helena, and the Coeur d'Alene forests.

According to the report visitors seeking recreation in national forests during recent years have been increasing in numbers so rapidly it has been impossible to meet the demand for campground development. To facilitate public enjoyment of the many recreational opportunities offered by the national forests, many campgrounds have been improved to a high degree of utility and attractiveness, but adequate funds for the policing and upkeep of these areas have not yet been made available.

Development of recreational areas for public use has a high priority on the program of national forest work in the northern region of the national forests, and with the help of CCC, WPA and ERA workers campground projects are being pushed to the limit of financial ability.

New Telephone Directories

A new telephone directory is leaving the press this week for the Potlatch Telephone Company, in the Gazette office. This new directory will replace the one issued in 1937, and should be ready for distribution the early part of next week. It is a larger one than before, containing many more names, and advertisements of local firms as well.

Many Kendrickites At Tourney

Despite the long distance between Grangeville and Kendrick, many carloads of Kendrick folk drove to Grangeville to see the District Class B Tournament.

B. Higley and Wayland Davis, Clarence Perryman and Edgar Dammarell, Mr. and Mrs. Ed. Brown, Bill Cox, Bud Magee, and hosts of others, both drivers of cars and passengers in them.

PENALTY LOOMS AGAINST WELPE BASKETBALL TEAM

Weppe high school will be penalized—possibly to the extent of disbarment from the state high school Class B tournament here next week—for unsportsmanlike conduct in the final game of the district tournament last Monday night at Grangeville when one of the players attacked Referee Fenn Emerson, of Reubens. The official sustained a cut lip which required three stitches.

That the offending player, Louis Snyder, will not be with the Weppe team if it is allowed to participate, was almost a foregone conclusion, since the constitution of the Idaho High School Athletic Association provides that any player guilty of marked unsportsmanlike conduct shall not be allowed to play in tournament games.

Witnesses at the Grangeville clash, which came when Referee Emerson called a fourth personal foul on Snyder, said only the intervention of other officials and spectators prevented at least two other members of the Weppe team from joining in the attack. Both had previously fouled out of the contest and were heard to have made threats against Emerson, they said.

Officials of the second district of the I. H. S. A. yesterday called the attention of the state officials to the incident and E. F. Grider, secretary of the association, was contacting other members of the board of control by telegraph to determine what action should be taken against the school. He indicated to J. M. Lyle, Jr., Kendrick, district secretary-treasurer that it will be "vigorous" enough to serve as a warning to other schools that attacks on officials will not be tolerated.

"We must be able to guarantee officials that they will not be required to wear baseball masks and chest protectors when working for the association," he was quoted as saying when informed of the attack on Emerson. Grider indicated that he will submit a ruling sometime today after hearing from other board of control members.

In the meantime, the eight finalists for the state Class B playoff, which begins a week from tomorrow at the normal school gymnasium were ready for play. The eight survivors of elimination tournaments in the six districts of the I. H. S. A., will pair off like this for the opening day, times and the order of games to be announced by state officials:

Harrison vs. Ammon.
Glenns Ferry vs. Weppe.
Post Falls vs. Wilder.
Ferdinand vs. Downey.
Lewiston Tribune, Wed., Mar. 8.

Kendrick To Attend Tournament

Word was received late Wednesday night by Coach A. L. Dawald, in the absence of Supt. Lyle, on the ruling of the state I. H. S. A. board as follows: Louie Snyder, who attacked Referee Emerson, shall be barred from all future high school athletics; the Weppe team barred from the State Class B tournament at Lewiston, March 16-17-18; and the third place team with highest percentage standing replacing them—this team being Kendrick.

The other two Weppe players who wished to join the personal attack against Referee Emerson to be warned against such action again, as the state board will not tolerate such unsportsmanlike conduct by players or teams in this state.

No mention was made of the "Runners-Up" cup awarded Weppe last Monday night following their defeat and the "rough-house" session with Ferdinand at Grangeville. It is not known at this time whether they will be allowed to keep this cup or whether it will be returned to the association for another award.

In the awarding of the cups at that tournament, Winchester received the Sportsmanship trophy, Weppe the "Runners-Up" trophy, and Ferdinand the "Winners" cup. Rex Blewett of Kendrick was high individual scorer for all the teams, with a total of 90 points in five games, against 80 for the next highest player.

Kendrick residents smiled gaily when the news was heard on the streets, and you can bet that the town will be almost deserted at the times when the Kendrick Tigers will be playing at the state tournament.

Highway Heads Ask Road Funds

Members of the highway committee of the Lewiston Chamber of Commerce Tuesday gathered at the Elks club with Chairman E. V. Lorenz presiding and made plans for submitting requests to the state highway commission for the allocation of funds for projects in the Lewiston district. Clyde P. Humphrey, Lewiston district engineer, attended. The allocation meeting is expected to be called at Boise within two weeks. Forest service and bureau of public roads representatives will also attend.

Four projects already approved by the department which were discussed and which will be urged for completion are the Viola-Potlatch stretch, the Moscow-Thorn creek road, the Bundy-school-Culdesac alignment and the Arrow-Juliaetta road. Three additional projects will be recommended for allocation, including the surfacing of the Green-Kamiah link, construction of the new Kamiah bridge across the Clearwater and completion of the 2½ miles between Deary and Kendrick.

At the weekly conference of the chamber of commerce, directors authorized sending Chairman Lorenz and Manager Floyd West to the Boise gathering.—Lewiston Tribune.

At the close of the week soft and western white wheat was quoted at Portland at 88½c, western red, at 88c, ordinary protein hard red winter at 67c and ordinary protein hard white (baart) at 69½c per bushel, all basis No. 1 grade in bulk.
 Wheat receipts of 1,237 cars for the week at Puget Sound and Columbia river terminals continued to include fairly heavy deliveries of recent purchases as well as current marketings. Flour indemnity payments at the close of the week were 90c to the Philippines, 95c general from Pacific Coast ports and \$1.15 per barrel to China. Fair to good flour sales were reported to China during the week.
