CLUB HEARS DEPT. OF AGRICULTURE SPEAKER

The regular monthly meeting of the Kendrick Commercial club was held Monday night in Fraternal Temple, with dinner being served at 6:30 by Mrs. Paul Lind and Mrs. Edgar Long, there being the usual 20 present to take part in the meeting, although there were several others who should have been present.

The minutes of the preceeding meeting were read and approved, after which the regular business of the evening was taken up and committee reports heard—what there was of them.

Geo. Barnum reported that he had attended a meeting of the Spokane Chamber of Commerce, and gave a short resume of the activities of that body.

N. E. Walker, chairman of the Mr. and Mrs. Otto Silflow and Highway committee stated he had at Lewiston last week and had talked with District Engineer Humphrey day after spending two weeks at and others. He stated that the Wauncher Gulch bridge was prac-Willard Schoeffler, student at the tically assured, and that while the Lewiston Normal, spent the week- Texas ridge WPA project was not as end with his parents, Mr. and Mrs. yet assured, it was hoped to have it in the making in the near future. Lawrence, Ernest and Herbert R. B. Parks and Wm. Watts were

Report was also made that a meeting would be held at Potlatch and county legislators in attendance. At this meeting road, as well as other important topics, would be discussed, and Mr. Victor of the U. S. Soil conservation service would be present and show the pictures They are very interesting and instructive and it behooves everyone who has a farm, especially one of a rolling nature, to see how soil erosion may be controlled to a cer-

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

A student body meeting was held Monday afternoon for the purpose of electing the "Pace Makers" from chosen from the class by the entire student body as "Pace Makers," being chosen on a basis of personality. scholastic standing, friendliness, the!r interest in all school activities, etc. For the boys, John Wallace was elected; Mary Davidson was chosen

from the girls.

attend school both Thursday and Friday mornings, and be excused in the afternoon in order that they may see the basketball tournament in Lewiston on these days. However it will be necessary to make up this day of school, and it will be done either on a Saturday or school will be dismissed one day later at the end of the year.

The Senior play, entitled, "One Mad Night," is progressing nicely. As we said last week, from the sounds that come from the English room when they are practicing, it promises to be a "killer-diller." The cast of characters is as follows:

Don Cutter, a young playwrite, John Wallace. Wing, his valet, Rex Blewett. Mr. Hyde, a lunatic, Frank Rider, John Alden, another, John Keeler. Dr. Bunn, the man in charge, Dean Compton. Artimus Burke, a young lawyer, Chester Vincent. Danny Siletto, wanted for murder. Frank Arnett. Lucille Marcy, a damsel in distress, Arlene Deobald. Mrs. Kluck. a house keeper, Myrtle Schmidt. Gertrude Pinch, Don's fiancee, Eileen Benjamin. Mrs. T. Ashington Pinch and films shown here Monday night, her mother, Mary Mattoon. Depression, their colored maid, Beatrice LaHatt. Priscilla, who knits, Ethel Fraser. Lady Macbeth, a victim of Shakespeare, Mary Davidson.

Boy, do we feel good! For the first time in history, Kendrick enters the State Class B Basketball tournament. We're really proud of the boys, and we hope the whole town will be down at Lewiston next Thursday, Friday and Saturday yelling for them. Plans are being made at this time (Wednesday) a huge bonfire to give the boys a great sendoff. However, at this time we haven't even begun collecting stuff to burn.

The F .F. A. boys have organized a horse-shoe tournament again this year. The following boys will play Felix Holt, Roy Johnson, Earl Harris, Lawrence Bartlett, Arnold Hal-Cox, Bob Watts, Billy Deobald, Ken-Warney May, Jr.

Lapwai has challenged the F. F. A. chapter for a boxing meet there, been made.

Short Funeral Chapels

ANNOUNCE

The use of concrete grave liners with most of our services without extra cost. A distinct advantage over the wooden "rough box."

Even though death occurs in a neighboring town we will return a loved one to any of our three chapels for complete arrangements without added cost.

To the people of Kendrick and surrounding communities I wish to express my appreciation of your patronage.

EARL ALDEN

THE SOLAR SYSTEM By Wickliffe R. Smith

When we speak of the solar systhe planets are also members of the sun's family. Mercury is closer to than that of any other of the planthe sun than any other of the planets. It would require 20 worlds the size of Mercury to make a globe as large as the earth. It is only 3.000 miles in diameter, while the earth measures nearly 8,000 miles. Mercury is so close to the sun that it is difficult to see. Some times we can see it as the evening star down near the western horizon just after sunset. But the sky must be very clear and other conditions favorable. At other times we see it as a morning star a short time before sunup. Mercury has no moon.

Next on our journey outward from the sun we come to Venus, the brightest of all the planets. This beautiful world is a twin sister of is rotating on its axis much faster

and Venus as being twins because they are almost equal in size. It is quite probable that Venus is inhabited. Heat and light there are tem we mean the sun and its family much greater than here. The orbit of planets, or worlds, moving around of Venus is least eccentric of all it. The moons that revolve about the planets. That is, its path around the sun is nearer a perfect circle ets. Venus has no moon. Any clear morning now we can see Venus as a morning star down near the eastern horizon a short time before daylight. Notice how brilliant it is. The next stop in our journey is

on the earth, which is about 93 million miles from the sun. It is of average size, being smaller than some of the planets and larger than others. The earth has only one moon. The moon is the nearest neighbor of the earth-being less than a quarter of a million miles away. The moon travels around the earth from west to east. The reason why the moon seems to rise in the east and travel westward is because the earth the earth. We speak of the Earth than the moon is moving along its orbit around the sun. Remember, that the earth is nearly fifty times as large as the moon, and that the sun is more than a million times as large as the earth. There are holes 🗏 in the sun large enough to require many worlds like ours to fill them.

Going on out we come next to Mars, which is believed to be inhabited. Mars has two small moons. Next is the giant Jupiter, with its four large moons and several small ones. Jupiter is about 1,400 times as large as the earth. It is too hot for habitation now, but some of its moons are believed to be inhabited.

Saturn is the only one of the four remaining planets that can be seen with the naked eye. It has ten moons and a set of beautiful rings that make it one of the most attractive of the heavenly bodies. It is many times larger than the earth

PERSONAL MENTION

Mr. and Mrs. Harley Perryman vere Lewiston visitors on Tuesday. Don Lyle spent the week-end in Lewiston with his parents.

Lester Crocker attended an allday insurance meeting in Lewiston

Mr. and Mrs. O. E. Havens and Mr. and Mrs. A. O. Kanikkeberg were Lewiston visitors Saturday af-

ternoon. Mr. and Mrs. Roy Jump drove to Moscow, where they spent Monday and Tuesday while Mr. Jump was taking an engineer's exam.

Mr. and Mrs. B. W. Davidson, Jimmy and Sybl of Pullman were Sunday guests in the W. A. Watts

Mr. and Mrs. Ray Stewart and Theo. drove to Worley Sunday, where they attended the funeral of the late Mrs. Harrington. They stopped at Moscow, from which place Nolan Weeks accomagnied them to Worley.

Mr. and Mrs. George McCullough and children returned last week from McDowell, Mo., where they had spent the past winter.

Storm Plays Havoc With Wires

The storm of late Sunday night and early Monday morning played havoc with power and phone lines in this section. On Fix ridge the heavy fall of snow, mixed with a little rain ,put weight enough on the W. W. P. Co.'s 60,000 volt main transmission line to cause it to sag until it touched the R. E. A. power lines crossing below it. This burned the big high-voltage line in two, causing the power to be off in Kendrick and vicinity for some two hours.

The great weight of the snow and rain also sagged and caused to go out several of the phone lines leading from Kendrick to country points. The lines to Big Bear ridge were out until late Monday afternoon, when partial service was restored. A part of the lines on Fix and Potlatch ridges also went out, but service on most of them was restored Monday evening.

Numerous failures were also reported on the REA power lines in various localities, likewise due to snow and rain. The heavy wind blowing aslo contributed to the line failures.

Eight-Eight Bridge Club

Mr. and Mrs. Lester Crocker entertained the Eight-Eight Bridge club in their home Tuesday evening. Following a delicious dessert, the game was played at four tables.

High scores were awarded La Moyne Simons and W. B. Deobald.

Ladies Aid Meeting

The Ladies Aid of the Community church will meet Friday afternoon in the home of Mrs. Wm. Gray, with Mrs. Edgar Long assisting. The ladies of the community are cordially invited to attend.

Staying In Paul Lind Home

Ralph Romig, who is teaching a course in first aid in the high school and Clifford Ball, who is doing practice teaching in the high school, are lomiciled in the Paul Lind home.

WHEAT SLIGHTLY LOWER-FEED GRAINS ALSO WEAKER

(baart) at 68c per bushel, all basis No. 1 grade in bulk. Protein premiums over ordinary grades of hard red winter were 4c for 12 per cent with 61/2c for 13 per cent and 91/2c per bushel for 14 per cent protein over ordinary.

Wheat receipts totaling 1,257 cars at Puget Sound and Columbia river terminals during the week were relatively large and included deliveries on recent purchases as well as current marketings.

U. S. barley markets were somewhat irregular during the week ended March 9, ranging from about steady in the Pacific Northwest and middlewestern markets to somewhat weaker in California, where timely rains improved new crop conditions. Feed grains, including corn and oats, were mostly lower along with declines in the wheat market. English barley markets were dull while Continental markets were somewhat steadier.

Oats markets in the Pacific Northwest held steady and unchanged during the past week. Receipts of four German Lenten Service. Wednes- cars at Portland and five cars at Seattle during the week reflected light trading. No. 2 white oats Portland, March 9, at \$1.411/4 per Betts. 100, sacked basis. Eastern Oregon and Washington shippers continued Young People's meeting at 6:30 to furnish most receipts at this market with occasional lots of Montana feeding quality oats moving into Northwest markets.

LELAND HAPPENINGS

Mr. and Mrs. Gordon Peters and Evangelistic services at 8:00 p. m. daughter Darlene and Leo Peters returned Saturday noon from Van Nuys, Calif., where they spent the winter.

Mr. and Mrs. Claud Craig, Mr. and Mrs. Jesse Thornton, Mr. and Mrs. Roy Craig and Mr. and Mrs. Charlie Craig visited Sunday in the home of Mr. and Mrs. Oral Craig.

Will Jennings home Tuesday. Mrs. Ola Betts and children visited at the Betts homes here Sunday.

Church School Program

A church school program will be given in the Lewiston M. E. church on Sunday afternoon, March 19, at 3 o'clock, for the elementary work-

Miss Edith Walker is conducting the program, which is very much worth while. It is hoped the teachers in the Sunday school will find it possible to attend.

Bill Rogers In "Judge Priest" It is hardly necessary to go into

detail regarding the pictures of thermostat and thermometer. Used the beloved late Bill Rogers, who gave to the world almost as many homely philosophy sayings as did Bill Nye, Josh Billings, or any other of the great humorists of bygone days-only everyone knows Rogers 8-5x and his homely philosophy, so the Kendrick Theatre has booked again for this coming Friday and Saturday nights the lovable Bill Rogers in "Judge Priest." This picture may not be new to all of the picture fans, but it is worth seeing again and again, for the old "judge" hands out justice in such a way that all enjoy it.

There will also be a cartoon and shorts.

Buy it from Gazette advertisers. They are dependable merchants.

SOUTHWICK NEWS

The John Lettenmaier family were Sunday guests in the Howard Southwick home.

Mrs. John Travis and Mrs. Herman Travis were hostesses for the Young Mothers club on Wednesday. Mr. and Mrs. Homer Betts visited Thursday at the John Lettenmaier

EDITORIAL HELLO. THERE FOLKS:

Now that March is really here and has come in like the proverbial lion, and the new phone directories are out, with our ad. on the back page, it looks like it is up to us to make good in the way of jokes for this issue, any way, so you'll find 'em below:

Reformer: "Young man, do you realize that you will never get anywhere by drinking?"

"Ain't it th' truth? I've shtarted home from 'ish corner five times already."

A man hopes that his lean years are behind him, but a woman hopes that plenty of hers

Doctor: "What you need, my dear young lady, is a little sun and air."

Sweet Young Thing: "Why doctor, how dare you! Why, I'm not even married!"

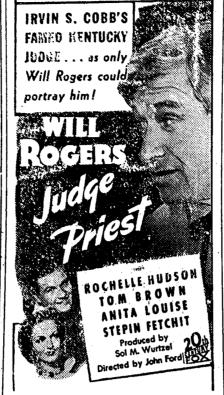

At a recent charity bazaar, a young lady who had been selling kisses at a dollar a throw, fainted when she firured up the amount of the fortune she had given away the night before.

It was the morning after the nigh thefore.

"How did yo ufind yourself this morning?" asked one participator of another.

"Oh, easily," was the reply. "1 just looked under the table and there I was."
