The Kendrick schools stand far up on the list of what might well be termed "better schools" and Supt. Lyle, as well as the teaching staff, is to be congratulated on the high standards attained and held during the past six years of his superintendency of the Kendrick schools.

served by Mrs. Paul Lind and Mrs. Edgar Long, assisted by the Home Economics' class of the high school. Dinner was served promptly at 6:30 and all did justice to the repast. After dinner had been served those in attendance adjourned to the lodge room on the second floor, where a very entertaining program of music and singing was given. There were three entertainers from the University of Idaho who sang several numbers, a Miss Reece be ing in charge of the group. Mr. and Mrs. Raymond Vaught gave two very beautiful numbers on the violin and plano, and on cello and plano, and Mr. and Mrs. Harold Thomas also delighted the audience with their playing on plano and flute. (Then Joe Zebb, whom almost everyone in Latah county knows, was over from Moscow with a "bunch" and gave a short, but very entertaining "Charley Mu-Carthy" act—only Charley wasn't there. The entertainment part of the program was all that could be asked for and was thoroughly enjoyed. After the entertainment feature of the evening was over the Kendrick Commercial club transacted necessary business. On roll call it was found that Moscow, Deary, Troy, Bear ridge, Texas ridge, Bo-vill and Lewiston were represented at the meeting.

After the reading of the minutes, short reports were received from the regular committees. Supt. Lyle reporting that the Baccalaureate ser-mon will be given in the Com-munity church Sunday evening, May 14, commencing at 8:00 o'clock, and the sermon will be delivered by Rev. Wm: Gray, pastor of the church. The Commencement address will be delivered by Rev. Walker, pastor of the First Presbyterian church of Moscow, at 8:00 o'clbck, on Wednesday evening, May 17. He stated that this would be his last year here as he has been employed as superintendent of the Grangeville schools.

At this juncture the meeting was turned over to E. S. Suenkel of Deary, chairman of the County Chambers of Commerce and the business of the county organization was taken up. The main speaker on this occasion was Dean Buchanan of the University of Idaho Engi-neering department, whose subject was "Roads"—and a very timely Irs. Roy Ramey at Kenarick. Mrs. A. H. Blum, Mr. and Mrs. that everyone in this entire section. Ibert Glenn and Kenneth Slead is vitally interested in, or should be. Ibert Glenn with Mr. and Mrs. Clyde Humphrey, district highway one, too, as roads are the one thing that everyone in this entire section engineer, was also introduced, but had very little to add to what had already been said for the heason, supposedly, that he did not care to talk about roads, only to say that Mr. and Mrs. Edwin Mielke were he was pretty sure that the road picnicking and fishing at Bull Run from Arrow to Juliaetta would be built this year-providing, of course, that the necessary money is forthcoming. There were others who took part in the meeting, all of which was interesting, as well as instructive, for it does one good to "rub" elbows with their neighbors and get. their point of view. The Kendrick Commercial club was very glad indeed to have so many present from out of town and it is believed that much good will come of these neighborly meetings.

The ground is too dry and hard to permit of bean planting - and wheat does not look any the good. The past few days of wind have drawn a great deal of the moisture from the ground — and spring pastures are suffering as well.

"Just Around The Corner" The above caption is the name of Shirley Temple's newest-and said to be her best-picture, based on what is said to be the most original story ever conceived for her. The story concerns the hilarious but happy consequences that arise when Shirley confuses a wealthy old banker (whose name happens to be "Uncle Sam" Henshaw,) with the lean and bewhiskered old gentleman who is the symbol of our national life. Then, too, there's the billing and cooing of Joan Davis and Bert Lehr, one of the most hilarious comedy teams on the screen. It is hardly necessary to make

comment on the performance of lit-tle Shirley, America's No. 1 box office attraction—heading the list, as she does, of all stars-old and voung.

Hello There, Folks—Here it is almost the midle of May — and what May to date .Dry and windy. Seems like that unless we get some rain pretty soon all the spring pactures we've all been counting on won't amount to very much. However, we have a suggestion to make all of you take out your cars and trucks and wash them—undoubtedly that will bring rain — at least it al-ways seems to help. Also, if you have little turkey.,

turn them out at once-that is said to be a sure way to bring rain.

By the way-plans are pro-gressing nicely toward the big Old Settlers picnic to be held in Kendrick this year on July 9. Remember, Folks-This isn't a celebration, it's just a big picnic and get-together for the old-time and present residents of this sec-
