In the above list are included the native born and all others who registered, who came to this section prior to 1910. There were doubtless many in attendance who could not qualify on one or both counts, but who did not register, a matter that is to be regretted. There are possibly errors in the lists, as well as we have done our best to read the handwriting of the many guests, if there are errors, we regret it.

PERSONAL MENTION

Bert Biddison returned on Thursday of last week from the Veterans' hospital at Walla Walla, where he has been for some weeks, recovering from an operation. John Hetch, who was an inmate of the Veterans' hospital at Walla Walla for the past several weeks, returned to Kendrick Saturday evening. He is feeling much better, but the finger which had been affected with blood poisoning, is still bothering him some.

Mr. and Mrs. Sherman Ward and Mrs. Minnie Bunker of Tacoma, Wn., left Sunday for Buffalo, New York, and the New York World's Fair, after a short visit here with Mr. and Mrs. Clarence Hund and other relatives.

Mrs. Nora Thornhill of Sheridan, Ind., is a guest of her sister-in-law, Mrs. S. A. Sutton, for a ten-days visit. She will go from here to visit the San Francisco World's Fair. Mrs. Thornhill does not care much about automobiling over our "funny old hills."

Mr. and Mrs. Elwood Pearson left Saturday for Seattle and other coast points for a two-weeks vacation trip. They will return via Coulee dam.

W. H. Lowery returned to his home in Pullman Saturday, after a week's visit with his daughter and son-in-law, Mr. and Mrs. Marvin Long.

Mr. and Mrs. Walter Silflow, Mr. and Mrs. Delbert Hayward and others returned on Friday of last week with some 15 gallons of fine huckleberries, which they gathered in the Weippe and Pierce sections.

Dr. and Mrs. O. J. Morehead of Ritzville, spent part of Sunday in the W. A. Watts home, and attended the Pioneer Picnic.

Mr. and Mrs. J. M. Lyle, Jr., and Mr. and Mrs. W. O. Orr, Moscow, and Dr. and Mrs. J. M. Lyle, Lewiston, spent Sunday in the L. D. Crocker and W. L. McCreary homes, and in attending the Pioneer Picnic.

The survey crew spent the weekend at their homes here, returning to their work at Pierce Monday.

Miss Josephine Davis arrived Saturday evening from San Francisco for a two weeks' visit with her parents, Mr. and Mrs. Joe Davis. Miss Davis has employment in Frisco.

Mr. and Mrs. Ben Cook and family and Mrs. Kenneth Hoduffer of Genevieve ate a picnic dinner with the R. L. Blewett family Sunday.

Doug. Hunter is here visiting in the home of his daughter, Mrs. Wade Keene and family.

Mr. and Mrs. Owen Hardman, Peck, Mr. and Mrs. Howard Dammarell, Burton Hunter and Peggy Foley of Lewiston, visited in the Wade Keene home Sunday.

Mr. and Mrs. E. A. Deobald and family, Mr. and Mrs. W. B. Deobald, Mr. and Mrs. Roy Edward Thompson and family of Moscow, Mrs. Eva Thompson of Orofino, Mrs. Mary Deobald and Mr. and Mrs. Otto Schupfer and family ate picnic dinner in the park together Sunday.

Mr. and Mrs. Walter Thomas and children of Spokane came Sunday to spend Pioneer Day with relatives. Dr. and Mrs. O. J. Morehead of Ritzville, Dr. Gist's son and daughter of Lewiston, the Ramey family, the Wayne Herres family, the F. H. Rider family and Mr. and Mrs. Walter Koepp picnicked together in the park Sunday.

Joe and Bob Watts were Spokane visitors Tuesday on business. Mr. and Mrs. E. Davidson, Pullman, Mr. and Mrs. Kester Dammarell and children of Craigmont, the W. A. Watts family, the John Waide family, the Kermit Waide family of Deary, Martin Keith of Culesac and Mrs. Ferguson, Deary, picnicked at the park Sunday.

Miss Nellie Blackburn of Portland came Sunday to visit her mother, Mrs. Addie Reid, for some time. Mr. and Mrs. Phil Green of Wathatchee visited last week in the Paul Lind home.

Mrs. Jane Blackburn returned last week from a visit with her son, Mitch Blackburn, Cavendish.

Traffic Officers Busy

Saturday evening two carloads of Idaho State Traffic Officers visited Kendrick, and did a wholesale business rounding up cars and trucks with defective head and tail lamps, no clearance lights and mirrors on trucks, and several sets of defective brakes. Tickets were issued to the owners, and they were given a liberal amount of time to have the vehicles repaired.

These same officers urge all operators to have their equipment put in shape before their next visit which will be soon, regardless of whether the owner was given a ticket or not.

This drive is really a fine thing, since defects in lights are not only a danger to the operator, but to other motorists and even pedestrians. It is always the cheapest to have your equipment kept in shape.

Since everybody is now smoking cigarettes the country no longer needs a five-cent cigar. But we could do with a free running catsup bottle.

The decision of the judges will be final. In case of ties duplicate prizes will be awarded.

Entries must be mailed to "Observation Quiz," Electrical Equipment Assn., Box 1445, Spokane, and must be postmarked by midnight of the Saturday ending each contest week.

All entries submitted become the property of the Electrical Equipment Assn. and may be used in any advertising of the association.

2. National average cost of electric service to residential customers is:
 - 4.4c per kilowatt hour.
 - 2.2c per kilowatt hour.

 - larger roasts are cooked.
4. Electric baking is uniformly successful because:
 - oven is sealed against drafts and dry air.
 - special recipes are used.
 - oven temperature fluctuates.
5. Butter cakes, pies and pastries turn out perfectly without watching if:
 - baked only in preheated oven.
 - started in cold oven.
 - baked in granite pans.
6. Melted cheese, cream sauces, cereals, custards and candy can be cooked on electric range:
 - only with double boiler.
 - on controlled heat of top elements.
 - only in pan of hot water.
7. Foods keep hot without scorching or over-cooking on electric range because of:
 - stainless porcelain range top.
 - heavy pans used.
 - heat stored in unit.
8. Five foods may be cooked in deep well cooker without transfer of flavors because:
 - heat is controlled.
 - element is on top of cooker.
 - each food is vacuum sealed.
9. Electric ranges cook healthfully because they:
 - cook as fast as food will cook.
 - cook faster than food will cook.
 - cook according to altitude.
10. Electric range body is usually of:
 - all steel, welded into one piece.
 - cast iron.
 - wood and iron.

Well, Folks — The big Pioneer "Homecoming" Picnic is over, and what a day it turned out to be. Warm, perhaps even hot, but the renewal of old friendships, the fine program, and other pleasant events certainly served to take away all thoughts of the heat. We believe that everyone present enjoyed the day in every way. It is to be regretted that this annual event can not be held more often in Kendrick, but it is a long way for many of the folks — and time will take its toll. Kendrick had two famous sons with her that day — Ramsey Walker of Coeur d'Alene, and Burton L. French, Oxford, Ohio, both of whose names have splashed, and still often appear, on the front pages of big daily newspapers. All in all, folks, it is a day long to be remembered, and it is much easier to remember the

sweet or the sour, than the events that happen between them. Let's treasure the Sunday just passed.

An actor's suggested epitaph for a much-married Hollywood matron: 'At last she sleeps alone.'

The lady of the house suspected that one of her two sons was paying attention to the maid. Anxious to find out which one she said to the girl:

"Norah, suppose you had the opportunity of going to the movies with one of my sons, which one would you pick?"

"Well," replied Norah, "it is hard to say, for I've had grand times with the both of them, but for a real rollicking spree, give me the master!"
