KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, AUGUST 31, 1939

NO. 35

VOLUME XXXIX

## WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

This week will practically wind up the threshing throughout the Potlatch country. The farmers are well satisfied with the yield considering the dry season. Bean harvest will begin very soon in some of the early planted fields. In some fields the leaves are beginning to fall off leaving the bare stalks and pods.

Mr. and Mrs. A. C. Deeter were in Moscow last Saturday on business. Dave Gentry was "kicked" on the forehead while cranking his car the first of the week. He received a long deep gash over his right eye as a result of his "Henry's" ill will. Otto Rauschke returned Tuesday from overseas. He received his discharge on the eastern coast just one day after his arrival from France. He was in the service 22 months and spent 14 months in France. As a member of the engineers he spent three months on the front and much of that time he spent building and repairing barbed wire entanglements, bridges, etc. His brother Richard, is the only Kendrick boy still in overseas service, somewhere in France.

The C. F. Byrne family are moving to Lewiston this week to make their home. Mr. Byrne has residence property there.

It is said that an unprecedented number of grasshoppers on the Nez Perce prairie are proving a boon to the chicken raisers of that section. A large increase in egg production having been noted.

A petition to the county commissioners asking that they call an election for the purpose of forming a highway district, was circulated in Kendrick and surrounding territory Wednesday afternoon, and freely signed. The petition was filed with the county auditor Thursday morning.

The boundary lines embrace the parts of Texas, Big Bear, Little Bear and American ridges that were not included in the Troy and Deary highway districts and the Cedar creek Good Roads district. It contains a territory of approximately 1,000 acres of land and has an assessed valuation of considerably over a million dollars. The county commissioners will probably pass up on the petition about the 8th of September.

## News From England

Last week Frank Rider received letter from his sister, Mrs. Gordon Roberts of Ashfield, Ardleigh, Essex, England, which says in part:

"We can't get down to the simple business of living, enjoying the garden, watching the birds, etc., for we never know from one day to the next if there will be a house or garden."

"Perhaps one day we shall, but it looks very remote for even if there were no war, taxes, to make arrangements possible, have mounted sky high. We bought a Ford V-8 last spring and now can't give it away, as the taxes on motor cars power went up about two months ago. It is only 40 horse power, but we pay \$6.25 a horse power, which makes it \$250.00 tax, besides \$10.00 for the license and \$10.00 for membership to the road association, which one must have."

"On top of that gas is 40 cents a gallon and will go still higher if there is war. English cars are smallish but is horse power and not so expensive to run."

"I am always hungry for American food and things here are different and expensive. I love ordinary sliced tomatoes in the summer and they are as cheap here as they ever get, 12c a pound, and they never ripen for they don't ripen properly in hot houses. Peaches only grow on a southern wall and if we eat them in the shops English ones are 25c each and imported ones are 10c each, but they are never here. We feel like millionaires if we have peaches and cream or cantaloupe. Beans are 8c a pound, as are peas and that is right in the height of the season. We pay 65c a pound for coffee. It is American coffee, English is just as high and more so. They eat it here every day of the winter."

## Pleads For Cooperation

Governor C. A. Bottolfsen today issued a statement asking the cooperation of all motorists in an attempt to keep September free from accidents or serious accidents involving school children.

Thousands and thousands of children will be on their way to school during the month of September, said the Governor.

They have a right to expect to go to school safely.

They have a right to expect to know how to live safely.

They have a right to look to their parents, their teachers and to public officials for this protection.

Schools everywhere recognize the importance of the subject and offer safety courses. Let us give the children a chance to profit from this instruction.

During the month of September of last year, four children were killed and 19 were more or less seriously injured on Idaho highways. We certainly don't want to do this again. A little extra caution will keep September free from these accidents.

## Speaking of clothes, most Kendrick old-timers can remember the day when the average girl's was about half starch.

It's because there are so many fools in the world that the wise man gets an occasional break.

## Family Get-Together

A family picnic and get-together was enjoyed Sunday by the Trullinger families. A basket dinner being served at 1:00 o'clock, with watermelon one of the treats.

Those present were Mr. and Mrs. Frank Lowery and sons David and Kenneth, Mr. and Mrs. F. D. Fulkerth and daughters Gerry and Shirley, Mrs. Dixie Lybecker and daughter Mary Ellen, Mrs. Rachel Trullinger and Miss Hallis Olson, all of Pullman; Patty Ann Powers of Coeur d'Alene; Mrs. Jennie Disler, Grandview, Wn.; Mr. and Mrs. E. T. Long and Tommy, Maurice and Patricia, Mr. and Mrs. Marvin Long and Mr. and Mrs. Edgar Long, Roy and Barbara.

## DOINGS OF KENDRICK FRIENDS AND NEIGHBORS

Mrs. J. A. Bushee from Coulee Dam, a sister of Mrs. O. E. Havens, and Miss Bertha Hackett from Spokane, are house guests this week in the O. E. Havens home.

Eleanor Evans of Lewiston is visiting at the Walter Brocke home.

F. B. Higley and Miss Ella Higley drove to Cheney over the weekend, taking his granddaughters home, after they had spent a week here.

Jerry Herres arrived home Sunday morning from Spokane, accompanied by her aunt, Mrs. Jack Johnston. Mrs. Johnston returned home that night.

Jess Mann from Lewiston called in the Harold Thomas home Thursday.

Mr. and Mrs. Arthur Janes of Fort Peck, Montana, have been visiting the past two weeks in the home of Rev. and Mrs. Janes. Mr. Arthur Janes left Tuesday for Fort Peck, to resume his teaching position.

Mr. and Mrs. Roy Bacharach and little Susan are moving this week to Orofino, where Mr. Bacharach has been transferred.

Gene Spiers of Kinsley, Kansas, visited over the week-end with his aunt and uncle, Mr. and Mrs. H. B. Thompson. He had been working at Sprague this summer and was on his way home to attend medical school.

Mr. and Mrs. W. A. Watts and son Joe drove to Craigmont Sunday to visit Bob Watts, who is working there.

Sybil Davidson of Pullman visited in the John Waide home last week.

Mrs. Mary E. Gilmore of Lewiston and Miss Doris Gilmore of Los Angeles, visited Saturday evening in the F. H. Rider home. Miss Gilmore will be remembered as a music teacher here.

Barbara Long returned last Thursday from Spokane, where she has been visiting Eileen Benjamin.

Mrs. Boyd Cook of Lenore visited several days in the Paul Lind and M. O. Raby homes this week.

Mrs. Everett Blackburn of Cavendish is visiting in the Oscar Raby home this week.

Bob Lind returned home from Teakcan this week, where he spent the summer with his grandparents.

Mr. and Mrs. Hiram Galloway and daughters and Barbara Davidson visited in Coeur d'Alene and Newnam Lake over the week-end. They dined with Mr. and Mrs. Orville Downing, the former a brother of Mrs. Galloway, and with Mrs. Howard Downing, a sister.

Marybelle Mattoon left Monday morning for Lewiston, where she will enter nurses' training at St. Joseph's hospital.

Mrs. Sarah Mason is visiting this week in the home of her grandson, Mr. and Mrs. Lowell Mason.

E. A. Deobald, E. T. Long and Dr. G. W. McKeever were Lewiston business visitors Tuesday afternoon.

Mr. and Mrs. Geo. Leith were Lewiston, Clarkston and Orofino visitors Tuesday.

Mrs. George Cavin left Monday for Spokane and will leave from there for San Francisco.

O. E. Havens attended the funeral services of Mrs. Henry Harder in Spokane Sunday. Mr. Harder will be remembered as being N. P. bridge foreman.

Ariene Ware left Sunday for her home in Ellensburg, Wn., after having spent the summer here with her grandparents, Mr. and Mrs. N. E. Ware.

Mr. and Mrs. Glen Stevens were Moscow visitors Saturday.

Mrs. Anna Murphy has been visiting at the Ernest Murthy home here. She returned to Moscow Saturday.

Frank Homer Rider and Roy Ramey, Jr., were Moscow visitors Wednesday.

## KENDRICK SCHOOLS TO OPEN SEPTEMBER 4TH

Labor Day, September 4, will also be registration day at the Kendrick Public schools. The high school students will assemble at 9:00 a. m. in the High School auditorium for instruction and registration. The grade school pupils will assemble at the same time in their respective rooms, for the same purpose.

After registration is completed the students will be excused until 3:30 Tuesday morning, when the regular classes will begin. There have been several inquiries as to the age a beginner must be to be admitted to the primary class. The Board of Trustees has decided to follow the county regulation on this matter, which states: "that a child's birthday must be within six weeks of the beginning of school, to be admitted." The above, of course, refers to the sixth birthday.

Attention once more should be called to the matter of registration fees, which are as follows:

High school book fee ..... \$2.50  
High school student body fee.....\$2.00

Total fee for high school students ..... \$4.50  
The total fee for grade school pupils is \$2.50 book rental.

It is important that parents and students see that this fee is available when the students come to register. No books will be issued to anyone who does not make the book deposit, and no high school student may take part in any high school activity unless the high school student body fee is taken care of.

Teachers and their assignments for the coming year are as follows: High School: Commercial, Commercial, Miss Jean Graham: Homemaking, Science and Girls' League advisor.

Miss Mary Fattu: Commercial subjects and History.

William Fitzpatrick: Music and English.

Don Lyle: Agriculture and Visual Education.

Lowell Mason: Algebra and Sociology.

Grade School:

Ross Armitage: Grade school principal; Seventh and Eighth grades and High school athletic coach.

Mrs. Elsie Deobald: Fifth and Sixth grades.

Miss Lily Henningsen: Third and Fourth grades.

Miss Genevieve Grim: First and Second grades.

This year, even more than in years before, a great many improvements have been made in and about the school building. A great deal of paint, varnish, kalsomine, and floor sealer has been used. The domestic science room has been completely done over, the gymnasium floor improved, a new piano purchased for the music department, a motion picture machine added as a part of general equipment—and everything is in readiness for a successful school year.

On Friday, September 8th, school will be dismissed in the afternoon, in order that teachers may attend the annual Latah County Teachers' meeting at Moscow.

## Celebrate Anniversary

On Tuesday evening, August 29, a group of friends gathered at the Joe Cardinal home to help Mrs. Cardinal celebrate her birthday anniversary. The evening was spent in singing, playing games and visiting.

At a late hour a lunch consisting of a large birthday cake, jello, coffee and punch was served.

Those present were Mr. and Mrs. Geo. Swartz and son Jerry, Mrs. Florence Candler, Mrs. Guier and Carl, Mrs. Geo. Brocke and her sister, Esther, Mr. and Mrs. Everett Fraser, Arthur and Robert Fraser, Quentin Perryman, Joe and Darlene Cardinal and Mr. and Mrs. Cardinal.

## Purchases Store Interests

F. B. Higley, who for the past eight years has been part owner and operator of Morgan Brothers Grocery Market, this week closed a deal for the balance of the Morgan Brothers' stock, and is now the owner as well as operator of the store.

Mr. Higley has many friends in a business as well as social line, and all wish him well in his business venture.

## Wild Life Meeting

A Latah County Wild Life Federation meeting was held in the Kendrick park Tuesday evening, with fifteen out-of-town members in attendance.

Following the business session, Past-President F. M. Long was presented a wedding gift from some of the Moscow members.

## FORESTS CLOSED TO ALL HUNTERS TILL SEPTEMBER 10

Because of the forest fire hazard prevailing in north central Idaho, orders were issued Monday by the Idaho state game commission, after consultation with Major Evan W. Kelley, regional supervisor with headquarters at Missoula, closing all forests in the region to the carrying and use of firearms until rain dispels the hazard. This word was transmitted to the Lewiston Tribune Monday by Owen W. Morris, state director of fish and game. The order means that the special elk hunt on the Selway game preserve, set for September 1 to October 4, and the opening of the blue grouse season September 1, will be delayed, according to Director Morris.

Conditions within the forests are such that our best judgment necessitates the order," said Director Morris. "This is an emergency order and it means that four forests in north central Idaho will be closed to the carrying of firearms. They include the Nez Perce, Bitterroot, Lolo and the Clearwater. The order means that the special elk hunt on the Selway game preserve will be delayed until rains halt the fire threat. It also means that the blue grouse and native pheasant season in Nez Perce, Lewis, Clearwater and Idaho counties will be delayed until September 10. If rain falls by that time the season will be extended to October 10.

"Forests are dry as tinder. A cigarette butt or a match carelessly dropped by hunters and even the discharge of firearms might start fires that would cause inestimable damage. It is unfortunate that this action must be taken in view of the plans made by sportsmen for the long jaunts, yet judgment dictates the move."

Assistant Chief Deputy Game Warden Jess Robertson said Monday night by telephone that the closing date on the grouse season will be set when the state game commission meets Sept. 9 at Boise. "After the September 10 opening, shooting will be allowed on Sundays, Wednesdays and Fridays, at least during the rest of the month," Mr. Robertson added that the special elk hunt scheduled for the Selway will be delayed until after a rain of sufficient amount to damped the forests eliminates the fire hazard.

Editors Note: Although fishermen are not mentioned in the article, its general trend gives the impression that the forests are closed to all sportsmen. Sections of the counties mentioned above regarding grouse hunting not in the forests, are also closed to grouse hunting until September 10.

## Trade Training Course Available

A nine-months' trade training course without college credits in motor mechanics and carpentry will again be offered this year at the University of Idaho, Moscow, according to E. N. Humphrey, in charge of the cooperative project between the department of agricultural engineering and trades training division of the state department of vocational education.

"Enrollment in these courses is open to anyone who can show that he will benefit from the work offered," Mr. Humphrey explained, but those with an eighth grade education and who are at least 16 years of age are best fitted to take advantage of the work."

Cost of these courses includes the regular University registration fees with additional costs for books and instructional materials.

Registration will be held on the regular University registration days, September 22 and 23.

"Considerable interest in these courses given at the University of Idaho, Moscow, is indicated by numerous inquiries received from recent high school graduates," reports Mr. Humphrey. "Most of the students who have taken the courses in motor mechanics and carpentry in the past are employed in positions utilizing their training."

The instruction laboratory equipment includes the latest developments in ignition, timing and testing units. Carpentry training includes complete house construction, and students are trained in cabinet work and the use of power tools and equipment.

## F. F. A. Boys Attend Fair

Clinton Cox, Warney May, Jr., Deryl Ingle, Lawrence Bidson and instructor Don Lyle attended the state Future Farmers convention and livestock show, held at Boise August 22, 23, 24 and 25.

The livestock and poultry exhibited offered keen competition among the many exhibitors. Some of the leading dairy cattle of the U. S. were on exhibition. There were also many fine community and Grand displays.

Clinton Cox, Warney May, Jr., and Deryl Ingle took part in the livestock judging, and out of 40 teams Kendrick placed 22nd. Lawrence Bidson took part in the poultry judging.

After the Future Farmer business meetings were over the boys visited the state capitol and penitentiary. On the trip home we visited the Circle C ranch at New Meadows. A most enjoyable trip was had by all.

## Don't Worry About License

If you haven't received your driver's license there is no cause for alarm, says Harry M. Rayner, commissioner of law enforcement.

Much detail is necessary in issuing the licenses and delay is unavoidable. The receipt is full evidence of compliance with the law and will be found to have the same effect as the actual license.

## Move To Frisco

Geo. Cavin and brother, Leslie Cavin left Monday evening for San Francisco, being taken to Lewiston by Dr. McKeever, where they caught the evening train.

George Cavin has been in poor health for many months, and the change was made in the hopes of the climatic change improving his condition. Mrs. Cavin is still here looking after business interests, but expects to leave shortly for San Francisco to join Mr. Cavin, and where they will make their home.

Mr. Cavin was formerly bookkeeper for the Thomas Creamery and Kendrick Auto Freight. They have made a host of friends here and it is with regret that we see them leave our community.

## DOINGS OF LELAND FRIENDS AND NEIGHBORS

Mrs. Jennie Hund and Mrs. Walt Crawford gave a stork shower last Thursday evening in honor of Mrs. Wm. Dzik in the home of Mrs. Hund. Mrs. Dzik received many lovely gifts, after which dainty refreshments were served.

Mr. and Mrs. Jesse Thornton and family and Mr. and Mrs. Wm. Dawson of Orofino visited at the Albert Thornton home Sunday afternoon.

## GRAIN MARKETS UNSETTLED —WHEAT SLIGHTLY HIGHER

Domestic grain markets were quite unsettled during the week ending on August 25, with the tense political situation in Europe the principal disturbing influence, states the Agricultural Marketing Service in the Weekly Grain Market Review. Wheat advanced sharply in the early part of the week but lost some of the gain toward the close of the period. Corn strengthened and other feed grains were about steady with a moderate inquiry for current offerings.

Political developments in Europe dominated world wheat markets and other factors usually important in the situation received little attention. Trading in foreign wheat at Liverpool was restricted by fluctuations in currency values and most exporters withdrew quotations. Argentine Rosafe was quoted at the close of the period at 67 1/2c and Australian wheat at 61 1/2c per bushel respectively of 70 to 80c per bushel respectively from the previous week's quotations. The Argentine Market board advanced the price of wheat to exporters to 40 1/2c per bushel, with the Canadian Wheat board withdrawing offerings of cash wheat temporarily. Prices at Winnipeg advanced 5 1/2c and No. 1 Manitoba Northern was quoted August 25 at 58c per bushel. Stocks of wheat on ocean passage totaled 30,592,000 bushels. Southern hemisphere shipments totaled nearly six million bushels but Black Sea shipments were only 425,000 bushels. North American shipments for the week ending August 19, totaled over 5,600,000 bushels.

Domestic cash wheat markets strengthened with futures but milling inquiry was not urgent and cash premiums were barely maintained. Marketings of winter wheat increased slightly by 1,604 cars received at the principal terminals. Receipts of wheat at Minneapolis and Duluth totaled 6,983 cars while 1,539 cars were received at Puget Sound and Columbia river terminals. At Minneapolis, only about 25 per cent of the daily receipts were offered for sale while the remainder placed in storage for government loans. Up to August 23, new financial loans had been made on approximately 57,500,000 bushels of the 1939 wheat crop. Approximately 55,000,000 bushels of this quantity were in country and terminal warehouses. Outstanding loans on 1938 crop wheat were reported at approximately 4,600,000 bushels. An important feature in the wheat market was the sale under the new export plan of 9,228,000 bushels during the first five days of the current market week. Payments to exporters ranged from 33c to 36c per bushel on these commitments. Actual exports of wheat, July through the week ending August 19, totaled a little over 5,000,000 bushels compared with about 15,000,000 bushels during the corresponding period last year.

Cash wheat markets in the Pacific Northwest were irregular, ranging from 1/2c lower to 1c per bushel higher compared with a week ago, reflecting principally the local supply and demand conditions on the various classes of wheat. At the close of the period, cash wheat prices at Portland, soft white and western white, were 69 1/2c, with western red at 67c and hard red winter at 66c, all basis No. 1 grade in bulk.

Wheat receipts totaled 1,539 cars at Puget Sound and Columbia river terminals during the week and included a considerable amount for terminal storage. Indemnity payments on flour for export at the close of the week were \$1.45 to the Philippines, \$1.50 general from Pacific Coast ports and \$1.55 per barrel to China. Demand for cash wheat at Portland was only moderate during the week from all classes of buyers. Growers were not pressing their remaining supplies for sale. Wheat millfeeds held steady to firm compared with early in the period. At Seattle, soft white and western white wheat were quoted August 25, at 69c, western red and northern spring at 66c, hard winter at 65c and hard white at 70c per bushel, all in bulk.

The San Francisco wheat market strengthened during the past week, influenced principally by the tense European political situation and advances in other markets. Lighter offerings met improved demand and prices generally advanced 2 1/2c to 5c per 100 to new highs for the current crop year.

Cash wheat at Kansas City followed the action of futures closely and closed 2 1/2c to 4c higher for the week. Premiums held about unchanged. Arrivals at Kansas City totaled 414 cars and marketings at nine winter wheat points aggregated 1,604 cars compared with 1,416 cars a week ago and 2,754 a year ago. Despite the excitement in the futures market, demand for cash wheat remained only fair.

At Minneapolis, receipts of cash wheat increased materially with 4,135 cars of all classes received and during the week while Duluth unloaded 2,763 cars. Only about 25 per cent of the daily receipts, however, were placed for open sale in the cash market and this tended to hold premium basis very firm especially in certain bread lots.

## New Arrivals

Mr. and Mrs. Sidney LaHatt are the parents of a baby girl, born to them Tuesday, August 29, weight 6 1/2 pounds.

Mr. and Mrs. M. J. Campbell of Southwick are the parents of a 7-pound boy, born to them August 23, at the home of Mr. and Mrs. Clifford Davidson.

## Why not support your home town

Gym Project To Start

Excavation under the big Kendrick gymnasium, to provide shower, locker and rest rooms, is scheduled to start Friday morning, with E. M. Davis as foreman, according to latest reports.

It is planned to excavate a room 40x80 feet, to provide shower and locker rooms for both boys and girls, as well as rest rooms, and a room for a separate heating plant, to be used at a later date.

The shower, locker and rest rooms are to be completed as soon as possible, being of concrete construction, but the new heating plant room will merely be excavated.

This is a WPA project, and the number to be employed still remains indefinite.

"Up The River" At Theatre  
 If you're in a mood for an evening of uproarious screwball comedy, "Up The River," which opens next Friday at the Kendrick Theatre, is said to be just about the funniest combination of music, broad comic situations and razzle-dazzle football seen on the screen in many a day.  
 The story focuses on a group of inmates in a mythical state prison which boasts a radio in every cell, gates that are practically revolving doors, and the best football team in the big "Pen" conference.  
 "Up the River" is said to be a welcome relief from the familiar cycle of grim prison melodramas.  
 In addition the Joe Louis-Tony Galento fight pictures will be shown. The usual shorts round out the evening.

**THUMB-NAILS OF IDAHO HISTORY**  
 By Glenn Balch  
 Not long after the influx of gold hunters, banking became a problem in Idaho. A heavy poke of gold dust in one's pocket was not only a nuisance of weight but often constituted an actual hazard to life, particularly after the highwaymen began to operate. So the problem of a safe deposit was one the miners gave early attention.  
 First deposits were made in merchants' safes, crude box affairs that wouldn't long delay a good can opener. And such was the confidence in the honesty of the merchants that the dust was deposited in sacks, with no other item of bookkeeping than the owner's name rudely scrawled across the sack. When Idaho City burned one merchant had a hundred pounds of gold in such autographed sacks in his safe.  
 But just a depository was not enough. What was needed was some system of credit. Transportation of money or its substitute which in most instances was gold, from place to place, was in those days a costly hazardous business. On the other hand credit could be transferred from place to place with comparative ease and safety—provided a credit system existed.  
 Among the first bankers to operate on a competent scale in the gold mining area was Sam Lichtenstadter, who opened for business at Ruby. Sam's story is outstanding for enterprise.  
 Ruby was located 160 miles from Spokane, the principal money center of the region. The backing for Sam's bank was located in Spokane, so was its capital and most of its surplus. Sam was anxious to furnish the community with adequate banking facilities without undergoing the heavy expense of frequent transportation of cash.  
 He hit upon the idea of providing a credit system, one all his own and one that was based almost entirely upon his own reputation for honesty and integrity. None but a man of character and courage could have put it over.  
 Sam started his banking with a big pad of fancy lithographed pink checks and some credit in Spokane. To those who made deposits or who wished to purchase a medium of exchange, Sam issued a pink check against his personal account in Spokane. In time these checks became commonly accepted throughout the region at face value, much the same as bills are accepted today. They were not only accepted without question by merchants, even as far north as Canada, but by the various seats of government as well.  
 During its amazing career the bank of Ruby is reported to have issued nearly \$300,000 worth of the pink checks devised by Sam as a one-man system of credit. Such was the faith in them that when the time of final liquidation arrived it was found that one miser had \$125.00 worth of them hoarded away. When he was told that the bank was closing and to come and get his money, he declined, saying the pink checks were good enough for him. The bank had to send him the money by a special messenger.  
 It is said that all checks which Sam issued were ultimately redeemed at face value, with the exception of about \$3000 worth which never showed up.

WE NEED MORE CONTENTED COWS  
HAROLD THOMAS, Editor

## EDITORIAL

**HELLO THERE FOLKS** — Well here we are again with our story of needing cream — and folks, it's a fact. We do need that cream — in fact, the more the merrier. Cream, like wheat, has gone up a bit in price — and the more cream you bring us, the more the price increase will mean to you. Remember, we return a steam-sterilized, ready to use can to you. We do not use corrosive chemicals that necessitate scrubbing the can when you get it home — or when you are ready to use it again.

Give us a try. We believe you will become a steady deliverer of cream to our institution.

Don't forget — We sell ice cream, butter, buttermilk, sweet cream and pasteurized milk — for your protection. When you buy, insist on "Pride O'The Potlatch" products. You'll be ahead in the long run.

A multi-millionaire, advancing in years, invited his sons, daughters and in-laws to his home for a Thanksgiving dinner.

"Children," he said, as they were seated about the table, "I'm getting along in years and as yet none of you has presented me with a grandchild. I would like very much to have one to comfort me in my old age, so I've decided to give a million dollars to the first one who presents me with a grandchild."

With that he bowed his head to say grace. Upon looking up again he found that the table was deserted.

Girl, after horseback ride: "I never knew anything so full of hay could be so hard."

These hot days call for ice cream — take home a quart of ours today — you'll like it.

## New Lewiston Resort

"Riverside Gardens" has been selected as the name for a resort development being undertaken by Ben Nigg, prominent Lewiston merchant, and is said to be something entirely new in this line in the Inland Empire.

It will feature dancing, roller skating, shows and everything that one would expect to find at a resort.

Refreshments are obtainable on the ground, and a contest is being held to name a new type of hamburger.

## Announcement!

Having purchased the Morgan Bros.' interest in the Kendrick store, I have decided to change the name of the store to —

## Kendrick Table Supply

After operating the store for over eight years I am convinced that the people of Kendrick appreciate a square deal, and hereafter, as in the past — all goods will be sold on a money back guarantee. Our slogan will be:

"Quality Merchandise Will Be Remembered Long After The Price Is Forgotten"

Thanking one and all for past favors, I am yours for business:
