"Til Mow Him Down" Says Bott

Governor C. A. Bottolfsen, aided and abetted by his trainer, Commissioner of Agriculture E. N. Pettigrove, gets the feel of a trophy hill of Idaho potatoes after a work-out preparatory to his "later tossing" contest with Gov. Lewis O. Barrows of Maine, at the Eastern Idaho district fair at Blackfoot tomorrow.

Gov. Bottolfsen thinks he canvenge ex-governor Clark's defeat at the hands of Gov. Barrows last year. "I'm picking at home; I don't have long trip ahead of me to wear me out; and I've been training on Idaho potatoes exclusively — and everyone knows they have far more energy and food value than those little Maine spuds," the governor says.

The contest, sponsored by the Idaho Advertising commission is drawing nationwide attention and will be broadcast by NBC over more than 60 red network stations from coast to coast.

Governor Barrows, accompanied by S. Barrows, arrived in Pocatello plane today. They will be honored by banquets in Idaho Falls and Pocatello and will be the featured guests at the Blackfoot fair tomorrow.

"The Kendrick High School band is working on a program for that day, and we also plan other features. It should really be worthwhile." Mark the date on your calendar—plan to come.

Cub Bear Attracts Children

Things have happened pretty fast since Saturday for the little black cub bear in Mrs. Lucy Thomas' front yard.

First his morning climb was rudely interrupted when Leslie Robins, Mrs. Thomas' son-in-law, decided to take after him and capture him. The next thing he knew he was rolling down the highway with the Robins family, headed for Kendrick.

Mrs. Thomas was a little taken-aback when her daughter, Mrs. Leslie Robins and family arrived and announced they would like to make reservations for one little bear. So now he has a cage all his very own, from which he gazes in wonder at the children, who flock to see him.

Crashes Through Bridge

Tuesday morning, while approaching Kendrick from Kellogg, loaded with a huge road roller, the big GMC truck of Everett Crocker broke through the culvert (or bridge) on the flat just above the Ruby hill in Brady gulch, leaving truck and load resting on the frame, and the wheels idly turning. It was almost noon before the truck and load were extricated, and late that day before the bridge was repaired.

Temperature Torrid

The temperature near the noon hour has really been climbing to heights worth mentioning here in the canyon the past four days. Sunday a reading of 82 was recorded, Monday 85 and Tuesday 88. Wednesday reached 92 — really a high temperature for this time of the year. It is helping the bean harvest, however, and at the present price of beans and the short crop — every day of fine weather puts dollars in the farmers' pockets.

Round-Up Starts Friday

When the gates of Lewiston's fifth annual round-up open Friday, it is expected that one of the greatest crowds yet to attend the show that has attained national recognition in the first four presentations, will pack the stands. Scores of top-ranking "waddies" of the nation will be present and others are enroute. They will fight it out at Lewiston's Roundup before going east to the finals.

Made Investigation

Three N. P. officials, of various capacities, two of them from St. Paul, were in Kendrick Tuesday making a survey of the burned-over region north and east of Kendrick, to ascertain, if possible, if the railroad was to blame for starting the blaze and to get other necessary data.

The result of their investigation will not be known for some time — but in the minds of local residents is firmly fixed the belief that it did start that way.

There is one thing to be said about the busy little beaver. When he builds a dam he doesn't do it with the taxpayers' money.

Work Progressing Rapidly

Work is progressing rapidly on the new DeAtley & Co. contract on the road from Arrow to Juliaetta, with the rock crusher (for surface and bed rock) going into production Wednesday morning, after a short trial run Tuesday. The rock work is expected to proceed from both ends toward the middle, since the rock crusher is set up near the Cochran place below Juliaetta.

Ideal weather conditions have made for rapid progress on this job — and the road will be complete almost before we realize it.

LATAH COUNTY FAIR TO OFFER FINE EXHIBITS

Over 280 head of livestock are entered for the second annual Latah County Fair, to be held at the Recreation Park, Moscow, September 28, 29 and 30, according to Guy W. Kitch, of Troy, president of the County Fair board.

According to entries filed with G. T. McAlexander, county extension agent, there will be about 25 head of horses, 35 dairy cattle, 70 head of beef cattle, 100 swine and 50 sheep. In addition there will be much miscellaneous life exhibits, including poultry, rabbits and other animals. Neaning completion is a new building 30 x 176 feet, which will be used to house part of the livestock.

Joe McCown, county weed supervisor, who is in charge of the community displays indicated this week that there will be five or six displays of community-produced products. Granges are taking the lead. Garden vegetables, canned foods, needlework and similar items are to be included in these displays.

Exhibits of small grains, potatoes, beans, peas, corn and other items also will be entered in competition. County 4-H boys and girls and Future Farmers have their own divisions besides being in the open classes. Livestock and crop exhibits are expected to be entered by these groups for competition in their division.

A Sportsman's Fair with exhibits of birds, game and fish will occupy a prominent place in the exhibition. The entertainment side of the fair is being developed, too, and of special interest to the boys and girls will be the miniature float parade, sponsored by the Latah County Chambers of Commerce. Prizes are being offered for the best floats entered. Those interested should contact their local Chamber of Commerce.

The Kiwanis organization is sponsoring the School bands of Latah county in their showing and more will be heard from them later. All boys and girls in the bands and the miniature float parade will be given three free rides at the Carnival and free entry to the Montana State-Idaho football game.

The Reserve Officers' club is working on a demonstration from the 4th Infantry, Fort George Wright, Spokane, and we are expecting a favorable reply daily.

The Rotary club has taken as its part, a fire works display and the Moscow firemen will be asked to repeat their very interesting tower demonstration which was missed by so many people outside of Moscow.

On every side, the spirit of co-operation is being manifested — all are working together and we have every reason to believe it will be a highly successful fair.

Materials Coming In

Many of the necessities of life are still coming into Red Cross headquarters here in Kendrick to aid in the rehabilitation of the fire victims, and the Red Cross committee wishes to thank all who have so generously helped.

The big need yet remaining is for furniture, canned fruit and vegetables and empty jars.

The Troy Red Cross sent down a truck-load of items, and they are very much appreciated. The Moscow Red Cross sent two truck loads, and in them were some very badly needed items — stoves.

Thanks are due to all who contributed — to thank all personally is out of the question.

Kendrick women and many ladies from the different ridges were busy Tuesday and Wednesday in the basement of the Community church tying comforters and quilting, as well as taking care of various other duties that presented themselves. They will be found at work as long as there is anything to do that needs to be done to make those who were unfortunate in losing their household goods and clothing comfortable.

Not only did residents of the various ridges give clothing and other necessities, but cash as well. Really the generosity of the American people, when adversity strikes, knows no bounds, within their ability to give.

P.-T. A. Meeting

The first meeting of the Kendrick P.-T. A. was held Monday evening in the High School auditorium, with a good crowd in attendance.

Rev. Gray gave a short but very fitting address of welcome to the teachers, after which Mr. Mason presented all the teachers, each saying a few appropriate words.

The regular business meeting was then held, plans being made for the coming year. As their aim this year it was voted to buy 25 folding steel chairs for the Visual Ed. room.

Miss Mary Elizabeth Thompson and Mr. and Mrs. Harold Thomas each rendered two lovely musical numbers followed by group singing, led by Mr. Fitzpatrick. Everyone then went to the D. S. room, where they enjoyed all the watermelon and cantaloupes they could eat.

"Union Pacific"
Cecil E. DeMille's famous picture, "Union Pacific," will be seen in the Kendrick Theatre this coming Thursday, Friday and Saturday nights. This is said to be one of the top-notch pictures of the year—the greatest American epic of them all. The story has to do with the building of the Union Pacific railroad, when the road was built across the plains in the days of the old west — through a thousand dangers and a thousand thrills the empire builders fought their glorious way to destiny — conquering mountain and desert, savage red men and ruthless whites.
The cast is headed by Barbara Stanwyck and Joel McCrea, two of the outstanding film celebrities of today. It's a wonderful picture and you will be greatly disappointed if you miss it.

EDITORIAL

Well, Folks—Seems like the big topic of conversation these days still remains the big fire of September 10, and what needs to be done immediately toward the repairing of that damage—and well it may be the chief topic. We all realize that it will take many years for nature to again clothe those burned hillsides in green timber—but in time it can be done. The need now is homes and barns and feed for stock.

But as the days pass another topic is creeping into conversations—big game hunting—and take it from us it's a real treat. What's sweeter on a frosty morning than a gun in your hands and all the woods before you.

But it costs money to go hunting, no much, it's true, but some—so why not get the necessary cash for that hunt by selling us your cream. Remember, we pay

cash on the spot. No waiting, no fuss, no bother.

He: "Is your friend a hit and run driver?"
She: "No, Sir! When he makes a hit, he parks!"

In the legal world, what's right is right, and what's left, if anything, is the clients.

Father (reproachingly): "Isn't that young man rather fast?"
Daughter: "Yes, Dad, but I don't think he'll get away."

The lights in the crowded bus had failed.
"Can I find you a strap?" the tall young man asked a young lady at his side.

She smiled sweetly. "Thank you," she replied, "but I have just found one."

"Good," he replied. "Then perhaps you wouldn't mind letting go of my tie."
