MANY AWARDS COME TO KENDRICK FROM FAIR

Many of the awards and ribbons offered at the Latah County Fair, Moscow, were brought home by local residents from the fair, which ended last Saturday evening — among them, and we hope we haven't missed any, were the following:

In the Community exhibits Kendrick walked away with third prize, the Mt. Deary Grange winning first, the Moscow Grange second. Of all the community displays, Kendrick was the only one to have a man in attendance to answer questions regarding the produce or town, G. P. Barnum being the man. Much credit is due Mr. Barnum for his untiring work in the preparation and display of this exhibit.

Silver prunes—C. J. Bowen, Kendrick, second. No other entries.
Peaches—N. E. Ware, Kendrick, first.
Grapes—C. J. Bowen, Kendrick, no other entries.

Kendrick F. F. A.: First on white beans; first and second on red beans; wheat, second; barley, first.
Hobby department—Chas. Bowers, first; animal mounting, first.
A very interesting section of the fair, proving very popular with the old as well as the young, was the very fine wildlife exhibit of the Latah County Wildlife Federation.

Instead of holding a separate sportsmen's show similar to the one-night game commission show which packed more than 3,000 people into the Grange hall last October, the federation decided to join forces with the fair board this year, and was assigned half the space in the cavalry barn.

Stalls were wired off for deer, bear, beaver, and cages held smaller animals such as mink, muskrats, chipmunks and porcupines. One end was devoted to an exhibit of birds from the state game farm at Latah and included a cage of wild geese and ducks. The fish exhibit was also larger and more varied, with three big tanks of finny sport on display.

Over exertion while hunting took the life of Louie T. Jessup, 50, of Okima, this week-end. Mr. Jessup was drainage engineer with the United States bureau of agriculture at Okima.

Mr. Jessup left Monday on a deer hunt up the Little Naches river. The fall was steep and it is believed he tumbled to a heart attack. Jerry Jackson, another hunter, found him here he had collapsed on the trail. Mr. Jessup will be remembered as an old-time resident of Kendrick, the 20 years ago. He was a graduate of the Kendrick High school and of the University of Idaho. He survived by his father, C. W. Jessup, of Juliaetta, and a sister, Mrs. Fullerton of Walla Walla.

Commercial Club Meeting
The regular monthly meeting of the Kendrick Commercial club will be held in Fraternal Temple Monday evening, next, October 9. Dinner will be served at 6:30. Be sure and show up for this important meeting.

The road question of this community is of vital importance and a committee will have something to report along this line—be there to hear it.

"And The Rains Came"
Sunday afternoon that long-awaited rain started to fall, breaking one of the longest dry spells that this town has ever seen. It continued all day Sunday night and most of Monday morning — and has beenizzling and showering for quite a time since.

Employed at Long's
George Leth is now employed at N. B. Long & Sons store, having started on his new job Monday morning. He will be found in the grocery and meat department, succeeding G. W. Guier, resigned.

An Omission

The Gazette made an error last week in writing up the transfer of the Kendrick State Bank to The Farmers Bank, and the personnel that would continue in the Farmers Bank. Those holding a place in the latter bank are O. E. Havens, cashier; A. O. Kamikkeberg, assistant cashier, and Lester Crocker, who was transferred from the Kendrick State.

This was an oversight on the part of the Gazette, for which we apologize. Mr. Kamikkeberg has been assistant cashier of the Farmers Bank for the past three years. We are always glad to make a correction.

PLANS BEING PERFECTED FOR KENDRICK'S SALES DAY

Plans are moving forward rapidly, in the hands of the Merchants' Committee of the Kendrick Commercial club, of which Marvin Long is the chairman, to make this coming Sales Day—Saturday, October 14—one of the biggest and best that has ever been held.

This year's sports and prizes program—especially the sports—offer something new, in that the married women are going to have their inning, as well as the younger generation and the men, and should provide action and entertainment to please everyone.

This year's sports and prize program offer one on the best rounded days that has been seen for several years and should provide entertainment and action to please everyone. The sports program has been considerably enlarged and will contain many new features not heretofore on this program. (Read the big ad. for full details).

Some of the new features will be a pole boxing contest for school boys and a needle-threading race for married women, both of which should afford an unusual amount of fun.

There will be no tug-of-war nor horseshoe-pitching contest, these places having been given over to the ladies. Of course there will be the usual nail-driving contest for the ladies (bring your own hammers, axes, or what-not, it matters not, just so you can drive the nails home). Also there will be the usual special prizes, topping which is the best-looking (or prettiest) baby; and there will be a second prize for the prettiest baby up to one year of age, as heretofore.

And, too, there has been added some special prizes for flowers.

And, last, but not least, there will be the big sale of any and every article brought in. There is no charge—everything is free except what you may want to buy—and the Kendrick stores will have special prices on many seasonal articles.

All articles sold at the sale must be settled for before being removed, and all articles put up for auction must positively be sold. Gordon Harris will be the auctioneer in charge.

Bring in anything and everything you may not need and the auctioneer will do his best to get you something for it. List your articles with Edgar Long or G. P. Barnum.

Part of the Kendrick Community display at the Latah county fair will be on display in the windows of the Thomas Creamery during Sales Day. There is only room for a portion of the display, but Geo. P. Barnum will have them in shape for your inspection. Don't miss it.

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

There just isn't any news this week. At least if there is we haven't heard about it. There comes in every school year weeks when there seems to be just nothing to write about. Everyone's just as busy as usual, but they just refuse to tell anyone why they are busy. Maybe it's because everyone is looking forward to the vacation they will have on October 12 and 13 when the teachers all go to institute. (Oh, happy day).

Anyone who came to school during the past week would see Jimmy Knykendall and his helpers copying from our thirty-pound dictionary. It seems that Jimmy was a bad, bad boy during one of his study halls under Mr. Fitzpatrick, and so, as a result has this extra work to do. Mr. Fitzpatrick states that if he catches anyone else being naughty in class or in study hall, they will also have to copy five pages of Webster.

Wednesday, September 27, the high school girls and boys again defeated Deary, the girls winning by a score of 12 to 5 and the boys, 10 to 3. Then Friday afternoon the Kendrick Tigers and the Kendrick grade boys went to Bovill and defeated them quite easily. The High boys won by a score of 22 to 5, while the grade team won by a score of 10 to 1. Games this Wednesday were played with Southwick High school, both boys and girls participating. Bovill will play here Friday afternoon, so all come out and root for the Tigers and for the Grade kids.

Monday morning physical examinations were given to all High school boys and girls who are interested in athletics. It has been decided that a physical examination is compulsory before a student is allowed to participate in athletic contests with other schools.

Mrs. Downer, here from Red Cross headquarters in San Francisco to help re-establish homes for those who lost them in the recent forest fire, gave a most interesting talk to the assembly Monday morning. She told of the excitement and adventure of her work, describing in a very humorous manner the flood of the Mississippi-Ohio rivers in 1937. The entire High school thoroughly enjoyed Mrs. Downer's talk and wishes again to thank her.

Plans for the Junior play are finally progressing, though tryouts will not be for several days. And again, don't forget the Carnival to be held on October 27. Everyone is working harder now than they were last week when we told you they were working mighty hard. This Carnival promises to be bigger and better than ever before. Because of plans made earlier, for other entertainment on this night, it has become necessary to postpone the carnival for another week—October 27, instead of the 20th).

Special news from Mr. Armitage: Miss Grim lost her turtle last week but she claims no one has ever gotten her goat. . . Mrs. Deobald left school hurriedly Tuesday evening to make a trip to Lewiston to see a giant. . . Miss Henningsen also left early.

The High School Young People's League elected officers for the following year. They are: Myra Kallikberg, president; Janette Gallaway, vice-president; Marie Baker, secretary; Wayne Lind, treasurer; Lois Deobald, pianist; recreation committee: Annie Deobald, Mary Havens, Barbara Long.

The young people will give a banquet on October 11. Details will be given in next week's paper.

The League members are all invited to attend two plays to be given by the Arrow-Juliaetta League Thursday evening at 7:30, at Juliaetta.

P-T. A. Meet at Riggins
Several delegates from P-T. A. organizations of this section will attend the district convention of the Idaho congress of parents and teachers at Riggins Wednesday, October 11, according to Mrs. Wm. McCreeary, local president. Nez Perce, Idaho, Latah, Lewis and Clearwater counties will be represented. Morning and afternoon sessions and a luncheon are planned.

Supt. G. W. Todd, state P-T. A. vice president in charge of education, will be chairman of a panel discussion which will be one feature. Mrs. Julia Harrison, Boise, of the state department of vocational education, and members of district P-T. A. groups will discuss "How Well Do We Know and Understand Our Children?" Other speakers will be Mrs. R. L. Bralnard, Warden, state P-T. A. president; Mrs. D. I. Forman, Caldwell, state vice president, and Mrs. E. H. Smith, Boise, state membership chairman. Presidents of each group in the district will be heard.

Officers will be elected. Those whose terms expire, include Mrs. Williams, president; Mrs. C. E. Wagner, Lewiston Orchards, vice president, and Mrs. Ed. Carlson, Troy, secretary-treasurer.

Unless They Change It

Unless the state Game Commission decides to change the Chinese pheasant season (as they have the grouse and other seasons) the dates listed on your licenses are good, according to word received this week from Boise. The seasons in local counties will be as follows:

Latah, Nov. 1 to Nov. 30 on Sundays, Wednesdays, Fridays and legal holidays.
Nez Perce—Nov. 1 to 30 on Sundays, Wednesdays, Fridays and legal holidays.

In many of the counties the seasons open on October 15—a list of these may be obtained at the Gazette office.

STATE VETERINARIAN WARNS LIVESTOCK OWNERS

As the fall and winter months are approaching we must be prepared to combat infectious diseases among livestock which show a greater prevalence during these months.

We are principally concerned with diseases of swine as the losses among these animals during the past year have been far too high. These losses can be materially reduced if the following suggestions are followed:

Keep hogs in sanitary surroundings as possible and away from all stagnant pools and accumulated filth. Make use of pasture land as much as possible.

Provide dry housing facilities and avoid draught.

Move the animals as little as possible during the winter months; that is, over any great distance.

Do not buy hogs showing evidence of disease.

Do not sell hogs showing evidence of disease or which have been exposed to any contagious or infectious disease for at least 30 days following such exposure, except those animals of slaughter type which may be sold for immediate slaughter when clinically free from any disease on the advice of a veterinarian.

If animals are brought to the farm, keep them in quarantine and away from all other swine for at least 25 days.

Carry out faithfully all sanitary and quarantine regulations.

Thoroughly burn or bury deeply, covering with quicklime, all carcasses of animals which have died from disease. Following competent advice in regard to quarantine regulations and immunization and treatment.

Report at once all outbreaks of infectious disease among livestock to the nearest deputy state veterinarian or to the state office at Boise.

The above instructions are from Dr. Edwin T. Powell, State Veterinarian.

"Heritage of the Desert"
Lovers of the great outdoors will enjoy "Heritage of the Desert," which will be shown in the Kendrick Theatre this coming Friday and Saturday nights, for it is said to be one of the greatest western ever produced. The story is swift-moving, rushing from one action-packed scene to the next. It's about a young tenderfoot who shows his heels to the soft life he's been leading to search for life, love and fortune out on the western plains. There's plenty of hard riding, fast shooting action and if you really love a western, this Zane Grey picture will fill the bill.

Then, too, there's Episode No. 2 of "The Lone Ranger." It's said to be a great western serial.

Ladies Aid
The Ladies Aid of the Kendrick Community church will hold its first meeting of the fall in the basement of the church Friday afternoon at 2:30 o'clock.

The ladies of the community are cordially invited to attend.

EDITORIAL

Well, Folks—Here it is October, and the big game hunters taking off for the tall timber in droves. All seemed very quiet—then all of sudden, with the cooler weather and the first of October—poof—the hunters are really taking off. And to you who hunt and you who stay at home, we want to say that there is really no better way of keeping your meat than by renting a box in our big cold storage locker plant. There are big boxes and little boxes—and the price on all are very reasonable. Try one—once you have no longer will you go to the labor and expense of canning meat. Frozen, it retains all its real flavor for many weeks—and it's so easy to handle.

By the way—Before you go hunting lay in a generous supply of our butter. It will make the hot cakes taste a lot better—

and its delicious sweetness makes a good sandwich taste better.

Py: "Do you suffer from the heat in summer?"
Sky: "Yes, more than at any other season."

Jim: "When that elevator fell with you I suppose all you sins flashed before your eyes?"
Neil: "Well, not all—you see, we only dropped five stories!"

"What a nifty overcoat. Where did you get it?"
"I picked it up at Jobson's."
"Never heard of the place. Is it a clothing store or restaurant?"

She: "Isn't it wonderful how a single policeman can dam the flow of traffic?"
He: "Yes, lady, but you should hear the bus driver!"

Sell your cream to us. Cash on the spot.
