WHAT HAPPENED HERE 20

YEARS AGO THIS WEEK the Tom Daughet of Land on the latch ridge. Just a week before various business men with whom their marriage, Harrison, a brother their firms are associated. f Philip, was married to Miss Helen daughter of Herman Koepp. The wedding also occurred in Spokane. the groom's father, carload of Idaho seed wheat will be purchased next spring by farm bureau members of Kittitas county, Washington, who want to profit by the fact that Idaho seed is certified by law. Dicklow was the variety of wheat decided upon. The county agent told the farmers that the state seed analyst of Idaho re-ported a yield of 97 bushels to the acre on a measured 16 acres, in the Twin Falls district, under conditions similar to those prevailing in the

Kittitas valley. Bob Brown has taken the place assistant postmaster, formerly

held by May Riley.

These sunny days are rather gloomy ones for the farmers. The ground is too dry to plow and the ate seeded grain needs more mois-We are never satisfied. If it rains we want the sun to shine, and when the sun shines we need rain. Mr. Moser, John and Lester Woody left Wednesday for the big game country on the Lochsa. They expect to be gone three or four weeks. They had eight horses in their pack outfit.

WHEAT LOAN RATES TO BE REDUCED OCTOBER 31

Reduction of the interest rate on federal wheat loans made to farmers in Latah county was announced by the county Agricultural Conservation Association.

After October 31, 1939, new wheat loans will be made a 3 per cent, while all loans made prior to that date will be figured at 3 per cent from October 31 until expiration or termination of the loan.

At present, and until November 1. 1939, loans carry a 4 per cent rate. Interest reductions on loans outstanding at the present time will save Idaho farmers about \$10,000 lt is estimated. The new rate applies both to loans made directly by the Commodity Credit corporation and those handled through local lending agencies approved by the corpor-

In Idaho counties \$2,156,570.87 already has been loaned to Idaho wheat growers on their present crop.

In Latah county, 449 loans have been made thus far, bringing \$33,-623 to wheat producers on a total collateral of 534,738 bushels of

wheat. Loan rates depend on the location of storage facilities in relation to terminal shipping points, and on class, grade and condition of the wheat.

Farm-stored wheat is graded at the new laboratory established this year at the state AAA office at Boise. This laboratory has handled as many as 85 loan wheat samples. in one day. Warehouse-stored wheat loans are made on the basis of re-ceipts issued by warehouses approved by the Commodity Credit corporation. High protein content receives a premium loan rate on presentation of a protein certificate by the

Farm storage loans are made only after wheat has been in storage 30 days. For that reason, many wheat loans are in process but as yet are incomplete. Later reports are expected to show considerable increase in

farm-storage loans. Commodity loans on wheat enable farmers to retain title to their crops in the event that prices rise in the future, yet give them money at harvest time to proceed with their arming operations.

Death Rate Being Cut

Fifteen were killed on the highways of the state during September, according to reports received at the Bureau of Safety, says Harry M. Rayner, commissioner of law enforcement. The toll last year was 17. For the first nine months, the present year shows a reduction over 1938 of eight per cent, the figures being 121 and 111. The reduction this year over the five-year average is seven per cent—and a very much larger number of cars registered. Among the counties Bannock and Twin Falls lead with nine deaths each, Canyon is next with eight, Ada and Cassia both have seven and Bingham and Shoshone have six each for the first nine months. Mr. and Mrs. Cavin came to Kendrick from San Francisco some six years ago, settling on what is known as the Riley place on the south side of Texas ridge. About four years ago they purchased the W. B. Van Wert place, where they resided until leaving Kendrick on September 4. Mr. Cavin worked as a bookkeep-er for the Kendrick Auto Freight for

about a year, then accepted employment as bookkeeper and clerk at the Thomas Creamery, which post he held until last February, being forced to resign due to ill health. He contracted blood poisoning a year ago this month from a cut inflicted by a broken elk bone while handling elk meat in the cutting department of that institution, and had been in poor health since. The move to Sai. Francisco was made in the hope of improving his health. He is survived by his window two brothers, both living in San Francisco and a sister, living in

KENDRICK

When you start on a big game hunt you do so with the knowledge that the odds are against you for bringing home the "bacon", and but few count the cost. For if dollars and cents were balanced against pounds of meat — but few men would go.

However, when it becomes necessary to secure supplies of any type for your comfort and convenience it immediately becomes a case of balancing dollars and cents against immediate needs — and very often that need is imperative.

Kendrick's merchants and business men of every walk and profession are ready to serve you, ready to put an end to the necessity of "hunting" for your needs. On their shelves will be found all the necessities and comforts of life - plus many of the luxuries - and you will find their prices compare with the lowest anywhere.

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

Well, Folks-Here it is past the middle of October, and we certainly have had lovely fall weather to date. A bit more rain wouldn't have done any harm—but undoubtedly we will get that later—it will certainly be a

long dr yspell if we don't.
Sales Day has come and gone—quite a little bit of money changed hands at the auction changed hands at the auction sale — and everyone seemed to enjoy the sports and exhibits that we held. It is really to be regretted that more of these days can't be held, but weather and work is a respecter of no man.

There has certainly be a lot of wild game brought into Kendrick this fall—and the locker boxes have been renting at a fine rate of speed. It almost reminds one of that old saying: "Going like hotcakes at a circus." But don't let that worry you, we
