WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

(Last Week)

The Kendrick Furniture company was given the contract the first of the week for building the interior wood work and fixtures for the new Farmers Bank building. The interior will be finished with mahogany and marble and is to be of a very substantial nature. Mr. Bechtol secured the contract in competition with firms from Spokane, Lewiston, St. Paul and other points.

Marvin Long arrived in town on Christmas night to visit his folks. He has a good position in a general merchandise store at Athena, Ore., and likes his work very much.

Governor Davis has, after all, signed a proclamation calling the Idaho legislature to convene in a special session February 11 to ratify the national women suffrage amendment.

(This Week)

There were 69 arrests made by the sheriff's force during 1919, as compared with 37 made during 1918, according to a statement given out by L. G. Peterson, office deputy for Sheriff Woody. Four of the arrests made during the year were for other counties of Idaho and one was made for Spokane. Several arrests were for the Federal government for alleged violations of the espionage and other war acts.

It is estimated that some 2,500 newspapers will be forced to suspend publication within the next few weeks on account of the shortage and the extreme high price of newsprint.

The Red Cross Pharmacy has sold thirty Graftonolas in this community during the past year.

Born to Mr. and Mrs. Fred Bailey, on Thursday, January 1, a son.

Wallace McKeever returned Monday to his studies at Medical college in Portland, Oregon.

Fred Bailey sold his ranch on Texas ridge to Bert Baker. Fred expects to soon go to California to look for a new location.

The writer has a small flock of White Wyandotte hens that have solved the H. C. of L. (high cost of living). They are laying real eggs and at 80 cents a dozen it makes the poultry business look like a get-rich-quick proposition.

P.-T. A. Meeting

The regular P.-T. A. meeting will be held Monday evening in the High School auditorium at 8:00 o'clock. Following a short business meeting all will adjourn to the gymnasium, where the "Dads" will put on the entertainment. There will be musical numbers and a short "skit" with lots of laughs. Everybody come and see the men "strut their stuff."

There will be a wee admission charge for the program — benefit of the P.-T. A.

Move to Uniontown

Mr. and Mrs. George Jones left Monday for their new home at Uniontown.

Some time ago they purchased the Uniontown Pharmacy, and are now taking charge of this business.

Everyone wishes them the best of luck in their new venture.

Beware Of Rock Slides

Now that the ground is frozen a bit the danger of rock slides along the highways has lessened somewhat, but the minute thawing starts, and rain begins to fall, look out, for slides are bound to happen despite the vigilance of the highway crew.

Quite a number of minor accidents caused by running into, over or through rock slides have been reported, with damage to cars but minor. However, the danger is always present — and might be really serious.

GEORGE E. KNEPPER DIES AT SALMON CITY HOME

George E. Knepper, 90, father of Ralph E. Knepper, for 13 years owner and publisher of the Kendrick Gazette, died at Salmon City, Idaho, Sunday, January 7. While Mr. Knepper was not an old-time resident of Kendrick, he was well known here and was perhaps one of the best-known Masons in the state.

The following was taken from the Lewiston Tribune of Sunday, Jan. 8: George E. Knepper, first president of the Lewiston state normal, a position he filled from 1895 to 1903, died at his home in Salmon City, Sunday.

The normal was established by the second session of the legislature in 1893 and two years later Mr. Knepper was chosen to head the institution, which from an enrollment of less than 40 when he assumed charge has grown to several hundred and is among the leading colleges of learning in the northwest.

When Mr. Knepper took charge the second floor of the Grostein & Binnard operahouse at Second and Main streets was used for classes. The second floor of the frame structure was divided into four rooms by the use of sheeting for partitions. Enrollment grew steadily during his administration and the students from many parts of Idaho and eastern Washington traveled to Lewiston for higher education. Mr. Knepper established the first training school as a part of the normal, starting with the two first grades and increasing by two grades. He presided at the dedication of the first building at the present site on Normal hill in 1906.

The Knepper home is still standing at the southwest corner of First street and Sixth avenue. A long career in educational fields carried Mr. Knepper to many parts of the country. A native of Summerset county, Pa., and graduate of Heidelberg university at Tiffin, O., he was at various times high school principal at Peoria, Ill., normal school principal at Winona, Minn., city school superintendent, at Santa Barbara, Calif., dean of Jamestown university, Jamestown, N. D., and president of the School of the Ozarks at Forsyth, Mo.

During his residence in Santa Barbara he also became publisher of the Santa Barbara Press, and in later life he served nine years as secretary of the Idaho Masonic lodge. He was active in the work of the order in Lewiston.

He had lived in retirement at Salmon city for the last 10 years.

Surviving members of the family are a son, Ralph Knepper, publisher of the Salmon City Recorder, and four daughters, including Miss May Knepper of Salmon City and Mrs. William Weniger and Mrs. Herman Busse, both of Corvallis, Ore.

(The name of one daughter was omitted from the article.)

Load Limit Be Enforced

A new slant on irrigation water shortage was furnished when a truck driver was arrested in Boise for carrying a load more than 3,000 pounds in excess of his registration, says the bureau of safety.

The driver declared he had no excess weight when he loaded his vehicle but that it rained and his lumber absorbed 3,100 pounds of water, bringing his gross from under 20,000 pounds to 23,000. The judge remarked in assessing the fine that it might be well for drivers to equip their vehicles with umbrellas, since any great number would divert a great deal of water from irrigation.

Strict enforcement of the truck registration law may now be expected and drivers are warned against loading in excess of the gross maximum weight declared in registration. Penalties include the suspension of registration in addition to fines.

Fewer Traffic Deaths

Twin Falls county added another digit to Idaho traffic deaths for 1939 when a pedestrian injured Dec. 23, died after the first of the year, says Harry M. Rayner, commissioner of law enforcement.

The death brought Idaho's total to 165 and that of Twin Falls to 15. There were 17 per cent more cars on the road and 6,830,000 more gallons of gasoline used in 1939 than in the previous year, so that the lowering of the traffic deaths by nine means more than the mere figures would indicate.

Speed remains the most dangerous hazard on the road, with driving in the center of the highway a close second.

MISS NELLIE WOODWARD BRIDE OF GLEN BRAZIER

Last Thursday, January 4, at high noon, a quiet but very pretty wedding was solemnized in the J. M. Woodward home, when Miss Nellie Woodward, only daughter of Mr. and Mrs. J. M. Woodward became the bride of Glen H. Brazier, only son of Mr. and Mrs. James F. Brazier of Genesee. The single ring ceremony was performed, with Rev. J. E. Walbeck of Leland officiating.

Before the ceremony Mrs. J. E. Walbeck sang "I Love You Truly," accompanied by Mrs. Wm. Dziuk. The bride and groom entered the room to the strains of Lohengrin's Wedding March, played by Mrs. Walbeck.

The bride was beautiful in a gown of wine velvet, and carried a bouquet of white baby chrysanthemums. The groom wore the conventional dark suit.

Immediately following the ceremony a wedding dinner was served. The centerpiece being a beautiful bride's cake of white trimmed with pink rosebuds and topped with a miniature bride and groom. Tall white tapers and pink and white basket place cards completed the decorations. The bride cut and served the wedding cake to the 17 guests.

Seated at the bridal table were the bride's parents, Mr. and Mrs. J. M. Woodward; Mr. and Mrs. James F. Brazier, parents of the groom, and Rev. and Mrs. Walbeck. At another table were seated Mr. and Mrs. A. R. Locke, uncle and aunt of the bride, Mr. and Mrs. Leo Miller, uncle and aunt of the groom; Mr. and Mrs. Harry Smith, Mr. and Mrs. Oney Walker and Mrs. Wm. Dziuk.

Mrs. Brazier is a graduate of the Kendrick high school with the class of '31, and has since been employed at Moscow.

Following a brief honeymoon in Pullman and Spokane, Mr. and Mrs. Brazier will make their home on a farm near Genesee, where the groom has farming interests.

To Be Listed In Who's Who

Roy Ramey, Jr., son of Mr. and Mrs. R. H. Ramey of Kendrick, who will receive his B. S. (Ed.) degree from the University of Idaho in June, is among those students who will be listed in the 1939-40 issue of "Who's Who Among Students in American Universities and Colleges", which will be released in January or February.

This book is published through the cooperation of over 500 American universities and colleges. Several students from accredited colleges are selected each year by an unprejudiced committee, for their biographies to appear in this book. These books are placed in the hands of hundreds of companies and others who annually recruit outstanding students for employment.

The purpose of "Who's Who" is to serve as an incentive for students to get the most out of their college careers; as a means of compensation to students for what they have already done; as a recommendation to the business world; and as a standard of measurement for students comparable to such agencies as Phi Beta Kappa and the Rhodes Scholarship Award.

Mr. Ramey is a member of Beta Theta Pi fraternity at the University, is a member of Kappa Delta Pi, Silver Lance, I club, serves on the A. S. U. I. executive board, and is active in both varsity basketball and baseball.

Mr. Ramey graduated from Kendrick High school in the class of 1936 and during his high school career was active on the basketball team and many other things.

Rifle Club Being Talked Of

Talk is flying thick and fast these days about the formation of a rifle club for small bore shooting in Kendrick. Such a movement has often been talked of before, but a suitable location for such a club did not seem to be available.

However, at this time, such a location may be obtained — in the Thomas cannery building, the balcony having been cleared, and an alleyway below also cleared. This location can, with little expense, be made to fit the needs of such an organization — and talk is growing thicker and faster about it.

The main expense involved would be the installation of safe "backstops and bullet deflectors," installation of target carriers and proper lights — and all this would cost but a little. Operating expenses would consist of target, shells, lights and fuel, plus any remuneration required by Mr. Thomas.

Anyone interested is asked to contact Harold Thomas, E. A. Deobald, Marvin Long or Bill McCreary.

The Vermont counterfeiter who raise a \$1 bill to a \$10 may have just been trying to make a dollar buy a dollar's worth.

COMMERCIAL CLUB HOLDS REGULAR MONTHLY MEET

The Kendrick Commercial club met in regular session in the banquet room of Fraternal Temple on Monday evening of this week, with 17 members and two visitors present — the smallest attendance in many months.

Following dinner served by Mrs. Paul Lind and Mrs. Edgar Long the regular order of business was taken up, minutes read, bills allowed, and committee reports made.

Wade Keene of the Industrial committee reported that to date no shoe repair shop seemed available, several having displayed an interest but made no definite move to date.

Marvin Long of the Merchants Committee reported that 220 treats were prepared and dispersed at the Christmas party of the Club and the P.-T. A. Two-hundred two of them being given to youngsters at the party, and the other 18 being distributed to shut-ins about the territory.

L. W. Mason of the Educational Committee reported that the school system report for the club was almost ready, but that it was a long one, and the committee preferred to hold it for another meeting, as it would probably take two or more hours to present. Mr. Mason also reported on basketball games played and those to come in the near future.

On the Scout Committee R. L. Blewett, A. O. Kanikkeberg and Don Lyle gave reports dealing with the progress made by the Scouts, and their activities in that line, ranging all the way from shining shoes to splitting wood and running errands in order to earn money for Scouting activities. The annual assessment of \$55.00 for Scout work, paid last year by the Commercial club, was brought up, but as the exact due date of this amount is not known, it was tabled until next meeting for consideration.

At this time the two visitors, Mr. Shick and Mr. Aschenbrener of Lewiston were introduced. They spoke on "Scouting" and "Scout Work," emphasizing the need of a Scout troop and adequate supervision in every town, explaining in detail many of the aims of Scouting, and told of the uses to which money received as an annual assessment from towns and villages was put. Both speakers emphasized the fact that Scout work, being voluntary, meant all the more to those taking part, for voluntary work is classed as "fun" and really produces results.

At the conclusion of their talks O. E. Havens, president of the club, appointed E. A. Deobald and Harold Thomas to the Scout supervisory committee, to make its full membership of five.

There being no further business to come before the club, adjournment of the business meeting was ordered, and the club watched two reels of pictures presented by Don Lyle on the school equipment.

Beware Monoxide Gas

Mr. and Mrs. Earl Wells of Boles had a bad scare recently when their two young sons were overcome by carbon monoxide gas, according to an Idaho dispatch.

The parents were shopping the youngsters were left in the car with windows closed and motor running to prevent their getting chilled. A man passing noticed one apparently fighting for breath and the parents were promptly notified. The children were rushed to a hospital where they responded to treatment. A few more moments would have proven fatal; the younger was unconscious when discovered.

Carbon monoxide gas is always dangerous; in a closed garage it is deadly. Whenever the motor is running carbon monoxide gas is found in the exhaust. Don't take chances; it may leak into your car.

Another way to keep the boys around on the farm would be to stream-line the tractors and make

DOMESTIC WHEAT MARKETS FIRMER AT WEEK'S CLOSE

Domestic wheat markets were generally firmer during the week ending January 5, states the Agricultural Marketing Service in the Weekly Grain Market Review of the United States Department of Agriculture. In the Pacific Northwest wheat futures advanced slightly, compared with the previous week, after declining somewhat from the high point reached during mid-period. Cash wheat markets in this area were slightly higher along with futures, showing advances of about 1c per bushel in principal classes as compared with a week ago. On January 5 cash wheat prices at Portland, as posted on the Portland Grain Exchange showed soft white and western white at 86c, western red at 85c and hard red winter at 85c per bushel, all basis No. 1 grade in bulk.

Wheat receipts at Puget Sound and Columbia river terminals for the week were moderate at 578 cars. Indemnity payments on export flour to the Philippines remained at \$1.10 per barrel, this being the only indemnity now in effect. Trade reports indicate flour sales for export were comparatively heavy just prior to the discontinuance of the program, with sales to Shanghai, Norway, Amsterdam and South America reported. Sales to the Philippines were moderate but steady. Domestic sales of flour to southeastern markets were reported of steady volume. As a result, local flour mills were in the market for cash wheat steadily during the period. Wheat millfeeds remained quite steady to firm.

At Seattle western white was quoted January 5 at 86c, western red and hard winter at 85c, hard white (baart) at 84½c and northern spring from Montana, at \$1.11 per bushel, all basis No. 1 in bulk.

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

Due to the fact that your editors, Mary Havens and Annie Deobald, are terribly busy studying for the semester exams, they have bribed some one else to do the school write-up this week — so get ready — here it is:

This week is a hectic one for the lovable little cherubs of Kendrick High school, for it is during this momentous one-fifty-second part of the year that semester examinations are being undertaken. The students, having to write the tests are not happy, nor are the teachers, who have to read and correct them. But, "all's well that ends well," so we all look forward to a "happy Saturday."

Basketball Games

Last week, our own Kendrick boys were victorious over the Genesee Bulldogs by a margin of 15 points, the final tally being 32 to 17. The Tiger "B" squad, outplaying a much heavier Genesee "A" string, won by a photo finish, 16-15.

Tuesday evening the Tigers, both large and small, crippled by that old enemy, the "flu," and exhausted by fiery examination endeavors, lost decisions to the Lewiston Bengals. The Tiger Chiefs lost by a score of 24, to 18 — after coming from behind to knot the score at 15-all for a time, lost by a final score of 24-18, while the "Wahoos," led by "Mighty Stump," valiantly bowed before superior Bengal forces, 43-25.

"Spinster Skip"

The New Year, along with its other promised blessings and happiness for everyone, bestows special benefit upon the weaker but more emphatic portion of our population: Ladies, this is Leap Year! The Kendrick Senior class, aware of the blessed event, which occurs as regularly as a Presidential election, have scheduled a "Spinster Skip" on the first of January. This dance promises to be unusual in many respects, chief of which is that it is the girls who invite, escort, plead for dances, and treat the boys after the history-making frolic.

Elections

Student body elections will be held on Friday, January 12, after a long political war between the kennel of "Gutter Pups" composed of the Senior and Frosh classes, and the party holding allegiance to the precepts of the "Whistle-Britches," the Junior and Sophomore classes. The candidates supported by the "Gutter Pups" are: President, Kenneth Wolff; vice president, Winnie Havens; secretary, Helen Newman; Treasurer, Myra Kanikbeberg; student representative, Barbara Long; and sargent-at-arms, Lois Largent. The "Whistle-Britches" endorse: President, Bob Watts; vice president, Don Fry; secretary, Velma Mills; treasurer, Betty Boyd; student representative, Lois Deobald, and sargent-at-arms, Ken Woodv.

Speakers, who will talk Friday morning before the assembly, for the "Whistle Britches" include Irene Cluck, "Punk" Johnson, and Mary Havens, while Barbara Long, Juu Lee, Winnie Havens, Ervin Draper, Janie Carroll and Kenneth Wolff will speak for the "Gutter Pups."

A Word About Correspondence
 Now and then you will note on correspondence a "Delayed" head. Whenever this occurs is due to causes beyond our control. It may be due to mail delay, caused by storms or bad roads, or perhaps to oversight, but correspondence is never left out when it is avoidable.

Here is another thing to be said for iceless refrigerators. Since they became so common there have been fewer ice-pick murders.

The wealth of the U. S. in 1932 was estimated at about \$375,000,000,000, or 40 per cent of the total wealth of the world.

Another Double Picture Show
 If you are looking for your money's worth in pictures, you will have that pleasure this coming Friday and Saturday nights when there will be another big double show—one of which will be a westerner—"The Frontier Marshal," featuring Randolph Scott and Nancy Kelley—it's the kind of picture most folks enjoy—and the other will be of the hill-billy type, under the heading of "Jeepers Creepers," featuring the Weaver Brothers and Elvira.

Both pictures are of the popular type. In addition there will be a cartoon. Trade at home—it will pay you!

EDITORIAL

Well, Folks — Here it is the second week in January — and what a winter we have had to date. Lots of rain, warm weather and now a little snow to cover the winter wheat. So far, it has indeed been ideal. Not only is the weather man helping us, but helping as well, the defenders of their all — Little Finland, game as they make 'em, in he might against the Red Menace. It all goes to show what a belief, in God and home can do.

By the way, now that many are butchering again, don't forget that we have cold boxes to rent — and you'll find the price very reasonable. If you are not already renting one — come in today.

The lady of the house suspected that one of her two sons was paying attention to the maid. Anxious to find out which one, she said to the girl: "Norah, suppose you had the opportunity of going to the movies with one of my sons, which one would you prefer?"

"Well," replied Norah, "it's hard to say, for I've had grand times with the both of them, but for a real, rollicking spree, give me the master!"

Customer (suspiciously): I see you have placed all the best tomatoes on the top."

Grocer: "Yes, ma'am. We do that to save you the trouble of hunting through the box for them."

The Complaining Flower
A complaining little flower
Stood by a brook one day
He said: "I wish I were a bird
That I might fly away.
Or I wish I were a fish
That swims around all day
And never has to work
But always is at play.
"But I'm just a little flower
With a frowning little face
I never can move around
I stay in just one place."
—Patty Harrison.

Could Use Another Christmas
Since there wasn't much snow for old Santa to run on during the Christmas season, it might have been a good idea to have had another Christmas to go along with the snow that fell last Sunday night and Monday morning. Since double holidays seem to be all the rage now, the matter might be taken up with F. D. R. for adjustment, for we probably will have more snow at a later date.
