WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

There are quite a number of influenza cases in town at this time, a number of new cases having developed since last week. Apparently however, none appear to be serious at this time. Fortunately, the people of this community are taking the situation quite calmly and are taking extra care of themselves as soon as they contact the disease.

By order of the city health officer, the Kendrick schools were closed Monday for a period of two weeks. This action was taken on account of the prevalence of scarlet fever and influenza in town. Several cases of scarlet fever developed among the younger children and it was thought best to take every precaution by forbidding all public gatherings. While neither scarlet fever nor influenza had developed serious cases, as those who are ill are not in a serious condition, it was thought best to use precautions before the epidemic had gotten beyond control.

A meeting of the directors of the Farmers Bank, held at Lewiston last Saturday, the old officers were re-elected, as follows: A. E. Clark, president; E. P. Atchison, vice president; B. B. McConnell, cashier. The directors were well pleased with the business done by the bank during the past year, which has been a satisfactory one. Plans were approved for the arrangement of the interior of the new building, which will soon be completed. It will have added space and will present a very pleasing appearance.

John L. Walker went to Troy this afternoon as part of last week to take charge of the business of the Idaho Elevator Co., during the absence of Frank Green, who is ill with influenza. John had to remain at home this week, as his contract had no contract the district but no one severely.

The public school at Juliaetta was closed the first of the week, and will be closed until the flu situation there shows decided improvement. The flu in and around Cavendish and Peakean is going the rounds and there are a number of severe cases. Gordon Harris and family are all ill with the disease. Mrs. Ed. Chiswick is recovering from an attack of pneumonia. All schools and public meetings have been discontinued until further notice.

Mrs. and Mrs. M. V. Thomas returned from Spokane last week. While there they both had the flu, but recovered before returning home.

Mrs. James McVicker Passes
Elva Ethel Stoner, eldest daughter of Amanda and Joel F. Stoner, was born in Savannah, Mo., May 11, 1897, and passed away at the Deaconess hospital, Spokane, Wn., on January 29, 1940, at the age of 52 years, eight months and 18 days. She was united in marriage to James McVicker at Branch, Mo. In 1908 they came west and settled near Leland, Idaho, where they lived for a number of years, then moved to Montana, where they took a homestead near Dutton. They later returned to the Leland vicinity and Bureka ridge, near Orofino, Idaho, their home at the time of her death.

She leaves to mourn their loss, her husband, James McVicker; two sons, Ernest McVicker of Spokane, and Virgil McVicker of Palmer, Alaska; three daughters, Mrs. Ethel Beck of Colbert, Wash., Mrs. Zella Leavitt of Juliaetta, and Miss Violet McVicker of Spokane, Wash.; five grandchildren, her aged father, three sisters, two brothers, and a host of friends.

She was a member of the Methodist church for many years. No one could more completely forget themselves and show love by doing for those around them than Mrs. McVicker. She was a great home lover, of sunny disposition; retiring, gentle and generous; a truly great mother, who drew her strength from Him who gives freely of grace and peace that passeth all understanding.

Funeral services were held at the Hazen-Yeager Funeral Home, Spokane, Thursday, February 1, at 1:00 p. m. Burial was in Riverside Park, Spokane.

Boy Scout Week Feb. 8-14

February 8 to 14 has been nationally designated as Boy Scout week. During this week the boys in Kendrick are planning on a live Boy Scout display in Blewett's Grocery. At 3 o'clock Saturday, Feb. 10, the boys will demonstrate fire building, life saving, camp cooking, etc., the real Boy Scout way.

Rev. Gray has consented to devote part of his church service Sunday to Boy Scouts, and they will attend in a body.

This Thursday there will be a Court of Honor in Lewiston. It is hoped that several of the Kendrick Boy Scouts can attend.

In the near future it is hoped the Boy Scouts and their parents can get together for an oyster supper, bean stew — or what have you.

Road Progressing Nicely

Road work on the new Texas Ridge WPA road project is continuing these days despite the fact that the country is a sea of mud — and conditions considered, real progress is now being made.

The bulldozer and rock crews are working under difficulties — but are really getting things done. Two shifts are going, one reporting at 6:00 a. m., the other at noon.

The crews are now under the direction of N. E. Walker.

"Nite Owl" Given Here

The play, entitled "The Nite Owl" and presented in the Kendrick Theatre last night by the Juliaetta P. T. A. and sponsored by the Kendrick P. T. A., was but fairly well attended. Poor roads and a multitude of other gatherings recently and to come, accounted for the lack of attendance.

It is to be regretted that more did not see this play, for it is a clever one, and exceptionally well presented by the cast.

The P. T. A.'s of both towns sincerely thank those who donated the time and materials to make the presentation a success. Especially do they thank the Schupfer Bros., who donated the theatre for the presentation. Proceeds were divided equally between the two groups.

THIS AND THAT ABOUT FRIENDS AT CAMERON

On Thursday evening of last week Mr. and Mrs. Otto Siffow entertained at a pinocle party, with eleven tables in play. A delicious lunch was served at the close of the evening. Miss Lily Henningsen and Herbert Brunseik held high scores for the evening, while Mrs. Gus Kruger and F. W. Newman held second high. Glen Wegner won the "galloping goose."

Miss Jeanne Ramey spent Thursday night and Friday with her sister, Mrs. Walter Koepf and family.

Mr. and Mrs. Glen Wegner and son were visitors in the Clarence Fry home in Kendrick Saturday afternoon.

Mr. and Mrs. Lyrie Harrison and Patty called on Mr. and Mrs. Floyd Crocker and Mr. and Mrs. Clyde Daugherty Sunday.

Miss Alvin Ashvege of South Dakota and Mr. and Mrs. Rhinehart Wilken were Sunday afternoon visitors of Mr. and Mrs. Geo. A. Wilken.

Mr. and Mrs. August Brämmer and Mildred spent Sunday evening with Mr. and Mrs. Russell Rodgers.

Mr. and Mrs. Otto Schoeffler were Sunday dinner guests of Mr. and Mrs. Given Mustoe.

Mr. and Mrs. Roy Ramey were visitors in the Walter Koepf home Thursday evening.

W. C. Mielke, Orofino, spent Sunday with Mr. and Mrs. Fred Mielke.

The Ladies Aid held an all-day session and business meeting Wednesday. Miss Emma Hartung, Mrs. Ida Stoneburner and Mrs. F. W. Newman served a chicken dinner at noon.

Willard Schoeffler, Herbert Brunseik and Ted Mielke were Lewiston visitors Sunday evening.

Mrs. Kennedy and Miss Lily Henningsen were Sunday dinner guests of Mrs. Ida Stoneburner and Miss Emma Hartung.

Mrs. F. W. Newman and son Glenn were Orofino visitors Sunday afternoon.

Mr. and Mrs. Edwin Mielke were visitors in the Glen Wegner home Wednesday evening.

Mr. and Mrs. August O. Wegner and son Robert, of Pullman, spent Saturday and Sunday with relatives.

Dick Fry of Kendrick was an overnight guest of Mr. and Mrs. Glen Wegner Thursday.

Among the Lewiston visitors Saturday were Mrs. Ida Stoneburner, Miss Emma Hartung, Mrs. Henry Wendt, Marvin Siffow and Harry Newman.

Herman Siffow, Pullman, was a visitor here Thursday.

Mr. and Mrs. Edwin Mielke were Saturday supper guests of Mr. and Mrs. Ervin Lohman.

Mrs. Charley Schultz called on Mrs. Gus Kruger Monday afternoon: F. W. Newman and son Glenn attended the basketball game between the Harlem Globe Trotters and the Lewiston Indians at Lewiston Monday evening. The Globe Trotters won by a huge score.

Beulah Draper was an over-night guest of Helen Newman Wednesday night.

Spring Must Be Coming

Despite the "crepe-hanging" of some of our local weather prophets, many indications seem to point to spring. The lilacs are budding, daffodils and crocuses are poking their shoots through the ground, some being up an inch or more — and as for ducks — they seem to think the Potlatch just the spot in which to winter — for large bunches of them have spent the winter here, and certainly must have fared well, for they present a sleek, well-fed appearance.

We don't know about the Chinese pheasants or other game birds, however, since they have been so scarce the past two or three years that nobody has been able to give an intelligent report on them.

HEARING SET FOR SOIL CONSERVATION DISTRICT

Plans of Latah County farmers to form a soil conservation district will advance another important step on February 13, when a hearing is held at Moscow to give the State Soil Conservation Commission a cross-section view of local opinion on the proposal.

The meeting will be held at 10:00 a. m. in the courthouse. It will be open to landowners, operators and others, and was called by the state commission, after it received and approved a petition from Latah county landowners signed by more than the 25 required for initiating a district organization under the enabling act approved by the 1939 session of the legislature.

County Agent G. T. McAleander pointed out that the fact such a petition went in was in itself an indication of the favorable sentiment for a soil conservation district. Similar expressions of support have come at preliminary group meetings, called by the county agent, and attended by Soil Conservation representatives invited to explain erosion control and related conservation practices that may be used in the district.

This hearing will be conducted by the state commission, of which H. E. Nagle of Parker is chairman. Other commission members are J. M. Isaacson, Malad City, and Dean E. J. Iddings of Moscow.

Approximately 650,000 acres of range and crop land are planned to be included in the Latah district. The boundaries of the proposed district follow the county lines. If the commission decides the desire of county landowners for the district warrants carrying through its organization, it sets a date for a referendum, in which a two-thirds favorable vote of those landowners voting is necessary for district approval.

The final steps after the referendum include state commission certification of the district to the secretary of state and appointment of two farmers from the district area as supervisors. They will serve with three more supervisors later elected by the district, as the administrative board for the district. The supervisors may call upon state and federal agencies for technical or other assistance that may be available to the farmers and ranchers in carrying out their land use program on a watershed or other problem area basis.

Because of its past experience in helping to demonstrate soil- and moisture-saving farming and ranching practices, the Soil Conservation Service is expected to be one such agency called upon for assistance in planning measures for meeting the erosion and other land use problems that led to the move for the Latah county district in the first place. These may include practices such as contour tillage, grass and legume seeding, range management improvements, tree plantings, trashy fallow, gully control, terrace diversion construction, etc.

This district is one of more than half a dozen in Idaho that has progressed to some stage of consideration.

Announce Train-Auto Service

An entirely new travel service, consolidating the high speed of the modern railroad with the mobility of the private automobile, will be inaugurated May 1 by eleven leading western railroads.

Complete arrangements for this train-auto service, which will place 2,000 current model 5-passenger sedans at the disposal of railroad passengers in more than 150 key cities throughout the west, have been announced by the following rail lines: Burlington Lines, Chicago and Eastern Illinois, Chicago, Milwaukee, St. Paul and Pacific, Chicago and North Western, Chicago, St. Paul, Minneapolis & Omaha, Great Northern, Illinois Central, Northern Pacific, Rock Island Lines, Santa Fe System Lines, Union Pacific Railroad.

Announcement of the new "train-auto" service was made by Hugh W. Siddall, chairman of the Trans-Continental-Western Passenger Associations, on behalf of the participating railroads. He said the service was the railroads' answer to the prayer of the traveler who likes the mobility of an automobile at certain points, but dislikes driving the long intermediate distances.

Eight-Eight Bridge Club

Mr. and Mrs. Lester Crocker entertained the Eight-Eight Bridge club in their home last Thursday evening.

Following a delicious desert bridge was played at four tables. Invited guests were Mr. and Mrs. Harold Thomas, Mr. and Mrs. Wade Keene and Mr. and Mrs. W. L. McCreary.

High scores were awarded Mrs. Wade Keene and Noria Callison.

Commercial Club

The regular monthly meeting of the Kendrick Commercial club will be held in the banquet room of Fraternal Temple, Monday evening, February 12, at 6:30 p. m. Dinner will be served promptly at that hour, so please don't be late.

There are several matters of importance to come before this meeting, so put it on your appointment calendar — and be there.

Much Improved

Aunt Carrie Allen of Cedar creek, who has been quite ill in the home of Mrs. Clifford Davidson, was able to leave Sunday and is convalescing in the home of Mrs. Fred Crocker.

National Forests Sell Timber

Over 158 million board feet of timber were sold on the national forests of Montana, northern Idaho and eastern Washington during 1939, according to regional headquarters of the United States Forest Service at Missoula.

Western white pine formed the bulk of this timber, going principally to the match industry, which uses this species almost exclusively in the manufacture of its product. The Kaniksu Forest in northern Idaho leads in both the amount of timber sold and cut, followed by the Clearwater in second place. The Kootenai National forest in northwestern Montana leads the forests of this state in the amount cut and sold.

In addition to timber cut or sold for commercial purposes, the report shows that approximately six million board feet were cut by local residents who purchased the trees at actual cost of making the sale.

The report shows a substantial increase over last year's business, according to Regional Forester Evan W. Kelley. This is partly due to the pick-up in business generally, and also to the fact that large bodies of mature timber have been made accessible by recently built forest roads.

According to Major Kelley the cutting and manufacture of commercial timber from the 17 national forests of this region provides the equivalent of one year's employment for about 1,000 men.

And The Rains Came

Monday afternoon a rain started to fall in the Potlatch section, climaxing about 10 days of as fine weather as anyone could possibly want — and late that evening it really set in to rain. All of Monday night the rain literally fell in torrents, and until about 10 o'clock of Tuesday morning. Then it slackened but rain continued falling until nearly 1:00 p. m. At that time the sun came out and it was indeed a very beautiful afternoon.

Potlatch creek was running a chocolate brown Tuesday morning, and was on the rise until about 4:00 p. m., when it started dropping. It was not, at any time, however, even approaching flood stage.

The noon train from Spokane was nearly five hours late, due to high water in the Oakesdale and Belmont section.

MR. AND MRS. OLE LIEN CELEBRATE GOLDEN WEDDING

The farm home of Mr. and Mrs. Ole Lien, pioneer residents of Big Bear ridge was the scene Sunday of a very pleasant celebration in honor of their Golden Wedding anniversary, a time in life which but few couples are ever privileged to enjoy.

Mr. and Mrs. Lien were married at Mariandahl, Yankton County, South Dakota, on February 1, 1890, by the Rev. F. H. Carlson. The couple came to Idaho in February of that year, going first to Moscow, at which place they spent a month, thence moving to Forest, Idaho, where they resided for 10 years.

From Forest, they moved to their present ranch, which they purchased in 1900 — and where they still reside. During that time Mr. and Mrs. Lien have seen good years and poor years roll away they have suffered losses through fire and death of one of their sons, Martin Lien, having been killed in action in the Argonne Forest during the World War.

The rest of their family, all of whom are alive are: Isaac, Emret and Anton Lien, all of Los Angeles, Calif.; Mrs. Clara Bruseth, Clarkston, Wn.; Mrs. Altha Long, Kendrick, and Evan and Henry Lien, at home.

The wedding celebration came as a complete surprise to Mr. and Mrs. Lien, their friends and relatives dropping in Sunday with groaning baskets of food. Their true anniversary date was February 1, but Sunday was the celebration day.

At 1:00 o'clock the guests spread a beautiful repast. The afternoon was spent in visiting, and at 4:00 p. m. the guests again spread a more than substantial lunch, leaving about 5:00 p. m., after presenting Mr. and Mrs. Lien with a beautiful purse of money (gold being no longer obtainable), and wishing them both many more long years of happy married life.

Guests present were Mr. and Mrs. Joseph Bowers of Lewiston, Idaho, Mr. and Mrs. Stanley Seneve of Genesee, Idaho, Mr. and Mrs. Z. A. Aas and Adolph and Ingrid Aas, Moscow, Mr. and Mrs. H. E. Dalberg, Glen and Junior, of Moscow, Rev. Peter Hesby and Paul of Deary, Mr. and Mrs. Gust Lucken of Kendrick, Mr. and Mrs. Jas. S. Nelson and Lester, Mr. and Mrs. Henry Kortemeier and son Paul, Mrs. A. Kleth and Ole, Mrs. Sigurd Forest, Edwin and Joe, Mr. and Mrs. H. E. Lien, Mrs. M. Sild and Oscar, Hans Lien, Andrew Lien, Carrie Solie, Mr. and Mrs. Ed Lien, Mr. and Mrs. Einar Bruseth, Clarkston, Mr. and Mrs. E. T. Loig, Tommy, Maurice and Patricia, of Kendrick; Henry and Evan Lien.

All-in-all it was a most delightful day for everyone, and one that Mr. and Mrs. Lien will long remember.

In speaking of the day Mr. Lien laughingly remarked: "They'll just have to take our word for it that we are married, for our wedding certificate was destroyed by fire when we lost our home last year."

Young People's League

The regular weekly meeting of the Young People's League was held last Sunday evening, with Jeanette Galloway as devotional leader and Myra Kanikkeberg leading the discussion on "Personality." A few points brought out in the discussion were that personality implies individuality, and self-consciousness and self-activity are considered as essentials.

Next Sunday's meeting will be lead by Mary Havens.

The League's "Miscellaneous Program" will be presented Wednesday, February 21.

In Hospital

Miss Genevieve Grim, who has been ill with flu at her home in Clarkston the past two weeks, has suffered complications and was taken to a hospital in Lewiston last week. Last reports were that she is getting along as well as can be expected, but it will probably be several weeks before she will be able to resume her duties in the school room.

Birthday Surprise

On February 2nd, a few of D. A. Bishop's friends thought they would surprise him on his 81st birthday anniversary, and arrived at his home with well-filled baskets.

All enjoyed a lovely dinner and a fine social afternoon. They left, wishing him many more such anniversaries.

New Arrival

On February 1, a 9½-pound son was born to Mr. and Mrs. Wm. Zimmerman of Cedar creek. At last reports all concerned were doing nicely.

GRAIN MARKETS CONTINUE WEAK AND IRREGULAR

Domestic grain markets continued weak and irregular during the week ending February 2, states the Agricultural Marketing Service in the Weekly Grain Market Review. Domestic crop news were mostly without new features and trade opinions as the effect of recent weather conditions on the south-western winter wheat situation were very uncertain, despite the better moisture of recent weeks.

Revised estimates of wheat production in Canada and Turkey bring world supplies for the current season to 5,468,000,000 bushels, or about 270,000,000 bushels above those of the 1938-39 season. Exports of wheat including flour, July through December, 1939, for the seven countries for which figures are available or estimates are possible, were about the same as for the corresponding months last year. Supplies available for export, or carry-over in Canada, Argentina, and Australia as of January 1, 1940, are estimated at 846,000,000 bushels, against 626,000,000 bushels a year ago. Stocks of wheat in the United States, not including those in merchant mills, were approximately 45,000,000 bushels smaller at the first of January a year ago.

No marked changes occurred in winter wheat prospects. A good snow covering was present over much of the principal producing areas during the severe wintery weather although fields were bare in southwest portions of the belt. A good absorption of the melting snow occurred in Nebraska and the snow cover decreased somewhat in Kansas. The wheat acreage for the 1940 crop in Europe is expected to show little change from 1939. The condition of the fall-sown crop in western and northern Europe is on the whole satisfactory, although crops in some areas are reported damaged by the extreme cold.

Cash wheat markets in the Pacific Northwest were somewhat irregular during the past week, ranging from slightly higher on some classes to slightly lower on others, depending largely upon the needs of local mills. Cash wheat prices at Portland on February 2 were: soft and western white 85½¢, western red 84½¢, hard red winter 84½¢ and hard white (bairt) 89¢ per bushel, all basis No. 1 grade in bulk.

Wheat receipts at Puget Sound and Columbia river terminals continued to reflect light selling by growers at country points and totaled 535 cars for the week. Indemnity payments on export flour were \$1.00 to the Philippines and \$1.25 per barrel to China. Good sales of flour were reported to the Philippines during the week. One full cargo of wheat was reported sold to Shanghai during the period under the renewed subsidy program. Domestic mills were in the cash market for wheat during the past week as a result of the recent flour business and light offerings from the country were readily taken. Wheat millfeeds markets were only barely steady as the period ended.

The San Francisco wheat market developed additional weakness during the past week, influenced chiefly by declines in other domestic markets and further improvement in central California crop prospects.

Marketings of cash wheat in the southwest increased as the weather moderated. Kansas City arrivals totaled 26 cars compared with 145 cars the previous week while nine important winter wheat markets reported a total of 791 cars against 563 a week ago and 1,509 a year ago. Cash prices at Kansas City declined 2¢ to 2½¢ for the week, reflecting the increased receipts and the weaker tone in futures. Demand was good throughout the period with mills as the principal buyers.

At Minneapolis the cash market was quiet with mill buying slow. Receipts were somewhat smaller at 555 cars for all classes of wheat and 155 cars at Duluth.

The withdrawal of wheat by producers from federal loans, which is expected to reach the market soon was also a weakening influence in most markets.

Entertainments At Bridge

Last Thursday afternoon the home of Mrs. Marvyn Long was the scene of a very pleasant bridge party, there being three tables in play.

A dainty dessert was served by the hostess at the close of the afternoon, after which high score was awarded Mrs. W. L. McCreary and low to Mrs. Edgar Long.

Those present were Mrs. F. H. Rider, Mrs. John Henry, Mrs. Roy Ramey, Mrs. Geo. Leith, Mrs. Wade Keene, Mrs. Edgar Long, Mrs. E. T. Long, Mrs. R. L. Blewett, Mrs. D. A. Christensen, Mrs. O. E. Havens, Mrs. W. A. Watts and Mrs. W. L. McCreary.

Do You Know?

The United States is the only country in the western hemisphere which recognizes Soviet Russia and maintains diplomatic relations with Moscow. Only three other American republics have ever attempted these contacts, Mexico, which severed her relations in 1930; Uruguay, which severed her relations in 1935; and Columbia, which agreed in 1935 to resume relations with Russia but there never has been an exchange of diplomatic relations.

Double Feature Again This Week
There are few homes these days that do not at some time or other have "Boy Trouble" — and that is just what happens in this week's story of Charles Ruggles and Mary Boland. "Boy Trouble" is a rollicking home life story revolving about the experiences of an over-worked department store employee, who, after suffering all day at the hands of his bosses and customers, comes home to find that his new wife has adopted a young waif "to cheer up the household" — and then the fun really begins!
The second feature will be "Quick Millions," in which the well-known Jones family are again on the hurricane deck of a trailer, bound from Hollywood to the Grand Canyon — where they believe they have inherited a gold mine — and then the fun and adventures begin.
In addition there will be the usual cartoon.

Show Your Card

Out in Lewis county a farmer was met by one of the many government inspectors who take up their share of space on the farms today. This enterprising fellow rushed up to the farmer, handed him a card with the announcement that he was a government inspector and was entitled to inspect the farm. Sometime later the farmer saw the inspector being chased by a bull in the field. Leaning over the gate as the inspector dashed past the farmer shouted: "Show him your card, inspector!"

He Was Specific

A motorist stopped for the night in a small town, and attended a prayer meeting. The minister offered a prayer for the country's great men. "Oh, Lord," he said, "we thank Thee was the great leaders of the land, for Washington, for Jefferson, for Cleveland, for Roosevelt — I mean Theodore." — New Yorker.

Times Do Change

The Metz Times recalls that it used to say "prosperous young farmer" when writing up weddings of farm people. But times have changed. Now, says the Times, it has substituted "industrious" for the "prosperous." Which just about covers the situation, whether the Times is jesting or serious.

Basketball Games

Last Friday evening, February 2, the Kendrick Tigers showed some really fine ability on their home floor by defeating the Lapwai Wildcats by a score of 45 to 34. The Tiger B squad lost, however, the final score being 21-28 in favor of the Wildcat B's.

On Saturday, February 3, our boys were again on the long end of the score, when they defeated the Troy squad here by a score of 51 to 27. The B squad was again unlucky, being defeated by a score of 17-9.

On February 6, the last home conference game was played, the Tigers downing Southwick by a score of 37 to 28. The Tigerettes, which, incidentally, were playing their last game of the year, won from the Southwick girls by a score of 41 to 14.

Spinster Skip

Last Wednesday evening the much looked-forward-to event took place — the Senior Spinster Skip. The majority of the girls went after their boy friends, but we will have to say a few "fudged." The evening was spent in dancing, with a large group in attendance. The dancing being regulated by program (in the hands of the girls). The designs on the girl's program was a picture of "Lil' Anet" while that on the boy's was of "Daisy Mae." After the Skip the girls treated the boys, which made the evening complete. The boys admitted that they had had one of the most enjoyable times ever at a dance. (All the girls thoroughly enjoyed their evening too, because they got to dance every dance — they did the asking).

Grade News

The Kendrick Grade School defeated the Leland school Thursday afternoon, February 1, at a basketball game held in the Kendrick gym, by a score of 23-13. Neil Craig was high point man for Leland with 11 points, while Stanley Kuykendall and Ossie Kanikkeberg shared the lead for Kendrick with a total of six points each. The grade school will play Southwick at Southwick on Wednesday at 6:30.

The 7th and 8th grades elected officers for their student body on February 5. Those coming into office are: Lois Fey, president; Doye Biddison, vice president; Bob Lind, secretary; Doyle Laws, librarian; Don Dammarell, reporter.

GOLDEN RULE

Our school was closed from Monday until Thursday of last week because half the children were absent due to the flu.

Smart Reply

Teacher (lecturing on perseverance): "He drove straight to his goal. He looked neither to the right nor to the left, but pressed forward, moved by a definite purpose. Neither friend nor foe could delay him, nor turn him from his course. All who crossed his path did so at their own peril. What would you call such a man?"
Student (quickly): "A truck driver!"

EDITORIAL

Well, Folks — We note in last week's issue of the Gazette that Barbara Stedman had brought a big bunch of buttercups in full bloom to the Gazette office — and a lot of folks have been kidding us about saying we look for cold weather — and to be right honest — we do. We hope it won't come, at least while the wheat is without snow cover — but it just doesn't seem possible we can pass through a winter without at least another cold snap.

We note that dispatches from Russia say they are dropping the Finns bread — but from photos and correspondents reports — it isn't bread — but "eggs" — and highly explosive ones at that. Our hats are off, folks — to the game fight those Finns are putting up. It really gives us a true insight into the working of communism — the cause espoused by

many in this country and lead by that "champion of the downtrodden" Earl Browder!

The will was opened and read by the lawyer, as the widow listened in rapt attention.

"To my beloved wife I bequeath all my property, both real and personal," read the lawyer, "including my pants, which she has wanted to wear for the last 35 years."

Junior wants to know why they dig gold out of the ground, in Idaho and bury it again in Kentucky. That's the trouble with the younger generation. They want to know more than their elders.

WHEAT PRICE RISES MAKE PROFITS FOR FARMERS

Substantial price rises for wheat stand to benefit Latah County farmers who sealed their 1938 and 1939 crops as security for crop loans, the County Committee of the County Agricultural Conservation Association said this week.

The committee based their statement on the January 26 report of the U. S. Bureau of Agricultural Economics. The report said the present wheat market "apparently will be able to absorb a reasonable volume of sales without much price effect if wheat loans are liquidated in an orderly manner."

Wheat loans have made it possible for farmers to get working capital, and at the same time retain title to their wheat. Now, the rise in market value in recent months will be to the farmer's advantage when he terminates his loan.

Before the crop loan program was inaugurated, wheat growers either had to store the grain with their own capital, or sell it immediately after harvest to get cash for their

operations. Loans on 1939 wheat will expire April 30. Farmers may liquidate their loans at any time before that date by paying off the amount of the loan plus interest, resulting full title to the wheat. Of course, if they pay off their loans, they will benefit from the increased price of wheat, and no storage payment will be forthcoming from the Commodity Credit corporation.

Farmers who have farm storage loans may relinquish title to the wheat, accepting the amount of the loan as payment, plus seven cents per bushel storage payment. Or they may obtain an extension of the loan, reselling the 1939 wheat as security, and receiving an additional storage advance.

Genesee Gets Tournament

At a meeting of the Athletic Board of the Valley Conference Wednesday evening, held in the Lapwal school house, Genesee was awarded the Sub-District Basketball tournament, to be held on February 13-15-17, in their new gymnasium at that place.

At this time but two schools in this conference have standard gymnasiums, and capable of seating the crowds — Kendrick and Genesee.

At the meeting the decision therefore lay between these two schools, and when Genesee offered a guarantee of \$75.00 per visiting team, a guarantee which Kendrick was not prepared to meet, they received the tournament, despite Kendrick's more central location — and the belief that division of the spoils would show but little, if any difference in cash received.

Southwick and Kendrick residents are "very unhappy about the whole affair," since it means all must go by the way of Lewiston to reach Genesee and see a game, while if it were held here, but one team would have the long trip to make.

However, in view of the fact that Kendrick has had this tournament for some time — it seems but fair that it should be passed around a bit.

Afternoon Bridge Club

The Afternoon Bridge club met Wednesday afternoon in the home of Mrs. E. A. Deobald, with three tables in play. High score for the afternoon went to Mrs. F. H. Rider and low to Mrs. E. A. Deobald.

A delicious lunch was served at the close of play.

Invited guests were Mrs. L. D. Crocker, Mrs. Marvin Long, Mrs. W. B. Deobald and Rilla Davidson.

No Burglar Alarm Needed

Hal Swisher was talking about residency burglar insurance. "No, no," said the lady of the house with great conviction, "we don't need it." "But —" began Hal. "No, I mean it," she said. "The family across the street watches this place so closely that a burglar couldn't get in without being seen."

HARDWARE

For 1940

OUR STATEMENT: This year, as in the past, we will handle a complete line of heavy and shelf hardware, with special emphasis on the needs of farmers.

We will handle a complete line of J. & D. paints, varnishes, enamels, kalsomines, etc., and burshes of all kinds for all purposes.

We will continue to handle ranges, heating stoves, and all plumbers supplies.

We will handle congoileum rugs, unfinished furniture, breakfast tables, chairs, etc. Any items of household furniture not in stock will be cheerfully ordered for you — and we guarantee that the price will be right.

In fact—You may look to us for all hardware supplies in 1940 as you did in 1939.
