WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

The "flu" ban will be lifted on public meetings Sunday, according to an order issued by local health authorities. Regular church services will be held in the churches, School will open Monday morning. Thursday afternoon it was reported that Kendrick is entirely free from influenza. It was believed to be safe to lift the ban on public gatherings beginning Sunday.

According to reports from the ridge surrounding Kendrick the cold nights and warm, sunny days the last of the week, have done considerable damage to club wheat. A number of farmers have stated they expect to reseed their club wheat due to the fact that south winds were badly damaged by freezing and thawing weather. Orpha Hupp of Little Bear ridge said he would have to reseed 75 acres. It stood up to the weather until the first of the week, but in two days most of it was killed.

The Nez Perce County Mutual Fire Insurance Co. has now been organized for 15 years. The organization of the company was effected in January, 1905, by a few farmers at Mohler. It was necessary to have \$100,000.00 in accepted applications before any policies could be written. This amount was secured and the first policies issued July 27, 1905. The amount of business now in force is \$1,061,000 in 1,117 policies. Present indications are that the two million mark will be reached in 1920.

At the annual meeting, recently held at Orofino, E. F. Stamper was selected president; Fred Riggers of Nez Perce, vice-president, and Jesse Hoffman of Leland, secretary. Mr. Hoffman is still secretary-treasurer of the organization.

Little Bear Ridge—Miss Wilson and Miss Hupp resumed their school work at Steele and Fern Hill Monday. Evan and Miss Anna Lien left for Spokane Saturday to visit their sister, Mrs. Anna Brueseth. Mr. and Mrs. Pete Halseth and children moved up from Kendrick last week. Mr. and Mrs. Hjalmer Dahlberg and children of Deary have been visiting at the J. J. Slind home. John Heath brought his cattle from Texas ridge Wednesday to the farm he has rented here. There are no cases of influenza on the ridge at this time.

Linden News—Miss Eva Smith is staying with Mrs. Ed. Fonberg, who recently returned from a hospital at Moscow. The I. E. Foster family moved over to the Cedar Dell farm last week.

Southwick Items—An eight-pound son, John Roland, arrived the sixth to apply his parents, Mr. and Mrs. Arnold Cuddy, an extended visit. The baby has two great-grandfathers living and has been named for them.

Leland Items—Last Saturday afternoon the A. R. Locke house caught fire, but the blaze was extinguished before very much damage was done—but not until a good part of the furniture had been moved out. The cause of the fire was from a perfectly good all-steel smokehouse, which had been set up on the back porch, and Arthur was just trying it out. The smokehouse worked so good that it set fire to the building, the flames getting between the walls of the house and they were not checked until part of the shingles were torn off and water applied between the walls. Mrs. Enoch Harrison has been very seriously ill with pneumonia, following influenza.

Kendrick and Genesee Lose Culesac and the Lapwai Wildcats upset Genesee and Kendrick by respective scores of 27-26 and 37-30 at Genesee last Thursday night, and the victories meant that Culesac is the valley sub-district's No. 1 team in the Class B district playoffs to be held in Lewiston on February 28 and 29 and March 1 and 2. It also meant that Genesee and Lapwai would meet on Saturday evening—and that Kendrick, who last year weathered the sub-district and district tournaments to go to the state meet at Lewiston, was out of the tournament picture.

Genesee blanked Culesac in the first quarter, while scoring seven points, but the eventual winners managed to shut out the Bulldogs in the second quarter, to make the half-time count read 7-2. Going into the last quarter Culesac trailed 14-18, but won out in the hectic closing moments by some nifty sharp-shooting. Armstrong of Genesee and Whitney of Culesac shared individual scoring honors with nine points each. This game was marked by squabbling between Genesee and the referees, and lusty booing by the Genesee fans.

The Lapwai-Kendrick game was an uphill proposition for the Lapwai Wildcats, too. Ahead 11-10 at the half, they fell behind and won late in the game because of the fine marksmanship of Davis, Webb and Meachem. Meachem was top point getter with 15. During this game the Genesee "fans" also turned in some "first-class" booing of players and referees, and many who had followed the teams of Lapwai, Culesac and Kendrick were heard to remark on the "sportsmanship" of the Genesee fans.

Takes Position in South Word was received this week that Allene Rider, daughter of Mr. and Mrs. F. H. Rider, who has been employed for the past three years by the Washington Trust in Spokane, has taken a new position in the Bank of California in Los Angeles.

Spring Coming?

The animals seem to think that spring is on its way, for squirrels are out and last week Frank Crocker killed a groundhog on the north slope bluffs near the Lewiston Grain Growers warehouse. However, the weather man seems to say "no," for Monday night snow fell on the ridges surrounding Kendrick, and some sleet fell in Kendrick, with small patches still visible Tuesday morning.

We counsel patience—for we still have the rest of February and all of March to go before we can really expect spring in earnest.

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

Though our Kendrick Tigers didn't win the Sub-District tournament, any and everyone who saw the games will have to admit that the Kendrick boys were good sports. Naturally we were all disappointed to think that Kendrick would not be playing in the District Tournament this year, but at that, it's a nice feeling to know that our boys played fairly and squarely. And, too, it's a nice feeling to think that the Tigers' boosters yell only for them; not against the team they are playing. As long as our boys are good sports, we're just "right proud" of them.

Elsewhere in this issue will be found an account of Thursday's tournament games.

A complete schedule of all games played by both the boys and girls during this season follows. The next two weeks will be spent on the 25 boys who will be left for next year.

The Faculty "Speedballs" in the Kendrick Public schools issue a challenge for a game of basketball against the best flesh and blood the Kendrick Commercial club can call members, to be played Feb. 28 at 8:00 o'clock in the gymnasium. Come out and watch this game. There is no doubt but that it will be very exciting, since the very best of the "Speedballs" Hank Emery, will be there to sink a few.

The Senior class has selected as their play, "China Boy," a comedy in three acts, which will be under the direction of Mrs. Deobald. Try-outs will be Monday afternoon and every Senior has his fingers crossed in the hopes of getting a part. But no matter who gets what part, we have it straight from the Seniors that this play will really be the "biggest and best performance" Kendrick has ever seen. The date on which it is to be given and the cast of characters will be announced as soon as possible.

Thursday evening at 7:30 o'clock, the Troy Trojans will play the Gifford Ramblers on the Kendrick floor to determine who will go in second place to the District Tournament in Lewiston. This will probably prove to be a mighty exciting game. The doors are open to the general public.

Scouts Enjoy Annual Banquet

Scouts Jordon Kanikkeberg, Noel Thomas, Maurice Long, Norman Fry, and Scout Master Don Lyle enjoyed the annual Father-Scout banquet at Lewiston last Wednesday evening.

Scouts from Asotin showed the boys how to open and hold a Troop meeting. Several scouts furnished musical numbers. The speaker of the evening stressed three things that should be developed to safeguard our present youth. They were: Character, Conduct and Citizenship.

All-in-all it was a most interesting and instructive meeting, and it is to be regretted that all could not have been in attendance.

P-T. A. PROGRAM PLEASES LARGE AUDIENCE MONDAY

Monday evening's program of the local Parent-Teachers' association was presented by the women of the organization to a packed house and proved a riot of laughs and everyone certainly received their money's worth—for the admission charge was but 6c and 15c. The ladies cleared the neat sum of \$16.65.

The title of their one-act play was "The Spinsters Convention," and those who saw it are still wondering where they got all the "outfits" and if clothes of that kind were really worn at some time or another and if so, why?

Ladies taking part were Mrs. E. A. Deobald, Mrs. N. E. Walker, Mrs. A. O. Kanikkeberg, Mrs. Hiram Galloway, Mrs. Tom Long, Mrs. W. L. McCreary, Mrs. L. Christensen, Mrs. Walter Brocke and Miss Jean Graham.

As in the case of the men's program, it is believed the women got as much fun out of the presentation as did the audience.

Following the program all adjourned to the D. S. room where refreshments were served.

Pioneer Of Teakean Taken

Mrs. Marie Choate, 73, Teakean, widow of Fred Choate, who died March 2, 1939, died at 9:50 a. m. Monday at her apartment, 314 Fifth Avenue, Lewiston, of influenza. Mrs. Choate was taken ill three weeks ago and came to Lewiston for treatment. She was accompanied by her daughter, Mrs. Minnie Horn, Teakean.

Mrs. Choate was among the earliest residents of Potlatch ridge, where she had made her home since 1885. Her mother homesteaded there before the town was established and since the middle '90's Mrs. Choate was postmistress at Teakean, being retired on a pension a few months ago. Her first pension check arrived shortly before her death. She also managed the telephone exchange in the town and with her sons operated between 1,300 and 1,400 acres of farm land, besides owning the general store. Teakean is eight miles southeast of Southwick.

Survivors include her eight children: Mrs. Minnie Horn, Edward Choate, Asa Choate, Joseph Choate, Orval Choate and Cecil Choate, all of Teakean; Mrs. Evelyn Kite, Port Angeles, Wash.; Fred Choate, Reno, Nev.; also two sisters, one residing in New York and the other in Seattle.

Funeral services were held in the Grange Hall, Teakean, at 10 a. m. Thursday. The body was taken to Lewiston and placed in a crypt in Mountain Gem Abbey by the side of her husband.

Youth Ends Own Life

Walter Lee Nye, 17, Julieta, shot himself through the heart with a .22 caliber rifle a few hundred yards from the Elk ridge home of his parents, Mr. and Mrs. Sam Nye, about 10 o'clock last Thursday morning.

His mother and an uncle, Harry Groseclose of Julieta, found the body some seven hours later. It lay on its left side on the edge of a small creek under a pine tree. The rifle was beside the youth, who apparently died instantly, according to Deputy Sheriff James Jordan and Acting Coroner Jack McQuade, who investigated.

Young Nye left home at 9 to mail a letter at a box in front of the Jack Gritman residence a mile to the south. Contents of the envelope, which was addressed to a 16-year-old Lewiston girl acquaintance of Nye's, indicated he planned to take his life, Coroner Howard Short said.

Surviving are his parents; two brothers at home, Sam, Jr., and Albert; the grandmothers, Mrs. Laura Groseclose, Julieta, and Mrs. Myrtle Nye, Garabaldi, Ore., and an uncle, Harry Groseclose.

Road Work Be Done Soon

Word has been received in Kendrick that the expected regrading of the Julieta-Kendrick road will probably be undertaken within the next two weeks—and it certainly cannot be begun too soon to suit those forced to travel this road.

At present it is replete with all the thrills of a roller coaster—plus 50,000 spine jarring bumps and thumps, due to the wheels of cars dropping into water-filled chucks holes clear up to the axels. It is impossible to tell which holes are deep and which shallow, as all are filled with water.

The local maintenance crew has made a noble effort to keep it in shape—but when there is nothing left to work on the impossible can't be accomplished.

Just where the crusher will be set up is not known definitely at this time. It was planned at first to set it at the foot of Brady gulch and crush the rock taken from the creek bed, at the same time cleaning up this elevated section—but an examination showed too much dirt in it, so the crusher will have to be set elsewhere.

However, our information at this time is to the effect that a shovel will be put to work and this huge pile of debris cleared away and the creek restored to its original channel. Just which of the two covered up bridges will finally be used is a matter of conjecture—for two are buried therein. We suppose the depth to which they finally go will be the governing factor.

Scouts Take Hike

Last Sunday afternoon 12 Boy Scouts took a hike in the hills south of town, going as far as the old warehouse at the top of the tram Jordon Kanikkeberg, Eugene Marton, Don Dammarell and Tommy Long passed second class tests in tracking and Scout pace.

The boys will probably be taking more of these tests in the near future.

Tank Trucks Must Stop
Harry M. Rayner, commissioner of law enforcement, has issued instructions to state police that cars and trucks carry gasoline and similar explosive commodities must come to a complete stop before crossing railroad tracks.

The PUC has put the same requirement in force for trucks coming under their jurisdiction, and the present order brings all vehicles under a common ruling.

WHEAT LOANS UNDERGOING LIQUIDATION NOW

Latah county farmers who held 1939 harvest wheat as collateral for commodity loans have begun to liquidate their loans, H. F. Koster, chairman of the county Agricultural Conservation committee, said this week.

This county has joined the trend which is noticeable all over the state. Farmers are paying off loans and redeeming full title to their wheat. Then they can feed it or sell it for spring planting, as they wish.

The chairman of the committee, which supervises making and liquidating of crop loans in the county, said more than 14 per cent of the 1939 wheat loans in Idaho have been liquidated already, although none of them are actually due until April 30.

About 17 per cent of the warehouse stored loan wheat in the state has been redeemed, and about seven per cent of the farm stored wheat. Idaho farmers borrowed \$3,004,975 in 3,151 transactions. Of these, wheat security for 716 was stored in approved bins on the producers' farms, and 2,435 loans, in commercial warehouses.

Many farmers feel if they move their wheat out of storage now, thereby spreading the total marketings of loan wheat over a longer period of time, they can help to lessen the effect the loan wheat will have on the present favorable market price.

ANYTHING ELECTRICAL

Another Double Bill

"The Chicken Wagon Family" with Jane Withers and Leo Carrollo in the leading roles, will be seen in the Kendrick Theatre this coming Friday and Saturday nights. Jane's her daddy, mother and big sister roam the country in a mule-drawn wagon, trading trinkets to farmers for chickens, which they sell in the cities. Jane and Daddy Carrollo love this care-free life, but mother and big sister want to settle down — finally they win out — and then the fun starts.

"Mountain Rythm," with Ge Autrey and Smiley Burnette come in as the second feature in a tural and action-packed melodrama the West, with beautiful June Stee as an additional asset. The story is said to be along the same line as the "Arkansas Traveler." Ge and Smiley have ample opportunity to render their songs.

CRESCENT CLIPPINGS

The school has been having a contest the past few weeks to see which side could make the best grades in spelling and arithmetic. Last Wednesday the losers gave the winners a dinner and party. Later in the afternoon they had their Valentine box. Mrs. Walter Dorendorf and son Ely and Mrs. John Darby and daughter Jo were there for the latter part of the party and Valentine box. Mrs. Julia Elkmann visited Wednesday afternoon with Mrs. Arne Kloster. Mr. and Mrs. Arne Kloster were Kendrick visitors in the Rose Farmington home Friday. This winter snow seems to come and go easier than usual. Saturday and Sunday about six inches piled up, but it is melting off again as fast as it came. Among the Lewiston visitors Saturday were Mr. and Mrs. John Darby, L. A. Watson and Denzil Hunt. Week-end visitors at the Arne Kloster home were Miss Evelyn Farmington and Miss Barbara Davidson of Kendrick and Lloyd DeLong of Lewiston.

CELEBRATE SILVER WEDDING ANNIVERSARY

Mr. and Mrs. E. H. Jones were delightfully surprised Sunday, February 11, by a group of relatives calling upon them at 12 o'clock noon in honor of their silver wedding anniversary. Each guest was laden with good things to eat and shortly after their arrival a sumptuous dinner was served. The table was spread with a lace cloth adorned with silver candle holders and candles, while the centerpiece was a large three-tier wedding cake, which was served later in the afternoon.

THINK IT OVER

The Father Of Our Country It is well to honor him on his natal day. For our own benefit we review his loyalty to the principles for which he stood and upon which America has grown great. He was the epitome of dignity, wisdom and strength. Belonging to the aristocracy of the day, he stood physically and mentally above all others. Unswayed by the hysteria of the day or the advice of the few who would lead him to assume dictatorial powers, he stood alone and apart from men. Among a crowd of jovial acquaintances of Washington one man wagered \$100 that he dare approach Washington, put his arm over the General's shoulder and say: "George, how are things going today?" Later he returned saying: "I have won the \$100 and would give \$1,000 if I had not."

EDITORIAL

Well, Folks—Seems almost like spring is really on its way, even if snow did fall on the ridges Sunday night. Pastures are getting greener and greener, and it won't be very long until it won't be necessary to feed much grain or hay — and the cream supply will promptly increase — and then it's time to really "cash in on old bossy."

We're wondering where you'll sell your cream? Why not to us?

When selling to us there is no waiting, no fuss, no bother. You don't have to wait for cans to return and then have to scrub them. We return a sweet, steam-sterilized can, ready for use — and you get your money right now — and you're not out the 3c it costs to cash a foreign check after waiting for it. Cash talks — and we have it.

"Conductor, will you help me off the train?"

"Sure, but why?"

"You see, I'm stout and have to get off the train backwards. The porter thinks I'm trying to get on and he gives me a shove on again. I'm five stations past my destination now!"

Two men who had been bachelor cronies met for the first time in five years.

"Tell me, Tom," said one, "did you marry that girl, or do you still darn your own socks and do your own cooking?"

"Yes," was Tom's reply.

Izzy: "What's the difference between a sewing machine and a kiss?"

Lizzie: "I know they're different, but you tell me."

Izzy: "One sews seams nice and the other seems so nice."

JULIAETTA ITEMS

The new interest in the Science department of the Juliaetta High school is radio. Many of the boys have sent for material in connection with this subject. As soon as it is received they will begin work on them in the shop room.

Mr. and Mrs. Phil Johns entertained a group of young people in their home Saturday evening. The time was spent in making candy and in dancing. Those present were Louise Halliday, Janet Halliday, Dorothy Miller, Mary Lou Stuart, Marian Schupfer, Maribel Schupfer, Austin Porter, John Halliday, Jack Moe, Harold Glenn, Donald Miller, Leonard Stuart and Lester Slead. A very pleasant evening was spent by all.

The Juliaetta High school boys are anxiously looking forward to spring, when they can get started on their baseball. The lineup for the team looks very promising for the coming season.

The Juliaetta High school students are preparing for their six week's examinations, which will be given the latter part of this week. Eligibility for the honor roll is the incentive for much extra preparation.

A party honoring Cecil Gruell's birthday anniversary was given last Saturday evening at his home in Juliaetta. Guests present were Mr.

and Mrs. Walter Cochran, Mr. and Mrs. Jones, Mr. and Mrs. Wayne Barney, Mr. and Mrs. Everett Custer, Mrs. Margaret Covington, Mr. Dalley and Mr. and Mrs. Cecil Gruell. Refreshments were served late in the evening, following the pinocle games.

The organization of a Science club is the newest development in the Juliaetta High school. A group of boys met to discuss plans last Wednesday, and it was decided to limit the enrollment to five members. A special room and work shop is being fitted for the club, and they will soon be ready to begin work on an electrical project.

Mrs. Margaret Covington was the hostess at a delightful bridge party given Friday evening at her home. Among the guests present were Mr. and Mrs. Clyde Jones, Mr. and Mrs. Wayne Barney, Mr. and Mrs. Winifred Grantham, Mr. and Mrs. Walter Cochran, Mr. and Mrs. Cecil Gruell, Mr. and Mrs. Claud Clark, Mr. and Mrs. M. C. Halliday, Mr. and Mrs. Eugene Taylor, Mr. and Mrs. Everett Custer, James Dalley and Mrs. Eula Miller. Awards were received by Mrs. Cochran and Mrs. Cecil Gruell. At the close of play attractive luncheon tables were set and refreshments served.

The Juliaetta grade school boys are organizing a basketball team. The coaches are Roy Weber and Leonard Stuart.

and natural resources, the 36,000 clubs and organizations co-operating with the National Wildlife Federation will again rally together to bring to the attention of all Americans that now is the time to conserve our natural resources.

In the present world upheaval that now engages so much time and attention, major nations are engaged in war to control natural resources. Surely National Wildlife Restoration Week, in behalf of the same resources in our own country, will merit the consideration and support of every citizen in the United States.

Lack Of Cash To Halt Work
Exhaustion of funds will force closing down of the Whitebird-Cottonwood highway project in northern Idaho "in the near future," D. W. Miller, state work projects administrator, said Friday at Boise.

The project, under construction four years with the state as sponsor, would provide a cut-off along the Salmon river, eliminating the hazardous Whitebird hill.

Miller said the WPA had expended all federal funds allocated for materials and supplies and the state "is unable at this moment to furnish funds for materials, supplies and equipment."
