KENDRICK COMMERCIAL CLUB HOLDS MEETING

The regular monthly meeting of the Kendrick Commercial club was held Monday evening at 6:30 in the banquet room of Fraternal Temple, with Mrs. Paul Lind and Mrs. Edgar Long serving a chicken dinner at that hour. Twenty-three members were present.

N. B. Walker of the Highway committee reported a coming meeting of the Latah County Chamber of Commerce and Planning Board at Pocatello Monday, March 18, with an agenda that all members attend, as discussion of road, school and taxation problems were on the program. He also reported that the prospects appeared bright this year for the completion of the "missing link" on Big Bear ridge this season. He understood that the \$100,000 had been set aside for this purpose. In the letter received by Mr. Walker announcing the meeting, members of the local school board were urged to attend.

Don Dyle of the Agricultural committee announced the basketball games to be played in the gymnasium Wednesday, March 13, between the F. F. A. boys of Lapwal and Kendrick, and the instructors of the Kendrick school against the Kendrick Commercial club.

Dr. D. A. Christensen of the Fish and Game committee reported that the wild ducks traded to Moscow last fall for duck feed had been returned to us, express prepaid (reason unknown) and that now we were suffering with an over supply of ducks. Laughter greeted this announcement and the problem was kicked back into his lap with instructions to do as he saw fit—but most of the members were heard to mutter, "let's have a feed on them. We've fed them for some time, now it should be our turn."

Rev. Gray announced the program sponsored by the Epworth League, featuring Walter Sewell, famous bird and animal imitator, at the schoolhouse at 7:45 Thursday evening, March 14.

Don Dyle, reporting for the Scout committee, said that the Boy Scouts were sponsoring a "pot-luck" supper in the church basement, Friday evening to which the Commercial Club and its sponsors, were invited. Mr. West, district Scout executive, is to speak at this time and show pictures of Scout summer camp activities.

At this time the club held a brief discussion of the request of Mrs. Paul Lind that the number of meals guaranteed by the body be increased from 20 to 35. The club felt it would be impossible to get out that many as a regular thing and a committee consisting of Geo. P. Barnum, W. A. Watts, A. O. Kanikkeberg, H. Schupfer and W. L. McCreary, was appointed to meet with Mrs. Lind.

At this time L. W. Mason, our superintendent of schools, spoke very briefly on the proposed 2 percent sales tax, known as the "Property Relief Act of 1940," announcing that the information he was presenting was in no way personal, but that he had been asked to present this information before the club. This tax is in many ways far more drastic than the one killed in 1936 by the voters. As near as possible will present the salient facts of the proposed new tax as given to the club by Mr. Mason:

The date effective would be June 1, 1941, providing also for a "use" tax as well as being a sales tax. The levy applies to all sales of tangible personal property purchased for any purpose other than resale; also upon the sale of utility service (phone, lights, telegrams), admission to entertainments, amusement, recreation (meals, drinks, refreshments, lodging, etc.).

The purchaser pays tax directly to the person from whom he makes the purchase.

The vendor must not absorb or claim to pretend to absorb the tax. The vendor must pay collections to the state.

The state preempts the sales and use taxes imposed by the act. No other taxing unit may impose or collect such taxes.

Exemptions are very limited. Generally speaking they are applied to sales that cannot be taxed for constitutional reasons (charitable organizations, municipalities, etc.). Motor fuels already taxed, farm products sold by producer. Distribution and newsstand sale of newspapers.

The tax applies to tangible property purchased for use in Idaho and the first use of which is in Idaho. The first use only is taxed. In effect, this is a tax on tangible personal property purchased outside of the state, the sale of which property would be taxable if purchased in Idaho.

In order to obtain a motor license in Idaho, a purchaser must present proof that he has paid the sales or use tax imposed by the act.

The act provides for tokens similar to those used in other states which impose a consumer sales tax. By use of the token, all sales, down to and including sales amounting to 5 cents are taxed.

The major reasons for the tokens are to insure collection of all taxes due and to prevent evasions.

The law as now written may reasonably be expected to produce from \$2,200,000 to \$2,400,000, perhaps more, probably not less. The revenues would be apportioned as follows:

Tax Refund Fund—Quarterly there would be apportioned to a Tax Refund Fund in the state treasury, not to exceed \$5,000.00 for refunds on overpayments of taxes.

Quarterly there will be apportioned to the state general fund to pay

Attend Teachers Meeting

Supt. Lowell Mason and Ross Armittage of the Kendrick Schools attended a meeting of the Latah County Teachers' Association at Troy last Saturday. Some 80 teachers of the county attended the meeting. Fulton Gale of Moscow, chairman of the public relations committee, spoke of financing the schools according to the proposed new set-up through the enactment of a general sales tax. Latah county has been assigned the job of getting 800 signers on a petition necessary to put the matter up to the voters of the state this fall.

Kendrick extended an invitation to the association to meet here in April.

WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

N. B. Long & Sons closed a deal this week whereby they take over the entire stock of general merchandise and fixtures of the Baker Department store. The store will be conducted under the firm name of N. B. Long & Sons. Marvin Long, who is now working in a general store at Athena, Oregon, will become a member of the firm. He and Tom will have charge of the dry goods, clothing and shoe departments and today his father will have charge of the groceries and meats. The firm also purchased the building containing their new stock from E. P. Atchison. The building, together with their former headquarters, will make a store room with a floor space of 60x100 feet. An arch will be cut between the two buildings, throwing the two rooms into one, but divided by a partition. They expect to make a number of substantial improvements in the store room. In taking over the Baker Department store one grocery store will be eliminated, leaving three large grocery stores. N. B. Long & Sons have lived here a good many years, have a wide acquaintance throughout the Potlatch country and have always been interested in the progress of this section. (In their opening announcement advertisement they offered 60c a pound for ranch butter and were selling first grade potatoes at \$5.50 per 100.)

Fred Silflow of Lewiston has purchased an acreage tract at Cameron from August Rucks and will move there soon. His wife doesn't like Lewiston as well as her old home in Cameron, which is the reason for moving back to the Potlatch.

So far this season the only unfavorable condition the farmers have had to face is the destruction by freezing of a large acreage of club wheat; otherwise the prospects for a good growing season are very promising.

Herman Koepf of Potlatch ridge has a herd of ten registered Shorthorn cattle. These cows are of the milking strain and are generally all-purpose animals.

Charles Schultz of Potlatch ridge brought a hen's egg to the Gazette office last Saturday that weighed four ounces. It was as large as a goose egg.

The Hotel Guy was in full swing 20 years ago and published a menu, with prices attached, part of which follows: "2 eggs, any style, 35c; 3 eggs, any style, 45c; bacon and eggs, 60c; ham and eggs, 60c; T-bone steak (small) 60c; pork chops, 50c; hamburger steak, 45c; wheat cakes and coffee, 25c; the justly famous Guy omelette, 50c."

Jake Berreman sold one of his farms, located one mile north of Southwick, to Gus and Otto Kruger. The place consists of 100 acres of land, most of which is under cultivation. The purchase price was \$9,000.00. The place is just fairly well improved.

Considerable plowing has been done in the past two weeks. The ground works up in the best of shape.

Pioneer Woman Passes

Mrs. Stella Plummer, pioneer resident of Kendrick and the Potlatch section, passed away at the Sacred Heart hospital in Spokane at 1:15 Tuesday morning, the immediate cause of death being sleeping sickness.

Funeral services will be held at the Community church Friday afternoon at 2:00 o'clock.

At the time of going to press full details were not obtainable. We will have them in next week's issue.

TO VOTE ON SOIL CONSERVATION DISTRICT

Latah County landowners in the eight communities will have an opportunity to vote Saturday, March 16, on whether they want to set up a soil conservation district for more effective cooperation in handling their erosion control and related land use problems. The Community committees of these respective districts will conduct the referendum.

The election is the outgrowth of agitation that began months ago for organization of a district under the enabling act approved at the 1939 session of the state legislature. County agent G. T. McAlexander expressed the opinion that the fact that the question has reached the formal balloting stage indicates a likely favorable vote.

In this connection, he called attention, also, to the early support of the district proposal in preliminary meetings that preceded the forwarding of a petition on January 6 to the State Soil Conservation commission for authority to proceed with the organization. The petition was signed by several hundred landowners within the proposed district boundaries. A minimum of 25 signatures was required.

At a hearing held at Moscow on February 11, when J. M. Isaacson and Dean E. J. Iddings of the state commission and R. N. Irving of the Soil Conservation service office explained the district set-up and objectives, all of the interested farmers voiced approval of the district. It was on the strength of this demand, and its own findings that a district in this area is feasible, that the state commission approved the referendum.

Two-thirds of those landowners voting must vote in favor of the district before its formation may be authorized. The district will take in 680,000 acres, District and county boundaries are the same.

The problems that prompted the Latah County district movement are largely those of erosion.

If the necessary favorable vote is cast, the state commission will certify the Latah Soil Conservation district to the secretary of state, and name two farmers of the district as supervisors. Another election will be held in the district for selection of three more supervisors. The five will handle district affairs, including initiating requests for state and federal agencies, such as the Soil Conservation Service, for technical and any other assistance that may be available in planning and developing a land use program.

The district program is entirely the responsibility of the district farmers themselves. In fact, a district even may be dissolved, after five years, by a similar vote if the landowners in the district decide they no longer want it. It is expected that assistance will be requested in the planning and developing of a program in the county that will include crop rotations, grass and legume seedings, tree plantings, gully control, contour cultivation, rough and trashy tillage, construction of terraces and other devices, stock water developments and other range and pasture improvement.

Co-ed Dies At U. Dance

A sudden heart attack claimed the life of Miss Shirley Hupp, freshman university student from Sandpoint, at 11:30 o'clock last Friday night, while she was attending a dance at the Student Union building.

The combined efforts of the university physician and members of the fire department to restore respiration failed.

Miss Hupp's family physician was immediately informed of the death and her parents, Mr. and Mrs. Harry Hupp, arranged to have the body taken to Sandpoint for burial.

Funeral services were held at Sandpoint Monday afternoon.

Miss Hupp, a daughter of Mr. and Mrs. Harry Hupp, will be remembered here, as they were for many years residents of Little Bear ridge. She was a niece of Mrs. Hiram Galloway. Both Mr. and Mrs. Galloway were in attendance at the services Monday, Mrs. Galloway having departed for Sandpoint Saturday.

Miss Hupp was a member of Alpha Phi, social sorority, and an active worker on student publications.

Leaguers Visit Colfax

A number of the members of the Kendrick Epworth League made a trip to Colfax Sunday evening, where they joined Leaguers from Colfax, St. John, Moscow and Pullman in a "Grizzly Rally."

After everyone had made a few acquaintances, several games were played. A pot-luck supper was served in the basement of the church.

There was a program which consisted of talent from the various Leaguers present. The number from the Kendrick League was a solo, "God Bless America," by Myra Kanikkeberg. After the program a short discussion was led by the president of the Colfax League.

Those taking cars for the rally were Rev. Gray, Wayland Davis and Mrs. Edgar Long. The latter visited with the H. B. Thompson family during the rally and the League members from Kendrick also spent a few minutes with them before returning home.

Do They Need Them?

It is suggested that we lend the Finns money with which to buy war supplies. But according to dispatches from the front they must be capturing all they need from the Russians.

UNCERTAIN CROP PROSPECTS STRENGTHEN MARKETS

Wheat markets turned firmer during the week ending March 8 and price advances offset most of the previous week's decline, according to the Weekly Grain Marketing Review of the Agricultural Marketing Service. Uncertain prospects for winter wheat, together with political developments in Europe and a more active domestic milling inquiry, were the principal strengthening influences. Feed grains were firmer, reflecting the strength in wheat and a good demand from feeders and domestic buyers for the moderate receipts.

Reports of private forecasters at the first of March emphasized the uncertain prospects for winter wheat this season. While some improvement was noted over the condition officially reported December 1, indications of probable outturns were still indefinite. Grains failed to germinate in the drier sections last fall and stands are uneven. Moisture received in the first of September has been below normal throughout the entire belt. In Kansas, only 5.4 inches of rain were received from September to March 5, or 3.77 inches below normal for that period. In Nebraska precipitation totaled only 4.36 inches or 3.27 inches below normal. In Oklahoma, the total was 6.15 inches against a normal of 9.70. In Ohio and Indiana, rainfall totaled 12.50 inches and 11.75 inches respectively against a normal of 17.55 and 20.06 inches. In Illinois the total was 9.47 for the period and in Missouri 8.86, a deficiency of 7.22 and 6.53 inches respectively. Warm and dry weather during the first week in March improved prospects for winter wheat in the southeastern states and in southern portions of the winter wheat belt but plants remained very largely dormant in the northern half of the belt.

Wheat prospects abroad are still uncertain with conditions quite variable. The second official estimate placed the Indian acreage at 33,189,000 acres which is slightly above the comparable estimate last year. The condition of the crop is reported as generally good with damage from drought less than indicated earlier in the season. In Europe the snow and ice as disappearing from the fields but the extent of the winter damage cannot yet be definitely determined. The Hungarian wheat crop is privately estimated at around 77,280,000 bushels, which if realized will be about 350,000 bushels under the 1939 harvest. Warmer weather is promoting early growth in Italy and removing the snow covering in Germany and western European countries.

In the Pacific Northwest, wheat futures did not follow the advances shown in principal midwestern markets during the past week. Cash wheat, however, registered advances of 1/4 to 1c per bushel on principal classes from a week ago. Moderate demand from mills and only light inquiry from exporters made for a rather dull week in cash wheat markets in this area. On March 8, at Portland, soft white and western white wheat were quoted at 83 1/2c; hard red winter and western red at 85c per bushel, all basis No. 1 grade in bulk.

Wheat receipts at Puget Sound and Columbia river terminals during the past week totaled 787 cars, mostly reflecting deliveries on sales by growers during other recent weeks. Indemnity payments on export flour at the close of the week were \$1.15 to the Philippines and \$1.40 per barrel to China and Hong Kong. It was reported that export sales of flour to both areas were light during the past week. Trade reports indicated that one additional cargo of wheat was sold to Vladivostok during the past week for shipment from northwest ports.

Domestic flour demand was only fair and mills were not actively in the market for wheat, except for special quality lots. Export inquiry also was light and rail movement of wheat from the Pacific Northwest to midwest markets was practically stopped by lessening of the spread between markets. Wheat millfeeds held about steady from earlier in the week.

Crop prospects in the main producing areas of eastern Oregon and Washington were reported very good for the season. At Seattle, on March 8, western white, western red and hard winter were quoted at 83 1/2c. The San Francisco wheat market was quiet but held steady during the past week as light offerings tended to offset the slow demand from practically all classes of trade. Prices of local wheats remained practically unchanged from the previous week.

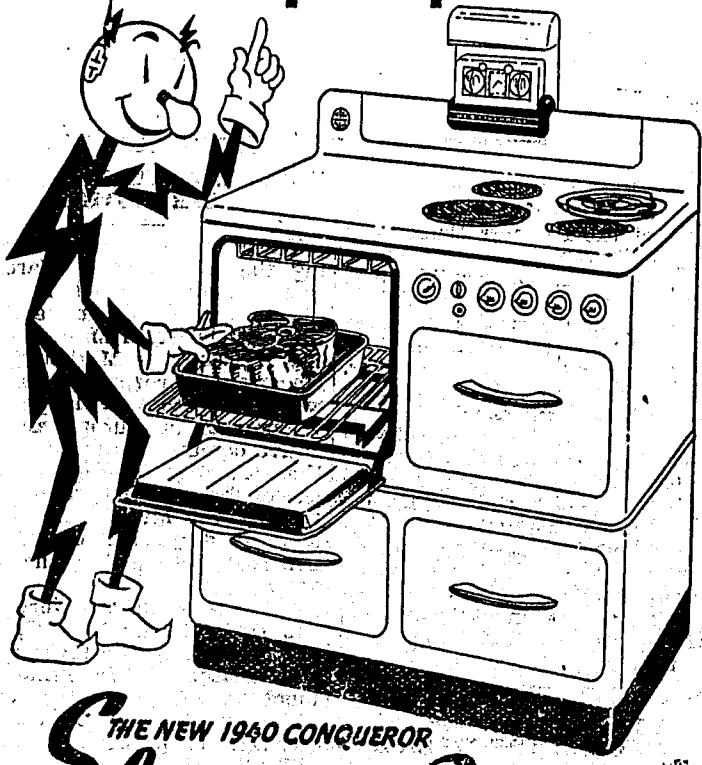

Reflecting the strength in futures prices, cash hard and red winter wheat at Kansas City advanced 2c to 2 1/2c per bushel with a firmer basis indicated on ordinary grades.

Beaver Patrol News

Wednesday, March 6, the Scouts started a basketball tournament to see who washes dishes after our banquet. The first game (between the Panthers and Beavers) was won by the Beavers, 13-12. The next game, between the Rattlesnakes and Beavers was also won by the Beavers, 16-15. The third game, between the Rattlesnakes and Panthers was won by the Rattlesnakes, 29-20. The Beavers are the champs, Rattlesnakes second and the Panthers wash the dishes!

On Sunday, March 3, the Beaver patrol went on a hike to Bovard. Don Lyle, our Scoutmaster, could not go, so Mr. Kanikkeberg went in his place.

INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

Last Wednesday evening, March 6, the Girls League Father-Daughter banquet was held, about 24 girls and their fathers attending. A most delicious dinner was cooked and served by Mrs. Paul Lind, with Mrs. Edgar Long, Mrs. Richard Blewett, Mrs. O. E. Havens, Mrs. A. O. Kanikkeberg, Mrs. Hiram Galloway and Mrs. W. L. McCreary assisting. The tables in the Ag. room were beautifully decorated with buttercups, pussy-willows and moss, and very clever animal cracker place cards were used. After the dinner, President Mary Havens welcomed the fathers and Ira Havens responded. Following this a clarinet and saxophone duet was played by Lois Deobald and Evelyn Farrington, after which Miss Graham, League advisor, gave a brief talk on the work of the League.

Myra Kanikkeberg sang two numbers and Alma Bailey gave a dialect reading. Mr. Fitzpatrick sang "I Love You Truly", dedicating it to the fathers and daughters. The Three Musketeers then sang, and Mr. Mason gave a short but humorous talk and within it said "good-night" for the evening. Barbara Long was toastmistress and her talent, along with the rest of the program, was truly enjoyed by the girls as well as their fathers. All agree that this was one of the nicest affairs our school has ever known and it is hoped that this will be made an annual affair.

In a Girls League meeting held last Friday afternoon it was decided that the organization put their money in a fund for improvement of our gymnasium. The girls hope that their doing this will encourage other organizations to follow suit in buying a curtain for the stage, and other equipment necessary to make the gym. suitable for plays, commencement programs and other school activities. In other years the League has sent representatives to the Tri-State convention, but because it would cost too much this year, they decided the plan above was one of the best works they could undertake. The card party to be given March 27, is for the purpose of raising money for this fund.

This being our monthly meeting a program was presented, and a complete surprise came when Miss Graham, our advisor, sang two numbers, "Moonlight and Roses" and "My Wild Irish Rose." Following this Barbara Long gave a talk and Betty Boyd played two selections: "Deep Purple" and "Star Dust."

Another surprise came when Miss Fattu gave a very interesting talk. After the program refreshments were served by the hostesses, Lois Deobald, Barbara Davidson, Estel Davis and Leona Wilson.

Senior Class Play
The date of the Senior play, "China Boy," has been changed from April 2 to April 1, at the Kendrick Theatre. The Seniors have really been working for the past three weeks. The play is under the direction of Mrs. Deobald. Cast of characters follows: Mrs. Parker, a somewhat harassed mother, Marie Havens; Will Parker, her husband and principal of the local high school, Kenneth Wolff; Annie, their maid of all work, young but not bright, Maxine Bigelow; Bill Parker, their 17-year-old son, Lloyd Farrington; Selma Parker, their 16-year-old daughter, Myra Kanikkeberg; Bob Troutman, Bill's school chum, Pete Stump; Lulu Mae Robison, a 12-year-old terrorist, Darlene Cardinal; Charlotte Mack, a wealthy Miss, Barbara Long; George Robison, meanest boy in town, Vern Wegner; Mark Willis, a very young philosopher from China, Ray McGraw.

Bits of Interesting News
Mr. Armitage has been practicing the boys in basketball in the gym., but now that the weather has cleared, practice outside will begin.

The entire school, besides many of our townspeople, were very pleased with the short but definitely entertaining show which the U. of I. Pep Band present here last week.

Discussion of the Junior Prom has been underway, several themes having been considered, but none definitely decided upon. As yet no date has been set, but next week we will advise you of the theme and the date.

Anyhow, the country seemed to get along pretty well back in the days when men ate their peas with a knife and their pie with a spoon.

"Grandma" Blackburn received news this week that a baby girl had been born to Mr. and Mrs. Alec Book of Wenatchee on February 28, which makes her a great-great-grandmother. Mrs. Book is the daughter of Mr. and Mrs. John Roush, oldtime residents of Kendrick, and Mrs. Roush is a granddaughter of Mrs. Blackburn.

To Present Minstrel Show
Miss Lily Henningsen wishes to announce that the Third and Fourth grades will present a program Friday afternoon, March 15, at 2:00 o'clock. Two plays will be given: "The Three Little Pigs," and a Minstrel Show.
Parents and friends are cordially invited to attend.

DON'T SELECT LIFE PROTECTION THIS WAY!

SEE what you are doing! Study ALL the facts! Make comparisons about cost and the kind of protection offered! Be sure to consider the history back of the policy you are interested in!

DO ALL OF THOSE THINGS and you will be almost sure to become an Idaho Mutual policyholder when you arrange for ANY life protection.

YES, use the same care in selecting your life protection as you do in buying a new automobile or home, or in calling a doctor. Then, you will unfailingly find that an Idaho Mutual policy offers the dependability and the exact kind of financial protection you want AT A COST YOU CAN EASILY PAY! That has been the experience of thousands of others before you.

Investigate NOW!

Send for FREE folders and see how the policy that already protects one Idaho family in every nine will serve YOUR family!—See how a single Idaho Mutual policy will protect as many of your family as you wish AND PAY A CLAIM FOR EACH!—Learn about the policy that is recommended to YOU by insurance authorities!—MAIL THIS COUPON!

It has never cost more than \$10 a year to maintain \$1000 of Idaho Mutual protection.

Only Costs \$5 To Put A \$1000 Policy In Force Largest in the United States Over 25,000 Members

Gentlemen:
I understand that every Idaho Mutual policy offers sensible accident and old age benefits, besides PROVEN life protection. Please send full information to—

EDITORIAL

Well, Folks—Seems like March is here in all its glory—snow, rain, hail, sunshine, buttercups almost gone, cowslips starting to bloom, local "sports" shooting squirrels on Sundays (if the weather permits) and all kinds of things.

This kind of weather brings to mind the need of locker boxes for frozen food storage all the more forcibly — and we have them to rent.

And don't forget — we want to buy your cream. We also sell pasteurized milk, fresh sweet cream and Pride O-The Potlatch Creamery butter. Our butter is for sale at all the local stores — Ask for it by name.

"Gee, married five years and no children. Say, how do you avoid the stork?"

"We live in a trailer."

"I shall have to give up smoking," announced a young husband. "Doc says one lung is in bad shape."

"Oh, sweetheart!" exclaimed his wife, "couldn't you hold out a little longer, until we get enough coupons for the new rug?"

"We can't have any fun this evening. All I have in my pocket is some small change." "Well, what do you think it takes to send my kid brother to the movies? A five-dollar bill?"

Sam: "A girl's greatest attraction is her hair."

Joe: "No, I think it's her teeth. Stranger, what do you think?"

Stranger: "The same as you boys, but I don't lie about it!"

Humdrum isn't where you live but what you are.

spring-
is not so very far away ---
and it's-time to think of fixing up your place.

With the approach of spring — and it's coming, even if it does seem a bit far away now — our thoughts naturally turn to "fixing up our places." Perhaps the fences need repairing, the barn needs paint — the house needs painting on the outside, and paint and varnish on the inside.

Don't wait until the last minute for these necessities — but come in and let us figure with you now — be ready to go when spring breaks.

See us for everything to "fix-up your place."

Go For Welner Roast

Last Saturday night a party made up of Roy Johnson, Dean Compton, Wayland Davis, Bud Perry, John Wallace, Wm. Fitzpatrick, John Keeler, Frank Arnett, Mary Davidson, Mary Havens, Betty Boyd, Erma Jones, Margaret Davis and Annie Deobald and Beatrice LaHatt gathered at the home of Miss LaHatt, hostess, where they spent the time until 9:00 o'clock, when all took a notion to go on a welner roast, trekking to the steep hillside of the town's park plot on the south side of the Potlatch. After a place was found sufficiently level to safely build a fire, welners and all the necessary accompaniment were brought forth. The party later returned to the LaHatt home where the played cards, danced, and had a general good time.

The gathering was in honor of the birthday anniversaries of John Wallace and Mary Davidson. Miss Davidson expects to leave Sunday for Spokane, where she will enter Sacred Heart hospital to take nurses' training.

There are four things that come not back: The spoken word, the arrow, the past life and the neglected opportunity.—Arab Proverb.
