NO. 12

## WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

Miss Verline Emmett, daughter of Mr. and Mrs. E. N. Emmett of Little Bear Ridge, was married at Moscow last Saturday to James D. Benjamin, formerly of Troy. The marriage was a complete surprise to many relatives of the bride and groom. Mr. and Mrs. Benjamin will make their home near Geneva, where Mr. Benjamin is engaged in farming.

John Reid and John Johnson are contemplating a deal to purchase the farm known as the old Seal's place. The land lies between the Reid and Johnson farms, half of it on the point of American ridge and the other half on a bench of the ridge. It consists of 160 acres with probably 50 acres under cultivation. Although it has been badly neglected during the past few years, the land itself is very good and can be brought to a high state of production.

Fred Crocker purchased the engine and boiler formerly used in the power plant of the Vollmer-Clearing Company. He is installing this machinery at his saw mill on Cedar Creek ridge. Machinery of this kind is heavy enough to make it rather difficult to transport from Kendrick to the Cedar Creek country. The boiler alone weighs over six tons. It was hauled through the mud on a wagon last Sunday. It required 12 horses to pull it up the grade. The engine was taken out the same way until the top of the grade was reached. On account of the depth of the mud, the hind wheels of the wagon had to be taken off and skids put under the axle. The load was dragged in this manner to the mill.

J. O. Hamill handed in a list of 100 potato farmers who have already purchased silos. They are all progressive and successful farmers. Following is the list and the size of silo purchased by each: Jesse Johnson, 96 tons; Herman Koepf, 80 tons; Wm. Cox, two of 80-ton size; John L. Woody, 68 ton; Will and Oliver Clark, each a 31-ton.

Big Bear Ridge—Mr. and Mrs. Robert Olemehagen moved Sunday to Stapleton's logging camp, near Avon, where Robert will work during the summer.

Marvin Long arrived Monday night from Athena, Oregon, to begin active work as a member of the new firm of N. B. Long & Sons.

A. Kietz of Bear ridge bought the Bradford property, known as the Beeky place, last week. Mrs. Kietz and the children expect to move to town in about a week so that they will be more convenient for the children to go to school.

Herman Blum of Cameron, took his daughter, Laura, to Spokane last Sunday, where she underwent an operation at the Sacred Heart hospital. Mrs. Blum left for Spokane today and will remain with her daughter until well enough to come home. She is reported as getting along very nicely.

Three carloads of livestock were shipped out of Kendrick Wednesday. A car of cattle, another of sheep and one of hogs made the shipment.

Presidential candidates will deliver speeches at the Red Cross Pharmacy every day. They will speak in their own voices by means of phonograph records. Lodge, McAdoo, Harding and Palmer are already here and the other candidates are expected soon. The public is invited to hear them daily.

Leland Items—A Nez Perce County farm bureau meeting of the pest control project was held in Leland, Wednesday, March 17. 408 quarts of oats were mixed with poison and distributed to farmers of the community, representing a cost of \$120. Wm. Behrens is the project leader.

Southwick—The children who were victorious in the spelling contest at Leland Friday evening were Lloyd and Elma Stalnaker and Dannie Ziemann. These children will attend the final contest given at Lewiston next Saturday. Southwick hopes they will be fortunate enough to "lick" everything in sight.

Mr. and Mrs. Julius Hoppe were Lewiston visitors Monday on business. Returning Tuesday.

## Receives Stall

Kendrick's Main street doesn't look the same these days—for it's minus Ed Deobald's old Dodge roustabout car, known locally as old "Imogene." It was taken into the Kendrick Garage Monday after standing forlornly on the street for more than a month—having been replaced by a new Chevrolet pickup.

But contrary to what many may believe, "Imogene" will not be junked. It has been assigned a "stall" inside. Ed says that like a faithful horse it has earned a rest—having traveled well over the 100,000 mile mark—and towed all kinds of machinery from a model T flivver to tractors in its long career as a service car. "Imogene" is still in good operating condition, despite the long mileage and its age—1921 being the date of her "birth."

## Streets in Fine Shape

Last Thursday Ed Dammarell and Ed Brown, state maintenance crew men, used part of the day in shaping and smoothing up Kendrick's Main street and the street is now smoother and in better shape than it has been for a long time.

If some method of draining the big "duck pond" on the corner near the Arthur Perryman home could be devised, Main street could be said to be in "top" shape.

## My Easter Song

There is a song in my heart for you,  
A song on this Easter Day;  
Singing of skies that are always blue—  
Of the stone that was rolled away.

Singing of hands that were nailed  
for you,  
Nailed to the cruel Cross;  
Singing of love that was ever true—  
Singing of gain through loss.

Turn from the things that would  
weigh you down,  
So little and weak and wrong;  
Glad years will bring you a golden  
crown—  
That is my Easter song.

— Bert Gamble.

## PIONEER KENDRICK MATRON PASSED AWAY MARCH 12

Mrs. Stella Plummer, a resident of Kendrick for many years, and known throughout the entire Potlatch section, died in the Sacred Heart hospital, Spokane, Wn., Tuesday, March 12, 1940, at 1:15 a. m. at the age of 55 years. The immediate cause of death was sleeping sickness.

Mrs. Plummer was born in Fall Creek, Ill., in 1886. She came with her parents to Kendrick, and has resided here continuously since that time.

She was married to the late Ralph L. Plummer in Moscow, Idaho, and is survived by two daughters and one son: Jayne Craig, Kendrick; Gracie Poulos, Sacramento, Calif.; and Jack Plummer, Sacramento, Calif.; one brother and one sister, Sidney Browning, Baker Oregon, and Nora Ball, Payette, Idaho.

She was a kind and loving mother, a loyal friend and neighbor, and loved by all who knew her. Pallbearers were Harold Hanson, Howard Sloan, John Waide, Edgar Long, Emulus Brown and Clarence Dougherty.

Funeral services were held from the Kendrick Methodist church at 2:00 p. m., Friday, March 15, with the Rev. Wm. S. T. Gray officiating. Interment was in the Kendrick cemetery.

Singers were Roy Ramey, Wm. Fitzpatrick, Myra Kanikkeberg and Mrs. D. A. Christensen, accompanied by Mrs. Herman Schupfer. They sang, "Beautiful Isle of Somewhere," "Will There Be Any Stars in My Crown," and "God Be With You 'Till We Meet Again."

A poem, "You Are Gone," found among obituaries of her late husband, and other relatives, was read at the funeral services.

## Card of Thanks

We wish to express our deep gratitude and appreciation to the many kind friends and neighbors who so willingly aided us during the illness and passing of our mother. Also to those who gave the beautiful floral offerings.

Mrs. Ivan Craig,  
Mrs. G. K. Poulos,  
Jack Plummer.

## PERSONAL MENTION

Jack Plummer, Mrs. G. K. Poulos and Mrs. Ivan Craig left Sunday for Sacramento, Calif., after having attended the funeral of their mother, the late Mrs. Stella Plummer. Mr. Plummer and Mrs. Poulos reside at Sacramento, while Mrs. Craig accompanied them home for a visit of several weeks.

M. Franssen of Pomeroy came last Wednesday to take his wife home, after she had spent a week visiting her sister, Mrs. Rose Farrington.

Frank Homer Rider came home Saturday night from the U. of I. to spend Sunday with his parents. They took him back Sunday evening and while there called on Mrs. Don Kinzie, who will be remembered here as Miss Iome Reiman.

## To Hold Meeting

Monday afternoon State Traffic Officer Harold Hanson, and State Brand Inspector Otis Stone were in town in the interests of the new state "Brand Transportation and Meat" law. They announced that on Monday, March 25, at 2:00 p. m., at the City hall, a public meeting will be held to explain this new law and they urge that all farmers, stock men and truckers attend this meeting, which will be in charge of Walker Lemons, State Brand Inspector.

This meeting is not in any way connected with federal farm acts, but is a state law with very stringent provisions, and it is important that all handling horses and cattle in any way be acquainted with its provisions.

## Closing Date March 31

H. F. Koster announces that the closing date for the acceptance of 1939 Agricultural and Range Conservation applications has been established as March 31, 1940. The Latah County Agricultural Conservation association, Moscow, Idaho, therefore, cannot accept any original applications for payment under the 1939 Agricultural and Range Conservation programs subsequent to March 31, 1940. He also stated that any claim for adjustment of payments under the 1939 Agricultural and Range Conservation programs must be filed within fifteen days after the check issued under the original application is delivered to the applicant.

The Girls' League of the Kendrick High school are sponsoring a card party on Wednesday, March 27. Everyone is invited to attend.

## Basketball Game Riot

Thursday evening of last week one of the most exciting basketball games of the entire season took place in the Kendrick gymnasium, the members of the Kendrick Commercial club accepting the challenge of the Kendrick School faculty to meet them in a game of basketball.

The opening toot of Referee Jim Kuykendall's whistle saw Wade T. Keene and Hank Emery take their places in the center circle for their respective teams—and then the fun began — with Frank Abrams, R. L. Blewett and Edgar Dammarell sparking the Commercial Club to a 30-26 victory over the challengers.

After the first toot of the whistle, Referee Kuykendall threw away the rule book, and the riot was on, the game being replete with end-runs, line bunks, fumbles, scrambles, fouls galore on the part of both teams—with Kuykendall's eyesight suiting the Commercial Club to perfection—and the Faculty equally well.

The Commercial club lineup consisted of "sparkers" Frank Abrams, R. L. Blewett and Edgar Dammarell; substitutes Wade Keene, Norla Callison, Fred Newman, Bill McCreary and Garth Hill.

The Faculty lineup consisted of "sparkers" Ross Armitage, Bill Fitzpatrick, L. W. Mason; substitutes Don Lyle, Harold Abrams, Dick Fry and Hank Emery.

On Friday morning following the groans and complaints of all concerned about sore muscles and big bruises could be heard the length and breadth of Main street.

It was a game well worth the admission price—nothing—and for a wonder nobody was heard to ask for their money back.

## Roy Ramey, Jr., Honored

Roy Ramey, Jr., Kendrick, was one of 10 University of Idaho basketball players who earned letters during the past season.

He was the only man on the squad to receive an "I" blanket as well. Blankets are awarded to players in any major sport who earn three letters. Team mates honored him by electing him co-captain at the end of the season, with Bill English, senior guard from Wallace.

Ramey ended up in seventh place in the northern division of the Pacific coast conference with a season total of 123 points. He made 53 field goals and 22 free throws, and was called only 25 times for personal fouls.

## Arlene Deobald Honored

Arlene Deobald, Kendrick, freshman, is one of the new members of Kappa Phi, national Methodist church women's organization represented at Idaho.

## Loading Logs

Wm. Dahmen and sons are mighty busy these days loading logs from their big decked pile just below the depot, and at the same time hauling with their trucks to complete the shipment, which is expected to consist of some 300,000 log feet.

Mr. Dahmen uses a log jammer mounted on a flat car, and makes short shift of the work of loading a car. His big trucks, dual drive 10-wheelers haul at approximately three truck loads to a car load.

To those unfamiliar with this type of work it is a very interesting sight to watch, and there is always a good-sized "gallery" in attendance.

## INTERESTING NEWS ITEMS FROM KENDRICK SCHOOLS

Any one can see by the looks on the students' faces after the nine-week quizzes have been taken and report cards handed out—that they are greatly relieved. The reports were given out Wednesday, and now we'll have no more cramming until the end of the year, when the final examinations must be taken. It's certainly a good thing, too, with spring here, and all.

## Junior Prom

At last a definite theme and date for the annual Junior Prom have been decided upon. It is to be held Friday evening, April 12, with the theme, "Fairland" prevailing. As in the past, this is a program dance. Invitations, which will be sent next week, must be presented at the door for admittance. Several orchestras are being considered and just as soon as they tell us the one chosen, we'll let you know. Though the Seniors of this year gave an excellent Prom last year, the Juniors are hoping that theirs of this year, will be even nicer. With little dwarfs, bunnies, owls, squirrels, etc., it's bound to be clever.

## F. F. A. Banquet

The annual Future Farmers Parents-Sons banquet is to be held tomorrow night (Friday). Only the parents of the boys in this organization and a few visitors from other chapters will be entertained. The dinner will be prepared by the M. E. Ladies Aid.

The World History class held a debate Monday and Tuesday during the class period, the question being: Resolved: "Napoleon Did More Good Than Harm to the European World."

Defending the affirmative were Evelyn Farrington, Barbara Davidson, Estelle Davis and Almy Bailey, while Leona Wilson, Warney May and Davida Craig and Janette Galloway took the negative. Lois Deobald acted as timer, the rest of the class being judges. They awarded the decision to the negative.

## Card Party

The Girls' League card party, scheduled for the evening of Wednesday, March 27, has been the chief cause of work and worry for that organization for the past week. The committee in charge are Marie Havens, Velma Mills, Loes Deobald and Winnie Havens. This party is for the purpose of raising money to buy a curtain for the gym stage.

## Senior Play

The date of the Senior play, Monday evening, April 1, being less than two weeks away, the Seniors are working like everything on their production, "China Boy."

## P.-T. A. Meeting

The P.-T. A. meeting held Monday evening in the High School auditorium was especially enjoyed by the goodly crowd in attendance.

Mr. and Mrs. Raymond Gussick of Lewiston presented a group of violin pupils from that city for our entertainment.

A short business meeting followed in which delegates were named to attend the state convention in Lewiston next month. The nominating committee presented candidates for the executive committee for next year, which were elected as follows: Mrs. Kanikkeberg, president; Mrs. L. D. Crocker, vice-president; Mrs. H. C. Schupfer, secretary and Mrs. Paul Lind, treasurer.

Following the business meeting a most interesting talk was given by Miss Reid of Lewiston, who had spent last year in Europe. She spoke of general conditions there; the attitude of the people toward the war, and told of European schools.

The meeting then adjourned to the D. S. room, where refreshments were served.

## Pot-Luck Boy Scout Dinner

Last Friday evening 25 Boy Scouts and their parents enjoyed a delicious pot-luck dinner, prepared by mothers of Scouts and other women of the community.

Scout Executive Herbert West gave a very interesting talk on "Scouting" and showed some excellent pictures of Scouts in summer camp at Camp Laird. Twelve of the boys, dressed in Scout uniforms, gave a candle lighting service centering around the Scout laws and oath.

"Pee-Wee" Thomas, "Heartbreaker" Daugherty and "Slim" LaHatt gave a few vocal selections which were greatly appreciated.

Scouts "Punk" Johnson and "Pee Wee" Thomas played "The Spirit of '76," Taps, etc., on their instruments, and patrols entered into various contests by way of entertainment.

It is hoped that the boys can get their dads together in the near future and take a Dad-Son hike. Maybe they can show old how to prepare a meal as the "cave men" used to do 'er.

## NO IMPORTANT CHANGES IN GRAIN SITUATION

Reports on crop conditions continued to show poor prospects both in the United States and Europe, with the extent of damage still uncertain, states the Agricultural Marketing Service in the Weekly Grain Market Review. United States winter wheat made some growth in the southern sections of the belt but was still dormant in northern and northwestern areas. The crop was reported in fair condition in the Ohio valley. Fields were greening in the Texas Panhandle with conditions fairly good both in that state and in Oklahoma. Fields were also turning green in eastern Kansas but were still dormant in western sections of that state and Nebraska.

European weather is milder and navigation is expected to open on the Danube shortly. Prospects in the Balkans are mostly below normal and acreage in Roumania is reported officially as 20 per cent under last season. Reports indicate that strenuous efforts are being made in a number of European countries to increase spring acreage to offset winter damage.

Wheat futures markets at Portland declined about 1c per bushel during the week ending March 15, influenced by lower quotations at important midwestern markets. Cash wheat markets also declined 1c per bushel on principal classes along with futures, as compared with the previous week. On March 15, cash wheat quotations at Portland were: Soft white and western white, 82½c; western red, 82, and hard red winter 82c per bushel, all basis No. 1 grade in bulk. Wheat receipts at Puget Sound and Columbia river terminals were fair at 647 cars for the week.

### Vaccine Season At Hand

From the office of the state Bureau of Animal Husbandry comes the following:

"The season for the reoccurrence of encephalomyelitis, commonly known as 'brain fever,' will soon be with us again. Now is the time to consider seriously vaccination of all horses, especially in areas where the disease has been more or less prevalent. It is recommended that animals be vaccinated in April, and not later than May. This is very good insurance against the disease from an economic standpoint as well as a gesture you owe your animals against possible suffering from this disease.

"Remember that the latest chick-embryo vaccine is practically 100 per cent protection and is sold at further reduced prices this year. Consult your local veterinarian and have this work done by a qualified man trained to properly administer this immunization."

### Isn't Hardy?

If you think the modern young woman isn't as hardy as her pioneer grandmother just take a look at the pictures of Miss 1940 who swims in a pool after the ice has been broken and does her skiing in BVD's.

### Time To Keep Chickens Up

With the coming of spring it behooves all and sundry to keep their chickens properly impounded in their pens, for now is the time of year when they really are pests.

The Village has an ordinance regarding this matter, and Edgar Long, Village Marshal, announces that it will be enforced.

"OLD SOAK"

...Since we got our Electric Water Heater

● When you start enjoying automatic, electric hot water service, you'll find it's hard to believe you ever had to ask, "Is there any hot water?" It means the end of tea-kettle hunting....goodbye forever to running to the basement to light the heater and waiting for water to heat. Modern hot water service means all the hot water you want, when you want it. Just a turn of the faucet and it's there...ready for baths, dishes, for morning shaves and every housecleaning need. **AUTOMATIC, ELECTRIC HOT WATER SERVICE IS CHEAP!**

### Hollywood Cavalcade

Hollywood stages anew its own romance in the story of Mike, who wanted to make movies, and Molly, who wanted only to be loved by Mike, but who was swept to fame on the screen. 20th Century Fox traces the romance of Hollywood from bathing beauties to world premieres, in Hollywood Cavalcade, starring Alice Faye, and Don Ameche and filmed in technicolor.  
There are bathing beauties ranging in styles from the gay nineties to

the present abbreviated bathing—and entertaining highlights 1,000 thrilling yesterdays. Be the two leading characters, you again behold that old-time eyed comedian, Ben Turpin, and dead-pan Buster Keaton.

### Training School Be Held

A special training school for pective census enumerators will be held in Moscow at the Courthouse all day, March 22 and 23, starting at 9:30 a. m. each day.

**EDITORIAL**

Well, Folks—This time we can really say that it "looks like spring has sprung." Folks can be seen in all the stores buying garden seeds, garden tools, and scratching in the earth. Small boys are playing marbles, rolling hoops, playing catch, and hosts of other activities that say "spring" in here.

"Somb ob us bay hab a gold ind our 'ed," but by golly the symptoms of spring fever may be seen everywhere.

Along with green grass comes increased milk and cream production. Cash in on them. Bring the cream to us — get cash. Why ship and wait for a can and the check? Bring in a can—take out the check.

Like buttermilk? Try ours. It is said to be mighty good for spring fever. It hasn't helped our much, but maybe it will your case. Anyway, try it!

"But darling, if I marry you I'll lose my job."  
"Can't we keep our marriage a secret?"  
"But suppose we have a baby?"  
"Oh, we'll tell the baby, of course!"

Bill: "Marry me, darling, and I'll make you the happiest wife in forty-eight states."  
"Not me, big boy. None of this life in a trailer for me."

Hubby: "And now that we're married, I'll never leave you alone for a single night."  
Wife: "Why, you suspicious thing!"

"How did you stop your husband staying late at the club?"  
"When he came in late I called out, 'Is that you, Jack,' and my husband's name is Robert."

Like buttermilk? Try ours.

### Do You Want More Taxes?

The writer of this article has read everything obtainable, both pro and con regarding the new proposed "Sales and Use Tax," and if the people of Idaho considered the old tax a nuisance and unnecessary, all they need to do is to vote the new one in to really find out what a Sales and Use Tax is all about.

Under the terms of the proposed law no sale of 5c or over would be exempt, in other words, everyone would have to run around with a pocket full of hickies similar to the "Martin Doughnuts" so cordially disliked by the people of Washington. Under its terms everything you purchased for your home, your table, your children or yourself, with the exception of the gasoline burned in your car or truck, would be subject to a tax of 2 per cent, payable with cash or "doughnuts."

This tax is said by its sponsors to be for school use, and that it would reduce the school taxes on real property, however, here is the joker: It is proposed that this tax be paid into the general fund of the state, no provision is made for the use of the surplus that may accrue, and the only figures which we have been able to obtain, state that the school tax levy could be lowered 2.59 mills! My, Oh, My, what a reduction—in other words it is just the opportunity of getting people to vote another tax upon themselves under the guise of "school needs."

Think, and think well before you sign any petition to place this tax upon the ballot. If you're not in favor, and we have yet to meet a single person who was—don't sign the ballot petition.

Mr. and Mrs. Elmer McCoy spent Sunday at the Harve Triplett home.

### Definite Signs Of Spring

Everything pointed to spring with a very definite finger Sunday, for it was a beautiful day. Many could be seen out working in the yards, raking leaves, pruning shrubs, and doing other spring chores.

Perhaps a still more definite sign, however, were the carloads of squirrel hunters departing town in all directions, and if all reports may be believed, a lot of the little pests "bit the dust."

Another sure indication was the number of newly washed and polished cars appearing on the streets, some of which hadn't been washed since last fall.
