

# KENDRICK GAZETTE

VOLUME L

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JUNE 13, 1940

NO. 24

## WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

J. M. Woodward, one of the Potlatch highway commissioners, was in Kendrick the first of the week. He states that most of the Main street of Leland has been covered with eight inches of crushed rock; also several of the worst places in the roads near Leland have been surfaced with crushed rock. This is the beginning of better roads from Leland and is a big step in the right direction. Mr. Woodward says that the commissioners believe if the worst spots in the roads in their district are surfaced, so they will be the best places in the road, the people will see the improvement and will demand that all their roads be built with hard surface.

The Kendrick Roller mills received a load of Big Bend Blue-stem wheat last week. It came in Friday morning and that evening bread was baked in the local bakery, made from flour ground from this wheat. Nothing slow about Kendrick.

Mr. and Mrs. Claude Craig and Mr. and Mrs. Oral Craig of Leland started on a fishing trip the first of the week. They expect to visit points in Washington and Oregon before returning home.

Clarence Fry, Elmer Shingler, M. E. Newhall and Mr. Denning of Moscow started on a trip by automobile to California last Saturday. They will make the trip in Mr. Fry's car, which is equipped with one of the most complete camping outfits one could imagine. The entire equipment, with the exception of a suitcase for each one of the party, is carried on the running boards of the car. The party expects to be gone about two months. Mr. Fry is going for the purpose of looking for a location, if he finds land there that suits him, he will sell out here and move to California.

Edward Sturdevant brought some spring wheat to this office last Saturday that measured four feet in height. It had not started to head. Mr. and Mrs. Ted Watts spent Monday with the Dunkle family. Dr. Watts expects to go east soon to take up special post graduate work in his profession. He is a brother of W. A. Watts of American ridge.

The bread now being turned out by the Kendrick Bakery is made entirely from home-made flour. Mr. Raby, the Kendrick miller, is making a flour especially for the bakery that seems to be the best ever. The general sentiment is that it makes the best bread of any flour the bakery has tried yet. Nothing like home products.

Funeral Items—Mrs. Vaughan and son Fred spent Wednesday with Mrs. Ed. Darby. Mr. and Mrs. Claude Ellinger and children of Cavendish and Mr. and Mrs. Elmer Hudson and baby spent Saturday at the McPhee home. Mr. and Mrs. John O. Carr and Mr. and Mrs. Frank Abrams and children were visitors at the George Garner home Sunday. Miss Viola Walker and Miss Gertrude Keeler were callers at the Smith home Saturday afternoon. Mr. and Mrs. Charles Mulkey and son Delbert and the Misses Anna and Leah Smith and Master George were guests of Mr. and Mrs. Ed. Fonberg Sunday.

## Return From Big Hunt

A week ago last Saturday Archie May of Leland, and his son, Walter May, American ridge, returned from an 11-day grizzly bear hunt in the wilds of upper Canada, and from all reports that we have been able to obtain, it was indeed a thrilling and worthwhile experience.

Mr. May stated they saw nine grizzly bears and one black; seven caribou, something seldom seen at this season of the year; and almost countless moose. And as for fish, Mr. May remarked that when you offered them bait it was a good idea to be behind a rock or well hidden in the boat, as they were almost ferocious enough to attack a man. The couple brought back with them a nice quantity of these big fish, smoked to the queen's taste (we know we were given a liberal sample).

They also brought back with them a grizzly bear hide and head that would make a fine trophy for anyone's collection. The trophy, however, seemed to be playing second fiddle with Mr. May when it came to telling of the trip—the fine fishing and the outing were the important events.

## Towns Show Increase

Four towns in Latah county and two in Shoshone county have gained substantially in population since 1930. Census Supervisor Jess Vetter of Coeur d'Alene reported last Friday.

Kellogg's official preliminary census figure was placed at 4,235, a gain of 111 in 10 years, and its Shoshone county neighbor, Smelterville, was credited with 1,268, a gain of 313.

In Latah county, Deary had 319 residents, up 24; Genesee 678, up 123; Juliaetta 336, up 72; Kendrick 407, up 44. Moscow's chamber of commerce, offering 50 cents for each name added to the list, continued its drive to boost the total to 6,000 from the preliminary figure of 5,956.

## Deer Being Seen

Wednesday, Mrs. M. A. Deobald reported seeing, for the second time this year, a fine doe deer along the road between her home and Kendrick, and deer have been reported seen in other sections of the canyon as well.

It is sincerely hoped that someone with a rifle and a homicidal instinct will not obtain a glimpse of them.

## Weather Warming Up

Sunday morning the weather in this section showed definite signs of warming up, the thermometer hitting a high of 84 for the day.

Monday Old Sol did a still better job of it, the mercury climbing to a high of 92 degrees. (Some Lewiston visitors reported 100-plus in that town at the same time.)

Tuesday the mercury hit a high of 88, low hanging clouds taking away some of the heat but increasing the humidity and "sultry" feel.

These warm days have made those with hay down, smile, for it is really haying weather when the mercury gets into the 90's.

Beans are also said to be "going to town," and wheat growing like weeds.

On Wednesday the weather man really went to work, the mercury indicator crawling up to the 96 degree mark.

No figures are available on the Lewiston temperature, but we'll wager it was well above the century mark, and Spokane radio reports said the hottest June 12 in the history of the weather bureau there.

## FLORIAN SCHUPFER, JULIAETTA PIONEER, LAID AT REST

Florian Schupfer, one of the very first settlers of the Juliaetta section, passed away at his home in that place on Wednesday, June 5, 1940, the immediate cause of death being old age and its complications.

Mr. Schupfer was born in Steiermark, Austria, March 4, 1854, making him 86 years, three months and one day old at the time of death. In 1879 he met and married Miss Aloisia Gabel at Steiermark. He, with his wife and two children, came to America in 1883, landing at Lewiston, and coming directly from there to Juliaetta, where later three children were born to them. The children, all of whom survive, are Mrs. J. W. Noble, Vancouver, Wash.; Mrs. C. E. Noble, Juliaetta, Mrs. W. F. Behrens, Juliaetta; Mrs. J. M. Hedler, Juliaetta; Joe Schupfer, Ripon, Calif.; two brothers, Robert Schupfer, Spokane, Wash., Klement Schupfer, who resides in Austria; eleven grandchildren and four great-grandchildren. Mrs. Schupfer passed away in April, 1937.

Mr. Schupfer was rephaps one of the best known settlers of that entire region, having spent more than 57 years at Juliaetta. When he arrived there he soon saw the possibilities of the section and homesteaded, part of which land is now part of the B. C. Custer place, and the town of Juliaetta stands on what was part of the original homestead.

Funeral services were held Saturday, June 8, first a short service in the German language at the home, at 2:00 o'clock, and regular funeral services in the Zion Lutheran church, of which he had long been a member, at 2:30 p. m. in the English language, with Rev. E. E. Krebs delivering the sermon.

Singers at the service were Mrs. Ben Dornies and Miss Irene Dornies of Lewiston, accompanied at the organ by Mrs. E. E. Krebs.

Pallbearers were George F. Denner, Dave Denner, Tom Denner, Walter Denner, Martin Denner and Herman Denner.

## Card Of Thanks

We wish to express our gratitude and heartfelt thanks to the many kind friends and neighbors who gave us aid and sympathy during our late bereavement, in the death of our father, Florian Schupfer.

Mr. and Mrs. J. W. Noble, Mr. and Mrs. C. E. Noble, Mr. and Mrs. W. F. Behrens, Mr. and Mrs. J. M. Hedler, Joe Schupfer.

## State Future Farmer Convention

The state Future Farmer convention and livestock judging contest will be held at Moscow on July 8 and 9. All Future Farmer chapters of the state will be represented.

At this convention the annual program of work for the succeeding year is established, state Future Farmers are selected on the basis of their achievements and other future farmer business is discussed.

There is also a judging contest, consisting of two classes of sheep; two of beef cattle and two of swine. The winning team in this contest is given a free trip in October to the National Future Farmer convention and livestock show at Kansas City. This is a real trip that every prospective Future Farmer should work to take.

## "Everything Happens At Night"

Sonja Henie, but even Sonja never thrilled you as she will thrill you in her latest (and best) picture—"Everything Happens At Night." Mysterious danger, romance and excitement exploding into laughter! And—shimmering ice and snow and performances she alone can give. A picture thrillingly different. For with every thrill of romance there's another thrill of danger. The story is centered around Dr. Hugo Norden, a political refugee in Switzerland, who was supposed to have been assassinated—and then things began to happen. This picture will be shown at the Kendrick Theatre this week-end.

## Trip To Camp Laird

Several Kendrick Scouts went to Camp Laird near Potlatch Sunday and saw this beautiful camp, located in the St. Maries National Forest. This camp offers wonderful recreational opportunities for Boy Scouts.

It is to be hoped that all the Scouts in the Kendrick troop can attend this camp.

## STREET OILING FINISHED MONDAY EVENING

The permanent oiling operations on Kendrick's Main street, running from just below the Ed Brown home on the east to the city limits on the west, were finished Monday evening, the program having been held up two days by rain, and how we ever got along without it before, all the residents wonder.

It was first reported that the permanent oil would stretch just from the Ed Brown home to Bridge street, due to the lack of crushed rock surfacing available from there to the city limits, and that the section from Bridge street to the limits, "dust oiled," but with the beginning of operations by the state crusher near the Anderson place, it was possible to get rock, and this section was also put into the permanent oiling program, not, however, from curb to curb, but a 22-foot wide strip through the center of the street, there being no concrete curbs and gutters located in that section.

The oil operators advise us, however, that they will be back this time to "seal coat" and roll Main street. The "seal coat" consisting of a very heavy oil sprayed on the top of the present street, and possibly some "rock dust" added and rolled in to seal it all against the possibility of moisture seeping through and causing "heaving and breaking through."

The village trustees have at this time the matter of the oiling of the schoolhouse hill before them—and the "grapevine telegraph" has it that this work will be done as soon as satisfactory arrangements can be made with some contractor. When carried through this program will indeed complete the joy of all the merchants and residents at not having to "eat dust" all the time.

James Reid, state highway engineer, was in Kendrick Tuesday looking after road matters, and stated that since the road roller was close at hand it could be borrowed from the state—which was done, and Edgar Dammarell, highway maintenance boss here, was riding the jiggly thing up and down Main street Tuesday afternoon and Wednesday morning, making a nice, smooth surface.

## Form Softball Association

A meeting was called on June 5, 1940, for the purpose of organizing a softball league in Kendrick. A motion was made, seconded and carried that the league be called the Kendrick Softball Association.

At the election following, Ross Armitage, F. W. Newman, George Brocke, Dick Blewett and Ted Mielke were elected directors. Ross Armitage was elected chairman and Ted Mielke, secretary-treasurer.

A motion was made, seconded and carried to adopt the following rules:

1. There shall be one official umpire.

2. Each team shall be permitted to have 12 players.

3. The name of each player must be filed with the secretary of the organization.

4. Ross Armitage (as team manager) may play any Grade or High School student or any member of the Kendrick school faculty.

5. In case of team being short of players, said team may play any person whose name does not appear on any other list.

6. Equipment used is to be purchased by the association, with said equipment to be available to any team at any time.

7. Only manager or captain of a team may protest decision to umpire.

8. Games are to be played on Mondays, Tuesdays, Thursdays and Fridays.

9. League play shall start as of June 10.

10. A record of each game, consisting of hits, runs, errors, etc., shall be given to the association secretary.

The playing of these games, free to the general public, has aroused a great deal of interest in and about Kendrick, and this association will undoubtedly go a long way toward improving the interest by providing a regular schedule, and see that the games proceed in a clean-cut manner.

## Lewis-Clark League Play

The Kendrick baseball nine, a regular member of the Lewis-Clark league, won one and dropped one game in a double header at Lepwal last Sunday.

Kendrick won the first game, 6-5, and dropped the second, 8-0.

The loss of the second game was largely due, it is said, to a lack of relief pitchers for the team.

This coming Sunday, June 16, Kendrick will play Orofino here on the local diamond at 2:30 p. m. There has been a noticeable lack of turnout at these local games, and it is sincerely hoped that a good crowd will be in attendance.

Three games yet remain on the Kendrick calendar for this season.

## Many Logs Being Shipped

There has been shipped some 240 carloads of sawlogs from Kendrick since about March 1, and it is estimated that there are still some 250 or more carloads that will leave here before the season closes. Mr. Ramey says he would not be surprised if the number reached well over the 500 mark before fall.

This, of course, does not include the large amount of logs that are being hauled to the Thomas sawmill to be made into lumber, which, we understand, will be shipped green, as room for piling lumber or log storage is scarce along the railroad right-of-way.

## WHAT KENDRICK FOLKS DID OVER THE WEEK-END

Little Patty Brooks returned home Sunday from Pullman, where she had been visiting the past week in the home of Mr. and Mrs. Gus Blum and family.

Mr. and Mrs. Clyde Hawks and Mr. and Mrs. Ansel Cleland of Craigmont visited Sunday with Mr. and Mrs. Ward Howell and family, who are spending the summer with Mrs. L. Ameling.

Leon Lind came Tuesday to spend several days with his parents, Mr. and Mrs. Paul Lind.

Mr. and Mrs. Jonas Parshal of Bonners Ferry spent last week visiting in the home of Mr. and Mrs. R. L. Blewett.

Mr. and Mrs. Hiram Galloway and daughters spent Sunday with Mr. and Mrs. Pete Benscotter on American ridge.

Rev. and Mrs. Wm. Gray left on Tuesday for Tacoma, where they will attend the Methodist conference this week.

Don Spencer of Coeur d'Alene is spending the week here visiting his grandparents, Mr. and Mrs. George Leith.

Wade Keene attended a meeting of the Lewiston Grain Growers at Lewiston Monday. Mrs. Ira Havens accompanied him.

Rev. Wm. Gray drove L. S. Thurber to Grangeville last Friday. Mr. and Mrs. O. E. Havens and Winnie were passengers. Mrs. Havens and Winnie stopped off at Cottonwood while Mr. Havens went on to Grangeville to assist Mr. Thurber in packing his stock in preparation to move it here. He will open up for business in the room next door to the post-office.

Mrs. Marvin Long had as dinner guests on Saturday Miss Jimmie Williams and the Misses Nellie and Pearl Campbell of Pullman.

Miss Marion Lowery of Ellensburg, Wn., is here visiting her sister, Mrs. Marvin Long for a few days this week, before leaving for Seattle, where she will attend summer school at the U. of W.

Mr. and Mrs. Ed. Goodman of Lewiston were callers in the W. A. Watts home Wednesday.

Mrs. W. A. Watts, accompanied by Bob Watts and Rilla Davidson drove to Coeur d'Alene last Thursday, where they spent the day with Mrs. John Waide.

Dr. and Mrs. G. W. McKeever and daughters were Spokane business visitors last Friday afternoon.

C. A. Baxter of Spokane, and L. M. Baxter of Portland, Ore., were dinner guests in the home of Dr. and Mrs. G. W. McKeever Tuesday evening.

Mr. and Mrs. Jack Johnson, accompanied by Miss Garvey and Jerry Herres, drove from Spokane here Saturday night to spend Sunday with Mr. and Mrs. L. J. Herres. The group drove to Orofino Sunday, where they enjoyed dinner with Mr. and Mrs. Wayne Herres and family.

Jerry and Billie Herres, granddaughters of Mr. and Mrs. L. J. Herres, are visiting their grandparents here this week.

Mr. and Mrs. L. Mason drove to Endicott, Wn., Sunday, to bring Mr. Mason's grandmother, Mrs. Sarah Mason back to visit several weeks in their home.

Mr. and Mrs. Clarence Hund and Mrs. Elwood Pearson were Lewiston and Clarkston business visitors on Monday.

Mrs. Jonas Johnson, Seattle, Wn., Mrs. L. Erlach, San Francisco, Calif., and S. C. Stevens, Portland, Ore., visited last week-end at the Everett Fraser and J. L. Johnson homes.

Mr. and Mrs. Jay Stout will leave Friday evening for Lewiston, where they will join Mr. and Mrs. Harry Clark of that place, and then all will go on a vacation trip through Canada, into Yellowstone National Park, thence home via the extreme southern route. They expect to return about July 1.

F. B. Higley and daughter, Mrs. M. C. Harding, of Nezperce, left Saturday by train for Pontiac, Mich., where Mr. Higley will take delivery of a new car. They will spend some time visiting relatives and old-time friends in the east before returning via a southerly route.

Mr. and Mrs. H. C. Schupfer and daughters left Friday by train for Detroit, Mich., where they will take delivery of a new car. They will go to Missouri (providing they can get passports) for a visit and will probably return via Arizona and California. Phil Johns is taking Mr. Schupfer's place with the W. W. P. Co. during his absence.

Mrs. R. H. Ramey was a Spokane visitor Monday, returning the same day.

Roy Long visited home folks the first of the week.

Tom Keene returned home from W. S. C. the first of the week, the school year being over at that institution.

Jan. Fonberg was a Moscow visitor on Monday on business.

Mrs. Jo Carroll was a Moscow passenger and return Wednesday.

Mr. and Mrs. R. E. Humphrey of Pateros, Wash., and Mr. and Mrs. Russell Humphrey of Electric City, Wash., were Friday visitors at the home of Mrs. Eva Perryman. The Humphreys are old-time residents here.

Mrs. Eva Perryman was a passenger for Spokane Wednesday morning.

## On Your Vacation Trip

See the American Alps and the Blue Danube in your own state. And if you have time try Maine, Florida, Texas, the mountains of Idaho and Washington, the west coast and the northern border.

## Clover Dodder a Field Menace

In cutting your alfalfa or clover, if you find little thread-like vines clinging to the alfalfa or clover stems, you can be fairly assured that it is a weed known as dodder.

Where does it come from? It generally comes from sowing impure seed or spreading manure which contains the seed on the land. What should you do with a small patch in your field? As soon as the hay is cut and cured, remove it. Cut the dodder off close and allow it to dry for two or three days. Cover the patch with straw, add some kerosene, and burn. Then hoe ground and allow to remain idle for two or three weeks. Repeat this same operation and this should kill the dodder. Remember, however, that dodder seed is very viable and will live over in the soil from five to seven years.

Another method of treatment is to spray the soil with arsenic of soda, one pound to 10 gallons of water.

Do not spread manure on the ground that has come from dodder-infested hay as this will likely prove to be a source of reinfection.

## DOINGS OF SOUTHWICK NEIGHBORS AND FRIENDS

The Children's Day picnic, which was scheduled for last Sunday, was postponed for a week, and will be held June 16.

Mrs. Harvey Bales of Grangeville visited several days in the home of her parents, Mr. and Mrs. Nels Longeteig, last week.

Mr. and Mrs. George Benjamin were over-night guests at the home of their son, Milton and family, last Friday evening.

Mr. and Mrs. Julius Hoppe left last Friday for Nampa, Ida., to spend a week with their daughter and family, Mr. and Mrs. James McFadden.

Mrs. Ted Whitted and Roland Triplett are visiting relatives in Southwick.

A group of ladies from Cameron gathered at the Henry Brammer home Thursday and pleasantly surprised Grandma Meyer on her 84th birthday anniversary. Those who attended were Mrs. Herman Meyer and children, Mrs. Theo Meske, Mrs. Carl Koepf and Grandmother Brammer. Grandma Brammer remained overnight. Grandma Meyer went to the home of her son, Herman and family on Friday to spend some time with them.

Mr. and Mrs. John Stalnaker visited Sunday with Mrs. Donna Berreman.

Mr. and Mrs. Joe Tschantz were Sunday dinner guests in the L. J. Southwick home.

Mr. and Mrs. Arnie Cuddy and family visited the Ray Cuddy family at Gold Hill Sunday.

Mr. and Mrs. Dick Winegardner and family were Sunday guests in the Roy Morgan home at Gold Hill.

Mr. and Mrs. Earl Whittinger and James spent Sunday with Mr. and Mrs. Howard Southwick.

Mr. and Mrs. Glen Daggett and daughter were Sunday visitors in the Wm. Henderson home.

Those that spent Saturday in Lewiston were Mr. and Mrs. Harve Triplett and Mrs. Ted Whitted, Mr. and Mrs. John Phillips, Mr. and Mrs. Arnie Cuddy, Mr. and Mrs. Nels Longeteig, Mr. and Mrs. Gordon Harris and Earl, Virgil Harris and children and Mr. Schessler.

Saturday night and Sunday guests in the Nels Longeteig home were Mr. and Mrs. Wilber Corkill and family, Mr. and Mrs. Frank Cantril and family and Mrs. Tillie Miller and Grandma Holt, all of Pomeroy.

Mr. and Mrs. Oscar Slind called on Mr. and Mrs. Nels Longeteig Sunday afternoon.

Henry Bleck spent Sunday evening in the Herman Blum home.

Sunday dinner guests of Mr. and Mrs. Wm. Kauder were Mr. and Mrs. Darwin Tarry, Mr. and Mrs. Homer Betts and John McCoy of Colfax, who drove down Sunday morning and ate breakfast with Mr. and Mrs. Betts.

The John Jennings family of Coulee Dam are visiting in the Wm. Jennings home.

Mrs. Clarence Grant of North Bend, B. C. is visiting friends and relatives here.

Mrs. Shenaman and Mrs. Travis spent Thursday with Mrs. Stalnaker.

Grandpa Mustoe spent Sunday in the Gordon Harris home. Mr. and Mrs. Russell Rodgers were Sunday afternoon guests.

Mr. and Mrs. Given Mustoe and Mrs. Carl Mustoe spent Sunday evening with Mr. and Mrs. Otto Schoeffler.

The Milton Benjamin family spent Sunday in Juliaetta, attending the U. B. conference.

Mr. and Mrs. Clarence Henderson and Vera visited in the Earl Reeves home in Orofino Sunday.

Funeral services were held in the Community church Tuesday afternoon for Roy Wallace.

Aletha Bateman is assisting Mrs. Nels Longeteig with house cleaning this week.

Mr. and Mrs. Dave Schoeffler of Kamiah spent Sunday evening in the Earl Whittinger and Otto Schoeffler homes.

## Installs New Cold Cabinet

Rider's Food Store on Tuesday of this week installed a new ice cream cabinet and soda cooler, and began the selling of ice cream cones and soda pop Tuesday evening. This cabinet is a beauty and a fine addition to any establishment.

## Parents Of Son

On Friday, June 7, a 6½-pound son was born to Mr. and Mrs. Dallas Groseclose of Juliaetta.

## PACIFIC NORTHWEST WHEAT FIRMER — LIGHT OFFERINGS

Despite declines in both local and midwestern wheat futures markets during the past week, Pacific Northwest cash wheat markets reflected light offerings from growers and displayed an independently firm tone, states the Agricultural Marketing Service in the Weekly Grain Market Review. No appreciable increase in demand was reported from either terminal mills or exporters and market strength principally reflected the firm holding tendency of growers and light current marketings.

The general market situation in this area was featured by only moderate to light demand from all classes of buyers. Mill demand was not very urgent and exporters were not very active in the market. Only moderate sales of flour to the Philippines under the indemnity plan were reported. The lack of export outlet for Northwest wheat restricted demand from exporters. Demand from California was seasonally light. On June 7, at Portland, cash wheat quotations showed soft white, western white, western red and ordinary hard red winter all quoted at 73½¢ per bushel, basis No. 1 grade in bulk. Wheat millfeeds held about steady at values quoted early in the period. Crop prospects in the principal producing areas of the Northwest continued good to excellent, according to trade reports. Wheat receipts of only 384 cars at Puget Sound and Columbia river terminals during the past week indicated the light trading and movement in cash wheat.

The San Francisco wheat market maintained a downward trend during the past week, influenced principally by unsettled conditions in other markets and slow demand from central California mills and feeders. Prices were mostly 2½¢ to 5¢ per 100 lower compared with a week ago. Bay region mills reported slow flour business and were generally out of the wheat market except for small amounts to complete milling mixtures. Interest in feed wheat continued slack. Harvesting made good progress in the San Joaquin valley, but samples received from this section were quite irregular in quality, ranging in test weight from 45 to 63 pounds per bushel.

The wheat market was very dull during the past week with trading at Minneapolis mostly nominal, as buyers were reluctant to enter the market at the pegged minimum prices, close to which or upon which the market rested during the period. In the cash market premiums were unchanged. Minneapolis receipts totaled 605 cars for the period and Duluth 369.

Arrivals of wheat during the week at Kansas City were only 238 cars, compared with 283 cars the previous week. Demand was not broad and the daily receipts appeared to care for trade requirements. Millers reported very light flour demand.

Carlot receipts of wheat were extremely light in Chicago and demand was slow, although some mill interest occurred during the closing days of the week. Cash premiums were unchanged but firm, with buying only to bridge the gap until the new crop movement begins.

At Denver mills were bidding 61¢ per bushel, FOB Colorado common points for No. 2 hard winter and No. 2 northern spring.

While figures on world trade are incomplete, Argentine shipments totaled over three million bushels and Black Sea shipments were more than a million bushels. Influenced by disrupted world trade, inspections of United States wheat for export dropped to 325,000 bushels in May. This compares with 1,811,000 bushels for April when considerable quantities of Pacific Northwestern wheat were taken by Russia. The May inspections brought the season's July to May total to 22,699,000 bushels compared with 79,616,000 bushels inspected for export during the comparable period last season.

In the European Balkan states, both winter and spring crops showed improvement as a result of warmer weather. Reports were also more favorable from Spain and Italy. The crops in central and western Europe continued below normal, although improvement was noted in some sections. Wheat seeding was quite active in Argentina with indications of increased acreage.

## Softball Season Opens

The official softball season opened Monday evening on the local diamond, with the Electric Shop pitted against the Kendrick Bean Growers. Roy Ramey, as mayor, made a short talk and pitched the first ball of the season. When the smoke of battle had cleared away the official umpire of the association, Ira Havens, declared the "Beaners" the winners, as they were on the long end of the 20-19 score. Witnesses said that the contest greatly resembled a "Ring Around the Rosie" contest — however, darkness was closing in when it was over.

On Tuesday evening the Kendrick Kubs, under the management of Ross Armitage, took on the Blewett's Grocery nine, and at the end of the third inning had them squirming under a 9-1 handicap. However, the grocery team finally organized its defenses and at the end of its game the score stood 12-11. Blewett's.

Tonight (Thursday) the Kendrick Electric Co. plays the Kendrick Kubs and on Friday evening Blewett's takes on the Beaners.

Monday evening of next week will see the Electric and Blewett's lock horns, and Tuesday evening the Kubs and Beaners cross bats.

IT ALL ADDS UP TO THIS:  
with **Lower Electric Rates · · Lower Range Prices**  
almost everyone can afford to **Cook Electrically!**

"Last week I talked with a man and his wife...typical of hundreds of others...who thought they couldn't afford electric cooking. We went over their electric service bill and found that by using just a little more electricity their rate would be much lower. More than that, the money they are saving every month at the new low rates, we discovered, would go a long way toward paying for electric cooking. Their electric range was installed yesterday!"

Now's the time to start cooking electrically... benefit by lower electric service rates...lower range prices.

**KENDRICK COMMERCIAL CLUB HOLDS REGULAR MEET**

The regular monthly meeting of the Kendrick Commercial club was held in the City hall Monday evening, with 13 members present. Minutes of the last meeting were read and approved, after which reports of committees were called for—but none seemed to be forthcoming, with the exception of a special committee that had been appointed the previous month. Discussion was quite lengthy on this phase of town activity, but no definite action was taken as those who should be most vitally interested in this particular movement, were not present. The old committee was continued and another committee of merchants was appointed, with E. A. Deobald as chairman.

The announcement was made a few weeks ago that a fire warden was to be appointed for this district and that he would be located in Kendrick, but to date no definite information has been received as to whom it may be or when he will begin his duties as such. There have been a number of phone calls and inquiries regarding a warden from those who wish to burn slashings, old straw piles and other things, and they are very anxious to get a permit. Within another few days of this warm weather both grass and brush will burn like tinder—and it is to be hoped that we will not have to suffer another fire such as we had last year.

Officers for the ensuing year were to have been elected Monday night, but owing to the small attendance and the complete absence of the nominating committee, it was thought best to postpone it until next meeting.

**Family Reunion**

The J. L. Johnson home on American ridge was the scene of a large gathering of the family, honoring three guests: Mrs. Jonas Johnson, Seattle, Wash.; Mrs. L. Erlach, San Francisco, Calif.; and S. C. Stevens, Portland, Ore. Mrs. Johnson and Mr. Stevens are sister and brother of Mrs. J. L. Johnson.

A bounteous dinner, to which all had contributed, was served cafeteria style, to forty-one people. Relatives attending were Mr. and Mrs. Edwin Brandon and family of Cataldo, Ida.; Mrs. Maude Finnell, Mr. and Mrs. Neal McGraw and son and Mr. and Mrs. Wesley Oylear, all of Kellogg, Ida.; Mr. and Mrs. Willard Bartlett, Mrs. English, Wanda Johnson and William Bell, all of Lewiston, Ida.; Mr. and Mrs. Phil Johns and family, Juliaetta; Mr. and Mrs. Robert Cain and Rita, Mr. and Mrs. John Wilson and daughter, Mr. and Mrs. Everett Fraser and family, Mr. and Mrs. Henry Korte-meier and son and Mr. and Mrs. J. L. Johnson.

**Keeping Our House In Order**

There are a great many good aliens in this country. In fact the country was made by aliens who went through our "melting pot" for 300 years. At first they were "Some-kind-Americans" and the parents of our present American citizens. In order to keep our house in order the government is providing for the fingerprinting and registration of aliens; and Federal and local officers are hot on the trails of Communists, Nazis, Fascists, and other undesirables. Even the president has withdrawn support from Miss Perkins, by providing in reorganization plan No. 5 for the transfer of the Immigration service from the Labor to the Justice department. That's liable to be pretty bad news for Harry Bridges, Pacific coast bad-boy, number one.

**County Pioneer Picnic**

Word from L. G. Peterson, chairman, states that the Latah County Pioneer Picnic association will hold its annual picnic in the Moscow City park on Saturday, June 15, weather permitting; if not, the picnic will be held in the American Legion cabin, near Third and Howard streets. A program will be given, commencing at 10 o'clock, consisting largely of talks by old pioneers, some musical numbers, and community singing of old-time songs. There will be a general picnic dinner, served shortly after the noon hour. Each one is asked to bring a basket. Coffee, cream and sugar will be furnished. All are cordially invited to attend.

**Among The Sick**

Mrs. Harold Thomas, who was returned to her home here last Thursday afternoon following a major operation at St. Joseph's hospital, Lewiston, is convalescing nicely, and says it seems mighty nice to be home again. Little Gene Perryman, son of Mr. and Mrs. Harley Perryman, who suffered severe burns on his right hand and arm some two weeks ago, is again at his home, and is getting along very nicely. Mrs. Elwood Pearson, who has been on the sick list for some months, is feeling greatly improved, and is now up and about again.

Roy Thomas and Miss Frances Locke spent Sunday with her parents, Mr. and Mrs. Arthur Locke, on Potlatch ridge.  
John Thomas, Jr., was a business visitor in Troy and Lewiston Monday.  
Cecil Emmett was on the ridge on business Monday.

**Car Sales Jump**

Retail sales figures for the last 10 days of May and also for the month as a whole, were announced by William E. Holler, Chevrolet general sales manager. They showed substantial increases over the same periods last year, and the final 10-day figure was one-third higher than that for the previous period.  
New car sales for the month totaled 92,764 passenger cars and trucks, Mr. Holler said, a gain of 20.1 per cent over May, 1939. In the final 10-day period, Chevrolet dealers retailed 35,751 new cars and trucks, a 27.6 per cent increase over the same period last year and a 33.8 per cent gain over the figure reported for the second 10 days in May this year.  
Increases were also registered in used car sales, he said, a total of 187,755 units being sold during the month.  
The raving beauty is the one who lost the contest.

**1939 Wheat Loans \$65,000.00**

Value of the 1939 Triple-A wheat loan program to Latah county farmers was estimated at \$65,000.00 by Clarence V. Brabb, member of the County Agricultural Conservation committee in charge of commodity loans.

Loans made on 1939 wheat last fall and liquidated before April 30 of this year made it possible for growers to realize an average of 10c to 14c a bushel more for their wheat than sales at harvest time would have netted them.

Few farmers in the county would have been able to store their wheat for a more favorable market if the federal loans had not been made available, the report adds.

All loans on warehouse-stored wheat have been liquidated, it was said. Of the 18 loans made on farm-stored wheat last year, 11 have been extended and the wheat re-sealed by farmers who wish to hold their grain for disposal later.

A loan program on barley, and continuation of the wheat loan program for wheat harvested in 1940 were announced last week. In 1939, 611,264 bushels of wheat were held as collateral for Commodity Credit corporation loans to Idaho farmers totaling \$341,736.74.

**Jalopies Off Roads, Rule**

"Jalopies," cars beyond repair, must stay off the highways, says Harry M. Rayner, commissioner of law enforcement, in issuing an order to state police that "on and after June 10, registration plates on any car appearing unsafe and in condition that reasonable repair would be of doubtful value, will be taken up and forwarded to headquarters at once."

"Twice as many people were killed on our highways during the month of May as during the same month in the two preceding years," Rayner stated, and 53 per cent of the vehicles involved in accidents during the month have been 1936 models, or older.

"In respect of age, cars must be in proper condition to operate on our highways. State police have been ordered to cooperate with all enforcement agencies to free the roads from this hazard. The sudden upturn in the traffic fatality record for Idaho makes it imperative that everything possible to be done to make our highways safer."

Maniacal speed must be curbed and all officers are asked to help to the end that our death rate be lessened.

**Many Die In Motor Cars**

The "motorman's blitzkrieg" has started in Idaho. Twice as many were killed in May on our highways as during either of the two previous years, for the same month, says the bureau of safety.

Maniacal speed killed ten and smashed a number more during the month. But five drivers are responsible for this grisly toll, and only one remains alive to dream. Age of drivers, 18, 19, 20, 25 and 35.

Ten died because five drivers would not heed the warning of road signs. These drivers exhibited the same blind, unreasoning craving for power that always sways the Nazi chief; a touch of finger or toe made them kings—for the moment.

Road signs are placed for the protection of the motorist. They are placed by men best equipped to judge safe and reasonable use of the particular piece of road. Wise motorists obey their warning.

The wise man knows he can never learn anything while talking. That's the reason he listens so much.

A highway is something that when you have a flat tire, there isn't enough of to get off on.

Wow! Phewee!  
"You remember when you cured my rheumatism a year ago, don't you doctor?" asked the patient, "and told me not to get myself wet?"  
"Yes," replied the doctor.  
"Well, I just wanted to ask you if you think it's safe for me to take a bath now?"  
Change  
How the change from horse to mechanical power has affected farm demand is shown by the fact that it took 82,000,000 acres to feed work stock in 1915, while in 1935 only 46,000,000 acres were required. Figures for 1940 are not available, but will undoubtedly run considerably less.

WE NEED MORE CONTENTED COWS  
HAROLD THOMAS, Editor

### EDITORIAL

Well, Folks—Seems like this troubled old world of ours is headed for still more trouble—but let's cross that bridge when we come to it. Right now our paramount interest lies in cream, and still more cream. We need it, you need our cash. It's quite a while till harvest, and a bit of extra "dough" in the "old sock" will seem pretty good when that time comes—or perhaps you need it now. In any event, we need cream—you can use the money. There's no waiting, no fuss, no bother. Bring in the cream, take home the money and your can—steam sterilized and ready for instant use. You don't have to wash away chemicals and fuss with your can. It's ready to put more cream into.

And remember, we still have locker boxes to rent—the safe, economical and easy way to put up fruit and berries. Try it this

season.  
"So that striptease dancer couldn't learn to knit?"  
"No, she's been trained to drop every stitch, you know!"

Jane: "Whenever I get down in the dumps I buy myself a new hat."  
Sally: "So that's where you get them!"

"We didn't come here to sleep," groused Jimmy when the waiter brought in the cover charges.

He: "I would like to have some good old-fashioned loving."  
She: "O. K. Come out to the house and I'll introduce you to grandma."

Motherlands in Europe are being rapidly replaced by "step-motherlands."

### THIS AND THAT ABOUT FRIENDS AT CAMERON

The annual Children's Day program and picnic were held Sunday, with services and program in the church in the forenoon, and a picnic on the Herman Meyer place in the afternoon.

Fred Mielke, Ted Mielke, Mrs. F. W. Newman, Mrs. Ida Stoneburner and Wally Newman were in Lewiston Monday.

Among the Lewiston visitors Friday were Mr. and Mrs. Gus Kruger, Mrs. Ida Sillow, Mrs. F. W. Sillow and Rosalie Kruger.

Mr. and Mrs. Wm. Rogers, Moscow and Mr. and Mrs. Carl Wegner, Fairfield, Wash., were visitors in the A. F. Wegner home Sunday.

Mr. and Mrs. George Wilken and Mr. and Mrs. Glen Wegner were callers in the Edwin Mielke home Sunday evening.

Mrs. Fred Mielke is a medical patient in the St. Joseph's hospital, Lewiston.

Mrs. Jacob Schmidt and Mrs. Loren Westerman and son of Spokane are visiting relatives here.

Mr. and Mrs. Lyle Harrison and family spent Sunday with Mr. and Mrs. Enoch Harrison.

Mr. and Mrs. August Brammer visited with Mr. and Mrs. Otto Kruger Sunday evening.

Mr. and Mrs. Henry Wendt were visitors in Spokane Thursday and Friday.

Mrs. Ida Sillow visited with relatives in Pullman Thursday and Friday.

Mrs. John Schwarz and son Herbert were Lewiston visitors Tuesday. Lawrence Abitz, Riggins, spent several days here with friends and relatives.

### TEAKEAN GOSSIP

We are having some nice weather again and we all hope it will continue so that the farmers may care for their hay and strawberry crops.

Marion Mapes of Orofino is visiting relatives here this week.

Cecil Choate is preparing to build a modern house on the Sutton place near Cavendish.

The Children's Day program will be held the 23rd of this month at the Bretheran church.

A large band of sheep that have been pastured in the timber near here were taken out Monday and departed for new pastures.

Mrs. Geo. Jones of Orofino is visiting at the home of her parents, Mr. and Mrs. Louis Schlefer.

Mr. and Mrs. Merton Preussler and family were dinner guests at the home of Mr. and Mrs. Sam Harp last Sunday. The Harps celebrated their 23rd wedding anniversary that day.

Elwood Brock spent the week-end with his family, returning to his job Sunday afternoon.

### Receiving Estimates

The Village has been receiving estimates from private contractors for the oiling of the alleys and the school house hill, as well as several other streets that carry heavy traffic. The matter will probably be discussed at the next council meeting. Now is the time to strike—while the "oil" is hot.

Don't try to be too optimistic. It's impossible to smile and whistle at the same time.

### W. W. P. Given High Award

For distinguished service rendered to its customers during the past year, the Washington Water Power company has been awarded the Charles A. Coffin medal, the most honored symbol of accomplishment in the electric light and power industry in the nation.

The award was made at the annual meeting of the Edison Electric Institute. More than 2,000 were in attendance.

The Charles A. Coffin award is the highest honor that can come to any power and light company in any particular year and it is given to the company which during a year "has made a distinguished contribution to the development of electric light and power for the convenience of the public and the benefit of the industry."

K. M. Robinson, president of the company, received it. The presentation was made by C. E. Wilson, president of the General Electric company.

The Charles A. Coffin award comprises a gold medal to the company and \$1,000 for the employees' benefit fund.

### AMERICAN RIDGE

Mr. and Mrs. Don Johnston and daughter of Agatha were dinner guests in the home of Mr. and Mrs. Warney May Sunday. Afternoon callers were Mr. and Mrs. E. P. Roberts and Mr. Helpman. Mr. and Mrs. Archie May called early that morning for a brief visit.

Mr. and Mrs. Don Barnett spent Sunday fishing at Elk River.

Mr. and Mrs. Warney May, while visiting her sister, Mrs. Waud, at Sunnyside, Wash., some two weeks ago, received word there of the death of her sister, Mrs. A. W. McCoy of Walla Walla, who died of a heart attack. Mrs. McCoy and sons were visiting at the May home some four weeks ago. Her many friends here were saddened by the news.

Arley Allen and Aunt Carrie Allen, Mrs. Mattie Garner and daughter Arlene of Cedar creek, Elmer Stone of Pomeroy and Mrs. Joe Lederer and son were guests Sunday in the Harry Langdon home.

Patty and Parker McCreary of Kendrick visited in the Harry Langdon home Wednesday of last week.

Mr. and Mrs. George Havens and family visited Friday evening with Mr. and Mrs. Ed. Heinrich near Leland.

Mr. and Mrs. Perry Mattoon and family visited at the Walt Benscoter home Sunday evening.

Billie Davidson visited with Jack Benscoter Sunday.

Mr. and Mrs. Frankie Benscoter and sons took Mrs. Frank Benscoter, Sr. back to Peck after spending a few weeks on the ridge.

Mrs. Ella Benscoter left Monday morning for Boise to attend Grand Lodge of the O. E. S. Mrs. Neal Packer is doing the house work.

Mr. and Mrs. Geo. Davidson went after strawberries Sunday on Texas ridge.

Mr. and Mrs. Geo. Davidson were Moscow visitors Monday.

Mr. and Mrs. Horst Gunther of Moscow were guests Monday in the Harley Eichner home.

Mrs. Bertha Eichner of Lewiston spent several days last week with her son and family, Mr. and Mrs. Harley Eichner.

Billie Mae Herres of Orofino spent from Monday until Saturday with her cousins, Harley and Donald Eichner.

Miss Lorraine Woody, who works in the telephone office in Kendrick, spent Tuesday with her parents, Mr. and Mrs. John Woody.

Trade at home — it pays!

### What About The Earwigs?

Since last week innumerable reports have been made of the presence of earwigs in various parts of the county and in the towns. Some have declared the insect "with the tine fork behind" has literally been turning up the place.

The earwig was originally European inhabitant but about years ago some representative specimens obtained passage to the U. S. and the west coast via freight cars have since multiplied rapidly. They keep continually spreading.

Each female lays about 100 eggs. "Earwigs can be easily identified. They're just over half an inch long, reddish brown in color except for the legs, antennae, and wing covers which are a yellowish brown. They have the characteristic pair of forceps at the rear of the body."

Community-wide interest and operation in developing an effective control program is absolutely essential, County Agent McAlester pointed out this week. "Other communities in north Idaho have had to do this and the results have been very satisfactory. It appears that very quantities of bait can be obtained from a central mixing plant at a reasonable cost, which will enable Latah County residents spread the bait themselves at a cost."

Men have won battles, but no one ever won an argument.
