tate Eire Warden Visits Kendrick Bast Saturday State Fire Warden R. Scarborough visited Kendrick while here had the following to regarding the newly-organized tective district for Kendrick

Kendrick Forest Protective which has been established, erating on a co-operative basis to obtain the services of a paid warden in this district. A tool achersufficient to equip from 75 to Saturday and scity hall in Kendrick and will be

Dickie and Barriague of a fire, voluntary crews over-night gue will be called by local residents, at grandmother, the same time the state forester's endrick. office, at Coeur d'Alene, will be called and every effort will be made to assist by all means at the disposal of that office. While the local residents are confining the fire to as small an area as possible—in case annot control the fire comwhatever additional help the ffice can supply will be organ-

ized as rapidly as possible. The most important factor to fires. The great majority of fires by carelessness and are caused thoughtlessness. Carelessly - thrown cigaret stubs and matches and burning debris are two of the greatest causes of fires.

"Brush burning is prohibited from June 1 until the fall rains, which occur in October. No fire is permitted during the closed season without a permit and it is not advisable to try to burn any materuntil weather conditions are such that fire will not spread, which ordinarily is after the October rains."

Idaho To Be Heard On Air All the nation will listen to Ida-

hornext Tuesday morning. Life on an Idaho farm will be featured on a nation-wide broadcast next Tuesday morning, July 2, H. F. Koster, chairman of the Latah county, agricultural conservation committee, announces.

Idaho rarely has a chance to be neard coast-to-coast. We hope every farm family in the country will be

listening in Tuesday morning.
The Idaho program, one of a series on "The Farm Home - For Today and Tomorrow," featured is given as 18,785, while in 1930 the Tuesday morning on the count totaled 17,798. National Farm and Home Hour, may be heard in this section over station KGIR, Butte, Montana, 9:30 MST, and KGA, Spokane, 8:30 PST.

from Parma, and Harry C. Brandt of 92, but it is an even 100 below of Wilder, chairman of the Canyon the number of farms operated on county agricultural committee, will be interviewed by an announcer of a Portland radio station. From Portland, the program will go all over the United States on stations which regularly broadcast the National Farm and Home Hou.

Improving Library

George Barnum is building a substantial addition on the high school library. The addition extends from of the present library to the wall of the typing room. The new section will be enclosed with glass doors, and all new volumes added to the library will be kept in this section.

The squirrel cage in front of the present library has been removed. as the only purpose it seemed to serve was to take up space in an auditorium.

Grandma Davis III

Grandma Davis was taken ill Saturday, but after medical attention the display from Kendrick she is slowly improving.

Barn Burns Wilber Corkill had the misfortune to lose about 45 tons of hay, his barn, and grain stored in it by fire Monday morning. In the same fire troyed by fire last Friday Frank Byrne lost his truck and a hay chopper.

Mr. Corkill and Mr. Byrne, as-

3,500,000 ALIENS IN U. S. A. ARE TO BE FINGERPRINTED

and Mrs. M. O. Raby and son Washington, June 23—Justice department officials said today they would be ready to start registration. and fingerprinting of an estimated 3,500,000 aliens within two weeks.

Congress gave final approval last night to legislation requiring aliens to register and bulwarked this action with approval of tundent to provide about 500 more federal bureau of investigation agents. of investigation agents to combat Bear Ridge News—Louie Rogn-the activity of spies and saboteurs. Both items need only President Roosevelt's signature to put them

smoved down from Stapleton's 100,000 to finance the alien registramear Avon, last week. . . . tion program and directed the na-Wilma Fairfield is visiting her tion's postmasters do the registering ter at Grangeville this week. . . . and fingerprinting with the bureau of immigration providing such help ireal picture at Moscow on Tuesday as is needed.

Mr. and Mrs. D. J. Ingle and Officials indicated that a campaign of education so that aliens would and children, Miss Johanna understand what was required of Mr. and Mrs. Frank Whit- them would precede the actual Mr. and Mrs. Frank Whit-them would precede the actual r. and Mrs. Fred Gladden, registration. This is expected to take the form of posters, radio broadcasts and news releases.

Once an alien is registered, he must notify the commissioner within five days if he changes his address. Willful failure to register entails a \$1,000 fine and six months' imprisonment.

In addition to these provisions, the bill also imposes a \$10,000 fine and a 10-year prison sentence for anyone found guilty of seeking to cause mutiny or insubordination in the military or naval forces of the United States of America.

Wheat Acreage Set

Latah county's wheat acreage allotment for the 1941 AAA Farm program has been set at 71,311 acres, H. F. Koster, chairman of the Latah County Agricultural Conservation association, announces.

Farmers soon may expect to receive notices advising them of their Mr. and Mrs. James Lyle at Grangeindividual farm allotments for 1941. Farmers who do not believe their allotments are fair and equitable have fifteen days from the date on which their notices are mailed, to appeal in writing to the county com-

The allotment represents this county's share of the 994.637 acre allotment of the state. It takes into account the wheat-growing history of the county over the last ten in mind is the prevention of years and the recent trends in production.

Farm, county, state and national acreage allotments all are based on the crop prospects, the supplies that expected to be on hand at can be the beginning of the crop year, and the need of the nation and the world for wheat. A reserve adequate to

may arise, also is provided. The chairman said individual farm allotments are being set by com-munity committeemen elected last Mrs. county committee. Like the county individual farm allotments reflect wheat-growing history Grangemont, visiting relatives. and production trends.

Planting within allotments qualifies wheat growers for conservation payments, parity payments, crop insurance and loans under the AAA farm program.

Latah County Up 1,000

According to a report made by Jess Vetter of Couer d'Alene, district census supervisor, Latah county's population has increased nearly 1,000 during the past ten years. The 1940 census of Latah county

At the same time Mr. Vetter reported the number of occupied farms

in the county showed an increase Mrs. Ruby Hartman, farm wife of April 1, 1940. This is an increase conservation January 1, 1935.

Some Really Big Logs

Claud Craig and sons put on a one-truck parade in Kendrick Tuesday that attracted as much attention as any that has occurred here largest yellow pine logs that have ever been seen here. One of them measured betwen five and a half and six feet in diameter, and contained more than 1,700 feet. The other, from the same tree, contained a little less.

Furnished Beautiful Roses

Among those who furnished roses for the graduation exercises at the University of Idaho from Kendrick were Mrs. Geo. Leith, Mrs. W. A. Perryman, Mrs H. V. Perryman, Ida Schupfer and Mrs. Edgar Long. As has nearly always been the case,

Will Have Home Ec. Teacher

Last week the Kendrick school board elected Miss Genevra Pond of Whitefish, Montana, to fill the place of Miss Jean Graham, who recently resigned. She is to be married this

Miss Pond graduated from the University of Idaho this spring with a degree in the school of Home Economics. She comes highly recommended on the basis of her scho-

An effort is being made at the high school to give Home Economics the place in the curriculum it deserves. It is because of this desire that a specialist in Home Ec. has been hired to replace Miss Graham The school board has authorized the remodeling of the Home Ec. room in order to conform to the best ideas of what an up to date room of this type should be. As a matter of fact "Homemaking" instead of "Home Economics" is the name used for such courses nowadays. The past conception of this sort of course being merely a few new angles on cooking and sewing is a thing of

the bye-gone days.

A study in Homemaking now includes such important things as budgeting and buying, diet, balanced meals, infant care, home nursing, interior decorating and personality development. It is for this reason that the name has been changed to "Homemaking," for that is what it is. In keeping with the theme mentioned, the room in which such a course is taught should conform to a well planned home as closely as possible. In remodeling the room the Homemaking room and the boys old dressing room will be removed and two kitchen units will be inin Alaska. Rex Blewett drove him obtained. Built-ins and sinks will also be installed for each unit Laundry facilities will also be installed. If enough interest is shown in this course an attempt will be two-year course

F. F. A. Swim Party

Next Sunday afternoon all present and past members of the Future Farmer organization are invited to a swimming party at the Myrtle beach. Ice cream will be donated by the chapter, but we do need a few cakes to satisfy our appetities. If you can bring a cake, please call Don Lyle.

We will meet at Perryman's at 1:30 and drive to Myrtle beach. If you must stay at home to see the lady friend, bring her with you. A good time is promised for all.

Mrs. Waldo Smith Passes

Mrs. Waldo Smith, Sweetwater, died Monday morning, June 10, and ers next fall an initiative measure was buried at Leland on Thursday. Funeral services were conducted by complete the petitions, Hillman said. to Sweetwater about a year ago.

Among The Injured

David Cuddy, son of Mr. and Mrs. C. A. Cuddy of Southwick, suffered a fracture of the right leg just above the knee, when kicked by

by the poles all are unable to say. The accident happened last Sat-urday. He was brought to town and his injuries cared for at Dr. Christensen's office.

What residents and many others in this area consider one of the greatest local improvements since walks, graveled streets, etc., in Ken-Mr. and Mrs. Charley Schultz.

The F. W. Newman home was the scene of a party Sunday honoring the birthday anniversaries of Mrs.

The birthday anniversaries of Mrs. where it is said they turn out 80 Newman, Mrs. Edwin Mielke and completed cars an hour. This, of Ted Mielke. A picnic dinner was contracting firm of McAttee & mixtures. Inquiries continued to be

> by the state crew on Main street. business developed during the past first carefully graded and shaped, ers and exporters very light, the thoroughly sprinkled, and then rolled with an 8-ton roller. They were then sprayed with the heavy black market situation. Wheat milifeeds oil, and new gravel distributed over held steady to unchanged. Trade rethis. They again received a rolling, ports indicate rain is needed as a another coat of oil, then gravel, and result of the hot wave over pro-

museum piece with the completion of this program, and we'll venture Edgar Long won't be unhappy over maintained a downward trend durthat. Neither will the residents, for ing the past week with prices gensprinkling never really kept down the dust, but helped a lot.

The roller operator had a lot of fun on the school house hill, the Sacramento valley producing area, smooth roller showing a decided At Minneapolis the moderate resmooth roller showing a decided aversion to climbing the hill, and a very strong desire to descend. However, the job looks to be of an A-1 type, and is certainly very welcome by the hill residents.

V. F. W. Picnic Great Success The Kendrick City park was the scene Sunday of one of the very pleasant affairs of the season when some 300 members of the Veterans of Foreign Wars and Auxiliary and their families gathered for a real old-fashioned picnic. Long tables were arranged and were loaded with all the good things to eat that the women folk could conjure—and the men did their part-ate it with a relish, and talked over old times. especially their experiences across the big pond. Then, too, the unpleasantness that is going on in Europe at the present time was not passed up during the conversations. However, these men lived in the past for but a few hours.

One of the very pleasant features of the picnic was the performance of the Clarkston Junior Drum and Bugle corps, headed by a drum major who really knew his stuff, which was greatly enjoyed by all who heard the music.

There were veterans from Moscow, Bovill, Troy, Clarkston, Lewiston, Juliaetta and Leland, beside a goodly number from Kendrick.

The success of the affair was due to the following committees: For the veterans-Bert Biddison, Long, A. C. Wilson, W. B. Deobald, Ed. Estes, Frank Caster and E. P. Roberts. For the ladies-Mesdames A. C. Wilson, W. B. Deobald, Tom Long, E. P. Roberts, Pete Benscoter and Bert Biddison.

Plans were laid for making the picnic an annual affair, but it was stated that at next year's meeting all ex-service men and their families would be included.

Second Child Health Conference

The second of a series of child ealth conferences, which will be held this idea will be followed as faith-fully as practical. The wall between months, will be held in the High School building on Tuesday afternoon, July 2, from 1:30 to 4:30 o'clock. Those who are interested in stalled in the additional space thus having their children examined for physicial defects should get in touch with the local health nurse, Mrs. Mildred Siefert. The reason for this request is that at the first conthere were more children present than could be cared for and it is the desire of the nurse to have the voungsters taken care of in an orderly manner without causing the mothers undue trouble and waste of time. Please remember, these conferences and examinations are free of charge and are for all childrn, especially those of pre-school age.

Plans are also being made to hold onferences in Juliaetta the third Wednesday of each month from 1:30 to 4:30 o'clock. The first conference will be held there July 17.

Arrangements are also being completed for the holding of bi-monthly conferences in Southwick, starting in August, the same hours to apply. Please get in touch with Mrs. Siefert, Kendrick, for further information.

Bothered With Earwigs?

If you are bothered with earwigs around your home, get in touch with County Agent McAlexander. To obtain a place on the ballot Rev. Geo. Calvert of Lenore. Mrs. Moscow, or write to the University the petitions must have 18,586 signatures. Only 10 days remain to dents of Kendrick until they moved get some bantam chickens—they are good "buggers."

NORTHWEST WHEAT LOWER -FOLLOWS OTHER MARKETS

Pacific Northwest cash wheat marjust above the knee, when kicked by a horse he was hitching to a mower last Friday. He was brought to town, the fracture reduced, and he is getting along nicely at this time. C. E. Barclay suffered severe cuts above his eyes, requiring six stitches to close, a broken right thumb and severe bruises, when two 46-foot hay derrick poles, which he was helping erect at the Carl Cox place on Little Bear ridge, fell. Just how the injuries were caused by the poles all are unable to say. kets were independent of the action flected in carlot receipts of only 397 cars at Puget Sound and Columbia river terminals during the period, much of which represented

deliveries on earlier sales.
On June 21, at Portland, soft white, western white, western red OILING JOB NEARING and ordinary hard red winter were all quoted at 72c per bushel, basis No. 1 grade in bulk.

What residents and many others in this area consider one of the export held at 80c to the Philippines

greatest local improvements since and \$1.10 per barrel to China and the installation of sewers, sidewere reported very moderate during the week, but sales to North China contracting firm of McAttee & mixtures. Inquiries continued to be received for wheat for export to the United Kingdom under the export of a different type than that laid subsidy plan, but very little, if any In this process the streets were week. With demand from local millanother rolling, and when completed ducing districts late last week and will indeed present a clean firm and dustless appearance. the winter wheat may be cut down somewhat unless moisture is received The old Village sprinkling truck soon. Rains are urgently needed in will be put on skids and become a spring wheat sections of this area,

according to trade advices. The San Francisco wheat market erally 2½c per 100 lower compared with the previous week. Harvesting was just starting in the important

ceipts of cash wheat were in good inquiry and this demand, coupled with active bidding for diversion point offerings for shipment down the lakes held the cash basis firm. Minneapolis received 659 cars of all classes of wheat while Duluth un-

loaded 343 cars.
At Kansas City only 33 cars of new wheat had been received up to June 21, which compares with about 1,500 cars up to that date a year ago. Quality of this year's receipts of new wheat so far have been good, the majority grading No. 1.

July wheat was off 11/2c at Chicago with arrivals heavier than last week, which represented almost entirely purchases from other markets. which went direct to mills and only an occasional car appeared in the 'sput" market. Country offerings were light and the market was very largely destitute of soft red wheat. Denver mills were bidding 61c per

bushel for No. 2 hard winter, No. 2 northern spring, FOB Colorado common points. Wheat quotations for Ogden were: dark hard winter, dark northern spring, 72c per bushel FOB Ogden,

with country points 17c per bushel Prospects for wheat in Europe are still very uncertain because of war conditions. The Rumanian crop is estimated by the trade agencies at 91,858,000 bushels, with a carryover of only 3,160,000 bushels. Lodomestic consumption is placed at 132,276,000 bushels, a deficiency

of about 37,000,000 bushels. The

wheat content of bread in Italy will

be reduced 20 per cent, beginning

July 1, according to an official announcement. Reports from the Orient indicate that the 1940 wheat crop in China, Japan and Manchuria is well under the pre-war average, owing to widespread drought. The harvesting of new wheat in China has been rather earlier than usual this season but only small quantities have reached Shanghai mills because of war activities. The wheat carry-over in China, Japan and Manchuria is estimated to be low and Shanghai imperts indicated total stocks of wheat flour in China, exclusive of Manchuria at only about 2,500,000 bags in terms of flour at the first of June, compared with 13,000,000 bags a year earlier. Despite small prospective supplies, imports are not

Correspondents And Advertisers

expected since the cost of foreign

wheat landed in Shanghai is high in

relation to local flour prices.

Next week comes one of our great national holidays, July 4, and this year it falls on Thursday, which is the publication day of the Gazette. so we are going to ask all our correspondents and advertisers to help us take this day off, by sending in correspondence and advertising copy a day early, as we will issue the paper on Wednesday.

We realize that this is asking somewhat of a favor, but we also believe vou don't want to work on this day any more than we do-se please help us out. Get your news and copy in a day early.

O. E. S. Initiate

Mrs. Martha Long was initiated into the local O. E. S. lodge Tuesday evening at their regular meeting. Visitors were present from Orofino, Moscow and Lewiston.

Refreshments were served at the close of the session, at which twentynine were present.

# PROGRESS-

# Means "Moving Ever Forward"

It doesn't matter whether the "Progress" refered to is applied to an individual, a small business man, a big business man, a corporation, a hamlet, a village, a city, a county, a state or a nation — "Progress" means "Moving Ever Forward" in one way oranother.

Kendrick had your comfort in mind when they laid out and installed the public park, planted trees along Main street, put in drinking fountains, then crushed rock streets and cement sidewalks, and now dustless, oiled streets. All are the mark of "Progress!"

With the permanent oiling of Kendrick's Main street, this village has taken a definite step forward. Not only is this step a help to the business men through the elimination of dust, but it is a definite step toward the trading comfort of you who make Kendrick your trade center. It means no dust on your shoes, your clothing or your car when you park upon our streets. In short, it adds to your comfort when you visit the old home town.

As it has been with the local improvements, so has it been with the stores. A definite march toward more complete stocks and services. And today Kendrick has not a single vacant store building.

Isn't this a mark of progress - isn't this an invitation to more than ever make Kendrick your trading center — your home town?

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

the first of the week. Fred Stage's daughter, Mrs. Dick

strawberries for him. Adella Betts returned home Thursday after spending the past week with her aunt, Mrs. Ola Betts and

family, in Clarkston. Mrs. Nick Deamo and daughters of Myrtle spent Saturday and Sun-day with her daughter, Mrs. Oscar

Laurence and family. Beatrice Martin came home from the W. E. Tarry home Thursday morning, where she has been working. She is ill.

John McCoy of Colfax and Homer called on Russell and Glen Betts Sunday morning.

Miss Emma Layes of Spokane is visiting her sister, Mrs. Oscar aurence and family this week. Most everyone seems to be quite ousy haying. The hay crop is un-

usually heavy this year.

Mrs. Will Jennings has been staying with her daughter, Mrs. Abner Cowger. She returned to her home n Southwick Friday evening. Mr. and Mrs. John Jennings and aughter are visiting his sister, Mrs. bner Cowger and family this week.

Weather "Off And On"

The temperature has been having lots of fun pushing the mercury up and down in thermometer tubes, starting with last Sunday, when it a maximum of 88. Monday Old Sol got busy and pushed it on up to the 96 mark. He didn't do so well a maximum of 94 being reached. Wednesday the effort was weaker, with a mere 86, with a nice cool breeze blowing.

the old man's charge account.

#### TEAKEAN GOSSIP

Rev. Walbeck of Leland was visitor here Sunday afternoon. Mr. and Mrs. Wallace Sewell and home, canning Mr. and Mrs. Wm. Groseclose visited at the home of Mr. and Mrs. Carroll Groseclose Sunday, and were

supper guests. Elwood Brock came home last week to care for his hay. Lanson Clanin came with his tractor and helped get the hay in the barn. Walter Harp helped Mrs. Brock

cultivate potatoes Monday afternoon. Mrs. Alice Sewell and boys Walter end Johnnie spent a week at the Vm. Groseclose home helping rick berries. They went home Saturday afternoon.

The ladies Grange served dinner at the Grange hall last Thursday evening to a large crowd, including the members of the Commercial club, and to Gov. Bottolfson as guest of honor. governor delivered an address after the dinner. The hall was well filled and all seemed to enjoy the speech

Mrs. Elwood Brock and children are planning to go to Lapwai to spend a few days with her parents, Mr. and Mrs. Jas. Chladek.

There was a large crowd at the Children's Day program last Sunday. Three Sunday schools took part the Cream Ridge U. B., the Cavendish Methodist and the Bretheran at this place. The program by the children was enjoyed. Dinner was served at noon and in the afternoon Rev. Brown of Clarkston delivered a fine sermon.

The strawberry season was short this year. This week will about finish the berry picking.

Wonder if Hitler has heard the story about the fellow who thought A lot of spoiled, daughters who he could whip the world and then get married put their husbands on had to admit he had taken in too much territory?

#### Another Double Bill

Mrs. Roy Martin visited Mrs. Ann Wallice the first of the week. Mrs. Wallice is selling her household goods and other holdings at private Mrs. Walter Huffman and children have been visiting relatives here for the past few days.

Son Ernest made a trip to Camp S.

Mrs. Roy Martin visited Mrs. Ann The weather is very warm here this week. Folks are getting their this coming week-end. The story has to do with the younger days of the famous plainsman, of which there has been very little written. He goes to the Territory of New Mexico as a starts. to the Territory of New Mexico as a scout for the United States cavalry and to aid in the surveying of government land, to which some of the old-time land-grant settles took exception. The story is a very inter- afternoon on business. esting one.

The second feature is about that

starts.

Jack Kimpton of Pullman, Myrtle Murphy and Mrs. Wm. Freytag were dinner guests Monday in the Wayne

Kuykendall home.

Real Michaels Grass

Charley Schultz brought to the Gazette office Tuesday morning a sample of Michaels grass raised on his farm on Potlatch ridge, near Cameron, and this clump measured 8 feet 7 inches in hight, with long heavy heads to match the height. Charley says he read about the sample brought in from American ridge and decided to bring in a sample from Potlatch ridge.

Trade in Kendrick. Buy from men you know. Get your money's worth.

To Move Many Beaver

It will be time to begin moving on July 1 for an estimated 1,200 beaver in Idaho.

At any rate, said State Fish and Game Director Owen W. Morris, the annual statewide live-beaver trapping and transplating program will be placed in operation in areas overcrowded with beaver and in farming Sections where the little workers

are damaging property.

The program, sponsored by the fish and game department, is a tederal aid in wildlife survey and restoration project, Morris declared and will be operated in July, August and September under the direction in the field of Dud Dillingham, who will coordinate the activities of the force of trappers and men in the

The purpose of the project is to remove beaver from farming areas where they have been reported doing damage and transplant them, in rewhere their efforts will be of some benefit to the farmers of the

This year's project differs from the one inaugerated last summer in that the beaver damaging agricultural lands, irrigation ditches, canals and wooded areas will be live-trapped and transplanted on the watersheds of the sources of water in the secwhere they are caus

He estimated that between 1.000 and 1,200 beaver will be moved during the three month period the program will operate Last year approximately 600 beaver were livetrapped and transplanted.

A field force of six trappers will be applicated in

be employed and will be assisted in their work by conservation officers. The trap used for catching neaver alive is a suitcase-like contraption that does not injure them and is made of heavy mesh wire. The state game department and cooperating agencies use only this new method in

their trapping and transplanting program in the state. The department, through cooperation of the forest and grazing services, has prepared a list of streams and rivers where beaver will be planted and any farmer or interested person having requests for re-moval of beaver should contact their local conservation officer or write to the department office in Boise.

#### Hold Charavari

Mr. and Mrs. Norman McIntyre (nee Nettie Mae McDowell) received a royal "tin can serenade" at the Thos. McDowell home in Kendrick, where they are residing for the present, Monday evening about 9:30. After several minutes of "music" the young couple appeared and pass-ed out the treats, and the musicmakers retired in good order.

Kendrick Grange Meeting Next Tuesday, July 2, the Kendrick Grange will meet in the lodge room. All charter members are asked to be there and bring one or more invited guests. At this meeting initiation of charter members will take place.

The honeymoon is over when the wife starts complaining about the

EDITORIAL

Well, Folks-Seems like it's a case of the good old summer time being with us to stay. The weather has been great for haying, and fall wheat is commencing to look very much like harvest will soon be with us. But while we are on the harvest subject how are you putting up your fruit. By the old-fashioned laborous canning system, or the quick, easy way of freezing? Why slave over a stove when one of our locker boxes will do the work for you. And they are very moderately priced.

An dwhile we are on the subject, are you properly "harvestthe income possible from your cows? YoYu might just as well have that income. Bring the cream to us, take home the cash. We even steam-sterilize and clean your cream cans for you. They don't even need washing when

really are.

WE DELIVER

you get them home. Try us. And if you like buttermilk — try some of ours.

Tourist: "I clearly had the right of way when this man ran into me and yet you say I was

to blame."
Cop: "You certainly were."
Tourist: "Why?"
Cop: "Because his father is the mayor ,his brother is chief of police and I go with his sister."

Kitty: "Gracious, it's been five years since I've seen you. You look lots older, too.'

Kat: "Really, my dear? I don't believe I would have recognized you if it wern't for the coat."

Jolly the fellow who is down today. Give him a smile for his sorrow; For this old world has a funny And you may be down tomorrow!
