We Want To Say...

"THANK YOU!"

We Sincerely Appreciate Your Attendance At Our Sales Day And Fiftieth Anniversary Celebration

We believe that you enjoyed being our guests — and we sincerely enjoyed having you. From the keen interest displayed in the auction sale and in the sports your appreciation was evident. A get-together of this kind means much to all of us. Many of you came miles and spent the day.

But few towns the size of Kendrick can boast as long a life, or as steady a business growth — and to you of the Kendrick trade territory we can say but two words — and sincerely mean them "Thank You!"

To show our appreciation, we in turn are planning a bigger and better Sales Day for next year.

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

"The Tramway To Be Built"
Among other interesting stories of the past history of Kendrick and the Potlatch section is one regarding the building of the old Vollmer-Clearwater tramway, which carried wheat and other grains from the top of the hill, above the Lewiston Grain Growers warehouse, to the warehouse below, a distance of 9-16 of a mile, for many years. The article reporting its building was related in the Kendrick Gazette

In its issue of May 17, 1901, the paper being unearthed by Lester Crocker from under a piece of linoleum (evidently of excellent quality) during remodeling operations at his home. The article follows: "E. P. Atchison has completed arrangements and will immediately prepare for the erection of his bucket tramway to the Potlatch ridge. In conversation with him he denied that the Northern Pacific or any other person was interested in the

enterprise, this story being circulated by the Tacoma Ledger. Mr. Atchison has all preparations made for its erection and will begin to tear down the pipe line next week, which has been sold to a mining company."

Wade Keene, manager for the Lewiston Grain Growers' Kendrick warehouse states that the old tram towers were taken down last month, the tower at the upper end having been blown down some time ago. He stated that an average of 50,000 sacks of grain came down the tram each year during its 37 years of use, making a total of approximately 1,850,000 sacks carried during its use. It was also used many times for "reverse" hauling of flour, apples, etc., to the top of the hill. The demolition of the old tram marks the passing of another old-time Kendrick "landmark," as it were.

What Do You Think About It?

"Yesterday I went into a big department store downtown and the counter I visited was so busy I couldn't get waited on. Right across the aisle stood a salesman doing nothing. Do you think I could get him to wait on me? No sir, it wasn't his department! I think all salesmen should get their training in a small town store."

"I remember when I worked in the general store down home, a lady called up one day and she said: 'Send me a bucket of lard, tell my

husband to come home, send a spool of No. 60 white cotton thread and vote the State Democratic ticket for me.'" —Bob Burns in the New York Post.

IT ISN'T YOUR TOWN, IT'S YOU

If you want to live in the kind of a town Like the kind of a town you like, You needn't slip your clothes in a grip And start on a long, long hike.

You will find elsewhere what you left behind—

There is nothing that is really new; It's a knock at yourself when you knock at your town.

For it isn't your town, it's you!

Real towns are not made by men afraid

Lest somebody else gets ahead; Where everyone works and nobody shirks

You can raise a town from the dead!

And if while you make your personal stake

Your neighbor can make his, too; Your town will be what you want it to be,

For it isn't your town, it's you. —J. C. Drome.

1940 Call for Red Cross Recruits

The 1940 Poster of The American Red Cross sounds the call to the nation to serve humanity within the ranks of this army of mercy.

KEEPING step with the boys called to the colors in America's new defense army and navy, will be the American Red Cross, fulfilling its mission of service to the men in the line and to their loved ones at home, Chairman Norman H. Davis announced in Washington.

"Several thousand Red Cross nurses already have been called to the colors," Mr. Davis said, "and Red Cross field directors, and thousands of Red Cross workers in Chapters throughout the nation, are ready to help America's soldiers and sailors with personal problems, just as in the 1917-18 World War period.

"Every patriotic man and woman in the United States, who wants to do his or her share in upholding the national defense of our nation, can do so

by sharing in the vitally important work of the Red Cross. Join as a member of the local Chapter during the roll call, November 11 to 30, and through your support you will strengthen the Red Cross army of mercy.

"Recruits are needed not alone as members, but also as volunteer workers in the Red Cross Chapters."

Red Cross work will continue undiminished in its usual domestic program of relief in disaster; community public health nursing; safety education and promotion of the Junior Red Cross. An individual membership supports all of this work, not only in Red Cross Chapters, but in the nation. Relief to war victims in Europe is financed by the \$20,000,000 war relief fund contributed by the public during the summer of 1940.

"Girl From God's Country"
 The offering at the Kendrick Theatre for this coming week-end will be "Girl From God's Country," a northlands, relentlessly pursued by the law—outlaws of civilization, hiding the innermost secrets of their one moment of happiness allowed them by the barren, snow-covered Artic. She followed him to the end of the earth—a gallant woman—desperately fighting to defend her fugitive lover, who found refuge in the barren wastes of the far north. It's a picture that will thrill all lovers of the great out-of-doors, as well as all who love a real love story. Chester Morris and Jane Wyatt have the leading roles.
 Other regular features and a comedy will be shown.

IDAHO GOOD ROADS FEDERATION BEEN ORGANIZED

The Idaho Good Roads Federation has been organized to insure the ratification by the voters on November 5 of House Joint Resolution No. 3, known as the "Good Roads Amendment" to the Constitution, which would prohibit the diversion of gasoline taxes and auto license fees.
 The officers are: T. W. Potter, Meridian, president; R. S. Erb, Lewiston, first vice-president; R. H. Wells, Pocatello, second vice-president, and J. T. R. McCorkle of Boise, secretary.

Both republican and democratic parties have endorsed this amendment in their party platforms. Among those actively supporting this organization are State Grange, Farmers' Union, Association of County Assessors, Associated General Contractors, automobile dealers, truckers, oil industry and Idaho Automobile association.

In making its stand, the Federation declared that adoption of the amendment was the only certain protection against the raising of road revenues in the future, and it stated its belief that fundamental policies of this kind, which establish basic principles of taxation designed for the protection of the citizen, belong in the constitution and should have been included long ago.

"The special highway taxes levied upon each motor vehicle owner in Idaho amounts to approximately \$48 a year," declared R. S. Erb, first vice-president of the Idaho Good Roads Federation. "This is two weeks' wages for approximately one-half of the highway taxpayers in the state. These special highway taxes amount to nearly 32 per cent of all the taxes collected by the state."

"Any departure from the state's present wise policy of using special highway taxes for highways only would discriminate unfairly against the motor vehicle taxpayer and would be detrimental to the continued improvement of the state's highway system. It is the duty of all public minded citizens to go to the polls on election day and vote YES for H. J. R. 3, the amendment which will protect Idaho's highway system and guarantee the continued improve-

ment of farm to market, mine and forest to market roads."
 This amendment will not in any way interfere with the present laws relating to the gasoline taxes and auto license fees.
 Mr. Erb also stated that "the legislature has attempted several times to divert these funds and we feel that the interests of the entire state will be best served by thus dedicating these funds for all time to come for the purposes for which they are now being used."

EDITORIAL

Well, Folks — Last Saturday was a great day in town. We've had quite a number of people from this territory remark to us that they had a very good time, and a number said it "was profitable, too. Sold some surplus stuff at auction."

We're mighty glad everyone enjoyed the day, and while here, several came in and selected a locker box. And by the way, it certainly has been a sight to see the wild game pour into this storage. Kendrick and vicinity can certainly boast some real hunters and good shots.

While we're on the subject — the next time you come to town, bring us in a can of cream. You will enjoy our cash just as much as you enjoyed sales day. Try it.

The wife of a small farmer sold her surplus butter to a grocer in

a nearby town. On one occasion the grocer said: "Your butter was underweight last week."

"Now fancy that," said Mrs. Farmer. "Baby" mislaid my weight that day, so I used the pound of sugar you sold me."

It never occurs to an honest man to assure you that he is honest.

Edith: "That couple next door seem very devoted. He kisses her every time they meet. Why don't you do that?"

Harry: "I don't know her well enough yet."

Mr. Newlywed: "I wonder why it is we can't save anything."

Mrs. Newlywed: "It's the neighbors, dear; they are always doing something we can't afford."

Don't believe everything you hear. Don't repeat it either.

LINDEN NOTES

Farmers are certainly taking advantage of the sunshine. Some are plowing, some are seeding, and others working alfalfa.

Miss Lois Largent, Kendrick High school student, spent Saturday with her uncle and aunt, Mr. and Mrs. Bert McAntire.

Miss Bernadine Bockland attended "Home Coming" at the Lewiston Normal over the week-end.

Mr. and Mrs. Frank Lyons, Joyce and George spent Saturday and Sunday with Mr. and Mrs. Dan Lyons in Spokane.

Jim Farrington and son Everett returned Wednesday evening from their hunting trip with a bear and an elk. F. C. Lyons and son Clem each got an elk.

Mrs. McPhee and Cleve visited in Kendrick Sunday with Edgar Bohn and daughter Alfreda.

Mrs. Wm. Zimmerman is staying with Mrs. Elman in Juliaetta, hoping the climate will benefit her health.

A Halloween program and basket social will be held Saturday, Oct. 26, at 8:00 p. m. at the hall. Everybody welcome.

Mr. and Mrs. Roy Morgan attended the "Homecoming" services at Leland Sunday.

Mrs. Hardesty called on Aunt Carrie Allen and Mrs. Addison Alexander Sunday afternoon.

Mr. and Mrs. Vosburgh of Moscow visited their daughter, Mrs. Forest Grayson and family, last week.

Mr. and Mrs. Reinhard Waldher enjoyed a visit with his brother, Francis Waldher, of Pomeroy over Sunday.

Miss Willetta Grayson returned home Wednesday evening from Pomeroy, having finished her work there.

Our ridge was well represented at Sales Day in Kendrick Saturday.

Mr. and Mrs. Sam Weaver and children spent Sunday with Mr. and Mrs. Clarence Harris.

A Correction

In giving a report of the celebration of the silver wedding anniversary of Mr. and Mrs. Roy Morgan in last week's Gazette, we inadvertently omitted many of the names of the guests for the reason that the names of the guests were written on both sides of a sheet of paper, and since it is the custom of most printers to use only one side of the paper, we did not turn the sheet over to see what was on the other side. We are glad to give the names of those guests present that were omitted last week.

They were Mr. and Mrs. Dan Whybark, Southwick; Mr. and Mrs. Alva Craig, Southwick; Mr. and Mrs. Gil Erlvine and sons, Southwick; Mr. and Mrs. Bert McAntire, Southwick; Mr. and Mrs. Harry Smith and family, Leland; Mr. and Mrs. Carl Elmen and family, Stites; Mr. and Mrs. Addison Alexander, Southwick; Margie and Jake Reibald, Southwick; Mr. and Mrs. Chas. Hoffman and family, Leland; Mr. and Mrs. R. C. Winegardner and family, Southwick; Mr. and Mrs. Marvin Vincent, Leland; Mr. and Mrs. Robert Draper, Leland, and Bert Lulderman.

CASH WHEAT SLIGHTLY HIGHER—IDAHO PROSPECTS

Wheat futures markets in the Pacific Northwest did not follow the advances at important midwestern markets during the week ended October 11, but cash wheat prices advanced 1/2c to 1c per bushel compared with the previous week, according to the Agricultural Marketing Service. Demand was only moderate from all classes of buyers but offerings from growers at country points were rather light, which made for some firmness in the cash wheat situation in this area.

Cash prices at Portland October 11 showed soft white, western white, western red and ordinary protein hard winter all 75c per bushel, basis No. 1 grade in bulk. Wheat receipts by rail for the week at Puget Sound and Columbia river terminals were 696 cars. An important development in the situation in the Pacific Northwest during the week was the discontinuance of the flour indemnity payments on exports to China, Hong Kong and Dairen. Payments of 70c to the Philippines and 85c per barrel to the Americas however, continued in effect.

Cash wheat quotations at Seattle October 11, were: western white and western red 75c, hard winter 74 1/2c, 12 per cent protein hard white (baart) 80c, and 16 per cent protein dark northern spring from Montana at 80c per bushel, in bulk.

Mild demand for cash wheat was reported less active following the announcement of the discontinuance of indemnity payments on flour sales to China. Demand from exporters also was slow, with no new export sales of wheat reported made during the past week from this area. Farmers however, were not pressing wheat for sale and with the exception of some special qualities, offerings in the cash market were only about equal to requirements of mills and other buyers.

The dry bean crop is now forecast to be 1,560,000 bags, a decrease of 260,000 bags from the September 1 estimate. Only a small proportion of the bean crop was harvested before the rains, but the bulk of the unthreshed acreage was down in fields awaiting threshing. At the time the October estimate was made it appeared that field losses due to shattering and damage to quality of threshed beans might be serious. Since then it has been found that quality has varied widely, but is better than had been expected. It is still too early to estimate field losses accurately. Bean crops were affected similarly in the north and south Idaho areas.

"Fixing" Their Fences

Chase Clark, candidate for governor, C. E. (Shorty) Roberts, candidate for state superintendent of public instruction, and J. Weldon Schimke, candidate for prosecuting attorney of Latah county—all of the democratic persuasion—were in Kendrick Monday looking after their political fences. Just whether they were stretching wire or setting posts we did not learn.

...Vote to RETAIN JOHN THOMAS IN THE UNITED STATES SENATE

Senator Thomas stands for the preservation and defense of America and its institutions.

Senator Thomas stands for the protection of Idaho's farm markets for Idaho farmers.

Senator Thomas is the only stockman and farmer in the United States Senate.

Senator Thomas has secured many substantial benefits for reclamation, agriculture, mining, lumbering and stock-raising in Idaho.

When the destiny of America is placed in Republican hands in the coming election, John Thomas will be one of four senior Republican Senators in the West.

JOHN THOMAS was elected to the Senate by the citizens of Idaho in 1928 by a majority of some 37,000 votes over his Democratic opponent. In the Democratic landslide of 1932 he received approximately 10,000 more votes than any other Republican candidate.

Senator Thomas is the man best qualified by experience and ability to represent Idaho in the United States Senate.
