VOLUME 51

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JANUARY 9, 1941

NO. 2

WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

According to the 1920 tax rolls of Nez Perce county the total tax is \$621,922.43. Of this sum \$104,531.94 goes to the state; \$135,171.76 to the county and \$382,468.73 to the municipalities, school and highway districts.

John F. Waide has gone to Deary to take charge of the Farmers' Warehouse. He has the position of manager of the business and entered upon his new duties on January 1. His family will remain here, at least for the present.

Miss Rose Wolff, who is teaching near Hayden Lake, returned to her school work Tuesday, after spending her Christmas vacation with her parents, Mr. and Mrs. Herman Wolff of Potlatch ridge. Her brother, Herbert, accompanied her as far as Spokane.

Silvie Cook of Potlatch ridge went to Lewiston Tuesday afternoon, where he expects to remain for a month or more.

W. A. Perryman returned Wednesday night from a business trip to Spokane, where he went to look after the purchase of new fixtures for his confectionery, which he expects to install as soon as Stanton Brothers can move their stock from his building. Mr. Perryman says he is going to put in a confectionery here as good as anything this side of Spokane.

Miss Thelma Green, daughter of Mrs. Josie Brewer of Kendrick, and John Rouse of American ridge, were married at Moscow on Friday, December 30, by Rev. H. O. Perry, at the Methodist parsonage. They will make their home on a farm on American ridge.

Miss Opal Vincent and Robert Draper, both of Leland, were married at Lewiston Monday afternoon at the office of the probate judge. They are popular young folks of the Leland country. Mr. and Mrs. G. Hogrefe accompanied them to Lewiston and were present at the wedding. Mrs. Hogrefe is a sister of the bride.

Sheriff John L. Woody and Dr. Moser were hunting last week in the country tributary to Park. Rumors are afloat that Dr. Moser got lost in the woods and had to stay out all night. A searching party was sent out in the morning and found him. The sum and substance of the story, however, is that neither Mr. Woody nor Dr. Moser got a deer.

Roses in January are a little out of the ordinary, even in the balmy Potlatch. Nevertheless some very pretty half-open buds were picked in several different yards in the town this week. Many rose bushes are in full leaf, just as they are in late spring. Lawns are almost as green as they were in May or June.

Leland Items—Mr. and Mrs. J. M. Woodward gave a dinner at their home on Christmas day for their relatives. Those present were Mr. and Mrs. A. H. Smith, Mr. and Mrs. R. M. Smith and children, Mr. and Mrs. Clyde McGhee, Mr. and Mrs. Locke and daughter, Miss Lela Webster, Miss Edith Locke and Howard Smith. Miss Bonnie and Bertha Craig and brother Alva, are spending a few days this week visiting in Lewiston. James Winegardner and sisters Edith and Alice are visiting their parents here during the holidays. James is a student at the U. of I., Edith is teaching in the grades and Alice is attending high school. Mr. and Mrs. R. B. Parks and daughter were dinner guests of Mr. and Mrs. B. Goudzward Sunday.

Linden Items—Cleve and Celia McPhee attended the dance at Cavendish Saturday night. Mrs. McPhee returned with them after a week's visit with her daughter, Mrs. Claud Pippinger. Miss Leah and Master Geo. Smith returned to their schools Sunday. C. T. Mulkey and family, Mrs. Clem Israel and children spent Sunday at the Elmer Hudson home. Eva Smith entertained at a turkey dinner Friday. Those present were Mr. and Mrs. P. J. Alexander, Mr. and Mrs. Lou Alexander, Mr. and Mrs. Lou Alexander and children, Miss Carrie and George Smith, Mr. and Mrs. Walter Kight, Eva, Leah and Geo. Smith spent New Year's evening with Mr. and Mrs. Arthur Bohn. Miss Edith Jenks arrived from Lewiston Sunday evening to visit her sister, Mrs. Lou Alexander and family.

New AAA Officers Take Charge

The 1941 county agricultural conservation committee assumed responsibility of AAA farm program activities in Latah County last week when the chairman, vice chairman, and regular members elected in November took office.

The committee for 1941 is composed of H. F. Koster, Genesee, chairman; Clarence A. Jensen, Farmington, vice chairman; Guy W. Kitch, Deary, third member. All operate farms in Latah county.

"Since inception of the program with the agricultural adjustment act of 1933, farmers have been elected by their neighbors to act as advisors and assume charge of program activities," said H. F. Koster, chairman for 1941.

"Each county committeeman is given specific responsibilities with regard to the various phases of the program. With the assistance of the community committeemen, they keep Latah county farmers acquainted with program provisions."

Mrs. Chas. Noble, Jr., Passes

Mrs. Charles Noble, Jr., died in a hospital at Orofino Sunday evening, January 5, after an illness of three weeks. She was the daughter of Mr. and Mrs. Chas. Lackey of Julianna, and the wife of Charles Noble, Jr.

Mrs. Noble graduated from the Julianna High school in May of 1934.

Funeral services were held Wednesday afternoon in Julianna. Many beautiful floral offerings attested to the high esteem in which she was held.

Her brother, Edgar Lackey, arrived from Camp Murray, in time to attend the services.

WHAT'S GOING ON IN THE KENDRICK SCHOOLS

The Social Science class saw two films during their class period on Tuesday. They were "Conservation of Natural Resources" and "Mexican Children." The Thursday before Christmas the class elected Barbara Davidson to act as chairman for the day and lead the discussion on the chapter entitled "Education For Social Life."

Some joint Home Economics and Agriculture classes may be held in the near future. Some of the subjects to be touched on may be table manners, budgeting and Home Conveniences. Others are farm finances, interior decorating and food preparation.

The subs and the eighth grade team played a practice game after school Tuesday, during the absence of the first string.

The band and glee club are working continuously on their music program, which is to be presented soon.

Friday afternoon, before we were excused for Christmas vacation, a program was presented before the assembly. The band played a number of selections, following which Miss Grim's primary people presented a play entitled "Farmer Brown's Christmas" and presented a number of rhythm band numbers. The Spanish class then sang two Christmas carols "Silent Night" and "Little Town of Bethlehem." The band then played several selections. Following the music gifts were passed out, with Kenneth Woody acting as Santa Claus. As a treat from the faculty, candy and nuts were distributed.

During the Christmas vacation, the basketball team played two games—one with Lewiston and one with Anatone. They were unlucky in both games, but the Anatone game was a thriller from start to finish, an overtime period being required. Anatone finally winning 31-29.

Tuesday night of this week the boys journeyed to Bovill, where they met defeat at the hands of that team, the final score being 33-21 in favor of Bovill. The Kendrick B squad did a bit better, winning their game 15-10.

Weather Up And Down

The weather man has had lots of fun giving the Potlatch section "the works" the past few days.

Saturday afternoon Kendrick had a slight snow fall, which was very largely gone by Sunday morning.

However, Sunday it started to snow in earnest, some two and one-half inches falling, Monday it warmed up a bit, and Tuesday it rained "cats and dogs" for a while. Tuesday night the mercury fell to 26, and since that time has remained just about at the freezing point.

Country roads are said to be deep with slush and mud.

Receive New Crusher

The Kendrick Highway district last Saturday received a new secondary crusher, and it was immediately taken to the crusher site on the Tekas ridge WPA project. The old crusher will be used as a "breaker". This will give the district a fine crusher equipment, which will be put in service as soon as the quarry is shot, which is today (Thursday), when 2½ tons of powder will be set off at one time.

Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial club will be held in the basement of the Kendrick Community church on Monday evening, January 13, with the Ladies Aid of that organization serving the meal.

Joined Navy?

According to information which we have been unable to confirm, Don Jones and Judson I. Lee of Kendrick have left their studies at the University of Idaho to enlist in the United States navy.

FUTURES SLIGHTLY HIGHER; CASH WHEAT UNCHANGED

Advances in wheat futures markets in important midwestern points resulted in slightly higher quotations on the May option in the Pacific Northwest during the week ending January 3, according to the Agricultural Marketing Service. Cash wheat, however, was mostly unchanged from the previous week, reflecting the slow demand from all classes of buyers, and the holiday period. On the other hand, growers were not offering freely at country points and the light trading and movement was indicated by receipts of only 463 cars of wheat at Puget Sound and Columbia river terminals for the week. Some mills in this area were curtailing their operations to some extent as a result of the slow flour business. Only a light and scattered demand prevailed for cash wheat from mills during the period, their needs being confined to special lots for immediate needs. With no new export business reported, exporters were not actively in the market for wheat supplies. California demand for Northwest wheat also remained dull. Although the indemnity payment on export flour held at 70c to the Philippines and \$1.05 per barrel to the Americas, sales under the plan were reported of less volume than during the previous week.

Cash wheat prices at Portland on January 3, showed soft white and western white at 76c, western red at 77c and hard red winter at 76½c per bushel, all basis No. 1 grade in bulk. Wheat millfees markets were just about steady and unchanged from earlier in the period. A generally quiet situation prevailed in the grain markets of the Pacific Northwest as the period ended. Receipts of wheat at Columbia river and Puget Sound terminals since July 1, 1940, are about 1,550 cars, equal to approximately 2,325,000 bushels, under receipts at the same markets during the comparable period a year earlier.

Cash wheat quotations at Seattle on January 3 were: western white, 76c, red winter, 76½c, western red, 77c, and dark northern spring from Montana at 93c per bushel, all basis No. 1 grade in bulk.

The San Francisco wheat market held steady during the past week with light offerings and advances in other markets tending to offset the slow local demand. While trading and movement were narrow, prices held practically unchanged from a week previous. Offerings from Pacific Northwestern and Intermountain states were somewhat lighter than during the previous week and were too high to permit shipment to central California except for milling purposes.

Denver wheat receipts totaled 12 cars for the week, with mills at that market bidding 67c per bushel for No. 2 hard winter and No. 2 northern spring, basis f. o. b. Colorado common points.

At Ogden demand was good with offerings light. Wheat receipts at that market totaled 38 shipments, 29 cars and diversions, four cars. The shipments and diversions went mostly to the east with the higher protein wheat moving to the Pacific Coast mills. Quotations on January 3, basis No. 2, f. o. b. Ogden mills were dark hard winter and dark northern spring 73c, hard winter and northern spring 67c, hard white 79c, soft white 72c and western white 70c per bushel, with prices f. o. b. country shipping points 17c per bushel under Ogden.

Kansas City arrivals totaled only 170 cars, and with a proportion going direct to mills and elevators on contract, open market offerings were moderate. At nine winter wheat terminals and sub-terminals, receipts totaled 685 cars for the week compared with 621 the previous week a year ago. On January 3, No. 2 hard winter was quoted at Kansas City at 84½c per bushel and No. 2 red at 84c to 8

Do Not "Overdrive"

Early this month near Marsing, a school bus came to a stop on the highway. A heavy truck smashed into the rear of the bus, tearing every seat away from its foundation and injuring 50 school children. There was a heavy morning fog and the surface of the road was coated with ice.

This incident, says D. F. Banks, director of safety, should be accepted as a timely warning against "overdriving," especially during the winter months.

"Overdriving" is meant driving at a rate over and above that which allows perfect control of the car plus a margin of safety. At night if your lights give clear vision for a distance of 200 feet, and the car may be brought to a stop within that distance, you are not overdriving; but if your brakes will not bring the car to a stop within the clear-vision range, you are "overdriving."

Should an unexpected obstacle appear on the highway it will require nearly half a block to bring the car to a stop if you are only traveling at 40 miles an hour on a dry and perfect roadway.

Educational Films Available

As a modern aid in their teaching program, Kendrick schools are using the film service offered by the bureau of visual education at Washington State college, according to William Guedinger, newly-appointed bureau director.

Some 301 different films, ranging all the way from the "Fundamentals of Acoustics" to the "Animals of the Zoo," are available to schools, clubs, churches, lodges and granges.

"Maryland" At Theatre
If you like to see beautiful horses and horse racing, then you will like "Maryland," which brings horse-racing to the screen in technicolor, the climax of the story being the winning of the Maryland hunt cup. The story is that of a woman who hates horses because of the death of her husband at a fox hunt — and her son wins the Maryland Hunt cup. Well known names in the cast are Charles Ruggles and Brenda Joyce, supported by a splendid cast. The comedy is supplied by Hattie McDaniel and Ben Carter, as her wayward husband. If you like comedy, horses and pretty scenery — this show is sure to please you. The usual shorts will also be shown.

TEAKEAN GOSSIP

The weather is quite a bit warmer again and the snow is melting.

There are still lots of cases of flu here, and we are hoping it will soon be over. Some cases have been quite severe.

Merton Preussler came up from Orofino last Friday and returned on Sunday. He expected to begin his work on Tuesday.

Grover Groseclose was an overnight visitor at the home of his brother, Wm., Sunday night.

Dick Dillon of Yakima, Miss Clara Chladek and Frank Chladek of Lapwai were visitors at the home of Mr. and Mrs. R. E. Brock Sunday.

Mr. and Mrs. R. E. Brock and children spent Christmas with her folks, the Chladeks, at Lapwai.

Mr. and Mrs. Carroll Groseclose and son visited at the home of Mr. and Mrs. Frank Carey Sunday.

Mr. and Mrs. Wm. Groseclose celebrated their 37th wedding anniversary on Monday, January 6.

More snow is falling today (Tuesday) and it looks like we might have some sleighing yet.

There are not many children in school. Some are ill with the flu, and others are being kept at home to avoid their taking it.

NOTICE OF FORECLOSURE SALE

Order of Sale and Decree of Foreclosure and Sale

BERTHA EICHNER, Plaintiff vs. ADDIE REID, WILLIAM WOLF and IDA WOLF, his wife, CLARENCE JOHNSON and VIOLA JOHNSON, his wife, Defendants.
Under and by virtue of an order of sale and decree of foreclosure and sale issued out of the District Court of the Second Judicial District in and for the County of Latah and State of Idaho, on the 7th day of January, A. D. 1941, in the above entitled action wherein BERTHA EICHNER the above named Plaintiff obtained a judgment and decree of foreclosure and sale against ADDIE REID, WILLIAM WOLF and IDA WOLF, his wife, CLARENCE JOHNSON and VIOLA JOHNSON, his wife, on the 7th day of January, A. D. 1941, for the sum of \$1,716.82 in United States lawful money, besides interest, cost and attorney's fees, I am commanded to sell all that certain lots, pieces or parcels of land situated, lying and being in Kendrick precinct, County of Latah, State of Idaho, and bounded and described as follows:

The Northwest Quarter of the Southeast Quarter (NW¼SE¼) except all of the land lying south and west of the Brady Gulch Road deeded to A. A. May as shown by deed recorded in Book 86 of Deeds at page 171 of the records of Latah County, State of Idaho. All of the land south of the road in Southeast Quarter of the Northeast Quarter (SE¼NE¼); The Northeast Quarter of the Southeast Quarter (NE¼SE¼) and the North 23 acres in the Southeast Quarter (SE¼SE¼) and the Southwest Quarter of the Southeast Quarter (SW¼SE¼), except all land west of Brady Gulch road deeded to Theodore F. Sparber and recorded in Book 85 of Deeds at page 162 of the records of Latah County, Idaho, all in Section Twenty-three (23), Township Thirty-eight (38) North, Range Three (3), West of the Boise Meridian. And including, all that part of the Northeast Quarter of the Southwest Quarter (NE¼SW¼) of Section Twenty-eight (28), Township Three (3) W. B. M., lying northeast of Brady Gulch Road, save and except a certain Spring within said area and right of way for pipe line.

Public notice is hereby given that on Monday, the 3rd day of February, A. D. 1941, at 10 o'clock A. M. of that day, in front of the Court House door of the County of Latah, I will, in obedience to an order of sale and decree of foreclosure and sale, sell the above described property or so much thereof as may be necessary to satisfy said judgment, with interest and costs, etc., to the highest and best bidder, for lawful money of the

MINING MONEY

IS THE GOOSE THAT LAYS THE GOLDEN EGG

MINING MONEY is the pioneer of present day finance, the adventurer of investment capital. It is not interested in the safety deposit box existence of government bonds and three per cent securities. MINING MONEY goes ahead, exploring into the unknown, taking big risks in hopes of big returns.

MINING MONEY IS TREMENDOUSLY IMPORTANT TO ANY STATE WITH UNDEVELOPED MINERAL RESOURCES. IT PAYS THE BILL FOR EXPLORATION AND DEVELOPMENT. IT PROVIDES THE CAPITAL FOR THAT CONSTANT REINVESTMENT NECESSARY TO KEEP THE INDUSTRY ALIVE.

Idaho has the mineral possibilities to attract MINING MONEY but—during recent years there has developed a reluctance on the part of investors to put their money in Idaho properties.

EDITORIAL

Well, Folks—Here it is January 9 and congress and the state legislature are both in session — and the weather man predicting warmer weather — which is probably due to the hot air flowing from the various capitols — and so far there has been plenty of it! We sincerely hope, nationally, that they get down to action and promulgate a few laws to care for the 5th columnists, of whom we seem to have just too bountiful a supply, straighten out this labor situation, get action on the necessary defense measures, and a host of other things that need doing.

As for the state legislature — we often wonder if that isn't something which we could get along without very nicely. About all they seem to do is bicker about state educational institutions and appointive offices.

It seems that a modern young lady was surprised on her visit to the zoo to find not a single monkey in the monkey cage.

Disappointed at the absence of her favorite beasties, she quickly summoned the attendant and asked him why the dear little monkeys had been taken away.

"Ain't been taken away, ma'am," he told her. "This is the mating season when the monks stay in their houses for several days."

"Oh, dear," she complained, "I did so want to see them." She looked sad and then added hopefully, "Will they come out if I give them a peanut?"

"Darned if I know, lady," said the attendant, "Would you?"

"What makes you think she's a photographer's daughter?"

"Because her system is to sit in a dark room and await developments."
