Well, Folks—Here it is well past the middle of January, and still our winter hasn't amounted to much. Of course, we've had a lot of rain, mud, slush, etc., but no really cold weather. We'd probably have had less flu if we had had the cold weather. However, here's a suggestion that is well worth considering — the milder weather has kept the milk and cream flow up — so just add the surplus to your income when you bring us that can of cream. That is one commodity on which there is always a market -and we head that market by paying cash. No waiting, no fuss, no bother. Cash on the barrel head — and a steam sterilized, ready-to use-can returned to you. You don't even have to wash it!

Try us. You'll like our ser-
