WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

Changes in Game Laws — Following are a number of changes made in the game laws of the state at the recent session of the state legislature: The fee for a game license has been raised from \$1.50 to \$2.00, and women as well as men must take out licenses. The fishing license for a non-resident has been increased from \$2 to \$3. A new feature is a gun license for aliens who are employed in the protection of stock, but are not allowed to kill game; the grouse season has been shortened 30 days; the open season will begin August 15 and will extend to October 15. The bear has finally been honored by a place among game animals. It was formerly classed among the predatory animals, later among the fur bearers, but now is entitled to protection of the game laws.

Stanton Store Robbed—Thursday night of last week Stanton Bros. store was entered and robbed of the cash in the till and money drawer. The amount taken was approximately \$12.00. Nothing besides money was taken, so far as known, and no clues were left. Several robberies of like nature have been committed here during the past winter and it is believed that local people are doing the work.

Caucus Held Tuesday—At the caucus held in the town hall Tuesday evening a strong ticket was nominated to fill the five positions on the council. N. E. Walker presided over the meeting, which was a very peaceful and harmonious gathering. After the votes were counted it was found that N. E. Walker, Wm. Rogers, Tom Long, A. Wilmot and Hugo Stanton had been chosen as candidates to be voted on at the coming election on April 26.

School Notes—A great deal of interest was shown in the ciphering contest held Friday afternoon. The champions of the four classes were: Freshman—Egnaz Flaig; Sophomore—Wm. Kelley; Junior—Noria Callison; Senior—Tula Lehman. The averages for the six weeks' examinations were: girls 87.9; boys 83.64; Freshmen 81.84; Sophomore 90; Juniors 87.9; Seniors 93.2.

Linden Items—Mrs. James Langdon of Juliaetta is visiting at the home of her son, Earl. Mr. and Mrs. Walter Knight were Sunday visitors in the Louis Alexander home. Garner, Mrs. McPhee, Celia and Cleve McPhee spent Sunday evening at the Arthur Bohn home. Mr. and Mrs. Clarence Fry, Mr. and Mrs. Earl Langdon and Mrs. James Langdon were Sunday guests at the Dick Winegardner home. Guy Foster's smiling face is seen behind the counter at Mr. Brooking's store these days.

May Get Creamery—G. F. Walker, local real estate man, is in correspondence with a man looking for a location for a creamery. A man who locates here at this time would have a bright future and prospects for a good business in the creamery line within a short time. The creamery which located here some years ago was a mutual company.

Big Bear Ridge—Miss Anna Lien returned home from Spokane Friday, after having spent a month with her sister, Mrs. Einar Bruseth. Mrs. Wallace Emmett and son Roy were Moscow visitors Wednesday. Miss Adeline Hupp spent the week-end with her sister, Mrs. K. D. Ingle. Mrs. Ole Lien was a Moscow visitor Wednesday. Ingvald Aas and John Hogaboam came up from Culdesac to attend the "Dear Club" entertainment.

Southwick News—The Homer Hayward family ate dinner with the T. J. Armitage family Sunday. Mr. Farris is able to get around again with the aid of a cane, after having been kicked by a horse. Clarence Henderson, Miss Zelma Wright, Mr. and Mrs. Hoppe and Miss Lillian were callers at the Hiram Albers home Sunday.

Has Many Ribbons—Ben Callison has 120 first prize ribbons and probably that many seconds that he took on his prize Rhode Island Red chickens at poultry shows and fairs. He also has three silver cups which his poultry won for him. A frame is being made for them and they will be taken to Spokane and placed on exhibition next month.

Big Eggs Coming In Now—Last week Mrs. Warney may sent in two fine eggs to the Gazette office to start off the Big Egg contest, and now that it is on its way we hope everyone will take part in it. Just gather in your big eggs and enter them—they might win.

Big Egg Contest Is On

Want to earn a six-months' subscription to the Kendrick Gazette? Well, all you've got to do is to bring in the largest hen's egg — and the rest is easy — and you may take the egg home with you after measurement.

If you happen to bring in the largest one we will place your name on our subscription list for six months — or the next largest will get you three months; or, if you are already a subscriber, we will extend your subscription for the length of time you may win.

All you've got to do is be real nice to old Biddy and she will deliver the goods — at least some one's hen always has, and this year should prove no exception. So, if you happen to find a big egg, don't forget to bring it into the Gazette and have it measured—it may win you the price of several dozen.

Antique Music Box

Harold Thomas is quite prody displaying something of an antique music box these days. The machine, labeled "Home Music Box" has an accordion type bellows, reeds and stops similar to an accordion, but is operated by turning a crank, which in turn operates a cork roll into which is inserted pin stops. These, striking the reed controls, cause "music" to be made by the machine. It certainly is a real curiosity.

Death of Sister

Mrs. James Emmett received word last Sunday that her sister, Mrs. J. Castle, had passed away at her home at Chillicothe, Mo., on Friday evening.

WHAT'S GOING ON IN THE KENDRICK SCHOOLS

The Senior Science class saw two films Monday. One of them dealt with television and the other with radio. These were special films from Washington, D. C., and had to be returned immediately.

The annual staff is working quite steadily on their publication and are making rapid progress. They are sponsoring a party and dance Friday evening in the gymnasium for high school people to raise funds for the publication.

The baseball season is under way and practice is being held nightly on the diamond, which has been graded and fenced in. A new backstop has been erected. The first game will probably be played with either Southwick or Juliaetta.

The cast for the Senior play, entitled "Spring Fever," is as follows: Howard Brant, a Senior at Brookfield College; Everett Farrington, Ed Burns, a chemistry student; Bill Deobald, an art student; Harry Newman, a journalism student; Lou Herron, a journalism student; Mary Havens, the landlady; Velma Mills, Anne Purcell, Howard's heart-interest; Betty Boyd, Vic's heart-interest; Elsie Knutson, Anne's father, a rich manufacturer; Bill Cuddy, Phoebe Purcell, Anne's mother; Bernadine Peters, Maudie Corey, Howard's spinster; and from Juliaetta, Anne Deobald, Professor Virgil Bear, zoology department; Bob Watts, Dr. Dixon, President of Brookfield College; Dick Reid, The Social Science class and the Northwest History class went on a field trip to Lewiston and Spaulding last Thursday. They left at 9:00 a. m. and first visited the Lewiston saw mill. After completing a tour of the mill they ate their lunches at a Lewiston park. After lunch they toured a Lewiston bakery. On their way home they stopped at Spaulding and visited the Indian museum there. The trip was made in Bill Cuddy's truck, and the group returned in time to go home on their respective school buses.

The Northwest History class hopes to return for another visit to Spaulding, as there was not time to thoroughly see all that was to be offered in the way of historical items. Monday morning of this week the Social Science class was fortunate in having Judd Lee as a visitor. He is home on furlough from the navy and he answered many class questions as to navy life, its opportunities and its requirements. Plans are going forward for the Junior Prom, which is scheduled for the night of April 18. Its theme is "Cabin of Dreams" and dance programs and decorations will carry out this idea. Joe Titus and his orchestra have been engaged to play for the Prom. Invitations need to be presented at the door.

Deferment Must Wait—Employers and dependents of prospective trainees who are submitting pleas for deferments in advance of the time when they come up for classification by their local boards, are merely complicating the work of the local boards without rendering service to the interested parties. Capt. Percy A. Lasselle, Occupational Deferment Advisor for the State of Idaho, says.

It is emphasized that under Selective Service regulations, local boards must classify registrants according to their order numbers, and when the time comes for a registrant's classification, he, and all those who are concerned, will be given every opportunity to substantiate deferment claims. He also pointed out that any information submitted before a registrant receives his questionnaire from his local board, may become obsolete and valueless. A registrant can be deferred only by his local board and no other group or person in the Selective Service system has jurisdiction until the local board has classified him.

Suffers Broken Ankle—Dale Miller, elder son of Mr. and Mrs. Don Miller of Kendrick suffered a broken right ankle Sunday, when his father's car, driven by himself and containing as passengers the two Johnson boys and Tommy Brown, skidded and flipped over onto its side near the entrance to the state rock supply pile near the Walter Cochrane home below Juliaetta. Dale started to turn in to this driveway to turn the car around, evidently misjudged its speed, skidded and the car flipped onto its side. The other three boys were somewhat shaken up, but luckily escaped serious injury. The car was righted and taken to Lewiston for body repairs.

Epidemic Of Injured Fingers—Strange as it seems, there appears to be an epidemic of broken fingers going on. Last Thursday Warney May, Jr., broke a finger on his right hand while playing baseball. Then on Friday, Ossia Kanikkeberg also broke a finger on his right hand while playing baseball. Then, to top it all off, Charles Flaig broke a finger on his right hand while playing baseball, and in some manner the injured number became infected, and is bothering him considerably. He is a son of Mr. and Mrs. Fred Flaig of St. Maries.

KENDRICK P-T. A. MEETING HELD MONDAY NIGHT

The regular monthly meeting of the Kendrick Parent-Teachers association was held Monday night in the High School auditorium, with President Mrs. A. O. Kanikkeberg presiding. A short business meeting followed the reading of the minutes. The treasurer reported \$43.50 on hand. Mr. Mason made several announcements of coming school activities. He also made a request of \$20.00 from the P-T. A. funds to be used in fixing the stage in the gymnasium, so it might be used to present the senior play next month. He said a curtain had been ordered but that they would need extra funds for repair work. The group voted to allow this sum to Mr. Mason for this work, as all felt it would be an advantage to the school to have the stage ready for the many school activities throughout the year.

Mr. Fitzpatrick made a few remarks about the band needs for next year, suggesting the P-T. A. group consider helping raise money for band uniforms as a worthy project. The nominating committee presented the following names for office for the coming year: Mrs. Lester Crocker, president; Mrs. Herman Schupfer, vice-president; Mrs. G. W. McKeever, secretary; Mrs. E. T. Long, treasurer. Installation of officers will be at the next meeting.

The meeting was then turned over to Mrs. F. M. Long, who had charge of the program. Myra Kanikkeberg, assisted by Lois Deobald, led the group in singing two songs. Mrs. Long then gave a very interesting talk on the Girl Scout movement and how important such an organization is to the development of our girls. She also gave a brief outline of the things the girls could and did do and stressed the value of teaching girls to work and play together. She then introduced the two troops and presented membership cards to the intermediates.

Mrs. Long's talk was very enjoyable, and all feel this community is fortunate in having her as a Girl Scout leader. The meeting then adjourned to the D. S. room, where delightful refreshments were served by the hospitality committee.

Home Hygiene Club Organized

Some three or four weeks ago a Home Hygiene Study Club was organized in Kendrick among the younger married women and they have taken up three very important topics for study and hope to finally bring them to fruition. Among these subjects are: The disposal of garbage about the home, sewer connections for homes not now connected, and some sort of public library.

The club met on Wednesday of last week with Mrs. Ivan Craig, Mrs. Siefert, public health nurse, was present to assist the ladies in their attempt to make the town a "better place in which to live"—especially a cleaner one. One of the ladies said there was actually no place in which to dispose of one's garbage during the summer-time especially; that many dug up and soft from such use that it was next to impossible to walk over them. This particular lady suggested that perhaps it might be possible to have some farmer who has hogs come and gather up such refuse, provided it is put in an accessible place.

Anyway, it is all something to think about—and much surface to work on. Old Time Employees Banquet—Three hundred and fifty-five veteran employees of the Washington Water Power Company and the Spokane United Railways were honored at the third annual Electric Trail Blazers' banquet in the Silver Grill of the Spokane Hotel, Spokane, on Saturday evening, March 15. Eighty-one Trail Blazer members received new service pins. Ten thousand one hundred years of accumulated experience were represented by the "old time" employees, four of whom have worked for the company at least 50 years.

Receivers From Sore Throat—Mrs. Mildred Rider, who was quite ill last week with septic sore throat is up and about again, but is still quite weak. She was cared for at the George Leith home.

Among The Sick

Chas. Schultz, Cameron was taken to St. Joseph's Hospital, Lewiston, last Sunday, suffering with a severe case of septic sore throat.

CASH WHEAT MOSTLY UN-CHANGED IN NORTHWEST

The May wheat futures advanced 2c per bushel at Portland during the week ending March 14, along with strength in important midwest markets, according to the Agricultural Marketing Service. Cash wheat, however, did not follow the advance in futures and at the close of the week most principal classes were about unchanged from a week ago. With current cash wheat prices somewhat above loan values, growers were reported selling somewhat more freely than during other recent weeks. Demand also improved from mills and exporters and market offerings were being readily absorbed at steady prices. Increased trading and movement was reflected in receipts of 733 cars of wheat at Puget Sound and Columbia river terminals, compared with 515 cars for the previous week. A feature of the market situation was the reported sale of around 30,000 barrels of flour to Shanghai early in the period and another early cargo to the same market late in the week. It was also reported that sales of flour to the Philippines and the Americas under the indemnity plan were fairly heavy and above average during the week. Indemnity payments held at 60c to the Philippines and 90c per barrel to the Americas. Further flour sales to the Orient would be possible if shipping space were available, according to trade reports. Wheat millfeeds held fully steady compared with early in the period. Crop conditions in the Pacific Northwest are still reported generally favorable.

Cash wheat quotations at Portland March 14, showed soft white, western white and ordinary protein hard red winter at 76c, and western red at 77c per bushel, all basis No. 1 grade in bulk. Cash wheat prices at Seattle on March 14 were western white and western red at 76½c per bushel and hard red winter at 76c per bushel, all basis No. 1 grade in bulk.

The San Francisco wheat market averaged slightly firmer during the past week, largely reflecting advances in other markets and moderate offerings from central California growers. While current demand was light, prices were mostly around 2½c per 100 higher compared with a week ago. Growers in nearby producing areas generally were holding remaining supplies quite firmly and offerings from the other western states were also quite light. Bay region mills reported some improvement in flour demand and purchased scattered lots of local wheat to complete milling mixtures. The bulk of current takings by mills, however, represented wheat from Intermountain and Pacific Northwest states. Interest in wheat for feeding purposes appeared somewhat better than in other recent weeks.

Demand for all types of wheat was good at Ogden and offerings were better. Movement has increased due to the rise in prices. Temperatures continued above normal and prospects for the coming winter wheat crop were further improved by weather during the past week. Wheat quotations at March 14, basis No. 2, f. o. b. Ogden mills were dark hard winter and dark northern spring, 75c; hard winter and northern spring, 68c, hard white 78c. Denver mills were bidding 64c per bushel for No. 2 hard winter and No. 2 northern spring, basis f. o. b. Colorado common points.

Cash wheat prices at Kansas City followed closely the action of futures, with prices nominally 2c to 3c per bushel higher. The effects of the previous week's heavy and widespread snow cut heavily into the movement to market and receipts fell off sharply to 278 cars for the week. Arrivals of wheat at nine important southwestern terminals was reduced to 900 cars compared with 1,253 cars for the previous week. At the close of the week No. 2 hard winter was quoted at Kansas City at 82¼c to 83¼c.

Even though receipts increased materially at Minneapolis, premiums on cash wheat remained quite firm. Minneapolis received 666 cars of all classes of wheat and Duluth unloaded 183.

The cash wheat market at Chicago showed more activity than during the past few weeks. Bids "to arrive" were on about the same basis as spot wheat, with about 20 per cent of the new arrivals placed on "spot." Oats showed considerable improvement during the week, with good eastern demand.

Little change occurred in winter wheat prospects and the general outlook continues satisfactory. Some complaints of freezing and thawing were reported in the Ohio valley, but no extensive lifting was evident. Growth was slow in many sections. West of the Rocky mountains the outlook remained entirely satisfactory, with much spring seeding reported in Washington.

In most of the European winter wheat belt the weather remained cold. Rain and snow were received over wide areas in the Balkans and the weather was abnormally cold in Spain and Portugal. Prospects are below normal in unoccupied France. In continental Europe field work is backward because of the cold and wet weather.

Little information is available on world trade. Some Russian wheat was reported received in Belgium. Spain bought some Canadian wheat and was also receiving fairly large quantities of Argentine wheat. The food situation in Spain remains very

Mr. and Mrs. Louis Alexander and son spent Sunday evening at the Smith home. One hundred forty-two people gathered at the home of Mr. and Mrs. Fred Magee Sunday to help celebrate their silver wedding anniversary. Three large tables fairly groaned under the load of good food prepared by the self-invited guests. The meal was served cafeteria style. Mr. and Mrs. Magee received many nice gifts, one of them being a friendship quilt made by their neighbors, the blocks being embroidered with flowers and the name of a family. It was a beautiful and very pleasant day, and one long to be remembered. Their daughter and son of Kellogg attended, besides friends from Lewiston and Kendrick. Mrs. H. D. Thompson went to Seneca, Ore., Wednesday on a business trip. Miss Faye Alexander of Southwick and Joe Michaelis, Lewiston, were married March 8th, at the Presbyterian church in Lewiston by Rev. CARELESS DRIVING CAUSES 20 DEATHS IN IDAHO—1941
 "Yellow line straddlers, or those middle-of-the-road drivers were busy upon Idaho highways during the first two months of 1941, increasing traffic fatalities to near the 1939 record. January and February this year had ten deaths each as compared to 14 for January and 3 for February in 1940. In 1939 the fatalities were 11 for each of the two months, while the year preceding it was 11 for January and 4 for February." These figures were announced by J. L. Baldernon, commissioner of law enforcement.
 "In checking the accident reports for the first two months of this year, we find that in many of the collision accidents the drivers were at fault in driving upon the wrong side of the road. Some of the fatal accidents were due to drivers who straddle the yellow line and failed to reduce speed of their cars on curves and on slippery roads."
 "This was found to be the case in a recent accident in Bannock county south of Pocatello, when three cars collided on a curve at 2 o'clock in the morning. Ten persons were sent to the hospital, seven from one car, two from another and the driver of the third car. One of the seven died the day following the crash. Investigation disclosed that one of the cars was straddling the yellow line and when the driver attempted to clear the way oncoming cars on the slippery pavement, there was a crash."
 "An early morning crash of two middle-of-the-road drivers in Pocatello which caused the fatal injuries to the young woman and has since resulted in the filing of manslaughter charges against the two drivers," said the commissioner in conclusion. "Most of the accidents that have occurred on slippery roads when drivers have 'hogged' the road and have waited until the last second before getting on their side of the road with its slippery surface—and then the crash. This was found to have been the case in the three-car crash near Mountain Home with the fatal injury to a Nampa woman."

GOLDEN RULE
 A goodly group gathered at the cemetery at Southwick Wednesday to clean it up, and by nightfall it looked much improved. The ladies gathered at the Aid hall and cooked dinner for the group.

Another Double Offering
 Told against the background of Hollywood night life, its flashing chorus legs and glittering gaiety, "A Night at Earl Carroll's", which comes to the Kendrick Theatre this Friday and Saturday nights, describes the downfall of a racketeer gang which kidnaps a night club cast to embarrass stars.
 Featured in the musical comedy and drama are Ken Murray and Rose Hobart, Brenda and Cobina, and many other well known stars.
 The next picture is "The Ghost Breakers," with Bob Hope and Paulette Goddard in the leading roles. Bob is getting heart failure from the ghosts... and heart trouble from beautiful Paulette -- "tell him he can't scare me, I'm already scared." It's a real ghost show and you'll get real laughs from it.
 Will Play For Oyster Supper
 It has been learned that Mr. and Mrs. Raymond Gussick will render several violin selections at the oyster supper to be given by the ladies of the Methodist church on Wednesday evening, March 26.

Lumber Evaporating
 The lumber left piled where an old barn on the P. C. McCreary place (formerly belonging to Frank Ellis) was torn down last year, has been gradually disappearing and practically all the dimension pieces have been removed. While the lumber is not behind locked doors, yet it is on private property and it might behoove those who have been helping themselves to lay off the rest as it is needed by the owner—and, too, he has a pretty good idea which way it has gone.
Afternoon Bridge Club
 The Afternoon Bridge club met with Mrs. Wm. Watts Wednesday afternoon. Mrs. R. L. Blawett held high score for the afternoon. Delicious refreshments were served at the close of play.
 Mrs. Lester Crocker and Rilla Davidson were invited guests.

HAROLD THOMAS, Editor

EDITORIAL

Well, Folks—Here it is well past the middle of March — and spring really seems to be here. Now our suggestion at this time is that if you haven't already picked out your cold locker for the summer and prepared for the care of that "last minute" spring butchering, that you do so immediately. We have rented a lot of boxes already this spring, so hurry while the selection is better.

And, of course, with the coming of spring comes increased cream from cows on pasture — so remember, we pay spot cash for that cream. Bring in a can on your next trip to town. You'll like our service — and our cash!

Spring Work Under Way

Spring work is now going full tilt in the Potlatch country, with tractors being seen or heard on every hand. In some sections the report is that the south slopes are almost too dry and hard, while the north slopes are still a bit too wet, but work is proceeding nevertheless. Alfalfa ground is also being worked.

The warm spell of most of last week and Sunday and Monday was broken by a wind and rain storm Monday evening. It rained enough in some sections to cause a temporary suspension of operations.

Remember the date and place and plan to bring the family. Serving will start at 5:30 p. m. The price will be so small you won't miss the change.

Regarding Draft Registration

Men who have become 21 years of age since October 16, 1940, are not required to register for Selective Service Training unless or until another registration day is proclaimed by the President. Nevertheless, they can volunteer.

This announcement was made by Gen. M. G. McConnel, director of Selective Service for Idaho, because of numerous inquiries being received at state headquarters and by local boards.

Director McConnel pointed out that the President's proclamation specifically designated October 16, 1940, as the date for the first registration under the Selective Training and Service Act of 1940, and that the Act provides for subsequent registrations only at the call of the President. Likewise the Act and proclamation were specific in limiting the first registration on October 16, 1940, to men between the ages of 21 and 36 years on that date.

The law is clear, therefore, that any man who was not 21 years of age on October 16, 1940, will not be required to register until the President calls for another registration. However, any male citizen or declarant alien between the ages of 18 and 36 years may volunteer unless he is a registrant who has received his order to report for induction.

On the other hand, a registrant who has passed the age of 36 years since October 16, 1940, remains liable for Selective Service Training.
