WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

Miss Marie Koepff, daughter of Mr. and Mrs. Herman Koepff of Leland, was married to D. V. Kuykendall, at Spokane, March 28. Mrs. Koepff accompanied the young folks to Spokane and witnessed the ceremony. Mr. and Mrs. Kuykendall are popular young people of the Leland community. Friday evening, March 25, a large crowd of friends of the couple gathered at the Koepff home and gave the bride-to-be a shower. She was the recipient of many beautiful and useful presents. It was a jolly time for everyone present. Best wishes were expressed that the young couple might have a long and happy married life.

Frank Chamberlain had a narrow escape from death last Wednesday morning when the dray team, which he was driving, backed the wagon over the cliff back of the Hollada residence, near the old school house. Mr. Chamberlain had a heavy load on the wagon and was pulling it out from back of the old barn on the Hollada property. Mr. Chamberlain stayed with the wagon until he saw it was useless to remain longer, and then jumped, but his overalls caught on the wagon and caused him to get a hard fall. One leg and hip were badly bruised and skinned, but otherwise he escaped uninjured. The horse backed the wagon over the steep, rocky slope, landing on top of the machine shed, which they practically demolished, and the wagon came tumbling down on top of the horses. The wagon was badly smashed, but the horses were hurt very little. It is estimated that the team and wagon rolled and fell a distance of 200 or more feet.

The road from Little Bear ridge to Kendrick, which was badly washed out along the banks of Bear creek by recent high water, has been rebuilt, the job being completed the first of the week. It is still necessary to ford the creek at one point because of the bad condition of the bridge. The district on account of high water damage to be in the neighborhood of \$2,000.

G. F. Walker, local real estate dealer, reports the sale of the Isham Morgan 40-acre farm to Alonzo E. Brown. The place is located on the point of Texas ridge. The price paid is reported to be \$1,500. After completing this deal Mr. Walker then sold the Wilmet house and two acres in Juliaetta to Mr. Morgan, who will make his home there.

Lester Crocker, who has been working at the First National Bank of Lewiston for the past several months, is back on the job at the Farmers Bank. He returned the week.

A. B. Kjosness, assistant state leader of county agents, who made a trip over Potlatch ridge the first of the week, stated that if the cold and cloudy weather continues much longer there would be considerable damage done to the grain on account of wire worms. The cold weather is also retarding its growth.

Mr. and Mrs. A. C. Deeter are moving back to Kendrick this week. They say they like it much better here than at Moscow, where they spent the winter. They are planning on building a fine, modern bungalow on their lots at the lower end of town. They already have one very cozy bungalow on the east end of their property, but expect to make the new one larger and will use it for their home and rent the one already complete. Kendrick needs more people like the Deeters, who have faith in the town and its future and are willing to invest here and help build up the town and community.

Cameron News — Miss Wanda Brunsick was a Kendrick visitor on Monday. Herman Wilken was a business visitor in Lewiston Saturday. It is very seldom that a school teacher has a birthday, but Miss Buckles had one Tuesday, a number of friends helped her celebrate it. The following were Sunday guests at the Henry Brammer home: Gustav Krueger, Arthur Wegner, August Brummer, Martha and Herman Meyer, Martha Bertha and Lawrence Abitz, Henry Wendt, Mr. and Mrs. August Meyer, Mr. and Mrs. Carl Wegner, Ferdinand Utke and Leland News—Mrs. Vester Whittinger gave a party at her home on the evening of April 2, the occasion being Mr. Whittinger's birthday anniversary. Those present were Mr. and Mrs. E. Schmidt, Mr. and Mrs. W. Weyen, Mr. and Mrs. C. Craig, Mr. and Mrs. O. Craig, Mr. and Mrs. J. Thornton, Mr. and Mrs. G. Y. Davis, Mr. and Mrs. V. Whittinger, A. Robbins and F. Reil.

Open Pool Hall

Harold Hanson, formerly a state traffic officer in this district, has purchased the equipment and part of the stock of the McDonald & Wells pool hall, and is opening an establishment of his own in the corner building formerly occupied by the Kendrick Electric Co.

Mr. Hanson is well and favorably known in this section, and doubtless will do well in this business venture.

He plans on serving lunches, soft drinks, cigars, cigarettes, candy, and beer. The usual pool and card tables are standard equipment, of course.

P. T. A. Meeting

The regular monthly meeting of the Parent-Teachers association will be held in the High School auditorium Monday night, April 14. Everyone is cordially invited to come.

Easter

From the treasure house where I keep the lines
Of the verses I write and say,
I bring out the loveliest ones of all,
Just for you on this Easter Day.
"God bless you at this Easter tide,
And wrap you in his love;
May all your Easter prayers be answered
With true blessings from above.
"May peace within your home abide
And gladness in your hearts;
Joy not alone at Eastertide,
But love that ne'er departs."
—Bert Gamble.

LELAND PIONEERS CELEBRATE 58TH ANNIVERSARY

Mr. and Mrs. B. F. Flesman of Leland celebrated their fifty-eighth wedding anniversary at their home on Tuesday, April 8.

Mr. Flesman was born in DeKalb county, Indiana, August 6, 1860, and Mrs. Flesman was born in Andrew county, Mo., June 18, 1858. They were united in marriage at Savannah, Mo., April 8, 1883. They came to Leland in 1908 and settled on a farm one mile south of Leland, where they resided until 1916, when they retired from active work and moved to Leland.

To them five children were born—Mrs. Edna Yenni, Leland; Everett Flesman, Van Nuys, Calif.; Robert Dutton, Mont.; J. E. Leland, and George, Lewiston. There are 17 grandchildren and eight great-grandchildren.

The home was decorated with many beautiful seasonal flowers, brought as offerings to the honorees. Refreshments were prepared and served by their grandchildren, Mr. and Mrs. W. R. Steiniek. Open place was extended to friends and relatives.

Among those who called on Mr. and Mrs. Flesman were: Rev. and Mrs. J. E. Walbeck and granddaughter Barbara; Mrs. Ben Hoffman, Mr. and Mrs. Jesse Hoffman, Mrs. R. E. Woody, Mrs.ONEY Walker, Mrs. Milton Woodward, Mrs. Julia Flesman, Mrs. Herman Johnson, Mrs. A. G. Peters, Mrs. Gordon Peters and daughters Darlene and Wanda, Mr. and Mrs. J. E. Flesman and sons John and Jewell, Mr. and Mrs. Geo. Flesman and baby Connie Jean of Lewiston, Mr. and Mrs. Leonard Yenni.

F. F. A. Boys Take Third

The North Idaho district of the Future Farmers of America held their annual crop judging contest at the University of Idaho last Saturday under the direction of Donald Peterson, staff member of the agronomy department.

In the team competition first place went to Lapwai with a score of 2277, second to Moscow with a score of 2189 and third to Kendrick with a score of 2016.

Judging contests were divided into two parts. The first consisted of wheat, barley, clover and oats classifications, and the second of noxious weed seed and plant identification.

Howard Morton was elected president of the district at a meeting held Saturday afternoon in the high school. He succeeds Ernest Hoidal of Troy. Other officers are: vice president, Clark Armstrong of Lapwai; secretary, Ray Bencoset, Kendrick; treasurer, Henry Schierman, Lapwai; reporter, Clark Torrell, Troy.

Miss Simpson Pledged

Geraldine Simpson of Craigmont, Idaho, has been pledged to Lambda Kappa Sigma, national pharmaceutical honorary for women at Washington State college. Miss Simpson is a freshman majoring in pharmacy.

Geraldine Simpson is the granddaughter of Mrs. Bertha Eichner of Lewiston, and a niece of Mr. and Mrs. Harley Eichner of American ridge.

Mr. and Mrs. Kenneth Hunter of Spokane will leave on April 20 for a vacation trip to California. They will be accompanied home by Mrs. Hunter's uncle, Henry Eichner, who has spent the past winter in the sunshine state. Mrs. Hunter is a sister of Harley Eichner of American ridge, and will visit for a time in their home.

Loses Fingers in Saw

Stewart Wilson of Cedar Ridge had the misfortune to lose the third and fourth fingers of his right hand, and suffer serious injury to the second finger, Monday afternoon of this week, while engaged in operating a buzz saw at his home.

He was being assisted in the work by Kirk Wilson, who brought Stewart to town, where Dr. Christensen dressed the hand.

Mr. Wilson is not just sure how it happened, it took place so quickly, but at any rate, the fingers are gone.

Working on Sawmill

A crew has been busy the past few weeks putting the Thomas sawmill in shape in preparation for its summer's run.

Shafts have been realigned, tracks and chutes repaired and rebuilt, and other necessary work done.

Mr. Thomas stated, however, that no attempt would be made to operate the mill until weather and roads are sufficiently settled to insure a steady supply of logs for its cut.

Teachers to Spokane

The Kendrick public schools were dismissed Tuesday afternoon and all the teachers made preparation to attend the educational association meeting in Spokane this week-end.

Girl Scouts Entertain

The Silver Star and Bull Frog troops of the Kendrick Girl Scouts entertained their parents at a banquet and investiture ceremony on Wednesday evening, April 2, in the basement of the community church. After the dinner, quite a number of the girls received their "Tenderfoot" pins, and three girls of the Bull Frog troop received their second class pins.

Girl Scouts present were Gay Deobald, Ruth Bidison, Margaret Cook, Barbara Stedman, Erma Langdon, Patty McCree, Beverly Schupfer, Jean Flaig, Lois Deobald, Jean Crocker, Donna Wallace, Winnie Havers, Paula McKeever, our troop leader, Mrs. F. M. Long, and assistant leader, Myra Kanikkeberg. The parents of most of the girls were also present as their guests. A short talk by Rev. Gray and group singing also formed a part of the evening's program.

Game Warden Here

State Game Warden Ray Kernan was in town Wednesday of this week on official business. The back of the state pickup was loaded with traps for the catching of live beaver, in which work he has been engaged. Mr. Kernan stated that we stood an excellent chance of securing a load of small-mouth bass for planting in Atwater lake, news which should make the sportsmen of this section happy.

Entertain Friends

Monday afternoon at 3:30 o'clock Jean Flaig and Margaret Cook entertained at a party for the Silver Star troop of the Girl Scouts. Games were played and refreshments served.

Guests present, besides the Silver Star troop were their leader, Mrs. Marvin Long, Mrs. Pond, Mrs. Cook and Mrs. Flaig.

Senior Class Play Success

The Senior class play, "Spring Fever," presented at the gymnasium on Monday evening of this week, was a real success in every phase of the word, and the class, the play director, Mr. W. E. Deobald, and the class advisor, L. W. Mason, are to be congratulated on its fine presentation.

It is not too often that a play suitable for presentation by amateurs and possible to present with stage fittings at hand is chosen, but this one certainly was.

Every part was perfect for the student carrying it, and the whole moved forward in a most satisfactory manner.

The plot, laid in a college boarding house, run by a good-natured woman, undoubtedly brought back the memories of college days to many in the audience.

Again we say, the class as a whole, and all connected with the play in any way, are to be congratulated.

The new curtains and back-drop, prepared by the Girls League, in conjunction with the Home Making class of Miss Pond, made the presentation of this play possible in the big building, and to them too, must go a share of the credit for the success of the evening.

Has Real Relic

Harold Thomas is proudly displaying a real relic of pioneer times these days, in the nature of a repeating cylinder and ball rifle with a revolving cylinder like that of the old cap and ball pistols.

The gun is of about a .38 calibre. The cylinder, located just forward of the trigger, must be released by a separate spring within the trigger guard, before it can be revolved, by hand, for another shot.

The date stamped on the barrel is 1857. It's truly a relic of the pioneer days.

Circles To Meet

The Kanikkeberg circle will meet Friday at 2:30 o'clock with Mrs. Anneling. Everybody come.

The Elsie Havens circle will meet Friday in the home of Mrs. Hiram Galloway. All ladies are invited to come.

Mrs. S. Cook entertained the Grace Lind circle in her home Tuesday afternoon.

Spring Is Really Here

Spring certainly seems to be here in reality now, and not just a false March one. For apple, cherry and plum trees are almost through blooming, lawns are a brilliant green, and the clatter of lawn mowers can be heard almost every evening, and garden work is on full blast.

Bleeding heart and tulips are now in full bloom, and the shrubs surrounding homes in full leaf.

It's said that April showers bring May flowers, but if this weather continues, the May flowers will all have bloomed in April.

Brief committee reports were made during the course of the meal, served by the Ladies Aid of the church.

N. E. Walker of the Highway committee reported work on the Texas Ridge WPA project as progressing satisfactorily, with gravel (in a single track) now running from the top to bottom of the grade.

Geo. Brocke, chairman of the Pot O'Gold committee reported his program as not yet ready for presentation to the club as a group, there still remaining a "number of wrinkles that needed ironing out," but that it would be ready for the next meeting.

KENDRICK COMMERCIAL CLUB HAS SHORT MEETING

The regular monthly meeting of the Kendrick Commercial club was held in the basement of the Community church on Monday evening of this week, with 16 members and eight guests from Potlatch ridge present.

The business of the meeting was held to an absolute minimum, due to the time shortage preceding the Senior class play, which all desired to attend.

CASH WHEAT STEADY TO HIGHER IN NORTHWEST

Wheat futures did not follow the full strength at Chicago and remained about steady at Portland for the week ending April 4, and cash wheat ranged from unchanged to 10c per bushel higher, according to the Agricultural Marketing Service. The variations in cash prices depended upon local demand for the various classes of wheat. Somewhat active trading and movement in cash grain was reflected in carlot receipts of 769 cars for the past week, compared with 703 last week, reflecting somewhat larger offerings by growers while demand was slightly better at the terminals. Available market supplies were being absorbed at steady to slightly higher prices. Mills continued to furnish the best outlet for cash offerings with exporters and feed wheat dealers also in the market in a moderate way. Sales of flour were light during the week to both areas under the indemnity plan with the indemnity payment to the Philippines at 60c and to the Americas at \$1.05 per barrel. Further sales of around a half cargo of flour were made here for shipment to Hong Kong at a rate of \$27.00 per short ton; also a full cargo of flour was reported sold at Vancouver, B. C., to Hong Kong at a rate of \$25.00 per short ton. The domestic flour trade is reported as showing some improvement with future deliveries restricted to 60 days. Ocean freight rates to the Philippines were advanced to \$22.50 per short ton and Hong Kong \$25.00 per short ton, effective May 15. Wheat millfeeds markets held about steady. Pacific Northwest grain crop prospects were reported continuing very favorable.

Cash wheat prices at Portland on April 4 showed soft white at 76 1/2c, western white at 77c, western red at 78c and hard red winter at 77 1/2c per bushel, all basis No. 1 grade in bulk. Cash wheat prices at Seattle on April 4 showed western white at 77c, western red at 78 1/2c and hard red winter at 78c.

The San Francisco wheat market strengthened further during the week ending April 4, again influenced chiefly by advances in other markets and light offerings. Demand was only fair, but prices advanced around 2 1/2c per 100, compared with last week. Central California growers continued to offer remaining old crop supplies quite slowly, rather than well on the open market. Offerings of top quality wheat were particularly light. Offerings from other western states was also relatively light.

The Los Angeles wheat market showed further strength during the week ending April 4, reflecting very largely a continued and fairly active demand locally for limited offerings. Advances in principal classes of California wheat were mostly about 2 1/2c to 5c per 100, compared with a week ago. Marketings from the country points remained small and scattered.

At Ogden demand for wheat was good, but offerings limited and the movement slow. Wheat quotations, basis No. 2, f. o. b. Ogden mills were: dark hard winter and dark northern spring, 80c; hard winter and northern spring, 72c; hard white 83c, soft white 77c.

Denver mills were bidding 70c per bushel for No. 2 hard winter and No. 2 northern spring, basis f. o. b. Colorado common points.

Kansas City wheat prices continued to advance, to new high levels for the current crop year during the week ending April 4, as trade interpretations of possible market effect of farm legislation stimulated buying. Continued favorable crop prospects, with private estimates of higher yields than last year, again served as a checkrein on the market, but crop news has been pushed into the background by domestic, economic and legislative developments, and these so far have been interpreted by dealers as indicative of higher grain prices.

Country marketings have been stimulated by the recent strength in prices, and receipts at Kansas City jumped to 559 cars for the week.

Trade reaction to agricultural legislation news was again the principal factor which kept prices on the uptrend at Minneapolis during the week ending April 4. The contemplated programs made for a good demand for most agricultural commodities, and grain prices advanced, even though offerings were more liberal at the higher price levels. The wheat market was independently stimulated by domestic flour demand and revived speculation in the basic futures. All grains except corn followed the lead of wheat and showed gains during the week. Arrivals of all classes of wheat amounted to 851 cars during the week, while Duluth unloaded 156 cars. A good to steady demand prevailed and premiums were well maintained.

At Chicago a good demand from eastern mills for wheat during the past week and larger quantities of loan wheat were taken by elevators and sold to eastern mills; however, this did not appear to affect the local market. Wheat not under loan is reported to have moved in sizeable quantities from the southwest to Kansas City, but only a limited amount of this was reported at Chicago.

Less favorable prospects for the winter wheat in a few areas was reported to the weather bureau for the week ending April 2. Advances from most sections, however, indicated a continued favorable outlook, and private trade agencies forecast a crop of well over 600,000,000 bushels.

Mrs. Rider Heard From

Mr. and Mrs. Geo. Leith have received word from Mrs. Mildred Rider that she had arrived in Portland all right, but had been ill for a couple of days after her arrival. She stated that everything was very beautiful there at this time of year. She left today (Thursday) via Streamliner for Los Angeles, to join her children and where she expects to make her home.

Candle Light Communion Service

A Candle Light Communion Service will be held tonight (Thursday) in the Community church. Special music will be furnished by the church choir. Rev. Melville Pruitt will assist the local minister in the Service. The hour will be 8:00 o'clock.

It's Time To Sign Plan Sheets

Signing of 1941 farm plan sheets will continue throughout April in Latah county. H. F. Koster, chairman of the county AAA committee said this week.

Deadline, however, for signing the sheet, which also indicates intention to participate in the 1941 AAA program, has been set for May 1, the committeeman stated.

In addition to planning the year's operations with respect to "cash" and soil-conserving crops, and indicating intention of cooperating with the farm program, the plan sheet notifies each farmer of special crop acreage and total soil-depleting allotments, and is the first step toward qualifying for agricultural conservation and parity payments.

Need for cooperation between the farmers will be greater in 1941 than ever before and participators in the AAA farm program belong to the greatest cooperative organization in the world.

Anyone who has not signed his 1941 farm plan sheet may do so by contacting his local community committeeman. The local community committeeman will have all the necessary papers and will assist the farmer with his signing any time before May 1. Any plan sheets not signed after May 1, will make the farmer ineligible to participate in any phase of the agricultural conservation program for that year.

Mr. Koster pointed out that it is necessary for farmers who took part last year to sign up for 1941, and that farmers who did not sign up last year, may do so in 1941.

Another Double Bill

Five musical hits and nine different dances are in "Dancing On A Dime," one of the feature offerings of the Kendrick Theatre this coming Friday and Saturday nights.

The dances include musical comedy specialties, tap and rythm dancing, a new Conga, the bolero, etc., and of course there's singing and a love story. It is said to be top entertainment.

The second feature offering will be Zane Grey's "Border Legion"—a real western, which will give you a thrill. Young Steve Kells flees New York state, a fugitive from justice, and flees to Idaho territory, where he becomes friendly with "Gabby" Whitaker, a dealer in phony stock. And so it goes, with shooting, music, romance, etc.

The usual cartoon will also be shown.

The mountain bluebird was named the Idaho state bird in 1931.

General Tire Retreading, Inc.

Offers Efficient and Inexpensive Retreading and Recapping
The General Tire Retreading Inc., with headquarters at 121 9th Street, is one of the best equipped establishments in this locality for retreading and recapping work and daily are pleasing a large number of motorists and truck owners who take their tires here for retreading, recapping or vulcanizing. They also carry a complete stock of used tires which are offered at greatly reduced prices and in their new tire line they feature General Tires and Tubes.

There are various types of recapping service but the wise motorist has this work done where it can be handled with the proper equipment and skilled workmen. This type of service is furnished by the General Tire Retreading Inc., who by reason of their honest, high class work, are witnessing a steady growth in their business.

Unless a recapping or retreading establishment is equipped with the correct system and machinery, you would do better to discard your tires completely. However, with service such as is available here, guesswork is removed and you are assured real workmanship. If you are in need of service of this type, telephone 2424 for complete information.

THINGS ONE REMEMBERS by R. M. Hofer

I recently had an opportunity to see the Irvin Works of the Carnegie-Illinois Steel Corporation near Pittsburgh. Here is a plant for which ground was broken May 22, 1937. Different units of it started operation March 2, March 15, and November 1, 1938. The site area covers 653 acres. Buildings under roof cover 51.5 acres. It requires 2,000 motors with a total of 300,000 horsepower. It produces 600,000 tons of finished products per year, and employs 3,750 workmen at an estimated payroll of \$30,000 daily.

This is an example of a private enterprise that went ahead in its own way with private capital totaling some \$75,000,000 and built a whole new plant, which was in operation 18 months after ground was first broken. There was no fuss or feathers, there were no government subsidies. The electric power for the mill is supplied by a private company as part of its day's work, as the steel company, after thorough investigation, decided it could buy the power cheaper than it could make it itself.

What a testimonial this is to American initiative! And what a farce it makes out of the claims of politicians who today use the "war emergency" as an excuse for trying to inject the government more and more into different lines of business!

If the socialistic gang in government would confine themselves to regulating industry fairly, thereby encouraging its normal expansion, and save the hundreds of millions and billions of government money which they use for competitive purposes with private enterprise, the national debt would be far lower and the defense program and the interest of the taxpayers would be immeasurably strengthened. Give industry a fair chance under sound rules and regulations, and watch it supply the needs of this nation in record time.

They Did?

When Thanksgiving Day was founded, the Indians were running this country, with no taxes, no indebtedness, no relief, no third term and the women did the work. White men thought they could improve on a system like that!

A. D. 1776 was the time when the American colonies declared their independence of Great Britain. Some folks think that House Bill 1776 fixes it so we can start all over again!

When engineers go out from Washington to survey some of the western rivers for the purpose of flood control and power projects, one of the most difficult tasks they frequently have is to find the rivers.

Was He A Radio Fan?

A salesman called on an old storekeeper who was so hard of hearing the salesman had to carry on his part of the conversation by writing.

Salesman: "Sorry you're so hard of hearing. How long have you been that way?"

Old Man: "About 30 years."

S.: "Ever do anything about it?"

O. M.: "Yes, saw a doctor and he said to quit drinking so much."

S.: "And did you follow the doctor's advice?"

O. M.: "Yes, I quit drinking and got so I could hear everything that was going on."

S.: "How come, then, you can't hear now?"

O. M.: "Well, I liked what I was drinking so much better than what I was hearing that I went back to drinking again!"

New Deal Prospects
 A young man, asking a father for his daughter's hand in marriage, was asked what his financial prospects were. He enthusiastically declared that the FSA would buy a farm for him. AAA would pay him to work only part of it. WPA would give his wife work in the sewing room and himself some winter work on the roads, the Surplus Commodities Corporation would furnish food, the extension service would arrange for mattresses and bedding and federal agencies would supply doctors and hospital needs if necessary. He said no young couple ever faced the future with brighter prospects.—Kansas City Star.

Don't Blame Him
 We don't blame the honorable Senator Glass for wanting the United States to declare war on Germany if that is really the way he feels about it. We only wish he were 25 instead of 80 years of age so he could back up his views.—LaCrosse Kans.

NOTICE OF KENDRICK VIL- LAGE ELECTION

Notice is hereby given that there will be held in the City Hall of the Village of Kendrick, Latah County, Idaho, on the 22nd day of April, 1941, between the hours of 9:00 o'clock a. m. and 7:00 o'clock p. m. of said day, a municipal election, in accordance with Chapter 164, Title 32, of the Idaho Compiled Statutes A. D. 1919, and all acts amendatory thereto for the purpose of electing two Village Trustees to serve for a term of four years.

That all qualified electors of the State of Idaho, who have resided within the corporate limits of the said Village of Kendrick, Latah County, Idaho, for a period of three months next preceding such election, if and when properly registered according to law, shall be entitled to vote at such election.

That after an elector has registered for a general city or village election he shall not be required to again register for a general city or village election so long as he or she shall continue to reside at the address, ward or precinct in which he is registered.

That if such elector shall fail or neglect to vote for two successive general biennial city or village elections, the clerk shall strike the name of such elector from the Elector's Register, and such elector, in order to vote at the general city or village election, must again register.

That whenever an elector shall have removed from the city or village in which he is so registered, and shall remain away from such city or village for a period of one year, his name shall be stricken from said register, and if he shall thereafter again reside in such city or village for at least thirty (30) days, he shall again register.

That the place for registration shall be at the office of the Village Clerk (The Farmers Bank). You may register up to and including the Saturday just preceding the date of election.

Done by order of the Chairman, and Board of Trustees of the Village of Kendrick, County of Latah, State of Idaho.

R. H. RAMEY, Chairman.
 L. D. CROCKER, Clerk.

That the annual school meeting of American Ridge Common School District No. 22, County of Latah, State of Idaho, will be held on Friday, the 18th day of April, 1941, at the schoolhouse in said District; the said meeting shall convene at 1:00 o'clock p. m. of said day and continue uninterruptedly until the business properly coming before said meeting is disposed of. The following business will be transacted:

1. One trustee to serve for a term of three (3) years will be elected.
 2. The length of time school will be taught in said District for the ensuing year and the season of the year in which the same shall be taught will be determined.

3. At the said annual meeting in said District the amount of money to be raised by special taxation shall be determined, the levy for which purpose shall not exceed ten (10) mills on each dollar of taxable property of the District; the purposes for which the money derived therefrom shall be expended shall also be determined, and in each instance the proportion of the whole amount which is to be used for the various and separate purposes shall be named.

4. At said meeting general questions pertaining to school interests shall be taken up and disposed of. The name or names of all candidates for election of trustees together with the term for which nominated shall be placed on file with the Clerk of the Board of Trustees at least six (6) days prior to the day of election, excluding the day of election.

The election at said meeting will be by secret and separate ballot.
 Dated this 26th day of March, 1941.

SQUIRRELS
 OFFICIAL CHECK OF CYANOGAS IN 1,000 BURROWS 95% KILL!
 Don't depend on squirrels to eat poison. They can't escape breathing it! Cyanogas is the quick, sure, low cost way to rid your fields of these destructive pests. Just drop a tablespoonful down the burrow... or blow it down with foot pump or knapsack duster. The gas rapidly fills the entire burrow. Squirrels breathe it and die! Residue is harmless slaked lime.

Well Folks — Now that you are again working in the fields — on crops to return you an unknown price — don't overlook the crop that is right under your hand and yielding a steady income. Yes, we mean cream. The price of cream suffers but little market variation, and the market is "never priceless!"

Don't forget, we pay spot cash! There is no waiting, no fuss, no bother. If you are not already bringing your cream to us, bring in a can the next time you come to town. Give our cash and our service a try. You'll like both.

And remember, a cold box is your assurance of fine fresh meat and fruits the year around, and their cost is low. Come in and select yours while top locations are yet available.

"The Settler's Guide"

The above is the caption of a very interesting little booklet, brought to the Gazette office by Wyckliffe R. Smith. It is dated 1907, and the price printed thereon was only "\$5". The little booklet was authored by T. B. West, a former Kendrick resident and "attorney-at-law." It said it was the only book of its kind published west of Denver, Colorado.

Part of the preface is: "What I Do." I give advice and assistance in all matters pertaining to the acquisition of public lands, state lands and mining claims, either by mail or to the settler in person. I fill up all blanks and draw any affidavits, relinquishments, or other papers required in the transaction of any business in any land office. Besides, I practice law in the Federal and Supreme courts in Idaho and Washington.

(It might be said that the little booklet was printed in the Gazette office.)

WHAT'S GOING ON IN THE KENDRICK SCHOOLS

The Senior play, "Spring Fever," was a complete success. A good crowd attended both the matinee and evening performances. The explosions were a little startling, but very effective.

The class presented their director, Mrs. W. B. Deobald, with a beautiful corsage and held a party after the play in the Home Ec. room. Noel Thomas and Joyce Lyons furnished between-act entertainment.

The Seniors can relax and breathe freely now, but the Juniors' worrying has just begun. Tuesday they began decorating for the prom, which is to be held Friday evening of next week, commencing at 9:00 o'clock in the H. S. Gym. Joe Titus and his Collegiate orchestra have been engaged to furnish music, and of course punch will be served.

The Kendrick Tigers played their second game of the season Tuesday evening. It was a double-header with the Southwick high school and grade teams.

The Ag. classes witnessed a film titled "The Care and Breeding of Chicks." A film on Cotton was shown the senior Science and Home Making classes.

The Ag. classes have been doing a little landscaping on the lawn in front of the school house. The fence has been removed, the flower beds spaded and the trees watered and worked.

School was held only the first two days this week as the teachers are attending the Educational Association meeting in Spokane.

The Juniors are, as usual, keeping an eagle eye on the doctory Seniors, to make sure they don't sneak away without the former being prepared to follow.

PERSONAL MENTION

Mr. and Mrs. E. R. Portet and Mr. and Mrs. Wallace Emmett were Sunday guests in the home of Mr. and Mrs. James Emmett.

George Broke was a Spokane visitor Friday and Saturday.

Mr. and Mrs. S. Cook took Margaret to Lenore Tuesday evening to spend the vacation with her grandmother, Mrs. Effie Wright.

Roy Ramey was a Spokane visitor Monday, returning Thursday.

Mrs. Joe Gross of Portland visited Friday until Monday evening in the home of her cousin, R. L. Blewett and family.

Nina Bartlett and Howard Kirchen of Kellogg and Rex Blewett were week-end guests in the R. L. Blewett home.

Mr. and Mrs. Frank Crocker, Mr. and Mrs. Don Moller and Mrs. Lester Crocker were Lewiston visitors Monday.

Mrs. Roy Jump and Marjorie came Wednesday to spend some time in the Harold Thomas home.

Ward Howell of Bellevue, Idaho, spent the week-end with his mother-in-law, Mrs. Liddie Ameling.

Big Business

A California automobile dealer, according to the news reports, bought one of the closed San Francisco World's Fair buildings for \$3,000. He tore it apart, kept part and sold the remainder for \$3,000. Then he paid the \$3,000 for a piece of ground and set up his part of the building on half the ground. Next he sold the rest of the land to an oil company for \$3,000, leaving him his building, his ground and \$3,000. Yes, sir, there's still money to be made in the automobile business.
