WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

The village election of Tuesday, while not entirely devoid of interest, was a quiet, peaceable affair. Several contesting candidates cropped up at the last minute to give zest to the election, but as only five could be elected, the five highest were counted winners. An unusually large number registered, there being 92 names on the registration book. Eighty-eight votes were cast, only five who were registered not voting. The five men elected are good substantial citizens of the town. Following is a list of the candidates elected and the number of votes each received: William Rogers, 80; Hugh Stanton, 75; N. E. Walker, 68; E. T. Long, 51; T. H. Sturdevant, 41. N. E. Walker is entering on his fourth term as councilman, the two past terms having served as mayor. During his administration there has been a great deal of public improvement work done and the public money has been expended wisely and economically.

Mr. and Mrs. Aaron McCrery entertained the Circle Card club at their home Tuesday evening. The usual game of progressive "500" was played, and a very close contest it proved to be, as Mrs. MacPherson and Mr. Hanson tied for first place and Mrs. Boyd and Edgar Long ran an even race for the consolation prize. By cutting the cards Mrs. MacPherson and Mr. Long won. Members of the club present were Messrs. and Mesdames Rogers, Kite, Edgar Long, Boyd, Leith, MacPherson and McCrery. Guests of the club were Mr. and Mrs. Theo Hanson and Miss Rita Leith. Refreshments were served consisting of sandwiches, pickles, ice cream, cake and coffee.

Adolph Wegner arrived Wednesday on the night train from Prescott, Arizona where he spent two years on account of ill health. His many friends here will be delighted to learn that he is looking fine and that his physician stated that he could go back to work whenever he wanted to. However, he is going to play safe and will not try to do much before next fall. He is now with his parents in Kendrick.

The Red Cross Pharmacy sold their soda fountain this week to a party in Walla Walla at a good price. Mr. Newton is glad to get rid of it, as it required more time than he could afford to devote to it. This sale will leave the soda fountain business entirely to Perryman's Confectionery. One fountain in town should do a splendid business.

Road work is being greatly delayed this spring on account of the extremely unfavorable weather conditions. Some of the work that was done several weeks ago under the supposition that the heavy spring rains were over, will have to be partially done over again. Weather, such as we have been having for several weeks is a new experience for most of the people of this community. Many farmers who had their spring work well advanced will be badly rushed on account of the serious weather handicap. There is a large amount of plowing and seeding to be done in the Potlatch country.

Mr. and Mrs. A. C. Deeter arrived last week from Moscow. They shipped their household goods here Friday and are now at home in their bungalow in the lower end of town. They expect to start building their new home very soon.

At the village election in Juliaetta Tuesday the following ticket was elected to serve as a board of trustees for the ensuing two years: E. W. Porter, Wm. Fields, M. F. Morgan, J. H. Millard and L. W. Houck.

Wm. Freytag came up from Lewiston Thursday afternoon to transact business.

Leland Items—Mrs. Koepp is staying with Mrs. Harrison Daugherty and caring for that new grandson of hers. Miss Carrie Lebaron is spending the week-end with Mrs. Jesse Hoffman. The school trustees now have the plans for our new school house, which is to be built this summer. If built according to plans it will be one that any community may well be proud of. Claud Craig is building a nice big wood house with concrete foundation and floor. Mrs. Julia Flesham visited Mrs. Joe Piper on Wednesday.

Music Festival Draws Many
The Lewiston Music Festival, held Friday and Saturday of last week, drew large crowds from this section, especially on Saturday, since the Kendrick and Juliaetta bands had a part in the performance.

Individual tryouts were held on Friday, and in this competition, Noel Thomas of Kendrick, son of Mr. and Mrs. Harold Thomas, received a "Superior" rating. Below is the official report:

"Piccolo, (Junior)—Noel Thomas, Kendrick, superior."
This is the highest rating possible to obtain, and is indeed a real honor.

Saturday's program consisted of an afternoon concert and parade, and a massed band performance in the evening. It was indeed an enjoyable day. The Kendrick band took its place in the line of march, and from appearances was able to hold its own in the competition. The band members and their director, Wm. Fitzpatrick, are indeed to be congratulated on their appearance and performance.

All men, including staticians, are interested in figures.

Seniors-Juniors "Sneak"

The Senior class of the Kendrick High school departed on their annual "Sneak" on Monday night or Tuesday "morning," we are not sure which, for the streets echoed to the pulse of motors and laughter of young people, almost all night long.

But as a "sneak," it was not really so successful, for the Juniors were aware of the Seniors plans, and so "departed" with them, or were "hot on their trail," as the saying goes. Anyway, Spokane was their first stop, and what their plans were from that point on is a matter of official secrecy.

Wednesday they were back in school again, although as "students" they were absolutely worthless, for all were so sleepy and tired that the "infiltration of knowledge" was an impossibility.

DOINGS OF SOUTHWICK NEIGHBORS AND FRIENDS

A large crowd attended the Field meet here last Wednesday. Leland won the cup again.

Mr. and Mrs. Delbert Clear and Mrs. Geo. Benjamin of Clarkston, and Mr. and Mrs. Ralph Wright of Lewiston attended the High school play here Wednesday evening.

Mrs. Walsh, Mrs. Fred Nye, Virginia Nye, Mrs. Bruce Sherman and Geneva and Juanita Kite were in Lewiston Saturday.

Drivers' Licenses July 1

Idaho automobile drivers must secure licenses for operating motor vehicles for the two years beginning July 1 of this year. Applications for 1941-43 operator's licenses will be accepted after June 1. There will be many who will not get licenses because of the revocation or suspension charges still pending against them. Up to the first of April 941 drivers were still denied the privilege of operating vehicles upon the highways of the state, according to the records in the drivers license bureau of the department of law enforcement.

Last year the records in the safety bureau indicated that 192 persons were killed and 913 injured in motor traffic accidents. These figures show that there are many drivers who should take inventory of themselves and make up their mind to be as courteous in traffic as they are in their home.

COUNTY C. OF C. MET IN KENDRICK MONDAY EVE.

The regular monthly meeting of the Latah County Chambers of Commerce was held in Kendrick on Monday evening of this week, with 55 members and 14 Boy Scout visitors present. The gathering opened with a 6:30 dinner served in the basement of the Community church by the Ladies Aid of that organization. During the dinner hour the gathering was entertained by violin solos by little Marilyn Schupfer, accompanied by her mother, Mrs. Herman Schupfer. Mrs. Schupfer then entertained during the dinner hour with music on the piano and solo-vox. Just preceding the dinner the Boy Scout Drum and Bugle corps, under the direction of Harold Thomas and Roy Johnson, played two numbers.

At the conclusion of dinner the meeting was called to order by Wm. Gray, and a fine hand given the ladies for the splendid dinner. All then adjourned to the assembly room at the school house, where the business meeting was held. Following the reading of the minutes, the first speaker, C. K. McHarg, gave a 15-minute address on "The Progress of Forestry," stressing particularly "co-operative forest protection." He gave full credit for forest protection to the private owners and operators of northern Idaho, who, he stated, were in a large degree responsible for present fire fighting organizations. He stated that this protection, which originated in northern Idaho, had now spread till it embraced all the northwestern states and Canada. He further stated that the best protected area lies in the Clearwater drainage of this state. During the past eight or nine years this protection has enabled forest losses to be held to an average of 62 acres destroyed yearly.

The second speaker of the evening, C. M. Ready, spoke particularly on "Forest Protection," emphasizing that everyone should do their bit to protect our forests, as they are one of the principal crops and greatest sources of income in this section of the great Northwest. He emphasized the fact that all traces of smoke should be investigated at any and all times, for it may be the beginning of a disastrous fire, which would deprive many of a means of livelihood, as well as the monetary loss to owners.

The third speaker of the evening, E. R. Edgerton of Spokane, spoke on "Some of the Present Day Problems of Forestry." He mentioned the great difficulty in convincing lawmakers of the necessity for appropriate funds to permit an effective blister rust eradication campaign, which he stated was some 60 to 70 per cent completed, but that the future did not look too bright under present conditions for the obtaining of sufficient money to complete this campaign. Mr. Edgerton stated that the greatest stand of white pine in the United States was in northern Idaho, and that it needed this protection very badly.

Following this address came the introduction of a number of visitors with the group.

The club then went to the Visual Education room, where three very fine pictures were shown. The first of these, in technicolor, dealt with lumbering operations, from the time the tree was marked for cutting, until it became part of a finished home, or until it left for foreign shores, there to become a part of a home. Shown were the making of shingles, plywood, paper, Prest-o-Logs, and many other items, all of them forestry products.

The second picture dealt with our National Parks, and the natural beauty and amusements they afforded, both in summer and winter, from fishing and swimming, to boating and riding in summer, and skiing and snowshoeing in winter.

The third picture, taken in the Selway country, dealt with game conservation, showing the necessity for proper game management, and the progress made along that line in the past few years. Included were many very fine "close-ups" of deer, elk, moose and mountain goat, all taken in the winter.

There being no further business to come before the meeting, it adjourned, to meet again, the last week in May, at Elk River.

Has Appendectomy
Mrs. Ray Whittinger, now residing at Lewiston, underwent an operation for an appendectomy Wednesday morning at St. Joseph's Hospital. At last reports she was getting along nicely.

CASH WHEAT MARKETS DEVELOP FIRMER TONE

Wheat futures at Portland did not follow the advances in mid-west markets during the week ending April 25, and closed unchanged to 1½c per bushel lower than a week ago, according to the Agricultural Marketing Service. Cash wheat markets, however, were independently firm and closed at week ½c to 1c per bushel higher than last week. Demand was fair during the week, although confined principally to current needs of mills, since exporters were not actively in the market. Growers were not selling freely at the lower quotations earlier in the week, but the higher prices toward the close resulted in somewhat large offerings in the open market being absorbed quite readily and appeared about sufficient for current requirements. Wheat receipts at Puget Sound and Columbia river terminals were down slightly, totaling 815 cars for the week, against 948 cars for the previous period. Sales of flour under the indemnity plan to the Philippines and Americas were reported above average and totaled around 30,000 barrels for the week. A feature of the flour business for the week was the reported sale of one full cargo and one-half cargo, totaling 135,000 barrels to North China. Wheat millfeeds markets were fully steady to firm, compared with early in the period. Crop conditions in this area are still considered favorable generally, although most advanced further at this time than in average seasons. A better tone prevailed in the local cash wheat markets, as the period ended, with prices firmer and demand sufficient to absorb offerings from the country.

Cash wheat prices at Portland on April 25 showed soft white and hard white at 76c, white club at 78c, western red at 77½c and hard red winter at 77c per bushel, all basis No. 1 grade in bulk. Indemnity payments under the flour export plan held at 60c to the Philippines and \$1.05 per barrel to the Americas. Prices of cash wheat at Seattle on April 25 showed western white and hard winter at 77½c, western red at 78c and hard white (baart) at 81½c, all basis No. 1 grade in bulk.

Wheat prices were sharply reduced during the early part of the week at Kansas City, but strength developed later and at the close of the week losses were fully recovered. Closing prices for the week were ¼c to 1c higher. Factors influencing the downward trend early in the week were traceable to the discouraged attitude of traders, due to the prospects of an Allied loss in the Balkans, continued delay in congressional action on farm legislation, favorable crop prospects and an easiness in other commodities.

Receipts at Minneapolis were moderately large, with 909 cars arriving, while Duluth unloaded 415. Cash demand from local, interior and eastern mills averaged good. Inspections showed 63 cars of winter wheat and 244 cars of durum in the week's receipts.

The San Francisco wheat market was dull, but held fairly steady during the past week, with light offerings from growers tending to offset the slow demand from practically all classes of trade. Prices held largely unchanged compared with a week ago. With most of the offerings representing wheat of low milling quality, Bay region flour mills continued to place the bulk of their needs in northern and intermountain markets.

Demand was good at Ogden for high quality wheat with offerings light. Prices on April 25, basis No. 2 f. o. b. Ogden mills were: dark hard winter and dark northern spring at 79c, hard winter and northern spring 72c, hard white 81c, soft white 76c, western white 74c per bushel, with prices f. o. b. country shipping points 17c under Ogden. Denver mills were bidding 68c per bushel f. o. b. Colorado common points for No. 2 hard winter and No. 2 northern spring.

Increased activity was reported at Chicago at the close of the week with cash prices up ¼c to 1c per bushel, with No. 1 hard selling at 93c per bushel.

Winter wheat continued to make favorable progress, although the crops in extreme eastern areas were in need of rain at the middle of the week. Good growth is reported generally in central and western districts with some wheat pointing as far north as Kansas and western Kentucky. Growth is rank in the western two-thirds of Kansas and central and northwestern counties of Oklahoma. Some wheat is heading in the north central portions of Texas.

Seeding of spring wheat has been practically completed in the southern third of South Dakota, but work has been delayed by wet fields in North Dakota and Minnesota. Only about 10 per cent of the crop has been planted in these states at the middle of the week.

Prospects for wheat remain generally unfavorable in Europe with the season about a month late and with all crops suffering from lack of warmth and sunshine. Late fall sowings have been frost damaged in some sections. Spring seeding is reported very late in the Balkans with a small acreage indicated. The condition of winter crops is below normal, while supplies of many commodities, including wheat, are becoming depleted in Rumania. The requisitioning of work horses has hindered farm work, also.

I AM AN AMERICAN

When I hear an airplane I have no fear it may be a bomber. When my wife goes marketing she is not restricted in her purchase of food by a government decree. When evening comes I walk through well-lighted streets without fear of a raid. In my newspaper I read the truth about home and abroad—not propaganda manufactured by my government to keep me in ignorance of realities. I may belong to any organization or club I wish. In politics I may affiliate with any party I choose, always with the reservation of criticism if I deem it proper. I never with the policies of the party in power, without fear of a detention camp, or worse. If I am not fully in accord with the administration methods I do not seek a change through bloody revolution. I do not have to keep registered with the police. I can converse freely with friends or even chance acquaintances, on any subject, without fear. When the postman leaves my mail I know it has not been opened by government agents, nor do they tap my telephone. I carry identification cards only in case of a traffic or other accident. I think of those living in other countries as international neighbors, rather than foreign enemies, and even though we may speak different languages I do not feel it is necessary to go to war should we not always agree. I can worship God in my own way without governmental interference. My children are safe at home—we have not had to send them away with gas masks for fear of being blown up or gassed if they remain with us. My moral problems and troubles are not being constantly overshadowed by fear of sudden death. I will struggle to preserve all this—the priceless privilege of Americanism. I am indeed a fortunate man. I am an American!

JULIAETTA ITEMS

Continued from first page)

to Lewiston Saturday, so that they might take part in the annual parade. Elton Fraser, Dallas Brock, Betty Burns, Leta Long and Donald Johns represented us. Rev. Barkow of the Episcopal church of Lewiston has been engaged to deliver the Commencement address in the Juliaetta school on May 14. The following members from the Juliaetta band played in the Music Festival at Lewiston Saturday: Evelyn Millard, alto saxophone; Evelyne Helmgartner, alto saxophone; Carolyn Millard, clarinet; Donald Miller, snare drum; Dorothy Miller, bass drum. The teachers of the Juliaetta school went to Moscow to attend the Latah County Teacher's association meeting Tuesday evening. Mr. and Mrs. Lawrence Slead of Joel were week-end visitors of Mrs. Slead's mother, Mrs. Lizzie Prater. Mary Lou Stuart was a Pullman visitor Sunday. Mrs. Mary Deobald of American ridge and Nellie Taylor and her father were callers of Mrs. Lula Buchanan Saturday. Mrs. Mike Hedren visited with Mrs. John Behrens Saturday. Mr. and Mrs. E. R. Carlson and daughter and Mrs. Julia Ekman were Sunday dinner guests at the John Glenn home. Mr. and Mrs. Nels Homsey and son were visitors in the home of Mr. and Mrs. Asa Cook Sunday. Since Rev. Pruitt did not return from his trip to Detroit, Rev. Janes of Kendrick delivered the Sunday morning service in the Methodist church, and Rev. Gray of Kendrick that evening. Among the Lewiston visitors Saturday were Mr. and Mrs. Clyde Jones, James Dalley, Mr. and Mrs. M. C. Halliday, Mr. and Mrs. Oral Burns and family, Mr. and Mrs. Hugh Parks and family, Mr. and Mrs. E. R. Carlson, Walter McClintic, Dale Candler, Courtland Brock, Johnny Shore, Heble Millard, Francis Hughes, Adolph Denner, George Denner, Ernest and Frieda Denner. Mr. and Mrs. Everett Fraser and family, Mr. and Mrs. James Henderson and family, Mrs. Wm. Riley, Mr. and Mrs. Bud Shaw and family and Miss Mary Riley spent Sunday with Mr. and Mrs. Kenneth Fraser and family. Mr. and Mrs. Milton Wilken and daughter were Sunday dinner guests in the Don Gruell home.

Improvements Being Made

Spring improvements are still being made in Kendrick homes and business houses. Blewett's Market has just completed the installation of a fine new Neon sign, with the words "Blewett's Market" upon it. The lower word "market" is in red Neon with the upper part of the sign in white. At the same time the residence and office of Dr. McKeever is being treated to a coat of gleaming white paint at the hands of Roy Swanson. The L. J. Herres home is having a flag-stone front walk added, and the Geo. Leith home rustic steps from the front to side walk.

Entertain At Cards

The home of Mr. and Mrs. R. L. Blewett was the scene of a very pleasant dessert-bridge party Friday evening of last week, with Mr. and Mrs. R. L. Blewett, Mr. and Mrs. L. W. Mason, Dr. and Mrs. G. W. McKeever and Mr. and Mrs. W. L. McCreary acting as hosts and hostesses for the evening. Following dessert, bridge was played at six tables, with high score for the women going to Mrs. W. A. Watts, and for the men to Edgar Long. Low scores went to W. A. Watts and Rilla Davidson. Invited guests for the evening were Mr. and Mrs. Norla Callison and Rilla Davidson.

Wins Essay Prize

In the last issue of the Idaho Argonaut an account is carried of an short-storey essay contest, in which Eugene Lind, son of Mr. and Mrs. Paul Lind, won second place. The account follows: "Second place, with a prize of \$4 goes to Leon Lind for 'Stranger Death,' a piece of descriptive writing on the Boxer wars. Lind will also receive a \$1 prize for 'Three O'Clock.'" The winning of any college essay contest is not an easy matter, and Mr. Lind is to be congratulated.

Rev. Poindexter Visits

Ref. T. Earl Poindexter, former pastor of the Community church here, was a Kendrick visitor for a short time Saturday morning, on his way from Bayville to Pendleton. Rev. Poindexter is now in government service, as chaplain in the CCC, visiting camps in this area. He states that this work is very interesting. It will enable him to see old Kendrick friends now and then as she passes through. His family is now residing in Spokane.

W. S. C. S. Meet Friday

The regular monthly meeting of the W. S. C. S. will be held Friday afternoon in the church basement. There will be a special feature this month and everyone is urged to come. Mrs. R. Willett of Lewiston will give an address on "South American Work," and will also furnish special music. Mrs. F. M. Long will conduct the worship service. Hostesses are Mrs. Andrew Cox, Mrs. Paul Lind, Mrs. Wm. Cox, Mrs. Kennedy and Mrs. Roy Johnson.

Announcement Of Promotion

In an announcement just made by Capt. Harry A. Brenn, commanding Battery F, 148th F. A., stationed at Fort Lewis, Private 1st class Roy G. Fairfield, son of Mr. and Mrs. Leonard Fairfield of Kendrick, has been promoted to Sergeant. Military authorities at Fort Lewis stated that Sargent Fairfield's promotion was based on his attention to duty and soldierly qualities.

A Big Laugh at a Small Price

A miscellaneous benefit program will be given Wednesday evening of next week at 8:00 p. m. in the Kendrick Theatre. This is sponsored by the ladies of the church. A few of the features will be a short skit by the Havens' circle, musical selections, and a magician will perform; also blackface comedians. Adm. 15c and 25c. 18-1

Weather Warning Up

The weather in the Potlatch section has really started to warm up for this time of year, the thermometer hitting a high of 83 degrees on Tuesday. Wednesday was a bit cooler, due to clouds, but one still did not have to knock the icicles off the hat brim. The funny thing about life is that those who bemoan their inability to teach the people anything continue to try to do the impossible.

How Important Is a Bank To Its Community?

Picture a "bankless" community . . . no safe place for funds, no place to borrow, no way to transfer money quickly, none of the countless conveniences provided by modern banking.

Obviously, a progressive community must have a progressive bank. Our basic policy is one of supplying services that will adequately meet the community's needs. We would like to have you make our bank your bank.

"Northwest Mounted Police"
 This week's offering at the Kendrick Theatre will be "Northwest Mounted Police," starring Gary Cooper, Paulette Goddard, Madeline Carroll and Preston Foster—and is all in technicolor.

The story deals with Canada in the year 1885, fifteen years after the crushing of the Riel Rebellion, when half-breed Metis led by Louis Riel attempted to overthrow the British rule. The story is built around a second attempt at rebellion, this time put down by the indomitable courage of a small band of Mounties, aided by a Texas Ranger who has come to Canada to arrest one of Riel's associates, Jacques Cobeau, gun-runner and killer. Two great love stories form a part of the story, the love of a Mountie for a Meti girl, and the love of the Texas Ranger for a nurse.

In addition the usual cartoon will be shown.
 Nations, like individuals, must not value life so highly as to value liberty at all.

That's All

35,500 PEOPLE KILLED — 1,241,080 INJURED IN 1940

When the phrase about the "female of the species" was given to the reading world, the author did not know about the difference between the female and male drivers. This was in the horse and buggy days, and not with the advent of the auto. If such had been the case the writer would have referred to the more "deadly" speed of the male drivers, who last year in the nation were at the wheel when 33,870 persons were killed. This was 92 per cent of the year's total fatalities and there were 1,241,080 persons injured or about 90 per cent of the total number injured in wrecks. Female drivers participated in accidents that caused the deaths of 2,710 persons, or seven per cent of the year's total of 35,500 killed. Women drivers were charged with bringing injuries to 133,320, or ten per cent of the total injured.

In Idaho the male drivers, according to the records in the safety bureau of the law enforcement department, maintained the same percentage of leadership in fatal accidents as were shown in the percentage of the national figure. In the 2,021 accidents with male drivers 1,689 were killed, 826 injured, and there were 1,026 accidents involving property damage. In 193 accidents in which there were female drivers, 13 persons were killed, 92 injured and 85 cars damaged. During 1938, 1939 and 1940 male drivers were behind the wheel when 468 persons were fatally injured, 2,002 received non-fatal injuries and 2,822 autos were damaged. In the same year three female drivers drove cars in 551 accidents in which 47 persons died and 218 received injuries and 278 cars were damaged.

Many drivers in checking these figures, may insist that the ladies are slow-poke drivers and that their small pace through city traffic, as well as on the open road, is a detriment to the faster, more confident driving of the male of the species, will be amazed to learn that in a survey it was discovered that women drove just as fast as the men.

Results of further investigation disclosed:
 Younger persons drove faster than older persons.
 Drivers upon long trips travel faster than drivers on short trips.
 Lone drivers and drivers with passengers travel faster than drivers on short trips.
 Lone drivers and drivers with passengers to whom they were not related, travel faster than drivers with passengers related to them.

Demand For Certain Foods
 Increased demand in the domestic market and provisions of the Lend-Lease bill for furnishing aid, including certain foods, to democracies resisting aggression call for greater production of pork, dairy and poultry products by U. S. farmers, H. F. Koster, chairman of the Latah county AAA committee, said today. The AAA program provides ways and means of meeting the present call for "concentrated energy" foods. Farmers throughout the country will respond to the call.

The Secretary of Agriculture, by agreeing to make purchase in the open market to support production, will set prices Chicago basis, for hogs at \$9.00 a hundredweight, dairy products based on butter at 31 cents a pound, chickens at 15 cents a pound and eggs at 22 cents a dozen. The program is to turn ever-normal granary supplies into ever-normal food supplies affects Idaho farmers because of the qualities of dairy and poultry products produced in the state. Hog raisers in the state will benefit also.

The new food program provides for use particularly of corn supplies in the mid-west. There is no need for increasing production of wheat or other export farm commodities, because supplies are so large and dependent on export markets is so great that increased production would only make the position of producers of these commodities worse.

Use of feed grains on hand in increasing hog and dairy herds and poultry flocks will achieve the goal of the program without any increase in the supplies of feed or facilities, the committeeman said.
 "Undoubtedly, when the war is over, it will be necessary to make reductions and present expansion would be unjustified and perhaps unfortunate."

How About Your Mail Box?

Unsignificantly rural mail boxes detract from the natural scenic beauty of our highways and are not a credit to the owners of attractive homes served through these boxes. Rural mail boxes which are not properly erected, or which are not in good serviceable condition retard the delivery of mail and expose it to damage from the elements.

It is the desire of the postoffice department to encourage patrons of the rural delivery system to provide entirely suitable mail receptacles and to erect them in such manner that they will be accessible to the carrier and present a neat appearance. It is especially desired that the boxes be maintained in such condition that they will properly protect mail placed therein; that the names of the box owners be inscribed on the side of the boxes, visible to the carrier as he approaches them and that the boxes and their supports be kept painted.

Boxes, regardless of type, should, of course, be of such design and in such condition that there will be no likelihood of the carrier injuring his hand when serving them.

To accomplish these desirable objectives, the department has designated the week beginning May 5, 1941, as "Rural Mail Box Improvement Week."

Postmaster C. H. Daugherty says he, and the carriers, will very much appreciate the repairing of any and all rural mail boxes being served from the Kendrick office, in case such repair work is necessary.

GOLDEN RULE

Almost every family in this community was represented at the Southwick track meet Wednesday.

Mrs. W. A. Cowger spent Thursday with Mrs. A. G. Cowger. Little Billy Cowger started to school on Monday.

Ethel Cowger spent Saturday night and Sunday with her sister, Mrs. Wm. Hadden, in Orofino.

Mr. and Mrs. Carl Finkle and children were among the Lewiston visitors Saturday, attending the Music Festival.

The birthday anniversary dinner given Sunday at the Glen Betts home was in honor of Glen Betts, Fred Stage and Don Christensen. Others present were John Pavel, Rev. Geo. Finkle and son George, Dean Luce and Russell Betts.

You Must Climb The Tree

There is an old Chinese proverb which reads: "He who would pick the fruit must first climb the tree."
 The year 1941 may be visualized as a tree. There are sales and profits in its branches waiting to be picked. To pick them we must first climb the tree—we must sell aggressively.

Advertising is a ladder which will help you climb. How about having us help you build your advertising ladder?

May Apron Frolic

The ladies of the W. S. C. S. announce May 16 as the date for their Apron Frolic, to be held at 2:30 p. m. of that day in the Community church basement, Kendrick.

All the ladies of the community are invited. Bring an apron if you can, but come. Aprons will be modeled and sold at 75c each, the money going toward the church budget.

A fun program has been planned. Corsages will be given, etc. Tea will be served at the close of the afternoon. Come and bring a friend. 17-2x

Clean-Up Day Set

Wednesday, May 7th, has been set aside as clean-up day at the

Cameron cemetery. All who have an interest there are asked to bring tools and spend the day cleaning the entire grounds. Many have already cleaned their plot, but help, or a donation for help, is needed to give the cemetery the proper appearance. The Cameron Ladies Aid will serve coffee at noon.

Card Of Thanks

I sincerely wish to thank all our kind friends and neighbors, who so willingly aided me in my hours of trouble. Especially do I thank the musicians and those who gave the beautiful floral offerings.

QUICK DEATH TO SQUIRRELS

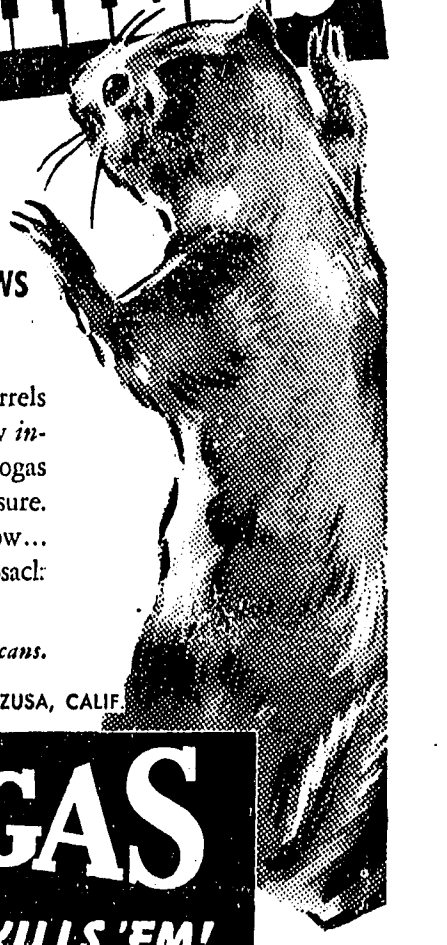

95% OF ALL SQUIRRELS IN 1,000 BURROWS died instantly

Official check shows less than 5% of squirrels escape Cyanogas. The gas fills the burrow instantly. Squirrels breathe it and die! Cyanogas is the most effective method... quick and sure. Just drop a tablespoonful down the burrow... or blow it down with foot pump or knapsack duster. Residue is harmless slaked lime.

WE NEED MORE CONTENTED COWS
HAROLD THOMAS, Editor

EDITORIAL

Well, Folks—It begins to look as though spring has almost gone and summer is coming fast, for the syringa bushes are now in bud, and they are the last of our spring bloom. And with the advent of summer it's all the more important to think of your income, for summer also means a greater "outgo." So prepare all the more to maintain that income by making the most of your cows. For cream is cash, and cash is king in this world of ours.

And while we speaking of summer, insure against the rising costs of meat and fruits by putting down your winter's need in one of our cold boxes. If you haven't one, come in today and pick it out. You'll find it a very fine investment.

And when you go into a store don't just say "butter," say

"Pride O' The Potlatch Creamery Butter."

British Tommy (home on furlough) answering the phone, said: "I don't know; you'll have to call up the Admiralty Office," and hung up the receiver.

"What was that?" asked his wife.

"Oh, just some chap wanting to know if the coast is clear."

Dr. Arrowsmith: "Think your son will soon forget what he learned at college?"

Mr. Babbit: "I hope so. He can't make a living drinking."

Two Kansas censors visited the show manager for the third time, so when the manager saw them he snarled: "Well, what-d'you want to take out now—the bedroom scene?"

"Nope," said they, "the two blondes."

Junior Livestock Show

Hundreds of boys and girls of the Inland Empire are looking forward with eagerness to the big sixth annual Junior Livestock Show, which will be held in Spokane on May 7, 8 and 9, at the Old Union stockyards in Spokane, when they will hear the verdict of the judges on the animals on which they lavished care and work during the past year.

Prospects are for one of the best shows ever held, and the number of entries indicates that it will be one of the largest. The animals are entered by members of 4-H clubs and Future Farmer groups throughout the Inland Empire.

The show is under the direction of well-known men, and of a host of extension service workers and Smith-Hughes agriculture instructors and officers from the northwest.

CRESCENT CLIPPINGS

W. R. Johnston, American Sunday school missionary, showed Bible pictures and conference pictures at the school house Friday evening. He will be back again on Sunday, May 4, to help organize a Sunday school. Everyone interested in having a Sunday school here is urged to be there at 10:00 a. m.

The neighborhood was well represented at the track meet Wednesday. Although our school is small, we managed to get a few ribbons.

Mrs. Arne Kloster and son and Loyd Farrington spent Saturday night and Sunday with their mother, Mrs. Rose Farrington, in Kendrick. Other Sunday dinner guests included Arne Kloster and the John Darby family.

Mr. and Mrs. Charley Moore and son visited with her parents, Mr. and Mrs. W. H. Loeser, and other neighbors, last Friday.

Monday visitors at the W. H. Loeser home were Rev. and Mrs. A. G. Anderson of Coeur d'Alene, Mrs. Leo Olson and daughter, Mrs. John Williams of Orofino, Mrs. Julia Ekman of Juliaetta, Mrs. Frank Souders and Mrs. Charley Greenwood.

Mary and Jennie Loeser spent Sunday evening at the Swanson home.

Miss Nadine Smolt spent the week-end with her mother in Lewiston.

Floyd and Theodore Dorendorf and Frankie Loeser spent Sunday evening with Herman Loeser at the Russell Betts home.

LINDEN ITEMS

Aunt Carrie Allen spent Saturday with Mrs. Longfellow.

Mrs. Mattie Garner of Kendrick visited her daughter, Mrs. Arthur Foster, Sunday.

Mr. and Mrs. Ted Vaughan were down from Lake Chatcolet Sunday to visit Mr. and Mrs. Chas. Keeler.

Mr. and Mrs. Walter Harris and family of Moscow called at the Smith home Sunday morning.

Mr. and Mrs. Oscar Torgerson of Lewiston spent Sunday with Mr. and Mrs. Stewart Wilson.

Mrs. Mable Riebold is assisting with the housework at the Allen home.

Bud Magee and a friend from Kellogg spent the week-end at the Magee home.

Arthur Foster was called to Kendrick Saturday evening by the very serious illness of his mother, who later passed away.

A large crowd attended the funeral of the late Mrs. Guy Foster here Thursday afternoon.

Mrs. Mable Riebold of Grangeville visited her sister, Mrs. Addison Alexander and family and children, Miss Marjorie and Jake Riebold, over the week-end.

Mrs. Anna Thompson spent Sunday at the Smith home.

Mrs. France left Monday for Wichita, Kansas, where her brother-in-law is very ill.
