WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

Said the Deary Press: The village marshal has his instructions from the council to at once take into custody any person exceeding the 15-mile speed limit inside the village limits. This speed ordinance, like other village ordinances, was made to be enforced. Its purpose is to lessen the danger of accidents. The council warns autoists that the ordinance will be enforced to the letter.

Pasture on the hills of the Potlatch is better this year than for many years past. The absence of extremely hot weather and the abundance of moisture have contributed to the unusually heavy growth.

Miss Carrie Allen called at the Smith home Friday. Mrs. Mary Vaughn and son Ted spent Sunday in Moscow at the home of her son, Lyman. Mrs. Rose Sampson arrived Sunday for a visit with her parents, Mr. and Mrs. W. Zimmerman. Florence and Commy Perry of Juliaetta are visiting their grandparents, Mr. and Mrs. Jim Garner.

I. E. Foster and Roy Bohn, who were working at Long Meadow, spent the week-end on the ridge. Cameron News—Mr. and Mrs. Blum and daughters and Mr. and Mrs. Oldag were visitors at the Carl Lohman home Sunday. Several cases of smallpox in and around Kendrick have been reported. There is one known case in Kendrick but no others have developed. A strict quarantine is being observed and little uneasiness is felt that the disease will spread.

Over \$50,000 in Liberty bonds and more than \$800 in cash was stolen from the vault at the Indian agency at Lapwai the first of the week. The money was the property of Indians.

Charles McKeever says there is an ice mine near Kendrick, located in Bear creek canyon. Picnickers have taken cream, the necessary ingredients, and a freezer to this favored spot on a hot day and made ice cream with ice dug from the mine. No one has ever offered an explanation regarding the ice mine, but it is there every summer.

Another Soldier Writes

Fort Monmouth, N. J.
May 10, 1941

Dear Friends:
Just a few lines to express my sincere thanks and appreciation of your kindness in sending me the Gazette.

It surely is interesting to get the news from home, so reading your newspaper is something I always look forward to every week.

Although there is plenty of work and exercise in the army for us boys, our minds and thoughts are still on our friends and folks at home, as whatever news we receive from them is greatly appreciated.

Wishing you all a pleasant and successful year.
Most sincerely,
Pvt. Oscar R. Knutson.

The present generation would do better to stop worrying about posterity so much; let posterity have its share of the worries.

Band Concert Much Enjoyed

The band concert given in the park last Friday evening at 6:30 p. m. by the Kendrick High School band, despite a pouring rain, was greatly enjoyed by the goodly number in attendance, who were safely ensconced in cars parked all about the streets within hearing distance. Applause for the various selections was given via the horn route.

The band and its director, Mr. Fitzpatrick are to be complimented on the fine performance.

The concert was under the auspices of the Kendrick Commercial Club.

Home Destroyed By Fire

The home of Mr. and Mrs. James Keeler in north-east Kendrick, was completely destroyed by fire of an unknown origin Sunday morning, the alarm sounding at 5:20 that morning.

Mr. and Mrs. Keeler and children had arisen quite early, and departed for Lake Chatcolet at 4:10 a. m. for a day's fishing. When the blaze was discovered by Mrs. Bert Biddison at 5:20, and the alarm sounded, but when discovered, the whole house was a mass of flame.

The local department responded, and put out the blaze, although the home was a total loss at the time the alarm sounded, and nothing was saved, leaving the Keeler family but the clothes on their backs.

A long distance phone call contacted the family at the lake, and they returned immediately. Mr. Keeler can assign no cause for the conflagration, since the family had no fire in the living room oil stove, and but little in the kitchen stove. The fire was an almost new one, and the house wiring was almost new, and no electrical apparatus in use.

The Keeler family are now living in a new garage next door, where they will reside temporarily. Mr. Keeler states their plans are indefinite, but that he hopes to rebuild.

Be Real Fire Hazard

This year's crop of "cheat" grass is going to present a real fire hazard following its drying out.

For not only is the crop unusually heavy, ranging from 24 to 30 inches high in most locations, but the heavy rains have caused it to grow in many places usually bare.

When dry, tinder has nothing on this grass, and great care is going to have to be used or we are in for a real fire season.

The hill north of town, where fires have occurred several times in years past, is thoroughly covered and will be an even greater fire danger than in the past.

BIG GYM IS JAMMED AT COMMENCEMENT EXERCISES

The big Kendrick gymnasium was jammed almost completely yesterday evening, when friends, relatives and neighbors turned out to witness the graduation exercises for the Kendrick High school class of 1941, and for the eighth grades of Kendrick and American ridge schools. So full was the big building, despite many extra seats placed on the playing floor, that the usherettes were unable to find seats after the crowd assembled, and remained standing throughout the ceremonies. The stage itself was not used, a large platform holding the Board members, the speaker of the evening, and school officials, being set just in front of the curtain, and it in turn was flanked with huge bouquets of spring flowers, to create a very pretty setting.

The program of the evening follows:

Journalism Award (based on application and citizenship as well as writing ability) Barbara Davidson, a Junior.

Honorable Recognition, Everett Farrington, driver of the "Gold Hill Cannon Ball," (Cedar Ridge school bus) who, as a member of the graduating class, had been late but once with his load in two years, and his roundtrip covers 40 miles, with many of them dirt roads.

Farm Work Delayed

The heavy rains of last week, especially those on Friday and Saturday, have set farm work back at least a full week, according to reports from the various ridges. Bean ground is said to be in especially poor condition, the excess moisture tending to produce a bumper crop of weeds and prevents working of the soil. A number of farmers say it will be at least Saturday before they can hope to resume field work even if no more rain falls.

Wheat, however, is growing almost as fast as the weeds, and with a little more sunshine, a bumper crop seems assured.

Many Claim "Foul"

A great deal of grumbling and rumbling is heard these days regarding the whisker-growing contest advertising the local Fourth of July celebration.

The officially designated hour for the beginning of this contest is Sunday, June first, culminating in a grand "whisker judging contest" at the dance in the big gym, at midnight, July 4th, with a suitable prize awarded for the "most whiskery whiskers."

Many are complaining already of a "foul" on the part of Dick Blewett, Harley Perryman and Geo. Brocke, saying they have a head start with the hirsute adornments.

Marvin Long, Harold Thomas, Herman Schupfer and a number of others say: "Poof, what do we care? We can give that bunch a 'whisker' length head start and win in a walk."

Well, that decision rests with the "whisker judges" the night of the big dance, but remember, after June 1 Judge W. A. Watts reigns supreme over the whisker producers, with the right of fine and imprisonment resting in his court for local boosters who fail to "co-operate whiskerly."

Apron Sale Success

The Apron sale and program given in the Community church basement last Friday afternoon by the ladies of the W. S. C. S. was an enjoyable as well as profitable affair.

A stage banked with lovely spring flowers was the attractive setting for the modeling of the aprons, which was alternated with special numbers. Mrs. D. A. Christensen singing two selections, accompanied at the piano by Mrs. Harold Thomas. Little Roger Jones, attired in a baker's cap and apron sang a song and spoke a piece; Mrs. Nora Callison and daughter Nancy modeled mother and daughter aprons, and Mrs. E. A. Deobald, attired as a bashful farm youth, gave a reading.

Corsages were given each lady, after which aprons were sold and tea served by the hospitality committee at the close of the afternoon. Mrs. Marvin Long received the high prize of the afternoon.

Entertains Rebekahs

Mrs. Thos. McDowell entertained the Rebekahs Thursday of last week. The afternoon was spent working on a quilt for the Odd-fellows home.

WHEAT PRICES HIGHER IN PACIFIC NORTHWEST

Wheat futures in Pacific Northwest markets followed the trend at other domestic markets and showed comparable advances during the week ending May 15, according to the Agricultural Marketing Service. Cash wheat was relatively firmer than futures and principal classes registered advances of 3/4c to 4 cents per bushel at Portland compared with the previous week. The cash wheat market situation was active during the past seven days with a good demand at the coast terminals and larger offerings from growers at country points. Wheat receipts by rail at Puget Sound and Columbia river terminals reflected recent selling in the country and totaled 659 cars for the week against 581 cars last week. Flour sales to the Philippines under the indemnity plan were somewhat lighter than during the previous week but business to the Americas was better, with total sales to those areas around 26,000 barrels at unchanged indemnity payments. Sale of around 2,000 short tons of flour to North China also was reported and domestic flour business was reported improved. These factors made for a good to active demand from mills all during the period. Wheat millfeeds held steady to firm at about unchanged prices. Crop prospects all over the Northwest continued very good, according to trade reports. As the week ended, the cash wheat market situation appeared active and strong at Seattle and Portland.

Cash wheat prices at Portland on July 16, showed soft white (hard white applicable) 82c; white club 83c, western red 82 1/2c and hard red winter at 82 1/2c per bushel, all basis No. 1 grade in bulk. Cash wheat prices at Seattle on May 16 showed western white at 81 1/2c, western red and hard winter at 83c and hard white (baart) at \$1.10.

The San Francisco wheat market strengthened further during the past week, influenced by advances in other markets and some improvement in local demand. Prices gained around 2 1/2c to 5c per 100 and reached new high points for the year. Bay region mills reported increased flour business and entered the wheat market for somewhat larger quantities.

Demand at Ogden slackened somewhat at the higher prices. On May 16, wheat prices at that market, basis No. 2 f. o. b. Ogden mills were: dark hard winter and dark northern spring at 86c, hard winter and northern spring at 79c, hard white at 90c, soft white at 85c. Prices f. o. b. country shipping points were 17c under Ogden.

Cash wheat prices at Kansas City followed the action of futures and closing quotations reflected the full upturn of the week. Receipts increased sharply to 1,211 cars but the volume of flour offerings was not greatly altered.

Receipts of cash wheat at spring terminals became considerably larger with 1,333 cars of all classes of wheat received at Minneapolis during the week while Duluth unloaded 364. The larger offerings tended to weaken the premium basis slightly but later when flour business showed marked improvement, mill demand again became active and prices finished steady to firm.

Eastern and local mills were reported as active buyers of wheat in Chicago during the past week. Premiums for wheat were about unchanged and carlot arrivals increased over last week.

Winter wheat made excellent progress in most of the great plains with the crop jointing northward to Nebraska and heading nearly to northern Kansas where development is further along than usual. Conditions range from fairly good to good in the Ohio valley with considerable grain heading in the south portions.

Cool, wet weather hindered spring seeding in the Canadian provinces of Manitoba and Saskatchewan but provided sub-soil moisture reserve. The dryness has been broken in most of Alberta and farmers are reported planting considerably more than had been intended.

Little information is available as to wheat acreages in foreign countries. Trade reports, however, indicate that in most instances acreages of bread grains will be increased. Increases are reported in Switzerland, Belgium, the United Kingdom, Spain, and in unoccupied France. While larger acreages are in prospect, crops are still backward in western and central Europe, with rains badly needed in many sections.

The Indian harvest is well advanced and satisfactory yields are reported in trade channels, suggesting a crop only slightly smaller than average for the past four years.

Receives High In County

Daily Vacation Bible School

Daily Vacation Bible school opens in Kendrick at the Full Gospel church, Monday morning, May 26, at 9:00 a. m. Every school child in Kendrick is urged to attend each morning throughout the two-weeks' school. Miss Phyllis Elvy will be in charge again this year, assisted by Miss Marjorie Powell, and the Misses Wanda and Joye Johnson. These young women are all experienced in this type of work and Kendrick is indeed fortunate to have them. The Bible will be taught, along with Christian choruses, art work, memory work, playlets, etc. See that your child takes advantage of this real opportunity.

Another Big Double Bill

Again the film fans of Kendrick and vicinity will have the opportunity of seeing and hearing their favorite of the Westerns—Gene Autrey—who will appear this coming Friday and Saturday nights in the Kendrick theatre in "Melody Ranch," with "Schnozzie" Durante, that paragon of the plains, and Vera Vague, one of the brittle brains of the films—when they go native in the wide-open spaces. It's Gene Autrey's greatest picture—more songs, more fun and more excitement. Ann Miller has the leading role. The second picture will be "The Quarterback," a campus comedy that all football fans will enjoy. Comedy is stressed more than school spirit, and no attempt is made to glorify football—but the right team wins, of course.

EDITORIAL

Well, Folks—Seems as if the past few weeks we've done a lot of hammering on cream, butter and locker boxes — so this week, beyond mentioning the fact that Pride O'The Potlatch Creamery butter is obtainable at all the local stores, that we still want to buy your cream, and that we still have locker boxes for rent, we're going to devote the rest of this space to fun, and we sincerely hope you enjoy it!

License Clerk: "Sorry, madam, but licenses are issued only when your form is filled out properly."
Lady: "Why, I like your nerve, sir. We can get married, no matter what I look like!"

Sunday School Teacher: "And why did Noah take two of each kind of animal into the ark?"

Bright Child: "Because he did not believe the story about the stork!"

A girl met an old flame who had turned her down, and decided to high-hat him.

"Sorry," she murmured, when the hostess introduced him to her, "I didn't get your name."
"I know you didn't," replied the ex-boy friend, "but you certainly tried hard enough!"

Visitor: "And how old are you, Bobbie?"

Bobbie: "I'm just at the awkward age."

Visitor: "Really? And what do you call the awkward age?"

Bobbie: "I'm too old to cry and too young to swear!"

A sensible girl is not so sensible as she looks, because a sensible girl has more sense than to look sensible.
