

# KENDRICK GAZETTE

## WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

The house on the Deeter place, in Bear creek canyon, occupied by the Wm. May family, was completely destroyed by fire one day last week, together with all their household goods. Nothing was saved and no insurance was carried on either house or contents.

None of the old teachers are coming back next year, so the school board is now engaged in selecting new ones. A large number of applications are on file in the office of the clerk of the board.

Miss Anna Long returned the first of the week from Leavenworth, Wash., where she recently closed a very successful term of school. She expects to return there next fall.

One hundred thousand trout fry from the Sandpoint hatchery were put in the Potlatch last week, above the forks, east of Helmer.

Mr. and Mrs. Kayler of Peck were here last week visiting Mrs. Kayler's parents, Mr. and Mrs. Frank Benscoter, Sr., on American ridge.

The United States Aircraft corporation, with headquarters at Spokane, sent word to Lewiston the first of the week that within a short time a 260-horsepower Fokker monoplane would be placed in service on a route to serve Spokane, Lewiston, Dayton, Walla Walla and other inland points. The machine has been ordered from Amsterdam and will come through the canal to Seattle. It is a large type flying machine, capable of carrying six passengers and pilot, or five passengers, their baggage and pilot.

Frank Wilken and family and Mr. and Mrs. Peter Rowley from the Fairview community, motored to Tammany valley Saturday. On their way home they went over the famous Lewiston hill to Genesee, where they visited Mr. and Mrs. E. T. Lundt.

Mrs. O. E. MacPherson and son Donald were Lewiston visitors on Wednesday afternoon.

The speed in Kendrick is 12 miles per hour. The town needs the money. Eight pupils finished the eighth grade work in the Kendrick schools this year. Following is the list of graduates: Frank Brocke, Laura Cox, Bina Raby, Elvira Atchison, Artie Hollada, Alice Freytag, Violet Riley and Alice Carlisle.

Everyone seems optimistic over the crop prospects in the Potlatch. Reports from the various ridges are very encouraging. Winter wheat looks better than it has for several years and the spring grain is making a splendid growth. One more good rain will practically assure a bumper crop.

J. L. Johnson of American ridge caught the largest trout in the prize contest put on by the Kendrick Hardware company. The fish measured nearly 13 inches and was taken in Potlatch creek about 10 miles above Kendrick. Delbert Turner caught the largest trout in the contest for boys 10-inch fish and was caught in Bear creek. Mr. Johnson received a fly book and Delbert a reel.

Crescent News—Mrs. Ben Cummings and children are expecting to leave the first of the week for a visit with relatives on American ridge. Mr. and Mrs. Dick Winegardner and children spent Sunday at the Lou Alexander home. Mr. and Mrs. Clem Israel spent Sunday with the Frank Lyons family. Mr. and Mrs. Will Kauder and daughter spent Sunday with Albert Long and wife. Mr. and Mrs. Walter Hunt spent Sunday with Mr. and Mrs. Dick Winegardner.

Big Bear Ridge—Miss Rena Morey of Spokane is spending the week with home folks. Ingvald Aas of Cuddeasac spent the week-end with relatives here. Oscar and Milo Slind autored to Clarkston Saturday for a visit at the home of their brother, George. Rev. P. Hesby of Deary began teaching a month of Parochial school at the Lutheran church, Monday. Miss Tora Hatteth returned to her home in Kendrick Sunday after having spent several weeks at the home of her brother, Ed. Louie Rogstad, Clarence Swanbeck, Misses Agnes and Amy Rogstad of Clarkston spent Sunday and Monday at the A. N. Rogstad home. Mr. and Mrs. K. D. Ingle and children autored to Moscow to spend Memorial Day with friends. Mrs. Einar Bruth returned to her home in Spokane Sunday after a visit with her parents, Mr. and Mrs. Ole Lien.

**Tax Deadline Nears**  
With the deadline approaching for the payment of taxes for the last six months of 1940, nearly \$2,000 was collected Monday and Tuesday mornings, it is reported. Approximately \$13,000 had been collected through May 31. Deadline is June 21st.  
Delinquent taxes collected in May amounted to \$1,545.67, and was received for the following years: 1937, \$341.61; 1938, \$173.45; 1939, \$380.63; first half 1940, \$649.93.—Idahonian.

**Vacation Bible School**  
The Daily Vacation Bible School at the Full Gospel church is ending its second week of very successful Bible study. Mrs. Elmer Atkinson of Juliaetta has been added to the teaching staff.  
The enrollment has reached 60, with an average attendance of 43. The school will conclude with a program at 7:30, Friday, June 6. All are invited to attend.

**Plan to spend July 4th in Kendrick**  
Harold Thomas has had his big bulldozer at work the past few days leveling ground on his lots back of the Community church in preparation for their use. A space 36x100 feet has been leveled off. He plans to plant trees on the ground soon, and at a later date erect a home there.  
It is a very slightly location, and will make a wonderful home spot.

## New Agriculture Instructor

Mr. and Mrs. Marvin Powell of Lavan, Utah, were in town last Thursday afternoon, looking the town over.

Mr. Powell has been selected by the school board as the new Agriculture instructor, to take the place of Don Lyle, resigned.

Mr. Powell comes well recommended by the teaching staff at the U. of I., and will undoubtedly fill the position with credit to himself and satisfaction to the school and pupils.

He will start his work in July.

## IDAHO BOYS MAY LEARN SKILLED TRADE WITH CCC

"More opportunities than ever before await the unemployed youth who enroll in the Civilian Conservation Corps," said Harvey J. Smith, local CCC selecting agent. Opportunities to learn skilled trades await the ambitious youth. All Idaho boys are sent to one of four camps which are reserved especially for Idaho boys. These camps are all under the technical supervision of the forest service. Among the skilled jobs that boys learn in these camps are auto mechanics, truck driving, powder handling, jack-hammer operation, diesel engine mechanics, diesel engine operation, grading, radio and signal corps, cooking and baking, etc. Special schools to offer further training in these skilled jobs to ambitious boys, who get their basic training in camp, are maintained by the CCC. CCC-trained men readily find jobs in private industry.

Any youth who is between the ages of 17 and 23½, who is unemployed and in need of employment, physically fit, a citizen of the United States, and of good character is eligible for enrollment. The enrollment will take place on May 29. Applications may be placed at any office of the Idaho State Employment service or with Mr. Smith, local CCC selecting agent, who has his office at the Latah County Department of Public Assistance, located in Moscow.

All enrollees receive \$30.00 per month, plus board, room, and medical and dental care. Enrollees who have dependents send \$15 per month to their dependents, save \$7 per month and receive \$8 per month for their own use. Enrollees without dependents receive \$8 per month to meet their current expenses and save \$22 per month by depositing it with the finance officer. Thus, an enrollee who has no dependents and who stays in the Corps for 24 months will finish his maximum period of service with the CCC with a bank account of \$528.00.

See Mr. Smith, local CCC selecting agent, at Moscow, today.

## Cooking School Enjoyed

The cooking school held Tuesday afternoon of this week by the Kendrick Bean Growers Association, and the Washington Water Power Co., working in cooperation in the demonstration of new electrical appliances, was greatly enjoyed by a large and enthusiastic group of women from Kendrick and surrounding territory.

Many users of electricity on the R. E. A. lines took advantage of this opportunity for instruction, as well as the women from this section.

Prizes were given, food distributed, and a general good time, as well as instructive one, reported.

A similar school, under the same auspices is being held this afternoon (Thursday) in the school building at Juliaetta.

Miss Bernice Wilcox, home economist for the Washington Water Power company was in charge.

Mr. and Mrs. Fred Arnold of Leland and Mr. and Mrs. Given Mustoe called at the Harvey Morris home Sunday evening.

Mr. and Mrs. George Havens and family were Sunday dinner guests at the Henry Brammer home.

The Cameron Ladies Aid met with Mrs. Henry Brammer Wednesday afternoon.

## Whiskers Causing Fun

The Kendrick "Whisker Production Contest" now under way in Kendrick as a means of advertising the coming Fourth of July celebration and picnic is causing lots of fun these days, as an examination of the other fellow's facial adornment is an invariable result of each chance meeting.

Those observed to date show the traces of every type of beard from the tiny "mushy touch" to the full-blown all-over beard, with variations running from Frank Curtiss' "Kentucky Colonel" type to George Brocke's "lace curtains."

In between is Dick Blewett's fiery red "cooky duster" and Harold Thomas's "misplaced eye-brow."

Anyway, it's a lot of fun, and to date, as we understand it "Judge Watts" hasn't collected a thin dime in tribute for "indecent exposure" on the part of the citizens.

## Magpie Bounty Continued

Marvin Long, local manager for the Latah County Wildlife Federation's magpie drive, announces that the drive and bounty payment of 2¢ per head will be continued until June 30.

Mr. Long states that over 1,600 heads have been brought in to date, which should reduce the pests considerably in this section.

## WHEAT PRICES DECLINE IN NORTHWESTERN MARKETS

A sharp decline in wheat futures markets of the middlewest was reflected in lower quotations on the July future in Pacific Northwestern markets during the week ending May 29, according to the Agricultural Marketing Service of the United States Department of Agriculture. Cash wheat was relatively weaker than futures with principal classes at Portland showing declines of 1½¢ to 3¢ per bushel compared with the previous week. The general cash wheat market situation in this area was quiet during the holiday-shortened week, with a generally slow demand at terminals and light selling by farmers at the country points on the declining market. Export flour sales under the indemnity plan were reported as light at unchanged payments of 60¢ to the Philippines and \$1.35 per barrel to the Americas. No further export flour sales to north China were reported during the past week. Wheat millfeeds markets remained firm at recent advances. Northwest crop prospects remained very favorable according to trade reports.

Cash wheat prices at Portland on May 29 showed soft white at 79¢, white club at 81½¢, western red at 80¢ and hard red winter at 81¢ per bushel, all basis No. 1 grade in bulk.

The San Francisco wheat market weakened during the week, influenced principally by sharp declines in other markets and slower local demand. While offerings were only moderate, prices were around 2½¢ to 5¢ per 100 lower compared with the previous week. Harvesting operations have begun in the early sections of the San Joaquin valley.

Receipts of cash wheat at the spring wheat terminals again increased with a total at Minneapolis of the 5-day period of 1,885 cars of all classes of wheat while Duluth unloaded 849 cars.

Denver mills were bidding 68¢ per bushel for No. 2 hard winter and No. 2 northern spring f. o. b. Colorado common ports.

The wheat market at Chicago was moderately active during the week with fair buying by mills, elevators and other interests. Bookings have increased with offerings of new wheat from Illinois and Indiana for July 20 through August delivery.

Independent strength was shown by oats throughout the week. New oats for Aug-Sept. delivery were booked in fair amounts.

Harvesting of winter wheat began in southwestern Oklahoma and is expected to be general within the next week or ten days. Growth has been unusually rank in the southwest with grain reported ranging from three to five feet in height.

In the southern hemisphere, soil moisture is satisfactory in Argentina and early seeded wheat is obtaining a good start. Dryness continues to prevail, however, over most of Australia and rains are badly needed for resumption of seeding.

Prices of most grains advanced from the middle of April to the middle of May. The average farm price on May 15, was 79.4¢ per bushel for wheat; 69.5¢ for corn; 34¢ for oats and 46.2¢ for barley.

The parity price at the middle of May was also slightly higher than at the middle of April with the parity prices for wheat placed at \$1.14; corn 83.5¢; oats 51.9¢; barley 80.5¢.

## Must Renew Licenses

Idaho has 265,000 motorists who must renew their operator's license before July 1st, and those renewals can be made after June 1st. The deadline will be July 1st, and that date cannot be extended, J. L. Balderston, commissioner of the department of law enforcement, announces.

The present operator's licenses are made with the upper half of the license to be used for the purpose of renewing the license, and all persons are requested to fill in their renewal stub, complete with description and correct address, before presenting it to the Driver's License agents of the State Police officers or mailing it to the Department of Law Enforcement at Boise.

Renewals may be secured by mail providing the renewal stub from the present license is completely filled in and mailed direct to the department, but if this method is used order or check must accompany it. However, the license agent or the State Police officers will be available in all sections of

 The Boy Scout Camporee, which was scheduled for May 17 and 18 at Lake Waha, and which was postponed because of unusually heavy rains, has been scheduled for May 31 and June 1, when the same program as previously planned will be held.

This camporee is for Scouts and Scouters. Parents are welcome on Sunday.

It is expected that a goodly number of the local Scouts and Scouters will attend.

"Virginia"  
 Offering a wealth of entertainment, rich in stirring drama, absorbing romance and bright comedy, Paramount's technicolor pro-

duction of the modern South, "Virginia," will be seen at the Kendrick Theatre this coming weekend. Together as a team for the third time, the picture stars, Madeline Carroll and Fred MacMurray, present a story of the modern south, and of a southern-born woman who was raised in the North, and the trouble she finds when she falls in love with a southerner.

It is all in technicolor, and filmed in Virginia, and is one that young and old alike are sure to enjoy.

In addition the usual short feature will be shown.

### EDITORIAL

Well, Folks—Seems like the rains never are going to stop this spring. It all reminds us of that motion picture which attracted so much attention a few months ago "And The Rains Came." But even allowing for all that, spring pastures have never been better than they are this year—all of which gives you a real opportunity to cash in on your cream income. If you are not doing so now, why not begin today? We pay cash for your cream—and cash is 'king' in any man's language. Try us and see for yourself.

A little girl had been left in the nursery by herself, and her brother arrived to find the door closed. The following conversation took place:  
"I wants to tum in, Cissie."  
"You tant tum in, Tommy."

"Why tant I?"  
"Cause I'm in my nightie gown and nurse says little boys mustn't see little girls in their nightie gown."

After an astonished and reflective silence on Tommy's side of the door the miniature Eve announced triumphantly: "You tan tum in now, Tommy, I took it off."

"Two rabbits were on their honeymoon when they were set upon by two rabbit hounds. "Shall we attack them?" asked the groom.  
The little bride blushed: "I think it might be better," she answered mildly, "to wait until we outnumber them!"

About the time one learns to make the most of life, most of it is gone.

### WILDLIFE CONTROVERSY WITH GOVERNMENT CLOSED

Approval by the secretary of agriculture of the Forest Service recommendations for revision of the regulation known as G-20-A, now brings to a close a seven-year controversy, the Forest Service believes.

Since its adoption in 1934, regulation G-20-A has been criticized by some state officials and sportsmen's groups as a threat to state's rights in the management of wildlife.

This regulation providing for management of wildlife on the national forests, caused misunderstandings over the policies of the Forest Service wildlife matters, according to Forest service officials.

"Cooperation is and must continue to be the keynote of our participation in all state programs," I. V. Anderson of Missoula, in charge of regional wildlife activities of the Forest Service, states. "The substitute regulation is designed to promote continued and closer cooperation with the state in furthering wildlife conservation."

Specifically, the new regulation provides that the Forest Service shall cooperate with fish and game departments or other constituted authority, in formulating plans for securing and maintaining wildlife populations, and may enter into agreements with state officials for this purpose.

As a basis for these agreements, the Service is instructed to determine the extent to which national forests, or any portion thereof, may be devoted to wildlife in combination with other uses. Cooperation with state game officials in accordance with state laws in the orderly removal of the crop of game, fish, furbearers and other wildlife is also provided for.

### IN MEMORIAM

We have brought here bright flowers that grew on the hill,  
Or out in the woodlands so green and so gay;

Or, maybe, down by the swift-flowing rill  
We found pretty blossoms that grew there so still  
And tried, from the world, to hide safely away.

On the graves of our soldiers who fell in the fray  
While bravely fighting in Gray or in Blue;  
Or died o'er the waters in lands far away.

Let us scatter alike these flowers today  
As tokens of love enduring and true.

And then, for our loved ones who have gone on before  
So recently our hearts are still bleeding and sore,  
Let us take from the gardens most sacred and best  
The prettiest flowers—the ones they loved best.

And lovingly place them on their graves with a prayer  
That God re-unite us some sweet, happy day  
In a home where all tears have been driven away.  
— Wickliffe R. Smith.

### Additional Personals

# SQUIRRELS

ARE THEY ON A "DIET" AGAINST POISONED FOODS?

Gas 'em!

Squirrels may not eat poisoned food set out for them, but they have to breathe. One whiff of Cyanogas puts an end to them. Official check shows more than 95% of all squirrels in 1,000 burrows died at once. Easy, quick and sure! Drop a tablespoonful of Cyanogas down the burrow... or blow it down with foot pump or knapsack duster. After gas passes off, residue is harmless slaked lime.

NO. 23

WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

The house on the Deeter place, in Bear creek canyon, occupied by the Wm. May family, was completely destroyed by fire one day last week...

Miss Anna Long returned the first of the week from Leavenworth, Wash., where she recently closed a very successful term of school...

One hundred thousand trout fry from the Sandpoint hatchery were put in the Potlatch last week, above the forks, east of Helmer.

Mr. and Mrs. Kayler of Peck were here last week visiting Mrs. Kaylor's parents, Mr. and Mrs. Frank Benscoter, Sr., on American ridge.

The United States Aircraft corporation, with headquarters at Spokane, sent word to Lewiston the first of the week that within a short time a 260-horsepower Fokker monoplane would be placed in service on a route to serve Spokane, Lewiston, Dayton, Walla Walla and other inland points.

The machine has been ordered from Amsterdam and will come through the canal to Seattle. It is a large type flying machine, capable of carrying six passengers and pilot, or five passengers, their baggage and pilot.

Frank Wilken and family and Mr. and Mrs. Peter Rowley from the Fairview community, motored to Tammany valley Saturday. On their way home they went over the famous Lewiston hill to Genesee, where they visited Mr. and Mrs. E. T. Lundt.

Mrs. O. E. MacPherson and son Donald were Lewiston visitors on Wednesday afternoon.

The speed in Kendrick is 12 miles per hour. The town needs the money. Eight pupils finished the eighth grade work in the Kendrick schools this year.

Following is the list of graduates: Frank Brocke, Laura Cox, Bina Raby, Elvira Atchison, Artillee Hollada, Alice Freytag, Violet Riley and Alice Carlisle.

Everyone seems optimistic over the crop prospects in the Potlatch. Reports from the various ridges are very encouraging. Winter wheat looks better than it has for several years and the spring grain is making a splendid growth.

One more good rain will practically assure a bumper crop. J. L. Johnson of American ridge caught the largest trout in the prize contest put on by the Kendrick Hardware company.

The fish measured 13 inches and was taken in Potlatch creek about 10 miles above Kendrick. Delbert Turner caught the largest trout in the contest for boys 12 years old or under.

It was a 10-inch fish and was caught in Bear creek. Mr. Johnson received a fly book and Delbert a reel.

Creasant News—Mrs. Ben Cummings and children are expecting to leave the first of the week for a visit with relatives on American ridge. Mr. and Mrs. Dick Winegardner and children spent Sunday at the Lou Alexander home.

Mr. and Mrs. Clem Israel spent Sunday with the Frank Lyons family. Mr. and Mrs. Will Kauder and daughter spent Sunday with Albert Long and wife. Mr. and Mrs. Walter Hunt spent Sunday with Mr. and Mrs. Dick Winegardner.

Big Bear Ridge—Miss Rena Morey of Spokane is spending the week with home folks. Ingvald Aas of Culedecas spent the week-end with relatives here. Oscar and Milo Shind autored to Clarkston Saturday for a visit at the home of their brother, George. Rev. P. Hesby of Deary began teaching a month of Parochial school at the Lutheran church, Monday.

Miss Tora Halseth returned to her home in Kendrick Sunday after having spent several weeks at the home of her brother, Ed. Louie Rogstad, Clarence Swanbeck, Misses Agnes and Amy Rogstad of Clarkston spent Sunday and Monday at the A. N. Rogstad home. Mr. and Mrs. K. D. Ingle and children autored to Moscow to spend Memorial Day with friends. Mrs. Einar Broseth returned to her home in Spokane Sunday after a visit with her parents, Mr. and Mrs. Ole Lien.

Tax Deadline Nears With the deadline approaching for the payment of taxes for the last six months of 1940, nearly \$2,000 was collected Monday and Tuesday mornings, it is reported. Approximately \$13,000 had been collected through May 31. Deadline is June 21st.

Delinquent taxes collected in May amounted to \$1,545.67, and was received for the following years: 1937, \$341.61; 1938, \$173.45; 1939, \$380.68; first half 1940, \$649.93.—Idahonian.

Whiskers Causing Fun The Kendrick "Whisker Production Contest" now under way in Kendrick as a means of advertising the coming Fourth of July celebration and picnic is causing lots of fun these days, as an examination of the other fellow's facial adornment is an invariable result of each chance meeting.

Those observed to date show the traces of every type of beard from the tiny "mueni touchit" to the full-blown all-over beard, with variations running from Frank Curtiss' "Kentucky Colonel" type to George Brocke's "lace curtains."

In between is Dick Blewett's fiery red "cookey duster" and Harold Thomas' "misplaced eye-brow."

WHEAT PRICES DECLINE IN NORTHWESTERN MARKETS

A sharp decline in wheat futures markets of the midwest was reflected in lower quotations on the July future in Pacific Northwestern markets during the week ending May 29, according to the Agricultural Marketing Service of the United States Department of Agriculture. Cash wheat was relatively weaker than futures with principal classes at Portland showing declines of 1/4c to 3/8c per bushel compared with the previous week.

The general cash wheat market situation in this area was quiet during the holiday-shortened week, with a generally slow demand at terminals and light selling by farmers at the country points on the declining market. Export flour sales under the indemnity plan were reported as light at unchanged payments of 60c to the Philippines and \$1.35 per barrel to the Americas. No further export flour sales to north China were reported during the past week.

Wheat millfeeds markets remained firm at recent advances. Northwest crop prospects remained very favorable according to trade reports.

Cash wheat prices at Portland on May 29 showed soft white at 79c, white club at 81 1/2c, western red at 80c and hard red winter at 81c per bushel, all basis No. 1 grade in bulk.

The San Francisco wheat market weakened during the week, influenced principally by sharp declines in other markets and slower local demand. While offerings were only moderate, prices were around 2 1/2c to 5c per 100 lower compared with the previous week. Harvesting operations have begun in the early sections of the San Joaquin valley.

Receipts of cash wheat at the spring wheat terminals again increased with a total at Minneapolis for the 5-day period of 1,885 cars of all classes of wheat while Duluth unloaded 849 cars.

Denver mills were bidding 68c per bushel for No. 2 hard winter and No. 2 northern spring f. o. b. Colorado common points.

The wheat market at Chicago was moderately active during the week with fair buying by mills, elevators and other interests. Bookings have increased with offerings of new wheat from Illinois and Indiana for July 20 through August delivery.

Independent strength was shown by oats throughout the week. New oats for Aug-Sept. delivery were booked in fair amounts.

Harvesting of winter wheat began in southwestern Oklahoma and is expected to be general within the next week or ten days. Growth has been unusually rank in the southwest with grain reported ranging from three to five feet in height.

In the southern hemisphere, soil moisture is satisfactory in Argentina and early seeded wheat is obtaining a good start. Dryness continues to prevail, however, over most of Australia and rains are badly needed for resumption of seeding.

Prices of most grains advanced from the middle of April to the middle of May. The average farm price for wheat, was 79.4 per bushel for wheat; 69.5c for corn; 34c for oats and 46.2 for barley.

The parity price at the middle of May was also slightly higher than at the middle of April with the parity prices for wheat placed at \$1.14; corn 83.5c; oats 51.9; barley 80.5c.

Must Renew Licenses Idaho has 265,000 motorists who must renew their operator's license before July 1st, and those renewals can be made after June 1st. The deadline will be July 1st, and that date cannot be extended. J. L. Balderson, commissioner of the department of law enforcement, announced.

The present operator's licenses are made with the upper half of the license to be used for the purpose of renewing the license, and all persons are requested to fill in their renewal stub, complete with description and correct address, before presenting it to the Driver's License agents of the State Police officers or mailing it to the Department of Law Enforcement at Boise.

Renewals may be secured by mail providing the renewal stub from the present license is completely filled in and mailed direct to the department, but if this method is used a post office money order, express order or check must accompany it. However, the license agent or the State Police officers will be available in all sections of the state to accept applications.

Anyone who is licensed in Idaho during the present license period, or since July 1, 1939, need not fill in another original application form, but merely present the renewal stub from the present license. Motorists are urged not to wait until the last minute rush. Applications by mail will not be accepted from anyone who is not licensed in Idaho at the present time. Drivers without the current operator's license can make their applications through the nearest agent or State Police officer.

Any driver whose license has been revoked since May, 1939, must file proof of financial responsibility before a new driver's license will be issued. They will save time and expense if they file proof first and then send the certificate with the application for a driver's license, showing insurance in its effect.

The sum we "owe ourselves" comes now to \$1,813 for each family in the land. But only a deep-dyed cynic will try to deduct this from taxable income as a bad debt.

### A REAL LOG — IT TOOK LOTS OF REAL WORK TO HANDLE

Above is a picture of the really man-sized log brought in to Kendrick last year by Craig Brothers, of Southwick — and we list below a bit of pertinent information regarding this log:  
 The butt cut log contained 1,800 log feet; the six logs or cuts in the one tree contained 8,000 log feet, and in the six cuts there was but one limb. The tree gave up five 16-foot logs and one 14-foot log.  
 One day's work with tractors and team and five men with block and cable were required to get the big log to the landing, one-eighth mile away, for a trench had to be dug along the steep hillside to pull the monster through.  
 The lumber in these logs went 85 per cent clear!  
 The butt log jumped the skidway at the Thomas sawmill, as shown in the picture above, and a special "rigging" had to be constructed to put it back on the ways.  
 Ten men were required to turn this log on the carriage when the first slab was off.  
 Craig Bros. have the largest stand of timber left in the Cedar Creek country, and have a contract with Potlatch Forests for millions of feet, as well as with Conroy Co., Spokane.

Fifteen of the 22 measured seven inches or more around the long way and six inches or better around.  
 Mrs. Wm. Groseclose of Lenore sent in the largest one, which measured 8 1/2 x 6 1/2, and Mrs. Chas. Weber of Juliaetta sent in the second largest, which measured 8 1/4 x 6 7/16 inches. Mrs. Groseclose, of course won first place, a six-months subscription for herself, or anyone she wishes it sent to, and Mrs. Weber won a three-months subscription.  
 While there were not as many large eggs brought in this year as there usually is, yet the number of entrants was fairly good. Anyway, it isn't often that one can get the price of more than 3 1/2 dozen eggs for just one egg, as Mrs. Groseclose did.

**Bean Conditions**  
 Should Idaho bean growers respond to the request of the Secretary of Agriculture to increase the white bean production 35 per cent this year over last year, and yields be as large as last year, Idaho's bean production will be of record proportions. Idaho's production last year was the largest on record, 1,667,000 cwt. bags of which 977,000 bags were Great Northerns.  
 Although production may be large, producers will be assured of a favorable price in that the government has indicated support will be given to a price of approximately \$5.00 per cwt. at Atlantic coast points for the duration of the present program, which ends about May 1, 1942. Freight from Idaho points to the east coast amounts to about 95c per cwt. when shipped in 60,000 lb. cars. The supported price as indicated would be the highest since 1937, except for a short period at the beginning of the war in 1939. Current prices are above the equivalent of the level which the government has indicated will be supported. If growers respond to the supported prices for beans offered by the Federal program it may mean a shift from the acreage previously intended for potatoes.  
 One of the features of the program is that farmers who take part in this program and increase their acreage of the desired varieties of white beans will not incur any deductions from their AAA payments by so doing.

### Naval Enlistee Writes

San Diego, Calif.  
 May 27, 1941

Dear Friends:  
 So far I have received two copies of the Kendrick Gazette, and I would like to thank you very much for sending it to me.  
 It is nice to receive the news from home each week. I am always thinking of home and my friends, even though there is always something coming up in the navy to keep me busy. Thanks again and I wish you all good luck and a pleasant year.  
 Sincerely,  
 Donald P. Jones.

### Additional Personals

Mr. and Mrs. W. H. Weyen arrived Friday from Portland to visit in the Eva Ferryman home. They returned to their home on Monday.  
 Mrs. Eva Perryman, Mr. and Mrs. W. H. Wagner of Portland, Mr. and Mrs. Jesse Dumbauld of Culesac and Mrs. Bertha Beard of Moscow were Sunday dinner guests in the Oral Dumbauld home at Juliaetta.  
 Mr. and Mrs. E. A. Deobald drove to Lake Waha Sunday evening and brought back the local Boy Scouts, who attended the district camporee held there last week-end.

**Rebuilding House**  
 Paul Lind and helpers have been busy the past few days remodeling and rebuilding the George Brocke house, formerly occupied by the A. O. Kanikkeberg family.  
 New porches are being built, a new roof put on, and the interior thoroughly renovated.  
 When completed it will indeed be a nice home.  
 If you miss the big Fourth of July picnic, you'll always be sorry.

**Softball Teams To Start**  
 At a recent meeting of softball enthusiasts, four teams were organized with play to start on the local diamond next Monday evening at 6:30.  
 The League rules are:  
 1. Each team must give Mr. Kanikkeberg a list of 12 players by Saturday night, June 7th.  
 2. Games to start at 6:30 p. m.  
 3. Games to be seven innings.  
 4. Managers agree on umpires before game begins.  
 5. Teams must use own players but may substitute players not on any team's player list in case its own players are absent.  
 6. Games will be played Monday, Tuesday, Wednesday and Thursday evenings.  
 7. League standing will be kept. Play opens Monday evening of next week with the Bean Growers

playing the Kids.  
 Tuesday Elwett's Market play Cameron.  
 Wednesday winners play winners. Thursday losers play losers.  
 For the rest of the season winners play winners and losers play losers.  
 These games are lots of sport for those who like to watch, as well as for the players, and since considerable expense is involved in these games it is hoped that a goodly crowd will turn out each evening to watch the fun.  
**Big Egg Contest Closed**  
 The Gazette's big egg contest came to a close June 1. Twenty-two eggs were brought in for measurement, seven of which measured eight inches or better around the long way, and six of these measured more than six inches around.

**TEAKEAN GOSSIP**

We still have lots of rainy weather. The crops are about all in, and since it is warmer everything is growing nicely.

Several parties have large strawberry patches and the berries are beginning to ripen. In another week strawberries will be plentiful and folks will be very busy taking care of them.

Mrs. Elwood Brock and children came home from Lapwai Monday, where she had spent several days with her parents, Mr. and Mrs. Jas. Ohladek.

Elbert Herring accidentally shot himself through the foot with a .22 calibre rifle last week. He went immediately to Orofino and had a doctor dress the wound, but he has a badly swollen foot.

Mr. and Mrs. Merton Preussler and family visited at the home of Mrs. Carrie Herry Sunday.

Mr. and Mrs. Geo. Jones and son of Orofino were visitors at the home of Mr. and Mrs. Louis Schliefer on Sunday.

H. C. Brock returned to his home at Hamilton, Mont., last Saturday. He had spent three weeks here with his son and family and his niece.

Carroll Groseclose came home last Friday and spent the week-end with his family, returning to Weippe on Monday morning. He expects to quit the job this week as hay work and strawberry picking will be on.

Mr. and Mrs. Ed Choate made a trip to Lewiston Tuesday.

Visitors in Orofino Monday were Mr. and Mrs. Ed Choate, Mr. and Mrs. Merton Preussler and children, Clarence Clanin, Elwood Brock, Ben Reese, Mrs. Wm. Groseclose, Mr. and Mrs. John Lind and Mrs. Eva Clanin.

Elwood Brock suffered a fractured finger while leading an unruly cow one day last week.

H. L. Ogdin is building new fence on the front of his farm. It adds to the appearance of the place.

**LINDEN ITEMS**

Bud Alexander of Twin Falls and Miss Brown visited in the Louis Alexander home last week.

Mr. and Mrs. S. Wetzel left Monday for Kellogg, where Mr. Wetzel will resume his work in the mine, after being layed up the past few months with a bad foot.

Addison Alexander and Ramey Hunt took their cattle to summer pasture Thursday, near Bovill.

Mr. and Mrs. Claud Pippinger and Mr. and Mrs. Weyen Pippinger of Orofino, Mr. and Mrs. Louis Porter, Cavendish, Mr. and Mrs. Arthur Foster and children, Mrs. Mattie Garner and daughters and Mr. and Mrs. Archie Garner spent Sunday with Mrs. McPhee and Cleve, the occasion being Mrs. McPhee's birthday anniversary.

Mrs. Edna Siverson and children of Kamiah spent Saturday evening and Sunday with Mrs. Starr and Mrs. Thompson.

Mr. and Mrs. Louis Alexander and son Clarence and Mr. and Mrs. Joe McChalis went to Spokane Friday with Bud Alexander, who left on Saturday for an aviation training camp in California.

Mr. and Mrs. Arnie Cuddy and family of Southwick, Mr. and Mrs. Jim Cuddy and son, Mr. and Mrs. John Cuddy and children and Rollin Armitage spent Sunday at the Ray Cuddy home.

Mrs. Clem Israel and Mrs. Louis Alexander entertained Thursday evening at a party in honor of Bud Alexander, Joe McChalis and Bill Cuddy, who leave soon for training camps. In spite of the rainy evening a large crowd was present and enjoyed a very pleasant evening. Refreshments of ice cream and cake and strawberry shortcake were served the gathering.

Syringa Starting To Bloom  
 Syringa is starting to bloom on the canyon sides about Kendrick, and before very long they will be a bower of beauty and fragrance. It is to be hoped that the rains do not ruin them as they did the locust bloom, which lasted but a very short time, compared with their usual period of about two weeks.

Another Double Feature  
 This week's offering at the Kendrick Theatre will be another double feature.

"Typhoon"—Torrential rains and the awe-inspiring terror of a tropical hurricane save Dorothy Lamour (sarong and all), Robert Preston and Lynn Overman from cremation on a burning island, and provides a thrilling climax for Paramount's new technicolor south seas romance.

"Pop Always Pays"—Reaching back to the pie-throwing school of farce for its comedy technique, the picture features Leon Errol, Dennis O'Keefe, Adele Pearce, and other well known comedy stars. In addition, the usual cartoon will be shown.

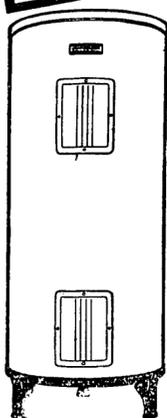

If the men who are loudly demanding we go to war were of the age and physical condition to go into the training camps we doubt whether there would be so many men loudly demanding hostilities.

**EDITORIAL**

Well, Folks — Canning season is again at hand. Are you going to put up your berries in the old-fashioned way, with fire and jars, syrup and steaming hours? Or are you going to put them up the modern way — by freezing? Freezing is far less labor, more economical, and to cap it all, fruit holds its flavor of the natural berry far better than can ever be hoped for in heat canning.

So come in today, or the first time you are in town, and pick out the locker box or boxes you want, while the selection is still complete. You'll be surprised, if you are not already using a box, how cheaply you can use one.

And remember, we want your cream — and we pay cash on the barrel head, not by check to be received by you in three or four days — but right now.

A colored preacher was trying to explain the fury of Hades to his congregation.

"You all has seen molten iron runnin' out from a furnace, ain't you?" he asked.

The congregation said it had.

"Well," the preacher continued, "dey uses dat stuff fo' ice cream in de place I'se talking about."

Panting and perspiring two Irishmen on a tandem bicycle at length reached the top of a steep hill.

"That was a stiff climb, Mike," said the first.

"Sure and it was," said the other, "and if I hadn't kept the brake on we should have gone backwards."

Glamour Girl: "Why, yes, I'll indorse your cigarette for \$50,000."

Advertising Agent: "I'll see you inhale first!"
