NO. 41

WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

Mr. and Mrs. A. C. Deeter are planning on leaving for California the latter part of this week or the first of next. They will drive through in the Dodge car. The Walter Knight family will be in the same party. Mr. and Mrs. Deeter expect to spend the winter in California, while the Knight family may locate there. The Deeters have rented their house to Mr. and Mrs. Walter Housley.

Last Tuesday night the city dads held their monthly parley at the city hall and transacted considerable business. Bills were lighter than usual, which occasioned some satisfaction to the members present. They also gloated over a \$1,000.00 cancelled water bond, which is the second bond paid within the year. There is now but \$3,000 bonded indebtedness against the water system. This will probably be paid off within the next two years, providing nothing unforeseen happens to increase the operating expenses of the water system.

The business houses of both Troy and Deary went on a cash basis the first of the month. They also did away with delivering goods in town. The plan on which they will now operate is cash and carry. When you buy goods from any of the merchants of these two towns, you pay spot cash and take them away with you.

Frank Chamberlain started the street sprinkler Tuesday afternoon. Sprinkling streets in October is something of an innovation in these parts.

Kester Dammarell and Cecil Chamberlain, who are attending the University at Moscow, spent the week-end here with home folks.

Mr. and Mrs. Wm. Rogers and Mr. and Mrs. Carl Wegner spent Sunday in Moscow with relatives.

Mr. and Mrs. George Leith and daughter Clarice and Mr. and Mrs. O. E. MacPherson drove to Moscow last Sunday to spend the day.

Herman Wilken sold his stock of merchandise at Cameron this week to Miss Voller, who will conduct the store in the building where Andrew Emptman used to have his store and the postoffice. Mr. Wilken is planning on going to school in Lewiston.

W. D. Barkhuff of Colton, Wash., purchased 40 acres of land from Elmer Shingler this week. The land lies near the Jenks place not far from Crescent. The deal was made through G. F. Walker. Mr. Barkhuff is an old-time resident of Colton and is buying the land for an investment. He is thinking of planting a large vineyard on the 20-acre south slope of his land.

Fairview Items—Walter McCall was over from Central ridge and spent the week-end with his folks. . . Denzil and Wayne Kuykendall are going to farm the Hetchner place this coming year. . . Mr. and Mrs. Jim Helton have moved to the cottage formerly occupied by the Weyen family. . . Mrs. Frank Wilken and children spent Saturday in Juliaetta, visiting her mother. . . Prune picking is in full swing on the John Glenn ranch.

G. A. Wayland was a Moscow visitor on business Tuesday afternoon.

Mr. and Mrs. Richard Winegardner of Leland were shopping in Kendrick Tuesday afternoon.

Potato Picking Champs

Rupert, Oct. 6—Eldon Booth, Idaho's potato picking champion who represented the governor of Idaho in an interstate contest at the eastern Idaho fair at Blackfoot this fall, upheld his supremacy in a contest at Rupert's harvest festival on Saturday. He picked 2,098.7 pounds of potatoes in 42 minutes.

Runner-up in the contest, Albert Hull of Burley, picked 2,057 pounds in the same time.

Claiming the state championship for women potato pickers, Mrs. Norman Jensen of Rupert, in a women's contest here picked 1,699.1 pounds of potatoes, while Mrs. Ewald Kramer of Rupert was picking 1,697.4 pounds in 42 minutes.

Elected Committee Head

Lowell W. Mason, superintendent of the Kendrick schools, was made head of the resolutions committee at the meeting of the annual second district convention of teachers, held in Lewiston on Thursday and Friday of last week.

Mr. Mason is in his second year as superintendent of the Kendrick schools and previous to that was principal of the Lewiston High school for eight years, a very good record, indeed.

Entertains Sunday School Class

Mrs. N. E. Walker entertained the members of her church school class, and those of Mrs. Johnson's class, at a party on Saturday night in the church basement. Nineteen guests were present.

A variety of games, new and old, were greatly enjoyed by all, after which delicious refreshments were served.

Energy And Candy

Western candy manufacturers — and trained dieticians — may agree that tests recently conducted by the University of Minnesota, are of decided interests, candy-wise. As a matter of fact, the Quartermaster Corps of the U. S. army, is supplying five pieces of hard candy with each Type C field ration. According to the war department, the plan provides that the soldiers are to consume the candy between meals; with increased energy fuel resiting.

Commercial Club Meeting

The attention of everyone is called to the fact that next Monday evening, October 13 is Commercial club meeting night — and due to a temporary inability of the club to obtain anyone to furnish the meal — that item will be dispensed with.

The meeting will be held at 8:00 p. m. at the City Hall rather than at the 6:30 dinner hour.

As this is the last meeting before Sales Day, which is scheduled for Saturday, October 18, all members and friends of this organization are urged to be present.

Remember the date, Monday, October 13; the hour 8:00 p. m.; the place, the City Hall — and be there.

Mountain Roads Impassable

All those contemplating hunting trips are warned to be very careful of the section they may pick out to hunt in, for the mountain roads are said to be virtually impassable (or impassable). The Lolo Trail roads from Pierce, either through the Musselshell or Rhodes creek are reported as impassable; the Fog mountain road is reported in a like condition, and doubtless nearly all the others are in a like condition, although no reports have been received. So, be very, very careful, and if you plan on going anyway (on an off chance) be sure your equipment contains plenty of mud fighting tools.

How the cars and trucks who went in early will get out is a matter of conjecture. Only time will tell.

Brings In Real Melon

Joe Piper, who lives at Agatha, and who is well known throughout this section as a raiser of "dainty watermelons," brought a little dinky one (so he said) to the Gazette office Wednesday.

This little beauty weighs just 60 pounds, even! Measures 4 1/4 inches around the middle the short way, and 5 1/4 inches around the middle the long way.

This rather puts in the shade the melon the Lewiston Tribune made such a fuss about, which weighed some 50 pounds.

Last year Joe plucked one from his vines that weighed a mere 76 pounds! But he said he had to have that one for seed!

We suggest that if the Lewiston Tribune wants to see a melon really worth crowing about that they contact Joe Piper.

Lydia Southard Released

Boise, Oct. 6—More than half of the convicts who asked clemency at the October meeting of the Idaho pardon board were denied.

A summary today showed the board turned down 46 applicants, pardoned or released 40, continued 14 cases and granted 90-day respites to four prisoners.

A six-month probationary release granted Lydia Southard, notorious as Idaho's so-called "Bluebeard woman," provided the most interest. She had served 20 years of a 10-years-to-life sentence upon conviction of poisoning her fourth husband.

Installing Fountain Service

F. B. Higley, his store employees, Otto Schupfer and a refrigeration service crew have been quite busy the past few days installing a big fountain in the Kendrick Table Supply (Higley's). This fountain, the one that formerly served the Meca Cafe in Lewiston is a large one (24 feet long) and has 12 upholstered swinging chairs. Compartments are provided for the storing of 16 different kinds of ice cream, in addition to a "soft ice cream" maker, which is also a part of the equipment.

Mr. Higley also purchased seven tables and booths, and these will be placed on the balcony in the store for fountain service. In addition, a phonograph will be installed, and dancing permitted at certain times. The plan also calls for florescent lighting on the back bar, above the fountain and on the balcony. The whole, when completed, will indeed present a fine appearance, as well as being a utility.

Mr. Higley also purchased all the shelving and equipment from the Virg's Food Store, installing this equipment in his own store. The refrigeration from this store now forms a part of his fountain and bottle cooling equipment.

A new meat slicer has also been put in as part of the equipment to be used in the preparation of cold lunches accompanying the fountain service.

Leave For Hunt

Everett Fraser and sons Wallace and Arthur left Friday about noon for the wilds on a big game hunt. There destination is not known, but said to be somewhere in the Cook Mountain country.

NORTHWEST WHEAT MARKETS SHOW WEAK TONE

Pacific Northwestern wheat markets, both cash and futures, developed a weaker tone during the week ending October 3, according to the United States Department of Agriculture. Cash wheat values declined across a Portland were down 1/8c to 1 1/8c per bushel compared with the previous week. An extremely dull demand from all classes of buyers featured the cash wheat market during the period, with resulting very light trading and movement of cash grain. This was reflected in the wheat receipts at Puget Sound and Columbia river terminals for the week, where only 378 cars were received, the lightest weekly receipts for the season to date. Lack of export flour business in volume and only moderate domestic demand has made for light operations of mills lately, with some mills closed down and others working only part time.

Export flour business to the Philippines under the indemnity plan was mostly lacking during the past few weeks. Sales to the Americas were slightly better but still comparatively light. Indemnity payments remained unchanged. Some feed wheat business was reported lately but this has consisted mostly of rain damaged supplies at discounts under quotations for top quality grain. Movement of wheat by rail to the Midwest has practically stopped for the present. All these factors made for a very quiet cash wheat situation in this area, and while offerings by growers at country points were only moderate, they were ample for current market needs. Wheat millfeeds are holding very firm at recent steady advances.

Good progress was made toward completion of the belated harvest and threshing of grain, but some remained to be done as the week closed. Seeding of winter grain made considerable progress in areas where harvest had been completed. Grain already sown was germinating well with the soil generally amply moist for good germination.

Cash wheat bid prices at Portland on October 3 showed soft white at 95c; the same, except Rex wheat not applicable at 98c; white club 99 1/2c; western red 99c; ordinary hard red winter at 92 1/2c per bushel, all basis No. 1 grade in bulk. Cash wheat quotations at Seattle on October 3, showed soft white at 90c, soft white (no Rex) at 97c, western red at 97c, hard red winter at 91c.

The San Francisco wheat market was dull with a somewhat easier tendency during the past week, influenced by declines in Northwestern markets, together with slow local demand. While light offerings from central California growers tended to hold declines in check, prices were around 2 1/2c per 100 lower compared with a week ago. Bay region mills reported only a moderate flour business and interest in wheat for feeding purposes also slackened because of declines in other feed grains. Offerings met but little interest except supplies which could be purchased on a country warehouse receipt basis. Offerings from Intermountain states were relatively light but Pacific Northwestern shippers were more inclined to press for sales than in other recent weeks.

In Europe, generally good rains have been favorable for plowing and seeding of winter grains, and crops in most sections are expected to obtain a good start. Trade reports indicate that many countries are planning to increase their acreage in wheat. Harvesting of this year's crop has been completed except in a few late sections.

Return — No Luck!

The hunting party made up of Bud Gephart, Herman Byer, Alvin Weichman, Lloyd Brown and Bud Heffel, returned home at 2:00 a. m. Wednesday morning, empty handed, which is something new for that group. They report being forced out by deep snow and bottomless roads, there being about 30 inches of snow on Rocky ridge, and 36 inches at Bald Mountain.

The party followed out a government snowplow.

Bud Gephart stated that there were many cars and pickups in that country broken down or damaged — and that unless the weather soon changed for the better, many of them would probably be left there for "the duration."

"I Wanted Wings"

Today, with the newspapers full of speed, and planes, and youth, and the draft, "I Wanted Wings" is a very appropriate title for this week's offering at the Kendrick Theatre. The picture stars Veronica Lake, Ray Millard and William Holden.
It is a thrilling story of the training of America's birdmen, told against the background of an exciting tale of adventure and romance, made with the complete cooperation of the Army Air Corps at Randolph, Kelly and March fields.
In addition the usual comedy and shorts will be shown.

EDITORIAL

Well, Folks — Seems as if it just can't keep from raining. While the Republicans had charge of the weather some 10-days ago they really did a swell job — but the Democrats, feeling that they were being "shown up" "pulled the strings" and again took charge — and just look at the mess they've made of it. Why conditions are so bum, even in the hills, that the hunters rigs just can't get it! "Now ain't that something!" Seems to me it's about time for the Republicans to move in again, but you never can tell. The Demos are so wound up in red tap and so-called civil service that it's hard to tell just what may happen. Anyway, come what may, we are still in the market for that cream and still have locker boxes to rent. See us today on both counts!

Student (to farmer): "Do insects eve rget in your corn?"
Farmer: "Yes, but we just fish 'em out and drink it anyway."

Courtship makes a man spoon —but marriage makes him fork over!

Wife: "Jimmie did you enjoy the bachelor dinner last night?"
Noble: "Oh, yes, rather slow affair, though."

Wife: "And who were the bachelors named Alma and Kattie who wrote their names on your shirt bosom?"

Kind Lady: "Poor man, and are you married?"

Beggar: "Pardon me, madam! Do you think I'd be relying on total strangers for support if I had a wife?"

Dreams never come true until we wake up.

Rain — And More Rain

Starting Saturday it has seemed as if the Rain God, "Jupiter Pulu-vius" had decided that the warm dry weather had lasted long enough and more moisture was in order — so it started raining Saturday morning, and really poured during Saturday night.

Sunday it cleared off a bit — and the sun shone briefly, but no rain fell.

Monday night he again opened the spigot, and rain has been falling intermittently ever since that time.

Just what the effect will be on the beans is hard to say — but it certainly won't do them any good.

It is said that a few odd fields of small grains are still standing, but on the whole those crops are in the warehouses.

Some few, of course, have threshed their beans, but the majority of that crop is still out, some cut, some standing, and whether they can yet be saved is something that only time can tell.

DOINGS OF SOUTHWICK NEIGHBORS AND FRIENDS

Mrs. Harvey Bales and son of Grangeville spent from Thursday until Sunday with her parents, Mr. and Mrs. Neils Longeteig.

Everyone is busy nowadays, working when the sun shines, trying to save their beans. There are still lots of them standing.

Mrs. Thena Gehre of Kellogg spent the week-end here, visiting in the Given and Carl Mustoe homes.

Hank Bleck spent Sunday in the Weye Weyen home.

Henry Tschantz and Stanley Hepler flew to Walla Walla on Sunday. Earl Harris left Saturday morning for Hermiston, Ore., where he has employment.

Mr. and Mrs. J. W. Henderson were Sunday dinner guests in the Clarence Henderson home.

Dick Benjamin visited in the Roy Martin home Sunday.

Everett Newman, Alice Benjamin, and Jim Whittinger were callers on Cream ridge Sunday afternoon.

Mr. and Mrs. L. J. Southwick, Mr. and Mrs. Daymon Schneider and Mr. DeHaven were dinner guests at the Howard Southwick home Sunday.
