Well, Folks — Christmas is almost upon us, and this year the snakey Japanese and Adolph Hitler's goose-stepping legions have taken from millions the joy that should be theirs at the Yule season. It is our sincere hope that when another Christmas season rolls around our boys in uniform will be home again, and that peace will rule again during the Christmas season.

However, folks, we have a job to do, a job that may take years, for the rights of man to peace and happiness must again be established on this earth.

Risining prices are sure to come again, but to the man with a herd of cows and plentiful supplies in one of our locker boxes, they mean less than to many others. Remember, we want to buy your cream, and your nation needs the butter and cheese it will produce.

So bring it to us, get your cash and let us do the rest. We even return a steam-sterilized, ready to use can. No waiting, no fuss, no bother. Try us.
