KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JANUARY 22, 1942

NO. 4

## WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

The new Community hall on Big Bear ridge was dedicated last Saturday evening with a literary program and pie social. A crowd numbering approximately 200 attended from various parts of the surrounding country, many taking advantage of the fine sleighing to drive from a considerable distance. After a most enjoyable program, given by members of the literary society, the pies were auctioned off by Sheriff Woody and brought over \$40.00, which was turned into the building fund of the hall. Sandwiches, cake and coffee were also served.

L. E. Bradshaw sold his 23-acre tract of land, north of town to A. J. Mounce of Lewiston, the deal having been closed this week. The land is located on the Nez Perce side of the Potlatch, about a mile from Kendrick. Mr. Bradshaw has moved to one of the Freytag houses in town.

All cold weather records for 1922 were smashed this week when the thermometers took on sub-normal temperatures and the mercury dropped from 10 to 20 degrees below zero—according to whose thermometer it happened to be. About 3:00 o'clock Thursday morning seemed to be the lowest temperature period of the cold snap, when an old reliable thermometer registered 18 degrees below in Kendrick. Most of the plumbing in the houses in this section was not put in to withstand such extremely cold weather, consequently blow torches have been in great demand and the electrical pipe thawing equipment of the local light company has been doing good service.

The roads have been most favorable lately for wood hauling and for this reason, combined with the fact that the price is around \$8.00 a cord, there has been much more wood burned this year than usual.

Mrs. L. J. Herres received first prize in the guessing contest put on by the Grand Theatre last Saturday night. There were 3,877 beans in the jar and she guessed 3,879. The other three prizes were awarded to Theo Hanson, Harold Hanson and Mrs. Hanson and Walter McCrea, the last two named having guessed the same number.

Jesse Hoffman returned Saturday from Nez Perce, where he attended a meeting of the Nez Perce County Mutual Fine Insurance company. The regular election of officers took place at this meeting, all the old officers being reelected. Mr. Hoffman is secretary and treasurer of the company.

Prosecuting Attorney John Nesbit and Sheriff John L. Woody were in Kendrick on business the first of the week.

J. M. Woodward of Leland went to Lewiston on business Tuesday. Mr. and Mrs. Frank Wilken and family, Mr. and Mrs. Jim Helton, Herbert and Leonard Wolff and Norman Rowley attended a dance at the Wm. Zumhoffe place last Saturday evening.

Walter Thomas left the first of the week for Spokane to attend a hardware dealers' convention.

Linden Items—Ed. Darby, who has been very sick at the home of his brother at Crescent, was reported some better yesterday. Miss Carrie Allen spent Saturday at the Starr home. C. McPhee came out from the Meadows Sunday. Miss Eva Smith and Mrs. J. P. Alexander left Monday to spend a few days with Leah and Anna Smith in Lewiston. Mrs. C. H. Fry gave a canning bee last Tuesday. Miss Collin and Cleve McPhee returned to Long Meadows Sunday. Elmer Keeler and family were visitors at the Gus Farrington home Sunday.

Cameron News—Mrs. H. E. Wessels, Mrs. H. Flomer of Genesee and Mr. and Mrs. Carl Lohman and family ate dinner at the H. Blum home Sunday. Mr. and Mrs. A. H. Blum and family, Mrs. H. E. Wessels, Mrs. Henry Flomer, Misses Ida and Martha Silflow and Otto Silflow were callers at the Carl Koepf home on Saturday evening. The time was spent in playing cards. At 10:30 a delicious lunch was served by the hostess.

Big Bear Ridge News—Miss Cleobel Ingle has returned to Clarkston after having spent the past two weeks at home. Otto Alber has gone to Moscow, where he will undergo an operation for appendicitis. Bernard Jones went to Lewiston Saturday, where he is under a doctor's care. Edwin Forest, who has been seriously ill with pneumonia, is slightly improved. Miss Marie Kleth spent last week with her sister Mabel in Kendrick. The result of the Christmas seal sale on the ridge was \$10.55. Miss Alma Aas of the Taney school sold the largest number of seals of any pupil in the four districts.

Pioneer Association To Meet The Latah County Pioneer Association will hold its mid-winter meeting at the Odd Fellows Hall in Moscow, Saturday, January 31, 1942. There will be a covered dish dinner at 12 o'clock, noon. Each one should bring a covered dish and sandwiches, and their own dishes. Coffee and cream will be furnished.

There will be a program at 1:30, consisting of an address by Dr. C. J. Brosnan of the History Dept. of the University; community singing, singing of old time songs lead by Prof. Beecher of the U. of I., some other musical numbers and other entertainment. There will be old time relics, photographs, etc., on display. Come and enjoy yourself.

All who have lived in this vicinity for more than 30 years are pioneers.

## Take Pride In Your Community

When pride leaves a community, prosperity generally goes with it. We might keep this fact in mind in Kendrick and make plans for a general clean-up and spruce-up when spring begins to open. The man who has no pride in his surroundings possesses little ambition to advance in life. For that reason he does not become one of those energetic boosters and producers who are the making of a community.

Let's make 1942 a year of pride in our homes, and in our people, and our agricultural and commercial activities. Pride may come before a fall, but it is a fact that it also serves to keep many a fellow on his feet. It is not too early to begin to think of these things and plan ahead, therefore being ready to go to work when the time comes.

## LOCAL GIRLS INJURED IN CAR CRASH NEAR SPOKANE

A car full of happy week-ends met with near disaster Monday morning about 1:30 o'clock near the Spokane end of Spangle's Main street when the '41 convertible Buick driven by Monty Kestell of Spokane slid from the road on the turn and crashed into an electric light pole.

Mr. Kestell had brought the following girls here to spend the week-end at their homes and at the homes of friends: Mary Havens, Betty Boyd and Marion Schupfer, and their guests, Elaine Simmons and Lucy Collins, all of whom are business college students in Spokane.

It seems all the occupants of the car, with the exception of the driver, were sleeping when the accident occurred, which proved a lucky thing for them, as muscles were relaxed.

The light at the far end of the Spangle street being out, Mr. Kestell failed to see the turn in the road soon enough, and as he turned sharply to take the left fork, the icy roads and fog were against him, his car slid sideways from the road, over the bank and the rear end struck the light pole, breaking it off, badly damaging the rear of his car, and facing the car about in the direction in which it was traveling.

Mary Havens, Betty Boyd and Elaine Simmons were asleep in the back seat. They had removed their shoes and were wrapped in blankets to keep warm. Marion Schupfer and Lucy Collins were in the front seat with the driver, also asleep, and minus shoes.

The impact was of such force that the door was forced open, throwing Marion Schupfer from the front seat into the snow, and Betty Boyd from the back seat forward against the windshield and then clear of the car some 10 feet into the snow. When the group revived the motor on the car was still running and the lights on, but the loss of shoes proved a real handicap to the group when help came, as all were barefoot and unable to locate their footwear.

Betty received a severe cut on the back of her head, another on her forehead, a fractured nose, black eye, and severe bruises about the mid-section.

Marion was lucky, receiving only severe bruises on her legs, and a good shaking up.

Lucy Collins received many cuts on her face from glass, and had her left eyebrow partially cut away.

Monty Kestell escaped with a deep cut on the forehead.

The other two girls were fortunate enough to come out with nothing more serious than bruises and a severe shaking up.

The group were rushed to Sacred Heart hospital at Spokane, where all were examined and given treatment. Betty Boyd and Lucy Collins are still in the hospital, receiving treatment for their injuries.

Mr. and Mrs. E. P. Roberts drove to Spokane early Monday morning to see Betty and the other girls, returning home that evening.

## Former Resident Passes

Hundreds of friends in Lebanon and Corvallis were stunned and grieved by the sudden death last Thursday night of Dr. John S. Burns, who two weeks earlier had completed one year of service as minister of the Lebanon Presbyterian church before going to Portland for a major operation. He died in Providence hospital at 10:30 p. m., after showing signs of recovering from his illness. At his side were his wife and two sons.

Services were held Saturday afternoon from the Presbyterian church, with Rev. Sheldon Price of Portland and Rev. M. Stocker, former pastor of the Albany Presbyterian church, both close friends of Dr. Burns, officiating.

Dr. Burns was a member of the Masons and the American Legion, and an American flag was draped over the casket.

Dr. Burns was born April 2, 1886, at Kendrick, Idaho. He was a graduate of Hanover college, Hanover, Ind., in 1908 with a B. A. degree, and received his theological training at McCormick seminary in Chicago and Auburn seminary in New York.

In the World War Dr. Burns served as chaplain with the 90th division in France and later in Germany during the occupation. He was married at Hanover, Ind., June 28, 1911.

Dr. Burns will be remembered by many of the old-time residents of Kendrick.

## P-T. A. PROGRAM MONDAY EVENING IS INTERESTING

The Kendrick P-T. A. met at the school house Monday evening of this week, and heard one of the most enjoyable programs of the year.

Following the reading and approval of the Minutes and Treasurer's report, L. W. Mason introduced Miss Jane Renfrew, who is taking Mrs. Harris' (nee Helen Sharp) place as Home Making instructor.

Next, Mrs. L. D. Crocker, president of the local organization, introduced Mrs. Jepson, president of the district P-T. A. and Mrs. Sembler, president of the Webster (Lewiston) P-T. A., both of whom gave short talks.

L. W. Mason announced that the Girls League would sell Infantile Paralysis buttons about town. Also announcing that the Hot Lunch program was going nicely, but was in need of meat for soup making, and asked any who are butchering, and who have suitable meat they might care to give, to bring it to the school.

The organization also voted \$25 to purchase a davenport for use in the Home Making room.

The winner of the "White Elephant" prize was announced as Margaret Cook who was awarded an old-fashioned stiff collar.

Mrs. Marvin Long, program chairman, requested Mrs. Jepson to lead the group in community singing, which was greatly enjoyed.

Mrs. Long then read a paper on "What Would You Build Into The World When Peace Comes?" Emphasizing Freedom, Truth, Courage, Love of the Land, Simplicity and a Sense of Humor. Mrs. Long also announced that the Girl Scouts were busy in Red Cross work, knitting an afgan.

Mrs. Sembler then gave a brief talk comparing the Webster P-T. A. and that of Kendrick, emphasizing how much more we got from a meeting due to our acquaintance with each other.

Mrs. Jepson also spoke briefly on "The Purpose of the P-T. A."

All then adjourned to the Home Making room, where refreshments were enjoyed. This was followed by a showing of the picture "Criminals Are Born."

## Daylight Saving Starts Feb. 9

America will go on daylight saving time Feb. 9 to conserve electricity for the titanic war effort.

President Roosevelt signed a daylight-saving bill Tuesday, and at 2 a. m. (local time) on Feb. 9 the clocks will be turned ahead an hour for the duration of the war.

Although the bill applies only to interstate commerce activities and the federal government, it is expected to be observed by most of the nation.

Mr. Roosevelt advised congress last July that the federal power commission figured there would be a saving of 736,282,000 kilowatt-hours of energy annually by putting the nation on year-around daylight saving time.

The bill signed was similar to that enacted during the first world war and Presidential Secretary Stephen Early said it had the same objective of "greater efficiency in our industrial war effort."

## Gasoline Prices Pegged

Washington, Jan. 20—Retail dealers in all grades of gasoline received notice from Price Administrator Leon Henderson today that their prices must remain at or below the level of last November 7, or a price ceiling will be imposed.

The warning was contained in a letter to producers, refiners and marketers of petroleum products clarifying price questions on petroleum and a list of specified petroleum products which temporarily are pegged at the Nov. 7 level.

While gasoline sold at service stations, curbside pumps, marine service stations and other retail outlets was not formally included in the list of affected products, Henderson's letter said:

"It must be understood, however, that these prices should remain substantially at or below Nov. 7 levels. If they do not, a formal order will be promulgated placing them under full control."

## Floyd Candler Writes

San Francisco, Jan. 14, 1942  
Dear Friends:  
Thank you for sending the Gazette. I have received several copies, but believe I better give you my new address, the last one being sent to Camp Grant, Ill., finally caught up with me at Moffet Field, Calif., where I was sent with 61 others here to go to a Medical Detachment Special Service school for which I will be sent back to Moffet Field Air Corps Basic Flying school, to which I am attached.

Thanks again for the paper.  
Sincerely,  
Floyd Candler.

## Papers To Soldiers

We wish to inform our readers that it will be impossible for us to send papers to anyone but those in the armed forces, free of charge, and then only to those whose homes are within the Kendrick trading area.

We have had some requests from those outside the Kendrick trading area and some who are employed by contractors on government work. While we would like to be able to send it to everyone, the high price of everything that goes into the making of a paper—even a small one—forbids it.

## Weather Plenty Chilly

This week's dosage by the weather man could be classed as almost ideal, for during the day we have had bright sunshine — and during the night plenty of chill, the thermometer dropping lower and lower each night from its high last Thursday, to a scant 9 above Tuesday night.

We still have almost all of our snow, with the exception of the steep south slopes, and there is probably an average of three inches on the ground.

All are well pleased, however, since this kind of weather is almost ideal for logging and other woods work, and farmers can get about their barn lots and feed yards without yawning in mud six inches deep.

So, if you haven't been contacted for a Red Cross donation, or feel that you can afford to give again, please leave or send your contribution to Mrs. Cook or leave at the Farmers Bank.

Update Red Cross contributions in Kendrick amount to \$293.25.

## Matt Kazda Writes

Jan. 12, 1942  
Kendrick Gazette  
Dear Friends:  
Just received your last paper this morning and am always glad to get it, but as I have finished school here and am moving to parts unknown Friday, the 16th, I'll have to have you postpone your paper until I can give you a new address.

I see that you are having about the same weather as we have here, plus some snow. Warmer now, however.

Well, here's adieu for now, with best wishes for prosperity in the coming year.

## DOMESTIC WHEAT PRICES CONTINUE UPWARD TREND

Advances in wheat futures prices at important midwestern markets were reflected in higher prices at Portland for the week ending on January 16, according to the U. S. Department of Agriculture. Cash wheat prices here advanced around 4c per bushel for the period on the principal classes of wheat, as compared with a week ago. Higher prices were principally attributed to very light offerings rather than any marked increase in demand. Inquiry for cash wheat remained light at coast terminal markets and was limited mostly to special qualities for immediate needs of mills. Light marketings were indicated by receipts of only 317 cars of wheat for the week at Puget Sound and Columbia river terminals. Trade reports indicated that requirements of mills were being supplied in part from terminal stocks as the result of the small marketings by growers at country points. Movement of wheat from this area eastward by rail slackened materially, according to trade reports, and only moderate amounts were moving to California.

Domestic flour business was reported as fair but export flour sales under the indemnity plan were reported light. Mill operations in the Northwest were considered as rather light and future grindings were uncertain as to volume. All of these factors made for a rather dull situation in the cash wheat markets of the Northwest as the period ended, despite the advance of prices for the week.

Cash wheat prices at Portland on January 16 showed as follows: Soft white \$1.01 1/2; soft white, with Rex not applicable \$1.03; white club \$1.04; western red \$1.03 and hard red winter \$1.02 per bushel, basis No. 1 grade in bulk.

The San Francisco wheat market strengthened somewhat, influenced by advances in other markets, together with light local offerings. While current demand was not especially broad, prices averaged around 2 1/2c per 100 higher to new high points for the current crop year. Mills reported a fairly active demand for flour and showed somewhat greater interest in current offerings. Demand for wheat for feeding purposes also showed some improvement as a result of lighter offerings of feed grains. Wheat quotations at San Francisco on January 16 showed California grown No. 1 hard white at \$2.10 to \$2.13 per 100 in bulk.

Wheat prices continued on the upward trend at Kansas City, adding 2c more to recent gains and raising values to the highest levels in more than four years. The market remained highly sensitive to varying trends in price control discussions in Washington, moving rapidly and sharply whenever definite outcomes were indicated and lapsing into inactivity when the discussions became routine. No. 2 hard red was quoted at Kansas City January 16 at \$1.24 to \$1.26 and No. 2 soft red winter at \$1.25 to \$1.29 per bushel.

Wheat was up 2c per bushel at Minneapolis for the week. Wheat receipts were moderately large at that market with flour business active the fore part of the week and mill demand for cash wheat was good. While offerings of C. C. stocks ended to dull the situation a little, premiums averaged steady at about last week's levels.

Severely cold weather continued over the principal winter wheat growing states but most areas had fair to good protection. A few sections, including northwestern and western Ohio, central and northern Indiana, central Illinois, most of Missouri and southeastern Kansas were inadequately covered. The warmer southwestern portions of the wheat belt, growth was halted and some frost damage was possible, but the extent had not yet been determined at the middle of the week.

Severe weather continued over most of Europe. Snows helped protect winter crops but were inadequate in many sections and some damage was feared. Prospects for winter wheat were generally below average in continental Europe, according to trade reports. In the Balkan states, sub-zero weather prevailed, but crops were protected by good snow cover.

Revised goals for farm production in 1942 substantially larger than the record goals anticipated in the fall of 1941 were announced by the Secretary of Agriculture, January 16. The goal for corn was increased five million acres in order to have sufficient grain to continue the expansion in meat, dairy and poultry production. In order to expand supplies in certain areas and provide storage space for new wheat, arrangements are being made to re-lease government owned wheat for feeding at prices comparable with corn.

To increase production of fats and oils the goal for soybeans is raised to nine million acres and flaxseed to 4 1/2 million acres. To encourage this production, price and loan supports will be employed.

## Bridge Club Entertains

The ladies of the Afternoon Bridge club entertained their husbands at a 6:30 dinner and bridge party at the W. L. McCree home Wednesday evening of last week, with Mrs. L. W. Mason, Mrs. R. L. Blevett and Mrs. W. L. McCree as hostesses for the evening.

Following dinner the game was played at five tables, high scores for the evening going to L. W. Mason and Mrs. W. L. McCree.

## Parents Of A Son

Word has been received in Kendrick from Mr. and Mrs. Carl Seifert, now of Seattle, of the birth of a son to them, January 15, 1942. The little chap has been named Carl Fredrick, Jr.

Mrs. Seifert will be remembered here as our public health nurse.

It Was During Just Such Trying Times As These That Benjamin Franklin Said:

**"Gentlemen, we all must hang together, or we surely shall hang separately!"**

And today, as during Benjamin Franklin's day, this nation is engaged in a mighty struggle for its very existence, and again: We must hang together, or we shall surely hang separately!"

Our life today, it is true, is not the simple, closely knit affair that it was in those days. Things that our ancestor never dreamed of, and had they had them, would have called such items the greatest of luxuries, we of today call an absolute necessity.

The babies of this generation may almost be said to "cut their teeth on the steering wheel of a car!" Electric refrigerators have kept their milk sweet and sanitary; electric washing machines have kept their clothes clear — but with the great war effort now taking rubber, aluminum, tin, bronze, and many other metals it's up to us to "learn to walk again," and to do without many of the things we have always considered necessities.

As we become more dependent on one another in our own communities closer bonds, closer co-operation will result — so why not begin now discovering what a really fine fellow the home-town merchant is. You'll find him more than willing to serve you — more than willing to make every effort to get you what you need if it is not already on his shelves. The conservation of rubber and machinery is a big item these days, and you'll find it doesn't cost nearly so much, or take as much time, to come to Kendrick as it does to drive to other trading centers.

Let's all cooperate in the war effort, not only with conservation of needed materials we may now possess — but by the purchase of National Defense Bonds and Stamps.

Let's "All hang together instead of separately!" Buy it in Kendrick!

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

W. A. Watts and Mrs. R. L. Blewett drove to Lewiston Monday.

Mrs. A. O. Kanikkeberg left on Thursday morning for Spokane, where she will witness the "Capping" ceremony at the Deaconess hospital. Her daughter, Miss Myra, has been promoted to the Sophomore class and receives her cap. Thirty-one students are to receive these caps.

Mrs. Harris (nee Helen Sharp) left Wednesday morning for Boise, where she will join her husband. They will make their home there.

Miss Jane Renfrew of Moscow came Sunday to replace Mrs. Harris in the High School Home Making department. She will stay at the Ira Havens home.

Mrs. Wade Keene left Wednesday for Uniontown to spend several days at the home of her daughter, Mr. and Mrs. George Jones and daughter.

Clara Mattoon accompanied Mr. and Mrs. Clarence Johnston to Lewiston Friday.

Mr. and Mrs. Noah Ricketts of Peck were week-end guests in the Oscar Raby home.

The Perry Mattoon family were dinner guests in the Wm. Mattoon home Sunday.

Rev. Roy Murray, Rev. Clark Smith and Mrs. Edgar Long left Monday for Kennewick to attend a Missionary District conference of the Methodist church.

Joe Nicklosky and Reggie White, employed by Potlatch Forests, spent the week-end at their respective homes.

Mr. and Mrs. Roy Edward Thompson and son of Moscow spent Sunday here at the home of his uncle, Mr. and Mrs. E. A. Deobald.

**Win Another Game**

Tuesday evening of this week the Kendrick Tigers journeyed to Southwick for the fourth of their conference games, and when the smoke of battle had cleared away they were on the long end of a 20-27 score.

This was the fourth conference game of the season played by the local boys — they having won two and lost two — standing .500.

**Girl Scouts Elect Officers**

The Girl Scouts met last Tuesday afternoon at the home of Mrs. Marvin Long. Officers were elected for the ensuing term, as follows: Margaret Cook, president; Barbara Stedman, secretary; Jeanne Flaig, treasurer; Patty McCreary, reporter.

As an added war effort the girls decided to collect tinfoil of all kinds, and containers will be furnished by the girls and placed in stores.

**Grange Card Party**

The Kendrick Grange dispensed with the usual business meeting on Tuesday evening of this week and devoted the time to playing pinochle, fourteen tables being in play.

When "the smoke of battle had cleared away" it was found that Roy Glenn held high score for the men; George Smith second high and Claude Jones low. Mrs. A. O. Kanikkeberg high for the women; Mrs. Wilber Corkill, second high; Mrs. Fred Bailey, low.

All adjourned to the banquet room where refreshments of sandwiches, pickles, cake and coffee were enjoyed.

**Basketball Game Be Broadcast**

The University of Idaho and Washington State College basketball teams renew their traditional rivalry on the court at Moscow this coming Friday evening, January 23, and again at Pullman, Wash., Saturday evening, January 24.

Associated sportscaster Rod Klise will be at the microphone of Station KRLC, Lawiston (1420 kilocycles) to give the play-by-play description of the Friday night game, commencing at 7:30 p. m.

**Farewell Supper**

A no-host, no-hostess supper was enjoyed in the Home Making room Monday evening, when the faculty gave a supper honoring Mrs. Harris. She was presented a lovely toastmaster by the group, with all good wishes for her future happiness.

**Tonsillectomies**

Dee Shepherd of Troy had his tonsils removed at the office of Dr. Christensen Monday morning.

Mrs. Ray Christensen of Southwick had her tonsils removed Wednesday morning.

Both cases are getting along nicely.

**GOLDEN RULE**

John E. Pavel and Agnes B. Knez, Ahsahka, were married in Orofino on January 12. Our community wishes them the best of everything. We thought "Nig" had made about enough trips. They will make their home here on Mr. Pavel's ranch.

Mrs. Oscar Laurence visited Mrs. Carl Finke Tuesday.

Daymon Schneider went to work at Big Island on Wednesday.

A number of friends gathered at the home of Mr. and Mrs. John Pavel Wednesday evening and gave them a "tin can serenade" with all kinds of noise makers. After the "program" visiting, candy and cigars were enjoyed.

Mrs. Oscar Laurence spent Wednesday with Mrs. Abner Cowger.

Mrs. Glen Betts visited Mrs. Carl Finke Friday.

Among the Lewiston visitors on Saturday were Mr. and Mrs. Carl Finke, Mr. and Mrs. Lloyd Ware, Mrs. W. A. Cowger and son Frank, Donald and Margaret Christensen and Adella Betts.

Miss Ethel Cowger, who has spent the past month in Seattle, returned home Saturday.

John Westgate spent Saturday night and Sunday with R. S. Betts.

Miss Elvy spent the majority of last week and the week-end at the Roy Martin home. They have been attending the revival meetings on Cream ridge.

Carl Finke is logging above Orofino.

**CRESCENT CLIPPINGS**

Gloria Swanson stayed with her sister, Mrs. L. A. Watson, of Southwick, from Monday until Wednesday of last week. Mrs. Watson has been laid up with a bad fall.

(Delayed)

Miss Gladys Woody went to Spokane Saturday. She phoned home on Sunday to say Claude is getting along pretty well now.

Kenneth Woody was at home over the week-end, suffering with a severe cold. He returned to Lewiston Monday morning.

A week ago Mrs. Elsen of Rogersberg, Wn., visited her parents, Mr. and Mrs. John L. Woody.

Mrs. Perry Mattoon went to Lewiston Saturday with Mr. and Mrs. George Davidson. The Mattoon family then spent the evening at the Davidson home.

Mr. and Mrs. Perry Mattoon and family were dinner guests at the Walter Benscoter home Monday, the occasion being Priscilla's seventh birthday anniversary.

Abner Corkill of Troy called at the Geo. Havens home Sunday, Annie Corkill spending the afternoon with Dora May.

Walter Bigham was a Friday evening visitor at the Geo. Havens home.

Mr. and Mrs. Henry Brammer spent Monday morning with their daughter, Mrs. Geo. Havens and family.

Miss Lorraine Woody ate dinner with Clara Mattoon Sunday.

A week ago Mr. and Mrs. Glen Hansen and two boys from Potlatch visited at the Henry Brammer home. With them were Mrs. Hansen's mother and brother, Mrs. Sipme, and Mr. Hansen's father and brother, all from Montana.

On Sunday evening Mr. and Mrs. Carl Lehman of Kendrick and Mr. and Mrs. John Schultz of Montana were callers at the Brammer home.

Mr. and Mrs. Harry Langdon and son Larry drove to Kendrick Wednesday evening to dine with Erma, Buddy and Joe. It was the nearest they could get all their family together to help celebrate their silver wedding anniversary.

Marion Groseclose is still riding after his cattle, as he hasn't been able to find all of them.

Rev. and Mrs. A. R. Fike came over from Moscow Sunday morning in time for Sunday school. They were guests at the John Lind home.

Wm. Reece has been in our community recently buying cattle and hogs. He purchased a cow from Wm. Groseclose, one from John Lind and some hogs from Anna Harless.

Marie Preussler started back to school on Tuesday, after an absence of two or three weeks, due to illness.

Asa Choate hauled an old saw mill boiler from Wm. Groseclose's to Lewiston and sold it for scrap iron. It made a good load for the truck.

Miss Laura Sewell is still here part of the time, spending part of her time at home now as her mother has gone to Los Angeles to visit her mother-in-law. Her son, Wallace, went with her and they drove in the car.

Still Another Double Feature

This week's offering at the Kendrick Theatre will be another double feature.

The first of these is "The Singing Hill" starring that favorite of the wild and woolly west, Gene Autrey, assisted by Smiley Burnette and Virginia Dale.

The second picture will be "Mountain Moonlight," starring America's favorite Hill-Billy family, the Weaver Brothers and Elviry.

Neither one of these picture needs the slightest introduction, since all are familiar with stories and plays of this type. Sufficient to say, these features are said to be the latest of their kind.

In addition the usual cartoon will be shown.

**EDITORIAL**

Well, Folks — Don't seem to be much of anything new to talk about these days except the weather (and that's always new as well as old) but as Mark Twain remarked: "Everybody talks about the weather, but nobody does anything about it." So that's one subject we can pass over lightly, despite the fact that these nights are just plenty cold. But seriously folks, it's time to rent a locker box now, and conserve that meat you are preparing at this time. Don't wait; don't let alternate freezing and thawing ruin it, put it in one of our cold boxes — and when you bring in or call for meat — bring in a can of cream and take home the cash for it. Cream is one crop where there is no "over-supply, no lack of market quotation" — it's cash on the barrel head with us!

The gal who marries a sailor with the hopes their ship will soon come in, often gets nothing but a raft of kids.

Gob: "I'd like shore leave, sir, I want to surprise my wife."  
Officer: "Who with?"

Diemaker Dave says his new girl is so fat he spent a whole evening hugging her before he found out that he only had a hold of her arm.

"You said Freddy was a no-account, even when he went into the army — well, he's already been promoted from K. P. to A. W. O. L!"

Binks: "You don't seem to think very much of Jim."  
Skinks: "Say, if Jim had to have his conscience taken out he wouldn't even need a local anaesthetic!"

### Leland School Notes

Semester tests were given last week and cards for the third period given out on Wednesday.

The boys' and girls' basketball teams met defeat at the hands of the Southwick teams last Wednesday afternoon at Southwick.

Mrs. Tyson treated the students last Tuesday to a special dinner she had prepared.

Mrs. Wolff donated some soup stock for our lunches this week.

Mrs. Wayne Kuykendall has been very kind in donating daily a gallon or more of milk to supplement the canned milk we have. This has made it possible for us to have hot chocolate more often than otherwise, since our allotment of canned milk was cut considerably this past month.

The following students have had perfect attendance for the entire first semester: Ray, Dorothy and Keith Thornton, Neal Walker, Clinton Smith, William, Cleo, Elroy and Richard Kuykendall, Lawrence Hunt, Junior Hudson, Evelyn, Warren and Alfred Locke, George Smith, Dixie and Peggy Stump, Jewell Fleshman, Howard Wolff, Buddy and Betty Parks, Luther Parks and Hermina Meyer. In addition the following have had perfect attendance for the third period, which ended January 16: Barbara Silflow, Stanley Smith and Kathleen Crawford.

# \$1000 A PAIR!

Of Course Not

But in all the World's Shoe Stores Even \$1000 a Pair Won't Buy Work Shoes with Soles, Uppers and Insoles of Genuine Shell Horsehide Unless They Would Be Stamped ...

## WOLVERINE SHELL HORSEHIDES

NO OTHER WORK SHOES IN THE WORLD MADE LIKE THEM

IF you want the utmost in work shoe comfort and durability, don't just ask for shell horsehides. Demand Wolverine Shell Horsehides. There's a world of difference. Wolverine's secret triple-tanning process retains all the wear-defying super strength of shell horsehide, yet makes it soft and flexible as buckskin. That's why Wolverines feel like house slippers while you work... even dry that way after soaking. That's also why they give you months and miles of extra wear that cuts your work shoe bills way down. Why not come in and see for yourself... soon.
