KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JANUARY 29, 1942

NO. 5

WHAT HAPPENED HERE 20 YEARS AGO THIS WEEK

From Juliaetta Record — The recent cold snap has furnished some fine ice from Pottlatch creek, most of which is about eleven inches in thickness and of a very good grade. Jack Heacock of the Heacock Confectionery has put up about 20 tons; William Fields of the Juliaetta Meat Market has stored away about 32 tons; Tom Fox, Herb Millard and Fred Nye are putting up about eight tons. They are using the ice house at the home of Mrs. M. A. Perryman for the purpose. None of those putting up ice so far, intend selling it in the summer, as we understand, but intend to keep it for their own use.

Cushman K. Davis of Juliaetta and Arlene Schneider of Myrtle were united in marriage at the court house in Lewiston, Wednesday. Probate Judge Woelfen performed the ceremony.

About 200 people from the surrounding country attended the dance last Friday night at the new Community Hall on Big Bear ridge, several sleigh loads going from Kendrick. Music was furnished by the Kendrick Orchestra. Everyone pronounced the affair a grand success. It was the first dance held in the new hall. One of the pleasing features of the evening was the splendid lunch, served by the dance committee.

E. H. Dammarell and Rev. Pickering went to Spokane Thursday to attend a Methodist conference.

According to plans outlined at a meeting of stockholders of the Kendrick Theatre company, held last Tuesday night, Kendrick will soon have one of the best equipped and most up-to-date theatres of any town of its size in the state. The required amount of stock to complete the building and equip it has been subscribed and the company incorporated. For the past two months there has been a plan on foot to purchase the building next to the Kendrick State Bank, formerly used as a garage, have it rebuilt and used as a community hall and picture theatre. Twenty-five hundred dollars was subscribed for stock and G. G. Oldfield of Spokane agreed to put in his up-to-date theatre equipment, which is now in Cheney, Wn., and take stock for the appraised value of the equipment. The company is being incorporated for \$5,000. Following is a list of stockholders of the company: Theo. Hanson, Martin Thomas, E. E. Bechtol, G. F. Walker, Ralph Knepper, Frank Ellis, Walter Thomas, Jody Long, A. Wilmot, Harold Thomas, Louis Peterson, Walter Bigham, B. N. Emmett, E. W. Lutz, E. P. Atchison, G. G. Oldfield, Frank Chamberlain, Leo C. Raaberg, A. K. Carlson, R. D. Newton, Schunfer & Deobald and Leslie Roberts. Directors chosen are: A. Wilmot, Jody Long, G. G. Oldfield, E. W. Lutz and Ralph B. Knepper.

Motor signs recording the number of miles to the nearest hospital have been found effective in New York state in checking speeding. It has a sinister suggestion that is not lost on the motorist. As he puts mile after mile between him and the hospital, he reflects how inconvenient an accident would be.

Signs of Spring—Moscow and Pullman are again starting their annual building of a surfaced road between the two towns.

Ben Callison won the prize at the Moscow poultry show last week for the best and largest exhibit of Rhode Island chickens. He was the only one from this section who had a prize-winning exhibit at the show.

A. K. Carlson and Harold Thomas went to Moscow last Saturday, where they played for a dance that evening.

The jury list for the ensuing year for Latah county was drawn this week by the county commissioners. Those from Kendrick precinct are Harry G. Stanton, Wm. A. Watts, George Carlson and Warney May.

Leland Items—Mr. and Mrs. Bob Draper are the proud parents of a baby boy, born Friday, January 20. At the rate wood is being hauled into Leland during the past week, there will be no danger of a wood famine on this ridge. Claud Craig is buying most of it.

Big Bear Ridge—Mrs. Kate Galloway is spending the week with her daughter, Mrs. Chas. Bowers. Mr. and Mrs. Rufus May and children were Sunday visitors in the Will Whybark home. Edwin Forest is recovering rapidly from a severe attack of pneumonia. John Galloway made a business trip to Moscow Wednesday. Miss Bertha Klath is spending the week in Spokane.

Linden Items — A few friends gathered at the Foster home Saturday evening for a little music. It was greatly enjoyed by all. Bud Harris and family, Alba Longfellow and family spent Sunday afternoon with Mr. and Mrs. Shingler. Mrs. A. W. Longfellow was a dinner guest in the Lyons home Sunday. Ramie Hunt, who hurt one of his feet some time ago, is not able to be around time yet. Mrs. J. P. Alexander returned from Lewiston Monday, where she had been visiting with Leah Smith, who is still very poorly. Mr. McPhee was out from the Meadows the first of the week.

Circles Meet — Last Friday afternoon three different circles of the W. S. C. S. held their first meeting since the reconvening of the members. The different hostesses entertaining were the Mesdames Roy Ramey, L. W. Mason and Wm. McCreary, who entertained in their respective homes. The time was spent in sewing, followed by refreshments.

Stable Sugar Prices Set

Responsibility for keeping stable the price of sugar to American housewives rests with the nation's retailers.

Leon Henderson of the OPA, has advised local OPA's that the imposition of maximum sugar prices at the wholesale level enables retailers to acquire their supplies at no advance over pre-war prices.

AMERICAN RIDGE PIONEER MATRON PASSES AWAY

Mrs. Fannie Roberts, pioneer resident of the American ridge section since the early 80's, passed away at the Moscow hospital Thursday morning of last week, the immediate cause of death being a ruptured blood vessel.

Mrs. Roberts had been in ill health for the past year or more, and was taken ill for the last time early last week. She was taken to the Moscow hospital Tuesday. Mrs. Roberts was 84 years of age at the time of her passing.

Mrs. Roberts was born Frances Elizabeth Herbert, in Cuba, Fulton county, Illinois, November 19, 1857. She was united in marriage to Albert N. Roberts in Cuba, Illinois, on July 23, 1874. In the spring of 1875 they joined with a group of other pioneers and moved westward to a settlement in Kansas, where they resided for seven years.

On April 27, 1882, they joined a train of covered wagons containing 16 adults and 20 children, and started on the long, long trek to Idaho, arriving on American Ridge, July 19 of that same year. The Roberts' had two children who made the trip with them.

The family lived in a tent the first 17 months, while Mr. Roberts worked on the railroad being built into Colfax. They returned to American Ridge and homesteaded a farm in 1883. This farm was the home of Mrs. Roberts until her death.

Mrs. Roberts is survived by two daughters, Mrs. Ressia Helm, Troy, and Mrs. Lena Parkins of Myrtle; four grandchildren, Mrs. Alpha Procuier, Montie and Eldon Helm of Troy and Mrs. Thelma Cheuvront of Culesac. Great-grandchildren are Roberta and Gerald Procuier.

Some 50 years ago Mrs. Roberts was baptised, the ceremony taking place at Dutch Flats, above Troy, and united with the Bethel Methodist church, of which she was still a faithful member at the time of her passing. She was the senior member of the missionary society of that church and always ready to help with the Red Cross and other benevolent endeavors. Her most recent work of this nature was the making and giving away of a quilt at the last Troy Community Day, with the proceeds being given to the Troy hot lunch program.

"Fannie" Roberts, as she was called, was a friend to everyone and all who knew her were friends of hers. Her birthday anniversaries and Christmases brought showers of cards and gifts which she enjoyed very much.

Funeral services were held Saturday morning at 11 o'clock from the Short Funeral Chapel at Moscow, with the Rev. Carroll Fairbanks delivering the funeral sermon. Mr. and Mrs. Clifford Smith, accompanied by Hall Macklin, sang "No Night There" and "Gathering Home."

Pall bearers were William Chaney, Walter Q. Taylor, Ed. Condel, Henry Kilde, Frank Dygert and Raymond Harland. Burial was in the Moscow cemetery beside the body of her husband.

Mr. Roberts preceded her in death some 14 years ago, and with Mrs. Roberts' passing one of the last of the early homesteaders on American ridge has said farewell.

One of Mrs. Roberts' favorite poems was Alfred Lord Tennyson's "Crossing The Bar," and in her honor we reprint it.

Sunset and evening star,
And one clear call for me!
And may there be no moaning at the bar,
When I put out to sea.

But such a tide as moving seems asleep,
Too full of sound and foam,
When that which drew from out the boundless deep,
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark.

For tho' from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crossed the bar!

8-8 Bridge Club

On January 15 the 8-8 Bridge club was entertained in the home of Mr. and Mrs. Marvin Long. A dainty dessert was served by the hostess, after which bridge was played.

Mrs. Norla Callison and A. O. Kanikkeberg received high scores. Mrs. Vero was an invited guest.

On January 26, Mr. and Mrs. Silvie Cook entertained the club, and following a delicious dessert, the game was played at four tables. Mrs. Norla Callison and A. O. Kanikkeberg receiving high scores.

Harold Thomas Named Justice

Harold Thomas of Kendrick was appointed Justice of the Peace for Precinct No. 3, by Latah county commissioners at their session in Moscow Monday. He replaced Chas. A. Biddison, who resigned because of ill health.

ANNUAL MAGPIE CAMPAIGN TO BEGIN FEBRUARY 1ST

Civic and sportsmen's organizations in all cities, towns and villages of this state were invited by James O. Beck, director of the Idaho Fish and Game department to participate in the annual magpie eradication campaign, scheduled to get underway February 1.

This year's campaign is beginning earlier than last year's because of the large increase in the predators noted last fall.

From February 1 to April 15 the Game Department will pay a bounty of 3 cents a head on every magpie killed. From April 16 to July 1 the bounty will be 2 cents.

Last year 36 civic and sportsmen's organizations joined in the campaign and bounty was paid on more than 151,000 magpies. It is the hope of the Department that this figure can be doubled or trebled during the coming months.

Surveys conducted by Conservation officers and Federal agencies reveal that magpies cause considerable damage to young domestic poultry, upland game birds and migratory waterfowl. Another complaint against this winged predator is registered from cattle and stock growers during branding season, when the birds mutilate the markings.

To facilitate bounty payments on the heads only it is requested that participating organizations pay the bounty to the individuals and in turn bill the Game department for their expenditures.

Upon completion of the campaign, organizations that have participated must file sworn affidavits with their claims, certifying the exact number of heads on which the bounty has been paid and must attach receipts for payments to the affidavits.

Department Conservation officers have been instructed to assist in the campaign in every way possible.

For the convenience and use of interested parties, a pamphlet outlining several practical and inexpensive methods that can be used in the control work, including a blueprint of a trap that has proven successful, has been prepared and anyone wishing a copy may obtain one by writing to the Idaho Fish and Game Department, Boise, Idaho.

This year, as last, heads of magpies killed may be turned in to Marvin Long, who will see to it that the bounty money is paid.

Clive McPhee Passes

Word was received late Tuesday in Kendrick of the passing of Clive McPhee, pioneer of the Cedar ridge section.

Mr. McPhee had not been feeling well for about ten days, but Tuesday stated that he was feeling much better, and worked about his place that morning, and at noon ate a substantial meal. About 2:00 p. m. he complained of feeling "stuffy," his mother, who made her home with him, applied home remedies, and he apparently felt better. A little later he again complained, and Dr. Christensen was called, but Mr. McPhee passed away of heart failure shortly after his arrival.

No further details are available at this time, but we hope to have them for our next issue.

Cold Wave Finally "Breaks"

The cold wave that has held this section in its clutch for the some weeks, beginning January 1, to be exact, has apparently finally expired, for on Thursday afternoon of last week definite signs of thawing showed up. On Friday the thermometer rose even higher, to 42 degrees to be exact. Saturday a real old-fashioned chinook wind arrived and snow began to disappear like magic. Sunday the wind was gone and bright sunshine made its appearance, the thermometer climbing to a high of 53 degrees.

Monday the temperature was not quite so high, but rain continued the work of cutting the snow, and with the exception of a few north side banks it is now almost gone.

Light freezing every night has retarded snow disappearance, but also retards any field washing.

Annual Meeting Held

The regular annual meeting of the stockholders of the Farmers Bank, Kendrick, was held in the offices of that institution Tuesday of this week.

At the election of officers and directors all were re-elected, to succeed themselves.

A dividend of 5 per cent on the stock of the institution was voted. The reports plainly show that the year just closed was the best in the history of this institution. A fine growth was shown in every way, and all are to be congratulated on this excellent showing.

Balcony Work Progressing

Work on the big balcony in the Kendrick Bean Growers store building is making rapid progress under the hands of M. C. Halliday and Paul Lind, aided by employees of that organization, and it is hoped to have it nearly completed by the end of this week.

When finally ready for use this balcony will make a worthy addition to anyone's store. It permits a much larger stock of merchandise to be carried and displayed under the one roof.

Slide Delays Train

A dirt and rock slide on the tracks of the N. P. railway, about three miles this side of Troy, caused the noon train bound for Lewiston to be about three and a half hours late. It met the Spokane bound train here in Kendrick.

WHAT'S GOING ON IN THE KENDRICK SCHOOLS

The members of the Kendrick F. F. A. chapter added funds to their treasury over the week-end by sawing and cutting wood for Warney May, on American ridge. The Future Farmers, their advisor, Marvin Powell, and Harry Benschoter, sawed and split 14 cords of wood, for which they received \$2.50 per cord, or \$35.00. Half of this sum has already been used as the final payment on the prize-winning purebred Duroc Jersey gilt, Miss Pottlatch Ace, which the chapter purchased last fall at the Latah County Fair. This hog (due to farrow in March) is now in the care of Ray Benschoter, who will return the sow and two gilts to the chapter. The rest of the money, with more to be added, will remain in the treasury in establishment of a Chapter Loan fund.

The Bookkeeping class is working on a project of a radio dealer's business, during a complete fiscal period.

The Girls League held a farewell party for Mrs. Harris. Several numbers were given by the members. Betty Halseh sang "I Love You Truly," Leona Wilson gave a reading and Davida Craig sang "At Dawning." This was followed by a clever game, in which Jean Crocker read a short story, supplemented by song titles, played by Jane Peters, which fitted into the story of Mrs. Harris' life. The League presented Mrs. Harris with a linen set. Delicious refreshments were served by the committee at the close of the afternoon.

The Senior class spent Saturday in Lewiston, having their pictures taken.

LaDonna Galloway and Joyce Lyons made an average of 80 words in a one-minute speed test in Typing II, and Betty Halseh made an average of 57 words in Typing I.

We regret the departure of Mrs. George, the health nurse, who leaves February 1, for Washington, D. C., where her husband has employment.

We had another of the National Assemblies programs, featuring the National Champions. Their remarkable performance on various instruments was enjoyed by everyone.

Two films: "Argentina" and "The Western Pines" were shown to the Social Science classes last week.

The Kendrick Tigers defeated the Juliaetta team 29-11 last Friday in a conference game. Ossi Kanikkeberg was high point man, scoring 14 for Kendrick. The Kendrick B squad lost to the Juliaetta B squad 29-19.

Grade News

Three first and second graders have not been absent or tardy the first semester: Roger Jones, David Crocker and Buddy Holt.

The boys and girls in the first and second grade room are saving money for the Red Cross. We have a jar we are trying to fill with pennies, nickles and dimes.

Kendrick Wins Another

The Kendrick Tigers won another of their conference games in play against Culesac (conference leader) Tuesday evening in the local gym, in a game game marked by rough, fast play, and plenty of fouls on both sides, Kendrick losing one man and Culesac two, etc. the final whistle sounded.

The score by quarters is as follows: First, Kendrick 8, Culesac 6; second, Kendrick 22, Culesac 16; third, Kendrick 37, Culesac 25; fourth and final, Kendrick 48, Culesac 33.

Ossi Kanikkeberg, Donald Fry, Lloyd Israel, Walter McCall and Stanley Kuykendall formed the opening and main string players.

Substitutes used were Fraser, Teddy Deobald and "Porky" Fry. Kendrick has now won four of six conference games played.

The Kendrick "B" squad also won from the Culesac "B" squad by a score of 29-19.

Bear Ridge Evening School

The Bear Ridge evening school group met at the Community hall on Thursday evening. Sixteen members were present and discussed the "Feeding and Management of Poultry," under the direction of Marvin Powell, Vocational Ag. instructor.

The next meeting will be tonight (Thursday, Jan. 29) at 7:30 p. m. The topic will be "Improvement of Dairy Herds." Everyone is invited to attend.

New Arrival

Mr. and Mrs. Virgil Harris of Southwick are the proud parents of a baby son, born January 26, at the home of Mrs. L. S. LaHatt. The young man tipped the scales at 7 1/2 pounds.

Grange Meeting

The regular business meeting of the Grange will be held Tuesday, February 3 at 8 o'clock. Grange members please be there and bring cards and tables.

Receives Word From Husband

Mrs. Sid LaHatt received a telegram from her husband stating briefly that they had arrived safely at Honolulu.

Notice Of Meeting

A Red Cross meeting and election of officers will be held at the Bear Ridge Community Hall, Monday evening, February 2, at 8:00 o'clock.

Returns From Hospital

John L. Woody drove to Spokane Sunday, and brought Claude Woody home. Claude underwent a serious operation for brain tumor some weeks ago and is now getting along nicely. It will be some time, however, before he will be up and around again.

All will be very glad to learn of Claude's return home and fine progress at recovery.

FOUR BOYS IN SERVICE WRITE THE GAZETTE

Henry Wittman Writes
Moffett Field, Calif.
January 18, 1942

Dear Friends:
I wish to thank you for the copies of the paper. I surely enjoy reading the news from home. I was like most of the boys here, we had planned on being home for Christmas, but they cancelled all the furloughs, and over the holidays we were not allowed passes off the Field. However, if we expect to win this war, we will have to stand some hardships, and do lots of things we don't like.

I am lucky that I am in the Air Corps, that I have a more or less permanent station and don't have to move around like some of the other boys. I think that the U. S. Air Corps will play an important part in this war.

We do not feel the effects of the war here too much. So far we have had eight blackouts. The first one was pretty tough, but we got organized and it don't bother us now.

One thing that I can say is that if the rest of the army is like this Field we have a real army. The most of them are young fellows but they are full of fight and have plenty of nerve.

I would like to send you some news, but it is against regulations. "Don't Talk" is the by-word, and I think it is a good policy.

Again I wish to thank you for sending me the Kendrick Gazette. I remain,
Henry Wittman

Judson I. Lee Writes

San Diego, Calif.
January 22, 1942

Dear Friends:
Gee, whiz, it seems that about all I do anymore is move around from one place to another. Only about three months ago I wrote of my change of address, but here I am again. Of course I have nothing to say about how often I move, because orders are orders and I have to obey them.

I graduated from Dental technician school on January 12, and shortly afterwards I received my orders for duty in the Marines. I arrived here at the Marine Corps base on the 19th, and I must say I didn't get a very warm welcome. It seems there are no vacancies here, and they don't need me very badly. I hope to get in the grind tomorrow, however.

I suppose you and everyone else are wondering what we fellows in the service think about the situation we are now facing. It seems to me that most of them were very happy to see it come in order that we can free the world from such things as soon as possible. Personally, I was glad to see it come because of the disunity of the people before the outbreak of the war. This disunity would eventually have done more harm than the war. Now everyone is aiming toward one goal — we know it will come out fine.

I will be looking forward to receiving the Gazette here at the Base very soon. Hello to all and thank you.

Just a sailor,
Judd Lee

Jay Mills Writes

Sheppard Field, Texas
January 19, 1942

Dear Editor and Friends:
Thanks a lot for the Kendrick Gazette. Even though it arrives here the following Tuesday it's one of my greatest pleasures to read about what's being done and taking place in and around that good little town of Kendrick.

Sheppard Field is a new camp, all completed except for four airplane hangers which will be finished by the first of February. There are somewhere between 35,000 and 50,000 here now, with more coming every day. It really is a nice camp and a good location, although I just can't get used to dust storms this time of the year. It's hard to beat old Idaho for year-round weather. Maybe I'm just a little home sick, but we all have our jobs to do these days.

My job and that of many others is to learn to be air mechanics, so you folks back home raise all the food you can and we'll do our part to "Keep 'em Flying!"

Thanks again for the paper.
Sincerely,
Jay Mills.

Wayland Davis Writes

San Diego, California
January 23, 1942

Dear Mac:
Well, here is my address. We arrived here yesterday about 2:00 o'clock in the afternoon, and received our shots and our uniforms. We have very nice grounds, and very good rules to go by to keep them that way.

Well, Mac, tell everyone "Hello" for me and that I'm having a good time.
Sincerely,
Wayland L. Davis

Tonsillectomy

Mrs. Henry Reil had her tonsils removed Tuesday in the office of Dr. D. A. Christensen.

ALL MEN MUST SERVE AMERICA — THEIR COUNTRY

"Men seeking to avoid military service by inadequate claims of essential occupation or dependency" will find little sympathy from Selective Service," Brig. Gen. M. G. McConnell, state director, said today in serving notice that some registrants are attempting to use a deferred status to hide selfish motives.

"While it is imperative that there be no disturbance to the field of production or to the essential economic life of this country," Gen. McConnell emphasized, "we are involved in the grim business of war. It is a war to protect the interests of American families, and the families of America must be willing to make some sacrifice in the interest of their country."

Commenting on the main concern of Selective Service, he went on to say, "The objective of the Selective Service system was and must remain that of attempting to place or leave each registrant where he can perform the greatest service for the nation. We must first determine the number of men and women necessary to do the things which must be done to bring victory, and then help locate each person where he or she will make the greatest contribution. If it be in helping to produce the weapons of war, we want him in the factory. If he can be of the most service producing food, we want him on the farm. If he has dependents at home who require his support, he should stay home."

"However, in our efforts to keep our production machine and social structure operating smoothly and efficiently, we cannot afford to forget for a moment that these must be protected by adequate armed forces."

To this end it was explained that all local boards have been urged to examine carefully all claims for deferment so that men who are eligible to serve in the armed forces shall fulfill their rightful obligation.

About Kendrick Folk

Mr. and Mrs. Ernest Roberts motored to Moscow Wednesday morning, where they met their daughter, Betty, bringing her home for a few weeks' convalescence, following her release from Sacred Heart hospital at Spokane. Frank Roberts, who has been visiting in Moscow, returned home with them.

R. L. Blewett was a Lewiston business visitor Wednesday of this week.

No Sugar Shortage Likely

"There is no sugar shortage in this country, nor is a shortage of this commodity likely to occur in America in the future, so far as we can foresee." This is the assurance given by J. W. Thompson, vice-president in charge of sales of the Utah-Idaho Sugar company of Salt Lake City. He further said: "The present inability of some housewives and others to make normal purchases of sugar for immediate delivery is the result of an O. P. M. order issued last month. This order regulates the distribution of sugar on a monthly quota basis to prevent hoarding or excessive withdrawal of available stocks that might otherwise occur. Shortages resulting from the regulations, which are apparent but not real, should be cleared up in a very few days."

"With warehouses filled with sugar from the factory campaign just concluded in Utah, Idaho and other sections of the west, present stocks are ample for the current year for all essential military and civilian needs. Any curtailment of imports from overseas areas now involved in the war, such as the Philippines, can partially be met from the expected substantial increases in domestic beet sugar production in 1942. Imports from other areas can also be increased, if necessary, to provide all the sugar that is needed for this country."

It is surprising how many people can tell you what is the matter with other people, without knowing what is the matter with themselves.

Still Another Double Feature
This week's offering at the Kendrick Theatre will be another double feature.

The first offering of the evening will be Clarence E. Mulford's story, "Wide Open Town," starring William Boyd (Hopalong Cassidy) assisted by Russell Hayden, Andy Clyde and Evelyn Brent. This story of the days when the west was really wild needs no further introduction to lovers of western films.

The second offering will be Dorothy Lamour and Jon Hall in "Aloma of the South Seas." This is another of those fine pictures in technicolor. It is replete with songs, dances and music of the southern seas, as well as action in the form of a volcanic eruption, and earthquake and a tidal wave. It's a picture all will enjoy.

In addition the usual cartoon will be shown.

Things Are Going

UP!

Your dollar buys less today — less food, less clothing, less shelter, less amusement, less of almost everything.

BUT Your Electric Rates Are Lower Than Ever

Electric rates in the Inland Empire, almost alone, have not followed the upward trend of prices. Your electricity today costs even less than ever before.

We, too, have the same problem of increased costs of doing business. Taxes, for example, are \$400,000 a year more. Important materials and machinery are far more expensive — and even at increased prices, sometimes impossible to obtain.

But we want our customers to know that everything possible will be done to keep rates low, to keep service good — and to meet the requirements of Defense, America's foremost task!

When You Think Of Lunches, Soft Drinks, Smokes, Candies, Etc. Think Of Us PERRYMAN'S

Don't Wait-- Do It Now!

Today, more than ever before, conservation is a real necessity, not only of the tires on your car, pickup, truck, tractor, combine, mower, or other farm equipment, but of machinery as well.

In line with requests of our government, and the immense needs of our rapidly expanding national army, the huge plants devoted to the making of cars and trucks are now devoted (or soon will be) to the production of planes, plane motors, etc., and farm machinery production units are busily building tanks, gun carriers, etc.

It's up to us as loyal American citizens to do our bit by making our present vehicles and machinery go further than they ever have before. We believe that all of you realize this need as well as we do and will co-operate to the utmost.

If you know of repairs that need to be made on your vehicles or machinery before the coming of another crop year, we urge you to bring them in now — don't wait. Give us a chance to secure the necessary parts, some of which may take time — don't tie up your machinery when you need it, and perhaps put your neighbor "in the hole" by causing a shortage of parts that may result from some accident, or other unfortunate circumstance.

Bring that car, truck or tractor in today. Don't wait. Not only will it help you but the boys who need guns, tanks, planes and ammunition.

HAROLD THOMAS, Editor

EDITORIAL

Well, folks—The news in the papers and over the radio looks better and better these days — for we are beginning to hear of action by our navy, with more and more Japanese ships going to the bottom — ships which the snakey brown men will find hard to replace. But in our joy over these victories, let's not forget that the battle rests not alone with our boys in blue and olive drab, but with us as well. Those boys must be fed, fed and armed to the teeth. And when it comes to food, butter, cream and eggs, as well as cheese and meat are a necessary part of their diet, and you can help by producing more and more cream, which in turn yields the condensed necessities. So bring in your cream today. We pay cash and the barrel head. No waiting, no fuss, no bother.

Dentist: "I'm sorry, but I'm all out of gas."
Girl in chair: "Ye gods. Do dentists pull that old stuff, too?"

A woman should hang onto her youth — but not when he is driving.

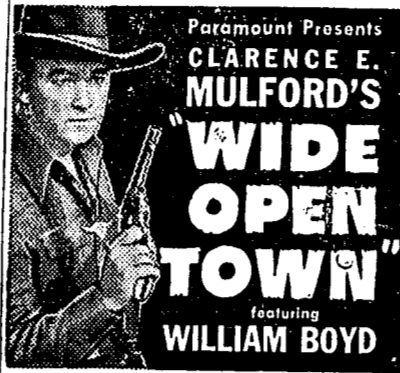

Friend (gazing aloft): "Aren't you worried when you see your husband looping the loop?"
Aviator's wife: "Oh, no. You see, I remove all his loose change from his pockets before he goes up."

Waitress: "How would you like your egg served, sir?"
Diner: "Is there any difference in price?"
"None whatever, sir."
"Then serve it on a thick slice of ham."

Remember, service and cash is our daily aim. Try us.

Turn In Old License Plates
In the call for scrap metal now being made, and as a part of this program the requirement that all car owners turn in old license plates in order to receive new ones, was more than met by two residents of Kendrick, James Emmett and Frank Crocker.

Mr. Emmett turned in old plates from 1916 on, with the exception of one year, a total of 24 sets in all, including in the collection licenses from Oregon and California, as well as Idaho.

Ed Long took Mr. Emmett's plates to Moscow, where the size of the 1916 plates created quite a stir in the Sheriff's and Assessor's offices. In fact, Deputy Sheriff Jordan's picture, holding the huge 1916 plate and one of today, appeared in the Moscow Idahonian.

Mr. Crocker's plates did not number quite so many, there being 22 sets of them — all from Idaho. His

We believe both cases are something of a record.

Women To Play Big Part
More and more women are going to be needed for industrial war work.

That was the word sent to OFM officials from Sidney Hillman, associate director-general of OFM, who revealed that a special series

of studies is being made by the OFM Labor division regarding the future needs of defense plants for qualified women workers and the women available for such work.

"The President's policy of seven-day week operation of war production facilities requires a great expansion of our labor force," Hillman says, "and I am certain that a great many women will be required for industrial work before many more months have passed."
