Attention—KITE FLYERS

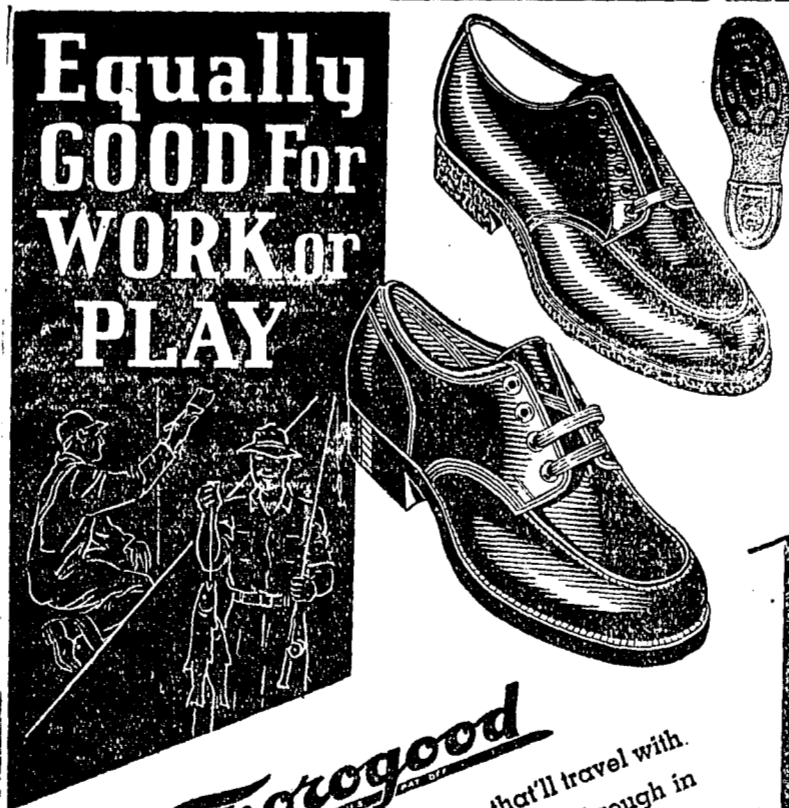

Have Fun
but don't
Have Accidents!

A safe kite flyer never flies his kite near electric wires. He never uses wire or twine that has wire in it for a kite string. He never runs across streets or highways while flying his kite. He never climbs poles or trees to knock down kites caught in wires. These things are dangerous. If your kite becomes entangled in electric wires call the Washington Water Power Company. Have fun, but obey these rules.

Don't fly kites near electric wires. Never run across streets or highways. Never use wire for kite string. Call if your kite gets entangled in electric wires.

C. 485), as amended by the act of February 28, 1925 (43 Stat. 1090; 16 U. S. C. 486), to exchange land for timber of equal value within the St. Joe National Forest, Idaho.
 The applicant offers the following described land:
 NE 1/4 SW 1/4, SW 1/4 SW 1/4, Sec. 12, T. 43 N., R. 2 W., Boise Meridian

Occupational Deferment
 "Any registrant seeking occupational deferment from military service must apply for it through his local board," says General M. G. McConnell, state director of selective service, "and he must be able to prove not only that he is necessary to the functioning of an essential activity in the war production program or other work of national interest, but he must also submit proof that there is no supply from which he can be replaced."
 "No occupational deferment," he advised, "can be made for longer than six months when it must be renewed. Each local board is charged with the duty of keeping constant scrutiny of each registrant it has deferred and of reclassifying him at any time the reason for his deferment ceases to exist."
 Emphasizing that no group or class deferment from military service can be made except by Congress, General McConnell stated that there must be a growing awareness that all deferments are provisional, subject to withdrawal, and given only to serve the national interest.

 It is hard to believe there is any reason for a paper shortage so long as we receive several pounds of public documents every day, pure propaganda, that we do not want, do not read, and which is thrown into the wastebasket every morning. —Eureka Kansas Herald.

Pork Off Stamp List Foods
 The foods available during March to 24,000 persons taking part in the food stamp program in Idaho were announced today by Ray W. Schwartz, area supervisor of the Surplus Marketing Administration of the state of Idaho. The blue stamp foods listed are those obtainable by stamp program participants during March at local food stores.
 Pork has been removed from the list for March because of the sharp advance in prices in the past few weeks. Eggs, however, will continue on the list and will offer a readily available substitute for meat during a time of year when egg production is heavy and prices decline seasonally.
 With the exception of this change, the blue stamp foods for March are the same as those listed for February. The complete list of blue stamp foods, as issued for the period of March 1 through March 31, in all stamp program areas, is as follows: Shell eggs, butter, fresh grapefruit, pears, apples, oranges, and fresh vegetables (including potatoes), corn meal, dried prunes, hominy (corn) grits, dried edible beans, wheat flour, enriched wheat flour, and whole wheat (graham) flour.

Double Bill At Theatre
 Again a double bill will feature the week's offering at the local theatre.
 The first of these is "The Gay Falcon," a mystery-comedy drama in which the hero solves a mystery, falls in love, is mixed up in numerous funny situations, and finally gets it all straightened out. George Sanders and Wendy Barrie, assisted by Allen Jenkins, Anne Hunter, Gladys Cooper and Edward Brophy form the cast.
 The second offering will be that beloved story, known to children and adults alike: "Swiss Family Robinson." A story of adventure as fresh today as when it was written. A story of sacrifices, love and labor. As a picture, it should prove every bit as exciting as the book itself. In addition the usual cartoon will also be shown.
 When little Johnny came home from school the other day and his mother asked him what had happened to his right eye, he said that the boys at recess had been playing "blackout" and he was it.
 An Indiana evangelist has purchased an airplane and will broadcast his sermons to his congregation below through an amplifier. Well, he ought to be able to give them some high ideals.

Help Us To Help Them!

As you probably know we are sending the Gazette Absolutely Free to local boys in the armed forces of our nation. At the present time 35 in number, from New Jersey to the Philippine Islands; and there will be many more!

As you can plainly see this involves considerable expense, especially so when sharply rising paper and other costs must be met.

We wish to continue this gift to our local boys, and you can help us keep this "letter from home" going to them each week by paying your subscription if you are in arrears.

They are giving their all to protect you and yours, so please

Well, Folks — The war situation doesn't look as good as it might, but even so, thousands upon thousands of sneaky, snakey Japs are being made into shark feed by our boys in blue and brown, as well as by our allies, and we suggest that a worthy enterprise for the Spokane Round Table would be "bundles for the relief of sharks," for they certainly could use a change of diet. Brown men must get pretty monotonous as a steady diet.

Well, Folks — That's enough about the war. Just remember, we want to buy your cream and rent you a locker box. Now for the fun:

She: "Do you think I show distinction in my clothes?"
He: "Well, I wouldn't say distinction. I think 'distinctly' would be a better word."

Joe: "I hear your son was dismissed from college because of poor eyesight."
Sam: "Yeah. He mistook the Dean of Women for a co-ed."
Toast overheard at a banquet: "Here's to the land we love and vice versa."
"You can't arrest me," said the haughty youth disdainfully. "I come from one of the best families in town."
"That's all right, buddy," replied the officer. "I'm arresting you for speeding—not for breeding purposes."
Father: "Sonny, I'm going to tell you a little story."
Four Year Old: "Okay, George, but keep it clean; the old lady may hear you."

This taxation business is complicated. Investiture Ceremony
The Girl Scout investiture ceremony was enjoyed by the girls and their mothers last Tuesday afternoon in the Home Economics room at the school house.

Mrs. Marvin Long, their leader, led the group in a flag salute, after which she awarded the "Tenderfoot Badge" to Nellie Fry, Dorothy Davis, Kathryn Brown, Chloe McKeever and Gloria Peeler.

Next badges of merit for girls in the second class rank were awarded as follows: Jeanne Flaig and Erma Langdon, Hostesses badge; Margaret Cook, Handiwoman's badge; Patty McCreary, Cookery badge. Others in the troop, who had not quite finished their work will receive badges at a later date.

Each girl was then called on to tell in her own words, something of the work she had done in earning her badge.

Mrs. Long then gave a short talk on future plans, saying the group would endeavor to work on badges that will be useful in Home Defense work, such as Child Care, Red Cross and Home Safety.

This being the first birthday anniversary of the local Girl Scouts, the idea was carried out with candles.

Mrs. Harry Langdon presided over the tea table, which was very festive with its lace cloth and center piece of pussy willows and moss, surrounded by long white tapers, each of which bore the Girl Scout emblem. Each guest was served tiny individual cakes, each centered with a tiny candle.

A simple but impressive candle-lighting ceremony was the climax of the afternoon's program.

Hostesses for the afternoon were the Mesdames Harry Langdon, Herman Schupfer, Silvie Cook, Harry Flaig, Fred Steadman, Wm. McCreary, W. B. Deobald and C. S. Biddison.

Interest Shown At Meeting
The co-operative cannery-creamery meeting held on the balcony in the Bean Growers building Saturday afternoon was quite well attended, and the signing of "Intention Certificates" made good progress.

However, it was felt that as yet not enough cows to insure the desired flow of cream had been obtained, and committees were appointed to make a personal canvass in this matter, and report as soon as possible. Slightly over 400 cows were recorded, but at least 500 is the aim.

A sufficient acreage of tomatoes is insured for the cannery, but an additional acreage of snap beans is desired. This matter was also put in the hands of a committee for intensive canvassing.

However, splendid progress has been made on the project for the short time organization work has been going on, and it is felt that success is assured.

No definite date has yet been set for the next meeting of the organization.

Pinocle Tourny Ends
Tuesday evening of this week the pinocle tournament, conducted by the local Grange, came to an end. The evening's play saw W. H. Weyen the winner of high score for the men for the evening; Chet Vincent, second high, and Herman Johnson, low. For the women Mrs. Vera Stewart received high; Mrs. Nora Callison, second high, and Mrs. W. H. Weyen, low.

For the entire three-game tournament play Mrs. Vera Stewart was high for the women, and Mrs. W. L. McCreary, second high. George Smith was high for the men, and Roy Glenn, second high.

The two high men and women are scheduled to go to Moscow to play in the district pinocle tournament soon.

At the close of the evening refreshments were served by the hospitality committee.

Work Completed
M. C. Halliday and Paul Lind have completed their work at the Kendrick Bean Growers building, and have moved away leaving in their wake a new balcony for display of electrical goods and furniture, as well as completed rows of 800 bins for the handling of parts for that organization's machinery line.

The whole presents a very neat and attractive appearance, as well as adding materially to the utility of the building.

Painting and the putting away of parts is now engrossing the employees.

Entertain At Bridge
The ladies of the Afternoon Bridge club entertained their husbands at 6:30 dinner and bridge party at the G. W. McKeever home Monday evening of this week, with Dr. and Mrs. G. W. McKeever, Mr. and Mrs. W. A. Watts and Mr. and Mrs. Edgar Long as hosts and hostesses.

At bridge, following the dinner Mrs. D. A. Christensen and R. L. Blewett received high scores, and Mr. and Mrs. W. A. Watts the lows.

Mr. and Mrs. Marvin Long and Mrs. Frank Varo were invited guests.

Have Purchased Home
In a brief note received this week from Mr. and Mrs. E. V. Weeks, they ask for a change of address on their Kendrick Gazette, and also say that they are purchasing a home in Seattle, as a permanent location.

Mr. Weeks is an employee of the Boeing Aircraft company, and evidently likes his work as well as Seattle.

First Big Egg Brought In
While it is about a month earlier than usual for the Big Egg contest to start, Bill Hecht brought a real "sample" of what his hens can do to the Gazette office the other day. If he has hens that can increase the size as the season advances — well, they will be some eggs, and no foolin'.

Came In Like Lamb
March certainly came in like the proverbial lamb, for Sunday was as beautiful a day as anyone could wish, the warm, bright sunshine lasting all day, and followed that evening by a big, bright full moon. Monday and Tuesday were also very nice days, despite the hard, but brief rain storm of Monday evening. Just how March will go out, of course remains to be seen. Only time will tell.

As We See Credit Today
As the price of all merchandise is on the increase, it takes all the cash we can get — and then some — to keep our stock complete.

So when you receive a bill, instead of getting "all riled up" when the mail brings you a statement of your account, you should be genuinely pleased. For the bill is an indication that someone has faith in your honesty.

If you never received a bill, it would indicate that your credit is worthless, and that no one is willing to take your word that you will pay.

CREDIT is the most valuable thing a person can have. Money can be had by various means, but credit comes only from years of honesty, of paying bills when due. When you pay a bill, you are merely being honest.

When you receive a bill, meet it if you possibly can! If you can't, frankly tell your creditor when you can. You will find him more than ready to meet you half way.

Cherish Your Credit, as you do Health and Happiness.
