## SCHOOL HOUSE HAS BUSY AND PLEASANT EVENING

The local school house was the scene of a very busy and pleasant evening Monday of this week, when the Kendrick Commercial Club met there, at the same time a P.-T. A. meeting was going on in the auditorium, and both followed by a P.-T. A. benefit card party.

### Commercial Club

The Kendrick Commercial club held its postponed monthly meeting in the Ag. room of the school house at 6:30 p. m., where, following a delicious dinner served by the girls of the Home Making department under the direction of Miss Renfrew, their instructor, the usual courses of business were followed.

The dinner tables were decorated in St. Patrick's Day design, with matching place cards. The basketball team, and their coach, Ross Armitage, as guests of the club, were seated with the club members.

At the close of dinner Geo. Brocke, club president, called the meeting to order, and the business of the evening was pushed through briskly, to permit club members to join in the P.-T. A. meeting.

Following reading and approval of the minutes and allowance of bills, committee reports were called for.

Tom Long, reporting for the highway committee, stated the WPA project on American ridge was now under way, with eight to ten men employed, and that state aid was expected.

R. B. Parks of the Agricultural committee reported wheat coming through the winter in fine shape, but that there was some winter kill in barley. Mr. Parks stated that the war conditions would undoubtedly cause a severe shortage in farm labor, and that farmers would probably look for aid to local merchants and their help, whenever possible.

R. L. Blewett, reporting for the Scout committee, stated that the crying need of that organization was for a Scoutmaster.

Geo. Brocke, reporting for the Industrial committee, stated that the coming of the "electric eye bean picker" was now assured, and that it would arrive on or before May 1. In the meantime the Kendrick Bean Growers were starting work on a suitable building for its housing. He also stated that the organization of the local co-operative cannery and creamery was progressing nicely, and that final surveys were expected soon.

Wm. Fitzpatrick, reporting for the Education committee, stated that the school year was now three-quarters over, and that all school functions are progressing smoothly. He also thanked the club for their aid and co-operation in presenting the "Reveille Revue."

In the absence of Marvin Long W. L. McCreary reported that game birds had come through the winter in fine shape, and seemed more plentiful than usual. Hope is also held out for more fish plantings in this section.

Marvin Powell, reporting for the P. F. A. committee stated that most of the pig projects were now doing nicely, although there has been considerable disease loss to newly born porkers, apparently as a result of feeding grain that was wet and sprouted last fall, but that condition now was apparently overcome.

The club took no action on the request of Rev. Roy Murray that "Good Friday" be observed in Kendrick, by closing all business houses for one hour, to allow all to attend special church services. Such action, it was felt, was impossible, due to state laws regarding banks, post-office, and other places of business.

Coach Ross Armitage thanked the club for their loyal support of the basketball team in the season just closed, both at home and at tournament play. He also thanked the group for the dinner, and said that in the coming season he hoped to go further than before.

### P.-T. A. Meeting

During the time the Commercial Club was meeting, the P.-T. A. held their regular business session in the auditorium, with Mrs. L. D. Crocker presiding.

Following the reading of the Minutes of the preceding meeting, the following officers were elected for the coming year: Mrs. Hiram Galloway, president; Mrs. H. C. Schupfer, vice president; Mrs. Walter McCall, treasurer; and Mrs. George Brocke, secretary.

L. W. Mason then announced the program for the next P.-T. A. meeting in April. There will be held an open house and a presentation of a grade school opera "The Gingerbread Man," by the first four grades.

Mrs. W. B. Deobald also announced that the seventh and eighth grades will present an opera some time next month.

There was a short musical program presented. Mrs. Harold Thomas at the piano, Noel Thomas on the drums, and Sidney Johnson on the trumpet, giving several numbers. Group singing followed, led by Wm. Fitzpatrick, after which all adjourned to play cards.

### P.-T. A. Card Party

At the card party, following the P.-T. A. business meeting and program, ten tables of pinocle were in play, and eight tables of bridge. At pinocle play Hiram Galloway received high for the men; R. E. Parks, low; Miss Lily Henningson high for the women; Mrs. Thos. McDowell, low.

In the student pinocle games, Vivian Fey received high for the girls; Lois Deobald, low. Lloyd Israel high for the boys; Don Fry low.

## Flowers And Shrubs Blooming

Flowers and shrubs are starting to bloom and leaf in Kendrick, despite the rather chill weather of the past few days (with the exception of Saturday and Sunday). Mrs. George Leith has a very beautiful bed of crocus, and shrubs leafing rapidly, as has Mrs. Harley Perryman, while Mrs. W. L. McCreary has a forsythia starting to bloom. Maple trees are also showing bloom and leaf, Mrs. Hiram Galloway having one in full bloom.

Other signs of spring are the washing of windows in various places of business, and the hardware dealers report a brisk inquiry for paint and kalsomine color charts.

## "THE REVELLE REVUE" PROVES VERY PLEASING

The musical, "The Reveille Revue," presented by the Kendrick High school band under the direction of Wm. Patrick Fitzpatrick on Wednesday evening of last week, proved a splendid entertainment in every way. It demonstrated clearly the progress of the band, under the organization and direction of Mr. Fitzpatrick, as well as proving the capability of Kendrick student musicians.

A fine crowd was present, despite the poor weather and roads, and the program, which follows, was greatly enjoyed by all in attendance: "American Flag Parade," Pronk-Prescott-Wegner Band

"Washington Post March," John Phillip Sousa Band  
During the presentation of the first number, Henry Emery, beloved caretaker of the local school, appeared as flag bearer, dressed in an "Uncle Sam" suit, with high top hat to match, and flanked by the pretty majorettes of the school. Following the number, Davida Craig, yell queen, called for 15-rahs for "Hank" from the house — and got them.

The program then continued as follows:

Selected Whistling Solos .....  
..... LaDonna Galloway  
"Stars and Stripes Forever," J. P. Sousa Band  
"El Capitan March," J. P. Sousa Band

Selected Piano Duet .....  
Lois Deobald and Paula McKeever

"A Gay '90 Revue," Pronk-Prescott-Wegner Band

"Sleepy Time Waltz Medley," Yoder Band

"Floating With the Tide," Ira B. Wilson ..... Grade School Glee Club

"Tis Spring," Ira B. Wilson ..... Grade School Glee Club

"Swingin' With The Scots," Whistler-Hummel Band

"Ciribiribi," Pestalozza Band  
Selected Vocal Solos ..... Joyce Lyons

"Beautiful Blue Moon," Tchaikoff Band  
"Arkansas Traveler," U. Guevara Band

Selected Piccolo Solo ..... Noel Thomas

Selected Vocal Trios ..... Vivian Fey, Betty Halseth, Davida Craig

"Hilltoppers March," Yoder Band  
"On The Field Of Glory March," Brooks Band

"Western March," Richard Band  
Selected Solo (Irish) ..... Wm. P. Fitzpatrick

"Rocket March," Thomas Band  
"God Bless America," D. Bessin Band

"My Buddy" (Solo) ..... Wm. P. Fitzpatrick

Taps ..... Lois Deobald  
The band officers are: Lois Deobald, band master; Paula McKeever, secretary; Louis Lunders, treasurer.

Members of the band are: Bob Benscoter, Dick Benscoter, Ray Benscoter, Ruth Biddison, Eugene Brocke, George Brocke, Jr., Douglas Christensen, Davida Craig, Danny Crocker, Margaret Cook, Charles Deobald, Gay Deobald, John Deobald, Lois Deobald, Ted Deobald, Buford Fairfield, Evelyn Farrington, Jeanette Galloway, LaDonna Galloway, Harry Harris, Sidney Johnson, Clem Israel, Jr., Ossie Kanikkeberg, Bob Lind, Eugene Lind, Maurice Long, Tommy Long, Leonard Lunders, Louis Lunders, Joyce Lyons, Eugene Mattoon, Paula McKeever, Dale A. Miller, Delos Miller, Irene Peters, Beverly Schupfer, Noel Thomas, Gordon Varo, Arlene Ware, Barbara Stedman.

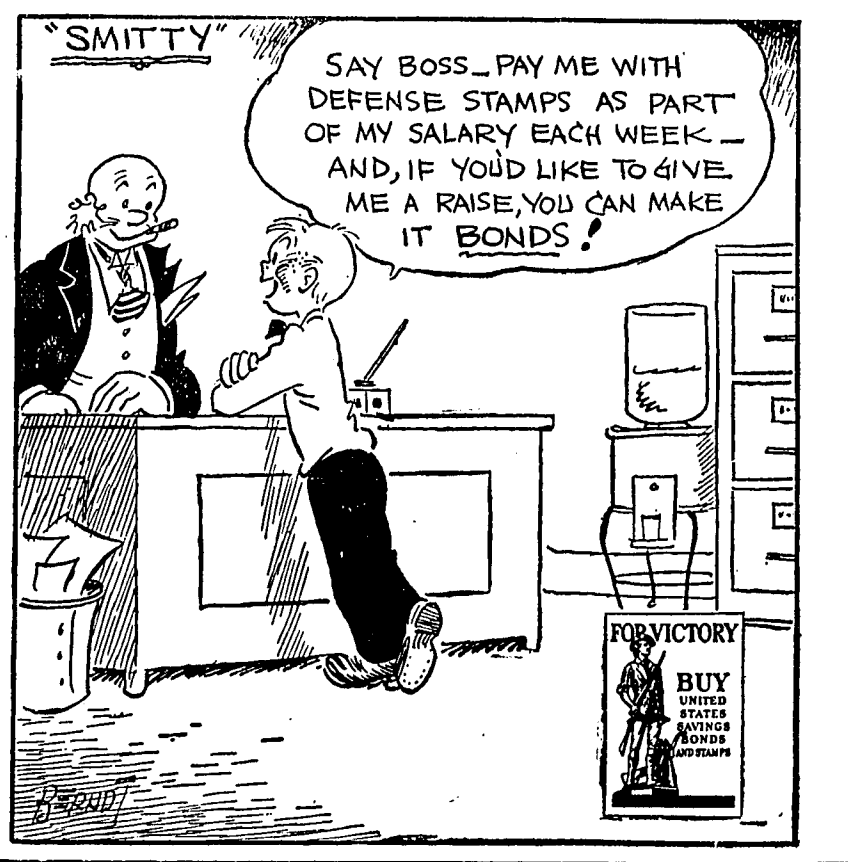

### Death Calls Juliaetta Man

Jesse A. Long, a resident of Juliaetta for fifty years, died at his home in Juliaetta Monday. He was born in Oregon, November 29, 1882.

Surviving are his wife, Rose, and four children, Donald of Garfield; and Kenneth, Zada and Leta, all of Juliaetta. Also surviving are two sisters, Minnie Crull of Walla Walla; Anna E. Lowe of British Columbia; and three brothers, George of Walla Walla; Charles and Roy of Tensed. Two grandchildren also survive.

Funeral services were held on Wednesday afternoon, March 18, at 2:00 o'clock, with the Rev. Franklin Norris delivering the message. Short's Chapel was in charge.

At bridge E. A. Deobald received high for the men; Silvia Cook, low. Miss G. Wolfe, high for the women; Mrs. Anna Varo, low.  
At the close of play a delicious lunch was served by the hospitality committee.  
A silver offering was taken at the close of play, and results were said to be very satisfactory.

## KENDRICK HAPPENINGS OF TWENTY YEARS AGO

Babe Callison arrived Monday from Moscow to visit her father on American Ridge, Ursuline academy is closed this week owing to the fact that a number of the teachers were ill with flu.

Herman Wegner of Asotin visited his parents in Kendrick over the week-end.

Joe Fruchtl of Lenore was transacting business in Kendrick the first of the week.

Work on the new theatre is progressing in a most satisfactory manner. Cold weather has delayed the plastering and cement work to some extent, but otherwise the work is being carried on without interruption. It will probably be the latter part of next month before the building is completed and fixtures installed.

George Davidson was a Moscow visitor Wednesday.

Herman Schupfer heard the wireless station at High River, Alberta, one night this week. He can also distinguish wireless messages as far south and east as Denver.

John Kite took his daughter Mildred and son John to Lewiston on Wednesday, where they underwent operations for the removal of their tonsils.

Jesse Hoffman sold four Short-horn yearlings last week to George Holbrook. They brought \$60.00 each and averaged 950 pound to the animal. Mr. Holbrook said the four head were some of the finest stock he had ever shipped from this territory.

The flu ban, which was placed on the schools and all public gatherings last week was lifted Sunday. School started Monday and again public gatherings are allowed. The ban was put on because of the large number of flu cases in and around Kendrick. Most of the sick have recovered and but a few cases were reported this week.

The railroad company is evidently preparing for high water this spring. The banks of the Potlatch, along the right-of-way are being reinforced with rip-rapping to prevent high water from washing out the tracks. Hundreds of tons of rock have been used for this purpose.

Big Bear Ridge—The little daughter of Mr. and Mrs. Fred Newman, who has been seriously ill, is slowly recovering. Misses Agnes, Opal and Dorothy Jones spent last week at home. Miss Helen Slind returned home Monday, after having spent several weeks with her sister, Mrs. E. Dahlberg, in Deary. Mrs. White of Lewiston spent last week at the A. N. Rogstad home. Ole Lien returned home from Moscow last week, having served as juror in the district court. Miss Bessie Morey is recovering from an operation necessitated by an ulcerated tooth. She recently returned home from the Gruitman hospital, Moscow. Ed. Halseth spent Tuesday at the home of his brother, Pete, near Deary.

Linden News — Miss Elsie Darby, who has been quite ill, is much improved. Mrs. Holt is visiting her parents, Mr. and Mrs. J. H. Hunt. Mrs. H. Hunt and son Ramie spent last week at Deary and Bovill. Mrs. Ida McAllister was at home for a few days during "flu vacation" in the Kendrick schools. Mr. and Mrs. Fred Zimmerman are moving into the Arley Allen house near the sawmill, this week. The Dick Winegardner family are out again after a siege of the flu.

Juliaetta Record: W. C. Johns returned last week from Genesee, where he has been for the past three weeks. He states that the snow in the Genesee country will average a foot deep and that the state highway is impassable on account of drifts in many places. Recently, though, the commissioners had the road opened from Moscow to Lewiston, but the snowfall of the past week has again blocked the road.

### Public Assistance Office Moved

The Latah county office of the Department of Public Assistance, in Moscow, has been moved from the second floor of the City Hall building to the second floor of the Title Building, corner of Second and Main streets, where those interested in that department, may find it.

## New Bicycle Order Issued

The WPB has ordered a drastic curtailment in the manufacture of bicycles in order to save critical war materials. The order will result in the production of two so-called "Victory Bicycles," one for men and the other for women. They will be stripped of all non-essential gadgets and bright work.

Until March 31, manufacturers may produce only a restricted percentage of their previous output. After April 1, they must confine production to the "Victory" models and they must cease production of juvenile models. The manufacture of more adult bicycles is to replace, in part, transportation facilities lost through rubber and automobile shortages.

## WHAT KENDRICK FOLKS ARE DOING THESE DAYS

Mr. and Mrs. R. B. Parks were Coifax visitors Saturday.

Clara Mattoon was a guest in the Geo. Mattoon home in Lewiston Orchards on Tuesday.

Mrs. W. A. Watts was a Lewiston visitor Wednesday.

Mr. and Mrs. Marvin Powell were Moscow visitors Saturday.

Mrs. Stewart Compton and son Richard of Pierce, were visiting at the home of her parents, Mr. and Mrs. N. E. Ware, and with other relatives. She reports that when she left their home in Pierce Saturday, there was a foot of snow in their front yard, and that at no time has the ground been bare since last November.

Mr. and Mrs. Wade Keene had as dinner guests Sunday Mr. and Mrs. John Crockett of Orofino, Mr. and Mrs. Burton Hunter and son of Lewiston, Mr. and Mrs. George Jones and daughter of Uniontown. Mrs. Mariposa Keene and Tom Keene from W. S. C.

Mrs. Lester Crocker worked at the bank two days last week while her husband was suffering with an injured eye. He had the misfortune to get a small piece of emery from a wheel embedded in the eye ball, while working in his shop.

Nolan Weeks, U. of I. student was here Saturday visiting with friends.

Rev. Roy Murray spent the first three days of this week at Nezperce, helping conduct a Leadership Training class.

Mr. and Mrs. Wm. Watts spent the week-end in Seattle, at the home of his brother, Dr. C. B. Watts. Dr. Watts has been called for army duty, and will leave shortly.

Mr. and Mrs. Boyd Cook and family of Lenore were dinner guests in the Paul Lind home Tuesday evening.

Leon Lind, who is teaching at Stites, spent the week-end at the home of his parents here.

Mrs. Paul Lind and Mrs. Bina Raby were Lewiston visitors Tuesday.

Mrs. A. O. Kanikkeberg and daughter Donna went to Spokane on Monday. Miss Myra Kanikkeberg returned home with them.

Mrs. E. E. Sands of Seattle will arrive tonight (Thursday) to spend a week or ten days visiting her sister and family, Mr. and Mrs. W. L. McCreary.

Orville Sparber was a Lewiston business visitor Wednesday.

Miss Wanda Farrar visited in Lewiston at her home Wednesday.

Miss June Davis came down from Moscow Wednesday to visit her parents, Mr. and Mrs. J. B. Davis. Frank Wilken returned Wednesday from a five-day visit at Beaver Oregon, in the home of his son, Milton Wilken and family.

Mr. and Mrs. Ralph Reid left on Saturday for Tacoma, where he has employment.

Mrs. Bertha Beard came down from Moscow Wednesday to be with her sister, Mrs. Eva Perryman, who has been quite ill.

Dave Gentry, John Heath and John Galloway returned home Saturday from a combination business and pleasure trip to Missouri and other points. Dave shipped a carload of horses and mules to that state some weeks ago, accompanied on their trip by John Heath, while Dave and John Galloway made the trip by car. After disposing of the mules in that state, the return trip was made by car. They report a lot of cold weather and storms, but enjoyable just the same.

Jack Bailey spent the week-end at his home here, returning to Portland Sunday, where he is employed in a shipyard as welder. He plans to move his family there as soon as possible.

Dr. G. W. McKeever and L. W. Mason were Moscow visitors Monday, where they attended a county meeting of directors and superintendents of the various school districts. Dr. McKeever was elected vice-chairman of the organization.

Dr. D. A. Christensen and George Brocke were Genesee business visitors Sunday morning.

Mr. and Mrs. Marvin Long were Spokane visitors Sunday morning, returning late Monday evening.

Billy Deobald and Bob Watts, U. of I. students, spent the week-end here at the home of their parents.

Mrs. Ray Minton and children of Kellogg, visited at the home of her parents, Mr. and Mrs. Fred Crocker, last week-end.

John Wallace, Cheney Normal student, visited his parents last Saturday and Sunday.

Mr. and Mrs. George Crocker and son of California, were here last week-end visiting at the Fred Crocker home.

## WHEAT PRICES SLIGHTLY HIGHER IN NORTHWEST

Cash wheat prices in the Pacific Northwest firmed slightly during the week ending March 13, the Department of Agriculture reports. Market strength was attributed principally to the very light offerings from growers, rather than any important demand. Prices at Portland were 1/2c to 1 1/2c per bushel higher compared with the previous week, variations depending upon local supply and demand conditions on various classes and quantities. Trade reports indicated an extremely quiet week in cash wheat trading at Portland. Outlets were confined mostly to the light needs of mills, principally for high quality white wheats for immediate needs. Most mills were reported supplied with ample quantities from former purchases and entered the market only for special lots. Wheat receipts of 486 cars at Puget Sound and Columbia river terminals largely represented shipments on earlier country purchases rather than current grower marketings, which were reported very light. Some moderate movement of wheat by rail to mid-west markets again developed, but the total volume was not large. Flour sales to the Americas under the indemnity plan increased very materially and were the largest since the second week in February. New domestic flour business was light and most mills were working on earlier flour sales. Feed wheat business was light except under the department's sales program. A generally quiet cash wheat market situation prevailed at Portland as the period ended, with slow demand and light country offerings.

Cash wheat bid prices at Portland on March 13, showed soft white at \$1.02 1/2, soft white, no Rex, at \$1.05, white club, \$1.06; western red, \$1.05 and hard red winter at \$1.01 1/2, all basis No. 1 grade in bulk.

The San Francisco wheat market was quiet, with no outstanding changes in the general situation. Demand was light, but offerings were only moderate and firmness in other markets provided an additional steadying influence in that market. Prices held largely unchanged from a week ago. Despite some improvement in crop prospects as a result of beneficial rains, central California growers continued to market old crop supplies very slowly. Mills reported a fair demand for flour, but showed little interest in current offerings of central California wheat, most of which was of poor quality, most milling requirements being placed in Pacific Northwestern markets. At the close of the week California grown No. 1 hard white wheat was quoted in San Francisco at \$1.95 to \$1.97 1/2, and soft white at \$1.92 1/2 to \$1.95 per 100, sacked basis.

Although prices firmed somewhat at Minneapolis with the week's low point, grain markets, with the exception of flax seed, again showed a lagging tendency. The cash wheat market situation at Minneapolis was without special feature. Receipts continued large for this season of the year. Mill demand fluctuated during the week, but toward the close, demand on average quality proved quite steady. The rather good inquiry for diversion point wheat which was apparent last week disappeared as Duluth inquiry dwindled because of inability to charter boat space.

Cash wheat at Kansas City closed firm, at 1/2c higher for the week, with No. 2 hard winter quoted at \$1.21 to \$1.22 per bushel. Present values are 2c to 3c below federal loan values, plus accrued charges. No. 2 soft red winter was quoted at \$1.22 to \$1.26 per bushel.

Winter wheat is beginning to show growth as far north as the central Ohio valley in the east and to Nebraska in the western part of the belt. The general condition of the crop remains good, although some damage from heaving is apparent in southern valley areas. In Texas, drought conditions are becoming worse, and the condition varies greatly from poor to fairly good. In the Northwest and more western states, the outlook continues generally favorable. Because of wet soil, spring grain seeding is still inactive.

The weather continued variable in Europe, with temperatures fluctuating sharply over wide areas. At this time more specific information is lacking.

The Canadian government has announced that the payment for 1942 wheat will be 90c per bushel, basis No. 1 at Fort William and Port Arthur. It is the intention of the wheat board to accept delivery of 280 million bushels, or 50 million bushels more than in 1941. The minimum price for barley will be 60c per bushel, Fort William for No. 2 Canadian Western, and 45c per bushel for No. 2 Canadian Western oats.

The Commodity Credit corporation reported wheat loans through February at 355,933,000 bushels. Loans on 17,905,000 bushels of wheat have been repaid. At the close of February the C. C. C. held approximately 121,249,000 bushels of 1939 and 1940 crop wheat.

**Double Feature Show**  
 Double features seem to have become the rule rather than the exception at the local theatre, and another will be offered this week. The first of these is "The Red River Valley," featuring those three team mates of the western picture: Roy Rogers, George (Gabby) Hayes and Sally Payne. This picture is said to be one of Roy Rogers' best. The second feature of the evening will be "Country Fair," featuring Eddie Fov. Jr., June Clyde and Guinn Williams. This picture combines a brand new slant on politics, with all the fun and action of a county fair, and of course there is plenty of romance and fast action. In addition to the two features, the usual comedy will also be shown.

**NOTICE FOR PUBLICATION**

Serial No. 014032  
 Notice is hereby given that Gustav Olson, St. Joe, Idaho, on February 25, 1942, filed formal application under the act of March 20, 1922 (42 Stat. 465; 16 U. S. C. 485), as amended by the act of February 28, 1925 (43 Stat. 1090; 16 U. S. C. 486), to exchange land for timber of equal value within the St. Joe National Forest, Idaho. The applicant offers the following described land: N $\frac{1}{2}$ SW $\frac{1}{4}$ , SW $\frac{1}{4}$ SW $\frac{1}{4}$ , Sec. 12, T. 43 N., R. 2 W., Boise Meridian in exchange for the right to cut and remove timber to be designated for cutting upon approximately 20 acres, comprising portions of the NW $\frac{1}{4}$ SW $\frac{1}{4}$ , Sec. 21, T. 42 N., R. 2 W., Boise Meridian. The Assistant Secretary of Agriculture states that the public interests will be promoted by the exchange, that the offered land is valuable chiefly for national forest purposes, and that the timber selected in exchange does not exceed the offered land in value. In view thereof, and as there are no apparent objections, the proposed exchange is hereby approved, subject to the submission of an acceptable title to the offered land, compliance with the law and regulations, and to any intervening valid objections. Any person claiming the land described herein or having bona fide objections to the application is advised to file a protest with the Register, District Land Office, Coeur d'Alene, Idaho, on or before April 15, 1942.

**FOOD AND FEED NOT BE LACKING IN COMING YEAR**

Latah county's stocks of wheat from the 1941 crop are convincing evidence that food and feed will not be lacking during the next year. H. E. Koster, chairman of the county AAA committee, pointed out this week.

Besides unestimated supplies in privately financed and unfinanced storage, 986,066 bushels of 1941 wheat are stored as security for AAA loans made to producers in the county by the Commodity Credit Corporation. This compares with a total of 763,873 bushels under loan last year and is part of a nine million bushel total for Idaho.

A program for moving the wheat from storage into conversion to livestock feed for production of Food for Freedom was announced last week by the Department of Agriculture.

The new program will enable Latah county producers to turn over their loans at fair prices, and free farm and warehouse storage for the crop which will be harvested this summer, Koster said. He stated reduced exports because of the war have backed up wheat surpluses in the country and terminal elevators until the storage situation has become very serious.

The new program will make available for cattle, hog and poultry feed the wheat which has been turned over to the Commodity Credit Corporation in liquidation of wheat loans. The cracked or ground wheat will be sold for 90 cents a bushel except in counties where the corporation has grain stored, where it will be sold at the local loan value of No. 1 soft white. Whole wheat will be sold for 4c per bushel less.

Buyers, who take the grain in carload lots from the corporation, must certify that it will be used for livestock feed and not for human consumption. Details of the program may be obtained at the county AAA office.

Wheat stored as security for commodity loans in the county includes 915,380 bushels under regular loan at an average of 86c per bushel, and 42,686 bushels of wheat obtained by farmers as indemnity for crop losses in 1941 covered by federal crop insurance.

The state crop totaled nearly 28,000,000 bushels, considerably above average. Ordinarily, about half the crop is consumed in Idaho, and the balance is marketed outside the state.

**To Speed Military Training**

A plan that will enable college men to speed up their military training along with their general education, has been announced by the University of Idaho. Basic and advanced military science courses will be included in the special twelve weeks' summer term, June 8 to August 29. Graduates in the advanced courses are commissioned as second lieutenants in the army.

In adopting an accelerated program the U. of I. is falling in line with the national insistence that every phase of production be speeded up. Most college students normally graduate at the age of 21 or 22, and since liability to military service begins at age 20, college men naturally want to finish their course before going into active duty. Moreover, all branches of the service are looking increasingly to colleges and universities with reserve officer training units such as that at the U. of I. to provide young officers.

Colonel C. W. Jones, head of the department of military science and tactics, announces that courses to be offered during the summer term will include first and second year basic work, for freshmen and sophomores, and advanced classes so that present sophomores and juniors may continue their program for commissions without delay.

Under this accelerated program it will be possible for a candidate for the reserve officer commission to secure it in two and a half years, or one and a half years less than is required in normal times.

Colonel Jones also indicated that during the spring months additional emphasis would be given to practical field work in regular military science classes at the university. This is due not only to the cancellation of the regular ninth corps area summer encampment, part of the required training for a reserve commission, for the duration of the war but is in recognition of the need for training in the type of scouting demanded in modern warfare.

**Chambers of Commerce To Meet**

This month's meeting of the Latah County Chambers of Commerce will be held on Tuesday, March 24, at 6:30 p. m. at the Lodge Hall in Potlatch.

Herbert West, mayor of Walla Walla, and executive secretary of the Inland Empire Waterways association, will speak, and Horace Woodworth, county superintendent of schools, will explain sugar rationing.

An attempt will also be made to have one member of the tire rationing board discuss that problem. Other speakers are also planned for the evening.

A goodly delegation from this section is requested.

**Whiskey Tax Brings \$4,127**  
 Latah county's liquor tax allocation for the quarter ending December 31, was \$4,127.12. Bessie Babcock, deputy county auditor, reports.

Fifty per cent of the allocation goes to the county's current expense fund, and the other half has been apportioned as follows: Moscow \$1,412; Genesee \$159; Jullaetta \$79; Kendrick \$95; Troy \$136; Bovill \$105, and Deary \$75.

**Burton L. French Will Teach**

Burton L. French, whom everyone in the state of Idaho knows, will again be an instructor at the summer school to be held at the U. of I., June 8 to July 17. Mr. French comes from Miami University, Oxford, Ohio, and will teach political science.

 Fred North of Blackwell, Okla., saved 45 gallons of oil the first year after installing a FRAM.

SAVED ITS COST IN 40 DAYS  
 A Caterpillar Diesel 75, formerly changed oil every 35 hours. Now, with FRAM, he changes oil every 20 days.

SAVED 7 OIL CHANGES IN 400 HOURS  
 C. D. Goyen of Pratt, Kansas, used to change oil every 50 to 60 hours. Now, with FRAM, he changes oil 400 hours.

EASY TO INSTALL  
 Now specially designed brackets, Fulltex oil-lines, make installations simple as A-B-C.

GUARANTEE  
 Install a FRAM. If within 90 days you feel you can afford to be without it, bring it back and your money will be cheerfully refunded.

Successful farmers are saving money on oil... saving the time commonly wasted changing oil... and protecting their motors by installing FRAMS on their tractors.

There is no doubt that clean oil will last longer than dirty oil, nor that motors lubricated constantly with clean oil will cost less in repairs. The FRAM Oil and Motor Cleaner keeps both oil and motor clean and free of dust, dirt, abrasives, sludge and harmful acids. That is why successful farmers are equipping their tractors with FRAMS — saving money — saving time. Why don't you investigate?

WE NEED MORE CONTENTED COWS  
HAROLD THOMAS, Editor

### EDITORIAL

Well, Folks — It seems like quite a few of you agreed with what we had to say about production, boondoggling, etc., in last week's issue, and in the light of recent loss disclosures, we think it even more important that those machines be put to work at real production. However you can help a lot by "pailing" more cows, or at least giving better care to those you have — selling the cream and feeding the skim milk to the pigs and chickens, for butter, eggs and pork are all vital war commodities. And remember, we pay spot cash for your cream. There is no waiting, no fuss, no bother. Bring in your cream, take out a steam-sterilized can and the cash.

And remember, we have locker boxes to rent. Help out national defense by "canning" your meat

in one of our locker boxes.

Esmerelda, the office girls, says: "Making love is like making pie. All you need is a lot of crust and some applesauce."

Gene: "Did she blush when her shoulder strap broke?"  
Chuck: "I didn't notice."

Vicki: "That is a pretty dress you have one."  
Leota: "Yes, I only wear it to teas."  
Vicki: "Whom?"  
"I always thought you were a gentleman," she wept, as he let her out of his car in front of her house at 11:00 o'clock, "and now I know it!"

Although the new plastic car can't be dented with an axe, that is no reason you should drive 70 miles an hour into a telephone pole.

**Holds Perfect Pinochle Hand**

Mrs. Lou Myers, residing on Big Bear ridge, had the thrill of holding a perfect pinochle hand, while playing a game in her home, a few evenings ago.

In picking up her cards she found she had all the spades except one queen; also both jacks of diamonds. It wasn't until she bought the widow with highest bid that she got the coveted queen of spades, making her hand a "power-house" with 1,500 trump and 300 pinochle.

Some people seem to "have all the luck."

### Double Birthday Party

Mrs. Roy Murray entertained a group of little boys Monday afternoon honoring the birthday anniversaries of her two sons, which both came in the same week.

A gay time was had by the youngsters with balloons and paper hats, which they had the fun of making. A gleaming birthday cake with candles was the perfect climax for the happy group.

Invited guests were David and Danny Crocker, Erwin and Dickie Hildebrand, Bobby McCall, Charles Christensen and Parker McCreary.

### Glad To Hear From Boys

The Gazette is always more than glad to hear from the boys in the service of their country — and we know that our readers are as glad to receive this word as we, ourselves.

However, please do not ask us to publish the addresses of any of the boys, for that is forbidden.

However, when any of you fellows can spare a few minutes, drop us a line. Tell us something of your work or the country surrounding you that you think may be of interest, and that you know it is permissible to print.

### More Snow Falls

Friday morning when Kendrick residents arose they were greeted with snow, a faint trace of the white stuff hanging on trees in town, but very plainly to be seen on the surrounding hills. It soon vanished, however, and following Saturday and Sunday, which were fine spring days, more snow fell Sunday night, again whitening the trees and lawns in town. It was all gone by Monday noon, however. Since that time spits of rain have fallen and the weather has been cool and cloudy.

### Bridge Dinner

A six-thirty bridge dinner was enjoyed at the R. L. Blewett home last Friday evening when the ladies of the Afternoon Bridge club entertained their husbands. Following dinner bridge was played, with high scores going to Mrs. E. A. Deobald and Roy Ramey. Invited guests were Rilla Davidson and Mrs. Geo. Jones.

Hostesses for the evening were Mesdames Lowell Mason, R. L. Blewett and Wm. McCreary.

The Ramey Circle will meet Friday with Mrs. Herman Schupfer.

The Parks Circle will gather in the home of Mrs. Ira Havens Friday afternoon.

The McCreary Circle will also meet Friday with Mrs. Wade Keene. Everyone come armed with needle, thimble and scissors.

### Grange Holds Initiation

Tuesday night the local Grange held their regular meeting, which was given over mostly to initiation of new members.

There was a large attendance and several visitors were present from Lapwai, their drill team putting on the initiatory work in the fourth degree, when six new members were given an insight to the mysteries of the order.

Dancing and refreshments closed the evening.

### Conclude Evening Classes

The Big Bear Ridge evening school members concluded their series of 12 meetings with a pinochle party last Thursday evening, in the Community Hall.

The group of 21 active members under the leadership of Marvin Powell, Vocational Ag. instructor, has been meeting weekly to discuss methods for increasing the production of farm products that are needed in the National Defense program.

Mr. and Mrs. Ralph McAllister of Juliaetta announce the arrival of a baby girl, born to them March 18, at the home of Mrs. E. J. Walsh.

### Clayton Nelson Writes

Albuquerque, N. M.  
March 8, 1942

Dear Mac:  
I have been receiving your paper since I have been in the army, and I sure appreciate it. It sure seems good to read about people you know. I was transferred down here a while back and the Company clerk at Fort Warren promised to have my address changed, but he evidently didn't, because my papers have been coming forwarded from up there. So will you please change my address to this point.

The army is a pretty good place to be now days, and this is really a good station. Well, thanks again for the paper, and I'll have to sign off.

Sincerely,  
Clayton Nelson.

### 'Hobs' Thornton Writes

C-o Postmaster  
Seattle, Wash.

Dear Friends:  
I am dropping you a line to let you know I am fine, and to thank you very kindly for the Kendrick Gazette. I sure enjoy reading about the people back home.

I like the navy fine, and am having lots of fun along with my work — but sure miss the folks at home.

Sincerely yours,  
H. A. Thornton, U. S. N.

### Farm Tractors Roll On Steel

The production of farm tractors requiring rubber tires must be stopped after May 1, the war production board has ruled, and from now until May 1, the output of rubber-tired tractors will be sharply curtailed.

The rule was explained as a necessary rubber conservation plan. The shortage of crude rubber will not permit manufacturers to maintain the production schedules on which they operated in January and February. They must change swiftly from the use of rubber tires to the use of steel-wheel equipment.

Used Tire Prices Set  
A comprehensive price schedule, fixing the maximum amounts which may be charged for all types of used tires, has been set by the OPA, and was effective March 16. The schedule divides used tires into four categories, depending on the amount of wear, and fixes maximum prices for each size in each category. For example, the maximum price that may be charged for a 600x16, 4 ply used tire in the best condition, is \$3.10.

All persons who are holding tires worn to the point where they are no longer usable are urged to sell them immediately to a scrap or junk dealer or turn them over to a local collecting charity. That action will help alleviate the pressing demand for scrap rubber. Farmers, particularly, are likely to have accumulations of old tires, as they frequently mount new tires on the farm and discard the old.

In the last war, the slogan was "Keep the Home Fires Burning." This time it will probably be "Turn Out the Lights."
