KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, APRIL 2, 1942

NO. 14,

## KENDRICK HAPPENINGS OF TWENTY YEARS AGO

A. V. Dunkle now has a wireless outfit working. The first of the week he had practically all of the parts together, excepting the aerial. He used a set of coil bed springs for an aerial and got good results. Kendrick now has two wireless receiving stations.

R. F. Pepple will be the official postmaster at Juliaetta after April 1, succeeding Charles Talbot, who has held the position for one term. Walter Bigham of American ridge sent back to Dupre, S. D., for a Poland China sow. Mrs. Hog was shipped from Dupre in good order. At Hetingger, N. D., she was sent to the hospital and when she resumed her journey a few days later she was accompanied by a family of six pigs. The happy family arrived in Kendrick Monday afternoon and are now settled on the Bigham ranch. Just how the railroad company will adjust its books to fit the changed status of the Hog family is puzzling indeed. When the family left Dupre it numbered one; when it arrived at its destination it was seven.

The "Dear Club" entertainment given in honor of the Stag club at the Big Bear ridge hall Saturday evening was largely attended. The program consisted of music, readings and a two-act comedy play, "Aunt Deborah's First Luncheon." The cast of characters: Mrs. Jane Travers, the hostess, Johanna Hooker, Elizabeth Travers, daughter of the hostess, Anna Lien; Mrs. Warfield, Helen Slind, Mrs. Cartwright and Clara Morey, guests at the luncheon; Annette, the waitress, Inez Johnson; Mary, the chambermaid, Betsy Kleth; Mrs. Deborah Smith, a country cousin, Nettie Lacey. Following the program sandwiches, pickles, cake and coffee were served by the ladies, after which everyone enjoyed several hours playing games, visiting and having a social good time.

G. Oldfield will leave today for Cheney, where he will pick up his theatre equipment and get it ready for immediate shipment to Kendrick. He has all the fixtures necessary for a strictly up-to-date theatre, including opera chairs, motor driven machine, ventilating system, lighting fixtures, etc. The equipment will be installed in the "New Kendrick" theatre as soon as the building is completed, which will be sometime the middle of next month. The opening show will be given Friday night, April 28.

The Circle Card club met at the home of Mr. and Mrs. Edgar Long Tuesday evening. The time was devoted to playing "500." Dave Gentry is building a modern bungalow on his ranch near Kendrick. The framework is being put up this week. The general belief in this section is that fall-sown wheat has come through the winter in fine shape. A number of farmers who have dug through the snow to investigate say the wheat has a good color and seems thrifty. There is a large acreage of wheat in the Potlatch country this year. Herb Bros. are completing a new barn on their place on the upper end of Big Bear ridge.

School Notes—Pupils of the fifth and sixth grades who obtained 100 in spelling each day of last week are: Mae Freytag, Lois Johnson, Pearl Johnson, Margaret McDowell and Hester Knepper. The Health charts for the third and fourth grades turned in for approval by the teachers and the children are fine. Gold pins were won by Billy Wilton, Edna Stanton, Arlos Crocker, Lillian Long, Iva Johnson, George Bailey, Archie Candler, Burton Forest, Eloise Kelly, Muriel Crocker, Helen Clem, Charles Cox, Howard Dammarell, Mattie Reid, Elbert Long, Juanita Stanton and Leora Aiken.

Cameron News—Mr. and Mrs. A. H. Blum, Gus Blum and Mr. Oldag visited at the Carl Lohman home Sunday. Miss Bertha Hartung was a dinner guest of Miss Minnie Blum Sunday.

Southwick News—Mrs. Gordon Harris is reported quite ill at this time. A birthday dinner was given at the Bunker home Sunday in honor of Mrs. Bunker's birthday anniversary. Those present were Mr. and Mrs. Williams and grandson, Mr. and Mrs. John Lettenmaier and children, Mrs. McFadden and daughters, Mr. and Mrs. Geo. Jones and children, Mr. and Mrs. W. J. Baker, Mr. and Mrs. Leroy Southwick, Mr. and Mrs. Homer Hayward, Mr. and Mrs. Dean Baker, Mrs. Lena Thornton, Grandma Harris and Mrs. Bunker and children. The Bets family spent Sunday with Mr. and Mrs. Berriman.

Big Bear Ridge—Gabriel Forest spent last week in Spokane with his sister, Miss Bertina. Mrs. Will Hecht and daughter Ruby are spending the week in Lewiston, where Ruby is under a doctor's care. Miss Ruth Dammarell closed a very successful term of school at the Applequist school last Friday and has returned to her home in Kendrick. Mr. and Mrs. Hartwick Nelson departed Wednesday for their home at Agawam, Mont., after having spent the past three months with relatives here. Miss Mary Galloway spent the past week with her sister, Mrs. Chas. Bowers.

## Move To Pasco

Mr. and Mrs. Roy Jump left last week-end for Pasco, where Mr. Jump will act as one of the engineers on the new government airport under construction there.

Mr. and Mrs. Harold Thomas are keeping little Marjorie and Tommy until a house can be secured.

## Spring Seems To Have Arrived

Spring seems to have finally come to the Potlatch country. Daffodils and jonquils are in full bloom, violets also scenting the air, and shrubs and trees are budding and leafing very rapidly.

Sunday was a beautiful day, and the hills about town resounded with gun fire, as local residents took to the hills shooting squirrels.

Farmers are very busy these days, quite a number plowing, especially on Potlatch ridge, but discing and springtoothing have been going on for some time.

Many of the north slopes are said to be still too wet to permit working, but south slopes and higher ground is ready. A few farmers are said to be running two shifts with their equipment.

## WHAT'S GOING ON IN THE LELAND COMMUNITY

Mr. and Mrs. Orval Walker went to Lewiston, where they will reside.

Mrs. Ben Hoffman and Marie, and grandson, Donald, visited Saturday in the home of Mr. and Mrs. Allan Hoffman of Viola.

Mrs. Don Morgan visited school in Southwick Friday morning, and visited in the home of Mrs. Rollin Armitage Friday afternoon.

Irene and Reva Schoeffler of Cameorn spent the week-end in the home of Mr. and Mrs. W. H. Weyen.

Carl Hanks of Southwick spent the week-end in the Harry Smith home.

Mr. and Mrs. Don Morgan spent the week-end in the Roy Morgan home at Gold Hill.

Mr. and Mrs. Wilmer Hanks and family were Sunday dinner guests in the home of Mr. and Mrs. Harry Smith.

Mr. and Mrs. Ben Hoffman and family were dinner guests Sunday in the home of Mr. and Mrs. Winfield Powell of Cavendish.

Mr. and Mrs. Chas. Craig and family of Mohler were guests Sunday in the home of Mr. and Mrs. Oral Craig.

Mr. and Mrs. Walter Crawford and daughter Kathleen and Mrs. Jennie Hund were guests Sunday in the home of Mr. and Mrs. Kenneth Hund of Lewiston.

Mr. and Mrs. J. E. Flesman and son Jewell were guests Sunday of Mr. and Mrs. Walter Steinsiek of Orofino.

Mr. and Mrs. A. R. Locke visited Sunday in the home of Mr. and Mrs. J. M. Woodward.

Mrs. Gordon Peters and daughters visited in the A. G. Peters home Sunday.

Mr. and Mrs. Chas. Hoffman and Donna Lea were guests Sunday evening in the home of Mr. and Mrs. Donald Morgan.

Ervin Draper was a dinner guest Sunday in the home of Mr. and Mrs. W. H. Weyen.

Mrs. M. R. Vincent and son Ches-peter were guests of Emma Lou Vincent in Moscow Sunday.

Mr. and Mrs. Robert Draper and Mr. and Mrs. Billy Weyen and daughters of Kendrick were Sunday evening dinner guests of Mr. and Mrs. W. H. Weyen.

Among the Lewiston visitors this week were Mr. and Mrs. Enoch Harrison, Mr. and Mrs. Don Morgan, and Mr. and Mrs. Gordon Peters.

We hope everyone will remember to work at the cemetery, as we desire to have it looking better than ever before.

School Notes  
Hermine Meyer, fourth grade; and Evelyn Locke, sixth grade, were winners in the County Declamation contest held in Lewiston last Saturday.

In connection with the observance of "Nutrition Week," the pupils made posters to show the proper kinds and amounts of food needed by people to keep healthy. Three winners were chosen from each room and they were awarded Defense Stamps. All those who tried, even though they were not winners, received cash awards. All the awards were given by Mrs. Jesse Hoffman, whose generous act is much appreciated. We hope that the efforts on the part of the participating students and Mrs. Hoffman will lead to a better knowledge and understanding of correct nutrition, and plant the seed of thrift in the minds of the students.

Tuesday was "Clean-up Day," and the school grounds were cleaned and all rubbish was burned or disposed of in other ways. The flower gardens were cleaned, and put in shape for the season.

The material for the stage curtains has arrived and work will begin at once to get them hung and put into working order.

Material for costumes for our coming program has been ordered, and should arrive soon, after which work on making them will begin.

The intermediate room had its first case of tardiness this week.

## Entertainments Basketball Players

Last Thursday Mr. and Mrs. Claud Craig entertained Kendrick's fifteen basketball players and their coach, Ross Armitage, at their home at a delightful chicken dinner.

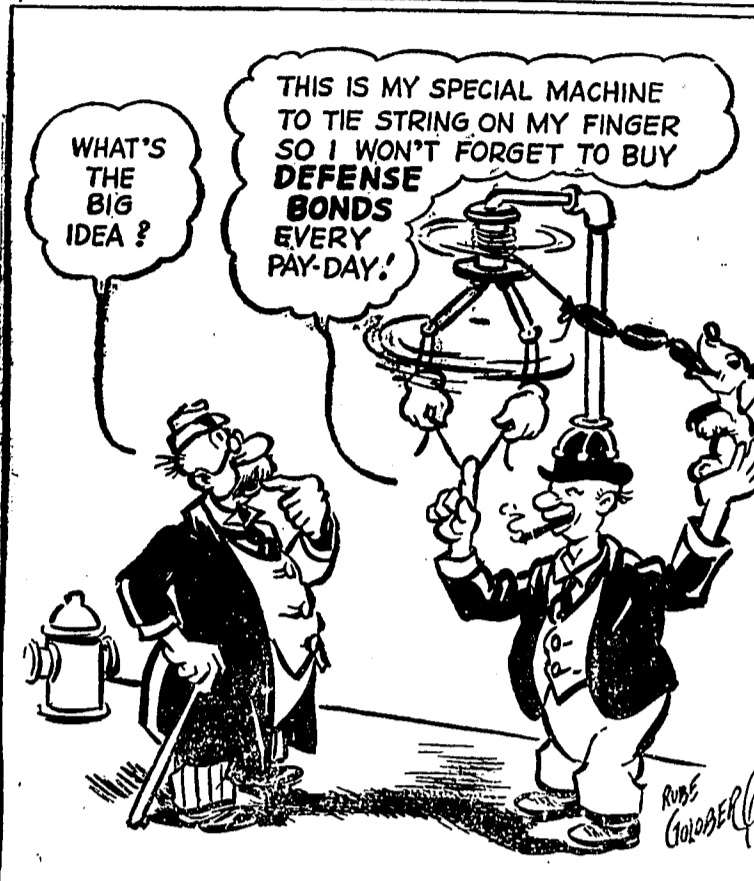

The event was greatly enjoyed by everyone.

## EASTER

Peace be yours this Eastertide Joy beyond compare; May you look into your heart And find the Easter there.

Angel sentries guard your way Bless each thing you do; Now and always through the years Joy be unto you. — Bert Gamble.

## ONE OF RUBE GOLDBERG'S INVENTIONS

## WHAT'S GOING ON IN THE SOUTHWICK SECTION

Mr. and Mrs. Dan Lyle of Peck were visitors in Southwick last Saturday. Mrs. Lyle spent the afternoon with Mrs. Homer Betts, while Mr. Lyle transacted business in town.

Chris. Tschantz was a supper guest in the Virgil Harris home Wednesday.

Mrs. Bertha Tschantz and children and Pete Tschantz spent the week-end at Pomeroy, visiting with Mrs. Tschantz folks.

Mr. and Mrs. Lawrence Wilson are the parents of a daughter, born Sunday at the St. Joseph's hospital in Lewiston.

Mr. and Mrs. Bert McAntire visited with the Given Mustoe family Sunday.

Sunday dinner guests in the Gordon Harris home were Mr. and Mrs. Charlie Harris, Mr. and Mrs. Bill Harris and family of Pullman, Mr. and Mrs. Raymond Rodgers of Orofino, Mr. and Mrs. Russell Rodgers, Mr. and Mrs. Virgil Harris and family, Ruth Lettenmaier and Henry and Chris Tschantz.

Mr. and Mrs. Raymond Smith and Ruth Lettenmaier visited in Kendrick Saturday.

Mr. and Mrs. James Skinner spent Saturday in Orofino.

Rev. and Mrs. Tetwiler were supper guests of Mr. and Mrs. Gordon Harris Wednesday.

The Homemakers' Club met last Thursday at the home of Mrs. Herman Travis. Each member brought a covered dish. Plans were discussed for making a quilt for the Red Cross. The next meeting will be held April 9, at the home of Mrs. Jack Travis.

An Easter Program will be held at the church Sunday morning. A large crowd would certainly be appreciated.

Axel Anderson visited his family here over the week-end.

Among the Lewiston visitors the last week were Jack Travis, Mr. and Mrs. Wade Candler and family, Mr. and Mrs. Arnie Cuddy and family, Mr. and Mrs. Lou Watson, Gordon Harris, Virgil Harris and children, Helen and Jerry, Werner Ziemann, Dorothy Anderson, Mr. and Mrs. W. Fitch, Mr. and Mrs. Howard Southwick, L. J. Southwick and Naida Anderson.

The Junior Class and the Senior Class, and all the High school teachers declared Tuesday "Sneak Day," and left about 2:00 in the morning. We hope they enjoy the day as much as the High school students that were left without a teacher.

Mrs. John Lettenmaier has returned from a 10-day visit on the coast.

Given Mustoe, Virgil Harris and Roy Southwick visited in Kendrick Tuesday.

Mrs. Sarah Lawrence is visiting in Lewiston.

Entertain At Cards  
Mr. and Mrs. Roy Ramey and Mr. and Mrs. Wade Keene entertained the Afternoon Bridge club members and their husbands in the Ramey home Wednesday evening of last week, with "hard times" the motif in decorations and costumes.

"Table cloths" were newspapers, napkins were paper, sugar and creamers were tin cans, etc., and the guests were dressed to match the "fittings."

Awards for the "best dressed" woman went to Mrs. Edgar Long, and for the men to Dr. Christensen. At bridge, played following dinner, high scores went to Mrs. Marvin Powell and Dr. D. A. Christensen; low scores to Mrs. E. E. Sands and Edgar Long.

Invited guests were Mr. and Mrs. Ernest Roberts, Mrs. L. J. Herres, and Mrs. E. E. Sands.

## Marriage License

A marriage license was issued Friday, March 27th, at Lewiston, to Charles Zimmerman, Southwick, and Clara Thomas, Lewiston.

## Another Red Cross Donation

Mrs. Silvie Cook announces the receipt of a 50c donation from "Mrs. X." It came from out of town.

## WHAT'S GOING ON IN THE KENDRICK SCHOOLS

The pictures to be shown this week in Visual Education will be: "Testing Seeds in Soil," Ag.; "Rabbit Farming," Ag.; "Songbirds of the Northwest," Nature Study; "Romance of Mahogany," Shop.

The highest rating in Typing I this week goes to Betty Halseth, with 81 words; the highest in Typing II goes to "Blick" Davidson with 88 words.

The Junior class has started on the decoration of the gym for the Junior Prom. They have decided to do something different this year than has been done before. The balcony will be open to people who may wish to watch the dancing. There will be a small charge, of course.

War Production Statement  
Washington, D. C. — Senator John Thomas (R) of Idaho called on President Roosevelt last week to take steps to eliminate profiteering on war contracts and recommended a moratorium on the 40-hour work week in war plants for the duration of the war.

Thomas' statement follows: "The President of the United States is the Commander-in-Chief of our armed forces and our economic resources. He has asked for and received virtual dictatorial powers to meet the tremendous needs of a nation at war for its very existence. He has the power to prevent any stoppage of production in war industries."

"Unless industry and labor can meet the problems of production immediately, unless the President promptly exercises his power to eliminate the bottlenecks arising from industrial inefficiency and profiteering and from the 40-hour, five day week, then the Congress — which has already delayed too long — must do so! The people want action with no further delay, and they are anything but complacent in regard to the issue. I am asking the President to take the situation in hand now, because each day and each hour which pass without action make the loss of life and sacrifices of the people greater. We cannot permit the problem to drift any longer, and I repeat, that if the Executive does not act immediately, Congress must do so at once."

"On the sheer basis of patriotism, in the interest of national unity, industry and labor must agree on a definite war policy relating to the manufacture of war materials. This means a moratorium on the 40-hour week. It means a moratorium on double-pay for holidays and Sunday work. It means, in addition, the most stringent control over profits in war contracts, and quick action to remedy inefficiency and abuse on the part of management."

Leaves Long's Store  
Elmer Peeler, who has been employed at the N. B. Long & Sons store for the past two years, leaves Sunday for Spokane, where he will attend a welding school.

## New Office Almost Complete

Workmen are busy this week completing the new office of the Lewiston Grain Growers at their Kendrick plant, and it will indeed be a nice one.

It will be installed one of the newest type electric calculators, which does away with a large percentage of the errors common in calculations.

The new office is a projection on the north of the building, occupying almost the identical position of the original one which was destroyed by fire a number of years ago.

Wade says he would like to install "overstuffed furniture" but is afraid that if he did so too many of the firm's customers might think they were at home and insist on taking naps.

## ITEMS OF INTEREST FROM THE CAMERON SECTION

A card party will be given at the Hall Thursday evening, April 8th. The proceeds will be for the benefit of the Red Cross.

Lyle Harrison was a business visitor in Lewiston Saturday.

Mrs. A. O. Wegner arrived Sunday to spend a few days with her mother, Mrs. Ida Silflow.

Miss Mildred Heimgartner left for Moscow Sunday, where she has employment.

Mrs. Minnie Heitman returned to her home in Lewiston Saturday, after spending the past week with Mrs. Ida Silflow.

Mr. and Mrs. August Brammer spent Sunday afternoon with Mr. and Mrs. F. W. Newman.

Mr. and Mrs. Carl Koepf and Mrs. Ernest Heimgartner and daughters were Thursday visitors in Lewiston.

Mrs. August Brammer and Mrs. Gus Kruger were hostesses at an all-day Ladies Aid meeting.

Mr. and Mrs. F. W. Newman spent Wednesday evening with Mr. and Mrs. Weyen.

Mrs. Kelley and daughter, Muriel, were recent visitors in the Fred W. Schoeffler home.

Glenn Newman was a Moscow visitor Friday afternoon.

Mr. and Mrs. A. F. Wegner and son Wayne were Lewiston visitors Friday.

Ida Marie Silflow, an eighth grade student; and Dorothy Kruger, a fifth grade student, represented their grades in the Declamatory contest at Lewiston Saturday. Dorothy Kruger won third place in the contest.

Mrs. Wilbert Brunseik was a Lewiston visitor Tuesday.

Mrs. Edwin Mielke entertained at a quilting party Tuesday. Those present were Mrs. L. S. LaHatt, Mrs. Ida Stoneburner, Miss Emma Hartung, Mrs. Gus Kruger, Mrs. Glen Wegner, Mrs. Ervin Lohman and Mrs. Fred Newman.

Herman Ehlers of Deary was a visitor in the A. E. Spekter home the first of the week.

Mr. and Mrs. F. W. Silflow and Miss Jean Albright attended the Nez Perce County Declamatory contest in Lewiston Saturday.

## Creamery Meeting Held

Tuesday evening of this week a co-operative creamery meeting was held at the Farmers Bank, and articles of incorporation drawn up, and these were dispatched to Boise Wednesday morning for filing with the Secretary of State. The title chosen for the new organization is the "Kendrick Co-Operative Creamery."

Upon return of the articles of incorporation from Boise, a general meeting will be held and a permanent board of directors elected.

The new organization is capitalized at \$25,000; \$20,000 in common stock, which will sell at \$5.00 per share; and \$5,000 in preferred stock, which will sell at \$5.00 per share.

During recent weeks surveys have been completed, and plenty of cream to assure successful operation is assured. However, anyone milking cows, who wishes to become a member, may do so.

The matter of a cannery is being held in abeyance until the general meeting, which will be held upon the return of the papers of incorporation from Boise.

It may seem to some that the long-discussed co-operative creamery organization has taken a long time to get under way, but it should be remembered that in businesses of this kind, surveys must be taken to insure a plentiful supply of cream to assure its success, and that "Rome was not built in a day."

## Top Ranking Judges Assured

"No livestock show in America could have a more outstanding pair of judges than W. L. Carlyle of High River, Alberta, who will be chief cattle judge; and E. F. Rinehart of Boise, Idaho, who will serve as assistant judge. At the Spokane Junior Livestock Show, May 6 to 8," said Russell Gladhart, manager of the Spokane event.

Mr. Carlyle, who is manager of the Duke of Windsor's ranch in Canada, has judged cattle in all the major shows of the United States and Canada.

Mr. Rinehart, who is extension animal husbandman for the University of Idaho, has had years of experience in judging throughout the Pacific Northwest, and has done much to develop the marketing grading system.

It is expected that the big event for young stock raisers will this year see at least 400 head of fat cattle in the exhibition ring, and that the numbers in the swine and lamb division will be at least double this number.

## WHEAT DOWN SLIGHTLY IN PACIFIC NORTHWEST

Cash wheat prices at Portland ranged from unchanged to around 1c per bushel lower for the week ending March 27, the Department of Agriculture reports. Variations in quotations reflected principally local supply and demand conditions on various classes of wheat. Trade reports indicated another very quiet week in the cash wheat market at Portland, which reflected continued slow demand from terminal buyers and light offerings from the country.

New flour business, both domestic and export, was reported as limited and as a result mills were not actively in the market for wheat except for special qualities, mostly white wheats, for immediate needs. Export flour sales under the indemnity plan to the Americas were reported very light at unchanged indemnity payments. Business for rail shipment to the midwest was practically at a standstill and California takings of Northwest wheat were only moderate. Wheat receipts at Puget Sound and Columbia river terminals totaled 535 cars for the week, but included movement of the government feed wheat and shipments to terminal buyers on former sales, with current cash wheat marketings representing only a small portion of the receipts. As the period ended, the cash wheat market tone appeared dull and inactive with prices barely steady at current levels. Trade reports continued to indicate favorable prospects for winter wheat generally in Northwest producing areas.

Cash wheat bid prices at Portland on March 27, showed soft white at 99½¢; soft white (no Rex) at \$1.02; white club at \$1.02; western red at \$1.02 and ordinary hard red winter at 98¢ per bushel, all basis No. 1 grade in bulk.

The San Francisco wheat market was dull and rather featureless. Demand remained slow, especially for feeding purposes, but light offerings made for steadiness and prices held practically unchanged compared with a week ago. Central California growers continued to market remaining old crop supplies very slowly and resale lots also were mostly firmly held. Offerings were mainly in small scattered lots, chiefly of lower qualities. Wheat quotations at San Francisco on March 27 showed California grown No. 1 hard white at \$1.92 to \$1.95; No. 1 soft white at \$1.90 to \$1.93; No. 1 white club at \$1.90 per 100 pounds, all sacked basis. Washington and Oregon No. 2 soft white and No. 2 hard red winter were quoted at \$1.92½ per 100, in bulk.

Wheat prices at Kansas City declined ½¢ to 1c per bushel for the week. The market had been down nearly 4c in the early part of the week, influenced by favorable conditions of the new winter wheat crop and a sharp break in soy bean prices. A partial recovery followed the release of the official report showing farmers intention to seed a much smaller acreage of spring wheat this year than last. At the close of the week, No. 2 hard winter was quoted at Kansas City at \$1.17 to \$1.19 and No. 2 soft red winter at \$1.17 to \$1.22 per bushel.

General commercial demand for all grains at Minneapolis was inactive and only a marked drop in receipts of cash grain kept the cash trading basis steady. It was only the fact that offerings were small which held premiums in the cash market steady, since both mill and elevator demand was light and spotted.

Wheat quotations, basis No. 2 f. o. b. Ogden mills showed dark hard winter and dark northern spring at \$1.02; hard winter and northern spring at 97¢; hard white at \$1.05; soft white at \$1.01; western white at 99¢ per bushel. Denver mills were bidding 97¢ per bushel for No. 2 hard winter and No. 2 northern spring, f. o. b. Colorado common points.

Winter wheat made substantial growth in southern sections of the belt with continued mild temperatures and perceptible greening-up was reported from northern areas. Conditions showed some improvement in the southern Ohio valley and also in Texas. The crop is beginning to joint in Oklahoma. Excellent growth also was maintained in western Kansas, but in the east damage by fly and excessive moisture is becoming more evident, with some fields reported abandoned. The seeding of oats and barley made better progress, but is still delayed by rains or wet soil in most interior sections. In the Ohio Valley, some seeding on lighter soils was accomplished and some grain was sown on the uplands in Iowa. In the Great Plains, spring grain seeding was nearly completed as far north as the southern half of Kansas.

Prospective plantings of spring grains for 1942 are in excess of the 1941 seedings with the exception of spring wheat and grain sorghums. Given normal weather this season, goals for several important crops probably will be exceeded. For feed grains, intentions indicate a total acreage well in line with goals or suggested acreages. The indicated increase of 21 per cent in barley acreage offsets the indicated increase in corn acreage of but five per cent instead of the eight per cent requested. For oilseeds, intentions to plant were short or the goals for peanuts and flaxseed, but this shortage is offset in part by the large increase in soybeans. If 4,000,000 acres of soybeans are grown for hay this year, as was the case last year, about 10,000,000 acres would

### Hogs For Tractor

Jesse Thornton hauled two loads of hogs, totaling 43, to Lewiston Monday and Tuesday, and on his return Tuesday, drove out a new tractor, purchased from the Kendrick Bean Growers Association.

As we understand it, the two loads of hogs bought the tractor for him.

Pork is gold "these here days!"

### WHAT KENDRICK FOLKS ARE DOING THESE DAYS

Mrs. Lester Hill was a guest Tuesday in the home of Mrs. Edgar Long. Mr. and Mrs. Wallace Emmett called on Mr. and Mrs. James Emmett Sunday.

Mr. and Mrs. Tom Long and Mrs. Anna Varo were Moscow visitors on Monday.

Mr. and Mrs. Howard Kirchan of Kellogg came Tuesday evening to spend a couple of days with the latter's sister and husband, Mr. and Mrs. R. L. Blewett.

Mr. and Mrs. L. W. Mason, accompanied by Mrs. W. E. Deobald, Mrs. Salisbury, Miss Henningsen and Miss Rentfrew drove to Moscow Wednesday to attend a county teacher's meeting and banquet at the Moscow hotel. Mrs. Mason spent the evening with her parents, while the others attended the meeting.

Mrs. Frank Curtiss left Tuesday for American Falls to visit her newly married daughter and son-in-law, Mr. and Mrs. Stonko Pavko. Mr. and Mrs. L. L. Yenni left Wednesday afternoon for San Luis Obispo, Calif., to visit their son, Wayne and wife. Wayne is a lieutenant in the U. S. forces.

Mrs. Sid LaHatt was a Lewiston visitor Tuesday. Mr. and Mrs. Albert Deobald of Tonic, Ill., arrived Tuesday night from Seattle, Wash., for a visit at the Otto Schupfer, E. A. Deobald, W. B. Deobald and Mary Deobald homes. They were met in Spokane by Mr. and Mrs. Otto Schupfer. In Seattle they visited in the Elmer Bechtel home.

Mrs. Elwood Pearson returned this week from Kellogg, where she has been visiting her son and family.

Mr. and Mrs. Raymond Dunn and children were Moscow and Lewiston visitors last Saturday. Annabel and Arlene Deobald spent the week-end at their home here.

Joe Watts spent the week-end at his home here. Mr. and Mrs. Roy Jump and children of Lewiston were week-end guests in the home of her parents, Mr. and Mrs. Harold Thomas. Little Marjory Jump stayed for a longer visit.

Mr. and Mrs. Ig. Flaig and daughters of Orofino, were week-end guests in the home of her mother, Mrs. Estella Leith.

Mr. and Mrs. Everett Crocker spent Sunday at the home of his parents, Mr. and Mrs. Fred Crocker. Joe Nicklosky and Reggie White, PFI employees, spent the week-end at their homes near Leland.

Gus Blum, W. W. P. employee, Pullman, spent Tuesday night here with relatives.

### Blue Food Stamp List

The list of Blue Food stamps for April remains the same as that for March, according to an announcement by Roy B. Schwartz, area supervisor of the Agricultural Marketing administration. The list includes butter, potatoes, shell eggs, corn meal, fresh apples, fresh pears, wheat flour, whole wheat flour, enriched wheat flour, fresh vegetables, fresh grapefruit, fresh oranges, dried prunes, hominy (corn) grits, and dry edible beans.

The Food Stamp plan is a method of offering our farmers a wider market at better prices, which is essential if they are to raise the vast amounts of food we need for victory, and as a means of supplying additional food to those in greatest need of nutritional help.

Proper food, in the right amounts, is the greatest source of strength and health. Our people must be strong to fight this war.

### Geo. Barnum Heard From

Dr. Geo. W. McKeever received word from George P. Barnum Sunday, that he is now employed by the government as a Traveling Inspector. He is located at Dundalk, Maryland, and his work brings him as far west as Chicago.

Mr. Barnum did not state whether his capacity was as a military or civilian one, nor the exact nature of the job.

Old friends in Kendrick, however, will be glad to learn that Mr. Barnum is again in government service.

### Fourth To Be Quiet

The Fourth of July will be much quieter than heretofore as the result of the ban placed upon firecrackers and torpedoes — of the fireworks variety — in the interests of safety and saving materials needed for the munitions of war. There will be no big firecrackers, roman candles or sky-rockets or any large aerial bombs which decorated the heavens last year.

### IDAHO DRY BEAN STOCKS REACH STAGGERING TOTAL

Total stocks of dry beans in Idaho warehouses and on Idaho farms on March 1, 1942 (latest report) was 1,436,000 bags. This figure indicates a disappearance of 341,000 bags since January 1, when total stocks were indicated to be 1,777,000 bags.

Warehouse stocks have been reduced by 287,000 bags during the first quarter of the year. Of the total quantity (1,436,000 bags) held in warehouses March 1, 11,000 bags were of the pea and medium white varieties; 1,027,000 bags were Great Northerns; 200,000 bags were small reds; 43,000 bags were of other edible and garden seed varieties. The greatest disappearance between January 1 and March 1, of course, was of Great Northerns, 124,000 bags; but the greatest relative disappearance was of miscellaneous edible and garden seed varieties, stocks of which were reduced from 157,000 bags to 75,000 bags.

Farm stocks of beans amounted to about 71,000 bags on March 1, a decrease of about 54,000 bags in three months. Farm holdings of Great Northerns were reduced 56,000 bags, but there was an increase of 11,000 bags in stocks of the miscellaneous edible and garden seed varieties, indicating that some farmers were preparing for spring planting. Some of the farm stocks reported in north Idaho are still unthreshed, since many beans in that area were stacked during the unusually wet weather which prevailed during the harvest season.

Total March 1 stocks of dry beans in the 18 important producing states were 6,699,000 bags, cleaned basis, in the usual commercial storage places, and 3,785,000 bags, uncleaned basis, on farms. The farm stocks are probably equivalent to about 3,400,000 bags when cleaned, making a total of 10,099,000 bags in these two positions on March 1, which is about 3,000,000 bags less than on January 1.

### 40-Mile Limit Urged

Reducing the maximum speed limit of all motor vehicles to 40 miles an hour and frequent checking of tires for possible repair or inspection, is the basis of an appeal to all governors by the President, who said that this action will "constitute another important means of federal-state co-operation for the successful prosecution of the war effort." Continuing, the President said: "It has been said that a large part of our rubber stock pile is on the wheels of more than 30,000,000 motor vehicles of the country. If this stock pile is conserved by the individual motorists, as we are endeavoring to conserve the national stock pile, tires will last much longer, cars will run much farther, and the civilian life will be less disturbed because of the lack of sufficient transportation facilities. Rubber experts agree that fast driving wastes rubber and that tires will run many more miles when driven at limited rates of speed."

The admonition that has been given motorists many times relative to driving in order to preserve tires and tubes may be summed up in the following do's, rather than don'ts: Check tires before inflation to discover tendency of any one to go flat; keep tire pressures balanced; seal valves with air-tight caps; cross switch tires regularly; keep wheels aligned and balanced; replace lost air pressure each week.

Observing the following don'ts will also help conserve rubber: Don't make flying starts. Don't drive at high speed. Don't make sliding stops. Don't race around turns to slide the wheels. Don't scrape or bang fenders. Don't ride on a flat, or on a slack tire.

### Age Limits Revised

Age limits for enlistment in the army are now revised so as to permit the enlistment of all qualified men between the ages of 18 and 45. Capt. Nelson C. Wahlgren, Spokane army recruiting officer, announced this week. Previously the army was accepting only those men who were under 35 years of age.

A considerable increase in army enlistments is expected as soon as the public becomes aware of the change, recruiting officials say. Both before and after United States entry into the war, many men each day were being turned down because they had already past their 35th birthday.

All those now being enlisted must, of course, be able to meet all the physical requirements and must be able to sign a sworn statement that their dependents, if any, will have sufficient means of support.

### Purchases Home In Town

A deal was consummated last week in which Wallace Emmett became the owner of the Oscar Raby home in the west part of town.

The Raby family moved to Clarkston some two weeks ago, where they will make their home.

The consideration in the deal was not made public.

### Visited In Spokane and Cheney

F. B. Higley drove to Cheney Sunday where he visited the E. Bair family. From Cheney he went to Spokane for a short visit with his sister, Miss Ella Higley. Mr. Higley was accompanied by Mr. and Mrs. Coy Smith as far as Cheney.

### W. S. C. S. Meeting Friday

The W. S. C. S. will meet Friday afternoon at 2:30 in the church basement.

Mrs. Hiram Galloway will have charge of the program. Everyone is invited to attend.

### Honor Birthday Anniversary

The Rebekahs called last Thursday afternoon on Mrs. R. E. Parks, honoring her birthday anniversary. The afternoon was spent tying a quilt, after which Mrs. Parks served refreshments.

### Grange Meeting

The regular business meeting of the local Grange will be held on Tuesday, April 7. Following the business meeting some educational films will be shown. Refreshments.

## SENTRIES PATROL PACIFIC COAST

ALONG the pebbled and sandy beaches of British Columbia, where thousands of Americans have enjoyed vacations, the Canadian army now maintains a ceaseless patrol. Thousands of men, with their faces turned westward keep vigil from sentry posts, while up and down the beaches, Bren Gun carriers rumble on patrol, night and day. Under Canada's system of voluntary enlistment for service anywhere in the world, every two min-

utes of every day since the outbreak of war, a man has volunteered and has been accepted for service in Canada's Navy, Army or Air Force. Such enlistments now exceed 400,000. This number is supplemented by the men called up under Canada's draft system for national defense. After these men are given four months' training, they are detailed for duty with the army in Canada until the end of the war. Any draftee has the right at any

time to volunteer for service outside of Canada and thousands have taken advantage of this privilege.

 Business men and their customers are invited to follow the custom that is gaining in favor and spend one hour in worship at church on Good Friday. Services have been arranged for the Community Methodist church from 1:00 to 2:00 p. m. This hour is traditional and will prove most convenient. It will likewise be possible for women attending the meeting of the W. S. C. S. to come an hour early and participate in the service. It will consist of music, reading the scripture, and a Good Friday message by the minister.  
 On Easter Sunday there will be a service for the baptism of infants and children in connection with the regular Easter services next Sunday.

**Another Double Feature**  
 This week the Kendrick Theatre will again offer a double feature. The first of these is "The Mexican Spitfire At Sea," starring Lupe Velez, Leon Errol, "Buddy" Rogers and Zasu Pitts. The scene of this picture is laid on a luxury liner en route to Hawaii. It is said to be one of the best in this RKO series, and is full of humorous situations, including the impersonation of an English Earl, the accidental mixing of boat signals, and of course, plenty of romance and fun.  
 The second feature is "Parachute Battalion," featuring Robert Preston, Nancy Kelly, Edmund O'Brien and Harry Carey, with a strong supporting cast. As its name would indicate, it's laid about the work of the newest fighters of this war, the parachute troopers. But it, too, abounds in fun and romance, and carries with it a thrilling story of the daredevils of the air.

**"Swan Song" For "Juke" Box**  
 The "juke box," one of the noisiest and most ornate fixtures of the American scene, will soon become a war casualty. No more boxes, vending machines, pinball games or weighing machines will be made after April 30—and there's good reason. The larger "juke" boxes contain a surprising amount of the metals important to the war effort—steel for five light machine guns and enough brass to make 750 .30 calibre cartridge cases. "And, incidentally," says the WPB, "two-bits spent for defense stamps plays a pretty and patriotic tune."

**Many Will Be Reclassified**

As in the "proof of the pudding," the proof of teeth requirements in the army now is in the eating, according to Brig. Gen. M. G. McConnell, state director of selective service, who announced today recent changes in the teeth and eye requirements for induction into the army.

Formerly, the General pointed out, the army required that an inductee have a minimum of six masticating and six incisor teeth, three masticating opposing three masticating, and three incisors opposing three incisors. The new dental requirement is merely ability to eat and digest army "chow."

New eye requirements made induction possible for registrants whose vision is not below 20-200 in each eye without glasses if correctable to 20-40 in each eye.

Asserting that approximately 20 per cent of men rejected for military service, were disqualified by former physical tests because of the then stipulated dental requirements and about 14 per cent were unable to qualify because of eye defects, Gen. McConnell said:

"A memorandum from National Headquarters, Selective Service, has requested that all local boards reopen and consider anew the classification of all registrants heretofore classified in Class I-B or Class IV1F by reason of deficiencies in teeth or eyesight. This procedure will substantially increase the manpower contribution of the state of Idaho."

**Tough On "Tough" Beards**

Curtailed of the production of safety razors, straight razors and razor blades has been ordered by the WPB to save valuable metals. Dry shavers are not included in the order, but were taken care of in another. Officials estimated that the curtailment order will make available an average of a blade a week per shaver.

**NOTICE OF ANNUAL SCHOOL MEETING AND ELECTION**

In Pine Creek Common School District No. 91, Latah County, Idaho.

**NOTICE IS HEREBY GIVEN**, That the annual school meeting of Pine Creek Common School District No. 91, County of Latah, State of Idaho, will be held on Friday, the 17th day of April, 1942, at the schoolhouse in said District; the said meeting shall convene at 1:00 o'clock p. m. of said day and continue uninterruptedly until 3:00 p. m. The following business will be transacted:

1. One trustee to serve for a term of three (3) years will be elected.
2. One trustee to fill out the unexpired term of Jack E. Bailey will be elected.
3. The length of time school will be taught in said District for the ensuing year and the season of the year in which the same shall be taught will be determined.
4. At the said annual meeting in said District the amount of money to be raised by special taxation shall be determined, the levy for which purpose shall not exceed ten (10) mills on each dollar of taxable property of the District; the purposes for which the money derived therefrom shall be expended shall also be determined, and in each instance the proportion of the whole amount which is to be used for the various and separate purposes shall be named.

**Have Very Busy Week**

Fighting to keep consumer costs stable in a price situation which an official characterized as "little short of explosive," OPA last week set a maximum price over finished cotton and rayon goods. Rhodium, a metal of the platinum group, may not be used any more to give a tarnish-proof surface to compacts and cigaret cases. It's needed to coat anti-aircraft searchlight reflectors.

WPB has issued an order prohibiting states from issuing metallic license plates except to new registrants. They may issue small "date tabs" to be attached to existing plates.

WPB has told canners to set aside part of their 1942 pack of fruits and vegetables for the armed services and lend-lease.

OPA has asked makers of rubber drug sundries, which includes hospital and medical products, not to advance prices. They have been allotted a supply of crude rubber and latex.

The plumbing industry will use "simplified" fixtures in replacements. These fixtures will contain smaller quantities of metals needed for war.

Grain is being substituted in part for molasses as a base from which to distill industrial alcohol.

**Hitler's New Name!**

Dear Editor: It seems to me that when the newspapers use the words, "der fuehrer," in referring to Adolph Hitler, they should add the prefix "ver," making the title "ver-fuehrer" or false leader, or when used in a religious sense, the devil, whom I personally consider him to be.

If you think this would not hurt his feelings, I think it would be a good idea to use it in the newspapers in this country.

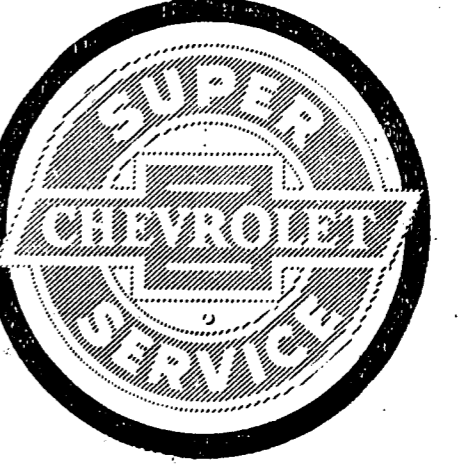

— Carl Kortemeier.  
 Taken from Yakima Herald of January 12, 1942.

**Flashlights To Lose "Flash"**

After March 31, no aluminum, crude rubber, chrome or nickel may be used in the production of flashlight cases or batteries. Tin may be used only in solder, and copper may be used only for electrical contact fittings. The order, of course, is designed to save critical materials for war uses.

**Honey To Be Regulated**

**EDITORIAL**

Well, Folks — It don't seem as if another week had rolled along since I last wrote an editorial for this paper, and as Editorial writing is hard work, and I have a severe case of "spring fever" I'm just going to mention the fact that we want to buy your cream. That we have butter, milk and cream for sale and locker boxes for rent, and then I think I'll resign the pen, use the scissors and devote the rest of this issue to fun — we hope you enjoy it!

Would-be Employer: "Young men, do you have references from your last place of employment?" Applicant: "Yes, sir. Here's their letter. It read: "To whom it may concern. We had Sam Jones working for us for three weeks and we can truthfully say we are satisfied!"

"I'm sending my wife to the mountains for the holidays." "What holidays?" "Mine!"

An usherette was in the dentist's chair. "Now miss," he asked, "which tooth is giving you trouble?" "Second from the left in the balcony."

"Why did you quit smoking?" "Because it looks so darn feminine."

"I ache all over." "What's the trouble?" "A couple of weeks ago we bought a lot of that ultra modern furniture and I just found out that all this time I've been sleeping in the bookcase."

Oldwaltz sez: "The best ten years of a woman's life are between 29 and 30."

### GRAIN MARKET REPORT

Continued from first page)

remain for harvest as beans, compared with the goal of 9,000,000 acres. The prospective acreage of 4,037,000 acres of flaxseed is nearly 20 per cent above the 1941 seedings, but about 500,000 acres short of the desired goal.

Loans on 1941 wheat totaled 356,091,897 bushels, of which 117,795,411 bushels are stored in farms. Repayments to March 21, amounted to approximately 28 million bushels and nearly eight million bushels had been delivered to the Corporation. The total quantity remaining under loan March 21, was 320,327,885 bushels.

In Europe, field work is reported active over large areas, but labor shortages is threatening plans for increasing spring plantings. Recently, days were mostly spring-like, but night temperatures were low. The moisture supplies were said to be satisfactory but winter wheat prospects range mostly from below normal to normal. Severe flooding in the Danube basin has further reduced crop prospects and continued cold weather in Russia has impeded field work. Seeding of spring grain is getting a late start in the United Kingdom because of severe weather in February and early March. The Eire government is attempting to increase acreages of wheat, oats and barley.

In the southern hemisphere good general rains improved the soil for plowing for wheat but delayed the corn harvest. In Australia, plowing has made fair progress, but moisture is needed in some sections.

### GOLDEN RULE

Mr. and Mrs. Ernest Cowger are the proud parents of a son, born March 24th, at the Orofino hospital. The little man arrived on the birthday anniversary of his uncle, Abner Cowger, who celebrated his 35th birthday that day. He has been named David Raymond.

Tea Supply Under Control  
The WPB has placed restrictions on the distribution of the country's entire tea supply and has called on grocers to limit their sales of tea to each family so that available supplies will be distributed evenly among the consumer public and not bought up by hoarders.  
The WPB order forbids tea packers from selling more than 50 per cent of their monthly deliveries in a corresponding quarter of 1941, while receivers, both wholesalers and retailers, are prohibited from accepting more than 50 per cent of their average monthly purchases during 1941.  
In order to assist grocers in limiting sales, WPB also ordered tea packers to discontinue packages containing more than 1/4 pound or 50 individual-size tea balls for sale at retail.  
The man who spends his dollars in Kendrick always has a change to get some of them back.
