KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JULY 16, 1942

NO. 29

POLITICAL POT BEGINS TO SIMMER THESE DAYS

The primary election August 11 is expected to be one of the quietest Latah county political affairs in the past several years, according to a compilation of candidates who had filed their declarations up to the deadline Saturday noon.

Only two offices in the republican ranks will be contested while no battles appear on the democratic front. Two republicans, incumbent Robert Peterson and Aspirant J. Morey O'Donnell, have filed for the prosecuting attorneyship, for one of the races.

The commissionership for the second district is a popular spot among the G. O. P. members with three men, Rudolph E. Nordby, John King and A. M. Craig vying for the nomination.

The democrats failed to field candidates for four county offices, although it will be a two-way fight for the post of sheriff, prosecuting attorney, coroner and the three commissioners at the general election. The republican candidates are unopposed for auditor, treasurer, probate judge and assessor, while the democratic candidate has no opposition for county superintendent. Both parties have full state legislative tickets.

Thirty-four partisan aspirants to Idaho state and congressional offices had filed by the Saturday night deadline.

Of most interest in this section will be the campaign of G. P. Mix, Moscow, former two-term lieutenant governor, who will contest Ed D. Baird of Boise for the democratic nomination for that position. The democrats have a full ticket for state partisan offices, with six of the eight incumbents unopposed for renomination in the primaries, while the republicans lack candidates for three offices.

The list of county candidates follows:

Auditor: republican, Bessie Babcock. Democrat—none.

Sheriff: republican—Geo. K. "Hap" Moody. Democrat—R. C. "Speed" Lange.

Treasurer: republican—Leola R. King. Democrat—none.

Superintendent: republican—none. Democrat—Horace J. Woodworth.

Probate judge: republican—L. G. Peterson. Democrat—none.

Assessor: republican—Walter Q. Taylor. Democrat—none.

Prosecuting attorney: republican—Robert W. Peterson and J. Morey O'Donnell. Democrat—Tom Felton.

Coroner: republican—Howard R. Short. Democrat—Charles M. Carlsen.

County commissioners: First district: republican—Alvan Strong. Democrat—James M. Elane. Second district: republican—Rudolph Nordby, John King and A. M. Craig. Democrat—Tom Rogers. Third district: republican—George C. Hoidal. Democrat—King D. Ingle.

Representatives: republican—Victor T. Morris and Arthur Snow. Democrat—James O. Broyles and Paul Carlson.

Senator: republican—Milburn Kenworthy. Democrat—J. H. Neil.

State candidates are as follows: U. S. senator: democrats, F. M. Bristol, Pocatello; J. R. Bothwell, Twin Falls; Charles C. Gossett, Nampa; Dr. Owen T. Stratton, Salmon; Glen H. Taylor, Pocatello.

Republicans: John Thomas, incumbent, Gooding; John S. Sanborn, Hagerman; Presley Horne, Caldwell.

First district congressman: democrat, Cornton I. White, incumbent, Clark Fork; John Knox Coe, Coeur d'Alene. Republican: Henry C. Baldrige, Parma.

Second district congressman: democrats: Frank J. Keenan, Boise; Arnold Williams, Rexburg. Republican: Henry Dworshak, incumbent, Burley.

Governor: democrat: Chase A. Clark, incumbent, Idaho Falls. Republican: C. A. Bottolfson, Arco; William Detweiler, Hazelton; Thomas D. McDougall, Boise.

Lieutenant governor: democrats: E. D. Baird, Boise, and G. P. Mix, Moscow. Republican: Edwin Nelson, Penn.

Secretary of state: democrats: George H. Curtis, incumbent, Boise. Republicans: Charles R. Boyley of Bonners Ferry and James W. Keating of Harrison.

State auditor: democrats: Calvin E. Wright, incumbent, Boise. Republican: Courtney L. Schoenhut of Cascade.

State treasurer: Myrtle P. Enking, incumbent, Gooding, democrat. Republicans, none.

Attorney general: democrat: Bert H. Miller, incumbent, Idaho Falls. Republicans: Robert Ailshie, Boise, and Hoyt Ray of Twin Falls.

Supt. of public instruction: democrats: C. E. Roberts, incumbent, of Boise. Republicans: none.

State mine inspector: democrats: Arthur Campbell, incumbent, of Mulan, and Howard Rishew of Kellogg. Republicans, none.

Better Get Your Tax Stamp

A survey has been made and it indicates that only about 50 per cent of the cars in use have the U. S. internal revenue motor-use stamps affixed to the windshields. To operate any motor vehicle without the stamp, which signifies the payment of the Federal tax, is in violation of the revenue laws. It is the patriotic duty of every citizen to pay all Internal Revenue taxes.

This is the final warning to all car owners to secure the proper stamp at once.

If and when gasoline rationing is made effective in the State of Idaho, it will be necessary to have the number of your stamp on the ration card. The motor vehicle use stamp for the fiscal year was due July 1, 1942.

Miss Mildred Wegner Married

Mrs. George Havens received word Wednesday morning of the marriage of Miss Mildred Wegner, daughter of Mr. and Mrs. Carl Wegner of Pullman (formerly of Cameron) to Leonard Hansen, also of Pullman but who is now in the armed forces and stationed at Seattle. The marriage took place in Seattle on Saturday, July 11.

Miss Wegner is well known here, having attended and graduated from the Kendrick high school with the class of 1934.

The good wishes of all go with them.

WHAT KENDRICK PEOPLE WERE DOING 20 YEARS AGO

Sheriff John L. Woody of Moscow was in Kendrick on business last Wednesday.

The park lights have been turned on for the summer to wipe out the dark corners that ordinarily prevail in the city shade factory.

Tom Long, "Barney" Oldfield, R. D. Newton and A. K. Carlson left Saturday in the Carlson car for a week's fishing trip in the North Fork of the Clearwater country beyond Pierce and the Bungalow. Everyone should prepare to hold their faces straight when they hear about the big ones that ruined good fishing tackle or pushed the lid off the basket in making their get-away.

Miss Florene Hollada, who has a position as bookkeeper with the Moscow First National Bank, is spending her vacation in Kendrick with her mother and sisters.

A letter to E. P. Atchison, mailed at Missouri Valley, Iowa, July 6, George Barnum states that he is headed west, by auto, but owing to a cloudburst at Missouri Valley he was unable to get through and would be held up there for a couple of days.

Mrs. Rufus May and Pearl and Gertrude May were listed as patients discharged from St. Joseph's hospital at Lewiston last week.

John Waide, well-known Kendrickite, now sojourning at Deary, spent the week-end with his family at Kendrick. With reference to crop conditions in the immediate vicinity of Deary, Mr. Waide believes them to be quite a little below the average, to say the least. Fall wheat will probably yield 12 to 15 bushels and spring grain promises to make fair hay, if it grows tall enough to be caught by the binder. Beans, as usual, are the saving factor and there will be a bumper crop if the present indications are taken into consideration.

A deal was closed Tuesday whereby Mr. and Mrs. J. C. Bump of Spokane, Wash., became the owners of the Mary Hood property. Mr. and Mrs. Bump will make their home here. Mrs. Bump has two sons living in this vicinity, Fred and Frank Crocker. Mr. Bump is a retired physician.

Fairview Items—The following were Sunday guests at the home of Mr. and Mrs. Frank Wilken: Mr. and Mrs. Fred Schoeffler, Herman Johnson, Ralph Gehre, Mr. and Mrs. Jack Savage and daughter, Mr. and Mrs. Peter Rowley and son, Mr. and Mrs. Jim Helton, and Miss Edna Freshman. Ice cream, cake and sandwiches and lemonade were served during the afternoon.

Cameron News—Mr. and Mrs. Geo. Ehlers motored to Spokane Thursday. Anna and Hannah Wegner returned with them. Mrs. Oldag went to Genesee Tuesday to visit her daughter. Mrs. Henry Flomer and family, returning Saturday. Carl Flomer was visiting relatives in Cameron Saturday and Sunday, returning to his home at Genesee Sunday evening.

Big Bear Ridge—Master LaVern Dahlberg of Avon is visiting his grandparents, Mr. and Mrs. J. J. Slind. John Heath has gone to Texas ridge to spend some time with his brother, Newt. Miss Helen Slind is visiting her sister, Mrs. H. Dahlberg, near Avon.

Camp And Beach Fires

Manning Onstott, local state fire warden, has received the following communication regarding camp and beach fires:

"Col. William L. Ritter, A. G. D. Ass't Adjutant General of the Western Defense Command and Fourth Army Presidio of San Francisco, Calif., has issued the following instructions:

"No camp fires will be permitted after dark unless they may be extinguished immediately upon the receipt of air raid warning. This will necessitate camp fires being prohibited in any area except where provisions are made for immediate receipt of air raid warning signals. I believe the way we should interpret this order is the restricting of all camp fires at night as there are so few that would have radio facilities at hand all the time. I believe this should include all types of burning where the fire would be apt to burn after dark."

Haying And Bean Work On

There is far less correspondence in this week's issue of the Gazette than ordinarily, and it is due to the fact that everyone is busy with haying and other farm work, chiefly in the beans.

Haying operations have been greatly retarded this spring and summer by rains, and everyone is now making desperate efforts to catch up.

It is stated that beans are doing very nicely, but that weeds are likewise growing at a high rate of speed. Many say they will soon have to call for help in hoeing in the bean fields.

Citation For Bravery

Word was received Monday by Mr. and Mrs. George Davidson, from Mrs. Geo. Davidson, Jr., of Astoria, saying that George Jr. together with 17 other members of his flying squadron, had been recommended for citation for bravery, following air action against the enemy.

The communication did not reveal where or when this action took place, but is presumed to have been at or near Dutch Harbor.

Mr. and Mrs. Davidson are anxiously awaiting further word of this award.

George, Jr., is in the naval aviation.

COMMERCIAL CLUB ELECTS AND INSTALLS OFFICERS

The regular monthly meeting of the Kendrick Commercial club was held Monday evening of this week in the basement of the Community church with 19 interested members present.

Following the reading and approval of the Minutes of the previous meeting and reading and approval of the treasurer's report, the regular business of the meeting was taken up.

L. S. Thurber, chairman of the Merchants' committee, guiding hand of the Fourth of July picnic, read a complete report of the receipts and disbursements for that day's entertainment. He said that in his opinion the day was a real success, and that all committee heads connected in any way with the program were entitled to a vote of thanks, which was promptly extended by the club.

This concluded the old business of the year, and nominations for officers were in order, with A. O. Kanik-Keberg bringing in the nominating committee's report, as follows:

L. S. Thurber, president; Wade T. Keene, vice president; Frank Abrams, secretary; A. O. Kanik-Keberg, treasurer. These nominations were accepted and the secretary ordered to cast a unanimous ballot in their favor.

This done, the new officers assumed office. The first business was a vote of thanks to the Hon. Burton L. French for his address July 4th, a service for which he would accept no pay or expense money, and the secretary was instructed to convey to Mr. French the club's thanks.

Regular business was then taken up, with N. E. Walker reporting for the Highway committee. Mr. Walker stated progress was being made in the ridding of the American ridge road, but that it was slow due to inability to secure workmen.

E. A. Deobald of the Industrial committee reported that the Thomas sawmill was scheduled to resume operations soon, and that it would offer employment to a number of men.

George Brocke and A. O. Kanik-Keberg reported on the progress of the new Kendrick Co-operative creamery. They stated that the local organization was ready to go, but that final government approval of title was still lacking, but should be ready soon. The necessary cows and financial aid for its operation is assured at this time.

George Brocke also reported on the "electric eye" bean picker now in 24-hour a day operation at the Bean Growers plant. He stated this was the most modern plant west of Nebraska.

Marvin Long, reporting for the Fish and Game committee stated that 5951 magpie heads had been brought in up to and including June 30 the close of the contest. This number is slightly under that of last year, but the heads were said to be of larger and older birds, thus cutting down the percentage of 2nd-hatch numbers. Mr. Long also reported 60 mature chinks had been released in this section during the past month, which would somewhat replace birds killed in the hailstorms earlier this spring. He also stated that the fishing season in local streams would close July 15.

Manning Onstott, new deputy state fire warden stressed the fire danger these days, and made particular mention of the necessity for fire permits. He stated that good rural organization had been perfected in Nez Perce and Clearwater counties, but that practically nothing had been accomplished in Latah county, due to lack of co-operation on the part of county authorities.

He reminded all that the U. S. army now controlled the fire laws, and that penalties were very severe.

Mr. Onstott stated that Edgar Long, village marshal, had charge of the issuance of permits within the corporate limits. Mr. Long said help would be given in the cleaning up of fire hazards within the town.

The matter of a Home Guard unit was then brought up, and after considerable discussion, due in the main to lack of information a committee consisting of W. L. McCreary, R. L. Blewett and Tom Long was appointed to make an immediate investigation of the requirements for such a unit, contact a capable commander, and have a full report ready for the next meeting.

Then following a vote of thanks for their services to the retiring officers, the meeting adjourned.

Parents Or A Son

Mr. and Mrs. Lawrence Slead of Juliaetta, are the parents of a son, born at 4:21 a. m., Monday, July 13, at St. Joseph's hospital, Lewiston.

Parents Of Son

Word was received in Kendrick Tuesday of the birth of a son to Mr. and Mrs. Ralph Reid of Tacoma, Wash.

DOMESTIC GRAIN PRICES DEVELOP SHARP RISE

Domestic wheat markets became much firmer during the week ending July 10, the U. S. Department of Agriculture reports. A sharp advance in wheat prices occurred during the period, influenced by the trend in congressional debates toward full parity levels for Federal crop loans and additional large flour sales in the midwest. The July and September wheat futures advanced at Portland along with strength at important midwestern futures markets. Cash wheat prices in the Pacific Northwest followed the advance in futures with prices at Portland showing advances of as much as 4c per bushel compared with the previous week. Despite the price advances, however, between season dullness continued to prevail in the cash wheat markets of the Northwest, with mills continuing to furnish about the only outlet for the current light market offerings. Growers were not selling freely in the country, since current quotations are below federal loan values by several cents per bushel. Wheat receipts of 497 cars at Puget Sound and Columbia river terminals for the week principally reflected movement of government owned wheat to coast terminals and compares with receipts of about 900 cars for the same week last year. Some improvement in domestic flour business was reported by mills in this area, but no export flour sales have been reported since July 1. Outside of the immediate needs of mills, trading in the cash wheat market at Portland has been very quiet, with both buyers and sellers inclined to await the outcome of congressional action on the agricultural bill now under consideration.

Cash wheat bid prices at Portland on July 10, were as follows, for 15-day shipment, country origin: soft white 98½¢; soft white, no Rex, \$1.00½; white club \$1.00½; western red \$1.00½; ordinary hard red winter 95c per bushel. For deferred shipment, warehouse receipt basis: soft white 98½¢; soft white, no Rex, \$1.01½; white club \$1.00½; western red \$1.01½; ordinary hard red winter 96½¢ per bushel, all basis No. 1 grade in bulk.

Latah Leads In Rubber Drive

Homs, farms and industries of Latah county have contributed more rubber toward the salvage effort than any of the other five northern Idaho counties, final figures for the complete drive show. More than 32,000 pounds ahead, Latah county came down the home "stretch" with 378,008 of the 1,218,975 pounds turned in from the five counties, according to available information from drive chairmen. The drive started June 15, and ended at midnight on July 10.

The next largest amount was collected from Nez Perce county, where 345,332 pounds were gleaned; Idaho county collected 242,893 pounds; Clearwater, 134,359 and Lewis 116,883. With a quota of 1,948,797 pounds, the five-county district fell short of the mark set for it on a population basis by 721,822 pounds.

Final results of the drive in the Polkatch section, headquartered at Kendrick, showed the following figures:

Purchased, lbs. 40,037

Donated, lbs. 890

Total pounds 40,927

WPA collection previous to and during drive 3,500

Grand total 44,427

We quote from a letter received by local rubber collection agencies from Boyde W. Cornelison, Chairman of Dist. No. 2, Scrap Rubber Drive, as follows:

"You boys have done a fine job up there in your section of the country and I want to congratulate you. I haven't the figures right off hand on population but I wouldn't be surprised but what you may be holding the lead position for pounds per capita in this area."

Figures show that Latah county led the district with 18,000 pounds donated by those who preferred to ignore the penny-a-pound price offered. Nez Perce county donated 15,000 pounds. In Clearwater county 1,800 pounds were donated.

Elevator Soon Completed

Tuesday of this week the big grain augers for the new Lewiston Grain Growers conversion job at Juliaetta arrived and the construction crew is busy installing them at this time. This week is expected to see this plant completed and ready to receive grain.

On Wednesday the augers arrived for the "conversion job" of the Lewiston Grain Growers plant (old Vollmer-Clearwater warehouse) but Mr. Keene, local manager, said that it would hurry the crew to have this plant ready for use by harvest.

However, it is expected that the plant will be ready to go. Its capacity will be 175,000 bulk bushels, or slightly more than was first thought. At this plant bulk oats and barley will be cared for, the same as wheat. This, of course, will go far toward eliminating the sack problem, which is a very serious one throughout the entire nation.

Purchased Home

Mr. and Mrs. Ed. Reglin closed a tentative deal last week for the purchase of the "Grandma" Stanton property from the Stanton estate.

As planned at present Mrs. Nettie Stevenson will occupy the little cottage on the property, now occupied by Mr. and Mrs. Axel Swanson.

Today, More Than Ever Co-operation Will Win The Battle!

And today, we have that example ever before us. Records show that it was the splendid co-operation of land, sea and air forces that enabled us to win the smashing victory at Mid-way, a victory that set the Japs back on their heels, and probably saved the Hawaiian Islands themselves from a direct attack. And it is co-operation between land and air forces that has made possible the great 1,000 plane raids of the British on the Nazis.

It was co-operation between the people of the Potlatch section and the local oil dealers that made possible the collection of the tons of old rubber that are now so vitally needed, as well as the many carloads of scrap steel also badly needed in our war effort.

So day after day, before our very eyes we have many examples of the things that co-operation can accomplish. And it can accomplish as much in every-day life.

In Kendrick you find a market for your wheat, oats, beans, cream, butter, eggs, and in short, most all farm produce — and you can find almost everything in Kendrick that you may need for your farm or home. Considering war conditions, you will find the stores and other business institutions unusually well stocked in preparation for harvest, so save those precious tires, and valuable time by doing your selling and buying in Kendrick.

We think you'll find the Kendrick business houses mighty fine places in which to transact your business.

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

Sunday visitors in the Ed. Halseth home were Emmett Rush and Boyd Leland of Clarkston and the Misses Margaret and Helen Halseth of Lewiston. Ed. Lien spent the week-end in Spokane with his daughter, Mrs. Ray Chick. Miss Agnes Rogstad of Walla Walla, was a week-end guest of Mrs. Johanna Nelson. Mr. and Mrs. Fred Gladden visited Mrs. Ira Altig last week at the Gritman Memorial hospital in Moscow. She is recovering nicely from her recent operation. Oliver Bruseth of Clarkston is visiting with his grandparents, Mr. and Mrs. Ole Lien. Mr. and Mrs. A. W. Jones and Pauline were Lewiston visitors on Thursday. Miss Hattie Abbott, Home Demonstration agent of Moscow, gave instruction on the preserving of fruit by using less sugar, pressure cooking and drying at the club meeting at the hall Friday afternoon. The Troy club were invited guests and a lunch consisting of ice cream, fresh strawberries, cookies and fruit punch was served to more than 50. Numerous huge vases of roses, sweet peas, delphiniums and other summer flowers throughout the hall added much to its appearance. English services will be held at the Lutheran church at 3:00 p. m. Sunday, July 19. Johnny Sherbon of Gifford has returned to his home, after spending several days with his grandparents, Mr. and Mrs. A. W. Jones.

PINE CREEK GOSSIP

Bette Ann Glenn is visiting her grandparents, Mr. and Mrs. John Glenn, at Fairview this week. Mrs. Roy Glenn was a Moscow business visitor Wednesday. Artalee Bailey visited Thursday evening in the Frank Wilken home. Roy Glenn and family picked berries at the Angus Fry place last Friday. William Riley and sons and Frank Wilken were fishing at Elk River Sunday. We did not learn their luck. Mr. and Mrs. Fred Bailey visited Monday in the Oscar Huffman home. Artalee Bailey visited the first of the week in the Earl Hoffman home in Clarkston. Most everybody is so busy working in the hay that there isn't much to write about. Logs Moving Rapidly
Many carloads of logs and ties have left the Potlatch section so far this year, and operations are still proceeding full blast. A number of truckers, among them Elmer Cuddy, Bill Fry and George Finke are hauling their logs through town and on to the "sheep ranch" below Spalding junction, where they are dumped into the river for Potlatch Forests. Claud Craig and sons are shipping their logs from a Kendrick log dump via N. P. freight, and Dietrich is shipping his ties from a Kendrick siding. Information on how many carloads have left Kendrick by rail and truck is not known but the total would be a really large one.

STONY POINT VICINITY

Mr. and Mrs. Clarence Heimgartner are home from a visit in California with friends and relatives. He expects to leave for army service soon.
 The Hugh Parks and Newt Heath families spent the 4th in Kendrick. Al Heimgartner and family spent Sunday, July 5th, in the Cletis Hoisington home.

Due to the rush of work only nine attended the military meeting at Cherrylane Wednesday evening. While engaged in breaking a colt Bill Farley suffered a leg injury, and is now in St. Joseph's hospital with blood poisoning.
 Fay Heath is working for a few days in the Klopfer home.

Evelyn Heath has been working for some time in the Stevens home. On July 5, honoring Mrs. A. B. Deane, a picnic was held up Mission creek with the Lee McCreary, George Coffland and Ernest Steigers families present. Miss Betty Tolliver of Culesac was also present.

Earl Heimgartner has been inducted into the army, and expects to leave July 25.
 After receiving no word for a long time, Mrs. Heath is glad to report she has received word from her son, Eugene.

Johnny Schetzie, who has been teaching for some time in the Pribilof islands, off the coast of Alaska, has returned to the home of his parents, Mr. and Mrs. Wm. Schetzie, for a visit.

Mr. and Mrs. Lloyd Brown and children, Marie, Don and Carol, spent the Fourth at Moscow with relatives. A small party of fishermen sallied forth Sunday. The group was made up of Mr. and Mrs. Alvin Steigers and children, Mr. and Mrs. Ernest Steigers and children, Floyd Heimgartner and Bob Coffland. The roads still show the drubbing they took during the hunting season.

Mr. and Mrs. Arthur Schneider were recent dinner guests at the Wm. Steigers home.
 Mrs. Garrett and Mrs. Geo. Minden were recent afternoon guests in the Newt Heath home.

EDITORIAL

Well, Folks — It rather seems as if the war news is again black — and that don't make us feel any too good. So, having just received a line of "snappy" new jokes, were going to just mention that we want to buy that cream and rent you a locker box, and devote the rest of this issue to fun.

In 1905 when girls did swim, They dressed like Mother Hubbard; But now they have a different whim, They dress more like her cupboard!

Two men had just made their exit from the theatre, and evidently it had been a poor picture, judging from the expression on their faces. One of them said: "You know, it certainly is won-

derful how pictures have advanced these last few years." "How do you mean?" "Well, first there were the silent pictures, then came the talkies, and now this one smells."

The little boy had difficulty pronouncing the letter "R" correctly so the teacher, thinking to improve his speech, asked the lad to repeat this sentence after her:

"Robert gave Richard a rap in the ribs for roasting the rabbit so rare."

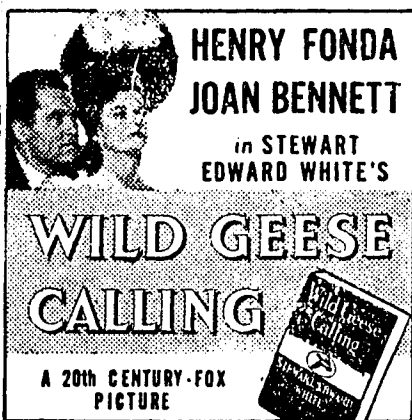

The boy was stumped for a minute, then he said: "Bobby gave Dick a poke in the side for not cooking the bunny enough."

The fellow who has the most time to kill usually want to kill it with someone who hasn't.

Read the Bullitin, keep posted.

Gerald and Jean Morris were Sunday guests in the Milton Benjamin home.

Mr. and Mrs. Lloyd Ware and family visited Sunday with Mr. and Mrs. Herman Travis.

Mrs. Essel Stalnaker visited with Mrs. Wade Candler Thursday.

Mrs. Effie Baaken left Thursday for Canada, after spending two weeks here visiting with her sister, Mrs. Jack Travis.

At The Local Theatre

This week's offering at the Kendrick Theatre will be Stewart Edward White's great story of the great out-of-doors, "Wild Geese Calling", while stars Henry Fonda and Joan Bennett, assisted by a all-star cast.

Nearly everyone has read this great story of the Pacific Northwest and of Alaska, with it's true-to-life action of the days when this country was young, and men were men.

It's a story of action, of love, of great friendships and great and little men in the logging industry in its infancy.

In addition the usual cartoon will also be shown.

Form Idaho Volunteer Reserve

The Leland section has formed a Idaho Volunteer Reserve unit of which many towns far greater in population could well be proud, for they now have 60 members, and more are desired. The following very clearly and definitely states the case as they see it — and as all should see it:

Summons:
Court of Justice and Humanity.
Case of United Nations vs. Axis:
Summons to men of patriotism and energy of Nez Perce County, Idaho.
Realizing that if you lived in an Axis nation you would be told what to do and that for generations all men were compelled to have military training. In America this has not been required and therefore becomes the more important now that we all prepare ourselves physically, mentally, and in every way to become the best trained civilian army in the world.

Therefore, you are requested to join the Idaho Volunteer Reserve. Please contact your nearest company and offer your help. Our men in service are giving all their time and risking their lives—surely we can devote a few hours a week.

Your name is on our County Roster as eligible to join and we are counting on you. However, you must be acceptable to the company and abide by rules and regulations.

The company nearest you will meet as follows:
Company No. 9.
Meeting place: Leland school.
Day of meeting: Each Sunday.
Hour of meeting: 2:30 p. m.
Red blooded Americans — what is your answer?

The following are officers of the Leland unit: M. F. Vincent, captain; Dennis Kuykendall and Jesse Thornton, lieuts; G. F. Criddlebaugh, sgt.; Herman Johnson, Roy Craig, Lyle Harrison, John Erwin, Gordon Peters and Homer Parks, corporals.

In giving us this news item Mr. Vincent and Mr. Johnson said that they would be glad to have anyone from Kendrick who is interested in this patriotic work, come up and join them, but would also like to see Kendrick form such a unit.

Capt. Vincent urges all members to come out Sunday afternoon, as important business regarding uniforms will come before the meeting.

Evelyn Gustafson In Alaska

Monday of this week the Gazette received the following communication from Miss Evelyn Gustafson, daughter of Mr. and Mrs. Oscar Gustafson of Big Bear ridge:

Dear Editor:
Here I am writing to change my address again. It seems to be a habit with me.

I just started my new job up here today and I really think I'll like it a lot. We had a grand trip coming up from Seattle. The scenery is far more beautiful than I ever dreamed.

As for Anchorage itself—I like it very much. I'd always heard the cost of living was so high here, but it is much like Seattle. The people, so far, have been very nice to us.

I'm rooming with two other girls here and we really have a good time together. They came up with me on the same job.

Will you please forward my paper to me here and I'll surely appreciate it.

Sincerely,
Evelyn Gustafson,
General Delivery, Anchorage, Alaska.

SEE THAT SHELL!

Only WOLVERINE SHELL HORSEHIDES

Have This 3-Ply Shell Leather
In Both Soles and Uppers!

SHELL HORSEHIDE is the strongest, toughest of leathers. It is found ONLY in that part of the hide over the horse's hips. The inner-shell is the center layer—a tough substance like a cow's horn, or your fingernail. Its resistance to wear is much greater—because the wear comes on the end of the grain, like the wear-resisting wood in a butcher's meat block! Wolverine's exclusive, secret, triple-tanning formula makes this tough inner-shell leather buckskin SOFT, yet retains all its extra strength.
