KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JULY 23, 1942

NO. 30

WHAT KENDRICK PEOPLE WERE DOING 20 YEARS AGO

John Heath was a passenger for Spokane Tuesday morning. John Halseh spent Sunday in Kendrick with his mother. John is working at Camp 2 near Bovill, as time-keeper for the Potlatch Lumber Co. Since commencing his work there he has improved greatly in health.

The L. J. Herres family expect to leave the latter part of this week for the wilds above Pierce City and the Bungalow. They will be met at Peck by Jim Kaylor and family, who will accompany them on the trip. They will go by car to the Bungalow and will then pack in as far as there is a trail out.

E. J. Eckton, an expert stepladder, has just completed several "high" jobs in this district, among which are the painting of the Juliaetta flag pole and the 110-foot pole at Southwick. In both places the cracks were filled with putty and the poles given two coats of paint.

Mrs. J. C. Gregory of Pasco, Wn., arrived Tuesday afternoon to visit in the home of Mr. and Mrs. N. E. Long.

Leroy Southwick, county commissioner for Nez Perce county, arrived from Lewiston Tuesday afternoon, enroute to his home at Southwick.

N. E. Walker is now showing off the good points of his new Dodge car to an interested public.

The Kendrick Rochdale company is putting in a new approach to their upper warehouse and making a very substantial job of the undertaking.

The Nez Perce Indians are now passing through Kendrick on their annual pilgrimage to the huckleberry fields in the mountain country. Just like everyone else, they don't seem to care much whether they get berries or not as long as they find feed for their cayuses and have a big camping trip. One of them indicated that he was not only going to get berries but also a bear.

Emulus Brown, Earl Jones, Gilbert Riley, Kester and Edgar Dammarell left for the country tributary to Pierce City to fight fire, Saturday morning. A request came from headquarters at Orofino Friday evening, stating that several new fires had started and to send all the men available. Herman Schupfer drove them to Orofino.

Bob Spencer, assistant at the local depot spent Sunday in Spokane with friends.

A marriage license was issued in Lewiston on Saturday, July 15, to Vance Penlund of Juliaetta and Miss Gertrude Hunt of Crescent, formerly of Kendrick.

Mr. and Mrs. James Kaylor and son of Peck spent Saturday and Sunday in the Louie Herres home.

An item in Wednesday morning's Lewiston Tribune notifies the traveling public that beginning on Wednesday, July 19, Northern Pacific train No. 313 would be annulled and that beginning on Thursday, July 20, train No. 312 would also be taken off this run. A. E. Wilcox, the Kendrick agent, received official notice of the train changes on Wednesday — it might be well to watch the columns of this paper for notice of a sudden change in the above schedule.

Although the new grade around Powell Hill is not officially completed at this writing, several teams and one or two cars have been driven over the new route. It is probable the contractors will be through with their work before the end of this week. The grading is just about done and after the ditch is dug along the upper side of the road for drainage and the rock fill on the Juliaetta end surfaced with clay, the contract undertaken by Mr. Bolon will be considered as finished.

A young rattlesnake made the sad mistake of coming in too close to civilization last week and went the route that all rattlesnakes should go. He came down to the creek near the swimming hole, probably driven to drink by excessive heat, and was immediately met by a delegation of youngsters who promptly removed his head, hide and rattles.

Emery Jenks returned Sunday from spreading the surface rock on the road extending west from Southwick, the distance being about one-half mile. The improvement of this stretch called for some very heavy work in grading, but the total cost was only \$1,800. The county crushed the rock without cost and the people of that section hauled the same without charge. The road is now in fine shape as far as the high line of the Potlatch district and there remains to be improved only about one mile.

W. W. McAllister and Andrew Galloway were badly bruised and shaken up in an accident on Bear Ridge grade on Monday afternoon. The men were driving in a grain rack and got too close to the edge of the road allowing the wheels on one side of the wagon to slip off the grade. The rack overturned, throwing both occupants down the hill for some distance. Mr. Galloway received bad bruises and a cut over his left eye and Mr. McAllister was rendered unconscious for some time when he struck on his head and shoulders. The men were at first thought to be much more seriously injured and Dr. Otteraaen was called to make an examination. No bones were broken in either case and their recovery is only a question of time.

The dry season is here and the unusual lack of spring rains has made our forest sections a veritable tinder-box. The smoke of burning forests is a signal and a warning to all. It should teach that an excess of caution is only wise.

Requirements Relaxed

Navy applicants who have found the entry physical examination too exacting are now offered another chance to enlist in the United States navy, with new bureau of personnel regulations loosening requirements in a manner which will make it possible for thousands who have been rejected as navy material to enlist after all.

The changes are in regard to portions of the physical examination relating to the teeth, the eyes, the weight and height of the applicant.

The requirements have been relaxed considerably, and all applicants who have been rejected for any physical disability, are urged to try again, by applying at their local navy recruiting station.

SERVICE MEN WRITE TO FRIENDS AT HOME

San Diego, Calif. July 15, 1942

Dear Mr. McCreary: I received word today that if I would write for the Gazette you would send it to me. I would surely appreciate it if you would, as I am still interested in the Kendrick, Juliaetta and Cameron folks.

I am stationed here for the present at least, and like the navy fine. It's all very different from my home life, but I'll get used to it. Of course I get lonesome, but if I can get some letters from home and then get the paper, I'll feel much better. I would appreciate it too, if you would give my address to the people who know me, whom you might see.

I would also appreciate it if you could get someone from Juliaetta to write news from that town.

Sincerely yours,
Lester C. Slead.

Jefferson Barracks, Missouri July 15, 1942

Dear Friends: Bert Hoffman and Ed. Wegner the drick Gazette to me here. It is about the only way I will have of knowing what is going on in the old home town.

Perhaps it might interest you to know that I am in the Air Corps. I should be here about three more weeks before being sent to a permanent base.

Your truly
Orville G. Sparber

Ed's Note: His brother, Walter Sparber, is in the anti-aircraft service.

New York N. Y. July 16, 1942

Dear Friends: Well, here I am again. Seems like I keep pretty busy moving around pretty fast in this business, and now I've got another change of address, so thought I'd better notify you, as I sure appreciate the paper, and it's getting so I'm almost lost without it.

Yours truly
Everett Fey.

Gray Field, Wn. July 19, 1942

Dear Mac: Just a few lines to let you know that I am still alive. I am still stationed at Gray Field, but I have been transferred from the squadron I was in to the Observation Squadron.

Thanks a lot for the paper, Mac, and I would like to have you send the paper to my home address at Tacoma Wash., that is where I live now, and have since the 24th of May. All married men here at this field get over-night passes so they can be at home, so we are out of camp from 5:00 p. m. to 7:00 a. m.

I am still in the "medics" unit, have started on a 13-week training schedule, and I have 12 more weeks ahead of me. I would surely like to hear from anybody around there that would write. I don't have much time for correspondence anymore.

We have been having quite a bit of rain here.

I would like very much to have you send the paper to my home address, because I leave camp before mail call.

This week I had a two-day pass that started Saturday morning, so I did not have to go back to camp, so did not get the paper, and I can hardly wait to get my hands on it and read the news.

As ever
Felix R. Holt.

Receives Word Of Sons

Mrs. Chas. Weber received word last week-end from an army camp, saying: "I was lying on my bunk last night when Chris walked in. He had a four-day furlough. I got a 24-hour pass and we were together that long for a visit. I sure was surprised, but mighty glad to see him. He says he has gained 25 pounds since he joined the navy."

The boys bought some present for their mother, and also sent a picture of themselves in uniform, which, with the presents, she prizes highly.

Burn Off Hillside

Manning Onstott, Frankie Abrams and Doy Tout, local state firewaders, assisted by Edgar Long, Edgar Dammarell, R. L. Blewett and others on the hill, partially burned off the north hill slope in town Wednesday morning, in an effort to remove a serious fire hazard.

The balance of the slope will be burned off as soon as possible.

Tonsillectomy

Dorris Nye, daughter of Mr. and Mrs. Alvin Nye of Juliaetta, had her tonsils removed at Dr. Christensen's office Wednesday morning. She is getting along nicely.

BIG CHIEF WAHOO

KENDRICK PIONEER PASSES AWAY MONDAY MORNING

John L. (Roy) Plummer, 66, a resident of Latah county about 50 years, was stricken with a fatal heart attack here Monday morning about 7:30 o'clock, while standing on the street near the Ferryman Confectionery Business on the street, at that time, who saw him fall, immediately summoned medical aid, but examination disclosed that death was instantaneous.

Mr. Plummer was a bachelor, and had made his home, since the death of his mother some years ago, with a niece, Mrs. Ivan Craig.

John L. Plummer was born at Holly, Minn., February 5, 1876. He came west with his parents about 50 years ago, the family locating first in Moscow, from where they moved to Troy, thence to Kendrick in 1897, and where he had since lived. He was a brick mason and concrete worker by trade, and almost every building or home in Kendrick had received work at his hands.

The past few years Mr. Plummer had been employed by the government in C. C. camp construction work, and it was only about two weeks ago that he returned to Kendrick for a rest and visit.

Surviving are his sisters, Mrs. Harry Taylor, Spokane, Mrs. I. S. Berg, Spokane; Mrs. Lionel Glasier, Portland; Mrs. A. E. Alexander, Seattle; Mrs. W. J. Coffey, Lowell, Mass.; Mrs. L. J. Steed, Coules City, Wn.; and one brother, Ernest Plummer Spokane.

Services will be held today (Thursday) from the Community church at 2:00 p. m., with the Rev. Roy Murray officiating.

Arrangements are in charge of Short's Chapel.

Second Sugar Rationing

Sugar is now being rationed at the rate of one pound to every four quarts of fruit you may wish to can, within a reasonable amount, based to a certain extent on the canning done last year.

Mrs. Hiram Galloway, local official in charge of purchase certificate issuing, states that the first rationing will of necessity have to be deducted from the total amount necessary for canning purposes.

Mrs. Galloway also states that if you have already been issued a second purchasing certificate by the Moscow board, please not ask for a third, without an order from Mr. Kenworthy, chairman of the Latah County Rationing board.

Mrs. Galloway states that it is not necessary for you to appear in person for this second certificate. You may send by a neighbor for it, or phone and it will be made out and left for you at a local store. This, of course, may save anyone a trip to town.

Mrs. Galloway states that she will be at the Kendrick school house again to care for all Latah County residents from 1:00 to 8:00 p. m. on Saturday, July 25.

To date 185 certificates have been issued, and there are still 100 who are entitled to more canning sugar, according to registration blanks.

Bridal Shower

The home of Mrs. R. L. Blewett was the happy scene of a bridal shower last Friday evening, honoring Miss Arlene Deobald.

The rooms were festive with their exquisite bouquets of pink and white snap dragon and baby blue delphiniums making a perfect setting for the mock wedding and furnished many laughs for those present.

Those taking part in the mock wedding were: Mrs. Marvin Long, bride; Mrs. Wade Keene, groom; Mrs. Edgar Long, bride's father; Mrs. N. E. Walker, minister; Mrs. Harold Thomas, musician.

Following the "ceremony," the bride-to-be was seated at a lace covered table, laden with gifts for her to open.

Dainty refreshments were served by the following hostesses: the Mesdames Grace Thomas, Esther Blewett, Eva Keene, Irene Christensen, Alberta Schupfer and Floy McCreary.

MISS ARLENE DEOBALD BRIDE OF JOE WATTS

Miss Arlene Deobald, daughter of Mr. and Mrs. E. A. Deobald of Kendrick, became the bride of Joe Watts, son of Mr. and Mrs. W. A. Watts, Kendrick, at a quiet home ceremony Sunday afternoon at 2:30. The Rev. Roy Murray officiated at the service, at which only the immediate families were present.

Given in marriage by her father, the bride wore a floor-length gown of white satin, and her finger-tip veil was held in place by a band of pale pink rosebuds and gardenias.

Miss Ann Deobald was her sister's maid of honor. Her dress was of pink marquisette, and her mixed bouquet was of delphiniums, gladioli and daisies. Bob Watts, brother of the bridegroom, was best man.

After the wedding ceremony refreshments were served and pictures were taken.

Both Mr. and Mrs. Watts grew to young manhood and womanhood here, and both are graduates of the Kendrick High school. Mr. Watts graduated from the University of Idaho with the class of 1940, and is now employed as an accountant in the Bursar's office in that institution. Mrs. Watts will complete work for her degree next June.

After a short honeymoon the newlyweds will be at home to their friends at the Karol Apartments in Moscow.

The good wishes of everyone goes with them.

Wegner-Hansen Nuptials

The Ballard Lutheran church at Seattle, Wash., was the scene of an impressive wedding ceremony on Saturday afternoon July 11th, at 4:30 o'clock, when Miss Mildred Wegner, daughter of Mr. and Mrs. Carl L. Wegner of Pullman, Wn., became the bride of Pvt. Leonard A. Hansen, son of Mr. and Mrs. George Hansen of Yankton, S. D. The Rev. Rudolph Larsen officiated at the single-ring ceremony. Mrs. Thomas Balmer decorated the church.

The bride was given in marriage by her father, and was attractively gowned in pink marquisette. Her fingertip length veil and wreath of orange blossoms were borrowed from Mrs. Shawley, a cousin of the bride. She carried a bouquet of white sweetpeas and Tallman roses.

Miss Selma Wegner, sister of the bride, was maid of honor. Her dress was of blue silk and she carried a bouquet of small white mums and pink sweetpeas. Miss Athalie Kline, cousin of the bride, was bridesmaid. Her dress was of white silk over pink, and she carried pink carnations and blue delphiniums.

The groom was attended by Delbert Hoffman and Ed Wegner, the latter a brother of the bride.

Mrs. Evelyn Hofer played the Lohengrin Wedding March on the piano.

Following the ceremony, the wedding party and guests were entertained at dinner at the Dolly Madison Tea Room, which was very prettily decorated with roses. The wedding cake, which formed the table centerpiece, was made by Mrs. Ida L. Kline, an aunt of the bride.

Pvt. Hanson, who formerly lived at Moscow, Idaho, is now stationed at McChord Field, Wn. Mrs. Hansen will make her home with her parents for the duration.

Gets First Barley

So far as we have been able to learn to Jay Stout of Lapwai goes the honor of bringing in the first new crop grain to Kendrick — barley, and the Lewiston Grain Growers the honor of receiving it.

The first load arrived Monday, July 20, and the quality was said to be excellent.

Sawmill To Operate Soon

Work is going forward on the overhauling and preparing for operation of the Thomas sawmill. Just when it will start is not known at this time, but crew members said: "It won't be long now."

A shortage of help has slowed down the overhauling operation considerably.

Heat Comes Again

After quite a number of cool days, following our last rain, the mercury decided it had been "in the cellar" long enough, and rose Tuesday afternoon to a "cool 96" degrees.

The heat seemed all the more noticeable as the air was so still, not a breath moving. However, in the evening a breeze sprang up and sound sleep was possible.

The present hot weather is quite welcome to all, since lodged grain will probably rust far less, hay work and beans will also benefit.

(Sorry we can't mention Wednesday's weather, but it isn't 44 hours old yet).

WHAT KENDRICK FOLKS ARE DOING THESE DAYS

Mrs. C. H. Daugherty went to Spokane Sunday, where she will spend a week or ten days visiting with relatives and friends.

Ossie Kanikkeberg, who is employed in Lewiston, spent Monday here in the home of his parents, Mr. and Mrs. A. O. Kanikkeberg.

Mr. and Mrs. W. B. Deobald and daughters Lois and Gay drove to Bayview Sunday afternoon to visit their son, Billy Deobald, who is employed there. They returned home late Monday evening.

C. C. Catlett, well known former resident here, arrived in town Sunday and will spend most of this week here visiting with old friends. He now makes his home in Spokane with a daughter. He is 84 years young.

F. D. White of Juliaetta spent Monday here in town, visiting with friends. Mr. White still gets about on crutches, but says the warmer weather has made him feel much better.

Mr. and Mrs. R. L. Blewett, accompanied by Mrs. W. L. McCreary, were Lewiston visitors Monday afternoon.

Mr. and Mrs. Raymond Dunn and children spent Sunday in Moscow, visiting with relatives and friends.

Roy Johnson and Emulus Brown, Potlatch Forests employees, spent the week-end here with their families.

Mrs. Joe Ayres and Mrs. Norman McAntyre spent the week-end in Colfax visiting with relatives and friends.

L. A. Wallace returned Monday evening from Oregon, where he has been employed for some months. He says he is undecided whether to remain here for harvesting operations or again return to Oregon.

Fred Reil returned Wednesday afternoon from a vacation trip of some six weeks in the east, where he visited with friends and relatives.

Mrs. Minnie Satterfield of Everett, Wash., is visiting with her sister, Mrs. Fred Crocker and family.

Mr. and Mrs. David Ripley of Reno, Nevada visited last week with Mrs. Ripley's parents, Mr. and Mrs. Fred Crocker.

Mr. and Mrs. Floyd Crocker of Bayview, came down last Tuesday and spent the night at the home of his parents, Mr. and Mrs. Fred Crocker. They returned Wednesday morning to Bayview.

Everett Crocker of Clarkston, Wn., visited Monday evening with his parents.

Mrs. Elwood Pearson returned on Monday from a two-weeks' vacation at Seattle. Her daughter-in-law, Mrs. Clarence Hund and two children returned with her and will spend a couple of weeks here at the Pearson and Zimmerman homes. Mr. Hund plans to come over after his family on completion of their visit.

Mrs. Vera Stewart spent the week-end in Clarkston with her mother, Mrs. Gatlin.

Mr. and Mrs. Earl Hund and son Gary of Lewiston came up Monday to spend several days in the Elwood Pearson home.

Eye bean picker for the Kendrick Bean Growers was Spokane business visitors Tuesday.

Mr. and Mrs. R. L. Blewett and Rex were Moscow visitors Sunday.

Mr. and Mrs. Don Miller, accompanied by Mrs. Frank Crocker and Mrs. Lester Crocker were Spokane visitors Tuesday.

Paul Lind was a Moscow business visitor Tuesday.

Mrs. Boyd Cook and two children of Lenore spent the week-end with her mother, Mrs. Bina Raby.

C. H. Vander Meer left Tuesday for his home at Grand Rapids, Mich., after having spent the past two months here installing the Electric Eye Bean picker for the Kendrick Bean Growers.

Mr. and Mrs. Estol Crowe and Mr. and Mrs. George Jones and daughter George-Anne of Uniontown, came over Sunday to join the Wade Keene family in a picnic at Atwater Lake.

Mrs. M. O. Raby and Mrs. Paul Lind were Lewiston visitors Monday.

Mrs. Nettie Gentry left Tuesday for Everett, Wn., where she plans to visit her son and family.

Frank Curtiss was a Moscow business visitor Tuesday.

Herman Schupfer was a passenger for Moscow, Tuesday.

Mrs. Amelia Riley and daughter Carrie, accompanied by Mrs. Doy Tout, were Moscow visitors Tuesday.

The W. L. McCreary family accompanied by Mrs. E. L. Blewett, left early this morning for Seattle on a short vacation trip.

Severely Injures Thumb

The little three-year-old daughter of Mr. and Mrs. Gerald Ingle of Big Bear ridge almost lost the thumb on her left hand last Thursday, while playing with a hatchet.

It seems she chopped her thumb right across the knuckle and into the joint, the injury necessitating several stitches.

PACIFIC NORTHWEST MARKETS DISPLAY FIRMNESS

Wheat prices declined rather sharply at important midwestern markets during the week ending July 17, the U. S. Department of Agriculture reports. Influencing the lower levels were the official crop report of last week showing heavier domestic production and an acute storage problem at practically all terminal markets.

Pacific Northwestern wheat markets, however, displayed some independent firmness with futures at Portland unchanged, and with cash wheat prices advancing 1/8 to 1/4 per bushel as compared with the previous week. This compares with losses of around 4c per bushel at some midwestern points. Market strength in the Northwest was attributed to some improved demand from mills as the result of a better domestic flour business, and with very light offerings at country points.

With current quotations on cash wheat around 20c per bushel under loan values, growers were offering only small amounts of grain.

Wheat receipts totaling 683 cars at Puget Sound and Columbia river terminals largely represented movement of government wheat to the coast, although there was some movement of cash purchases to mills. The Weather Bureau reports indicate the harvest of winter wheat is getting under way very slowly but considerable barley has been harvested in Oregon. Except in a few areas where damage by heat of the previous week occurred, winter wheat was well filled. Spring wheat is developing well in most areas but is suffering from drought in some local areas.

Cash wheat bid prices at Portland on July 17 for 15-day shipment showed: soft white, \$1.00; soft white no Rex, \$1.01; white club, \$1.01; western red, \$1.01; hard red winter, 97c. For deferred warehouse receipt basis: soft white, \$1.00; soft white, no Rex, \$1.02; white club \$1.02; western red, \$1.02; hard red winter 97c per bushel, all basis No. 1 grade in bulk.

Because of the rapid filling of the small margin of open elevator and mill storage space at Kansas City, officials of the Board of Trade on July 15, announced an extension of the permit system to all shipments of wheat to that market. Daily offerings of wheat at Kansas City were readily absorbed, but there was further business in the trading basis relative to the September future. Mill purchases were curtailed in the latter part of the period by a threatened strike of mill employees, but elevators and merchandisers entered the market at the lower basis and there was a good clearance of supplies. As the week closed No. 2 hard winter was quoted at \$1.03 to \$1.06, and No. 2 red winter at \$1.07 to \$1.16 per bushel.

The general tone of the cash wheat market at Minneapolis was weaker. Diversion point inquiry slackened and inasmuch as this demand is usually for high grade wheat, it resulted in a lower basis at Minneapolis. Receipts of cash wheat were somewhat larger and amounted to 1,659 cars at Minneapolis and 596 at Duluth.

The San Francisco wheat market held quite steady and in contrast with the sharp declines at eastern points, prices of California wheats held practically unchanged compared with a week ago. This local firmness, however, largely reflected light offerings rather than any important demand. Harvesting of the new California crop was becoming more general but growers continued to market supplies very slowly in dissatisfaction with bids which were mostly around \$1.80 to \$1.90 per 100 f. o. b. country shipping points for No. 1 hard white and No. 1 soft white wheat, sacked. These prices were well below government loan values and growers were placing unusually large quantities of wheat in storage.

Bay region mills reported continued slow flour business and were placing most of their wheat requirements in Pacific Northwest and Intermountain markets.

Wheat quotations, basis No. 2 f. o. b. Ogden mills on July 17 were: dark hard winter and dark northern spring, \$1.02; hard winter and northern spring, 96c; hard white \$1.06; soft white \$1.01, and western white 99c per bushel.

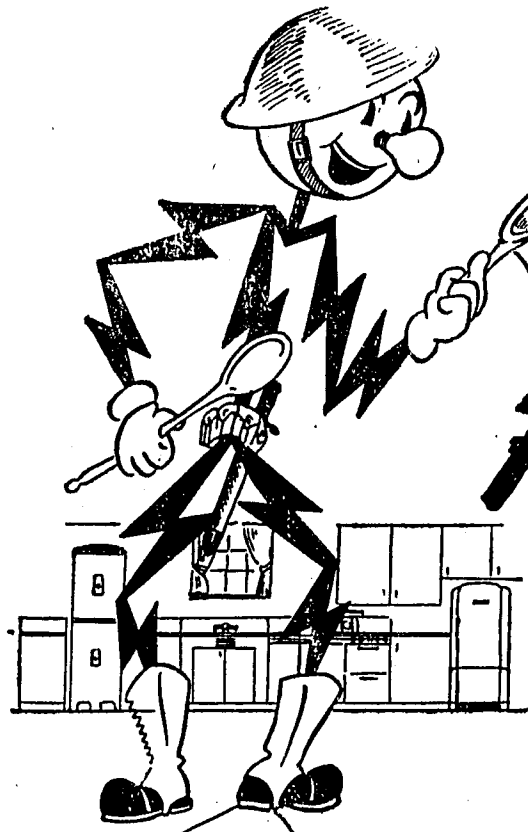

Denver mills were bidding 83c per bushel for No. 2 hard winter and No. 2 northern spring, basis f. o. b. Colorado common points.

Arrivals of wheat at nine midwestern winter wheat markets totaled 12,739 cars for the week, compared with 14,805 the previous week and 11,221 a year ago.

Harvesting of winter wheat was delayed in the Ohio and central Mississippi valleys by rather heavy showers, but this work is well along in most sections and threshing has begun in some places. Some further lodging was reported in the wetter localities. In the western half of the winter wheat belt harvesting made excellent progress with the prevalence of fair weather and reports continue to indicate yields in excess of pre-harvest expectations. Spring wheat also continued to make excellent progress and is maturing very rapidly and filling well in the south portions of the belt. In the Pacific Northwest, harvesting has begun in south central Washington, with the yields reported good.

The advancing harvest of wheat is making the storage problem more serious in the United States. At the middle of July, less than 120 million bushels of storage space was available in commercial elevators in the United States. In the west central and southwestern markets, space

Double Feature At Theatre

This week's offering at the local theatre will be another double feature.

The first of these will be that singing cowboy of screen and radio, Gene Autrey, in "Cowboy Serenade." He will be assisted by Smiley Burnette and Fay McKenzie. Gene and this group need no further introduction to theatre goers. However, this picture is said to contain an unusual number of new songs.

The second offering of the evening will be that laugh provoking group so well known to silver screen goers — The Weaver Brothers and Elviry in "Shepherd of the Ozarks." This picture, one of their very latest, deals with the very days of this present war — and has its serious side as well as a funny one.

In addition the usual cartoon will also be shown.

Birthday Party

Mrs. Kenneth Brocke entertained a group of little folks in the park Tuesday afternoon, honoring her little son Kenneth's fourth birthday anniversary.

Those present to enjoy the birthday cake and ice cream were Gene Perryman, Kay Weyen Kay Abrams, Eddie Toul, Maynard Davis, Jimmie Mason, Norita Stuart, Bobby Michelscheck, Leroy and Kenneth Brocke, Mrs. L. W. Mason, Mrs. Weyen, Mrs. Perryman and Elva Mae Stuart.

Wendell Phillips, Lewiston, is missing in action in the Philippines and his whereabouts are not known to the war department at the present time, according to a letter received by his father Tuesday from Major Gen. J. A. Ulio of the department at Washington.

Lieut. Phillips is a nephew of Mrs. Harold Thomas of Kendrick.

A Sad Story

He—"Why wait until we get home to tell me whether you will marry me or not?"

She—"I'm scared; this is the very spot where my father proposed to my mother."

He—"Well, what about it?"

She—"Well, on the way home, the horse ran away and father was killed."

Harvest Not Far Away

Every warm sunshiny day brings the start of harvesting operations that much closer, and with the present shortage of labor, most all hope it comes soon so that a longer harvesting period will be available. Most farmers state that it will be about the first of the month before the main harvest swings in, but that a few fields probably will be ready for cutting before that time especially fields of early sown barley. The storage problem this year is sure to be acute, and farmers must consider that along with their marketing desires and harvesting operations. Sacks are almost unobtainable and as a result bulking plans must be made for almost every bushel of wheat, oats and barley that is cut. This has necessitated the changing of a good deal of farm equipment.

TWENTY YEARS AGO

Ada Candler, little daughter of Mr. and Mrs. P. G. Candler, living on the Brady Gulch road, met with an accident on Wednesday morning which resulted in a broken arm. The little tot was playing on a trunk and fell off, fracturing the left arm just above the elbow. A physician was called, who reduced the fracture and reported the little one to be resting easy.

Linden News—Mrs. Earl Dunham returned to Lewiston Monday, after a few days' visit with her sister, Mrs. Lou Alexander. She was accompanied home by little Evelyn and Lola Stone, who have been visiting their grandmother, Mrs. Hattie Alexander the past five weeks. Mr. and Mrs. Arthur Bohn, Misses Eva and Anna Smith and brother George were entertained at a roast goose dinner Sunday by Mr. and Mrs. Clarence Harris. Mrs. Fred Ashland and children arrived from Spokane Saturday to visit her father, R. V. Garner and sister, Mrs. Frank Abrams and family. Miss Carrie Allen spent Saturday with Mrs. Long at Crescent. Work is being pushed as rapidly as possible on the new road which is under construction between the Starr and the Smith places. H. J. Starr had a new hay barn erected last week. Ed Darby had the misfortune of losing one of his horses last week, which got into a spring and was paralyzed before it could be gotten out. Mrs. Earl Langdon and Mrs. Foster visited Thursday and Friday of last week with Mrs. Grant Bateman at Southwick. Earl Langdon and Arley Allen began binding their fall wheat the first of last week. Mr. and Mrs. Ray Lyons left early Monday morning for their home at Nampa, via the Salmon river route.

Leland Items—The Ralph Oylear family and Mrs. Stoneburner started for the hills Thursday morning to pick huckleberries. James McVicker has pulled his threshing outfit over from Cream ridge preparatory to use as soon as the threshing season opens. Everybody seems to be busy these days—the boys hoeing beans, the men harvesting and the women cooking and canning fruit—the hottest job of all. Mr. and Mrs. Claud Craig and daughter Bonnie have gone on a fishing trip and Mr. and Mrs. Peterson are attending to the store while they are away.

Big Bear Ridge—Mr. and Mrs. Leon Ingle and family spent Friday in Moscow. Ed. Estes of Southwick is harvesting John Heath's crop during his absence. P. A. Nordby has completed the building of a new cellar for Will Hecht. Fred Hecht was a Cameron visitor Sunday. Those attending the annual Farm Bureau picnic at Moscow Tuesday were Mr. and Mrs. N. E. Ware and children; A. Hooker and daughter Miss Johanna, A. J. Aas, Fred Hecht, Ole Lien and family, Mr. and Mrs. A. N. Rogstad and family and Mr. and Mrs. Wallace Emmett.

TEAKEAN GOSSIP

We are having lovely weather this week. The men are getting the hay taken care of now, although help is so scarce the work goes slowly. Mr. and Mrs. Orval Choate and Mrs. Wm. Groseclose were business visitors at Orofino Monday. The three children of Mr. and Mrs. Don Miller all have whooping cough. Mrs. Miller had planned a visit with her husband at Coeur d'Alene last week-end, but the illness changed her plans. The strawberry season is about over. Lots of berries rotted on the vines. There are still some good ones, however. The raspberries are ripening now and there seems to be a good crop of them, which will keep folks canning for some time. Mrs. Carroll Groseclose is busy canning peas she has already put up 30 quarts, and plans on more. Rev. and Mrs. Pike came up for services Sunday, and stayed until Monday morning, when they picked strawberries at the Preussler and Brock homes. Ed. Choate is very busy with his hay baler here this week. Mr. and Mrs. Wilbert Poeschel and children of Orofino were visitors at the Merton Preussler home Sunday. Mrs. John Lind has net been well for some time. Mrs. Merton Preussler helped her with her work two days last week, while they had hay hands. Rev. Gaskill, the pastor of the U. B. church at Cream ridge, will preach for us next Sunday, July 26, at 2:30 in the afternoon. Mr. and Mrs. Orval Choate went to Lewiston one day last week to get apricots and pie cherries.

PINE CREEK GOSSIP

Little Lee Swanson is visiting in the Wm. Riley home. Mr. and Mrs. Fred Bailey visited Friday afternoon in the C. Dahlgren home. Blanche Diehl visited Friday with the little Glenn girls. Frances Davis visited Friday evening in the Fred Bailey home. Kenneth Slead visited Friday with his mother, Mrs. Nellie Slead, in the Frank Wilken home. Henry Dorendorf and family, Mrs. A. Dorendorf and daughter Doris, all of Kellogg visited Friday in the Wm. Riley home. Mr. and Mrs. Alfred Swanson and children also visited there that evening. Saturday visitors in Lewiston were the Carl Cox family, the Roy Glenn family, the Fred Bailey family, and Neal Bogar. Mr. Sturgis, of Lewiston is helping Wm. Riley with haying. Mr. and Mrs. Fred Bailey and Artalee and Neal Bogar visited Sunday in the John DeHaven home. Bud Shaw and family of Lewiston Orchards visited Sunday in the A. Riley home. Mr. and Mrs. Wm. Riley made a trip to get cherries Sunday afternoon.

Practical Man

A doctor had an urgent phone call from a gentleman saying his small son had swallowed his fountain pen. "All right, I'll come at once," replied the doctor. "What are you doing in the meantime?" "Where do you get the unexpected answer: "Using a pencil."

EDITORIAL

Well Folks — Here it is, next to the last week in August, and harvest is drawing ever nearer and nearer — and indications point to a bumper yield, provided too much loss is not sustained by lodging grain.

Now there's a point that's very well worth considering — old bossy produces family income rain or shine be the pasture wet or dry — and you'll find that cash from us for your cream will make the family pocketbook all the fatter — wet weather or dry. So the next time you come to town bring a can of cream to us and get your cash.

By the way — have you rented your locker box for that harvest meat and frozen canning of your winter's fruits and vegetables? If not, why not? Better not wait — do it today, or at least the next time you bring us in a can

of cream.

Confucius say any salesman who cover chair instead of territory spend most of time on bottom.

Father: "Why do you have dates with that girl?"

Son: "Because I want to."

Father (suspiciously): "Want to what?"

First Gal: "What's a military objective, Helen?"

Second Gal: "Just walk past those soldiers on the corner and you'll find out!"

Artist: "I'm not going to ask you to pose in the nude today. I want you to wear a costume."

Model: "Have you got anything special in mind?"

Artist: "Yes, getting this picture finished!"

We Apologize, Folks!

But honestly, we've been so dog-gone busy here in the store that we haven't had time to write proper ads., listing items and prices.

GRAIN MARKET REPORT

Continued from first page)

was available for only about 30 million bushels of grain, and in the east central group of markets only about 12 million bushels of space was unoccupied.

The Commodity Credit Corporation as of July 11, held 201,464,000 bushels of wheat of the 1941 crop and slightly more than 98 million bushels from earlier crops. The corporation held slightly over 50 million bushels of corn. On July 11, about three and a half million bushels of 1942 wheat was under loan and about 19 million bushels of California barley. No loans have been made on barley in other states.

In Europe further rains over wide areas benefitted crops in the western portions of the continent, but trade reports continue to indicate below normal harvests. The outlook in the United Kingdom is generally good with wheat exceptionally favorable. The German official requisitioning of all 1942 grain indicated deep anxiety concerning food supplies in the occupied countries. In Spain, much of the farm land has not been restored and below normal wheat harvest is indicated.
