VOLUME 52

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, SEPTEMBER 10, 1942

NO. 37

## HAPPENINGS OF INTEREST HERE TWENTY YEARS AGO

Miss Viola Thornton and Herman F. Lohman, both of the Leland community, were married Monday evening in Lewiston by Rev. E. M. Flynn at his home on N. street. None but relatives and close friends were present at the ceremony. Mr. and Mrs. Lohman are well known young people of Potlatch ridge. They will make their home near Leland, where Mr. Lohman is engaged in farming.

Thursday afternoon, August 24, at 3:00 o'clock, Miss Bernice Zumwalt became the bride of Francis Roberts, son of Mr. and Mrs. Cyrus Roberts of American ridge, at a pretty church wedding at Moscow, Rev. J. Orrin Gould of the University officiating. The bride was tastefully gowned in blue messaline with a net veil and carried a bouquet of sweet-peas. Miss Galatha Zimwald, a sister of the bride, was bridesmaid and Harold Roberts, brother of the groom was best man.

Lester Crocker came up from Clarkston Sunday to spend Labor Day with home folks.

Bob Spencer left Saturday afternoon for Missoula, Mont., to spend a week with relatives.

George Brocke purchased a new Gardner car last week through the local agent, O. B. Kinzer.

Miss Edith Dammarell went to Clarkston Friday to visit Miss Fern Florence for a few days.

G. G. Oldfield has closed a deal for the F. B. Smith bungalow, now occupied by the John Kite family. He will take possession the first of next week.

The Kite family have rented the residence being vacated by the L. J. Herres family, who are moving to Kellogg, where Mr. Herres has a very desirable position in a drug store. His family will follow him as soon as he is able to secure a residence.

Sheriff John L. Woody has moved his family from their home on American ridge to Moscow, where they will spend the winter.

Miss Mable Bleck went to Spokane Wednesday to attend the fair.

E. E. Callison, Ernestine, Nora, and Miss Babe Hollada left Friday afternoon for Peck in the Callison car.

Miss Lulu Eichner, daughter of Mr. and Mrs. Claus Eichner of American ridge, was united in marriage last Saturday to Gerald E. Simpson. The wedding, which took place in Moscow, was a complete surprise to their many friends.

Miss Edith Eichner's girlhood was spent on the farm on American ridge where her parents have lived since early pioneer days. She has for several years been employed as bookkeeper in the J. Alexander store in Lewiston. Gerald Simpson is a native son of Idaho, having spent the greater part of his life in Lewiston, where he graduated from high school three years ago. He is now employed by the Mason-Ehrman company as traveling salesman. Mr. and Mrs. Simpson will make their home at 814 Eighth street, Lewiston.

Miss Rose Nelson and Mr. Warney May, both residing on American ridge, were married at Moscow last Tuesday afternoon by Probate Judge Nelson. The wedding came as a complete surprise to their many friends in this community. Immediately after the ceremony Mr. and Mrs. May left for Spokane on a short wedding trip. The newlyweds will make their home on the farm on American ridge, where they have extensive farming interests. Their friends throughout the community extend best wishes.

Linden News—Mr. and Mrs. Earl Langdon and children spent the week-end in Juliaetta at the James Langdon home. The Misses Eva, and Anna Smith, George Smith and Harold Callahan spent Friday evening at the Callahan home. Len Bailey, who recently returned from California, visited the first of the week at the Allen and Earl Langdon homes.

The Cedar ridge school will open Monday with Miss Joyce Hunt as teacher. Louie Fey of Lenora is staying at the Weyen home and attending school here this winter.

Big Bear Ridge—Miss Johanna Hesby of Deary was the week-end guest of Miss Bertina Forest. Mr. and Mrs. J. C. Carlson of Moscow, former residents of the ridge, were visiting in the A. Hooker home last week. Mr. and Mrs. DeWitt Penlund returned to Lewiston Monday, having visited with Mrs. Penlund's parents, Mr. and Mrs. A. Kleth. Mr. and Mrs. Ed. Halseth and children were Sunday visitors in the Pete Halseth home near Deary. Miss Johanna Hooker spent Sunday with friends in Moscow. Born to Mr. and Mrs. A. W. Jones September 3rd, a ten-pound daughter.

Leland Items—The showery weather is hindering bean threshing. Beans are turning out much better than the farmers expected. Many crops were badly damaged by hail last week, some estimating they have lost about half their crop. Harrison Daugherty got five sacks per acre, which is the best we have heard so far. School started on Monday with a good attendance. A number of our young people will go away to school this fall: Paul Seely to the University of Washington; Thelma Oylear to Palouse; Alice Winegardner to Genesee; Helen Davis and Lizzie Hunt to Kendrick. Miss Edith Winegardner left Saturday for Genesee, where they have positions as teachers in the Genesee school. James is principal of the high school and Miss Edith will teach in the grades. Miss Elizabeth Daniels will teach the Welker school and Miss Louise Johnson the Agatha school. The Woodward family were visitors in the R. C. Smith home Sunday.

## Sells Garage Business

A deal was closed the first of this month wherein Edgar Dammarell and Elwood Pearson became the operators of Frank's Service Station & Garage in Kendrick.

Frank disposed of his interests there in order to devote his full time to the auto freight business and to his deputy fire warden's job. It is not known at this time just what will be done with the repair shop, but the new owners state it will probably be leased.

No other changes will be made there at this time. The Auto Freight and Fire Warden's offices will remain as they are.

High school students in this community are attending school either in Southwick or Kendrick. The Southwick bus is operating, and DeLores Thornton, Donna Lea Hoffman, Alfred Locke, Beatrice Smith, Linda Parks, Neal Craig, Dorothy Meyer and Ed. Blankenship have enrolled at Southwick. Irene Peters, Jane Peters and Vivian Draper, who attended high school in Kendrick last year, have re-entered there.

Miss Marie Hoffman has returned to Spokane, where she is attending business college, after spending the week-end with her parents, Mr. and Mrs. Ben Hoffman.

Mr. and Mrs. A. DeWinter of Moscow, and Mr. and Mrs. Claude Cook and son of Lewiston were dinner guests of Mrs. Emma Cook and family last Thursday.

Miss Ernestine Kuykendall, who is employed in Spokane, spent the forepart of the week with her parents, Mr. and Mrs. Denzil Kuykendall.

Mr. and Mrs. Herman Johnson were Sunday dinner guests of Mr. and Mrs. Marvin Vincent. Mr. and Mrs. Don Morgan were guests in the afternoon.

## DOMESTIC WHEAT MARKETS DEVELOP FIRMER TONE

Domestic wheat markets developed a firmer tone during the week ending September 4, the U. S. Department of Agriculture reports. Cash markets showed more activity than futures as smaller offerings, coupled with a steady demand made for a firm to stronger premium situation on all grains. At Portland, both futures and cash wheat prices advanced sharply, principally as a result of very light offerings of cash wheat by Pacific-Northwest growers. Cash wheat prices were up around 5c per bushel on most classes for the week, although hard winter advanced almost 10c per bushel, wheat receipts at Puget Sound and Columbia river terminals dropped to only about 375 cars, which reflected both light marketings and storage congestion at coast points. Flour business, both domestic and for export, was reported lighter than during the previous week. Mills were in the market for special quality lots and were bidding firmly in an effort to obtain needs. Some demand from the midwest also was reported for wheat from this area, but dealers were not able to secure grain from producers to satisfy this inquiry. Harvesting and threshing of grain in Oregon was slightly delayed by rain, but relatively little grain remains to be harvested in that state. As the week ended, the cash wheat market situation appeared very firm at Portland, but with very light trading due to small market supplies.

On September 4, cash wheat bid prices at Portland was as follows: For 15-day shipment, soft white, \$1.14; soft white, no Rex, \$1.16; western red, \$1.16; hard red winter, \$1.04; hard white (baar) \$1.11. For deferred warehouse receipt basis, soft white \$1.14; soft white, no Rex, \$1.16; white club, \$1.17; western red \$1.16; ordinary hard red winter, \$1.05.

Wheat prices maintained a firm tone at Kansas City, influenced by rather broad mill buying in connection with increased flour business and by considerably lighter winter wheat marketings as growers held back grain for federal loans. The best levels of the week were shaded a little, but at the close were up 1c to 2c for the week. September wheat at Kansas City finished at \$1.15.

A resumption of rainy weather in portions of the spring wheat harvesting area and smaller offerings at the close improved demand at Minneapolis sufficiently to advance premiums about 2c for the medium grades.

The San Francisco wheat market remained very firm as light central California marketings and advances in other markets tended to offset the limited local demand. While the trading and movement were quite narrow, prices appeared fully steady compared with a week ago. California growers continued to market their remaining supplies very slowly and considerable grain was being placed under government loans at higher prices than current market levels. Growers were mostly being bid around \$1.85 to \$1.90 per 100 f. o. b. country shipping points for No. 1 hard white and No. 1 soft white wheat, sacked.

Denver mills were bidding 91c per bushel for No. 2 hard winter and No. 2 northern spring. Wheat quotations, basis No. 2 f. o. b. Ogden mills were: dark hard winter and dark northern spring, \$1.08; hard winter and northern spring \$1.02; hard white \$1.11; soft white \$1.11, and western white \$1.06 per bushel.

Threshing of winter wheat has been practically completed, but the spring wheat harvesting and threshing has been delayed by rains and fog in North Dakota and Montana. In Montana, much spring grain is dead ripe but growers are awaiting favorable weather for cutting. The threshing has been nearly completed in eastern and southern portions of the spring wheat belt.

Wheat harvesting is well advanced in Europe despite delay from wet weather. Reports continue favorable from the United Kingdom, but lots of warmth and sunshine are needed to ripen late fields. The crop in Turkey is considered better than last year, but still below domestic requirements.

In Australia growers have been licensed to plant 10,951,000 acres of wheat, which is considered the maximum, since only licensed growers are permitted to seed this grain. Conditions are generally favorable.

Oats threshing in the U. S. is nearly completed in most areas, although considerable grain is still in the shock in the upper Ohio valley and northern portions of the middle Atlantic area, where some damage from wet weather is reported.

Wheat seeding has begun in the western third of Kansas and considerable has been sown on fallowed land in the panhandle of Texas.

The quantity of 1942 wheat under government loan in the U. S. at the close of August was 92,167,000 bushels. The total of other crops under loan or held by the C. C. C. was approximately 297,000,000 bushels.

The capacity of wooden grain bins delivered to September 1, was approximately 69,500,000 bushels from a total allotment of 108,600,000 bushels.

Aunt Carrie Allen Passes Away

Aunt Carrie Allen, pioneer of the Cedar Ridge section, who has been critically ill for some weeks following a paralytic stroke, passed away at the C. H. Davidson home in Kendrick Tuesday evening of this week. We regret that further details are not available at this time.

Bean Harvest Last Thirty Days

According to estimates of bean buyers and warehousemen, the bean harvest in the Potlatch country will last at least 30 days more, weather holding favorable.

Beans are now rolling into town at a rapid rate, and it is expected the peak flow will be reached next week. The quality is said to be not good — but excellent — and that means a lot on the new govern-ment standard price. The majority of the "fruit" to date has come from Potlatch ridge, although some has been received from most of the other ridges.

Owing to the late and variable spring some are now threshing beans, some are cutting and piling, and some will require about two to three weeks of ripening before they are ready.

It is sincerely to be hoped that the weather will hold fair and per-mit the completion of bean opera-tions.

This year has seen far more clover seed raised than ordinarily, and this crop will bring thousands of dol-lars into Kendrick. The quality of this seed is also said to be excellent.

### Expected Home

John L. Woody, who has been in St. Joseph's hospital, Lewiston, the past few weeks, is expected home this week.

### New Arrival

Mr. and Mrs. John Walsh of Julia-etta are the proud parents of a daughter, born to them September 8, weighing 7¾ pounds.

There are 80 shots at the enemy in a set of brass curtain fixtures. The metal they contain would pro-duce that many cartridges for a soldier's rifle.

### TEAKFAN GOSSIP

The weather has been cooler for the past few days, which makes it pleasant to work in the fields.

Wm. and Carroll Groseclose are keeping busy cutting wood for sale.

Our school opened on Monday, the classes lasting just long enough for enrollment.

John Lind finished his threshing, and will thresh this week for Mer-ton Preussler and Marion Groseclose.

Mrs. Merton Preussler underwent a major operation at the Orofino hospital last Wednesday. She is get-ting along nicely. Her children are being cared for at the home of her mother, Mrs. Carrie Herring.

Mr. and Mrs. Leon Lind visited a few days at the home of his grand-parents, Mr. and Mrs. John Lind.

A single minesweeper contains enough lumber to build 20 average civilian homes, and an average chair represents the wood needed for an army bunk.

**SCHOOL NOTES**

Fifty-three Sophomores, Juniors and Seniors, plus 18 very scared Freshmen, filed through the assembly doors on Monday morning, September 7, at 9:00 o'clock, to enroll in the institution of higher learning.

There they were introduced to the new faculty, consisting of Miss Irene Hinckley, Richard Kelley, Donald Stroh, and Supt. Mason. After receiving their books they attended five-minute classes to receive assignments for Tuesday classes.

A new schedule of classes has been arranged as follows:  
 Stroh — 9:00 to 9:45, study; 9:45 to 10:35, World History; 10:35 to 11:15, English I; 11:15 to 12:00, band; 1:00 to 1:45, English II; 1:45 to 2:30, English II; 2:30 to 3:15, study; 3:15 to 4:00, T. T., Girls' Glee club.

Kelley — 9:00 to 9:45, Physics; 9:45 to 10:35, U. S. History; 10:35 to 11:15, Geometry; 11:15 to 12:00, Free; 1:00 to 1:45, Biology; 1:45 to 2:30, study; 2:30 to 3:15, Pacific Northwest History; 3:15 to 4:00, Shon.

Hinckley — 9:00 to 9:45, Home Making; 9:45 to 10:35, study; 10:35 to 11:15, Shorthand; 11:15 to 12:00, Typing I, section 1; 1:00 to 1:45, Typing 2; 1:45 to 2:30, Typing 1, section 2; 2:30 to 3:15, Homecoming II; 3:15 to 4:00, Girls P. E., M & W.  
 Mason — 9:00 to 9:45, Office; 9:45 to 10:35, Algebra; 10:35 to 11:15, study; 11:15 to 12:00, study; 1:00 to 1:45, study; 1:45 to 2:30, Advanced Math; 2:30 to 3:15, office; 3:15 to 4:00, office.

Advanced Math is being offered to both Juniors and Seniors instead of Senior English.

In Band, the members are working for pins, by earning 750 points through department, attendance and ability.  
 A swing band has been organized to play for most of the mixers and school dances. Some exceedingly sour notes have been heard, but we hope they can really make something of it.

There are 93 pupils enrolled in the Grade school. So far, Mr. Armittage thinks they are all very good, but there may be a different report next week.

**Another Rattlesnake**

Don Miller reports the killing of another rattlesnake last week.  
 Don says this one was peculiar in the fact that it was coiled about in the limbs of a little bush, about four feet off the ground and had to be driven out and onto the ground before he could execute it. It was not an especially large one, but was full of fight.

**LABOR BADLY NEEDED IN LUMBER INDUSTRY**

The labor shortage in lumber has become increasingly and progressively acute, according to lumber officials. It has become particularly bad in the logging end of the industry and presents a major problem there, threatening disruption of production schedules that must be maintained to satisfy the nation's war need. More than just freezing labor to their jobs must be done, they say, if production is to be maintained. A heavy exodus of lumber employees to other work has been going on for some time and some means must be used to return the skilled men from among them to their original jobs, especially sawyers to work in the woods.  
 "Unless men can be found within the next ten days to fell and cut timber in our Potlatch woods, it will be necessary to reduce the operation of the sawmill at Potlatch to a one-shift basis, from the present two-shift operation," said C. L. Billings, general manager of Potlatch Forests, Inc., at Lewiston yesterday.

Closing down of one shift would mean a production loss of approximately 300,000 board feet of lumber a day that is going directly into the war effort. Bottleneck in lumber labor shortage as apply to Potlatch Forests, Inc., has been sawyers, stated Billings, who added that the company is advertising widely throughout the Inland Empire for such employees. A careful check has also been made, he said, of employment offices in the hope that a sufficient number of men can be obtained to permit meeting production schedules and filling of government orders. Men already in the camps and engaged in other work are being trained to saw whenever possible but this cannot be done extensively, said Billings, since it would simply be "robbing Peter to pay Paul" to pilfer labor from one part of the operation in order to keep another part going.

"It certainly is not our wish to reduce lumber production at any one of our mills at a time when lumber appears on the 'critical materials' list and all branches of the armed forces are demanding it in increasing quantity," stated Billings, "but it is physically impossible to produce lumber without logs and it is equally impossible to get logs without sawyers. The situation is anything but encouraging and every man experienced in sawing should, in our opinion, be sawing. We are asking all such men to immediately get in touch with us at Lewiston, Potlatch or Coeur d'Alene.  
 Experienced contract saw gangs are averaging from \$10.00 to \$12.00 per day per man. Billings stated.

**Idaho Volunteer Reserves 8-K-9**

All members are asked to be present next Sunday, in uniform, and with their firearms.  
 First instructions in signals and perhaps in scouting will be given. A full turnout is expected, since much of the harvest rush is past.

**Fire At Ed Heinrichs Place**  
 Fire, caused from a spark thrown by a gasoline engine used to pump water at the Ed Heinrich home on Potlatch ridge, burned over an area 25x100 feet, before being brought under control by the combine crew operating there Saturday afternoon. Prompt work by this crew held the damage to that small an area of grass and stubble.

**Fire Near Joel**  
 Saturday afternoon and evening was a busy one for Manning Onstott and deputies Abrams and Tout, there being a big stubble and brush fire in the Joel section.  
 The blaze, fanned by a high, hot wind, burned over 102 acres of stubble, oats, barley, etc., before being brought under control.  
 The fire was caused by a spark from a combine motor operating in a field adjacent to the burned area.

*what is America fighting for?*

**To Enjoy the Fruits of Our Labors!**

(One of the Essentials of a Democracy)

The right to enjoy the leisure hours we've earned as we choose—the right to spend what we've earned by our own sweat any way we like—these, among many others, are American privileges worth fighting for!

Yes, we dearly love the liberties, the simple pleasures, the concrete rewards that come to those who labor. And we intend to keep these things! No one—by either persuasion or force of arms—can rob us of them.

In America, men live better. Their families are healthier. The humblest American cottage is the sacred realm of those alone who live there—accountable to no one for their way of life or pursuit of happiness. Free to read, to worship, and to work as they choose, Americans have built the world's highest standard of living upon the greatest business and industrial structure in the world.

**EDITORIAL**

Well, folks — The busy days continue, now that we're right at the beginning of bean harvest — and the days are getting mighty short, too. So plan on saving all the time you can on work about the home by bringing your cream to us. You'll like our right-now service and our cash, and you'll find that bringing cream to us saves you many an hour of labor in churning, as well as in washing cans, running here and there to cash checks, etc.

And by the way — Better pick out your locker box and have it ready, for fall butchering season is getting closer and closer — not to mention the big game hunting season, which begins next month!

Young husband (early in the morning): "It must be time to get up."

Wife: "Why, dear?"  
Young husband: "Baby's fallen asleep."

A doctor had an urgent phone call from a gentleman saying his small son had swallowed his fountain pen.

"All right! I'll come at once," replied the doctor. "What are you doing in the meantime?"

Came the unexpected answer:

Father: "You may ask a question, but make it short."  
Small Son: "Well, when a doctor gets sick and another doctor doctors him, does the doctor doing the doctoring have to doctor the doctor, the way the doctor being doctor'd wants to be doctor'd, or does the doctor doing the doctoring of the doctor doctor as he wants to doctor?"

Bring in a can of cream. You are sure to like our cash.

**Receives Promotion**

Word has been received that Corp. Elgin Flesman of the U. S. army, has been promoted to the rank of sergeant.

**Kenneth Slead In Army**

Pvt. Kenneth R. Slead, 21, son of Mrs. Nellie Slead of Kendrick, Idaho, has arrived at Camp Wolters, Texas, the infantry replacement training center to begin basic training as an infantryman in the army. He has been assigned to duty with a battalion stressing rifle training.

**Son In Marines**

In renewing his subscription to the Gazette P. G. (Gif.) Candler says: "We enjoy reading the Gazette more and more since we moved up here, for we read about folks we wouldn't otherwise. Was glad to see where Donald Kuykendall was in Alaska, and not way over the seas. "Our boy, Frank, joined the Marines and is stationed at San Diego, Calif., at present, and would be glad to hear from anyone caring to write him. We will be glad to send his address to any of his friends."

**Joe Forest Writes**

Camp Rucker, Alabama  
September 1, 1942

Dear Friends:

Just another line to you and to let you know that I have a change of address again. I'm now stationed in the southeastern part of Alabama, only a few miles from the Florida and Georgia state lines. I like it fine here, and it's a very nice part of the country. Everything is nice and green, but not like the state of Idaho.

I miss the trees we have up there around Kendrick, even the bull pines. I received your paper O. K. at Camp Roberts, and enjoyed it very much, and hope it keeps coming to me. I'm feeling fine and hope this finds you and everyone O. K. around Kendrick. Thank you again for the paper and my best regards to everyone there.

— Joe Forest.

**It Would Make You Blue, Too**

Last year, before he joined the army, Humphrey L. Jones raised 150 acres of potatoes back home in North Dakota. He dug them, sorted them for shipment. By that time he didn't care whether he ever saw another spud. A while ago he turned up as a private at Sheppard Field, Texas. As a rookie he was placed on K. P. duty—peeling spuds.

Looking into the cavernous bin, he groaned at what he saw. There were the same full sacks he had labored over so hard only a few months ago. —Tonica (Ill.) News.

**Child Health Conference**

Twenty-four children with their mothers attended the Child Health Conference in Kendrick September 4. Volunteers who assisted, representing the Parent-Teacher Association were: Mrs. Herman Schupfer, Mrs. Walter McCall, Mrs. L. W. Mason, Mrs. L. D. Crocker and Mrs. L. S. LaHatt.

Thirteen children were immunized against smallpox and diphtheria.

Mrs. Electa Gartin, supervising nurse from the North Central district assisted, and discussed nutrition problems with the mothers.

Plans for the October conference will be announced later.

**Making Good Progress**

The crew of the Kendrick Highway district is making very good progress on their American ridge graveling operations, despite the fact that they are working very short-handed.

Gravel has now been crushed and spread from what is known as the "Dora May hill" to the Juliaetta forks, and from that junction to a point beyond the American ridge school, in addition to bulldozing, blading, and otherwise preparing the roads for gravel.

**Labor Day "Just Another Day"**

Labor Day, Monday, September 7, passed as "just another day" in Kendrick, all business being open on their regular hours with the exception of the postoffice and bank.

Ordinarily observed to a reasonable extent here, the merchants felt it their duty to stay open this year and assist in any way possible in the harvest operations.

Apparently stores in the larger towns were the only ones to observe the day.

### MRS. AMERICA MEETS THE WAR

If your corner grocer or fruit stand says, "yes, we have no bananas," here's the reason why: Imports of bananas have been curtailed about 85 per cent by the withdrawal of most fruit services. That is in line with efforts of the War Shipping Administration to eliminate all non-essential imports from the western hemisphere and to limit space in ships to cargoes that are necessary to prosecution of the war. However, the price of this tropical fruit is not prohibitive. Bananas are price controlled, and recent cost of living figures revealed a decline of 12 1/2 per cent in their cost.

A long, loose bob may contribute to milady's glamour, but in an industrial plant it constitutes a definite accident hazard. A new bulletin issued to women employees of war plants recommends headgear that covers all the hair. The suggested headcovering should be arranged so that machinery cannot catch in the cap and then in the hair.

And while we're on the subject of woman's crowning glory, here's a case where blondes are preferred. Blonde hair, if it has never been permanently, can be used in precision instruments, and consequently there is a market for it in an eastern war plant. The hair must be 18 inches in length, of fine texture, and very naturally blonde. If it proves satisfactory, it will be purchased, or if preferred, an honorary medal will be given instead of the cash, which will be turned over to the Red Cross.

Go easy on the cans of fish and meat on your grocers' shelves these days so the supply will last as long as possible, and also give everyone a fair chance to get their share. There won't be so many available for your family's use in the future because most of our canned fish supply is being shipped to American soldiers and allies all over the world. Also, the amount of canned meat available for civilian use has been curtailed.

Take care of stove pipe, because indications are that they will be scarce this winter. The WPB plumbing and heating branch lists the following suggestions on how to protect old stove pipe properly: Very thoroughly clean the pipe inside and out with steel wool or sandpaper; apply asbestos furnace cement (available for a few cents at hardware stores or heating contractors) to all small holes or scratches; remove lengths containing large holes and replace only those lengths with new pipe, and carefully apply a good, heat-resistant paint.

The OPA's new price regulation on canned fruits and berries will pass on to Mrs. America enough of an increase only to cover actual raw material and labor costs to canners over the expense of picking such products in 1941. That means a raise of from 15 to 25 per cent in cost to the consumer. Canned fruits and berries and their nectars and juices, which are covered include apricots, sour cherries, sweet cherries, figs, clingstone and freestone peaches and nectarines, pears, pineapples, plums, fresh prunes, blackberries, blueberries, boysenberries, cranberries, gooseberries, huckleberries, loganberries, black raspberries, red raspberries, strawberries and youngberries.

Look for increased dehydration of foods for lend-lease requirements and for our armed forces. Production facilities will be expanded so that for example: 60,000,000 pounds of meat are expected to be processed in this way this year. Dehydrated meat occupies about one-third the volume and weighs one-fourth as much as raw, lean meat. Dried whole milk requires about one-tenth the space of fresh milk and weighs about one-eighth of the original product. Ten pounds of fresh vegetables will weigh about one pound when dehydrated, and among the vegetables to be treated this way are potatoes, onions, carrots, beets, sweet potatoes and cabbage. The process should help in meeting the problems of providing food for our armed forces and for lend-lease, because a greater quantity can be shipped in far less space.

**Grouse Season Open Ninth**

Northern Idaho hunters were reminded today by the state fish and game department that the blue and ruffed grouse season in 11 northern counties opened on Wednesday, September 9th.

The counties where they may be hunted on Sundays and Wednesdays only include Clearwater, Lewis, Nezperce, Latah, Benewah, Kootenai, Shoshone, Bonner, Boundary, Adams and Idaho. The bag limit is three birds.

Hunting in these counties should be good this year, the department states, as a large number of grouse have been noted in the higher sections.

There is no open season this year for sagehens, Franklin's grouse or foothill, sharp-tailed grouse, prairie chicken or chukar partridge, and hunters are urged to use great care not to shoot any of these species.

From all we have been able to learn of grouse hunting about Kendrick, this year the prospects appear about as slim as for many years past. We know of no one who got the limit yesterday.

**W. S. C. S. Meeting**

The first fall meeting of the W. S. C. S. was held last Friday afternoon in the church basement, with fair attendance. The meeting opened with a business session in which the group agreed the circle meetings would continue as before, each Circle chairman seeing that her group started on schedule, the third Friday afternoon of this month.

The girls Missionary class then took over the meeting, leading the group in a short devotional service, after which they presented a little play under the direction of Mrs. C. Johnston, entitled "Americans All." The play was greatly enjoyed by all present.

Refreshments were served by the hospitality committee, the Mesdames Lowell Mason, F. M. Long, L. S. Thurber and W. L. McCreary.

**Appendicitis Operation**

Mrs. Rathbun underwent an operation Monday for the removal of her appendix, the operation being performed at St. Joseph's Hospital.
