KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, SEPTEMBER 17, 1942

NO. 38

HAPPENINGS OF INTEREST HERE TWENTY YEARS AGO

The Continental Oil company is making good progress installing the big oil tanks on its property here. The tanks will rest on concrete bases and the gasoline and kerosene will be piped from the cars on the sidewalk to the tanks in the company's yard. A warehouse for storage purposes will be built and it is thought the company will be ready for business in less than a month.

Mr. and Mrs. August F. Wegner and family of Cameron drove to Clarkston and Asotin Thursday to visit relatives.

The state and county tax levy for Latah county has been fixed at 13.8 by the board of county commissioners, in session this week. This is an increase of one mill over last year, due to the reduction in assessed valuation of property in the county.

Gabe Forest said that beans on Big Bear ridge were turning out well. He has been with a threshing rig and the lowest yields so far are over four sacks to the acre. Three farmers got over five sacks.

Mr. and Mrs. Herman Koepf of Leland went to Lewiston Thursday afternoon to take in the fair.

The farm home of Mr. and Mrs. A. W. Jones, located on Big Bear ridge, was totally destroyed by fire at about 4:30 last Monday morning. Mr. Jones had built a fire and started to do his chores when he discovered the blaze, which is presumed to have started from a defective flue. The fire soon gained such headway that little could be saved, except part of the furniture downstairs. The loss is a heavy one as there was little insurance, which would cover but a small part of the house and contents. Most of the family's clothing was burned.

Earl Langdon had a bad runaway on the Cedar creek grade Wednesday. He had stopped his team on the grade and went back after a sack of wheat that had fallen off the load. The horses started to run and the heavily loaded wagon then crowded them off the grade. It is reported that two of the horses were badly injured and the wagon was wrecked.

In a telephone conversation with Mayor Walker Wednesday Mr. Barr of the firm of Campbell & Barr, contractors, said that their road working crew and machinery would be brought to Kendrick the first of next week and active work started on the streets here, and that the work would be pushed as fast as possible, beginning next week. They have rented two houses in the lower end of town, where they will live until the street work is finished.

Fairview Items — Mr. and Mrs. Hugh Parks were callers in the Woodward home Sunday evening. . . . Guests at the T. J. Flesham home Sunday were Mr. and Mrs. Virgil Flesham and family, Miss Josie Wilken and Mr. and Mrs. Lloyd Kuykendall and daughter Virginia. . . . Miss Minnie Glenn has returned to Moscow, where she will resume her school work for the ensuing year. . . . Mr. and Mrs. James Helton were dinner guests at the L. E. Tenni home in Leland Sunday. . . . Mrs. Frank Wilken spent Sunday at Fir Bluff visiting Mr. Wilken's brother, Herman, who treated them to a nice boat ride on the river.

Big Bear Ridge — Miss Opal Jost began teaching at the Appleton district Monday. . . . Mrs. L. Strom of Spokane is spending the week with Mrs. Ole Lien. . . . Dwight Ingle, Allie and Claribel Moore, Ida and Elsie Morey, Rilla and Pearl May, entered the Kendrick school Monday. . . . Adolph and Bertina Forest were Moscow visitors Thursday. . . . Bean stacking and threshing is the present rush.

Linden News — Mrs. Will Zimmerman returned Saturday evening from a two-weeks visit with her daughter, Mrs. Fox, at Usk, Wash. . . . Anna and George Smith went to Spokane Thursday, where George will attend school and Miss Anna will teach at Jeffrey, Idaho. . . . Mrs. McAllister visited at the Foster home Saturday evening, returning to Kendrick Sunday. She was accompanied by Guy and Frank Foster, who will attend Kendrick High school this winter. . . . Mr. and Mrs. Gordon Harris of Southwick spent Sunday afternoon at the Smith home. . . . Mr. and Mrs. Lou Alexander and Mr. and Mrs. Addie Alexander are attending the fair at Lewiston this week. . . . Stacking beans is the fad in this section this week.

Cameron News — Mrs. Henry Flomer and son Carl of Genesee were visitors in Cameron Sunday. . . . Cameron was rather dead Sunday as most of its inhabitants went to Gifford to attend the missionary festival. Those that motored over were August O. Wegner and family, Mr. and Mrs. George Ehlers, Mr. and Mrs. Henry Meyer, August Meyer, Martha Abitz, Gus Kruger, Martha and Otto Silflow and Miss Blum. . . . Herbert Mielke and Herbert Schwarz started to High school at Kendrick Monday. The boys will ride horseback as long as the weather will permit. . . . Minnie Blum and Walter Silflow ride to Leland to attend High school there.

In Car Accident
Ronald Jones and Herbert McDowell suffered a bounteous array of bruises and cuts Sunday evening, when the car in which they were returning to their work at Headquarters, belonging to Ronald, struck loose gravel on the road near Greer and turned over.
The boys were not seriously injured, but the car is said to be an almost total loss.

Old Keys Badly Needed

At the present time Uncle Sam is badly in need of old keys of all kinds and sizes, door keys, padlock keys, car keys, etc., as these contain an alloy badly needed in the making of naval guns. Arrangements have been made by the Commercial Club to have a box for their deposit at all the Kendrick stores, N. E. Long & Sons, Blewett's, Thurber's and Higley's, and at the Kendrick Creamery, to receive these keys.
So dig out your old keys of all kinds — help "slap a Jap with them."

COMMERCIAL CLUB MEETING MONDAY EVENING

The regular monthly meeting of the Kendrick Commercial Club was held Monday evening at 8:30 o'clock in the basement of the Community church, with the W. S. C. S. of that organization serving the lunch.
Following the meal the business of the evening was taken up. Minutes of the previous meeting were read and approved. There were no bills or correspondence, but the discussion of a resolution regarding the Pacific Northwest Power hearing, which was forwarded to Washington some ten days ago was again taken up.

No member of the Highway committee was present, but Marvin Long stated that a bulldozer and compressor for quarry work had been secured by the Cedar Creek road district, and that prospects for road improvement in that section were bright.

Marvin Long suggested that the Commercial club contact the local Grange organization in an effort to secure livestock pools in Kendrick, suggesting that such pools be held at least every two weeks. This suggestion met with the immediate approval of the group, and considerable discussion ensued. It was the common consensus of opinion that this could best be handled by the local Grange, since they were the farmers organization. L. S. Thurber, president, appointed a committee of three, Dr. D. A. Christensen, George Broeke and Marvin Long to contact the Grange.

Edgar Long, local tire inspector, reported that very strict rationing of tires and gasoline was in prospect. He also reported that, although the Nez Perce county board would accept his inspection reports, they would not mail tire certificates to him, but forced residents of that county to drive to Lewiston to secure them. This, of course, caused considerable mileage on tires already very thin. Latah county, however, sent certificates to him.

George Broeke of the Industrial committee reported no progress in efforts to secure a permit for the erection of an industrial alcohol plant in Kendrick, said alcohol to be made from waste beans and like discarded farm products. Mr. Broeke stated that heavy opposition to any such plant, even though no priorities of any kind were required, was very evident. Mr. Broeke also reported that the alcohol and rubber products Grange meeting scheduled and held in Pendleton some ten days ago, was without the technical experts who were scheduled to attend. This, too, showed strong evidence of political pressure from higher-up, since the meeting was held to formulate plans for making industrial alcohol and rubber from surplus grain.

L. W. Mason of the Educational committee reported total enrollment in the grades was down this year, there being 92 enrolled against 106 for the same period last year. He stated, however, that High school enrollment was 74, with a number yet to come. The expected enrollment is 80, which would be identical with that of last year. Mr. Mason also stated that about 50 per cent of the High schools in Idaho were running with short staffs, and Kendrick was very fortunate in having a complete one. The dropping of the Smith-Hughes course (ag.) having permitted the payment of higher salaries and thus secured a full staff. He also stated that a bill was pending in Congress at this time for Federal aid for schools. He requested and received a club resolution endorsing such a bill.

L. S. Thurber introduced two new teachers to the club, Mr. Kelley and Mr. Stroh. Both remarked that they liked Kendrick, and were getting along very nicely with the students. Geo. Broeke reported for the Industrial committee that the Soil Conservation Service was desirous of establishing an office in Kendrick, and at his request a committee consisting of Edgar Long, Marvin Long and Geo. Broeke was appointed to assist in finding a suitable office and housing facilities for the same.

Next came a report by Geo. Broeke of the Merchants Committee, suggesting that the annual Sales Day be held on Saturday, October 10, which date was approved by the club. This year, however, Sales Day will have another meaning, for it will also mark the culmination of the Junk Drive, requested by the United States government. As an added incentive the club will offer a prize for the largest load of junk brought in during the course of this drive, which opens on Thursday, September 24, and ends Saturday, October 10 — with the prize to be awarded the last day.

Marvin Long of the Fish and Game committee reported the grouse hunting very poor this year, with birds scarce. He stated, however, that prospects for Chink hunting in November were excellent, since Nez Perce county had planted birds in their part of this section.
A discussion of the possibilities

MISS ANN DEOBALD BRIDE OF TOM KEENE SATURDAY

Miss Ann Deobald, daughter of Mr. and Mrs. E. A. Deobald of Kendrick, became the bride of Tom Keene, son of Mr. and Mrs. Wade T. Keene, also of Kendrick, Saturday evening, September 12, at 8:00 o'clock in the Kendrick Community church, the Rev. Roy Murray reading the ceremony in the presence of relatives and a few close friends.

The bride, given in marriage by her father, was gowned in white chiffon and lace, and wore a fingertip veil of net. She carried an all-white bridal bouquet of rosebuds and gardenias.

Mrs. Joe Watts, sister of the bride, was matron of honor. She wore a pale yellow chiffon dress.

Miss Betty Boyd, attired in a dress of peach net; and Miss Mary Havens of Bremerton, Wash., wearing a blue net dress, were the bridesmaids. The bride's attendants carried small bouquets of fall flowers.

Don Benscoter was best man, and Rex Blewett and Herman Renfrew ushers.

Just preceding the ceremony, Mrs. Roy Murray sang "I Love You Truly." While she played the wedding march, the bridal party took their places before the altar. Large baskets of white gladiolus and tall lighted candles provided a pretty setting for the simple but impressive service.

Immediately following the ceremony a reception was held in the church basement, which was decorated with many baskets and vases of fall flowers. Following the reception the newlyweds departed for a few days' honeymoon trip to the coast. They will make their home in Juliaetta, where Tom is manager of the warehouse.

Both of the young people are from pioneer families of this section. Both are graduates of the Kendrick High school. Mr. Keene has attended W. S. C. during the past four years, and Mrs. Keene was a student at the U. of I. last year.

The good wishes of their host of friends go with them.

Out-of-town guests present at the ceremony and reception were: Mr. and Mrs. Elmer Bechtol and daughter Betty and Miss Francis Deobald, all of Seattle; Mrs. Eva Thompson, Orofino; Mrs. Roy Edward Thompson, Moscow; Mr. and Mrs. Joe Watts, Moscow; Miss Betty Boyd, Moscow; and Miss Mary Havens, Bremerton, Wash., Glen Lorang, Ray Law and Chester Peach, all of Pullman, Wash.; Mr. and Mrs. Estel Crow and Mr. and Mrs. George Jones, Unton; Mr. and Mrs. Rance Oglesby, Doug, Hunter, and Walter Nelson and mother, all of Peck, and Mr. and Mrs. Burton Hunter of Lewiston.

Dick Fry Home On Furlough

Dick Fry, son of Mr. and Mrs. Clarence Fry of Kendrick, is home for his first visit in two years, arriving Monday.

Dick enlisted some two years ago, and since that time has seen a lot of the United States, and a big section of Alaska, where he is now stationed, his headquarters being at Dawson.

Dick has but little to say about war activities in that section. He does say, however, that the navy is in complete command of all army and navy units there, and that no second "Pearl Harbor" will ever occur in that section.

Among the experiences Dick had had was in being on a patrol boat torpedoed by the Japs, and as a result of that action, spent five hours in the water — which is pure "ice" in that far northern sea. He is at this time part of an army gun crew on a patrol boat, spending 31 days at sea before reaching the states — or Seattle, from which place he left for Kendrick, and to where he must return Sunday.

Dick, of course, can say but little about war conditions and preparations there, but can and does talk very interestingly of the country. He says that Alaska is a veritable wild game paradise, deer, caribou, moose and Kodiak brown bear. While on patrol duty there one night he heard a noise in the brush, turned on his flashlight and there, staring him in the face was one of the big brown bears. Although armed, Dick says he isn't a bit ashamed to say that he took right up the hill through the brush toward a 50-caliber machine gun nest — thus giving Mr. Bear the slip as well as the trail.

He relates a story of a company of soldiers who met a Kodiak in a trail, and opened fire. Ninety-two 30 caliber rifle bullets hit the bear in the head, but he severely injured several men before an old-time trapper, attracted to the spot by the shooting, slipped in behind the bear and killed it with a heart shot. The trapper gave the soldiers a tongue-lashing for being so foolish as to start shooting, especially at the bear's head, went on into their camp with them and talked to the commanding officer. As a result, the boys give the big brutes a wide berth.

Dick tells of seeing one bear that had been killed which weighed 1,800 pounds.

Hitler is said to be suffering with a nervous breakdown. Maybe what he has is not a new order in Europe, but a new disorder.

of holding another stock show in connection with Sales Day occupied some time, and a committee appointed to investigate this phase, by contacting stock, hog, sheep and swine raisers.
There being no further business to come before the Club, on motion it adjourned.

WHAT KENDRICK FOLKS ARE DOING THESE DAYS

Louis Lundens, who is employed at Bayview, spent the week-end here with his family.

Billy Deobald, who has been employed at Bayview, has returned to his home here. He will visit for a short time, and then enroll in the U. of I.

Kirk Wilson and Everett Farrington, employed by P. F. I. at Headquarters, spent the week-end at their homes here.

Mr. and Mrs. E. A. Deobald and son John were Lewiston visitors on Sunday, going after peaches.

Everett L. Fey, U. S. army air corps, was here last week from Windsor Locks, Conn., on a short furlough to visit his parents, Mr. and Mrs. Chas. Fey. Everett says he likes the air corps very much, but wishes he were stationed just a bit closer to home, as a furlough doesn't do him much good — it takes all his time traveling.

Mr. and Mrs. Bob Fry of Caldwell, Idaho, are visiting this week in the home of his parents, Mr. and Mrs. C. H. Fry.

Mr. and Mrs. Clyde Miller of Du Bois, Idaho, arrived at the E. A. Deobald home late Sunday afternoon on their way to Moscow. They were greatly surprised to meet her parents, Mr. and Mrs. Elmer Bechtol, and her sister, Betty, of Seattle, at the Deobald home. They spent the night there, Mr. Miller leaving on Monday morning, while Mrs. Miller remained for a longer visit.

Rev. Fr. Stoke and Father Pivinski were callers in the Epps Perryman home on Tuesday.

Mr. and Mrs. Fred Stedman and children spent Saturday afternoon and Sunday visiting with friends in Lewiston.

Mrs. Edgar Long left Wednesday evening to spend several days with her sister, Mrs. James Benjamin.

Miss Loretta Schuller, accompanied by Mrs. Elna Raby, left Thursday for Boise to be gone a week.

Mr. and Mrs. Leon Lind and Mrs. Paul Lind were Moscow visitors on Monday.

Mr. and Mrs. Boyd Cook of Lenore visited Saturday evening in the Paul Lind home.

Mr. and Mrs. Lowell Mason were in Moscow Saturday, where Mr. Mason attended the county teachers' meeting. On Sunday they drove to Endicott to get his grandmother, Mrs. Sarah Mason, who will spend some time here in her home.

R. L. Blewett, Ben Cook and Kenneth Hoduffer left early Sunday morning on a fishing trip, returning that evening. We did not learn their luck.

Mr. and Mrs. Oscar Hartung, accompanied by Mrs. Carl Hartung, Sr., of Richmond, Calif., arrived here last week to visit relatives and friends here and in Lewiston.

Mrs. Mary Newton of Cheney, Wn., was a guest in the home of Mr. and Mrs. Edgar Long last Thursday and Friday.

Mrs. Roy Jump, who has been visiting in the home of her parents, Mr. and Mrs. Harold Thomas, left Saturday for Seattle to look for a house. The children are with her mother.

Donald Stroh, instructor in the Kendrick High school, was a Moscow visitor Saturday.

Mrs. Roy Bacharach and Susan Orofino were in town Friday visiting friends.

Mr. and Mrs. Allen Sather and children of Genesee were guests Sunday in the W. B. Deobald home.

Fred White of Hermiston, Oregon, was being visited the past week in the Bert Biddison and Ernest Roberts homes. Mr. Roberts is his uncle.

Raymond H. Volkert, U. S. navy, who is stationed at San Diego, spent a few days this week at the Jake Grinolds home on Cedar ridge.

Home Making Club

The Home Making club met Friday in the church basement, with its president, Mrs. F. M. Long, presiding.

After a short business meeting, suggestions and ideas for reclaiming the family wardrobe were discussed.

Some clothing that had been remodeled was exhibited, as well as pictures and patterns. It was a very interesting meeting and everyone felt that they had gained some helpful information on how to reclaim some item of clothing in their home.

The next meeting will be held with Mrs. Mary Otosen in Juliaetta on October 9, at 1:30 p. m. The subject to be taken up will be "The Care of Clothing."

Come prepared to answer roll call with suggestions for Thanksgiving.

Family Reunion

A family reunion was enjoyed on Sunday afternoon at the Clarence Fry home, honoring their son, Richard, who is home from Alaska on a furlough, it being his first trip home for two years.

Those present were Mr. and Mrs. Robert Fry from southern Idaho, Mr. and Mrs. Don Johnston and daughter, Lenore; Mr. and Mrs. Glen Wegner and family, Mr. and Mrs. Ted Vaughan, Chatcolet; Mr. and Mrs. Clem Israel and family, and Mr. and Mrs. Clarence Fry and children.

Will Attend University

There will be far fewer Kendrick young people attending the University of Idaho this year from all indications.

Names of which we have heard who will attend are: Barbara Long, Eilly and Lois Deobald, Rex Blewett, Bob Watts, Harry and Helen Newman and Beulah Draper, the last named being from Leland.

Closes Blacksmith Shop

Joe Cardinal, who has been operating a blacksmith shop here for the past 12 years, closed his doors Saturday evening, for the duration, and immediately started preparing his equipment for shipment to Nehalem, Oregon, at which point he will be engaged in defense work.

Joe is being assisted by Joe, Jr., who with his wife arrived here Sunday to help prepare the equipment for transportation.
Mrs. Joe Cardinal, Sr., will remain here for the time being.

AUNT CARRIE ALLEN, BELOVED PIONEER, PASSES

Carrie Adaline Allen was born January 2, 1857, at Altuna, Knox county, Ill., and passed away September 8, 1942, at the age of 85 years, eight months and six days, following an illness of five weeks. Although in poor health for some time, she was quite active until her last illness, some five weeks ago.

She moved with her parents to Missouri when a little girl in 1866, and to Idaho in 1904.
In September of 1900 she was called to take care of her brother's family, and after he moved to California in 1916, she continued to keep house for her nephew, Arley M. Allen.

Those who survive her are her brother, Fred Allen, Loma Linda, Calif., a sister, Mrs. James Langdon, West Los Angeles, Calif., nephews and nieces.

She numbered her friends by her acquaintances, and was known to all as "Aunt Carrie."

She had been a member of the Adventist Church for 60 years. She was a bible student and always enjoyed talking to her friends on the scriptures.

As a tired warrior she has stopped to rest for a little while. A true Saint of God has finished her work on earth and now sleeps for a little while until the life giver shall come to give her a crown of glory which shall last through all eternity.

Funeral services were conducted Friday afternoon at 2:00 o'clock at the Gold Hill church, with P. M. Ollivier of the Lewiston Adventist church bringing the message, "Lead Kindly Light," "Abide With Me Alone," and "God Will Take Care of You" were sung by friends.

Palbearers were Addison Alexander, Louis Alexander, Clem Israel, George Smith, Arthur Foster and Frank Lyons.

Interment was in the family plot at the Gold Hill cemetery. Short's Chapel was in charge.

Latah County Teachers Meet

The role of education in the war effort went before teachers of Latah county Saturday afternoon. The meeting brought together more than 100 from over the county at the courthouse, at the first session of the Latah County Education association.

Horace J. Woodworth, county superintendent brought the wartime message to the county teachers, who chose their new officers from a nominated 20 members for delegates to the annual spring meeting of the Idaho Educational association, and voted a meeting to precede the spring Boise convention.

Chosen president of the county association for the coming year was Lowell Mason, Kendrick superintendent, who was vice president this year and presided Saturday in place of J. C. Eddy, Potlatch, now assistant state superintendent. Kenneth Dean, Genesee superintendent, was named vice president, and Irene Hinckley, Kendrick, succeeds Jewell Eardgett of Potlatch as secretary-treasurer.

Among those nominated for state convention delegates, election to be by mail, included several from this section: L. W. Mason, Kendrick; S. E. Stackhouse, Juliaetta; Richard Kelley, Kendrick; Ross Armitage, Kendrick.

Given Bridal Shower

Miss Ann Deobald has the honor given at a lovely bridal shower given in the home of Mrs. Stella Leith, Thursday afternoon of last week.

A number of games were played, one of which was a "musical romance," with Mrs. Harold Thomas playing the answers to the questions on her accordion.

The bride-to-be then opened her many lovely and useful gifts, after which there followed the usual shower of congratulations and good wishes, and the party took on an atmosphere of gaiety that one always associates with the happiest of occasions.

Dainty refreshments were served at the close of the afternoon by the hostesses, the Mesdames Stella Leith, Johanna Nelson, E. P. Roberts, W. A. Watts, R. L. Blewett and W. L. McCreary.

Burton Forest Killed

Burton John Forest, 32, caterpillar operator for Potlatch Forests, Inc., at Camp 39, near Headquarters, was fatally injured Thursday afternoon of last week at 1:30 o'clock in a peculiar manner.

A log was being dragged by the tractor driven by Forest. The log struck a rock, un-ended and fell across the tractor, striking the driver on the head. He died before reaching the hospital at Orofino.

He had been employed by P. F. I. for eight years, five years in the Clearwater area. He was born May 17, 1910, at Kenmare, N. D.

Survivors include his parents, Mr. and Mrs. Michael Forest, Southwick, and several sisters and brothers. Services were held at Southwick Sunday afternoon.

NORTHWEST WHEAT MARKETS FIRM AND HIGHER

Domestic wheat markets were very firm during the week ending September 11, and both futures and cash prices advanced from levels of the previous week, according to the Department of Agriculture. Cash wheat prices at Portland were higher along with futures in local and midwestern markets. Quotations here at the close of the period showed advances of 1c to 2½c per bushel on the principal classes, except hard red winter, which was up 7c to 8c compared with a week ago. Price variations reflected local supply and demand conditions on the various classes of grain. Mills were in the market only in a moderate way and mostly for special quality lots for immediate needs only. Domestic flour business was reported rather quiet but sales for export under the indemnity plan were better than during the previous week. Wheat receipts at Puget Sound and Columbia river terminals totaled about 600 cars against only 375 last week, which partly reflected increased marketings by growers at some country points. Demand from the midwest for low protein wheats from the Northwest continued good but the light country offerings restricted current business to the area to only moderate tonnage for harvest and threshing were very favorable, but some of this work yet remains to be done in higher areas.

Cash wheat bid prices at Portland on September 11, for 15-day shipment were: soft white, \$1.15; soft white, no Rex, \$1.17; white club, \$1.17; western red, \$1.17; hard red winter, \$1.12. For deferred shipment, warehouse receipt basis, soft white, \$1.16; soft white, no Rex, \$1.19; white club, \$1.19; western red, \$1.19; hard red winter, \$1.12.

The San Francisco wheat market averaged somewhat stronger, largely influenced by advances in northern and eastern markets and light local offerings. While demand was not very active and almost entirely for milling purposes, prices were about 2½c per 100 higher compared with a week ago. Considerable wheat was going into storage to take advantage of government loans at somewhat higher levels than current bids. . . . Cash wheat prices at Kansas City at the high point of the week were very close to the Federal loan value of \$1.27 for No. 2 hard red winter but the late downturn and some easing of the premium basis dropped the market average to about 7c under the loan figures as the week closed. At the close of the period No. 2 hard winter was quoted at Kansas City at \$1.19 to \$1.20; No. 2 red was quoted at \$1.23 to \$1.29 per bushel.

Demand for cash wheat at Minneapolis was steady with improved mill interest noted and the trading basis was firm. Arrivals showed a large percentage of high moisture damaged grain and the offerings of good sound qualities moved readily at firm premiums.

Receipts of cash wheat at Minneapolis amounted to 2,564 cars during the week while Duluth unloaded 823. Inspections indicated 103 cars of winter wheat and 216 cars of durum in the week's receipts.

Unprecedented crop yields per acre, 35 per cent above the 1923-32 average, and 12 per cent higher than in any past year, were indicated at the first of September. Final yields may exceed present forecasts, if the fall weather remains favorable, so that late corn, soybeans and other crops may mature before frosts.

Much better weather for combining and threshing wheat prevailed in the spring wheat belt and this work made good progress although hindered considerably in many localities by dampness from previous rains. More or less sprouting of the grain in the shock was reported but yields continue good to excellent. Plowing and fall seeding of winter wheat made good progress but was interrupted by wet soil in parts of the western wheat belt. Seeding was begun in the western half of Kansas. Early seeded wheat is coming up in the southwest, and early wheat on fallowed fields of the high Texas plains is up to good stands.

Scrap Metal Badly Needed
Scrap metal is desperately needed by the great steel mills if Uncle Sam's and our allies guns, tanks, ships, ammunition, etc., is to continue to come off the assembly lines in an uninterrupted flow.

Realizing that the scrap metal lies on farms, in old cars, trucks, tractors, discarded machinery, etc., another drive, said to be an intensification of the first one, is opening immediately, and no scrap of metal should be overlooked. Every farmer is urged now, to start collecting his junk in any spare moments he may have, and prepare to bring it to town.

This latest drive culminates on October 10 — Sales Day, in Kendrick, and the Kendrick Commercial club is offering a prize for the biggest load of scrap brought in during this drive.

As during the last drive, the metal will be purchased by the Kendrick Bean Growers Association. Spot cash payment will be made. In next week's issue will appear the first of a series of junk ads. Watch for them.

Enlist In Navy

Larry and Joe Langdon, sons of Mr. and Mrs. Harry Langdon of American Ridge, have enlisted in the U. S. navy for full six-year terms. They leave for Boise next Monday, September 21, to take their final examinations.

To Observe Rally Day

September 27 will be observed in
the Methodist church of Kendrick
and Juliaetta as "Rally Day."
At the Kendrick church the mem-
bers of the church school and the
church officials will unite in a ser-
vice of installation for the church
school workers, as their Rally Day

observance. This program will be at
11:00 a. m.
The Juliaetta church will observe
Rally Day in a Candle Light service
at 7:30. The members of the church
school and the official board of the
church will be joined by the con-
gregation in this impressive service.

YOUR ELECTRIC RANGE WILL LAST LONGER IF...

Uncle Sam says that war materials are more important
now than electric ranges. So—yours will have to last until
the war is over. Use it economically, keep it in good
repair. It will continue to help you give your family a
balanced wartime diet, save you time for important war-
time tasks.

CARE OF ELECTRIC RANGES

1. Remove spilled food by burning it off—to clean
with stiff or sharp instruments might damage the
coil.
2. Wash enamel only when cool, with warm soap and
water. Clean oven occasionally with some non-
abrasive cleanser.
3. Be sure cooking utensils do not overlap the unit
onto the enamel; they may crack the finish.
4. Have a competent service man check occasionally
to see that your range is level and operating satis-
factorily.

Your electric appliances are good now—as good as
American ingenuity can make them—which means the
best in the world.

WHAT'S GOING ON IN AMERICAN RIDGE SECTION

Given Bridal Shower
The bridal shower and farewell
party given in the Harold Roberts
home this week, honoring Miss Helen
Roberts, former resident of this
ridge, was well attended and much
enjoyed by all present.

Before the delivery and opening
of her gifts a game of "scrambled"
words regarding her marriage was
played, the object being to put the
words in their proper sequence. The
winners of this contest were Mrs.
Ira Havens, first, with a score of
100 per cent; Mrs. Harry Benscoter
and Mrs. Alpha Proconier, working
together, won second. They gave their
award to the bride-to-be.

At the conclusion of the games
Miss Roberts was seated on the
window seat in the beautifully dec-
orated living room in the Roberts
home. The gifts, loaded on a wagon
decorated with white crepe paper,
pulled by little Nita Benscoter and
Lolla Roberts, and decorated with
dolls dressed as bride and groom
delivered the gifts to the honoree.

Following the opening of the gifts
Mrs. Cyrus Roberts modeled her
wedding dress of 50 years ago, and
Miss Helen Roberts also put it on
for the inspection of the guests.

Those attending other than ridge
residents were: Mrs. Ira Havens and
Grandma Keene of Kendrick;
Mrs. Randolph, Asotin; Mrs. Ray
Halls and daughters, Moscow; Mrs.
Holms, Camas, Wash.; Mrs. Jennie
Roberts, Portland; Mrs. Ralph
Tippett and daughter of Clarkston.

Other News
Larry and Joe Langdon went to
Spokane Monday with a double-deck
load of sheep.

Roberts-Parks Nuptials
Miss Helen Roberts of Clarkston,
daughter of Mr. and Mrs. Cyrus
Roberts, and Clarence Parks of
Bend, Oregon, were united in mar-
riage at the home of Mr. and Mrs.
Harold Roberts of American ridge,
Monday at high noon, the Rev.
Swinehart of the Church of God in
Clarkston, officiating.

The simple, but impressive cere-
mony was held in the living room
of the home, the bridal party tak-
ing their place before the beautif-
fully decorated window seat, crossed
by an arch of fall flowers, and flanked
with big baskets of flowers.

Cecil Roberts, brother of the bride,
acted as best man, and Miss Grand-
berg, maid of honor.

The bride was attired in a navy
blue silk dress, the groom wearing
the conventional dark suit. The
bride's mother wore a wine-colored
silk dress. Only close relatives of
the couple were present.

Following the ceremony a wedding
dinner was served, Mrs. Ella Rob-
erts assisting in the serving. The
big three-tiered wedding cake was
baked by Mrs. Harold Roberts.

The happy young couple will make
their home in Bend, Ore.

Mrs. Eva Glavin, who has been
away since last fall, returned last
week to look after some business.
She plans to sell her household
goods while she is here.

Sam Harp and children are plan-
ning to go to Hood River soon to
pick apples.

The harvesting seems to be al-
most finished here. Marion and Gro-
ver Groseclose still have some grain
and clover seed to thresh. John Lind
will thresh it for them.

Double Feature At Theatre
This week's offering at the local
theatre will be another one of double
features.

The first of these features Gene
Autrey, assisted by Smiley Burnette
and Fay McKenzie in "Heat of the
Rio Grande." In this picture, one of
Gene's latest, he sings a number of
new songs, including "Deep In The
Heart of Texas." Gene Autrey pic-
tures need no introduction to local
theatre goers.

The second offering of the eve-
ning "Pardon My Stripes" is a story
of big-time gamblers, and the small
fry they use to haul their chestnuts
out of the fire — and of course an
inquiring reporter is mixed up in the
action, much to the gamblers dis-
comfort.

In addition the usual cartoon will
also be shown.

VICTORY Begins at Home!

We're not soldiers, sailors or marines, but we can do our share toward winning this war. And we're going to do it, too. We may never get near a battleship or carry a gun into battle, but we will do our bit to help you supply the goods the government needs.

Believe us, we're hitting the ball these days. We never knew we could turn out so much work. It's fun, too, for every day we carry on our work and help you, we can say: "Well, there's one more nail in Hitler's coffin and one more piece of bad news for the Nips."

What do we care if we put in overtime? In Japan and Germany and in Italy they put in overtime and get no thanks for it — not even enough to eat.

We figure this way: A man's ability to turn in a good day's work starts at home. Our wives turn out meals that millions of people in other countries would give a week's pay to eat.

Since sugar rationing has been started they are planning meals more scientifically. They say we are using less sugar, but we can't tell the difference. We don't seem to miss anything that we had before rationing went into effect. And as for salvage material such as tin, rubber, tooth paste and shaving cream tubes — Uncle Sam is getting all of that and if there is anything else he wants he can have it. And each one of us have a war stamp book — you'd be surprised how fast one of these little books fill up when you buy a dime or quarter stamp every day.

Yes Sir, we figure Victory Begins At Home!

EDITORIAL

Well, Folks — Here we are still hammering away at harvest work, and the only days we have off are Saturday night — and when it rains. Harvest, this year, has certainly been a long-drawn-out affair, with late spring work and equally late harvesting operations.

However, the lateness or wetness of the season has not affected the supply of cream from "old bossy," so that is one crop that can always be depended on. And the busier you are, the more you can use our help. You'll find our cash payment system, and ready-to-use cans save lots of time.

And by the way — we still have locker boxes for rent. If you are not using one today, a few minutes inspection of our plant will readily show you the benefits you can reap by renting

one immediately.

Wife: "What's the idea of poking the broom in the baby's face this morning?"
Hubby: "I just wanted to get him used to kissing his grand-father."

Wealthy Father: "I do hope you appreciate that in marrying my daughter you are getting a very big-hearted and generous girl."

Seaman: "I do sir. And I hope that she has acquired those fine habits from her father."

She: "Why did you sign Bill Jones on the hotel register just now?"

J. Smith: "Because somebody had already signed 'John Smith' in the space above."

Bring in a can of cream. You are sure to like our cash.

SCHOOL NOTES

Monday, September 21, at 1:45 in the H. S. auditorium, the students will be entertained by "The Gay Vaqueros," three lads from Old Mexico. They are a substitution for the Sellers and Van Zant attraction, which, due to the present war situation and difficulty of travel, are unable to appear. A small admission will be charged.

We have had no definite word yet of the Hot Lunch program, but it is hoped to start it by September 21.

This year Band has nearly the same students as last. They are brushing up on old music and trying very hard to get "warmed up" for events that will occur in the near future. Band will make its first public appearance on Sales Day, Oct. 10.

The World History class is studying about the Greeks and their advanced civilization.

English I class is learning sentence structure, and proper usage of words.

English II is reviewing short stories and reading material from "Literature and Life."

English II are studying colonial and early American writers up to the time of Thomas Jefferson.

Physics class is studying machines and liquids.

Geometry is learning how to measure angles and the study of propositions.

The Biology class is studying the life history of plants, including osmosis and food.

Northwest History class is studying the Northwest, its exploration and settlement.

Shop is beginning their first projects, which are wood burning.

Home Economics I are canning all kinds of fruits and vegetables which are in season. Home Economics II are making scrap books of their dream house. They are also making a small dressing table, which will be attached to the closet door. They will plan a time schedule in the near future.

Typing I is learning the keyboard. Typing II is studying for speed and accuracy.

The Home Economics club will be organized in the near future.

Girls' League will hold their monthly meeting in the near future.

Grade News

The first and second grades have learned to recognize their colors already. They have green plants in their windows and lovely cut flowers decorate the teacher's desk. They enjoy picture books every day. The enrollment for the first grade is 11, and the second grade, eight.

The third and fourth grades have 22 pupils this year. There are seven girls and 15 boys. The fourth grade has a new history book, entitled "Our Country." They like it very much. They have some polly-wogs in their room and the children are watching their development from day to day.

The fifth and sixth grades held an election of officers, with the following taking office: Douglas Christensen, president; Eugene Brooke, vice president; Patricia Long, secretary; Joretta Holt, librarian; Danny Crocker, librarian; Patricia Long, reporter. There are 13 in the fifth grade and 11 in the sixth. They have new history and work books, which are very nice.

The seventh and eighth grades have new history books, which take them up to 1941, when Hitler rose in European power. They have music three times a week — the first period in the morning.

After school some of the boys go down to the ball diamond and play "touch football." When weather gets bad they will play badminton in the gym.

LINDEN ITEMS

Those who came some distance to attend the funeral services for Aunt Carrie Allen were: Mrs. Alfred Kelberg, Mr. and Mrs. Oscar Kelberg and son and Mr. and Mrs. Layton Kelberg of Troy; Mrs. Nelson and Mrs. F. M. Oliver of Lewiston; Mr. and Mrs. Harry Langdon, Larry, Joe and Erma Langdon of American ridge; Mr. and Mrs. Dave Gentry, Mrs. Wm. Holt and Mrs. C. H. Fry of Kendrick.

A large crowd charivariated Mr. and Mrs. Bud Magee at the Fred Magee home Sunday evening. Treats of candy and cigars were passed and a jolly evening spent in visiting.

Mrs. Sisley, Cedar Ridge teacher, and Miss Jannet Halliday attended the teachers' meeting in Moscow on Saturday afternoon.

Mrs. Shell Wetzel, teacher in the Genesee schools, spent Sunday with her parents, Mr. and Mrs. Fred Magee.

Mrs. Louis Alexander and Miss Eva Smith visited Mrs. Louisa Fry in Moscow, Saturday.

Among The Sick

Mrs. Vera Stewart is ill and unable to carry on work in her beauty shop.

Margaret Cook, who has been ill the past few weeks with bronchitis, is slowly improving and is expected to return to school in the near future.

Mrs. J. H. Hunt, who has been quite ill at the C. H. Davidson home, is slightly improved at this time.

Enlists In Navy

Jack Kuykendall, scheduled to report soon for army induction, "beat the kahka boys to the draw" and enlisted in the navy at Lewiston Monday afternoon, leaving for Boise early Tuesday morning of this week.

This is Jack's second "hitch" in the navy, and he enters as a seaman 3rd class.

Called Wrong Number

An old Irish woman called on her far-maid compatriot and the following conversation ensued: "Good mornin' to yez Mrs. Murphy. 'Tis a foine woman ye are and 'tis a foine woman yer mither was before ye and that b'y Jim o' yours looks for all the world like the Lard Mayor of Carik. Mrs. Murphy, would ye be after givin' me a wee drap this mornin'?"
"Gwan, ye spahlpenn! Divvil a drap do ye git 'till ye pay the score."
"Ah, Mrs. Murphy, 'tis an old divvil yer mither was before ye and that ye and that b'y Jim of yours looks no more like the Lard Mayor o' Carik than I do like Alice Rosenfelt — put that in yer poipe and smoke it!"
