KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, OCTOBER 29, 1942

NO. 44

## HAPPENINGS OF INTEREST HERE TWENTY YEARS AGO

The new bungalow being put up by Emulus Brown on the old Sterling lots is assuming shape rapidly. It will be one of the best houses in town when completed. It is a decided improvement over the old building which Mr. Brown tore down.

Billy Meyer was displaying some fine potatoes that he brought in from his homestead in the Three Bear country. They were raised on new land and are exceptionally fine.

Mr. and Mrs. A. K. Carlson and children drove over from Nezperce Sunday to spend the day with friends. Mrs. Stuart Compton and children arrived Wednesday morning from Orofino to visit her sister, Mrs. O. E. MacPherson and family.

A flatcar, loaded with road building machinery, was unloaded here Wednesday. It contained all the machinery and tools necessary for the building of the new gravel streets in Kendrick.

Ernest Roberts drove to Moscow Thursday afternoon. He was accompanied by his mother and sister.

Fairview Items—Mr. and Mrs. J. M. Woodward and family were Leland visitors Sunday. Mrs. McCann and son Clair were dinner guests Sunday in the home of Mr. and Mrs. Amel Peters. Guests in the T. J. Flesham home for Sunday dinner were Mr. and Mrs. Virgil Flesham and family, Glen Flesham and wife of Lewiston, James Helton and wife and Mrs. Boyd. Mr. and Mrs. Leonard Houck and son of Juliaetta are spending a couple of weeks at the John Glenn home.

Sunday visitors at the Frank Wilken home were Mr. and Mrs. Amos Spekter and children and Mr. and Mrs. Geo. Ehlers and family, all of Cameron. Linden News—Mr. and Mrs. Clem Israel and children and Mrs. Bud Harris spent several days last week in Lewiston. Eva and Ben Smith, Mrs. Arthur Bohn and Elsie Zimmerman spent Sunday afternoon in Southwick with the Gordon Harris family. Mrs. Hattie Alexander spent Saturday with the Clem Israel family. Mrs. Earl Langdon and family spent Tuesday with her mother, Mrs. Ira Foster. Several of the farmers are seeding alfalfa clover this week, while others are seeding fall wheat on their bean ground.

George K. Moody of Potlatch has been appointed deputy in the Latah county sheriff's office by John L. Woody, according to an announcement made Tuesday. Mr. Moody succeeds L. G. Peterson, who resigned to accept the office of city clerk of the city of Moscow, left vacant by the death of Judge J. R. Strong. Mr. Moody is thoroughly competent to handle the deputyship and the appointment has met with general approval. Since Mr. Peterson's resignation Chief Deputy Charles Summerfield has been handling the work alone.

Miss Helen Slind of Bear ridge left Tuesday afternoon for Pullman, where she has a position in the Northwest Slaughterhouse. Mrs. Hammond of Juliaetta spent Wednesday in Kendrick at the home of Mr. and Mrs. John Kite. Lyman Vaughan writes from Milton, Oregon, that they are still having peaches and fresh sweet corn. They have had no frost there yet this fall.

Thelma Perryman returned from Juliaetta Tuesday, after spending a couple of days with her grandmother. The local teachers left Sunday afternoon for Moscow to attend the Institute.

Archie May of Leland was a passenger for Troy Monday morning on business.

E. H. Dammarrell was a passenger for Moscow Tuesday to visit his son, Kester, who is attending the U. of T. He also visited his daughter, Ruth, who is attending Teachers' Institute there this week.

Word comes from Texas ridge that Newt Heath lost his grainary and grain Thursday morning by fire. The grainary was in the field and no use can be given for the origin of the fire. The wheat was covered by insurance but his oats and beans were a total loss.

F. A. Sparger closed a deal this week for the purchase of the L. M. Wilcox place, located southwest of Kendrick. It is a well-improved place consisting of 20 acres and contains some valuable fruit and garden ground. The consideration is understood to have been \$2,000.

Linden News—Mrs. Arthur Bohn went to Moscow Saturday to visit relatives. The Gilchrist family have moved to the little house owned by Mrs. Longfellow, until they find a suitable location, and Mr. Car-gill is moving to the Jim Langdon place, vacated by Mr. Gilchrist. Mr. and Mrs. F. C. Lyons and sons Dan and Raymond returned Sunday from a successful hunting trip in the Red River Hot Spring country. Mr. Lyons got a six-point elk. Clyde Alexander of Winchester arrived Monday evening for a few days visit at the A. Alexander home. I. E. Foster moved his family Monday to the siding six miles beyond Long Meadow, for an indefinite stay. Mr. Foster works in the planing mill and Mrs. Foster cooks for the men.

Leland Items—One day last week Jess Thornton's team ran away twice. The first time they ran into the fence and tore up a dozen or more posts and broke down a telephone pole, then a little later he was down town when they became frightened again and ran, scaring Ralph Kirkill's team, causing them to run away. There was considerable excitement for a few minutes until the teams were caught. No serious damage was done. Mr. and Mrs. R. M. Smith entertained at dinner Sunday for Mr. and Mrs. Jesse Hoff-

## Real Estate Transfers

Two real estate transfers were made in Kendrick last Saturday. In the first of these deals Wallace Emmett sold his home in the west part of town to Mr. and Mrs. Kenneth Powell, who took immediate possession. Mr. Powell is employed in the Kendrick Creamery.

In the second deal Wallace Emmett purchased the Harley Perryman home, also in the west part of town, and expects to make it his home. He has not, however, taken possession.

## ELECTION DAY ARRIVES TUESDAY, NOVEMBER 3RD

Tuesday of next week will see our so-called "off-year" elections, when the voters of Idaho will again choose a United States Senator; two congressmen; a governor, and all the other state and county officers down to justices of the peace and constables for the various county divisions.

Considerable interest centers this time on the United States Senatorial race; the two congressional races, and the race for governor, probably more so at this time than two years ago, when a presidential candidate stole the spotlight from local ones.

This year, as well, there are Constitutional Amendments and Referendums appended to the ballot. One of these, that of the so-called old-age pension, is full of jokers, and voters would do well to read and study these changes fully before giving their ballot to the clerks of election. Should the old-age pension bill pass, there is almost no limit to the expenses that could be hung upon the tax payers of Idaho, and we feel that right at this time there should be every effort for economy in state and local government, in order that John Q. Public may better meet the demands of this great war we are waging—and this war is one of life or death to our nation.

As we have so often stated this paper is independent in politics, so we have no advice to offer any voter on either side of the fence. However, we do feel that in the selection of county candidates, and especially those known to us personally, the vote should be for the man we deem best fitted for the job rather than on party lines.

So remember, next Tuesday is election day—go out and vote—express your preference via your ballot, and then abide by the result in the good old American way.

## Accidentally Shoots Self

Last Sunday morning Charley Candler received a very painful wound in the left arm, when a .22 rifle he was carrying accidentally struck the ground and discharged, the bullet making four separate holes in the arm, two above and two below the elbow.

According to the information we have Charley was with friends on a hunting trip to the Freytag farm, and was carrying the rifle. As the party returned to the car, Charley sat down on a fender. The rifle slid from his hands, struck the running board of the car, and thence to the ground, discharging when the rifle butt hit the ground.

The bullet ranged upward through his doubled-up left arm, missing the bones both above and below the elbow, and inflicting a severe wound. Charley was brought to town immediately and Dr. Christensen dressed the arm. Unless complications set in unexpectedly it is believed no lasting injury will result.

Charley departed that afternoon for Kellogg for the home of his parents.

## Red Cross Needs Seamstresses

An urgent letter was received this week from Red Cross headquarters, asking that all sewing be finished and sent in.

There is a lot of unfinished sewing on hand, consisting of five children's robes; 25 soldiers kits; 15 women's hospital gowns, and yarn for socks and sweaters.

Mrs. Frank Crocker has taken all of the sewing to her home and asks that the ladies wishing to help, please call for the above articles Friday afternoon of this week. Hereafter the regular day (Thursday afternoon) will be resumed.

We are behind on our sewing and are going to need more volunteers than the regular few who have been trying faithfully to keep up.

This is your responsibility—won't you help?

## Amendment Misleading

Constitutional Amendment S. J. R. No. 3 certainly appears very misleading as printed in the official notice of election for the ballot.

This amendment as written, provides that no state school lands can be sold for less than \$5.00 per acre—leaving the impression that school lands in the past may have been sold for less than \$5.00. This is not the case, as the present law provides that no school land may be sold for less than \$10.00 per acre.

The State Board of Land Commissioners feels that the passage of this amendment would cause a loss of millions of dollars to the school endowment fund over a period of years.

man and son Dwight and Mr. and Mrs. R. C. Smith and children. Lloyd Kuykendall has recently installed a phone in his dwelling and is also improving his house by re-papering. From all reports Amel Peters must be the potato king of the potlatch, regarding size and quantity. Miss Lizzie Hund is spending her vacation with her mother.

## WHAT KENDRICK FOLKS ARE DOING THESE DAYS

Wayland Davis was a dinner guest in the home of Mr. and Mrs. A. O. Kanikkeberg Monday.

Mrs. Raymond Dunn and children left last week for Tacoma to join her husband, who is employed in the shipyards there.

Mrs. Emulus Brown and children moved this week to Portland to join her husband, who is employed in defense work there.

Miss Alma Bailey, who is working at the Crescent store in Spokane and going to business college there, came down Friday to spend the week-end with Lois Deobald, Davina Craig and other friends.

Mr. and Mrs. R. L. Blewett spent Sunday visiting the Ben Cook family in Genesee, and Rex Blewett in Moscow.

Mr. and Mrs. Paul Lind, accompanied by Mrs. Bina Raby and Eugene, were Sunday visitors in Teak-ean.

Mrs. A. O. Kanikkeberg and children were Lewiston visitors Tuesday. Billy and Lois Deobald were home from the U. of I. to spend the week-end and enjoy the carnival.

David Craig, who is working in Spokane, was home over the week-end.

Walter Heitmann of Lewiston was a Wednesday visitor in the Carl Koeppe home near Cameron. He is a veteran of the battles of the Coral Sea and Midway.

Everett and Evelyn Farrington and Odetta Lohman visited in Vancouver, Wn., for a few days, returning to Kendrick Tuesday evening.

Mr. and Mrs. Jerry Simpson of Craigmont were in town Wednesday forenoon. Mr. Simpson was formerly publisher of the Lewis County Register at Craigmont, but recently sold that paper.

Mr. and Mrs. George Crocker and sons of Lionstar, Calif., spent several days last week visiting in the Fred Crocker home. George spent a few days hunting with his father in the John Wallace country.

John Wallace spent a short furlough at his home here last week, before reporting for pilot training.

Mr. and Mrs. Floyd Crocker spent Sunday evening in the home of his parents, Mr. and Mrs. Fred Crocker.

Geo. C. Hoidal, Hap. Moody and Rudolph Nordby, accompanied by Ingvald Aas were in town Monday looking after political fences.

Tom Felton and King D. Ingle were about town last Saturday visiting with friends and shaking-up votes for the coming election.

John Sumar, Myrtle, was in town last Monday on business, as well as visiting with friends. Mr. Sumar says he has practically given up his winter trapping and hunting, due to so many government restrictions.

Wayland Davis, who is home on leave from the navy, was a Lewiston visitor Saturday and Monday.

Mr. and Mrs. Clarence Hund and children of Seattle spent the week-end here at the home of his mother, Mr. and Mrs. E. L. Pearson and with her parents, Mr. and Mrs. Fred Zimmerman, returning to their home Monday evening. Clarence, who is employed by the Boeing Aircraft Co. says that the tempo of their work has been gradually increasing, and it is now very difficult to get time off.

Word has been received from Stanley (Smokey) Murphy, to the effect that he is now stationed in Texas, and is learning to like army life.

## Bridge Supper

The ladies of the Afternoon Bridge club and their husbands enjoyed a 6:30 supper Monday evening in the home of Mr. and Mrs. W. L. McCreeary. Bridge was played at six tables, with Mr. and Mrs. Roy Ramey receiving high score for the evening.

Mr. and Mrs. F. M. Long and Mrs. Roy Jump were invited guests. Hostesses for the evening were the Mesdames R. L. Blewett, L. W. Mason and W. L. McCreeary.

Bill Lindagrem of Bremerton, Wn., spent Friday visiting with Mr. and Mrs. Alvin Shenaman.

Mr. and Mrs. Roy Gertje and son of Lewiston spent Sunday visiting with Mr. and Mrs. Chester McIver.

Mrs. Roy Southwick was called to Camas, Wn., Friday, by the serious illness of her sister, Mrs. Nancy Holmes.

Mr. and Mrs. James Skinner of Grangemont spent Sunday at the home of Mr. and Mrs. John Lettenmaier.

A dinner was given Sunday in the home of Mr. and Mrs. Grover Danforth in honor of their son, James, who was home on leave from the U. S. navy. This was his first leave and he has been gone nearly a year. He told of many places he had been and of lots of interesting things he had seen. He left Monday evening to report back to his ship.

## Chambers Of Commerce Meeting

The next meeting of the Latah County Chambers of Commerce is scheduled for the Moscow Hotel at 6:30 p. m., today (Thursday, October 29).

Several important matters come up for discussion at this time and a large attendance is to be desired. The policy of the organization concerning further meetings of the group; the election of officers for this term; and other matters of importance will come up. Mr. Cornelison of Moscow; Mr. Segerson, Potlatch, and Mr. Black, Troy, have been appointed as the nominating committee.

Lowell W. Mason of Kendrick is expected to discuss the Federal and State Aid school program; Mr. Jensen, chairman of the County Transportation committee will speak on the county farm transportation problems to be handled by his group, and a member of the local rationing board will give information as to the gas rationing program.

The importance of this meeting warrants a large turnout.

## Tonsillectomy

Little Jimmie Armitage, son of Mr. and Mrs. Ross Armitage, had his tonsils removed at the office of Dr. D. A. Christensen last Saturday. He is getting along nicely.

## Repairing Bridge

Hi Galloway, Chas. Greenwood and Dale Miller, who is home on leave from the CPT, have been very busily employed the past week in repairing, re-decking and re-flooring the bridge across Bear creek just at the edge of town.

Treated timbers are being used, and when completed will again be in shape to carry the heavy loads necessarily trucked across it.

These repairs have been needed for a long time, and will be duly appreciated by all who use the bridge.

## WHAT'S GOING ON IN AMERICAN RIDGE SECTION

Our Red Cross meets again on Friday, Nov. 6, at the home of Mrs. Walter May.

Mr. and Mrs. Leslie Roberts and Mr. and Mrs. Walter May were Sunday evening visitors of Mr. and Mrs. Harry Benschoter and boys.

Mr. and Mrs. Harley Eichner were Lewiston callers Tuesday.

Mrs. Frank Benschoter, Sr., is staying this week with her son, Harry, and family.

Mr. and Mrs. Clarence Dougharty of Athol, Ida., spent Sunday morning at the Harry Benschoter home. They reported the project there would soon be done, but that they had signed up with the company and would be going somewhere soon.

Mr. and Mrs. Walter May were dinner guests of Mr. and Mrs. Robt. Cain, Thursday.

Mr. and Mrs. Ray Knutson and Mrs. Dot Stanton were in Lewiston one day last week.

Mrs. E. Flesham (nee Barbara Davidson) came home from Spokane this week, to recuperate from a broken arm, suffered while riding a bicycle.

George Davidson, who has a bone infection in one arm, was in the Colfax hospital from Wednesday until Saturday of last week, returning home Saturday evening, and is getting along nicely at present. He has the arm in a cast, so we feel rather sorry for Mrs. Geo. Davidson, with two of her family having arms in casts.

Mrs. Norla Callison was called to Lenore Monday by the serious illness of her mother. Her daughter, Nancy Lee, is staying at the Geo. Davidson home and attending school.

Mrs. Harry Langdon and children, Budd and Erma, were Lewiston visitors Saturday.

Roy Kent came down Saturday from Athol to get his family, who have been visiting at the Cox home the past week. Their small son has been suffering with a swollen neck gland, but was getting along O. K.

Mr. and Mrs. W. B. Deobald and family and Alma Bailey of Spokane, were Saturday dinner guests in the Mary Deobald home.

## Kendrick Butter On Market

The last of this week locally churned "Potlatch Chief" butter will make its appearance in the local stores.

Potlatch canyon products, whether of beans, wheat, eggs, melons, tomatoes, or what have you, have always been something of which to be proud, and such is certainly the case with this butter.

We have sampled it, and while not creamery or butter experts of any kind, believe that it is a product of which any creamery may well be proud—and one more than fit to bear the "Potlatch" name.

Mgr. Frank Harris and butter-maker Kenneth Powell of the new creamery are certainly to be complimented on it.

It will be easy to pick out in the showcases, for its bright red, white and blue wrapper, with the yellow butter behind it and "Potlatch Chief" in his two-color outfit certainly will be easy to see.

## WHEAT PRICES HIGHER WITH TRADING LIGHT

Wheat prices at Portland were unchanged to one bushel higher on some grades during the week ending October 23. The Department of Agriculture reports. Futures markets were slightly higher during the last few days of the period but trading was not active. Cash wheat buyers appeared to be well stocked for the present and failed to show any interest in purchases for quick shipment. Millers were buying only small lot fill-ins of special types of wheat for immediate delivery. Domestic flour sales were reported to be extremely light, and sales of flour for export under the Wheat Export program were moderately small during the week. The opinion is generally expressed in the trade that purchases of both wheat and flour undoubtedly will be restricted to day to day requirements until the wheat selling program of the Commodity Credit Corporation is announced in detail, and the flour ceilings which limit prices to the top figure quoted on sales during the period September 28 to October 2, are better understood by the flour buyers. Quite a large percentage of the 150 cars of wheat received on tracks at Portland during the week are understood to be going to the feed trade.

Cash wheat bid prices at Portland on October 23, for 15-day shipment were: Soft white, \$1.13; soft white, no Rex, \$1.15; white club, \$1.16; western red, \$1.15; hard red winter, \$1.09. For deferred shipment, on the country warehouse receipt basis the prices showed: Soft white, \$1.13½; soft white, no Rex, \$1.15½; white club, \$1.16½; western red, \$1.15½; and ordinary hard red winter \$1.10.

The San Francisco wheat market was quiet with little change in the general situation during the week ending October 23. Trading was narrow with little demand either for milling or feeding purposes. Light selling pressure from central California growers, however, provided a continued sustaining influence and prices held practically unchanged compared with levels prevailing for several weeks past. With fairly large quantities of 1942 wheat under government loan, most growers are holding remaining supplies quite firmly. Growers were being bid around \$1.82 to \$1.85 per 100, county warehouse receipt basis for No. 1 hard white and No. 1 soft white, sacked, but were mostly asking higher prices. Bay region mills reported fairly active demand for flour but were placing most of their wheat requirements in other markets to a somewhat better advantage. Purchases of local wheat were mainly of grain with special milling qualities.

At Kansas City wheat prices turned easier after gaining nearly 2c about mid-week and closing near the levels prevailing a week ago. Early firmness was based on an announcement that certain grades of wheat would be purchased by the CCC from cooperating farmers at the loan prices in areas where empty storage space is available in steel and wooden bins. The later setback developed when a plan was announced from Washington to release enough loan wheat for marketing to assure ample milling supplies under the price ceiling.

Trading in futures was further limited at Minneapolis during the week and December wheat remained around the \$1.16 level, failing to move far in either direction. New flour business was quiet, because with the cash wheat market stabilized at around present levels there was no incentive to buy ahead. Feed grains steadied somewhat as cash demand more nearly kept pace with offerings. The cash wheat situation was pretty well pegged by the government buying program. The government paid \$1.16 for No. 3 or better, dark northern spring, and this served as a base for ordinary lots. Receipts of cash wheat at Minneapolis totaled 1,872 cars during the week, while Duluth unloaded 663 cars. A good share of the government purchases were immediately forwarded to other storage and distributing centers without being unloaded locally.

The condition of winter wheat continued decidedly favorable west of the Mississippi river where increased moisture was beneficial throughout the southwestern belt. Rains were especially timely in the southwestern plains, including the western third of Kansas, northwestern Texas, and eastern portions of the Rocky mountain states. In the eastern part of the belt much of the wheat is up to good stands but moisture is needed in some sections of the Ohio valley for germination and for late seeding. Some sections of the Pacific Northwest continue too dry and farmers are waiting for rain before seeding.

Mexico has harvested next to the largest wheat crop on record with production estimated at approximately 15,800,000 bushels. From the present indications seeding for the 1943 crop will be the largest in the history of Mexico. Despite the relatively large 1942 crop, Mexico continues to be a deficit wheat country. Based on official statistics the consumption of wheat in Mexico is estimated at approximately 450,000 tons, which would be around 20,000 tons in excess of this year's production.

Country mill and elevator stocks of wheat estimated at 255,945,000 bushels gave a total wheat supply on October 1, outside of merchant mill of 1,169,738,900 bushels and indicated a farm and market disappearance for the July-September quarter of 350,082,000 bushels. A year ago on October 1, stocks in these po-

fit certainly will be easy to see.

**Improvements Progressing**  
Remodeling work in the local cooperative creamery is progressing at a satisfactory rate. The insulating plaster board is now in place, and plastering operations ready to begin. On top of the insulating board will be applied two coats of plaster — one of regular and the other of the cement or "hard type," which will be impervious to the steam and moisture always attendant on such operations. The whole will then be painted white for cleanliness and light.

*What is America Fighting For?*

## Freedom of Religion!

(One of the Essentials of a Democracy)

In America, Faith has no limits. America believes in and hallows the religions of the world.

To Americans, the right to worship as they choose is as fundamental as the right to own their own property, or to choose their own life's work. But to our enemies, America's way is intolerable. The very precepts upon which our American life is built are the things they seek to destroy.

Faith and courage . . . initiative and honest sweat . . . a passion for liberty and justice and equal rights for free men—those are the seeds from which the American way of life has sprung. Today, America's Faith is undaunted. The light of freedom burns indelibly in the hearts of free American men, fighting today until Victory!

### Conservation Committee Election

Election meetings for choosing farmers and ranchers to serve on community agricultural conservation committees will be held in Latah county during the week of November 9 to 14. H. F. Koster, chairman of the county AAA committee, announced this week.

The meetings will be held community by community, with five committeemen or alternates and a community delegate to a subsequent "county convention" elected at each. Places and the exact day for the meetings in this county will be announced within a short time.

AAA committees are charged with allotting acreages, signing up participants in the war food production programs, representing farmers on the USDA War Boards and are even involved in the rationing of farm machinery. That makes the election of competent men or women to these committees extremely important.

### Company 2-K-1 I. V. R.

The regular weekly drill of Company 2-K-1 of Idaho Volunteer Reserves, was held at the Juliaetta ball park last Sunday afternoon at 2:00 o'clock, with about 50 officers and men present.

Many of the new uniforms have been received, and the appearance of the company greatly improved thereby. It is hoped that all will purchase uniforms in the near future.

The next drill will be Sunday afternoon at 2:00 o'clock on the Kendrick ball diamond. It is to be hoped that a still better turn-out will be on hand for assignment to squads.

### Qualifies For Cadet Training

It has been announced by the base headquarters, Gleged Field, Washington, that among the civilians who qualified for Aviation Cadet Training in the Air Force this week was Deryl D. Ingle, Route 2, Kendrick, son of Mr. and Mrs. H. L. Ingle.

Deryl is a graduate of the Kendrick High school and has been attending the U. of I.

### Heard From Son

Mr. and Mrs. Edgar Long received a cablegram from their son, Roy, who is stationed somewhere in Australia, Sunday. He says he is well, and that is about all he could get by the censors.

### ITEMS OF INTEREST FROM THE CAMERON SECTION

Miss Muriel Kelley, daughter of Mr. and Mrs. Frank Kelley of Clarkston, and Willard Schoeffler, son of Mr. and Mrs. Fred Schoeffler, pioneers of this section, were married at the home of the bride's parents, Thursday. Mrs. Schoeffler is teaching in the Lewiston schools. Mr. Schoeffler is in army service, and is stationed in Florida. He is now enjoying a furlough.

Those honoring Mrs. A. H. Blum on her birthday anniversary Sunday with a dinner were: Mr. and Mrs. C. E. Albright and sons Edward and Robert of Lewiston; Mr. and Mrs. Albert Glenn and son Eldon, Miss Peggy Jean Albright and Mr. and Mrs. Wilbert Brunseik.

Mrs. Jacob Schmidt and Mrs. Fred Newman were Monday visitors of Miss Hartung and Mrs. Stoneburner. Mr. and Mrs. Glen Wegner were shopping in Lewiston Monday.

Mr. and Mrs. August Brammer and family were Sunday afternoon visitors in the Herman Meyer home.

Mr. and Mrs. Otto Schoeffler of Kellogg were Saturday evening visitors in the Wilbert Brunseik home.

Among the Lewiston visitors Saturday were Mr. and Mrs. Ervin Lohman, Mr. and Mrs. Gus Kruger and daughters Elsie and Dorothy; Mr. and Mrs. Edwin Mielke, Mrs. F. W. Newman, Helen Newman and Jean Stippich.

Mr. and Mrs. Gus Kruger were guests of Mr. and Mrs. John Davis in Kendrick Thursday evening.

Miss Helen Newman and Miss Jean Stippich, U. of I. students, spent the week-end with Miss Newman's parents, Mr. and Mrs. F. W. Newman.

The Cameron Ladies Aid will hold their annual chicken dinner and sale on Wednesday evening, November 4th.

Mrs. Ed. Gertje underwent an operation for appendicitis at the St. Joseph's hospital Monday. She is getting along as well as could be expected.

Mrs. Ida Stoneburner and Miss Emma Hartung were Sunday dinner guests of Mr. and Mrs. G. F. Cridlebaugh. Ted Mielke, Herbert and Lawrence Schwarz called in the evening.

### Must Clear Car Title For Gas

Idaho motorists must have current Motor Vehicle Receipt of Registration before they can secure gasoline ration books, which become effective November 22. The registering for the ration begins on November 9. This order, issued by the Price Administration, has been received by J. L. Balderston, commissioner of law enforcement of which the motor vehicle bureau is a department.

Many motorists have failed to have certificates of title covering vehicles owned by them properly transferred to their names, thereby prohibiting the issuance of receipt of registration, which must be presented when application is made for gasoline rationing books, and all those who have not secured their certificates of title are urged to do so at once. For assistance contact your local county assessor or write the Department of Law Enforcement, Boise. A last-minute rush for titles and receipts of registration is expected.

Car owners registering on November 9 will receive "A" books containing coupons for mileage at the rate of 2880 miles per year. Applications for supplemental rations may be filed at any time afterwards, but the OPA stated that they could receive "most careful scrutiny." To qualify for a supplemental ration the applicant must show that he needs more than 150 miles per month of occupational driving, and that he has formed a car-sharing club for carrying three or more persons, in addition to himself, to and from work regularly. Or he must prove that alternate means of transportation are inadequate and that it is impossible for him to carry others.

Other points that have been proposed and accepted by the federal government are:

1. Periodic tire inspection as to requirements for renewal rations, as well as for any tires or recaps.
  2. Certification that the applicant owns no more than five tires for any vehicle.
  3. Revocation or reduction of rations for drivers who exceed the 35-mile-an-hour speed limit.
- The OPA said the plan was designed to limit the average mileage of passenger cars, in the interest of conservation of the rubber supply.

### Taxes Effective Nov. 1

The Congress of the United States has passed the Revenue Act of 1942, to raise the necessary funds to win the war. Among these taxes levied are floor stock taxes on liquor, beer, wines, cigarettes and cigars. Every person holding any of these for sale must take a complete inventory as of the first moment of November 1. Telephone and telegraph tax rates have increased.

Lubricating oil taxes have increased. There is a tax on the transportation of goods.

Tax on transportation of persons has increased.

There is a new tax on so-called "juke boxes" as amusement devices. All of the above taxes are in effect November 1, 1942.

### Suffers Cut Knee

Thursday of last week Fred Schoeffler was stepping a little high and cut a deep gash in his left knee.

Mr. Schoeffler attempted to step from the wood shed into his truck, when his foot slipped and he fell, striking his knee against the iron railing at the back of the truck. He received a deep and severe gash on the left knee cap, necessitating eight stitches.

### Back On Auto Freight

Walter Brocke, who has been off the local auto freight run for about two weeks, suffering with an injured ankle, was back on the job again Monday morning, and Frank Abrams back on the local delivery system.

**In Hospital**  
Mrs. Ed. Gertje underwent an operation for appendicitis at St. Joseph's hospital in Lewiston, Monday, October 26. At last report she was getting along nicely.

**Labor Problem Serious One**

Information as to labor conditions on farms and in mines and forests in Idaho is being assembled by Senator John Thomas for use in consideration of war manpower problems by the Senate Committee on Military Affairs.

As a member of this committee, Senator Thomas will have a hand in working out new legislation on the subject. Hearings are scheduled in the near future, according to an announcement by Senator Reynolds of North Carolina, chairman of the committee.

"There is no more important problem at present than that of a proper distribution of available manpower for military, industrial and agricultural needs," said Senator Thomas. "New legislation on the subject will be necessary as serious difficulties have been caused by the bungling of various executive agencies."

Several bills already have been referred to our committee and it is expected that the Administration will offer a program before long. One of the reasons for a delay on the part of the Administration appears to be a desire to avoid political complications during the present campaign.

"I have been receiving many letters with information as to acute labor conditions in Idaho and am seeking additional data from persons in close touch with agriculture, mining and lumbering."

"While executive departments and war agencies should have been aware of a manpower problem for many months they have failed to adopt an effective program of coordination of policies. Different agencies have been working at cross purposes."

"Recent efforts by war agencies to check the movement of miners and lumber workers in Idaho and other western states to war industries are further evidence of the administration's failure to anticipate difficulties of which western members of Congress repeatedly gave warning over a period of months."

**Food Is A Necessity**

Extended discussions of farm prices in Congress have been helpful in directing the attention of the executive agencies and the nation to the menace of a curtailment of food production vitally necessary in the war program.

"This is the opinion of Senator John Thomas, republican, of Idaho, who took an active part in the effort to assure a price level sufficient to cover increased costs."

"I believe that agriculture will receive greater consideration as a result of the extended debates in Congress," said Senator Thomas. "The executive agencies concerned with the problem of manpower and wages are now more alert to the critical situation confronting the farmers. The public is more appreciative of conditions which are responsible for the higher costs of food."

"The overshadowing issue in the controversy over farm prices has been the question of food production for war needs."

"The United States has abundant resources for production of food for all possible needs for ourselves and our allies during this war. Except for short-sighted policies under the planned economy of the New Deal our position in this respect would be impregnable."

"The restrictions heretofore placed upon agricultural production under mistaken New Deal policies have now been aggravated by new factors growing out of war conditions. A serious shortage of food, including meats, dairy products, poultry, sugar and many fruits and vegetables, is now a definite possibility."

"We cannot continue the tremendous physical effort required by our all-out war program without proper nourishment both at home and in the battle lines on many continents. Prices must give added incentive to production."

"The farmers of Idaho and other states have done their best to meet the quotas for expanded food production which are a part of the war program. The production this year will be the greatest in history, due in part to unusually favorable weather conditions, but will fall short of what would have been possible if there had been less inefficiency and bungling in our war planning."

"A shortage of farm labor was unavoidable as a result of military demands. It has become needlessly acute as a result of the failure of the administration to hold down the wages paid by war contractors. If the administration had been willing a year ago to freeze wages, as urged by Bernard M. Baruch, the present conditions would have been less serious. Coordination of manpower requirements in civilian and war industry and in agriculture has been lacking. Ridiculously high wages offered by war contractors, with the approval of the government, have made it impossible for farmers to compete for available labor."

**Must Conserve Welding Rod**

Farmers are vitally interested in careful and proper use of welding electrodes and rod to keep their machinery in repair and the Food for Freedom program rolling, H. F. Koster, chairman of the Latah County USDA War Board declared this week.

Welding materials which have been allocated for use in repair and maintenance should be used for such work only, and should not be used if some other method of repairing can be made to do.

Farmers and ranchers who have their own welding outfits, and repair shop operators who rely on welding for much of their work need to use the materials they obtain for repair and maintenance only for those purposes, and to go back to other methods of joining whenever they can be used.

The WPB has allocated six per cent of the total supply of welding rod specifically for "repair and maintenance." If any materials obtained for this purpose are used for new construction, the supply won't be large enough to keep farm machinery and other necessary tools and equipment in working order.

Mr. Koster stressed the necessity of mending breaks with straps and bolt and other methods used before welding became popular, in all possible cases, even if the cost may be greater.

An interpretation of the certification of requests for welding rod for maintenance and repair, made by the WPB, recently has been retracted, and it will be necessary again for distributors and repairmen to obtain priorities on Forms PD-1A before welding materials can be obtained. The proper forms can be obtained through the County War Board office. A complete statement of the situation and the need for rod and electrodes should accompany the form when it is submitted.

**Abuse Of Pardoning Power**

This self-explanatory letter was received by Rolly Atkinson, state republican chairman, on Wednesday of last week. It is signed by Oscar Fifer, Justice of the Peace, Owyhee county:

"State of Idaho, Plaintiff, vs. Jack Nune and Kats Matsushita, defendants:

"The above defendants appeared in my court April 27, 1941. Jack Nune, after being sworn, denied that the knife which the constable took from him at the time of the arrest was his, but one that he had in his hand. It had been sharpened to a razor edge and it was drawn cross-wise of a young man of the name of Lawrence on the left side. It was a fortunate turn for Mr. Lawrence, as this high school student would probably have lost his life had the knife entered between the ribs."

"Defendants both pleaded guilty. The court sentenced Nune to six months in the county jail and \$25.00 fine and costs. Kats was in the same fight, only as a chance combatant and the court sentenced him to two months and a 60 day layout in the county jail in default of a \$25.00 fine."

On the 29th day of April, Mrs. Nune appeared at my court and asked assistance with which to feed her family, while her husband was laying out his fine. The next day she went to Governor Chase Clark, whereupon the governor telephoned the County Prosecutor of Owyhee county and asked him to release Jack Nune on a pardon.

"The County Prosecutor protested. After the County Prosecutor saw how Clark demanded Nune's release, the Prosecutor said: 'A Jap was also mixed up in the same case, whereupon the governor replied: 'Turn him loose too. Both are pardoned.'

"The above statements are taken from my docket this 20th day of October, 1942. Where and how can local officers feel secure in dealing

**Diet For Health Listed**

Now more than ever, the citizens of the nation must be healthy. Proper nutrition contributes to that end.

In urging citizens to keep themselves physically fit, government officials stated that seven foods should be eaten daily to enable the average man, woman and child to keep good health. They are:

1. Milk — at least a pint for everyone, more for children — or cheese, or evaporated or dried milk.
2. Oranges, tomatoes, grapefruit or raw cabbage—at least one of these.
3. Vegetables — green, leafy and yellow, one big helping, some raw, some cooked.
4. Potatoes and apples, and other vegetables and fruit.
5. Lean meat, poultry or fish, or sometimes dried beans or peas.
6. Eggs — at least three or four a week, cooked any way you choose or in "made" dishes.
7. Bread and cereal — whole grain products or enriched bread and flour.

These rules of good nutrition are based on the research findings of the government, industry and educational institutions.

**Scrap a Jap with scrap-iron.**

Bring those old keys into town — leave at stores or creamery.

Take it from us. Those American Marines are just as good in the Solomon Islands as they ever were in the movies.

A young R. A. F. officer stationed somewhere in Egypt was flying near the great Pyramid, carrying out exercises in navigation and discovering his geographical position with a sextant. After a series of involved and confused calculations he turned suddenly to his pilot and said: "Take off your hat!"

"Why?" asked the pilot.

"Because, according to my calculations, we are now inside St. Paul Cathedral."

Take it from us. Those American Marines are just as good in the Solomon Islands as they ever were in the movies.

A young R. A. F. officer stationed somewhere in Egypt was flying near the great Pyramid, carrying out exercises in navigation and discovering his geographical position with a sextant. After a series of involved and confused calculations he turned suddenly to his pilot and said: "Take off your hat!"

"Why?" asked the pilot.

"Because, according to my calculations, we are now inside St. Paul Cathedral."

### Men In Armed Forces Can Vote

Many thousand Idaho voters are among those listed in the military forces or in the workers in war industries. Those absentee voters will not lose their vote this year if they are registered or voted in their home precincts in 1940, and make the request of their home county clerk to forward them absentee ballots.

Steps to be taken by the Idaho residents in the armed forces or in the war industries are:  
1. If registered or voted in Idaho in the 1940 general election, send an ordinary letter to the home county clerk, within thirty days preceding election, asking for the absentee ballot. Give the number of the precinct if known, if not known give the residence where resided when last voted or registered. Give full name and the address to which the absentee ballot should be mailed.

2. Upon receipt of ballot, mark it promptly and return in the self-addressed envelope to the county clerk, by mail if in the military forces. If from a non-military source the ballot should be sent by registered mail.

3. If not registered for the election, members in the armed forces in the continental United States may register by writing to their county clerk for blanks and subscribe to the blank before a notary. If stationed outside of the boundaries of the United States, service men may subscribe to their registration blanks before a commissioned officer of the American forces.

Owing to the short time between election on November 3, and the dates of applying for the ballots, it may not be possible for those in the armed forces abroad to get ballots in time for voting.

Parents or members of the family or friends interested in having absent voters get a ballot, should advise them to make application at once for their registration blanks and ballots. Idaho civilians residing in Washington, D. C., should also make their request for ballots as early as possible.

### Something To Think About

One reason we need lead: The guns of a pursuit plane vomit bullets at the rate of 300 pounds per minute.

Thanks to the Russians, the crack Nazi Hermann Goering Brigade must advertise for recruits.

Philadelphia cemeteries are now salvaging old ornamental iron fences and railing for the scrap drive.

The gun carriage of a 155-mm. gun calls for 1,000 separate drawings, plus 500 more for the recoil mechanism.

The army is saving great quantities of copper for other war purposes by substituting steel for brass in shell cases.

The Nazis have ordered Germans who picked fruits and vegetables to supplement their meager diets, to turn this food in at collection depots.

It requires as much power to carry 20 tons of 4-engine bombers through the sky as is needed by a crack passenger locomotive to haul 1,000 tons of cars and tender over the rails.

Nine of ten iron hitching posts in the Grand Island, Neb., courthouse square have been enlisted in the scrap drive — they'll help do a job on three horses' necks named Hitler, Hirohito and Mussolini.

Try this on the judge: A Milwaukee laundry truck driver, arrested for driving the wrong way on a one-way street, explained he was cutting his mileage 25 per cent to save rubber. Sentence suspended.

A Waterbury, Conn., woman and her daughter, who recalled the shortage of fats during the last war and began saving fats December 7, have contributed 130 pounds thus far to the present drive.

The "New Order" is working so well in captive Belgium that the Nazi radio in Brussels has had to warn Belgians not to try to escape, on pain of death. The Nazis warned the Belgians that if any did make good their escape, their relatives would face reprisals.

### Traffic Accidents Help Axis

Three out of five of the 22,000 persons killed in industry last year were killed in traffic accidents off the job and the war was deprived of this labor in production of planes, tanks, guns and ships, says a federal dispatch. This unnecessary killing means that more recruits must be trained to take the places of those killed.

In the Napoleonic war, two men were needed to produce the war equipment for each man in the front line, but the number was increased in World War No. 1, which required five men in production for each man at the front. In the present World War, it now takes 19 men to provide for one man in the fighting forces.

To give an idea of what companies are doing in the matter of production, consider the production of tanks: Supplying parts for one tank arsenal were 700 companies in 130 cities.

### TEAKEAN GOSSIP

(Delayed)  
We have been having some light frosts, but no killing ones at yet. Mrs. Don Miller has been very ill for some time, but is now improving. Don came home from Bayview to take care of her.

Mr. and Mrs. John Lind and Mrs. Eva Cianin were supper guests at the home of Mr. and Mrs. Wm. Groseclose Monday evening.

Mr. and Mrs. Carroll Groseclose and children were visitors at the Frank Carey home Sunday afternoon. Mr. and Mrs. Wm. Groseclose visited at the home of Mr. and Mrs. Merton Preussler Sunday afternoon.

Rev. Salsbury of Orofino was a visitor in the neighborhood Monday. He took a trailer-load of wood home with him.

Rev. Earl Gaskill of Cream ridge was making calls in the neighborhood Monday.

Orval Choate has finished harvesting an unusually good potato crop. Most of the men and some of the women have gone to the big game country. Some have returned, bringing out lots of meat.

H. L. Ogden has been hauling wood for Gerald Millard at Ahsahka. Mrs. Elwood Brock writes that they are getting settled in their new home at Bremerton, Wn.

Mrs. Gifford Brown was taken suddenly ill last week, and spent a few days in the hospital at Orofino.

Mrs. Wm. Groseclose and son Carroll made a trip to Kendrick last Saturday, bringing up a load of tomatoes from the Dal Groseclose place.

Mr. and Mrs. Frank Johnson have moved to the Grangemont country. They seem to think they have a good home there.

Leo Choate was home over the week-end. Miss Stella Herring went to Lenore Sunday afternoon, where she is employed at housework.

### SCHOOL NOTES

Pictures shown this week in Visual Ed. were: "Forest and Streams" for the upper grades and biology class. It is a picture on conservation of soil. "Our Constitution" for U. S. history. It was an interesting picture on the beginning of our national struggles and the writing of our Constitution. The characters portrayed were Washington, Franklin, Morris, Hamilton, Madison and Randolph. "The City of Wax" was shown the Biology class. It is on the life of bees at the beginning of their swarming; the building of their hive, and their life cycle.

We wish to thank the community for helping the student body make a success of the carnival. We hope it was enjoyed by all.

We are now serving 100 half-pint bottles of milk daily in the hot lunch program. Everyone seems to enjoy it very much.

Under the direction of Mr. Stroh a concert will be given on December 11, if plans mature as expected. Both the band and chorus will take part.

### JULIAETTA NEWS ITEMS

Pvt. Xena Weatherby, who is now stationed at Lincoln Air Base, Lincoln, Nebraska, as a personnel clerk, arrived home Wednesday evening of last week on a short furlough. Due to the fact that he might not be able to get home again for some time, a family reunion was held in the Ben Weatherby home on Fix ridge. Those present were: Rev. Thos. Weatherby and family from Zillah, Wn.; Mr. and Mrs. Charles Fiat and family from Moscow, Bala; Harold Paul and family from Dixie, Wash.; Mr. and Mrs. Ben Weatherby, Jr., of Juliaetta, Mr. and Mrs. Ben Weatherby, Sr., Golda, Betty and Mrs. Eliza A. Buckallew. Also present as a guest of honor was Miss Frances Harvey, Xena's fiancée. James G. Danforth, son of Mr. and Mrs. Grover Danforth, on leave from the navy, was a visitor in the Ben Weatherby home Saturday evening.

### Predicts A Food Shortage

Predicting a food shortage in two years unless "something is done to relieve the farm labor shortage," William H. Detweiler, Hazelton, said at Lewiston, that farmers are letting hay go uncut and fruits go unpicked because of the "terrible labor situation." Detweiler is campaigning for the republican nomination for governor.

The Hazelton man said agitation against the practice of paying "unheard of wages" in defense work will have to be voted in farming states such as Idaho, or the labor will all be gone and the United States will face a food shortage. "It looks like red tape will be our biggest crop next year," he said.

Detweiler said he believes the state's new population of Japanese, properly guarded and "given proper protection," should be put to work on farms immediately. Another solution, he believes, would be the stoppage of all new road construction, to release workers, and to provide a work reserve after the war.

### 11,000,000 Bushels In Store

On October 1, an estimated 11,000,000 bushels of wheat were stored in Idaho elevators, warehouses and interior mills. This is 800,000 bushels less than the amount in similar storage a year ago. The estimates do not include stocks in merchant mills which report to the Bureau of the Census, or any wheat owned by the Commodity Credit Corporation and stored off of farms in their own bins.

Wheat in storage on Idaho farms October 1, was estimated to be 14,988,000 bushels. This is 2,746,000 bushels more on farms than on October 1, 1941. The combined holdings in the two classes of storage, total 25,988,000 bushels this year compared with 24,042,000 a year ago.

### Must Turn In Ration Books

We are in receipt of a communication from the Latah County Rationing Board to the effect that families of men entering the armed services, must turn in their sugar rationing books to the board.

Don't be afraid to let the world know you're alive — advertise!

### Mail To Soldiers Now!

The Red Cross wishes to remind you that all Christmas mail for members of the armed forces abroad must be mailed by November 1. The package should be labeled as "Christmas Parcel," and must not exceed 11 pounds in weight or 18 inches in length (or 42 inches in length and girth combined). Furthermore, the public is urged by the War and Navy departments to cooperate by voluntarily restricting the size of Christmas parcels to that of an ordinary shoe box, and the weight to six pounds. The contents of the package must be tightly packed and enclosed in substantial containers. No perishable matter should be included in any parcel, and intoxicants, inflammable materials (including matches of all kinds and lighter fluids) and poisons are absolutely prohibited.

If you go to your local postmaster, he will give you explicit instructions on how to address and mail your packages, with information regarding registering and insurance of the more valuable gifts.

Please bear in mind that November 1st is the deadline and get those parcels to the boys overseas in the mails as soon as you possibly can. The earlier they are mailed the more likely they are to reach their destination by Christmas Day.

### Chickens Increase

Nearly 8 per cent more hens and pullets are doing their part to increase the state's egg production this winter than last, according to a recent survey made by the Idaho agricultural extension service.

Pren Moore, extension poultryman, said the survey showed an increase of 7.73 per cent in hens and pullets. Chicks hatched in Idaho hatcheries totaled 2,886,836 in 1941 as compared with 2,190,639 in 1940. These figures are not quite accurate because three or four small hatcheries did not report.

Egg production in Idaho quite likely will reach or surpass the goal set by the secretary of agriculture. The increase in poultry numbers probably will result in more than an equal increase in egg production, due to better feeding and management practices.

### Pap Was Hard To Please

A football coach said he found among his new team a boy who ran so fast that he made all the others on the team look as stationary as goal posts.

The coach asked him how he developed such amazing speed. The boy said by chasing rabbits for his father's dinner.

"But," said the coach, "I have other boys who can catch rabbits, too, and you're faster than they are."

"Well," said the boy, "Pap was mighty particular that I fetched home a fat rabbit. So I didn't just have to catch 'em, I had to run alongside of 'em and feel 'em to see if they were fat enough to suit Pap!"

### Womens' Clothing "Frozen"

A WPB regulation designed to conserve the use of wool and other materials in the manufacture of women's clothing has the effect of "freezing" the present silhouette. The order avoids any drastic and arbitrary interference with styles and should not make any woman feel that her present wardrobe is "hopelessly out of fashion." One part of the order, similar to the men's clothing conservation order issued several weeks ago, forbids cuffs on slacks.

### "Stop Construction" Order

A drastic WPB order virtually halting civilian construction became effective September 7. The order sets up cost limits for various classifications of construction. The cost limit for residences and for blocks of stores is \$200. The order also forbids priority assistance in obtaining materials for such construction as may be accomplished within the cost limit. The limit applies to remodeling as well as initial construction, it was pointed out.

### No New Telephones

New installations of telephones throughout the country have been brought under strict war production control. Only persons or organizations engaged in direct war work or in occupations essential to the public welfare can be sure of obtaining new telephone service in the future. New service may be denied to groups outside the preferred categories unless existing exchange line capacity can take care of their needs without disrupting essential service.

### Navy Still Wants Men

Of a navy quota of 528 men for Idaho for September, the total enlisted to September 11 was only 121, leaving a balance to go of 407.

Even if a man is of draft age and rated at 1-A in the draft, he may still voluntarily enlist in the navy — at any time before induction.

Navy recruiting stations are located at Lewiston, Coeur d'Alene, Idaho Falls, Pocatello, Twin Falls and Boise.

### Speaks Over Radio

Wayland Davis, Miss Bernice Jacobs and Mrs. Orville Storer drove to Lewiston Tuesday evening to attend "Navy Day" on KRLC.

Wayland, a veteran of the Solomon Islands battle, Fritz Kipper, of Lewiston, another navy veteran, and still another navy veteran from Pomeroy spoke over the station.

### Suffers Broken Wrist

Mrs. E. Flesman of Spokane (nee Barbara Davidson) had the misfortune to break her right wrist last week when she fell from the bicycle she was riding.

She arrived home Sunday to recuperate at the home of her parents, Mr. and Mrs. George Davidson.

### New Arrival

Mr. and Mrs. Wesley Laws are the proud parents of a 10-pound son, born to them Saturday, October 24.

Mother and babe are at the Kirk Wilson home and getting along nicely.

**VILLAGE OF KENDRICK EDGAR LONG, Treasurer.**

"Gunga Din" At Theatre  
This week's offering at the Kendrick Theatre will be "Gunga Din," a masterpiece in motion pictures, inspired by Rudyard Kipling's immortal story.  
It tells a story of bravery, sacrifice, love and devotion that can only be equalled by some event in this great war that we are now fighting.  
It has as its stars Cary Grant, Victor McLagen, Douglas Fairbanks, Jr., and Joan Fontaine.  
Laid in India, its scene may become but fore-runners of battles to be fought in the future.  
In addition to the feature the usual shorts will also be shown.

**NOTICE OF CALL FOR BIDS**

Notice is hereby given that School District No. 61, will receive bids for the Cash sale of the school house and all other buildings on the school grounds of said district.  
Bids will be opened at the school house on November 5th at 2:00 p. m.  
The School Board reserves the right to reject any and all bids.  
Dated October 15th, 1942.  
A. A. MAY, Clerk,

Jim Lyle Writes Gazette  
October 23, 1942

Dear Bill:  
I am enclosing my fee for the Gazette for next year. This is nine years and starting on ten that we've received the Gazette and needless to say we enjoy it.

About five weeks ago we saw Leo Peters from Leland. He looked good and I can imagine is a darned good sergeant. It was rather unusual as the streets were jammed, and we just happened to meet. Have since seen by the paper that he is across "the pond." I knew from his address at that time that he was scheduled to depart soon. He is the only Kendrick or surrounding territory person I have seen.

Our offices are fairly close to the piers and it's no trouble to tell when the fleets in — the sailors really come forth in full force.

Doris and the children are well, but we all miss Idaho, and will be mighty glad when this deal is over so we can get back there. Tell all the boys "hello" for me.

Sincerely,  
Jim Lyle.

Johnny Keeler Writes  
March Field, Calif.  
October 20, 1942

Dear Mac:  
I've just got time to drop you a

line and thank you again for the Gazette — it really is swell — and I really enjoy reading it.

March Field is a nice one and I like it here. However, I would like to get more letters from home folks. They can get the address from dad and mother.

Must close, thanks again,  
Pvt. John Keeler.

More Boys To Enter Service  
The following boys will leave Moscow Nov. 5 for Fort Douglas, Utah, for final examination:  
William Cuddy, Cedar Creek, Warren Cox, Kendrick, Marin Garner, Cedar Creek, Berydean R. Grayson, Cedar Creek.

Arnold J. Halseth, Big Bear ridge, Loyal V. Weber, Julieta, Ernest W. Murphy, Kendrick.

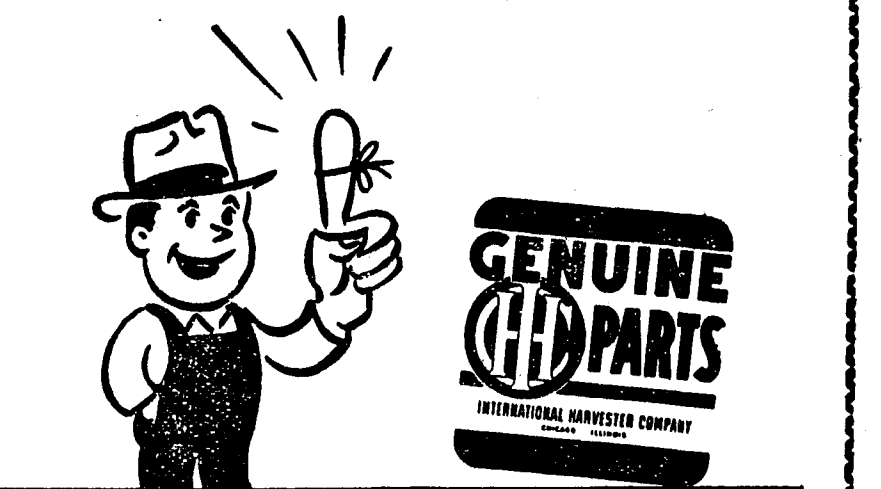

Made The Grade  
Last week's Gazette may not have been all that it should be, but we sold every paper we could spare, and put on ten new subscribers.

We are trying to give a little more real reading this week. Politicians have not been quite so thick and we are getting caught up on our work a little bit.

The 630,000 pounds of steel used in manure scissors last year would make 305 75-mm howitzers.

# Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

**WE PAY CASH FOR EGGS!**  
Bring Them In By The Case or Dozen!

We will pay the highest market prices according to grade — and bring your cream at the same time — we need all we can get. The more we church the more you will receive for your cream. And don't forget — "Potlatch Chief" Butter is on the local market. This is your butter from your creamery. Boost for it. We are proud of it and want you to be proud, also. Remember — This is your creamery. Let's build it up by loyal support.

We suppose you've heard about the two young morons who stayed up all night studying for a Wassermann test? And the one about the moron who wanted to marry Betty Grable for her money?

Visitor: "If your mother gave

you a large apple and a small one and told you to divide with your brother, which apple would you give him?"

Johnny: "D'ye mean my big brother or my little one?"

The dear vicar's wife had just died, and in consequence he wished to be relieved of his duties for the week-end, so he sent the following message to his bishop: "I regret to inform you that my wife has just died, and I should be obliged if you could send me a substitute for the week-end."

"Dad," said his extravagant son, "do you think they will ever discover a substitute for gasoline?"

"They have one now, son, and I wish you'd give it a trial."

"Oh!" said the son incredulously. "I've never heard of it. What is it anyway?"

"Shoe leather," replied father.

Try "Potlatch Chief" Butter!

## Special Announcement

*We Will Have Kendrick Butter the Last of This Week!*

**AND WE ARE SURE YOU WILL LIKE IT!**  
For, besides the extra good cream that goes into Kendrick Co-operative Creamery Butter, they have a special filtering process that other creameries do not use.

We feel that we can heartily recommend this fine new butter. Ask for it by name.

### WHAT'S GOING ON IN THE LELAND COMMUNITY (Too Late For Last Week)

The Homemakers club met in the cafeteria room at the school house Monday afternoon for their October meeting. The members and their guests learned first hand how the hot lunch program is being conducted. The local cooks, Mrs. O. A. Walker and Mrs. Harry Smith, assisted by several of the club members, served a typical lunch, consisting of chicken noodle soup, whole wheat rolls, peanut butter spread, cabbage and carrot salad, canned peaches and milk. Coffee was served the guests. About 75 persons, which included the school children, teachers, mothers and guests and the club members were served. Mrs. Wm. Musselman of Lewiston and Miss Hattie Abbott, home demonstration agent of Moscow, were also guests. Miss Abbott gave an interesting demonstration on the care and remodeling of clothing in the afternoon. The organization of a canteen unit for Leland was discussed and Mrs. Jesse Hoffman was appointed chairman to contact prospective members. It is hoped that a class of 15 women can be enrolled. \$2.12 was donated to the lunch fund. Mr. and Mrs. Herman Meyer entertained with a family dinner Sunday for Mrs. Meyer's relatives. Attending were Mr. and Mrs. Ernest Schmidt, Mr. and Mrs. Gerald Schmidt, Mr. and Mrs. Homer Parks and children, the host and hostess and their family.

Mrs. Walter Siffow and son visited with Mrs. Gus Kruger in Cameron last Thursday.

Mr. and Mrs. Marvin Vincent, Oral Craig, Don Morgan and Alex Larson were callers in the Weyen home Sunday.

Mr. and Mrs. Ed Johnson and daughters Phyllis and Nona and son Donald, of Kellogg, who was home on a furlough from Abilene, Texas, were here last week to visit relatives. They were guests of Mr. and Mrs. Herman Johnson and Mrs. Betty Johnson Wednesday night; dinner guests of Mr. and Mrs. Jesse Hoffman Thursday noon; and called on Mr. and Mrs. Chas. Hoffman while here. They reported that Bill Johnson was at Waco, Texas.

Mr. and Mrs. Robt. Draper and Vivian were dinner guests Sunday of Mr. and Mrs. Roy Craig.

Mr. and Mrs. Eldon Johnson and daughters visited Sunday evening with Mrs. O. A. Walker and Chas. Walker. Mr. Johnson is an engineer and has been working on a defense project in Alaska.

Mrs. Jennie Hund and Mr. and Mrs. Walter Crawford and daughter Kathleen were guests Sunday of her sister, Mrs. Hugh Parks and family. Miss Marjorie Beach spent the week-end visiting relatives in Winchester and Clarkston.

Mrs. Wm. Clem came up from Lewiston Thursday and spent the day with her parents. Mrs. Harrison returned home with her and remained until Sunday, when Mrs. Clem and Junior brought her home.

Mr. and Mrs. Geo. Baugh and son of Orofino spent Sunday with her sister, Mrs. Jesse Thornton and family and her brother, Oral Craig and family.

Ted Weyen spent the week-end in Grangeville, the guest of Miss Donna Sparber.

Mrs. O. A. Walker was pleasantly surprised last Monday evening when Mr. and Mrs. Floyd Fleschman and sons of Clarkston, Mrs. Orville Walker and children and Mrs. Margaret Ferguson and daughter of Sandpoint arrived for supper and to spend the evening.

Mr. and Mrs. Robt. Draper, accompanied by Mrs. Marvin Vincent, took Ervin Draper to Lewiston on Thursday, where he enlisted in the navy as radio technician. He left that evening for Boise, where he expects to be stationed for the next three months.

Mr. and Mrs. Alex Larson were dinner guests Sunday of Mr. and Mrs. F. W. Siffow.

Mr. and Mrs. Walter Siffow and family were guests Sunday of his mother, Mrs. Ida Siffow, in Cameron.

Mr. and Mrs. Jos. Schmidt and Mr. and Mrs. Loren Westerman and son of Spokane arrived Saturday night to spend Sunday with their daughter and sister, Mrs. G. F. Cridlebaugh and family. Mrs. Schmidt remained for a few weeks visit with her daughter and other relatives.

O. A. Walker, Eldie Hunt and Junior Hudson left Thursday for the Musselshell country on a big game hunt.

Mr. and Mrs. Glen Fleschman visited in the O. A. Walker home Tuesday. Mr. Fleschman came to bid his sister goodbye, before leaving Thursday for Ft. Douglas. Mrs. Fleschman is teaching at Republic, Wn.

Ted Weyen and Howard Hoffman are leaving this morning (Thursday) with the Nez Perce county draft contingent for Spokane for final examination before entering the military service.

Mr. and Mrs. Oral Craig visited Mrs. Craig's mother in Lewiston last Wednesday.

Mr. and Mrs. Roy Craig and daughter Paige attended a birthday anniversary dinner honoring her mother, Mrs. Stewart Heffel, in Ken-

drick Tuesday evening. Lewiston visitors Saturday included Mr. and Mrs. Homer Parks and children, Mr. and Mrs. Chas. Hoffman and Donna Lea, Mrs. Herman Meyer and Marjory Dorothy and Theodore and Mrs. Ernest Schmidt. Mr. and Mrs. Loren Taylor and children of Lewiston were callers in the Jesse Hoffman home Sunday afternoon, and were supper guests of Mr. and Mrs. Enoch Harrison that evening.

Telephone service on the 26 line was disrupted last week, causing considerable annoyance and inconvenience. Due to the large territory served by this line trouble is difficult to locate. With the gasoline rationing due in a few weeks, every family should investigate their premises and the line adjacent to them when they cannot ring out. Some members used considerable of the proposed week's quota of gas trying to locate the trouble.

Mr. and Mrs. Herman Johnson were Lewiston visitors Monday.

(This Week)

Mr. and Mrs. Alex Larson entertained at a family gathering Sunday, with a dinner for Mr. and Mrs. James Hazelbaker of Lewiston Orchard, Mr. and Mrs. Alvin Oslund of Clarkston and Mr. and Mrs. Ed Heinrichs and son Herman. Mrs. Hazelbaker and Mrs. Oslund are nieces of Mrs. Larson.

Mrs. A. A. May returned last week from a visit with her son, Bob Weyen and family, at Kamiah.

Mr. and Mrs. Walter Crawford and daughter Kathleen and Mrs. Jennie Hund were Sunday visitors with Mr. and Mrs. Con Anders, near Gifford.

Mr. and Mrs. A. R. Locke and children visited their daughter and son-in-law, Mr. and Mrs. Roy Thomas, at Deary, Sunday.

Miss Vera Peters of Spokane spent the week-end with her parents, Mr. and Mrs. A. G. Peters.

Mrs. Chas. Craig and son of Mohler and Mrs. Henry Wolfe and son of Genesee, visited in the Roy Craig home last Wednesday.

Mrs. Emma Cook, Miss Ellen Erickson and Walter Cook attended the funeral of Mrs. Cook's niece, Miss Hazel Granquist, in Lewiston, last Friday.

Beulah Draper spent the week-end with her parents, Mr. and Mrs. Robt. Draper. She was accompanied by Jean Kilpatrick of Weiser. The young ladies are classmates at the U. of I.

Mr. and Mrs. Oral Craig were business visitors in Lewiston last Thursday.

Ted Weyen, who was accepted for army service at Spokane last Thursday, is taking advantage of a two-weeks furlough before reporting for duty at Ft. Douglas, Utah. Howard Hoffman, who took the examination at the same time, failed to pass.

Mr. and Mrs. Lloyd Craig and daughters were dinner guests of Mr. and Mrs. Oral Craig, Sunday.

Jesse Hoffman and Arthur Locke made a business trip to Deary on Tuesday.

Mr. and Mrs. Edgar Long of Kendrick were Sunday guests of Mr. and Mrs. A. A. May.

Mrs. Marie Shaw, who has been visiting her son, Alex Larson, and other relatives, returned to her home in Olympia, Wn., Saturday.

Mr. and Mrs. Silvie Cook and daughters and Mrs. Effie Wright were guests for Sunday dinner of his mother, Mrs. Emma Cook.

Some of the service men who have recently been moved have been heard from: Leo Peters is stationed in Hawaii; Elton Gephart is at Camp Roberts, Calif.; John Vincent has been transferred to Fort Warren, Wyo., and Ervin Draper, who had expected to remain in Boise for some time, is now at Weiser.

Included in those visiting Lewiston last week were Mr. and Mrs. A. R. Locke, Alfred and Evelyn; Mrs. O. A. Walker and son Neal; Mr. and Mrs. Homer Parks and children; Mrs. Jesse Thornton and Wayne Thornton, Mr. and Mrs. M. R. Vincent, Mrs. Ben Hoffman and Mr. and Mrs. Herman Johnson.

### GRAIN MARKET REPORT

(Continued from first page)

1,174,000 bushels was in California. Wheat from older crops remaining under loan approximated 280,000,000 bushels.

sitions were 1,011,932,000 bushels following a July-September disappearance of 237,831,900 bushels. Wheat under loan increased over 12,000,000 bushels to 243,422,000 bushels on October 17. Barley under loan was 5,180,000 bushels, of which the old fashioned Jap who thought American youth isn't as sturdy now as in the days of Valley Forge, Gettysburg and Chateau Thierry, will soon be more than old fashioned. He will be extinct!
