HAPPENINGS OF INTEREST HERE TWENTY YEARS AGO

Roy and Fred Florence and Dan Guy have entered the Lewiston Normal for this term. It won't be long until three dignified schoolmasters will be out looking for jobs.

Mrs. Wm. Rogers and Mrs. Aug. F. Wegner were Lewiston visitors the first of the week.

Bob Spencer was a Spokane visitor last week on business.

John Johnson and son returned last week from a hunting trip in the upper North Fork country, near the Bungalow. They brought out two elk. The first day after reaching the hunting grounds they located the elk and the next day went out and killed two. In going in they used four horses and a heavy pack, packing in the rest of the way to the hunting territory.

The street work is progressing in a most satisfactory manner. Weather conditions have been quite favorable and but few delays have been experienced. Last week the first course of crushed rock was practically completed. Work started the first of the week spreading the clay binder and the second course of the crushed rock. When rolled it makes a splendid surface.

Poultry shipments from Kendrick have been heavier than usual this fall. Nearly every train leaving Kendrick during the last week took from one to half a dozen crates of poultry. The first of the week N. E. Long & Sons shipped a ton of dressed poultry and it was an exceptionally fine shipment, consisting of turkeys, geese, ducks and chickens. Ernest Schmidt of Leland shipped 175 dressed turkeys to the Spokane market, also.

Regular practice for the high school play, "All On Account of Polly," began Monday. Those taking parts are: Oscar Raby, Merit Smith, Arthur Pickering, George Brocke, Walter May, Ellis Carlisle, Audrey Stanton, Nell Ameling, Edith Dammarrell, Bina Raby, Rita Leith, Beulah Long, Elsie Bird, Violetta Riley, Artylee Hollada, Dorothy Erickson.

Hupp-Galloway — Miss Adeline Hupp and Hiram Galloway, two popular young people of this community, were married at Moscow last Saturday afternoon. The following account of the wedding appeared in the Daily Star-Mirror: A pretty wedding was solemnized Saturday afternoon at the Methodist parsonage, when Miss Adeline Hupp became the bride of Hiram Galloway, Dr. H. O. Perry officiating. The bride is a popular young lady of Kendrick, daughter of Mrs. Florence Hupp, a pioneer of that place. The family resided in Moscow for some time, while Miss Hupp was a student in the University. She is an accomplished young lady, a member and a zealous worker in church circles. The groom is a prominent young farmer, and after a two-weeks honeymoon at Coeur d'Alene and Spokane, they will be at home on the groom's farm near Kendrick.

The Circle Card club was very enjoyable entertained at the home of Mr. and Mrs. John Kite Tuesday evening. Some interesting hands of "500" were played during the evening and when the final score was counted Theo Hanson was awarded the prize. Dainty refreshments were served by the hostess.

Mielke was a Lewiston visitor Friday and Saturday. Albert W. Schultz new home is nearing completion. Mr. Schultz should be complimented on building such a nice home in our little town. Virgil Flesman and family were dinner guests Sunday in the home of Mr. and Mrs. T. H. Daugherty.

Snow Fell Last Week-end
The Potlatch country was covered with a white blanket Friday, and since that time has been slowly but steadily leaving, although some is still visible in the canyon.

Kendrick had about a 2½-inch fall, Potlatch and American ridge about four inches, and Cedar ridge boasted approximately six inches.

Sunday and Monday rain fell, cutting swiftly into the blanket, and making dirt roads almost impassable. The clank of chains has now grown almost as familiar as the noon siren in Kendrick.

Move To Spokane

S. Cook and children, and their household goods left Wednesday for Spokane, where they have purchased a home.

Mrs. Cook has been at Spokane for some months, engaged in defense work, and Silvie expects to enter defense work also.

Their home here was sold some days ago to Walter Brocke, and the barber shop leased by G. Salvis of Juliaetta, who will operate it on a part time basis until January 1, when he expects to make it his steady job.

Mr. and Mrs. Cook have made their home here for many years, and it is with real regret that we see them leave.

WHEAT MARKET QUIET, PRICES ABOUT STEADY

Wheat futures held unchanged at Portland during the week ending on November 27, and cash wheat prices showed little change from those of the previous week, the U. S. Department of Agriculture reports. Trading in the cash market continued very light as the result of a slow demand from mills and other buyers and limited offerings by growers at country points. Domestic flour business remained quiet, although sales for export under the indemnity program were reported as slightly above those of the previous week. Flour price ceiling tended to prevent mills from entering the market actively for wheat, and profiteers were not inclined to sell at current quotations. Mill requirements were mostly confined to occasional cars of special quality wheat, but even these were mostly confined to occasional cars of special quality wheat to complete milling mixtures, but even these were not easy to obtain. Mills and other terminal buyers reported some continued difficulty in getting their wheat shipments through from the country, due to car shortages and other delays in transit. Wheat receipts at Portland for the past seven days were higher at 111 cars, compared with 59 cars received during the previous week, but only a small portion represented current marketings, according to trade advices. Reports generally indicate conditions are about normal for the growing winter wheat crop, although the acreage sown is somewhat less than expected, due to dry weather during the early fall months.

Bid prices for cash wheat on the Portland Grain Exchange November 27, showed, for 15-day shipment: Soft white \$1.14½; soft white, no Rex, \$1.17; white club, \$1.17; western red, \$1.17; hard red winter, \$1.12; hard white (baart) \$1.18. Deferred shipment, country warehouse receipt basis, soft white, \$1.14½; soft white, no Rex, \$1.17; white club, \$1.17½; western red, \$1.16½; hard red winter, \$1.12½; hard white, (baart) \$1.18½, all quotations basis No. 1 grade in bulk.

The San Francisco wheat market turned somewhat firmer, influenced principally by strength in other markets and light local offerings. While demand was far from broad, prices averaged about 2½¢ per 100 higher compared with a week ago. Central California marketings remained light, with most supplies very firmly held in anticipation of higher levels later in the crop year. Offerings of top quality wheat appeared particularly light with most offerings being scattered lots of ordinary protein and relatively heavy dockage. Bids for No. 1 hard white and No. 1 soft white wheat were mostly around \$1.85 to \$1.90 per 100, country warehouse receipt basis, but growers were mostly holding for around \$2.00.

Following the upward trend of futures, cash wheat prices at Kansas City advanced 1¼¢ to 2¢ per bushel and reached the highest levels of the season on ordinary protein and quality grain. Receipts increased about 100 cars and totaled 730 for the five-day period. Shipments, however, were 200 cars less than a week ago. Elevator loadings for cross-town movement to local mills resulted in a decrease of 402,729 bushels in public elevator stocks, leaving 38,792,000 bushels in storage on November 27. Receipts of wheat at nine markets totaled 2,575 cars, compared with 2,475 the previous week and 1,165 a year ago. No. 2 hard winter wheat was quoted at Kansas City November 27 at \$1.23 per bushel.

Cash wheat offerings at Minneapolis were lighter during the week, with only 1,725 cars of all classes received. Producers were inclined to market sparingly as they awaited further news concerning the subsidy sales program. In addition to the advance in futures, another 1c was added to cash premiums on high quality lots. On November 27, ordinary No. 1 dark northern spring was quoted up 2c. Inspections indicated 23 cars of winter wheat and 260 cars of durum were included in the week's receipts at Minneapolis.

The outlook for winter wheat continued very promising in western and southwestern portions of the main wheat belt, with top growth heavy in Kansas. Green bugs have been reported locally in central and southern Oklahoma, but no material damage is apparent. The crop appears to be well established for the winter in the Ohio valley, where recent rains have been beneficial. In the Pacific Northwest warmer weather is needed.

Double Feature Again Billed
 This week's offering at the local theatre will be another double feature — either of which would make a good evening's entertainment. The first offering will be "Henry Aldrich for President." All are very familiar with the trials and tribulations of Henry Aldrich on the radio and this picture lets you look as well as hear "Henry."

The second offering of the evening features those dare-devils of the sea, the men who man the tiny torpedo boats that have proven so destructive to Japanese shipping and landing operations — and the title of the picture is "Torpedo Boat."

In addition the usual cartoon will also be shown.

what is America fighting for?

Fair Trial by Jury...
 (One of the Essentials of a Democracy)

In America the everyday common right of all men is the right to a fair trial by a fair jury.

Fair trial by jury is the insurance we have on our lives, liberties, and our property. That's why jury trial is one of the essentials of a Democracy.

On this firm foundation of justice has flourished our nation where a man has the right to work and save, and build for the future—and enjoy the fruits of his labor, with full confidence that his rights will be protected.

In such an atmosphere of freedom and justice man can create effective tools for war as well as for peace. That's why our tools of war are streaming ceaselessly to help America win through . . . to Victory!

Fill It Up! — Monday's Cry

The familiar story heard at the local garages and bulk plants all day Monday was: "Fill 'er till it runs over. At least I can start this rationing with a full tank!"

And fill 'em did the local dealers in the now precious fluid. Barrels, cans, jugs, etc., were filled as well as the gas tanks on cars and trucks, and attendants had trouble getting off long enough to eat their meals.

No dealer in Kendrick ran out of gas, but wholesale and retail sales sadly depleted stocks on hand.

However, from reports of many, gas allowance dished out from the O. D. T. to truck and pickup owners, that present tankful will be about all they will get. Two local logging operators were cut to an almost "gasless" position, one of them receiving a scant 8 gallons per week on which to operate his logging truck. He says he won't even bother to buy a license for it this year, since 8 gallons would bring in about one small load of logs — under favorable conditions.

A farmer on Potlatch ridge received just 4 gallons of gas with which to operate his farm truck during the month of December — and so it goes!

Some of them say they are going to make no effort to straighten out these government blunders — "let the fellow who made the mistake do the straightening."

Co. 8-K-9 I. V. R., Leland

All members of Company 8-K-9, Idaho Volunteer Reserves, are requested to be present at the meeting next Sunday at 2:30 at the school house. At this time, plans for the winter will be made and a change of time of meeting will be put to a vote.

ABOUT SOLDIER BOYS

Camp Campbell, Ky.
Nov. 23, 1942

Dear Friends:
Thought I had best write you a line to let you know how much we fellows in service appreciate the home paper.

I am among strangers and the home paper, and the letters we receive, do more to build morale than anything else I can think of.

The country here certainly looks different. We miss the forests and the hills — and see many darkies.

The talk here sounds queer to us, but our talk sounds just as funny to them.

This letter is rather brief, but tell everybody hello for me.

Sincerely,
Harold LaBolle

San Diego, Calif.
Nov. 22, 1942

Dear Mac:
I have been back now for more than a week, and have been putting off sending for the paper, thinking I would be transferred from here and would have a different address. Had a nice time with the rest of my leave in Seattle. Got to see the Weeks' family and the Havens while I was there.

I will be glad to get the paper again, and thanks a lot for sending it to me.

Please tell everybody "Hello" for me.

Sincerely,
Wayland L. Davis

Somewhere in Australia
November 9, 1942

Dear Mac:
I have been trying to write you for some time, but there has not been a lot of time available. So, while on the run, I will try and give you a few lines.

They have been talking about the women in Australia, but I have my first one to see that compares to the girls in the States. We will let the Australians keep their girls and we will keep our own, that is, if we ever see any of their girls. We don't care much for their black faces and the rings they wear in their nose. I must admit, they seem to be getting whiter every day, however.

We do have a short wave wireless (radio to you) that we use to keep up with the news in the world. Tokio and Frisco are the most important ones we listen to. You really don't know how good it sounds to hear Americans talk and sing, such as Bing Crosby, Eddie Cantor, Dinah Shores, Bob Hope, and others. It is quite a contrast to the Australian popular songs, which are still old-time waltzes. Tokio seems to hold most of the soldier's interest in their amusing stories of how they are winning the war, with their imperial fleet and mighty land forces. They infer we haven't got a chance and had better give up while the giving is good. Of course we have a different opinion of that. The propaganda from Rome and Berlin is somewhat different than that of Tokio, they don't seem to have the confidence that Japan does. The radio is really a life-saver in the evening. It gives us something to do after a hard day's work. All other amusements have to be made by ourselves.

After listening to Bob Burns' story on mosquitoes the other night, I think we can out-best him by a great deal. The poem about Australia I am enclosing, gives you a faint idea how bad they are over here. The darn things are really smart, there is many a night that they will lift up your mosquito net and look you over. If they are not satisfied, they will go on to another victim. They usually work in groups of three and four — one will hold the net and the others will charge. Sometimes it sounds worse than a bombing raid. This, as I said, takes place only if they like you.

If you happen to spread your bed over an ant hill, the ants politely pick you up and move you over. These hills usually run about three feet in height.

Some of the country is very beautiful and similar to that of the states, but greater portions are wasteland. If we didn't think it was such a dirty trick, we would give it to the Japs — but you know how it is, giving away things.

While you are hovering over the fire with last year's suit and coat, we are "down under" enjoying the tropical sun. Sun hats, short sleeves and shorts are the customary uniform. The sun-tans we have are equal to those of the natives. I don't know how we can tell the American soldiers from the natives when the time comes to start home. We will probably unload a bunch of natives in Frisco.

As yet, I haven't seen any of the boys from home, but they are in this great land of Australia.

I know that I haven't said much in this letter, but you are going to have to forgive me for the stories and yarns. You can believe them if you wish, or disregard them. I hope this will qualify as a letter. I would like very much to hear from you and the happenings around home.

As ever,
Roy Long.

Ed's Note — The Kendrick Gazette is being mailed Roy regularly, so must be he wants some personal letters. Why not help him out? His address may be obtained from his mother, Mrs. Edgar Long.

Dear Mac: I was surely glad to get the old home town paper. News about friends and neighbors and hunting parties is mighty fine.

I like army life fine, but get more kick out of hunting big game. Sincerely hope everything is fine in Kendrick — and please tell all my old friends "hello" for me.

I am leaving this camp soon, so please hold my Gazette until you hear from me again.
