KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, DECEMBER 10, 1942

NO. 50

HAPPENINGS OF INTEREST HERE TWENTY YEARS AGO

At a meeting of the Kendrick Highway commissioners Saturday several matters of importance were disposed of. The work recently completed by Axel Swanson, near the Wauncher gulch bridge, was accepted and paid for. The steel work on the bridge across the Potlatch between the Kendrick district and Cedar Creek road district was also accepted and paid for.

Miss Eula Crocker, daughter of Mr. and Mrs. Frank Crocker of Kendrick, was quietly married last Saturday afternoon to Donald Miller of Harrington, Wash. The wedding took place in Lewiston, the ceremony being performed by Rev. W. H. Koper of the Presbyterian church. Both young people are well known and popular among the younger set here. They graduated in the same class from the Kendrick High school several years ago. Mrs. Miller is assistant in the local postoffice and her husband is traveling representative in this district for the Todd Protograph Company.

The radio receiving stations of both Herman Schupfer and A. V. Dunkle heard a big hotel orchestra in New York Monday night. Herman sends radio music to many towns in the surrounding country over his "wire" telephone system. When the music is good he connects up with Troy, Juliaetta, Orofino, Lewiston, Moscow, Palouse and other towns and they get the benefit of the radio music.

Representatives from nearly every section of Potlatch ridge left on the afternoon train for Lewiston yesterday to attend a meeting at the Lewis-Clark Hotel that evening. The meeting was called by the Lewiston Commercial club to consider the proposition of putting a highway through from Lewiston to Kendrick. (And still that same road isn't completed.)

Who was the bird who prophesied a mild winter? Ten below zero, frozen water pipes and melting wood piles may indicate a mild winter, but not as mild as might be.

Born to Mr. and Mrs. Ira Havens of American ridge, Sunday morning, a daughter, Mrs. Havens and daughter are at the home of Mr. and Mrs. Lafayette Keene at Moscow.

A number of quail were making their home in the town park the first of the week. The heavy snowfall drove them down from the hills.

Mr. and Mrs. Clarence Cole and Bob Brown arrived Thursday afternoon for a visit in the J. F. Brown home. Mr. and Mrs. Cole are from Dunsuir, Calif. Mrs. Cole is a daughter of Mr. and Mrs. Brown. They met Bob, who was on his way home from Anchorage, Alaska, at Portland, and came on to Kendrick with him.

Fred E. Lukens, brother of Mrs. Frank Crocker, has been appointed assistant secretary of state, to serve during the ensuing term of office.

ABOUT SOLDIER BOYS

Miami, Florida
Dec. 6, 1942

Dear Bill:
Just a few lines to let you know I am getting your most appreciated paper, and I want to thank you very much.

Well, for the present, I am stationed in a nice climate, and like it very much down here, as it's just like summer time, so guess I'll just have to use my imagination for a "White Christmas."

In my recent travels I had the opportunity to spend a week-end in Washington, D. C., with Bill Tschantz, formerly of Southwick. I really enjoyed my visit there, saw many interesting places. Of course, at present, it's rather crowded, but followed the crowds and got along O. K.

Well, this is about all for the present. Thanks again for the paper. Sincerely,
E. H. Brammer.

Richmond, Virginia
Dec. 10, 1942

Dear Mac and Bill:
I'm dropping you a few lines to let you know that my address has been changed, and I am now in Richmond, Virginia. I left Jefferson Barracks, Mo., the 8th of December.

I'm surely glad to get the Kendrick paper — and thanks a lot, it sure is great to get the news from home.

Wishing everybody a Merry Christmas and a Happy New Year. Sincerely,
Pvt. Charles Cox.

Farragut, Idaho
December 13, 1942

Dear Sirs:
Just a line to thank you for the paper. It surely is nice to get the Gazette and keep up on what is going on around home.

I have met some of the boys from around Kendrick, and we surely have a good chat every time. Again thanking you for the paper and hoping it keeps coming. Sincerely,
Roy Lee Weber.

Hugh McDowell Heard From
Mr. and Mrs. E. E. McDowell are in receipt of the following cablegram from their son, Hugh, who is "somewhere overseas." The cablegram reads:

Dec. 11, 1942

All well and safe. Please don't worry. Best wishes for Christmas and the New Year.

Hugh McDowell.

Snow About Gone

Rains and warm winds in recent days have reduced the snow depth in the Potlatch canyon from a possible maximum of five inches to just exactly nothing, as per the latest permissible report. Some few snow spots remain on north slopes or shaded places, but on the whole the ground is bare, and welcome it is, too, following the ankle-deep slush that covered our streets for some three days.

However, the snows going has complicated travel for residents off gravel roads, as the water from the snow has practically caused the bottom of such roads to disappear.

WILLIAM ZIMMERMAN, PIONEER OF SOUTHWICK, DIES

William Zimmerman, Sr., a pioneer of the Cedar Ridge and Southwick section, passed away Friday night, December 11, 1942, at 9:10 o'clock, following a brief illness at the home of his daughter and son-in-law, Mr. and Mrs. Oscar Torgerson, at Lewiston Orchards, in whose home he was visiting.

His sons, Fred and William, Jr., and daughters Mrs. Oscar Torgerson and Mrs. Stewart Wilson, were at his bedside at the time of his death.

Mr. Zimmerman was a native of Germany. He was born at Kastrop, Germany, December 28th, 1864, and was 78 years, 11 months and 11 days old at the time of his passing. In 1886 Mr. Zimmerman and Miss Marie Rinehart were united in marriage, also in Germany. They came to the United States in the year 1888, and took up a homestead three miles north of Southwick, on Cedar ridge, where his son William, Jr., now resides.

Mrs. Zimmerman passed away on January 9th, 1941.

Survivors are three sons, Fred of Kendrick; Charles of San Francisco, Calif.; and William of Kendrick; four daughters, Mrs. Bernadine Huguenin of Colville, Wash.; Mrs. Rose Perry of Phoenix, Ariz.; Mrs. Elsie Torgerson of Lewiston, Idaho.; and Mrs. Stewart Wilson, Southwick, Idaho; fourteen grandchildren and five great grandchildren.

Mr. Zimmerman was a kind and neighborly man, always willing to go to the aid of a friend or neighbor in distress, for he knew the hardships of life, having pioneered in a country that was new and rugged, and where a little help might mean the difference between success and failure. His passing will leave a vacancy in the Cedar Ridge section that will be hard to fill.

Funeral services were held on Monday, December 14 at Southwick, with the Rev. Theo Meske of Cameron in charge. Interment was in the Southwick cemetery. Pallbearers were old friends and neighbors, Frank Lyons, Addie Alexander, Bird Linderman, Gil Erlwine, Arley Allen and John Darby.

Grange Party Enjoyed

A goodly crowd of Grangers and their friends enjoyed the annual Grange Christmas party at the hall Tuesday evening.

A program consisting of group singing, led by Donald Stroh of the High school music department opened the entertainment, to be followed by a reading by Ira Foster; a recitation by Priscilla Benscoter; two vocal duets by Joyce Lyons and Bill Davidson, accompanied at the piano by Donald Stroh; a tap duet by Mary Beth Benscoter and Harley Eichenor, Jr., violin solos and duets by Patty Long and Marilyn Schupfer, accompanied by Mrs. Herman Schupfer; a vocal solo by Roger Jones, accompanied by Mrs. Claude Jones; a vocal trio by Beverly Schupfer, Chloe McKeever and Patty McCreary, accompanied by Mrs. Herman Schupfer; more group singing — and then Santa Claus arrived with treats for the children.

The evening closed with a dance, music being furnished by the Thomas family.

Homemaking Club Meeting

The Homemaking club met in the Community church Friday afternoon, December 11. Miss Hattie Abbott was present and gave a talk on the "Share the Meat for Victory" plan, and balanced meals, as measured by the "Nutritional Yardstick." Short talks were given by the local Red Cross chairman, Mrs. Hiram Galloway, and the social service chairman of the Civilian Defense committee, Mrs. A. O. Kanikkeberg. After these talks, at a business meeting, the club voted to co-operate with both organizations in taking up "Home Nursing, Surgical Dressings and Nutrition Courses." A "radio quiz" put on by Mrs. Herman Schupfer, program chairman, was enjoyed by all.

A delegation of women from the Big Bear Ridge and Troy clubs attended.

Latah County Receives Pennant

Recognition for a job well begun came to Latah county Monday morning in the form of a war production board pennant sent from Washington. The pennant was received by Frank Conway, chairman of the Latah county salvage for victory committee, along with a letter from J. D. Orr, state chairman of the Idaho state salvage committee.

The WPB pennants are awarded on the basis of per capita scrap metal salvage. During the last month Latah county turned in 181,365 pounds of scrap metal, bringing the total to 721,197 pounds or a per capita of 38.35 pounds, Conway said.

DORIS EMERY WRITES INTERESTING LETTER TO "HANK"

Miss Doris Emery, who is now in Honolulu, Hawaii, wrote a very interesting letter to her uncle, "Hank" Emery, and since it contains considerable news of interest to Miss Emery's friends, and news of Quentin Dammarell, "Hank" kindly allows us to publish portions of the letter, which follows:

Honolulu, T. H.
Nov. 18, 1942

Dear Uncle Henry:
Christmas time again, and I'm going to surprise you by sending wishes for a happy Christmas time in 1942, via a real letter.

Quentin Dammarell's ship has been in port lately, and he has been in to see me several times in the last couple of weeks. He's a nice boy, and if our soldiers and sailors are all like Quentin I could have a lot of confidence in our army and the outcome of the war. He has seen a lot of action for one so young, and is entitled to wear the service bar with four stars on it for the four battles he has been in: Pearl Harbor, Midway, Coral Sea, and the Solomons.

His visits made me a bit homesick for Kendrick, though, as he had news of people there and brought me six or seven issues of fairly recent Kendrick Gazettes. He carries a picture of you in his wallet, and it was fun seeing that with the Kendrick hills in the background. There were news notes in the papers about people I had gone to school with and hadn't heard of in a long time, too: Eleanor Herres Johnston, Eldwa James O'Conner, Art Foster, and others, too.

If plans hadn't had to go awry, I might have visited you this past summer as I had hoped to have a trip home. However, right now it looks as if I'll be here for the duration. People can get away, but it's almost impossible to get back again unless one's trip is for "business." If I did leave it would have to be a permanent move, and I'm not quite ready for that yet. I like my work and hate to give it up and start all over at the bottom.

My work is still with the public accounting firm I started with almost three years ago. We specialize in taxes largely (Federal income taxes, et cetera) and my work is mainly in that field, though now that the audit department is getting short of help I go out more and more on auditing jobs. The first two weeks in September I went to Kauai, one of the other islands in the Hawaiian group, to work. That was interesting, as I had never been there before, and it involved taking my first airplane ride! The plane was blacked out (or rather "whited out," as they used white paint on the windows so the light could get through) so we didn't have the thrill of seeing the land and water below us, but I enjoyed the ride regardless.

It seems hard to get a feeling that Christmas is here again with our warm Honolulu days and the war so much a part of our daily lives. While we're not quite so "tense" as we were last year at Christmas time, the tension is probably there underneath as we all know we could be attacked again. December 7 wasn't something one wants to remember, and I certainly don't relish a "repeat performance." We still have blackouts every night, now from 7:00 p. m. to 6:45 a. m. As the short December 21 gets closer, I don't know whether or not they'll make us shut up any earlier. My apartment is blacked out, of course, so the only discomfort probably is a lack of air. Civilians have to be off the streets by 10 o'clock and no driving after 8 o'clock. When our busy work season starts in January at the office again, I suppose we'll be allowed to use our night passes, as we did last year. Driving with blackout lights only is a bit eerie, as you might well imagine, especially when it's in the dark part of the moon.

We carry gas masks everywhere, they seem about as much a part of us now as a purse. I even have a tin hat which I'm supposed to carry, but it's too heavy to pack around with all our carrying of groceries and other packages, as deliveries are very limited. Everyone doesn't have the tin hat, but I'm supposed to work in the bomb disposal division (doing map plotting of bombs) of the Civilian Defense office in case of a raid, so they issued us tin hats, some saive and another preparation to help protect us against poison gas, just in case! Say "hello" to Mrs. Farrington. You're still boarding there, aren't you?

Sincerely,
Doris Emery.

Note: Should local boys in the armed forces who are now in Hawaii, or whose ships touch there, would care to see Miss Emery, her address is:

Local Stores Decorating

Christmas decorations are beginning to make very pleasing displays in the windows of local stores, with a number of prettily decorated and lighted trees in windows.

But for the first time in all the years the Commercial club has sponsored Santas arrival in Kendrick — there will be no out-door Christmas tree. This is due to the army's ban on outdoor decorative lighting. It is to be regretted, but the blame can be laid at the door of Adolph, "Mussy" and Tojo.

However, Santa will arrive as usual with his treats. Soo the big ad. on an inside page.

Are You a Coffee Lover

If you are a coffee lover, and perhaps unhappy about the rationing, which allows you approximately one cup per day, think of the less fortunate people of Europe.

The Germans have almost no coffee. Instead they drink an ersatz concoction made of acorn and roast grain hulls. The Italians are even worse off. No coffee, tea or cocoa is to be had at any price in Greece, Poland or Yugoslavia since the German occupation. And up to the occupation of the whole of France, the French people were getting about three cups of coffee a month. They have none now.

Each person in the United States, who is 15 at the time sugar rations were obtained, will receive one pound of coffee for each five weeks.

Is that too bad?

Christmas Pageant

"There Will Always Be a Christmas," we read in the magazine and repeat to each other. And there will be, too, if we observe the simple conditions of the first Christmas — to come together in the presence of the Christ Child with gifts for His Kingdom and good will toward each other.

The Community church, Kendrick, will have its annual Christmas celebration Sunday morning at 11:00, in the form of a pageant, with Mrs. Harold Thomas singing a solo in the roll of Mary, and the children and youth of the Church school bringing gifts to the Christ Child.

The Methodist Church, Juliaetta, will celebrate in a similar manner at 7:30 Sunday evening.

Boat Says Budget Be Trimmed

Governor-elect C. A. Bottolfsen met this week with members of the trade and industries commission of the state department of vocational education and advised them their 1943-44 budget requests must be trimmed to the very minimum.

"All budget items in this and other departments should be reduced to the lowest possible point," he said, "and the only possible exceptions should be for activities that directly help the war effort."

Not Ration Used Cars

The OPA is not planning to ration used cars, Clem W. Collins, regional OPA administrator, has announced.

"Rumors that OPA is at the point of putting a used-car rationing program into effect are false," he said. "Naturally, we have studied the subject, but our preliminary conclusions are that most of the used cars now being sold are going to persons who would be eligible to buy them under any rationing program we might devise."

The man who spends his dollars in Kendrick always has a change to get some of them back.

Triple Feature At Theatre
 This week's offering at the Kendrick Theatre may be almost said to be a triple feature, for two full-length shows will be presented — plus the official U. S. Government Film — "The Battle of Midway."
 The first offering of the evening is Zane Grey's "Lone Star Ranger," starring John Kimbrough, Sheila Ryan and George E. Stone.
 The second offering stars Claudette Colbert in "Remember the Day," a thrilling story of modern life that fits in with the happenings of today—and its full of fun, action and romance.
 As an added attraction "The Battle of Midway," in which the Japs really felt the power of the American navy and air force will also be shown. This is an actual battle film — taken for the navy by a navy man — and no studio production!

LET'S ALL PULL TOGETHER

In times like these it's up to all of us to pull together — cooperate is another word for it! You can do your part in helping to supply the nation's needs by boosting the production of cream and eggs on your farm through the best possible care of cows and chickens.

But you don't need to transport them to a defense center or an army camp — bring them to us, we'll take care of that.

The money you receive will enable you to purchase more of the items you may need — or buy bonds and stamps as the case may be.

So let's all put our shoulders to the wheel.

Notice To Milk Customers

There will be no milk deliveries Christmas Day or New Year's Day. Please order the day preceding.

A crowd of German airmen arrived at the gate of heaven and clamored to get in. "Who are you?" asked St. Peter.

"We're the 50 German airmen who were shot down today by the R. A. F.," was the reply.

Said St. Peter: "Wait a minute while I look at the DNB communique." After reading it he came back and announced: "It says here that only two German airmen were shot down today, so two of you can come in and the rest of you can go to Hell."

Visitor: "They look like nice babies, Magnolia, but why did you name the twins 'Coil' and 'Lison'?"

Magnolia: "Well, Mose he say a collision is when two things done come together unexpectedly."

We understand that you can't kiss a girl unexpectedly; the nearest you can come to it is to kiss her before she thought you would.

THE STORY OF "SILENT NIGHT, HOLY NIGHT"

By Donald Stroh

Perhaps one of our best loved of our Christmas songs is the familiar "Silent Night, Holy Night" and yet a very few of those who sing this song know anything about the composer or the story of how it came to be written. The late Madame Ernestine Schumann-Heink, the German singer who was called Mother Schumann-Heink by the soldiers during World War I, sang it so well and so often at Christmas time that she felt it was her own "Stille Nacht," but it was composed by a poor Austrian organist, who drafted it more than a hundred years ago.

The music was written by Franz Xaver Gruber in the year 1816. A village priest, Father Josef Mohr, had written the poem for the Christmas season and brought it to Gruber with the request that he write a simple tune for it, one that could be easily remembered.

Gruber sat down and wrote the entire melody to "Stille Nacht" in half an hour; wrote it all in one piece, at a sitting, and never took time to revise it.

On Christmas Eve in 1818 in the village of Oberdorf, Father Mohr and Gruber introduced the song. It made such an impression that many were the people who went home that night humming the tune. The song was soon spread throughout Germany and Austria and then all over Europe and finally reached America for us to sing and enjoy during the best season of the year — Christmas.

Franz Gruber was born in Unterweizberg, a small town near Hochberg of Upper Austria, in the year 1796. Early in life he showed promise of being a musician but his father was a wool weaver and the boy was destined to be a wool weaver like his father. When the boy got the chance he would go to church and listen to the music. He was taught reading and writing and the rudiments of music by a schoolmaster in the village. Secretly he practiced on a keyboard of his own invention and startled his parents and friends when he played the mass from memory one Sunday at church when he substituted for the regular organist, who could not be there because of illness. His parents then bought him a piano and he later became organist in Unterweizberg. He died in poverty and total obscurity in 1862.

It might be well for us to recall a few of these incidents in the composer's life and the circumstances under which the piece was composed when we sing this beautiful hymn this Christmas and wish there could be "Silent Night" all over the world.

"Silent Night, Holy Night,
All is calm, all is bright —"
