The local school board at their last meeting paid \$5,000 of the \$20,000 bond issue against the school district. The bonds were 10-year optional and the ten-year period expired last week. The sinking fund to take care of these bonds was started only a few years ago, so only one-fourth of the issue, or \$5,000, could be cared for at this time. The remaining \$15,000 will have to run for ten years more before it may be paid.

The nickle that used to go into a dozen silver-plated table forks is enough to supply the nickle required for making 675 magnesium incendiary bombs.

Groundhog Saw Shadow

Far be it from us to criticize the ancient groundhog superstition, for present weather certainly indicates approval of his seeing his shadow, for the weather has been a horrible mixture of everything since that time.

We had a couple of days that were fairly warm followed by intermittent rains on Saturday and Sunday.

Monday and Tuesday were featured by snow squalls, sleet, cold wind and everything else in the book except sunshine, at any rate it was cold and disagreeable, although snow here in the canyon has run to low levels considerable ice still clutters up the streets.

CLUB MEETING PROVES VERY PLEASANT ONE

The regular monthly Commercial Club meeting, held Tuesday evening in the basement of the Kendrick Methodist church proved very pleasant and interesting.

Following a delicious and bountiful dinner served by the ladies of that organization the Kendrick High school boys' glee club led by Mr. Stroth, their instructor, sang for the meeting. First on their program was a solo by Bob Lind, "Without a Song." They then sang, as a group, "Pretty Peggy," "Comrades," and the Negro spiritual "Steal Away to Jesus." And as an encore they sang "Storm Clouds." Though but six of the regular eight members of the Boys' group were present they did a mighty fine job of it, and they and their instructor are to be highly complimented on the fine music.

At the conclusion of the singing the meeting was called to order by L. S. Thurber, president, and following the reading and approval of the Minutes of the previous meeting committee reports were called for.

Wade Keene of the Agricultural committee reported that while on jury duty at Moscow, between cases, all he heard was "raise peas." Wade stated that this crop was something of an unknown quantity to him and he asked for the opinion of other members of the committee. W. A. Watts stated that he had studied the pea growing problem somewhat and that in his opinion the cost of production per acre was quite heavy and that considerable study should be put into it before attempting to raise that crop. Dr. D. A. Christensen stated that at present prices the agricultural outlook was, in his opinion, better than that of cattle, due to the high costs of supplemental stock foods.

Wade Keene stated that he had been questioned by many farmers on the storage problem for this coming fall as they planned their spring plantings, but in his opinion there would be ample storage room this year to care for any and all of the crops produced.

R. L. Blewett of the Civic Improvement committee reported that a State Traveling library was now operating at Long's store, due to the efforts of Miss Loretta Schuler, public health nurse. He also stated that the newly installed bowling alley was proving quite popular with the young folks.

Roy Ramey of the Entertainment committee thanked Mr. Stroth and the Glee club for the program, and asked them to appear at a later date.

L. W. Mason of the Educational committee reported that W. W. McAlexander, county agent, was expected in Kendrick this week to start the formation of a 4-H club here. This work is expected to take the place of the now defunct F. F. A. group, and should prove as good, or better, in its activities, since it also includes grade school students who may care to co-operate in club projects. Mr. Mason also announced the sub-district basketball tournament, to be held at Lapwal. This tournament begins Monday and lasts for five days, with a total of at least 16 games to be played, and possibly more, should ties develop.

The opening games for the Kendrick Tigers are on Monday and Wednesday and they will undoubtedly play more than that.

Mr. Mason also announced that another public band concert by the Kendrick school band was tentatively scheduled for Monday evening, March 1 — but that mumps and measles of these there are plenty in the school, may interfere.

George Brocke of the Merchants committee reported that the farmers "M" Day held last month in the school gymnasium, was well attended and enjoyed by those present. He stated that it could be considered successful in every way.

There being no further business to come before the club, on motion it adjourned, to meet again on Monday, March 8, at the school house.

More Measles About — Another victim of the measles is Jackie Benscotter, who is living at the R. L. Blewett home while attending school this winter. His mother came down Saturday to help with his care.

Ray Benscotter, son of Mr. and Mrs. Frankie Benscotter, who is staying at the L. Lunders home while attending school, is quite ill with the measles. His mother also came down to help nurse him.

Dick Benscotter, son of Mr. and Mrs. Harry Benscotter, is also ill at home with the measles.

Eugene Brocke, son of Mr. and Mrs. George Brocke is confined to his home with the disease.

Jerry Brown, son of Mr. and Mrs. Emulus Brown is still another victim of the measles.

OFFICE OF THE PRESIDENT

As I have had the privilege of seeing and talking to our boys in the combat zones in the old world and throughout the Pacific, I am convinced that if our people on the home front knew what these boys are going through in the hell-holes of the world for us, they would not worry about taxes and war bonds.

The least we can do is to accept the privilege of paying taxes and buying more and more war bonds to finance and win this war in the shortest possible time, thereby saving the lives of thousands upon thousands of the cream of our young manhood and additional billions of dollars for the cost of it.

PEAS AND BEAN PRICES TO BE SUPPORTED IN PROGRAM

Denver — Growers of peas and beans in the Rocky mountain region received additional incentive to plant extra acreages of these two war crops in an announcement made by the regional office of the Food Distribution Administration. Leonard R. Trainer, regional administrator announced a price support program designed to encourage planting of 725,000 acres of dry peas in 1943 instead of the 665,000 acres called for originally.

Through purchases by the Food Distribution Administration, prices for designated classes of smooth dry peas will be supported at \$5.50 per hundred for U. S. No. 1 and \$5.25 for U. S. No. 2, in bags, f. o. b. carrier at country shipping points. The designated classes are Alaska, Scotch Green, White and Best, Marrowfat, and White Canada.

Effective immediately, the Food Distribution Administration will purchase 1942 crop dry beans of such classes at these prices for war uses.

Purchases also will be made by the Food Distribution Administration under a supplemental price support program for designated wrinkled classes of dry peas grown for canning purposes but which will not be used for canning. Prices for these classes will be supported at levels of \$4.25 per 100 for U. S. No. 1 and \$4.00 for U. S. No. 2, in bags, f. o. b. carrier at country shipping points. The designated classes are: Alderman, Perfection, Profusion, Surprise and Thomas Laxon.

Prices also will be supported by the Food Distribution Administration for 12 designated classes of dry edible beans at \$5.60 per 100 for U. S. No. 1 and \$5.45 for U. S. No. 2, in bags, f. o. b. carrier at country shipping points. Beans of U. S. No. 3 grade will be purchased at \$5.20 per 100, in bags, f. o. b. carrier at country shipping points, if because of the large supply of such grade due to weather conditions in 1943 it becomes necessary to do so to assure the maximum quantity of beans reaching consumption channels. The designated classes are: Pea, Medium White, Great Northern, Small White, Pink, Pinto, Cranberry, Small Red, Flat Small White, Light Red Kidney, Dark Red Kidney and Western Red Kidney.

In addition to price supports, producers will be paid \$20.00 an acre for dry beans and \$15.00 an acre for dry peas planted in excess of ninety percent of the individual farm goal up to 110 percent of the goal.

Red Cross Elects Officers — New Red Cross officers elected last Thursday evening were Mrs. A. O. Kanikkeberg, president; Mrs. Everett Fraser, vice president; Mrs. Clarence Dougherty, treasurer; Mrs. L. D. Crocker, secretary.

Mrs. Hiram Galloway, who has acted as chairman since Mrs. Silvie Cook left, gave a report on work completed since she and Mrs. Frank Crocker had taken charge of the Chapter's work. The list of articles completed in November, December and January is as follows: Sixteen ladies' night gowns, 30 ditty bags, 5 "housewives" (cases containing needles, thread, buttons, etc.), 6 children's convalescent robes, 31 bedpan covers, 10 boys' pajamas, 52 hot water bottle covers, 6 ladies knit sweaters and eight pairs of knitted socks.

Mrs. Marvin Long made and donated one crib blanket, 7 pillow cases and 2 hot water bottle covers. The local unit furnished the material for the ditty bags and finances necessary to fill them (about \$1.00 each), also the material for the hot water bottle and bed pan covers.

The yarn and materials for other garments were sent from headquarters of the organization.

Mrs. Hiram Galloway is in charge of the surgical dressing work unit, which will be open each Wednesday and Thursday afternoon. All materials for the dressings are furnished.

The best place to spend your dollar is at home, in Kendrick. It then has a chance to boost!

New Coffee Stamp Good

Tuesday stamp No. 25 became good for one pound of coffee in war ration book No. 1. This pound of coffee, however, will have to be stretched one week farther than previous coffee rations, under a new OPA ruling.

The present pound of coffee allotted to every person over 15 will be for a six-week period, instead of five weeks, as provided by previous regulations.

This requires that the present stamp for coffee allotments will remain good until midnight of March 20th.

Big Egg Contest Again

As has been the custom of the Gazette for many years, the annual Big Egg contest will be held again this spring — and Charley Hoffman of Leland brought in the first contribution Tuesday morning.

Measurements of eggs will be taken, together with the name and address of those bringing them in, and when final reckoning is made of the largest eggs, the winner, of course, will receive a six-months' subscription to the Gazette. If any two eggs happen to measure the same, two six-month subscriptions will be given. The same holds true for the second prize — a three-months' subscription.

So bring your big eggs in. We will measure them and you may take them home with you — or sell them — or whatever you like. We are not trying to gather up a nice bunch of big eggs simply because the price is a little higher than usual.

Nephew Killed In Action

Mrs. Lulu Buchanan of Juliaetta received word the first of the week that one of her nephews, Ralph Patton, of Bristol, Virginia, had been killed in north Africa.

LEWIS H. DAUGHERTY DIES AT RITZVILLE, WASHINGTON

Lewis H. Daugherty, a pioneer of the Potlatch country, passed away at Ritzville, Wash., on Saturday, January 30, 1943. Mr. Daugherty was on his way to visit one of his sons at Washtucana, Wash., when he was taken sick and was removed to the hospital at Ritzville, where he passed away a few days later. Had he lived until March 6, next, he would have been 84 years of age. Burial was made in the family plot in Riverside cemetery, Spokane.

Although 83 last March, he was active until stricken with pneumonia two weeks before his death.

Born March 6, 1859, in Philippi, W. Va., he got his business start when 19 years of age, in Texas, as a trader of mules, horses and cattle. In 1887 he contracted and built a tramway to transport hardwood logs from the Blue Ridge mountains to Belton, W. Va., where they were milled and sent to New York and from there to Europe.

Mr. Daugherty and Hannah M. Beery were married December 5, 1886, in Chicago and were one of the first families to settle in the Teaklean district of Idaho. Later the family moved to a farm near Leland, where Mr. Daugherty followed diversified farming. The opening of the Nez Perce reservation and the building of the Clearwater railroad gave him a market for his products. He raised the first large crop of navy beans on the Potlatch ridge.

Mr. Daugherty leaves five children: Mrs. Bertha B. Klopfer, Mrs. Sarah Grace Bleck, Jesse L. Daugherty and Mrs. Inez H. Mackey. A daughter, Mrs. Gertrude Johnson, died December 17, 1942. There are also 11 grandchildren and eight great-grandchildren, besides two brothers, Frank Daugherty of Philippi, W. Va., and Lloyd Daugherty of Lewis, Indiana.

Shoes Now Rationed

It was illegal to sell shoes Monday, but Tuesday they could be sold at the rate of three pairs per year for each person.

Without any advance warning, shoe rationing was ordered from the White House by economic stabilization director James F. Byrnes Sunday afternoon.

Almost immediately crowds stormed shoe counters in stores operating on Sundays in such widely scattered cities as New York, Kansas City, Detroit, and Columbus, Ohio. Crowded stores in New Orleans and Detroit were raided by police after the order was issued.

Only house slippers infants' soft-soled shoes and storm-type rubbers were exempted from the rationing program. Policemen walking beats and other special cases will receive extra rations.

As for children, who sometimes run through shoes at a dizzy pace, Byrnes said if daddy or mother have some unused shoe coupons they can use them for the kids. There will be no limit on repairing or resoling of shoes.

Manufacture of women's evening slippers, spiked heel shoes, men's patent leather shoes, and other "less essential shoes" is forbidden.

Prentiss M. Brown, OPA administrator, said the coupons will be taken from the sugar-coffee ration books already in everybody's hands. No. 17 stamp will be good for one pair of shoes until June 15. At least for the present, there will be no registration, no questionnaires, no waiting line.

Library Now In Operation

The Kendrick Branch Library now has its shelves in the rear of the N. B. Long & Sons dry goods department, stocked with books for every age. There is a good variety of fiction and non-fiction for both adults and children.

Mrs. Everett Fraser has volunteered her services as librarian, with Mrs. Myra Kanikkeberg Lee to assist her. For the present they will open the library on Wednesday and Saturday afternoon from 2:30 to 4:30 and Saturday evening from 6:30 to 8:30.

The P. T. A. is sponsoring this library, which is a branch of the Idaho Traveling Library, and a supply of 75 books has been loaned from the state library at Boise, to be kept in this branch for a period of three months. These will then be replaced with a new stock of books for the next three months.

Individuals in Kendrick or vicinity may borrow books for a two-week period, with privilege of renewal.

In addition to the books, 1942 files of several magazines are available to be loaned on the same plan as the books.

Hold Annual Meeting

The regular annual meeting of the stockholders of the Kendrick Bean Growers' Association was held Saturday on the balcony of their store. The attendance was much less than expected, due to stormy weather and bad roads.

The annual financial report was read and the institution showed a nice gain for the year 1942.

At the election all officers and directors were re-elected, as follows: Directors — J. M. Woodward, Herman Meyer, Henry Wendt, Ernest Schmidt, Ben Weatherly, W. H. Weyen, Otto Silflow, Henry Korte-meier and Harry Benscotter.

J. M. Woodward was chosen president; Ben Weatherly, vice president; Henry Wendt, secretary. George Brocke was re-elected as manager and all employees are expected to remain as before.

Your RADIO Will Last Longer IF...

New radio equipment is equipping ships, planes, tanks and other war machines, with none left over for home use. So — keep your radio in good working order. Use it economically and it will last for the duration.

1. Keep it in a dry location. Dampness may make it corrode and put it out of order.
2. Avoid putting it in front of an open window. A sudden rain storm may damage delicate parts.
3. Don't put a table radio on top of a radiator. The heat may burn out a transformer. For the same reason avoid putting it in the hot sun.
4. If the radio is noisy, have a competent service man look at it. Many radios have been spoiled by amateur "tinkering" by the owner.

The same American ingenuity that has given America war materials — better and in vaster quantities than anywhere else — will also bring you a new and greater standard of living after the war.

"How To Win This War"

If we want to win this terrible war,
Let us all pitch in
And buy the bonds and stamps
That will help our boys to win.

So, everyone, I urge,
To now our country serve
And send our boys ahead
With loads and loads of nerve.

Now everyone does know
Uncle Sam needs our help
So buy War Bonds and Stamps

Double Feature Again
 Still another double feature will be on the bill at the local theatre this week-end.
 The first offering a hilarious comedy, stars Jack Oakie, Linda Darnell, George Murphy, Walter Brennan and Milton Berle. To the fun-lover this comedy should prove very satisfactory.
 The second offering of the evening is an up-to-the-minute story of attempted sabotage in a modern war plant — and is full of action and mystery from start to finish. Lloyd Nolan and Mary Beth Hughes have the stellar roles.

THE OLD JUDGE SAYS...

"I couldn't help overhearing you, Mary, when you asked Jim here why they let the liquor companies use sugar to make whiskey when all the rest of us have to cut down on it. I happen to know the answer to that. You see, the fact of the matter is, the industry never has used a single pound of sugar to make whiskey. The bootleggers were the only ones who used sugar to make whiskey. On top of that, there's not a single large distillery in the country making whiskey any more. They're all working day and night making war alcohol for the government for gunpowder, synthetic rubber, chemicals, and medical supplies.
 "Just as I told Ed down at the courthouse this morning, the government simply wouldn't be able to get all this alcohol it needs in time if we didn't have these distilleries available and on the job."

Why Not Join This Organization?

Ever hear the saying: "The best place to succeed is where you are, with what you have"? Those few words mean a lot, especially in this topsy-turvy world of ours today.

And right here in Kendrick is the opportunity to gain greater profit from those cows and chickens, by co-operatively marketing cream and eggs with this organization — if you doubt it, ask anyone who now brings those products to us and shares in our pool prices.

If you are a member, you will realize the advantages, if not, why not come in and talk the matter over with us. We will be more than glad to explain it to you. Come in today, won't you? Despite winter butchering demands we still have a good selection of locker boxes for rent.

A sign on a jalopy in Detroit read: "Don't take this to the scrap pile, I'm still driving it!"

They tell this one on Dick Blewett: "A customer asked him for a 10-lb. turkey for New Year's. Dick replied: 'O, K. How do you want it financed?'"

When Mrs. Berg's expensive new fur coat was delivered to her home she fondled it ecstatically for a time, then looked sad.

"What's the matter?" inquired Mr. Berg. "Aren't you satisfied?" "Yes," she answered, "but I feel so sorry for the poor thing that was skinned."

"Thanks," said Mr. Berg.

"How did you lose your job at the Auditorium, Jim?" "It was during one of those quick-change scenes. The stage was dark and the girls were in the wings changing costumes. The leading lady asked for her rights, and I thought she said lights."

And don't forget — we want to buy your cream!

WORD FROM LOCAL MEN IN OUR ARMED FORCES

Somewhere In The Pacific
 January 27, 1943

Dear Mac:
 I think it is about time that I write and thank you for the paper you have been sending so regularly for the last year. I surely do enjoy reading them, even if some of them do reach me weeks late.

I had the good fortune to see Wayland Davis as he was reporting back for duty after his leave. He is the only one in the service from around Kendrick that I have seen since I have been in the navy, and it was really great to see someone from around home.

Well, there doesn't seem to be any more to write except to say, thanks a lot for the paper.

Sincerely
 Roy D. Hill, Sea. 2-c

Dear Friends:
 Just a line or two to let you know I am receiving the good old home town paper, and it is something to look forward to receiving it every week.

I have changed shops again. I am taking a training course for aviation machinist. They keep changing me from one shop to another so that I will learn about them all. It will take ten months to complete the training, and then I will be assigned to one special shop.

Thanks again for the paper and lots of luck to everybody.

As Ever
 Donald P. Jones U. S. N.

Richmond, Virginia
 Feb. 2, 1943

Dear Mac:
 Just a line to let you know I am receiving the Gazette, and I really can't tell you how much I appreciate it — for although it is a little late, the news is always new to me.

I'm here in Richmond with two other home-town boys, Ted Weyen and Charles Cox. Had a little chat with Cox on his return after his furlough to Kendrick, and he said the old town seemed a little dead after all the boys had gone. But also said everybody was busy and waiting for the time when it would boom again.

Will close now, for there isn't any news to write about from here. Thanks again for the paper — and I'm looking forward to the next copy.

Beryidean R. Grayson.

Warrensburg, Missouri
 Jan. 31, 1943

Dear Bill:
 I am dropping you a few lines to thank you for your most appreciated paper. I have put off writing you for several weeks hoping to be able to give you a steady address, and have now been changed to this point.

I left Sheppard Field, Texas, on January 8, and went to Bowman Field, Kentucky; was there about three weeks and now am at Sedalia, Missouri.

Thanks again for the paper.

Sincerely
 Pvt. Arnold J. Halseth.

Pasco, Washington
 Feb. 2, 1943

Dear Bill:
 If I could give you appropriate thanks for the paper on this one small page it would gladly be done, but my appreciation goes much further than that. My folks appreciate it, too, because they needn't be so careful in writing me the news.

I have been transferred to the Naval Air Station here — and for the first time we went to the flight line — but I hadn't better start on flying, or I'll never stop. So in closing let me say "Thanks" again for the Gazette.

Yours

Dear Friends:
 I have been transferred here from Fort George Wright, and wished to inform you of my new address.

I look forward each week to getting the Gazette and enjoy it very much.

Although not an old-timer, I have lived near Kendrick several years, so am always glad to hear what the folks are doing at home.

Sincerely yours
 George Barclay.

NOTICE To Customers

A new O. P. A. order, dated January 21, and effective January 23, 1943, drastically curtails the hours in which gasoline may be sold — limiting such sales to 72 hours per week.

As a trial for the coming 30 days we will observe the following hours:

WEEK DAYS
 8:30 A. M. to 7:30 P. M.

SUNDAYS
 10:00 A. M. to 12:00 Noon — 2:00 P. M. TO 6:00 P. M.

Exceptions are made, of course, by the rules, for doctors, nurses, government equipment, or emergencies caused by illness or injury.

THE ORDER FURTHER PROVIDES:
 The on and after February 1, no gasoline may be sold for cars (A, B or C coupons) except for cash!
 The cash order does not apply to trucks using "T" coupons, or to any other coupon.
